Pastor Darryl Andrzejewski, Pastor of Historic Trinity Lutheran Church in Detroit, offered the following invocation:

“Lord, we thank You for our history. For wise and noble presidents whose love for God and country inspired them toward bold decisions to better our nation. Men like George Washington, who once said: ‘It is impossible to rightly govern a nation without God and the Bible.’

Lord, we thank You for our military. For brave and courageous soldiers whose sacrifice for their homeland affords us this very day. Like Douglas MacArthur’s final thoughts on his patriotic service: ‘I now close my military career and just fade away, an old soldier who tried to do his duty as God gave him the sight to see that duty.’

Lord, we thank You for innovation. For creative and insightful entrepreneurs who opened up the world to discovery. People like Henry Ford who said: ‘I believe God is managing affairs and that He doesn’t need any advice from me. With God in charge, I believe everything will work out for the best in the end.’

Lord, we thank You for doctors who cure, police officers who protect, farmers who labor hard to produce, and for parents who leave at 4am to stand at a machine for 10 hours a day, six days a week, so that there is food on the table.

We thank You, Lord, for branches of government that steer through their own failures toward a greater good. For checks and balances that don’t always balance, and aren’t always fair, but keep plugging along because it’s the right thing to do.

We are thankful, Lord, that for as flawed and failing as we are, there is no greater place on earth to live free. In Jesus name. Amen.”

The Speaker assumed the Chair.

Resolved by the House of Representatives, That the members of this legislative body declare March 20, 2016, as Snowplow Driver Appreciation Day in the state of Michigan. Whereas, We look to deliver world class education that will determine Michigan’s success in the 21st century; and

Whereas, If Michigan students become inspired by science, technology, engineering, and mathematics at an early age, there is a greater likelihood they will want to enter those growing career fields when they graduate; and

Whereas, Increased awareness in our community of STEM education and STEM-related careers will advance Michigan’s workforce; and

Whereas, STEM related careers will be pivotal in the 21st century economy; and

Whereas, A STEM education will ensure our state’s workforce will be equipped for the jobs of tomorrow; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare March 21-25, 2016, as STEM Awareness Week in the state of Michigan. The motion prevailed, 2/3 of the members serving voting therefor.

Rep. LaVoy, having reserved the right to explain his protest against the passage of the bill, made the following statement:
 “Mr. Speaker and members of the House:
 The Emergency Manager Laws have failed. An expansion of them is not the right thing to do. Local control is abrogated. This must stop.”

Rep. Brinks, having reserved the right to explain her protest against the passage of the bill, made the following statement:
 “Mr. Speaker and members of the House:
 I voted no on House Bill 5385, a bill that would create a financial review commission for the Detroit Public Schools, because I do not feel the bill provides accountability and the appropriate oversight structure for students. I plan to work with my colleagues in the Senate to get a final product that will do just that and promote a fiscally healthy, high functioning, school district.”

Rep. Geiss, having reserved the right to explain her protest against the passage of the bill, made the following statement:
“Mr. Speaker and members of the House:

Today, I voted no on House Bill 5385, a bill that would create a financial review commission for the Detroit Public Schools, related to the appropriation to get the DPS through the remainder of AY2015-2016. I believe that financial oversight is necessary so that the legislature is not, at some future point, being asked to assist the district with a similar situation because of a lack of financial oversight. Unfortunately, sometimes bills have very good intentions but have pieces within the bill language that make the language difficult to support. HB5385 is among that scenario. The ambiguity of the language regarding which entity chooses the superintendent—the FRC or the democratically elected School Board—I cannot in good faith, support this version of financial oversight/financial review legislation. I plan to work with my colleagues to get a final product for addressing the DPS issue that will both promote a fiscally healthy, high functioning, school district.”

Rep. Chang, having reserved the right to explain her protest against the passage of the bill, made the following statement:
“Mr. Speaker and members of the House:

I voted no on House Bill 5385, a bill that would create a financial review commission for the Detroit Public Schools, because I do not feel the bill provides the appropriate oversight structure for students. In particular, the approval and selection of the superintendent should be done by the DPS School Board. In addition, I am disappointed that we chose not to adopt my amendment that would remove the FRC ability to oversee collective bargaining agreements. I plan to work with my colleagues in the Senate to get a final product that will do just that and promote a fiscally healthy, high functioning, school district.”

Rep. Greimel, having reserved the right to explain his protest against the passage of the bill, made the following statement:
“Mr. Speaker and members of the House:

While I strongly support the establishment of a financial review commission, I voted no on House Bill 5385 because the bill does not provide the appropriate oversight and accountability structure for students. I plan to work with my colleagues in the Senate to get a final product that will provide appropriate oversight and accountability and promote a fiscally healthy, high functioning, school district.”

Rep. Nesbitt moved that **House Bill No. 5296** be placed on its immediate passage.

Rep. LaVoy, having reserved the right to explain his protest against the passage of the bill, made the following statement:

This is a temporary fix to the bigger problem of school funding. The current legislature had plenty of time to work on a viable solution. It did not.
