Senator John M. Proos of the 21st District offered the following invocation:

Heavenly Father, as we gather today in the Michigan Senate, we ask humbly for Your grace, Your wisdom, and Your divine intervention in the decisions that we make today; that we may be worthy of the many blessings that You have provided for us and for our families.

We thank You for these many graces, and we remember in today’s Gospel from Matthew 5:17-19, where Jesus stated: “Do not think that I have come to abolish the law or the prophets; I have come not to abolish but to fulfill. Amen, I say to you, until heaven and earth pass away, not the smallest letter or the smallest part of the letter will pass from the law, until all things have taken place. Therefore, whoever breaks one of the least of these commandments and teaches others to do so will be called least in the kingdom of heaven; but whoever obeys and teaches these commandments will be called the greatest in the kingdom of heaven.”

Lord, help us to keep these commandments so that we may come closer to You and the promise of eternal salvation in Your word, and we may indeed reach the blessings of the kingdom of heaven. Lord, we humbly ask for Your protection for those men and women who serve our nation in defense of liberty and freedom.

We ask this through our Lord Jesus Christ, Your Son, who lives and reigns with You in the unity of the Holy Spirit, our God, for ever and ever. Amen.

The President, Lieutenant Governor Calley, led the members of the Senate in recital of the Pledge of Allegiance.

Senate Concurrent Resolution No. 30

The motion prevailed.

Senator Knollenberg offered the following resolution:

Senate Resolution No. 188.
A resolution to commemorate July 15, 2016, as Leiomyosarcoma Awareness Day.

Whereas, Leiomyosarcoma (LMS) is one of the forms of a very rare and aggressive cancer, or sarcoma, that originates in the smooth or involuntary muscle tissue; and

Whereas, LMS affects only 6 out of every 1 million people, but is highly aggressive and likely to infect other areas of the body, including the lungs, liver, or lymph nodes; and

Whereas, As a soft tissue sarcoma, LMS is highly resistant to many chemotherapeutic agents and radiation treatments; and

Whereas, Most LMS patients choose to be cared for by a multidisciplinary team of health professionals, and it is extremely important to get help with this rare form of cancer from a sarcoma center which sees a large number of leiomyosarcoma patients; and

Whereas, Many local oncologists rarely see more than one or two cases of LMS in their entire career, and most sarcoma centers will work with local oncologists to help make the best choices for patient care; and

Whereas, We hereby recognize and express our gratitude to the individuals, families, friends, and caregivers dealing with LMS, as well as the doctors and researchers who are seeking a cause or cure; and

Whereas, The state of Michigan recognizes the efforts of the Leiomyosarcoma Direct Research Foundation and the National Leiomyosarcoma Foundation to assure the development of the means to cure and control LMS and to improve the quality of life for those with this disease until the cure is found; and

Whereas, Michigan residents are encouraged to tweet, post, and share their stories and images using the #lmsarcoma hashtag on Twitter, Facebook, Instagram, and other social media platforms; and

Whereas, Leiomyosarcoma Awareness Day helps educate communities about LMS cancer and increases the awareness that surrounds it. The importance of education and knowledge about the disease cannot be overstated and contributes to the ability to lead a healthy, balanced, and productive life; and

Whereas, The Michigan Legislature is strongly dedicated to preserving the health of the residents of this state and in supporting the fight against leiomyosarcoma; now, therefore, be it

Resolved by the Senate, That the members of this legislative body hereby commemorate July 15, 2016, Leiomyosarcoma Awareness Day in the state of Michigan. We encourage increased public awareness and promotion of treatment and recovery.

Pending the order that, under rule 3.204, the resolution be referred to the Committee on Government Operations, Senator Kowall moved that the rule be suspended.

The resolution was adopted.

Senators Bieda, Booher, Brandenburg, Gregory, Hansen, Hildenbrand, Jones, Kowall, Proos, Warren and Zorn were named co-sponsors of the resolution.

Senator Shirkey offered the following resolution:

Senate Resolution No. 189.
A resolution recognizing June 20-26, 2016, as Pollinator Week.

Whereas, Pollinator Week will present opportunities to highlight the importance of pollinators; stress the negative ramifications of continued pollinator loss; and encourage the awareness and use of pollinator best practices; and

Whereas, Pollinating animals are essential parts of our ecosystem and a critical component to our planet’s food security; and

Whereas, Farmers depend on pollinator species, such as honey bees, butterflies, birds, and bats to successfully produce approximately one-third of all agricultural output in the United States and 50 percent of Michigan’s agricultural output; and

Whereas, Pollinator loss poses a significant threat to United States agriculture and the ability of farmers and rural gardeners to feed both themselves and a growing world population; and
Whereas, Urban and rural beekeepers play an important role in state and federal agricultural production and the preservation of honey bees, which have seen their natural numbers decline to near crisis levels in recent years due to a combination of factors; and

Whereas, Michigan is a leader in honey production and many pollinator-dependent crops, including apples, cranberries, blueberries, and cherries. Agriculture is a key driver of not just Michigan’s agriculture, agritourism, and farm-to-table industries, but also rural economies across the United States; and

Whereas, The state of Michigan recognizes the serious threats posed by pollinator loss and the key role state stakeholders play in providing guidance on best apiary management and stewardship practices, proper use of pesticide products, and technical assistance to farmers and other private landowners; now, therefore, be it

Resolved by the Senate, That the members of this legislative body recognize June 20-26, 2016, as Pollinator Week in the state of Michigan; and be it further

Resolved, That we encourage the people of the great state of Michigan to build support for protecting and sustaining pollinators through increased awareness and the implementation of pollinator-friendly best practices that enhance their habitat and strengthen our food supply.

Whereas, The brave men and women of the United States Armed Forces who proudly serve risk their lives to protect the freedoms of the United States and deserve the investment of every possible resource to ensure their lasting physical, mental, and emotional well-being; and

Whereas, More than 2 million United States service members have deployed as part of overseas contingency operations since the events of September 11, 2001; and

Whereas, The military has sustained an operational tempo for a period of time unprecedented in the history of the United States, with many service members deploying multiple times to combat zones, placing them at high risk of post-traumatic stress injury (PTSI); and

Whereas, It is expected that 10,000 veterans will return to the state of Michigan every year for the next three to five years after spending a significant amount of time in combat environments, exposing thousands of soldiers to traumatic life-threatening events; and

Whereas, The United States Department of Veterans Affairs reports that in fiscal year 2012, more than 500,000 veterans from all wars sought care at a Department of Veterans Affairs medical center and received treatment for PTSI; and

Whereas, PTSI significantly increases the risk of depression, suicide, drug- and alcohol-related disorders, and death; and

Whereas, The Department of Defense and the Department of Veterans Affairs have made significant advances in the prevention, diagnosis, and treatment of PTSI, including the symptoms of PTSI, and many challenges remain; and

Whereas, The establishment of a Michigan Post-Traumatic Stress Injury Awareness Day will raise public awareness about issues related to PTSI; now, therefore, be it

Resolved by the Senate, That the members of this legislative body designate June 27, 2016, as Post-Traumatic Stress Injury Awareness Day in the state of Michigan; and be it further

Resolved, That we urge the Michigan Veterans Affairs Agency and the Adjutant General to continue working to educate service members, veterans, the families of service members and veterans, and the public about the causes, symptoms, and treatment of post-traumatic stress injury; and be it further

Resolved, That a copy of this resolution be transmitted to the Governor of the state of Michigan, the Michigan Veterans Affairs Agency, and the Adjutant General.

Senator Hertel offered the following resolution:

**Senate Resolution No. 191.**

A resolution to commemorate the weekend of July 29, 2016, as Muscular Dystrophy Association (MDA)-Michigan Professional Fire Fighters Union Fill the Boot Weekend in Michigan.

Whereas, Firefighters have long been America’s heroes who risk their lives for the safety and well-being of the communities they serve; and

Whereas, Firefighters have one of the most hazardous professions, requiring extensive training, strength, endurance, courage, and a selfless concern for the welfare of Michigan’s citizens; and

Whereas, For over 60 years, the International Association of Fire Fighters (IAFF) has partnered with the Muscular Dystrophy Association (MDA) in the fight against neuromuscular diseases; and

Whereas, Since 1954, IAFF members have shown an unwavering commitment to defeating muscular dystrophy and related life-threatening diseases; and

Whereas, Due to their service and dedication to the MDA, firefighters from the Michigan Professional Fire Fighters Union have raised more than $4.1 million to find a cure to fight these neuromuscular diseases; and

Whereas, Funds are raised primarily through MDA’s signature Fill the Boot campaign, in which member firefighters gather on streets across the country collecting money in their boots from neighbors and passersby; now, therefore, be it

Resolved by the Senate, That the members of this legislative body commemorate the weekend of July 29, 2016, as MDA-Michigan Professional Fire Fighters Union Fill the Boot Weekend in Michigan; and be it further

Resolved, That this legislative body applauds the dedicated service and contribution firefighters provide to the residents of Michigan and the Muscular Dystrophy Association; and be it further

Resolved, That copies of this resolution be transmitted to the Michigan Professional Fire Fighters Union and the Muscular Dystrophy Association as a token of our appreciation.

The Senate agreed to the title of the bill.

Senator Hertel asked and was granted unanimous consent to make a statement and moved that the statement be printed in the Journal.

The motion prevailed.

Senator Hertel’s statement is as follows:

The only reason we have the extra money to do this is because the MiDAS system effectively stole money from Michigan citizens. Of the cases the system identified as fraud, only 8 percent were legitimate. In the meantime, the other 92 percent of people wrongly identified as criminals suffered.

My amendment would require the Michigan Unemployment Agency to order a refund for each claimant who was wronged by the fraudulent system. It is our responsibility to do the right thing and make our citizens whole again.

I would ask for your support of my amendment.

(p) The department shall give a uniform interpretation of full-time and part-time memberships.

(q) The number of class hours used to calculate full-time equated memberships shall be consistent with section 101. In determining full-time equated memberships for pupils who are enrolled in a postsecondary institution, a pupil shall not be considered to be less than a full-time equated pupil solely because of the effect of his or her postsecondary enrollment, including necessary travel time, on the number of class hours provided by the district to the pupil.

(r) Full-time equated memberships for pupils in kindergarten shall be determined by dividing the number of instructional hours scheduled and provided per year per kindergarten pupil by the same number used for determining full-time equated memberships for pupils in grades 1 to 12. However, to the extent allowable under federal law, for a district or public school academy that provides evidence satisfactory to the department that it used federal title I money in the 2 immediately preceding school fiscal years to fund full-time kindergarten, full-time equated memberships for pupils in kindergarten shall be determined by dividing the number of class hours scheduled and provided per year per kindergarten pupil by a number equal to 1/2 the number used for determining full-time equated memberships for pupils in grades 1 to 12. The change in the counting of full-time equated memberships for pupils in kindergarten that took effect for 2012-2013 is not a mandate.

(s) For a district, a public school academy, or the education achievement system that has pupils enrolled in a grade level that was not offered by the district, the public school academy, or the education achievement system in the immediately preceding school year, the number of pupils enrolled in that grade level to be counted in membership is the average of the number of those pupils enrolled and in regular daily attendance on the pupil membership count day and the supplemental count day of the current school year, as determined by the department. Membership shall be calculated by adding the number of pupils registered for attendance in that grade level on the pupil membership count day plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by subsequent department audit, plus the final audited count from the supplemental count day for the current school year, and dividing that sum by 2.

(t) A pupil enrolled in a cooperative education program may be counted in membership in the pupil’s district of residence with the written approval of all parties to the cooperative agreement.

(u) If, as a result of a disciplinary action, a district determines through the district’s alternative or disciplinary education program that the best instructional placement for a pupil is in the pupil’s home or otherwise apart from the general school population, if that placement is authorized in writing by the district superintendent and district alternative or disciplinary education supervisor, and if the district provides appropriate instruction as described in this subdivision to the pupil at the pupil’s home or otherwise apart from the general school population, the district may count the pupil in membership on a pro rata basis, with the proration based on the number of hours of instruction the district actually provides to the pupil divided by the number of hours required under section 101 for full-time equivalency. For the purposes of this subdivision, a district shall be considered to be providing appropriate instruction if all of the following are met:

(i) The district provides at least 2 nonconsecutive hours of instruction per week to the pupil at the pupil’s home or otherwise apart from the general school population under the supervision of a certificated teacher.

(ii) The district provides instructional materials, resources, and supplies that are comparable to those otherwise provided in the district’s alternative education program.

(iii) Course content is comparable to that in the district’s alternative education program.

(iv) Credit earned is awarded to the pupil and placed on the pupil’s transcript.

(v) If a pupil was enrolled in a public school academy on the pupil membership count day, if the public school academy’s contract with its authorizing body is revoked or the public school academy otherwise ceases to operate, and if the pupil enrolls in a district or the education achievement system within 45 days after the pupil membership count day, the department shall adjust the district’s or the education achievement system’s pupil count for the pupil membership count day to include the pupil in the count.

(w) For a public school academy that has been in operation for at least 2 years and that suspended operations for at least 1 semester and is resuming operations, membership is the sum of the product of .90 times the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the first pupil membership count day or supplemental count day, whichever is first, occurring after operations resume, plus the product of .10 times the final audited count from the most recent pupil membership count day or supplemental count day that occurred before suspending operations, as determined by the superintendent.

(x) If a district’s membership for a particular fiscal year, as otherwise calculated under this subsection, would be less than 1,550 pupils and the district has 4.5 or fewer pupils per square mile, as determined by the department, and if the district does not receive funding under section 22d(2), the district’s membership shall be considered to be the membership figure calculated under this subdivision. If a district educates and counts in its membership pupils in grades 9 to 12 who reside in a contiguous district that does not operate grades 9 to 12 and if 1 or both of the affected districts request the department to use the determination allowed under this sentence, the department shall include the square mileage of both districts in determining the
number of pupils per square mile for each of the districts for the purposes of this subdivision. The membership figure calculated under this subdivision is the greater of the following:

(i) The average of the district’s membership for the 3-fiscal-year period ending with that fiscal year, calculated by adding the district’s actual membership for each of those 3 fiscal years, as otherwise calculated under this subsection, and dividing the sum of those 3 membership figures by 3.

(ii) The district’s actual membership for that fiscal year as otherwise calculated under this subsection.

(y) Full-time equated memberships for special education pupils who are not enrolled in kindergarten but are enrolled in a classroom program under R 340.1754 of the Michigan administrative code shall be determined by dividing the number of class hours scheduled and provided per year by 450. Full-time equated memberships for special education pupils who are not enrolled in kindergarten but are receiving early childhood special education services under R 340.1755 or R 340.1862 of the Michigan administrative code shall be determined by dividing the number of hours of service scheduled and provided per year per-pupil by 180.

(z) A pupil of a district that begins its school year after Labor Day who is enrolled in an intermediate district program that begins before Labor Day shall not be considered to be less than a full-time pupil solely due to instructional time scheduled but not attended by the pupil before Labor Day.

(a) For the first year in which a pupil is counted in membership on the pupil membership count day in a middle college program, the membership is the average of the full-time equated membership on the pupil membership count day and on the supplemental count day for the current school year, as determined by the department. If a pupil described in this subdivision was counted in membership by the operating district on the immediately preceding supplemental count day, the pupil shall be excluded from the district’s immediately preceding supplemental count for the purposes of determining the district’s membership.

(bb) A district, a public school academy, or the education achievement system that educates a pupil who attends a United States Olympic Education Center may count the pupil in membership regardless of whether or not the pupil is a resident of this state.

(cc) A pupil enrolled in a district other than the pupil’s district of residence pursuant to section 1148(2) of the revised school code, MCL 380.1148, shall be counted in the educating district or the education achievement system.

(dd) For a pupil enrolled in a dropout recovery program that meets the requirements of section 23a, the pupil shall be counted as 1/12 of a full-time equated membership for each month that the district operating the program reports that the pupil was enrolled in the program and was in full attendance. However, if the special membership counting provisions under this subdivision and the operation of the other membership counting provisions under this subsection result in a pupil being counted as more than 1.0 FTE in a fiscal year, the payment made for the pupil under sections 22a and 22b shall not be based on more than 1.0 FTE for that pupil, and any portion of an FTE for that pupil that exceeds 1.0 shall instead be paid under section 25g. The district operating the program shall report to the center the number of pupils who were enrolled in the program and were in full attendance for a month not later than the tenth day of the next month—30 days after the end of the month. A district shall not report a pupil as being in full attendance for a month unless both of the following are met:

(i) A personalized learning plan is in place on or before the first school day of the month for the first month the pupil participates in the program.

(ii) The pupil meets the district’s definition under section 23a of satisfactory monthly progress for that month or, if the pupil does not meet that definition of satisfactory monthly progress for that month, the pupil did meet that definition of satisfactory monthly progress in the immediately preceding month and appropriate interventions are implemented within 10 school days after it is determined that the pupil does not meet that definition of satisfactory monthly progress.

(ee) A pupil participating in an online course under section 21f shall be counted in membership in the district enrolling the pupil.

(ff) If a public school academy that is not in its first or second year of operation closes at the end of a school year and does not reopen for the next school year, the department shall adjust the membership count of the district or the education achievement system in which a former pupil of the public school academy enrolls and is in regular daily attendance for the next school year to ensure that the district or the education achievement system receives the same amount of membership aid for the pupil as if the pupil were counted in the district or the education achievement system on the supplemental count day of the preceding school year.

(GG) IF A SPECIAL EDUCATION PUPIL IS EXPELLED UNDER SECTION 1311 OR 1311A OF THE REVISED SCHOOL CODE, MCL 380.1311 AND 380.1311A, AND IS NOT IN ATTENDANCE ON THE PUPIL MEMBERSHIP COUNT DAY BECAUSE OF THE EXPULSION, AND IF THE PUPIL REMAINS ENROLLED IN THE DISTRICT AND RESUMES REGULAR DAILY ATTENDANCE DURING THAT SCHOOL YEAR, THE DISTRICT’S MEMBERSHIP SHALL BE ADJUSTED TO COUNT THE PUPIL IN MEMBERSHIP AS IF HE OR SHE HAD BEEN IN ATTENDANCE ON THE PUPIL MEMBERSHIP COUNT DAY.

(HH) A PUPIL ENROLLED IN A COMMUNITY DISTRICT SHALL BE COUNTED IN MEMBERSHIP IN THE COMMUNITY DISTRICT. FOR A COMMUNITY DISTRICT IN ITS FIRST FISCAL YEAR OF OPERATIONS ONLY, UNTIL THE DEPARTMENT IS ABLE TO CALCULATE THE COMMUNITY DISTRICT’S MEMBERSHIP, THE DEPARTMENT SHALL CONSIDER THE COMMUNITY DISTRICT’S MEMBERSHIP TO BE THE SAME AS THE MEMBERSHIP FOR THE IMMEDIATELY PRECEDING FISCAL YEAR FOR A DISTRICT WITH THE SAME BOUNDARIES AS THE COMMUNITY DISTRICT THAT HAD MEMBERSHIP FOR THAT FISCAL YEAR.

A person who intentionally makes a false report of a crime to law enforcement officials for the purposes of this subdivision is subject to section 411a of the Michigan penal code, 1931 PA 328, MCL 750.411a, which provides criminal penalties for that conduct. Sec. 15. (1) If a district or intermediate district fails to receive its proper apportionment, the department, upon satisfactory proof that the district or intermediate district was entitled justly, shall apportion the deficiency in the next apportionment. Subject to subsections (2) and (3), if a district or intermediate district has received more than its proper apportionment, the department, upon satisfactory proof, shall deduct the excess in the next apportionment. Notwithstanding any other provision in this article, state aid overpayments to a district, other than overpayments in payments for special education or special education transportation, may be recovered from any payment made under this article other than a special education or special education transportation payment, from the proceeds of a loan to the district under the emergency municipal loan act, 1980 PA 243, MCL 141.931 to 141.942, or from the proceeds of millage levied or pledged under section 1211 of the revised school code, MCL...
380.1211. State aid overpayments made in special education or special education transportation payments may be recovered from subsequent special education or special education transportation payments, from the proceeds of a loan to the district under the emergency municipal loan act, 1980 PA 243, MCL 141.931 to 141.942, or from the proceeds of millage levied or pledged under section 1211 of the revised school code, MCL 380.1211.

(2) If the result of an audit conducted by or for the department affects the current fiscal year membership, affected payments shall be adjusted in the current fiscal year. A deduction due to an adjustment made as a result of an audit conducted by or for the department, or as a result of information obtained by the department from the district, an intermediate district, the department of treasury, or the office of auditor general, shall be deducted from the district’s apportionments when the adjustment is finalized. At the request of the district and upon the district presenting evidence satisfactory to the department of the hardship, the department may grant up to an additional 4 years for the adjustment and may advance payments to the district otherwise authorized under this article if the district would otherwise experience a significant hardship in satisfying its financial obligations. For a district that is a strict discipline academy established under sections 1311b to 1311m of the revised school code, MCL 380.1211b to 380.1211m, and that claimed a hardship in 2014-2015 because of an overpayment caused by a miscalculation of its pupil membership for 2013-2014, the department shall consider the amount of repayment made by the district as of the effective date of the amendatory act that added this sentence to constitute full repayment and the district is not required to continue making repayment for the overpayment that occurred in 2013-2014.

(3) If, based on an audit by the department or the department’s designee or because of new or updated information received by the department, the department determines that the amount paid to a district or intermediate district under this article for the current fiscal year or a prior fiscal year was incorrect, the department shall make the appropriate deduction or payment in the district’s or intermediate district’s allocation in the next apportionment after the adjustment is finalized. The deduction or payment shall be calculated according to the law in effect in the fiscal year in which the incorrect amount was paid. If the district does not receive an allocation for the fiscal year or if the allocation is not sufficient to pay the amount of any deduction, the amount of any deduction otherwise payable shall be satisfied from the proceeds of a loan to the district under the emergency municipal loan act, 1980 PA 243, MCL 141.931 to 141.942, or from the proceeds of millage levied or pledged under section 1211 of the revised school code, MCL 380.1211, as determined by the department.

(6) In addition to funds appropriated in section 11 for all programs and services, there is appropriated for 2014-2015 and for 2016-2017 for obligations in excess of applicable appropriations an amount equal to the collection of overpayments, but not to exceed amounts available from overpayments.

However, not more than 20% of the total amount received by a district under sections 22a and 22b or received by an intermediate district under section 81 may be transferred by the board to either the capital projects fund or to the debt retirement fund for debt service. The money shall not be applied or taken for a purpose other than as provided in this section. The department shall determine the reasonableness of expenditures and may withhold from a recipient of funds under this article the apportionment otherwise due upon a violation by the recipient.

(2) A district or intermediate district shall adopt an annual budget in a manner that complies with the uniform budgeting and accounting act, 1968 PA 2, MCL 141.421 to 141.440a. Within 15 days after a district board adopts its annual operating budget for the following school fiscal year, or after a district board adopts a subsequent revision to that budget, the district shall make all of the following available through a link on its website homepage, or may make the information available through a link on its intermediate district’s website homepage, in a form and manner prescribed by the department:

The audits must be performed by a certified public accountant or by the intermediate district superintendent, as may be required by the department, or in the case of a district of the first class by a certified public accountant, the intermediate superintendent, or the auditor general of the city. A district or intermediate district shall retain these records for the current fiscal year and from at least the 3 immediately preceding fiscal years.

(b) If a district operates in a single building with fewer than 700 full-time equated pupils, if the district has stable membership, and if the error rate of the immediately preceding 2 pupil accounting field audits of the district is less than 2%, the district may have a pupil accounting field audit conducted biennially but must continue to have desk audits for each pupil count. The auditor must document compliance with the audit cycle in the pupil auditing manual. As used in this subdivision, “stable membership” means that the district’s membership for the current fiscal year varies from the district’s membership for the immediately preceding fiscal year by less than 5%.

DISTRICT’S AUDITED FINANCIAL STATEMENTS AND consistent with accounting manuals and charts of accounts approved and published by the department. For an intermediate district, the report shall also contain the website address where the department can access the report required under section 620 of the revised school code, MCL 380.620. The department shall ensure that the prescribed Michigan public school accounting manual chart of accounts includes standard conventions to distinguish expenditures by allowable fund function and object. The functions shall include at minimum categories for instruction, pupil support, instructional staff support, general administration, school administration, business administration, transportation, facilities operation and maintenance, facilities acquisition, and debt service; and shall include object classifications of salary, benefits, including categories for active employee health expenditures, purchased services, supplies, capital outlay, and other. 9) If a district that is a public school academy purchases property using money received under this article, the public school academy shall retain ownership of the property unless the public school academy sells the property at fair market value.

10) If a district or intermediate district does not comply with subsections (4), (5), (6), and (7). OR IF THE DEPARTMENT DETERMINES THAT THE FINANCIAL DATA REQUIRED UNDER SUBSECTION (5) ARE NOT CONSISTENT WITH AUDITED FINANCIAL STATEMENTS, the department shall withhold all state school aid due to the district or intermediate district under this article, beginning with the next payment due to the district or intermediate district, until the district or intermediate district complies with subsections (4), (5), (6), and (7). If the district or intermediate district does not comply with subsections (4), (5), (6), and (7) by the end of the fiscal year, the district or intermediate district forfeits the amount withheld.

11) If a district or intermediate district does not comply with subsection (2), the department may withhold up to 10% of the total state school aid due to the district or intermediate district under this article, beginning with the next payment due to the district or intermediate district, until the district or intermediate district complies with subsection (2). If the district or intermediate district does not comply with subsection (2) by the end of the fiscal year, the district or intermediate district forfeits the amount withheld.

12) Not later than November 1, 2015, 2016, if a district or intermediate district offers online-VIRTUAL learning under section 21f, the district or intermediate district shall submit to the department a report that details the per-pupil costs of operating the online-VIRTUAL learning by vendor type. The report shall include at least all of the following information concerning the operation of online-VIRTUAL learning for the school fiscal year ending June 30, 2015:2016:

Sec. 19. (1) A district or intermediate district shall comply with all applicable reporting requirements specified in state and federal law. Data provided to the center, in a form and manner prescribed by the center, shall be aggregated and disaggregated as required by state and federal law. In addition, a district or intermediate district shall cooperate with all measures taken by the center to establish and maintain a statewide P-20 longitudinal data system.

(2) Each district shall furnish to the center not later than 5 weeks after the pupil membership count day and by June 30 of the school fiscal year ending in the fiscal year, in a manner prescribed by the center, the information necessary for the preparation of the district and high school graduation report. This information shall meet requirements established in the pupil auditing manual approved and published by the department. The center shall calculate an annual graduation and pupil dropout rate for each high school, each district, and this state, in compliance with nationally recognized standards for these calculations. The center shall report all graduation and dropout rates to the senate and house education committees and appropriations committees, the state budget director, and the department not later than 30 days after the publication of the list described in subsection (6).

(4) By June 30 of each year, a district shall furnish to the center, in a manner prescribed by the center, information related to safety practices and criminal incidents as necessary for reporting required by state and federal law.

(5) If a district or intermediate district fails to meet the requirements of this section, the department shall withhold 5% of the total funds for which the district or intermediate district qualifies under this article until the district or intermediate district complies with all of those subsections. If the district or intermediate district does not comply with all of those subsections by the end of the fiscal year, the department shall place the amount withheld in an escrow account until the district or intermediate district complies with all of those subsections.

(6) Before publishing a list of school or district accountability designations as required by the no child left behind act of 2001, Public Law 107-110, or the every student succeeds act, Public Law 114-95, the department shall allow a school or district to appeal that determination. (7) It is the intent of the legislature to implement not later than beginning in 2016-2017, the department shall implement statewide standard reporting requirements for education data approved by the department in conjunction with the center. The department shall work with the center, intermediate districts, districts, and other interested stakeholders to develop recommendations on the implementation of IMPLEMENT this policy change. A district or intermediate district shall implement the statewide standard reporting requirements not later than 2014-2015-2017-2018 or when a district or intermediate district updates its education data reporting system, whichever is later.

Sec. 20. (1) For 2015-2016-2016-2017, both of the following apply:
(a) The basic foundation allowance is $8,160.00-$8,229.00.
(b) The minimum foundation allowance is $7,201.00-$7,511.00.

(2) The amount of each district’s foundation allowance shall be calculated as provided in this section, using a basic foundation allowance in the amount specified in subsection (1).

(3) Except as otherwise provided in this section, the amount of a district’s foundation allowance shall be calculated as follows, using in all calculations the total amount of the district’s foundation allowance as calculated before any proration:
(a) Except as otherwise provided in this subdivision, for a district that had a foundation allowance for the immediately preceding state fiscal year that was AT LEAST equal to the minimum foundation allowance for the immediately preceding state fiscal year, but less than the basic foundation allowance for the immediately preceding state fiscal year, the district shall receive a foundation allowance in an amount equal to the sum of the district’s foundation allowance for the immediately preceding state fiscal year plus the difference between twice the dollar amount of the adjustment from the immediately preceding state fiscal year to the current state fiscal year made in the basic foundation allowance and between the basic foundation allowance for the current state fiscal year and basic foundation allowance for the immediately preceding state fiscal year minus $20.00 times (the difference between the district’s foundation allowance for the immediately preceding state fiscal year and the minimum foundation allowance for the immediately preceding state fiscal year) divided by the difference between the basic foundation allowance for the current state fiscal year and the minimum foundation allowance for the immediately preceding state fiscal year. However, the foundation allowance for a district that had less than the basic foundation allowance for the immediately preceding state fiscal year shall not exceed the basic foundation allowance for the current state fiscal year.

For the purposes of this subdivision, for 2015-2016, the minimum foundation allowance for the immediately preceding state fiscal year shall be considered to be $7,251.00.

(b) Except as otherwise provided in this subsection, for a district that in the immediately preceding state fiscal year had a foundation allowance in an amount equal to the amount of the basic foundation allowance for the immediately preceding state fiscal year, the district shall receive a foundation allowance for 2015-2016-2016-2017 in an amount equal to the basic foundation allowance for 2015-2016-2016-2017.

(c) For a district that had a foundation allowance for the immediately preceding state fiscal year that was greater than the basic foundation allowance for the immediately preceding state fiscal year, the district’s foundation allowance is an amount equal to the sum of the district’s foundation allowance for the immediately preceding state fiscal year plus the lesser of the increase in
the basic foundation allowance for the current state fiscal year, as compared to the immediately preceding state fiscal year, or
the product of the district’s foundation allowance for the immediately preceding state fiscal year times the percentage increase
in the United States consumer price index in the calendar year ending in the immediately preceding fiscal year as reported by
the May revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL
18.1367b.

(d) For a district that has a foundation allowance that is not a whole dollar amount, the district’s foundation allowance shall
be rounded up to the nearest whole dollar.

(e) For a district that received a payment under section 22c as that section was in effect for 2014-2015, the district’s 2014-2015
foundation allowance shall be considered to have been an amount equal to the sum of the district’s actual 2014-2015 foundation
allowance as otherwise calculated under this section plus the per pupil amount of the district’s equity payment for 2014-2015
under section 22c as that section was in effect for 2014-2015.

(4) Except as otherwise provided in this subsection, the state portion of a district’s foundation allowance is an amount equal
to the district’s foundation allowance or the basic foundation allowance for the current state fiscal year, whichever is
less, minus the local portion of the district’s foundation allowance divided by the district’s membership excluding special
education pupils. For a district described in subsection (3)(e), the state portion of the district’s foundation allowance is an
amount equal to $6,962.00 plus the difference between the district’s foundation allowance for the current state fiscal year and
the district’s foundation allowance for 1998-99, minus the local portion of the district’s foundation allowance divided by the
district’s membership excluding special education pupils. For a district that has a millage reduction required under section 31
of article IX of the state constitution of 1963, the state portion of the district’s foundation allowance shall be calculated as if
that reduction did not occur. For a receiving district, if school operating taxes continue to be levied on behalf of a dissolved
district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district
under section 12 of the revised school code, MCL 380.12, the taxable value per membership pupil of property in the receiving
district used for the purposes of this subsection does not include the taxable value of property within the geographic area of
the dissolved district. FOR A COMMUNITY DISTRICT, IF SCHOOL OPERATING TAXES CONTINUE TO BE
LEVIED BY A QUALIFYING SCHOOL DISTRICT UNDER SECTION 12B OF THE REVISED SCHOOL CODE,
MCL 380.12B, WITH THE SAME GEOGRAPHIC AREA AS THE COMMUNITY DISTRICT, THE TAXABLE
VALUE PER MEMBERSHIP PUPIL OF PROPERTY IN THE COMMUNITY DISTRICT TO BE USED FOR THE
PURPOSES OF THIS SUBSECTION DOES NOT INCLUDE THE TAXABLE VALUE OF PROPERTY WITHIN
THE GEOGRAPHIC AREA OF THE COMMUNITY DISTRICT.

(5) The allocation calculated under this section for a pupil shall be based on the foundation allowance of the pupil’s district
of residence. For a pupil enrolled pursuant to section 105 or 105c in a district other than the pupil’s district of residence,
the allocation calculated under this section shall be based on the lesser of the foundation allowance of the pupil’s district of
residence or the foundation allowance of the educating district. For a pupil in membership in a K-5, K-6, or K-8 district who is
enrolled in another district in a grade not offered by the pupil’s district of residence, the allocation calculated under this section
shall be based on the foundation allowance of the educating district if the educating district’s foundation allowance is greater
than the foundation allowance of the pupil’s district of residence. THE CALCULATION UNDER THIS SUBSECTION
SHALL TAKE INTO ACCOUNT A DISTRICT’S PER-PUPIL ALLOCATION UNDER SECTION 20M.

(6) Except as otherwise provided in this subsection, for pupils in membership, other than special education pupils, in a public
school academy, the allocation calculated under this section is an amount per membership pupil other than special education
pupils in the public school academy equal to the foundation allowance of the district in which the public school academy is
located or the state maximum public school academy allocation, whichever is less. For pupils in membership, other than special
education pupils, in a public school academy that is a cyber school and is authorized by a school district, the allocation calculated
under this section is an amount per membership pupil other than special education pupils in the public school academy equal to
the foundation allowance of the district that authorized the public school academy or the state maximum public school academy
allocation, whichever is less. However, a public school academy that had an allocation under this subsection before 2009-2010
that was equal to the sum of the local school operating revenue per membership pupil other than special education pupils for the
district in which the public school academy is located and the state portion of that district’s foundation allowance shall not have
that allocation reduced as a result of the 2010 amendment to this subsection. Notwithstanding section 101, for a public school
academy that begins operations after the pupil membership count day, the amount per membership pupil calculated under this
subsection shall be adjusted by multiplying that amount per membership pupil by the number of hours of pupil instruction provided
by the public school academy after it begins operations, as determined by the department, divided by the minimum
number of hours of pupil instruction required under section 101(3). The result of this calculation shall not exceed the amount
per membership pupil otherwise calculated under this subsection.

(7) Except as otherwise provided in this subsection, for pupils attending an achievement school and in membership in the
education achievement system, other than special education pupils, the allocation calculated under this section is an amount per
membership pupil other than special education pupils equal to the foundation allowance of the district in which the achievement
school is located, not to exceed the basic foundation allowance. Notwithstanding section 101, for an achievement school that
begins operation after the pupil membership count day, the amount per membership pupil calculated under this subsection
shall be adjusted by multiplying that amount per membership pupil by the number of hours of pupil instruction provided by
the achievement school after it begins operations, as determined by the department, divided by the minimum number of hours of pupil instruction required under section 101(3). The result of this calculation shall not exceed the amount per membership pupil otherwise calculated under this subsection. For the purposes of this subsection, if a public school is transferred from a district to the state school reform/redesign district or the achievement authority under section 1280c of the revised school code, MCL 380.1280c, that public school is considered to be an achievement school within the education achievement system and not a school that is part of a district, and a pupil attending that public school is considered to be in membership in the education achievement system and not in membership in the district that operated the school before the transfer.

(8) EXCEPT AS OTHERWISE PROVIDED IN THIS SUBSECTION, FOR PUPILS IN MEMBERSHIP, OTHER THAN SPECIAL EDUCATION PUPILS, IN A COMMUNITY DISTRICT, THE ALLOCATION CALCULATED UNDER THIS SECTION IS AN AMOUNT PER MEMBERSHIP PUPIL OTHER THAN SPECIAL EDUCATION PUPILS IN THE COMMUNITY DISTRICT EQUAL TO THE FOUNDATION ALLOWANCE OF THE QUALIFYING SCHOOL DISTRICT, AS DESCRIBED IN SECTION 12B OF THE REVISED SCHOOL CODE, MCL 380.12B, THAT IS LOCATED WITHIN THE SAME GEOGRAPHIC AREA AS THE COMMUNITY DISTRICT.

(9) Subject to subsection (4), for a district that is formed or reconfigured after June 1, 2002 by consolidation of 2 or more districts or by annexation, the resulting district’s foundation allowance under this section beginning after the effective date of the consolidation or annexation shall be the lesser of the sum of the average of the foundation allowances of each of the original or affected districts, calculated as provided in this section, weighted as to the percentage of pupils in total membership in the resulting district who reside in the geographic area of each of the original or affected districts plus $100.00 or the highest foundation allowance among the original or affected districts. This subsection does not apply to a receiving district unless there is a subsequent consolidation or annexation that affects the district. THE CALCULATION UNDER THIS SUBSECTION SHALL TAKE INTO ACCOUNT A DISTRICT’S PER-PUPIL ALLOCATION UNDER SECTION 20M.

(10) Each fraction used in making calculations under this section shall be rounded to the fourth decimal place and the dollar amount of an increase in the basic foundation allowance shall be rounded to the nearest whole dollar.

(11) State payments related to payment of the foundation allowance for a special education pupil are not calculated under this section but are instead calculated under section 51a.

(12) To assist the legislature in determining the basic foundation allowance for the subsequent state fiscal year, each revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b, shall calculate a pupil membership factor, a revenue adjustment factor, and an index as follows:

(a) The pupil membership factor shall be computed by dividing the estimated membership in the school year ending in the current state fiscal year, excluding intermediate district membership, by the estimated membership for the school year ending in the subsequent state fiscal year, excluding intermediate district membership. If a consensus membership factor is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(b) The revenue adjustment factor shall be computed by dividing the sum of the estimated total state school aid fund revenue for the subsequent state fiscal year plus the estimated total state school aid fund revenue for the current state fiscal year, adjusted for any change in the rate or base of a tax the proceeds of which are deposited in that fund, by the sum of the estimated total school aid fund revenue for the current state fiscal year plus the estimated total state school aid fund revenue for the immediately preceding state fiscal year, adjusted for any change in the rate or base of a tax the proceeds of which are deposited in that fund. If a consensus revenue factor is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(c) The index shall be calculated by multiplying the pupil membership factor by the revenue adjustment factor. If a consensus index is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(13) Payments to districts, public school academies, or the education achievement system shall not be made under this section. Rather, the calculations under this section shall be used to determine the amount of state payments under section 22b.

(14) If an amendment to section 2 of article VIII of the state constitution of 1963 allowing state aid to some or all nonpublic schools is approved by the voters of this state, each foundation allowance or per-pupil payment calculation under this section may be reduced.

Sec. 22a. (1) From the appropriation in section 11, there is allocated an amount not to exceed $5,377,000,000.00 for 2014-2015 and an amount not to exceed $5,281,700,000.00 $5,260,000,000.00 for 2015-2016 AND AN AMOUNT NOT TO EXCEED $5,205,000,000.00 FOR 2016-2017 for payments to districts and qualifying public school academies to guarantee each district and qualifying public school academy an amount equal to its 1994-95 total state and local per pupil revenue for school operating purposes under section 11 of article IX of the state constitution of 1963. Pursuant to section 11 of article IX of the state constitution of 1963, this guarantee does not apply to a district in a year in which the district levies a millage rate for school district operating purposes less than it levied in 1994. However, subsection (2) applies to calculating the payments under this section. Funds allocated under this guarantee that are not expended in the state fiscal year for which they were allocated, as determined by the department, may be used to supplement the allocations under sections 22b and 51c in order to fully fund those calculated allocations for the same fiscal year.

(2) To ensure that a district receives an amount equal to the district’s 1994-95 total state and local per pupil revenue for school operating purposes, there is allocated to each district a state portion of the district’s 1994-95 foundation allowance in an amount calculated as follows:

(a) Except as otherwise provided in this subsection, the state portion of a district’s 1994-95 foundation allowance is an amount equal to the district’s 1994-95 foundation allowance or $6,500.00, whichever is less, minus the difference between the sum of the product of the taxable value per membership pupil of all property in the district that is nonexempt property times the district’s certified mills and, for a district with certified mills exceeding 12, the product of the taxable value per membership pupil of property in the district that is commercial personal property times the certified mills minus 12 mills and the quotient of the ad valorem property tax revenue of the district captured under tax increment financing acts divided by the district’s membership. For a district that has a millage reduction required under section 31 of article IX of the state constitution of 1963, the state portion of the district’s foundation allowance shall be calculated as if that reduction did not occur. For a receiving district, if school operating taxes are to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district under section 12 of the revised school code, MCL 380.12, taxable value per membership pupil of all property in the receiving district that is nonexempt property and taxable value per membership pupil of property in the receiving district that is commercial personal property do not include property within the geographic area of the dissolved district; ad valorem property tax revenue of the receiving district captured under tax increment financing acts does not include ad valorem property tax revenue captured within the geographic boundaries of the dissolved district under tax increment financing acts; and certified mills do not include the certified mills of the dissolved district.

(b) For a district that had a 1994-95 foundation allowance greater than $6,500.00, the state payment under this subsection shall be the sum of the amount calculated under subdivision (a) plus the amount calculated under this subdivision. The amount calculated under this subdivision shall be equal to the difference between the district’s 1994-95 foundation allowance minus $6,500.00 and the current year hold harmless school operating taxes per pupil. If the result of the calculation under subdivision (a) is negative, the negative amount shall be an offset against any state payment calculated under this subdivision. If the result of a calculation under this subdivision is negative, there shall not be a state payment or a deduction under this subdivision. The taxable values per membership pupil used in the calculations under this subdivision are as adjusted by ad valorem property tax revenue captured under tax increment financing acts divided by the district’s membership. For a receiving district, if school operating taxes are to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district under section 12 of the revised school code, MCL 380.12, ad valorem property tax revenue captured under tax increment financing acts do not include ad valorem property tax revenue captured within the geographic boundaries of the dissolved district under tax increment financing acts.

(3) Beginning in 2003-2004, for pupils in membership in a qualifying public school academy, there is allocated under this section to the authorizing body that is the fiscal agent for the qualifying public school academy for forwarding to the qualifying public school academy an amount equal to the 1994-95 per pupil payment to the qualifying public school academy under section 20.

(4) A district or qualifying public school academy may use funds allocated under this section in conjunction with any federal funds for which the district or qualifying public school academy otherwise would be eligible.

(5) Except as otherwise provided in this subsection, for a district that is formed or reconfigured after June 1, 2000 by consolidation of 2 or more districts or by annexation, the resulting district’s 1994-95 foundation allowance under this section beginning after the effective date of the consolidation or annexation shall be the average of the 1994-95 foundation allowances of each of the original or affected districts, calculated as provided in this section, weighted as to the percentage of pupils in total membership in the resulting district in the state fiscal year in which the consolidation takes place who reside in the geographic area of each of the original districts. If an affected district’s 1994-95 foundation allowance is less than the 1994-95 basic foundation allowance, the amount of that district’s 1994-95 foundation allowance shall be considered for the purpose of calculations under this subsection to be equal to the amount of the 1994-95 basic foundation allowance. All head start and great start readiness program policies and regulations apply to the blended program.

(5) If funds allocated for eligible applicants under section 32d remain after the initial allocation under subsection (4), the allocation under this subsection shall be distributed to each eligible applicant under section 32d in decreasing order of concentration of eligible children as determined by the formula under subsection (3). The allocation shall be determined by multiplying the number of children SLOTS in each district within the applicant’s service area served FILLED in the immediately preceding fiscal year or the number of children SLOTS the applicant indicates it will be able to serve under subsection (1)(c), whichever is less, minus the number of children SLOTS for which the applicant received funding in subsection (4) by $3,625.00.

(6) If funds allocated for eligible applicants under section 32d remain after the allocations under subsections (4) and (5), remaining funds shall be distributed to each eligible applicant under section 32d in decreasing order of concentration of eligible children as determined by the formula under subsection (3). If the number of children SLOTS the applicant indicates it will be able to serve under subsection (1)(c) exceeds the number of children SLOTS for which funds have been received under subsections (4) and (5), the allocation under this subsection shall be determined by multiplying the number of children SLOTS the applicant indicates it will be able to serve under subsection (1)(c) less the number of children SLOTS for which funds have been received under subsections (4) and (5) by $3,625.00 until the funds allocated for eligible applicants in section 32d are distributed.

(7) An applicant that offers supplementary child care funded by funds other than those received under section 32d and therefore offers full-day programs as part of its early childhood development program shall receive priority in the allocation of funds under section 32d over other eligible applicants. As used in this subsection, “full-day program” means a program that provides supplementary child care that totals at least 10 hours of programming per day.

(8) If, taking into account the total amount to be allocated to the applicant as calculated under this section, an applicant determines that it is able to include additional eligible children in the great start readiness program without additional funds under section 32d, the applicant may include additional eligible children but shall not receive additional funding under section 32d for those children.

Reimbursement shall be on a per-pupil basis and shall be based on the number of pupils of limited English-speaking ability in membership on the pupil membership count day. Funds allocated under this section shall be used solely for instruction in speaking, reading, writing, or comprehension of English. A pupil shall not be counted under this section or instructed in a program under this section for more than 3 years.

Sec. 51a. (1) From the appropriation in section 11, there is allocated an amount not to exceed $901,946,100.00 $945,246,100.00 for 2014-2015-2015-2016 and an amount not to exceed $918,546,100.00 for 2015-2016 $973,046,100.00 FOR 2016-2017 from state sources and all available federal funding under sections 611 to 619 of part B of the individuals with disabilities....
education act, 20 USC 1411 to 1419, estimated at $370,000,000.00 each fiscal year for 2014-2015 and for 2015-2016 AND FOR 2016-2017, plus any carryover federal funds from previous year appropriations. The allocations under this subsection are for the purpose of reimbursing federal funds to districts, intermediate districts for special education programs, services, and special education personnel as prescribed in article 3 of the revised school code, MCL 380.1701 to 380.1766; net tuition payments made by intermediate districts to the Michigan schools for the deaf and blind; and special education programs and services for pupils who are eligible for special education programs and services according to statute or rule. For meeting the costs of special education programs and services not reimbursed under this article, a district or intermediate district may use money in general funds or special education funds, not otherwise restricted, or contributions from districts to intermediate districts, tuition payments, gifts and contributions from individuals or other entities, or federal funds that may be available for this purpose, as determined by the intermediate district plan prepared pursuant to article 3 of the revised school code, MCL 380.1701 to 380.1766. Notwithstanding section 17b, payments of federal funds to districts, intermediate districts, and other eligible entities under this section shall be made on a schedule determined by the department.

(2) From the funds allocated under subsection (1), there is allocated the amount necessary, estimated at $248,100,000.00 for 2014-2015, $263,500,000.00 FOR 2015-2016 and estimated at $251,900,000.00 for 2015-2016, $271,600,000.00 FOR 2016-2017, for payments toward reimbursing districts and intermediate districts for 28.6138% of total approved costs of special education, excluding costs reimbursed under section 53a, and 70.4165% of total approved costs of special education transportation. Allocations under this subsection shall be made as follows:

(a) The initial amount allocated to a district under this subsection toward fulfilling the specified percentages shall be calculated by multiplying the district’s special education pupil membership, excluding pupils described in subsection (11), times the foundation allowance under section 20 of the pupil’s district of residence PLUS THE AMOUNT OF THE DISTRICT’S PER-PUPIL ALLOCATION UNDER SECTION 20M, not to exceed the basic foundation allowance under section 20 for the current fiscal year, or, for a special education pupil in membership in a district that is a public school academy, times an amount equal to the amount per membership pupil calculated under section 20(6) or, for a pupil described in this subsection who is counted in membership in the education achievement system, times an amount equal to the amount per membership pupil under section 20(7). For an intermediate district, the amount allocated under this subdivision toward fulfilling the specified percentages shall be an amount per special education membership pupil, excluding pupils described in subsection (11), and shall be calculated in the same manner as for a district, using the foundation allowance under section 20 of the pupil’s district of residence, not to exceed the basic foundation allowance under section 20 for the current fiscal year, AND THAT DISTRICT’S PER-PUPIL ALLOCATION UNDER SECTION 20M.

(b) After the allocations under subdivision (a), districts and intermediate districts for which the payments calculated under subdivision (a) do not fulfill the specified percentages shall be paid the amount necessary to achieve the specified percentages for the district or intermediate district.

(3) From the funds allocated under subsection (1), there is allocated for 2014-2015, 2015-2016 an amount not to exceed $1,000,000.00 and there is allocated for 2015-2016, 2016-2017 an amount not to exceed $1,300,000.00-$1,100,000.00 to make payments to districts and intermediate districts under this subsection. If the amount allocated to a district or intermediate district for a fiscal year under subsection (2)(b) is less than the sum of the amounts allocated to the district or intermediate district for 1996-97 under sections 52 and 58, there is allocated to the district or intermediate district for the fiscal year an amount equal to that difference, adjusted by applying the same proration factor that was used in the distribution of funds under section 52 in 1996-97 as adjusted to the district’s or intermediate district’s necessary costs of special education used in calculations for the fiscal year. This adjustment is to reflect reductions in special education program operations or services between 1996-97 and subsequent fiscal years. Adjustments for reductions in special education program operations or services shall be made in a manner determined by the department and shall include adjustments for program or service shifts.

(4) If the department determines that the sum of the amounts allocated for a fiscal year to a district or intermediate district under subsection (2)(a) and (b) is not sufficient to fulfill the specified percentages in subsection (2), then the shortfall shall be paid to the district or intermediate district during the fiscal year beginning on the October 1 following the determination and payments under subsection (3) shall be adjusted as necessary. If the department determines that the sum of the amounts allocated for a fiscal year to a district or intermediate district under subsection (2)(a) and (b) exceeds the sum of the amount necessary to fulfill the specified percentages in subsection (2), then the department shall deduct the amount of the excess from the district’s or intermediate district’s payments under this article for the fiscal year beginning on the October 1 following the determination and payments under subsection (3) shall be adjusted as necessary. However, if the amount allocated under subsection (2)(a) in itself exceeds the amount necessary to fulfill the specified percentages in subsection (2), there shall be no deduction under this subsection.

(5) State funds shall be allocated on a total approved cost basis. Federal funds shall be allocated under applicable federal requirements, except that an amount not to exceed $3,500,000.00 may be allocated by the department each fiscal year for 2014-2015, 2015-2016 and for 2015-2016, 2016-2017 to districts, intermediate districts, or other eligible entities on a competitive grant basis for programs, equipment, and services that the department determines to be designed to benefit or improve special education on a statewide scale.

(6) From the amount allocated in subsection (1), there is allocated an amount not to exceed $2,200,000.00 each fiscal year for 2014-2015 and for 2015-2016 AND FOR 2016-2017 to reimburse 100% of the net increase in necessary costs incurred by
a district or intermediate district in implementing the revisions in the administrative rules for special education that became effective on July 1, 1987. As used in this subsection, “net increase in necessary costs” means the necessary additional costs incurred solely because of new or revised requirements in the administrative rules minus cost savings permitted in implementing the revised rules. Net increase in necessary costs shall be determined in a manner specified by the department.

(7) For purposes of sections 51a to 58, all of the following apply:

(a) “Total approved costs of special education” shall be determined in a manner specified by the department and may include indirect costs, but shall not exceed 115% of approved direct costs for section 52 and section 53a programs. The total approved costs include salary and other compensation for all approved special education personnel for the program, including payments for social security and Medicare and public school employee retirement system contributions. The total approved costs do not include salaries or other compensation paid to administrative personnel who are not special education personnel as defined in section 6 of the revised school code, MCL 380.6. Costs reimbursed by federal funds, other than those federal funds included in the allocation made under this article, are not included. Special education approved personnel not utilized full time in the evaluation of students or in the delivery of special education programs, ancillary, and other related services shall be reimbursed under this section only for that portion of time actually spent providing these programs and services, with the exception of special education programs and services provided to youth placed in child caring institutions or juvenile detention programs approved by the department to provide an on-grounds education program.

(b) Beginning with the 2004-2005 fiscal year, a district or intermediate district that employed special education support services staff to provide special education support services in 2003-2004 or in a subsequent fiscal year and that in a fiscal year after 2003-2004 receives the same type of support services from another district or intermediate district shall report the cost of those support services for special education reimbursement purposes under this article. This subdivision does not prohibit the transfer of special education classroom teachers and special education classroom aides if the pupils counted in membership associated with those special education classroom teachers and special education classroom aides are transferred and counted in membership in the other district or intermediate district in conjunction with the transfer of those teachers and aides.

(c) If the department determines before bookclosings for a fiscal year that the amounts allocated for that fiscal year under subsections (2), (3), (6), and (11) and sections 53a, 54, and 56 will exceed expenditures for that fiscal year under subsections (2), (3), (6), and (11) and sections 53a, 54, and 56, then for a district or intermediate district whose reimbursement for that fiscal year would otherwise be affected by subdivision (b), subdivision (b) does not apply to the calculation of the reimbursement for that district or intermediate district and reimbursement for that district or intermediate district shall be calculated in the same manner as it was for 2003-2004. If the amount of the excess allocations under subsections (2), (3), (6), and (11) and sections 53a, 54, and 56 is not sufficient to fully fund the calculation of reimbursement to those districts and intermediate districts under this subdivision, then the calculations and resulting reimbursement under this subdivision shall be prorated on an equal percentage basis. Beginning in 2015-2016, the amount of reimbursement under this subdivision for a fiscal year shall not exceed $2,000,000.00 for any district or intermediate district.

(d) Reimbursement for ancillary and other related services, as defined by R 340.1701c of the Michigan administrative code, shall not be provided when those services are covered by and available through private group health insurance carriers or federal reimbursed program sources unless the department and district or intermediate district agree otherwise and that agreement is approved by the state budget director. Expenses, other than the incidental expense of filing, shall not be borne by the parent. In addition, the filing of claims shall not delay the education of a pupil. A district or intermediate district shall be responsible for payment of a deductible amount and for an advance payment required until the time a claim is paid.

(e) Beginning with calculations for 2004-2005, if an intermediate district purchases a special education pupil transportation service from a constituent district that was previously purchased from a private entity; if the purchase from the constituent district is at a lower cost, adjusted for changes in fuel costs; and if the cost shift from the intermediate district to the constituent district is not offset in any net change in the revenue the constituent district receives from payments under sections 22b and 51c, then upon application by the intermediate district, the department shall direct the intermediate district to continue to report the cost associated with the specific identified special education pupil transportation service and shall adjust the costs reported by the constituent district to remove the cost associated with that specific service.

(8) A pupil who is enrolled in a full-time special education program conducted or administered by an intermediate district or a pupil who is enrolled in the Michigan schools for the deaf andblind shall not be included in the membership count of a district, but shall be counted in membership in the intermediate district of residence.

(9) Special education personnel transferred from 1 district to another to implement the revised school code shall be entitled to the rights, benefits, and tenure to which the person would otherwise be entitled had that person been employed by the receiving district originally.

(10) If a district or intermediate district uses money received under this section for a purpose other than the purpose or purposes for which the money is allocated, the department may require the district or intermediate district to refund the amount of money received. Money that is refunded shall be deposited in the state treasury to the credit of the state school aid fund.

(11) From the funds allocated in subsection (1), there is allocated the amount necessary, estimated at $3,400,000.00 for 2014-2015, $3,800,000.00 FOR 2015-2016 and estimated at $3,300,000.00 for 2015-2016, $3,700,000.00 FOR 2016-2017, to pay the foundation allowances for pupils described in this subsection. The allocation to a district under this subsection shall be calculated by multiplying the number of pupils described in this subsection who are counted in membership in the district
times THE SUM OF the foundation allowance under section 20 of the pupil’s district of residence PLUS THE AMOUNT OF THE DISTRICT’S PER-PUPIL ALLOCATION UNDER SECTION 20M, not to exceed the basic foundation allowance under section 20 for the current fiscal year, or, for a pupil described in this subsection who is counted in membership in a district that is a public school academy, times an amount equal to the amount per membership pupil under section 20(6) or, for a pupil described in this subsection who is counted in membership in the education achievement system, times an amount equal to the amount per membership pupil under section 20(7). The allocation to an intermediate district under this subsection shall be calculated in the same manner as for a district, using the foundation allowance under section 20 of the pupil’s district of residence, not to exceed the basic foundation allowance under section 20 for the current fiscal year, AND THAT DISTRICT’S PER-PUPIL ALLOCATION UNDER SECTION 20M. This subsection applies to all of the following pupils:

(a) Pupils described in section 53a.
(b) Pupils counted in membership in an intermediate district who are not special education pupils and are served by the intermediate district in a juvenile detention or child caring facility.
(c) Pupils with an emotional impairment counted in membership by an intermediate district and provided educational services by the department of health and human services.

(12) If it is determined that funds allocated under subsection (2) or (11) or under section 51c will not be expended, funds up to the amount necessary and available may be used to supplement the allocations under subsection (2) or (11) or under section 51c in order to fully fund those allocations. After payments under subsections (2) and (11) and section 51c, the remaining expenditures from the allocation in subsection (1) shall be made in the following order:

(a) 100% of the reimbursement required under section 53a.
(b) 100% of the reimbursement required under subsection (6).
(c) 100% of the payment required under section 54.
(d) 100% of the payment required under subsection (3).
(e) 100% of the payments under section 56.

(13) The allocations under subsections (2), (3), and (11) shall be allocations to intermediate districts only and shall not be allocations to districts, but instead shall be calculations used only to determine the state payments under section 22b.

(14) If a public school academy enrolls pursuant to this section a pupil who resides outside of the intermediate district in which the public school academy is located and who is eligible for special education programs and services according to statute or rule, or who is a child with disabilities, as defined under the individuals with disabilities education act, Public Law 108-446, the provision of special education programs and services and the payment of the added costs of special education programs and services for the pupil are the responsibility of the district and intermediate district in which the pupil resides unless the enrolling district or intermediate district has a written agreement with the district or intermediate district in which the pupil resides or the public school academy for the purpose of providing the pupil with a free appropriate public education and the written agreement includes at least an agreement on the responsibility for the payment of the added costs of special education programs and services for the pupil.

(15) It is the intent of the legislature that, beginning BEGINNING in 2016-2017, a district, public school academy, or intermediate district that fails to comply with subsection (14) or with the requirements of federal regulations regarding the treatment of public school academies and public school academy pupils for the purposes of special education, 34 CFR 300.209, forfeits from its total state aid an amount equal to 10% of its total state aid.

Funds allocated under this section that are not expended in the state fiscal year for which they were allocated, as determined by the department, may be used to supplement the allocations under sections 22a and 22b in order to fully fund those calculated allocations for the same fiscal year.

Sec. 51d. (1) From the federal funds appropriated in section 11, there is allocated for 2015-2016 2016-2017, all available federal funding, estimated at $71,000,000.00, for special education programs and services that are funded by federal grants. Sec. 101. (1) To be eligible to receive state aid under this article, not later than the fifth Wednesday after the pupil membership count day and not later than the fifth Wednesday after the supplemental count day, each district superintendent shall submit to the center and the intermediate superintendent, in the form and manner prescribed by the center, the number of pupils enrolled and in regular daily attendance in the district as of the pupil membership count day and as of the supplemental count day, as applicable, for the current school year. In addition, a district maintaining school during the entire year, as provided under section 1561 of the revised school code, MCL 380.1561, shall submit to the center and the intermediate superintendent, in the form and manner prescribed by the center, the number of pupils enrolled and in regular daily attendance in the district for the current school year pursuant to rules promulgated by the superintendent. Not later than the sixth Wednesday after the pupil membership count day and not later than the sixth Wednesday after the supplemental count day, the district shall certify the data in a form and manner prescribed by the center and file the certified data with the intermediate superintendent. If a district fails to submit and certify the attendance data, as required under this subsection, the center shall notify the department and state aid due to be distributed under this article shall be withheld from the defaulting district immediately, beginning with the next payment after the failure and continuing with each payment until the district complies with this subsection. If a district does not comply with this subsection by the end of the fiscal year, the district forfeits the amount withheld. A person who willfully falsifies a figure or statement in the certified and sworn copy of enrollment shall be punished in the manner prescribed by section 161.

(2) To be eligible to receive state aid under this article, not later than the twenty-fourth Wednesday after the pupil membership count day and not later than the twenty-fourth Wednesday after the supplemental count day, an intermediate district shall submit to the center, in a form and manner prescribed by the center, the audited enrollment and attendance data for the pupils of its constituent districts and of the intermediate district. (3) Except as otherwise provided in subsections (11) and (12), all of the following apply to the provision of pupil instruction:

(a) Except as otherwise provided in this section, each district shall provide at least 1,098 hours and, beginning in 2010-2011, the required minimum number of days of pupil instruction. Beginning in 2014-2015, the required minimum number of days of pupil instruction is 175. However, all of the following apply to these requirements:

(i) If a collective bargaining agreement that provides a complete school calendar was in effect for employees of a district as of July 1, 2013, and if that school calendar is not in compliance with this subsection, then this subsection does not apply to that district until after the expiration of that collective bargaining agreement. If a district entered into a collective bargaining agreement on or after July 1, 2013 and if that collective bargaining agreement did not provide for at least 175 days of pupil instruction beginning in 2014-2015, then the department shall withhold from the district’s total state school aid an amount equal to 5% of the funding the district receives in 2014-2015 under sections 22a and 22b.

(ii) A district may apply for a waiver under subsection (9) from the requirements of this subdivision.

(b) Beginning in 2016-2017, the required minimum number of days of pupil instruction is 180. If a collective bargaining agreement that provides a complete school calendar was in effect for employees of a district as of the effective date of the
amendatory act that added this subdivision, and if that school calendar is not in compliance with this subdivision, then this subdivision does not apply to that district until after the expiration of that collective bargaining agreement. A district may apply for a waiver under subsection (9) from the requirements of this subdivision.

(c) Except as otherwise provided in this article, a district failing to comply with the required minimum hours and days of pupil instruction under this subsection shall forfeit from its state aid allocation an amount determined by applying a ratio of the number of hours or days the district was in noncompliance in relation to the required minimum number of hours and days under this subsection. Not later than August 1, the board of each district shall EITHER certify to the department THAT THE DISTRICT WAS IN FULL COMPLIANCE WITH THIS SECTION REGARDING the number of hours and days of pupil instruction in the previous school year, OR REPORT TO THE DEPARTMENT, IN A FORM AND MANNER PRESCRIBED BY THE CENTER, EACH INSTANCE OF NONCOMPLIANCE. If the district did not provide at least the required minimum number of hours and days of pupil instruction under this subsection, the deduction of state aid shall be made in the following fiscal year from the first payment of state school aid. A district is not subject to forfeiture of funds under this subsection for a fiscal year in which a forfeiture was already imposed under subsection (6).

(d) Hours or days lost because of strikes or teachers’ conferences shall not be counted as hours or days of pupil instruction.

(e) If a collective bargaining agreement that provides a complete school calendar is in effect for employees of a district as of October 19, 2009, and if that school calendar is not in compliance with this subsection, then this subsection does not apply to that district until after the expiration of that collective bargaining agreement.

(f) Except as otherwise provided in subdivisions (g) and (h), a district not having at least 75% of the district’s membership in attendance on any day of pupil instruction shall receive state aid in that proportion of 1/180 that the actual percent of attendance bears to the specified percentage.

(g) If a district adds 1 or more days of pupil instruction to the end of its instructional calendar for a school year to comply with subdivision (a) because the district otherwise would fail to provide the required minimum number of days of pupil instruction even after the operation of subsection (4) due to conditions not within the control of school authorities, then subdivision (f) does not apply for any day of pupil instruction that is added to the end of the instructional calendar. Instead, for any of those days, if the district does not have at least 60% of the district’s membership in attendance on that day, the district shall receive state aid in that proportion of 1/180 that the actual percentage of attendance bears to the specified percentage. For any day of pupil instruction added to the instructional calendar as described in this subdivision, the district shall report to the department the percentage of the district’s membership that is in attendance, in the form and manner prescribed by the department.

(h) At the request of a district that operates a department-approved alternative education program and that does not provide instruction for pupils in all of grades K to 12, the superintendent shall grant a waiver from the requirements of subdivision (f). The waiver shall indicate that an eligible district is subject to the proration provisions of subdivision (f) only if the district does not have at least 50% of the district’s membership in attendance on any day of pupil instruction. In order to be eligible for this waiver, a district must maintain records to substantiate its compliance with the following requirements:

(i) The district offers the minimum hours of pupil instruction as required under this section.

(ii) For each enrolled pupil, the district uses appropriate academic assessments to develop an individual education plan that leads to a high school diploma.

(iii) The district tests each pupil to determine academic progress at regular intervals and records the results of those tests in that pupil’s individual education plan.

(iv) All of the following apply to a waiver granted under subdivision (h):

(i) If the waiver is for a blended model of delivery, a waiver that is granted for the 2011-2012 fiscal year or a subsequent fiscal year remains in effect unless it is revoked by the superintendent.

(ii) If the waiver is for a 100% online model of delivery and the educational program for which the waiver is granted makes educational services available to pupils for a minimum of at least 1,098 hours during a school year and ensures that each pupil participates in the educational program for at least 1,098 hours during a school year, a waiver that is granted for the 2011-2012 fiscal year or a subsequent fiscal year remains in effect unless it is revoked by the superintendent.

(iii) A waiver that is not a waiver described in subparagraph (i) or (ii) is valid for 1 fiscal year and must be renewed annually to remain in effect.

(j) The superintendent shall promulgate rules for the implementation of this subsection.

(4) Except as otherwise provided in this subsection, the first 6 days or the equivalent number of hours for which pupil instruction is not provided because of conditions not within the control of school authorities, such as severe storms, fires, epidemics, utility power unavailability, water or sewer failure, or health conditions as defined by the city, county, or state health authorities, shall be counted as hours and days of pupil instruction. With the approval of the superintendent of public instruction, the department shall count as hours and days of pupil instruction for a fiscal year not more than 3 additional days or the equivalent number of additional hours for which pupil instruction is not provided in a district due to unusual and extenuating occurrences resulting from conditions not within the control of school authorities such as those conditions described in this subsection. Subsequent such hours or days shall not be counted as hours or days of pupil instruction.

(5) A district shall not forfeit part of its state aid appropriation because it adopts or has in existence an alternative scheduling program for pupils in kindergarten if the program provides at least the number of hours required under subsection (3) for a full-time equated membership for a pupil in kindergarten as provided under section 6(4).
(6) In addition to any other penalty or forfeiture under this section, if at any time the department determines that 1 or more of the following have occurred in a district, the district shall forfeit in the current fiscal year beginning in the next payment to be calculated by the department a proportion of the funds due to the district under this article that is equal to the proportion below the required minimum number of hours and days of pupil instruction under subsection (3), as specified in the following:

(a) The district fails to operate its schools for at least the required minimum number of hours and days of pupil instruction under subsection (3) in a school year, including hours and days counted under subsection (4).

(b) The board of the district takes formal action not to operate its schools for at least the required minimum number of hours and days of pupil instruction under subsection (3) in a school year, including hours and days counted under subsection (4).

(7) In providing the minimum number of hours and days of pupil instruction required under subsection (3), a district shall use the following guidelines, and a district shall maintain records to substantiate its compliance with the following guidelines:

(a) Except as otherwise provided in this subsection, a pupil must be scheduled for at least the required minimum number of hours of instruction, excluding study halls, or at least the sum of 90 hours plus the required minimum number of hours of instruction, including up to 2 study halls.

(b) The time a pupil is assigned to any tutorial activity in a block schedule may be considered instructional time, unless that time is determined in an audit to be a study hall period.

(c) Except as otherwise provided in this subdivision, a pupil in grades 9 to 12 for whom a reduced schedule is determined to be in the individual pupil’s best educational interest must be scheduled for a number of hours equal to at least 80% of the required minimum number of hours of pupil instruction to be considered a full-time equivalent pupil. A pupil in grades 9 to 12 who is scheduled in a 4-block schedule may receive a reduced schedule under this subsection if the pupil is scheduled for a number of hours equal to at least 75% of the required minimum number of hours of pupil instruction to be considered a full-time equivalent pupil.

(d) If a pupil in grades 9 to 12 who is enrolled in a cooperative education program or a special education pupil cannot receive the required minimum number of hours of pupil instruction solely because of travel time between instructional sites during the school day, that travel time, up to a maximum of 3 hours per school week, shall be considered to be pupil instruction time for the purpose of determining whether the pupil is receiving the required minimum number of hours of pupil instruction. However, if a district demonstrates to the satisfaction of the department that the travel time limitation under this subdivision would create undue costs or hardship to the district, the department may consider more travel time to be pupil instruction time for this purpose.

(e) In grades 7 through 12, instructional time that is part of a junior reserve officer training corps (JROTC) program shall be considered to be pupil instruction time regardless of whether the instructor is a certificated teacher if all of the following are met:

(i) The instructor has met all of the requirements established by the United States Department of Defense and the applicable branch of the armed services for serving as an instructor in the junior reserve officer training corps program.

(ii) The board of the district or intermediate district employing or assigning the instructor complies with the requirements of sections 1230 and 1230a of the revised school code, MCL 380.1230 and 380.1230a, with respect to the instructor to the same extent as if employing the instructor as a regular classroom teacher.

(8) Except as otherwise provided in subsections (11) and (12), the department shall apply the guidelines under subsection (7) in calculating the full-time equivalency of pupils.

(9) Upon application by the district for a particular fiscal year, the superintendent shall waive for a district the minimum number of hours and days of pupil instruction requirement of subsection (3) for a department-approved alternative education program or another innovative program approved by the department, including a 4-day school week. If a district applies for and receives a waiver under this subsection and complies with the terms of the waiver, the district is not subject to forfeiture under this section for the specific program covered by the waiver. If the district does not comply with the terms of the waiver, the amount of the forfeiture shall be calculated based upon a comparison of the number of hours and days of pupil instruction actually provided to the minimum number of hours and days of pupil instruction required under subsection (3). Pupils enrolled in a department-approved alternative education program under this subsection shall be reported to the center in a form and manner determined by the center. All of the following apply to a waiver granted under this subsection:

(a) If the waiver is for a blended model of delivery, a waiver that is granted for the 2011-2012 fiscal year or a subsequent fiscal year remains in effect unless it is revoked by the superintendent.

(b) If the waiver is for a 100% online model of delivery and the educational program for which the waiver is granted makes educational services available to pupils for a minimum of at least 1,098 hours during a school year and ensures that each pupil is on track for course completion at proficiency level, a waiver that is granted for the 2011-2012 fiscal year or a subsequent fiscal year remains in effect unless it is revoked by the superintendent.

(c) A waiver that is not a waiver described in subdivision (a) or (b) is valid for 1 fiscal year and must be renewed annually to remain in effect.

(10) Until 2014-2015, a district may count up to 38 hours of qualifying professional development for teachers as hours of pupil instruction. However, if a collective bargaining agreement that provides for the counting of up to 38 hours of qualifying professional development for teachers as pupil instruction is in effect for employees of a district as of July 1, 2013, then until the school year that begins after the expiration of that collective bargaining agreement a district may count up to the contractually
specified number of hours of qualifying professional development for teachers as hours of pupil instruction. Professional development provided online is allowable and encouraged, as long as the instruction has been approved by the district. The department shall issue a list of approved online professional development providers, which shall include the Michigan Virtual School. As used in this subsection, “qualifying professional development” means professional development that is focused on 1 or more of the following:

(a) Achieving or improving adequate yearly progress as defined under the no child left behind act of 2001, Public Law 107-110.
(b) Achieving accreditation or improving a school’s accreditation status under section 1280 of the revised school code, MCL 380.1280.

(11) Subsections (3) and (8) do not apply to a school of excellence that is a cyber school, as defined in section 551 of the revised school code, MCL 380.551, and is in compliance with section 553a of the revised school code, MCL 380.553a.

(12) Subsections (3) and (8) do not apply to eligible pupils enrolled in a dropout recovery program that meets the requirements of section 23a. As used in this subsection, “eligible pupil” means that term as defined in section 23a.

(13) Beginning in 2013, at least every 2 years the superintendent shall review the waiver standards set forth in the pupil accounting and auditing manuals to ensure that the waiver standards and waiver process continue to be appropriate and responsive to changing trends in online learning. The superintendent shall solicit and consider input from stakeholders as part of this review.

(2) The results of each test administered as part of the Michigan student test of educational progress (M-STEP), including tests administered to high school students, shall include an item analysis that lists all items that are counted for individual pupil scores and the percentage of pupils choosing each possible response. THE DEPARTMENT SHALL WORK WITH THE CENTER TO IDENTIFY THE NUMBER OF STUDENTS ENROLLED AT THE TIME ASSESSMENTS ARE GIVEN BY EACH DISTRICT. IN CALCULATING THE PERCENTAGE OF PUPILS ASSESSED FOR A DISTRICT’S SCORECARD, THE DEPARTMENT SHALL USE ONLY THE NUMBER OF PUPILS ENROLLED IN THE DISTRICT AT THE TIME THE DISTRICT ADMINISTERS THE ASSESSMENTS AND SHALL EXCLUDE PUPILS WHO ENROLL IN THE DISTRICT AFTER THE DISTRICT ADMINISTERS THE ASSESSMENTS.

(3) All federal funds allocated under this section shall be distributed in accordance with federal law and with flexibility provisions outlined in Public Law 107-116, and in the education flexibility partnership act of 1999, Public Law 106-25.

(4) FROM THE ALLOCATION IN SUBSECTION (1), THERE IS ALLOCATED AN AMOUNT NOT TO EXCEED $185,000.00 FOR THE IMPLEMENTATION OF A KINDERGARTEN READINESS ASSESSMENT PILOT PROJECT IN 2016-2017. THE FUNDING WOULD BE ALLOCATED TO AN INTERMEDIATE DISTRICT LOCATED IN A PROSPERITY REGION WITH 2 OR MORE SUBREGIONS TO PARTICIPATE IN THE MARYLAND-OHIO PILOT AND COVER THE COST OF A CONTRACT WITH A UNIVERSITY FOR IMPLEMENTATION OF VERSION 1.75 OF THE KINDERGARTEN READINESS ASSESSMENT TOOL. THE KINDERGARTEN READINESS ASSESSMENT PILOT SHALL ASSESS AN ESTIMATED 4,000 CHILDREN, AND THE DESIGNATED INTERMEDIATE DISTRICT SHALL WORK WITH OTHER INTERMEDIATE DISTRICTS TO IMPLEMENT THE PILOT PROJECT, ENGAGE WITH THE OFFICE OF GREAT START AND THE DEPARTMENT, AND PROVIDE A REPORT TO THE LEGISLATURE ON THE EFFICACY AND USEFULNESS OF A KINDERGARTEN READINESS ASSESSMENT. ALLOWABLE COSTS UNDER THIS PILOT PROGRAM INCLUDE THOSE INCURRED IN AUGUST AND SEPTEMBER 2016.

(6) THE DEPARTMENT MAY RECOMMEND, BUT MAY NOT REQUIRE, DISTRICTS TO ALLOW PUPILS TO USE AN EXTERNAL KEYBOARD WITH TABLET DEVICES FOR ONLINE M-STEP TESTING, INCLUDING, BUT NOT LIMITED TO, OPEN-ENDED TEST ITEMS SUCH AS CONSTRUCTED RESPONSE OR EQUATION BUILDER ITEMS.

(5) From the allocation in subsection (1), there is allocated an amount not to exceed $8,500,000.00 for the following purposes:

(a) Converting existing student assessments to online assessments.

(b) Providing paper and pencil test versions to districts not prepared to implement online assessments.

(c) Expanding writing assessments to additional grade levels.

(d) Providing an increased number of constructed response test questions so that pupils can demonstrate higher order skills such as problem solving and communicating reasoning.

(8) From the allocation in subsection (1), there is allocated an amount not to exceed $3,200,000.00 for the development or selection of an online reporting tool to provide student-level assessment data in a secure environment to educators, parents, and pupils immediately after assessments are scored. The department and the center shall ensure that any data collected by the online reporting tool do not provide individually identifiable student data to the federal government.

(9) From the allocation in subsection (1), there is allocated an amount not to exceed $5,600,000.00 for the purpose of implementing a summative assessment system pursuant to section 104c.
(10) As used in this section:

Sec. 104b. (1) In order to receive state aid under this section, a district shall comply with this section and shall administer the Michigan merit examination to pupils in grade 11, and to pupils in grade 12 who did not take the complete Michigan merit examination in grade 11, as provided in this section. The Michigan merit examination consists of a college entrance test, work skills test, and the summative assessment known as the Michigan student test of educational progress (M-STEP).

(2) For the purposes of this section, the department of technology, management, and budget shall contract with 1 or more providers to develop, supply, and score the Michigan merit examination. The Michigan merit examination shall consist of all of the following:
(a) Assessment instruments that measure English language arts, mathematics, reading, and science, and are used by the majority of colleges and universities in this state for entrance purposes. This may include 1 or more writing components. In selecting assessment instruments to fulfill the requirements of this subdivision, the department may consider the degree to which those assessment instruments are aligned to this state’s content standards.
(b) One or more tests from 1 or more test developers that assess a pupil’s ability to apply at least reading and mathematics skills in a manner that is intended to allow employers to use the results in making employment decisions. The department of technology, management, and budget and the superintendent shall ensure that any test or tests selected under this subdivision have all the components necessary to allow a pupil to be eligible to receive the results of a nationally recognized evaluation of workforce readiness if the pupil’s test performance is adequate.
(c) A social studies component.
(d) Any other component that is necessary to obtain the approval of the United States Department of Education to use the Michigan merit examination for the purposes of the no child left behind act of 2001, Public Law 107-110, OR THE EVERY STUDENT SUCCEEDS ACT, PUBLIC LAW 114-95.

(3) In addition to all other requirements of this section, all of the following apply to the Michigan merit examination:
(a) The department of technology, management, and budget and the superintendent shall ensure that any contractor used for scoring the Michigan merit examination supplies an individual report for each pupil that will identify for the pupil’s parents and teachers whether the pupil met expectations or failed to meet expectations for each standard, to allow the pupil’s parents and teachers to assess and remedy problems before the pupil moves to the next grade.
(b) The department of technology, management, and budget and the superintendent shall ensure that any contractor used for scoring, developing, or processing the Michigan merit examination meets quality management standards commonly used in the assessment industry, including at least meeting level 2 of the capability maturity model developed by the Software Engineering Institute of Carnegie Mellon University for the first year the Michigan merit examination is offered to all grade 11 pupils and at least meeting level 3 of the capability maturity model for subsequent years.
(c) The department of technology, management, and budget and the superintendent shall ensure that any contract for scoring, administering, or developing the Michigan merit examination includes specific deadlines for all steps of the assessment process, including, but not limited to, deadlines for the correct testing materials to be supplied to schools and for the correct results to be returned to schools, and includes penalties for noncompliance with these deadlines.
(d) The superintendent shall ensure that the Michigan merit examination meets all of the following:
(i) Is designed to test pupils on this state’s content standards in all subjects tested.
(ii) Complies with requirements of the no child left behind act of 2001, Public Law 107-110 OR THE EVERY STUDENT SUCCEEDS ACT, PUBLIC LAW 114-95.
(iii) Is consistent with the code of fair testing practices in education prepared by the Joint Committee on Testing Practices of the American Psychological Association.
(iv) Is factually accurate. If the superintendent determines that a question is not factually accurate and should be excluded from scoring, the state board and the superintendent shall ensure that the question is excluded from scoring.

(4) A district shall include on each pupil’s high school transcript all of the following:
(a) For each high school graduate who has completed the Michigan merit examination under this section, the pupil’s scaled score on each subject area component of the Michigan merit examination.
(b) The number of school days the pupil was in attendance at school each school year during high school and the total number of school days in session for each of those school years.
(c) A social studies component.

(5) The superintendent shall work with the provider or providers of the Michigan merit examination to produce Michigan merit examination subject area scores for each pupil participating in the Michigan merit examination. To the extent that the department determines that additional test items beyond those included in the college entrance component of the Michigan merit examination are required in a particular subject area, the department shall ensure that all test items in that subject area are scaled and merged for the purposes of producing a Michigan merit examination subject area score. The superintendent shall design and distribute to districts, intermediate districts, and nonpublic schools a simple and concise document that describes the scoring for each subject area and indicates the scaled score ranges for each subject area.
The Michigan merit examination shall be administered in each district during the last 12 weeks of the district’s school year. The superintendent shall ensure that the Michigan merit examination is scored and the scores are returned to pupils, their parents or legal guardians, and districts not later than the beginning of the pupil’s first semester of grade 12. The returned scores shall indicate at least the pupil’s scaled score for each subject area component and the range of scaled scores for each subject area. In reporting the scores to pupils, parents, and schools, the superintendent shall provide standards-specific, meaningful, and timely feedback on the pupil’s performance on the Michigan merit examination.

(7) A district shall administer the complete Michigan merit examination to a pupil only once and shall not administer the complete Michigan merit examination to the same pupil more than once. If a pupil does not take the complete Michigan merit examination in grade 11, the district shall administer the complete Michigan merit examination to the pupil in grade 12. If a pupil chooses to retake the college entrance examination component of the Michigan merit examination, as described in subsection (2)(a), the pupil may do so through the provider of the college entrance examination component and the cost of the retake is the responsibility of the pupil unless all of the following are met:

(a) The pupil has taken the complete Michigan merit examination.
(b) The pupil meets the income eligibility criteria for free breakfast, lunch, or milk, as determined under the Richard B. Russell national school lunch act, 42 USC 1751 to 1769i.
(c) The pupil has applied to the provider of the college entrance examination component for a scholarship or fee waiver to cover the cost of the retake and that application has been denied.
(d) After taking the complete Michigan merit examination, the pupil has not already received a free retake of the college entrance examination component paid for either by this state or through a scholarship or fee waiver by the provider.

(8) The superintendent shall ensure that the length of the Michigan merit examination and the combined total time necessary to administer all of the components of the Michigan merit examination are the shortest possible that will still maintain the degree of reliability and validity of the Michigan merit examination results determined necessary by the superintendent. The superintendent shall ensure that the maximum total combined length of time that schools are required to set aside for pupils to answer all test questions on the Michigan merit examination does not exceed 8 hours if the superintendent determines that sufficient alignment to applicable Michigan merit curriculum content standards can be achieved within that time limit.

(9) A district shall provide accommodations to a pupil with disabilities for the Michigan merit examination, as provided under section 504 of title V of the rehabilitation act of 1973, 29 USC 794; subtitle A of title II of the Americans with disabilities act of 1990, 42 USC 12131 to 12134; the individuals with disabilities education act amendments of 1997, Public Law 105-17; and the implementing regulations for those statutes. The provider or providers of the Michigan merit examination and the superintendent shall mutually agree upon the accommodations to be provided under this subsection.

(10) To the greatest extent possible, the Michigan merit examination shall be based on this state’s content standards, as appropriate. Annually, after each administration of the Michigan merit examination, the department shall provide a report of the points per standard so that teachers will know what content will be covered within the Michigan merit examination. The department may augment the college entrance and work skills components of the Michigan merit examination to develop the assessment, depending on the alignment of those components to this state’s content standards. If these components do not align to these standards, the department shall produce additional components as required by law, while minimizing the amount of time needed for assessments.

(11) A child who is a student in a nonpublic school or home school may take the Michigan merit examination under this section. To take the Michigan merit examination, a child who is a student in a home school shall contact the district in which the child resides, and that district shall administer the Michigan merit examination, or the child may take the Michigan merit examination at a nonpublic school if allowed by the nonpublic school. Upon request from a nonpublic school, the superintendent shall direct the provider or providers to supply the Michigan merit examination to the nonpublic school and the nonpublic school may administer the Michigan merit examination. If a district administers the Michigan merit examination under this subsection to a child who is not enrolled in the district, the scores for that child are not considered for any purpose to be scores of a pupil of the district.

(12) In contracting under subsection (2), the department of technology, management, and budget shall consider a contractor that provides electronically-scored essays with the ability to score constructed response feedback in multiple languages and provide ongoing instruction and feedback.

(13) The purpose of the Michigan merit examination is to assess pupil performance in mathematics, science, social studies, and English language arts for the purpose of improving academic achievement and establishing a statewide standard of competency. The assessment under this section provides a common measure of data that will contribute to the improvement of Michigan schools’ curriculum and instruction by encouraging alignment with Michigan’s curriculum framework standards and promotes pupil participation in higher level mathematics, science, social studies, and English language arts courses. These standards are based upon the expectations of what pupils should learn through high school and are aligned with national standards.

(14) For a pupil enrolled in a middle college program, other than a middle college operated as a shared educational entity or a specialized shared educational entity, if the pupil receives at least 50% of his or her instruction at the high school while in grade 11, the Michigan merit examination shall be administered to the pupil at the high school at which the pupil receives high school instruction, and the department shall include the pupil’s scores on the Michigan merit examination in the scores for that high school for all purposes for which a school’s or district’s results are reported. The department shall allow the middle
college program to use a 5-year graduation rate for determining adequate yearly progress. As used in this subsection, “middle college” means a program consisting of a series of courses and other requirements and conditions, including an early college or other program created under a memorandum of understanding, that allows a pupil to graduate from high school with both a high school diploma and a certificate or degree from a community college or state public university.

(15) As used in this section:
(a) “English language arts” means reading and writing.
(b) “Social studies” means United States history, world history, world geography, economics, and American government.

Sec. 104c. (1) In order to receive state aid under this article, a district shall administer the state assessments described in this section.

(2) For the purposes of this section, the department shall develop for use in the spring of 2015-2016 the Michigan student test of educational progress (M-STEP) assessments in English language arts and mathematics. These assessments shall be aligned to state standards.

(3) For the purposes of this section, the department shall implement a summative assessment system that is proven to be valid and reliable for administration to pupils as provided under this subsection. The summative assessment system shall meet all of the following requirements:
(a) The summative assessment system shall measure student proficiency on the current state standards, shall measure student growth for consecutive grade levels in which students are assessed in the same subject area in both grade levels, and shall be capable of measuring individual student performance.
(b) The summative assessments for English language arts and mathematics shall be administered to all public school pupils in grades 3 to 11, including those pupils as required by the federal individuals with disabilities education act, Public Law 108-446, and by title I of the federal elementary and secondary education act.

(c) The summative assessments for science shall be administered to all public school pupils in at least grades 4 and 7, including those pupils as required by the federal individuals with disabilities education act, Public Law 108-446, and by title I of the federal elementary and secondary education act.

(d) The summative assessments for social studies shall be administered to all public school pupils in at least grades 5 and 8, including those pupils as required by the federal individuals with disabilities education act, Public Law 108-446, and by title I of the federal elementary and secondary education act.

(e) The content of the summative assessments shall be aligned to state standards.

(f) The pool of questions for the summative assessments shall be subject to a transparent review process for quality, bias, and sensitive issues involving educator review and comment. The department shall post samples from tests or retired tests featuring questions from this pool for review by the public.

(g) The summative assessment system shall ensure that students, parents, and teachers are provided with reports that convey individual student proficiency and growth on the assessment and that convey individual student domain-level performance in each subject area, including representative questions, and individual student performance in meeting state standards.

(h) The summative assessment system shall be capable of providing, and the department shall ensure that students, parents, teachers, administrators, and community members are provided with, reports that convey aggregate student proficiency and growth data by teacher, grade, school, and district.

(i) The summative assessment system shall ensure the capability of reporting the available data to support educator evaluations.

(j) The summative assessment system shall ensure that the reports provided to districts containing individual student data are available within 60 days after completion of the assessments.

(k) The summative assessment system shall ensure that access to individually identifiable student data meets all of the following:

(i) Is in compliance with 20 USC 1232g, commonly referred to as the family educational rights and privacy act of 1974.

(ii) Except as may be provided for in an agreement with a vendor to provide assessment services, as necessary to support educator evaluations pursuant to subdivision (i), or for research or program evaluation purposes, is available only to the student; to the student’s parent or legal guardian; and to a school administrator or teacher, to the extent that he or she has a legitimate educational interest.

(l) The summative assessment system shall ensure that the assessments are pilot tested before statewide implementation.

(m) The summative assessment system shall ensure that assessments are designed so that the maximum total combined length of time that schools are required to set aside for a pupil to answer all test questions on all assessments that are part of the system for the pupil’s grade level does not exceed that maximum total combined length of time for the previous statewide assessment system or 9 hours, whichever is less. This subdivision does not limit the amount of time a district may allow a pupil to complete a test.

(n) The total cost of executing the summative assessment system statewide each year, including, but not limited to, the cost of contracts for administration, scoring, and reporting, shall not exceed an amount equal to 2 times the cost of executing the previous statewide assessment after adjustment for inflation.

(4) Beginning in the 2015-2016 school year, the department shall field test additional components in the assessment system under this subsection.
2015-2016 SUBSEQUENT school year. The additional components are necessary to
determine a pupil’s proficiency level before grade 3. The additional components are as follows:
(a) Assessments administered in the fall and spring of each year to measure English language arts and mathematics in each of
grades 1 and 2.
(b) The kindergarten entry assessment (KEA), to be administered in the fall of the kindergarten year. The KEA shall
include the same components as under subdivision (a) and also may include observational components that measure cognitive;
social-emotional, and physical skills.
(5) This section does not prohibit districts from adopting interim assessments.
(6) As used in this section, “English language arts” means that term as defined in section 104b.

(c) Collaborate with the talent district career council, which is an advisory council of the workforce development boards located in the prosperity region or subregion, or its successor, to create a local process and criteria that will identify eligible adult education providers to receive funds allocated under this section based on location, demand for services, past performance, quality indicators as identified by the department, and cost to provide instructional services. The fiscal agent shall determine all local processes, criteria, and provider determinations. However, the local processes, criteria, and provider services must be approved by the department before funds may be distributed to the fiscal agent.

Sec. 612. (1) The department shall review and revise as necessary policy proposals that provide alternatives to prison for offenders being sentenced to prison as a result of technical probation violations and technical parole violations. To the extent the department has insufficient policies or resources to affect the continued increase in prison commitments among these offender populations, the department shall explore other policy options to allow for program alternatives, including department or OCC-funded programs, local level programs, and programs available through private agencies that may be used as prison alternatives for these offenders.

(2) By April 1, the department shall provide a report to the senate and house appropriations subcommittees on corrections, the legislative corrections ombudsman, the senate and house fiscal agencies, and the state budget director on the number of all parolees returned to prison and probationers sentenced to prison for either a technical violation or new sentence during the preceding fiscal year. The report shall include the following information for probationers, for parolees after their first parole, and for parolees who have been paroled more than once:

(a) The numbers of parole and probation violators returned to or sent to prison for a new crime with a comparison of original versus new offenses by major offense type: assaultive, nonassaultive, drug, and sex.

(b) The numbers of parole and probation violators returned to or sent to prison for a technical violation and the type of violation, including, but not limited to, zero gun tolerance and substance abuse violations. For parole technical rule violators, the report shall list violations by type, by length of time since release from prison, by the most recent violation, and by the number of violations occurring since release from prison.

(c) The educational history of those offenders, including how many had a high school equivalency or high school diploma prior to incarceration in prison, how many received a high school equivalency while in prison, and how many received a vocational certificate while in prison.

(d) The number of offenders who participated in the reentry program versus the number of those who did not.

(e) The unduplicated number of offenders who participated in substance abuse treatment programs, mental health treatment programs, or both, while in prison, itemized by diagnosis.

Sec. 615. (1) The department shall submit a report detailing the number of prisoners who have received life imprisonment sentences with the possibility of parole and who are currently eligible for parole to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget director by April 30.

(2) The report shall include the following information on parolable lifers who have served more than 25 years: prisoner name, MDOC identification number, prefix, offense for which life term is being served, county of conviction, age at time offense was committed, current age, race, gender, true security classification, dates of parole board file reviews, dates of parole board interviews, parole guideline scores, and reason for decision not to release.

Sec. 616. The parole board shall review its policies related to the review and parole of those offenders serving a paroleable life sentence with consideration given to those that do not pose an ongoing risk to society.

**HEALTH CARE**

Sec. 802. As a condition of expenditure of the funds appropriated in part 1, the department shall provide the senate and house of representatives appropriations subcommittees on corrections, the legislative corrections ombudsman, the senate and house fiscal agencies, and the state budget director with quarterly reports on physical and mental health care detailing quarterly and fiscal year-to-date expenditures itemized by vendor, allocations, status of payments from contractors to vendors, and projected year-end expenditures from accounts for prisoner health care, mental health care, pharmaceutical services, and durable medical equipment.
Sec. 803. (1) The department shall assure that all prisoners, upon any health care treatment, are given the opportunity to sign a release of information form designating a family member or other individual to whom the department shall release records information regarding a prisoner. A release of information form signed by a prisoner shall remain in effect for 1 year, and the prisoner may elect to withdraw or amend the release form at any time.

(2) The department shall assure that any such signed release forms follow a prisoners upon transfer to another department facility or to the supervision of a parole officer.

(3) The form shall be placed online, on a public website managed by the department.

Sec. 804. The department shall report quarterly to the senate and house appropriations subcommittees on corrections, the legislative corrections ombudsman, the senate and house fiscal agencies, and the state budget director on prisoner health care utilization. The report shall include the number of inpatient hospital days, outpatient visits, emergency room visits, and prisoners receiving off-site inpatient medical care in the previous quarter, by facility.

Sec. 806. From the funds appropriated in part 1 for mental health services and support, the department shall expand its mental health treatment and sex offender treatment programs. The purpose of this enhancement is to address increased caseloads, reduce the number of prisoners on the waiting list who are past their earliest release date, and reduce the percentage of prisoners readmitted to mental health programs at their previous level of care.

Sec. 807. The funds appropriated in part 1 for Hepatitis C treatment shall be used only to purchase specialty medication for Hepatitis C treatment in the prison population. In addition to the above appropriation, any rebates received from the medications used shall be used only to purchase specialty medication for Hepatitis C treatment. On a quarterly basis, the department shall issue a report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the legislative corrections ombudsman, showing for the previous 4 quarters the total amount spent on specialty medication for the treatment of Hepatitis C, the number of prisoners that were treated, the amount of any rebates that were received from the purchase of specialty medication, and what outstanding rebates are expected to be received.

Sec. 812. (1) The department shall provide the department of health and human services with a monthly list of prisoners newly committed to the department of corrections. The department and the department of health and human services shall enter into an interagency agreement under which the department of health and human services provides the department of corrections with monthly lists of newly committed prisoners who are eligible for Medicaid benefits in order to maintain the process by which Medicaid benefits are suspended rather than terminated. The department shall assist prisoners who may be eligible for Medicaid benefits after release from prison with the Medicaid enrollment process prior to release from prison.

(2) The department shall provide the senate and house appropriations subcommittees on corrections, the legislative corrections ombudsman, the senate and house fiscal agencies, and the state budget director with quarterly updates on the utilization of Medicaid benefits for prisoners.

Sec. 816. By April 1, the department shall provide the members of the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the state budget director, and the legislative corrections ombudsman with a report on pharmaceutical expenditures and prescribing practices. In particular, the report shall provide the following information:

(a) A detailed accounting of expenditures on antipsychotic medications.

(b) Any changes that have been made to the prescription drug formularies.

CORRECTIONAL FACILITIES ADMINISTRATION

Sec. 901. The department, working with the department of technology, management, and budget, shall determine the costs of entering into an agreement to lease or purchase a private correctional facility to be operated by the department, as well as the costs of reopening a closed correctional facility already owned by the department to determine if it would be in the best interest of the citizens of this state to house prisoners in a private correctional facility leased or purchased and operated by the department, or a closed correctional facility owned by the department that the department reopens, rather than in a correctional facility currently operated by the department. By October 15, the department shall issue a report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director that documents the acquisition, lease, reopening, and modernization costs, and taxes, utilities, expected future capital repair, and upgrades of the correctional facilities described in this section.

Sec. 902. From the funds appropriated in part 1 for the education program, the department shall use $2,000,000.00 to expand the vocational village program.

Sec. 904. The department shall calculate the per prisoner/per day cost for each prison security custody level. This calculation shall include all actual direct and indirect costs for the previous fiscal year, including, but not limited to, the value of services provided to the department by other state agencies and the allocation of statewide legacy costs. To calculate the per prisoner/per day costs, the department shall divide these direct and indirect costs by the average daily population for each custody level. For multilevel facilities, the indirect costs that cannot be accurately allocated to each custody level can be included in the calculation on a per-prisoner basis for each facility. A report summarizing these calculations and the direct and indirect costs included in them shall be submitted to the senate and house appropriations subcommittees on corrections, the legislative corrections ombudsman, the senate and house fiscal agencies, and the state budget director not later than December 15.
Sec. 906. Any local unit of government or private nonprofit organization that contracts with the department for public works services shall be responsible for financing the entire cost of such an agreement.

Sec. 907. The department shall report by March 1 to the senate and house appropriations subcommittees on corrections, the legislative corrections ombudsman, the senate and house fiscal agencies, and the state budget director on academic and vocational programs. The report shall provide information relevant to an assessment of the department’s academic and vocational programs, including, but not limited to, all of the following:

(a) The number of instructors and the number of instructor vacancies, by program and facility.

(b) The number of prisoners enrolled in each program, the number of prisoners completing each program, the number of prisoners who do not complete each program and are not subsequently reenrolled, and the reason for not completing the program, the number of prisoners transferred to another facility while enrolled in a program and the reason for transfer, the number of prisoners enrolled who are repeating the program, and the number of prisoners on waiting lists for each program, all itemized by facility.

(c) The steps the department has undertaken to improve programs, track records, accommodate transfers and prisoners with health care needs, and reduce waiting lists.

(d) The number of prisoners paroled without a high school diploma and the number of prisoners paroled without a high school equivalency.

(e) An explanation of the value and purpose of each program, for example, to improve employability, reduce recidivism, reduce prisoner idleness, or some combination of these and other factors.

(f) An identification of program outcomes for each academic and vocational program.

(g) The number of prisoners not paroled at their earliest release date due to lack of a high school equivalency, and the reason those prisoners have not obtained a high school equivalency.

Sec. 908. From the funds appropriated in part 1, the department shall explore the feasibility of establishing an online career high school education pilot program, or other alternatives to providing prisoners with a high school diploma in lieu of a high school equivalency. The department shall explore establishing outside partnerships to assist the department with providing high school diplomas. The department shall submit a report by December 1 to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget director that describes the necessary steps the department would have to take, the resources the department would need, and departmental organizational changes that would be required, and the feasibility of the department’s forming outside partnerships to assist with providing prisoners with a high school diploma in lieu of a high school equivalency.

Sec. 909. From the funds appropriated in part 1, the department shall focus on providing career-based educational programming for prisoners, to include vocational trade programs and employment readiness programs.

Sec. 910. The department shall allow the Michigan Braille transcribing fund program to operate at its current location. The donation of the building by the Michigan Braille transcribing fund program to operate at the G. Robert Cotton Correctional Facility in Jackson is acknowledged and appreciated. The department shall continue to encourage the Michigan Braille transcribing fund program to produce high-quality materials for use by the visually impaired.

Sec. 911. By March 1, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget director the number of critical incidents occurring each month by type and the number and severity of assaults, escape attempts, suicides, and attempted suicides occurring each month at each facility during the immediately preceding calendar year.

Sec. 912. The department shall report to the senate and house appropriations subcommittees on corrections, the legislative corrections ombudsman, the senate and house fiscal agencies, and the state budget director by March 1 the ratio of correctional officers to prisoners for each correctional institution, the ratio of shift command staff to line custody staff, and the ratio of noncustody institutional staff to prisoners for each correctional institution.

Sec. 913. (1) From the funds appropriated in part 1, the department shall focus on providing required programming to prisoners who are past their earliest release date because of not having received the required programming. Programming includes, but is not limited to, violence prevention programming, assaultive offender programming, sexual offender programming, substance abuse treatment programming, thinking for a change programming, and any other programming that is required as a condition of parole.

(2) It is the intent of the legislature that any prisoner required to complete a violence prevention program, sexual offender program, or other program as a condition of parole shall be placed on a waiting list for the appropriate programming upon entrance to prison and transferred to a facility where that program is available in order to accomplish timely completion of that program prior to the expiration of his or her minimum sentence and eligibility for parole. Nothing in this section should be deemed to make parole denial appealable in court.

(3) The department shall submit a quarterly report to the members of the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the state budget director, and the legislative corrections ombudsman detailing enrollment in sex offender programming, assaultive offender programming, violent offender programming, and thinking for change. At a minimum, the report shall include the following:

(a) A full accounting, from the date of entrance to prison, of the number of individuals who are required to complete the programming, but have not yet done so.
(b) The number of individuals who have reached their earliest release date, but who have not completed required programming.

(c) A plan of action for addressing any waiting lists or backlogs for programming that may exist.

Sec. 924. The department shall evaluate all prisoners at intake for substance abuse disorders, serious developmental disorders, serious mental illness, and other mental health disorders. Prisoners with serious mental illness or serious developmental disorders shall not be removed from the general population as a punitive response to behavior caused by their serious mental illness or serious developmental disorder. Due to persistent high violence risk or severe disruptive behavior that is unresponsive to treatment, prisoners with serious mental illness or serious developmental disorders may be placed in secure residential housing programs that will facilitate access to institutional programming and ongoing mental health services. A prisoner with serious mental illness or serious developmental disorder who is confined in these specialized housing programs shall be evaluated or monitored by a medical professional at a frequency of not less than every 12 hours.

Sec. 925. By March 1, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget director on the annual number of prisoners in administrative segregation between October 1, 2015 and September 30, 2016, and the annual number of prisoners in administrative segregation between October 1, 2015 and September 30, 2016 who at any time during the current or prior prison term were diagnosed with serious mental illness or have a developmental disorder and the number of days each of the prisoners with serious mental illness or a developmental disorder have been confined to administrative segregation.

Sec. 929. From the funds appropriated in part 1, the department shall do all of the following:

(a) Ensure that any inmate care and control staff in contact with prisoners less than 18 years of age are adequately trained with regard to the developmental and mental health needs of prisoners less than 18 years of age. By April 1, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director on the training curriculum used and the number and types of staff receiving annual training under that curriculum.

(b) Provide appropriate placement for prisoners less than 18 years of age who have serious mental illness, serious emotional disturbance, or a serious developmental disorder and need to be housed separately from the general population. Prisoners less than 18 years of age who have serious mental illness, serious emotional disturbance, or a serious developmental disorder shall not be removed from an existing placement as a punitive response to behavior caused by their serious mental illness, serious emotional disturbance, or a serious developmental disorder. Due to persistent high violence risk or severe disruptive behavior that is unresponsive to treatment, prisoners less than 18 years of age with serious emotional disturbance, serious mental illness, or serious developmental disorders may be placed in secure residential housing programs that will facilitate access to institutional programming and ongoing mental health services. A prisoner less than 18 years of age with serious mental illness, serious emotional disturbance, or a serious developmental disorder who is confined in these specialized housing programs shall be evaluated or monitored by a medical professional at a frequency of not less than every 12 hours.

(c) Implement a specialized reentry program that recognizes the needs of prisoners less than 18 years old for supervised reentry.

Sec. 937. The department shall not issue a request for proposal (RFP) for a contract in excess of $5,000,000.00, unless the department has first considered issuing a request for information (RFI) or a request for qualification (RFQ) relative to that contract to better enable the department to learn more about the market for the products or services that are the subject of the future RFP. The department shall notify the department of technology, management, and budget of the evaluation process used to determine if an RFI or RFQ was not necessary prior to issuing the RFP.

Sec. 940. (1) Any lease, rental, contract, or other legal agreement that includes a provision allowing a private person or entity to use state-owned facilities or other property to conduct a for-profit business enterprise shall require the lessee to pay fair market value for the use of the state-owned property.

(2) The lease, rental, contract, or other legal agreement shall also require the party using the property to make a payment in lieu of taxes to the local jurisdictions that would otherwise receive property tax revenue, as if the property were not owned by the state.

Sec. 942. The department shall ensure that any contract with a public or private party to operate a facility to house state prisoners includes a provision to allow access by both the office of the legislative auditor general and the office of the legislative corrections ombudsman to the facility and to appropriate records and documents related to the operation of the facility. These access rights for both offices shall be the same for the contracted facility as for a general state-operated correctional facility.

INFORMATION TECHNOLOGY

Sec. 1000. From the funds appropriated in part 1 for information technology services and projects, the department shall expand bandwidth in 27 correctional facilities and 113 field operations offices. The purpose of this bandwidth expansion is to support critical information technology systems that provide platforms for several mandated programs and department cost savings efforts.
MICELLENOUS

Sec. 1009. The department shall make an information packet for the families of incoming prisoners available on the department's website. The information packet shall be updated by February 1 of each year. The packet shall provide information on topics including, but not limited to: how to put money into prisoner accounts, how to make phone calls or create JPay email accounts, how to visit in person, proper procedures for filing complaints or grievances, the rights of prisoners to physical and mental health care, how to utilize the offender tracking information system (OTIS), truth-in-sentencing and how it applies to minimum sentences, the parole process, and guidance on the importance of the role of families in the reentry process. The department is encouraged to partner with external advocacy groups and actual families of prisoners in the packet-writing process to ensure that the information is useful and complete.

Sec. 1011. The department may accept in-kind services and equipment donations to facilitate the addition of a cable network that provides programming that will address the religious needs of incarcerated individuals. This network may be a cable television network that presently reaches the majority of households in the United States. A bilingual channel affiliated with this network may also be added to department programming to assist the religious needs of Spanish-speaking inmates. The addition of these channels shall be at no additional cost to this state.

ONE-TIME APPROPRIATIONS

Sec. 1100. From the funds appropriated in part 1 for new custody staff training, the department shall increase the training capacity for new custody staff by 350 officers. The purpose of this academy is to address higher than normal attrition of correction officers and to decrease overtime costs.

PART 2A

Any general fund advances for which state building authority bonds have not been issued shall bear an interest cost to the state building authority at a rate not to exceed that earned by the state treasurer’s common cash fund during the period in which the advances are outstanding and are repaid to the general fund of the state.

(2) Upon sale of bonds or notes for the projects identified in part 1 or for equipment as authorized by a legislative appropriation act and in this section, the state building authority shall credit the general fund of the state an amount equal to that expended from the general fund plus interest, if any, as defined in this section.

(3) For state building authority projects for which bonds or notes have been issued and upon the request of the state building authority, the state treasurer shall make advances without interest from the general fund as necessary to meet cash flow requirements for the projects, which advances shall be reimbursed by the state building authority when the investments earmarked for the financing of the projects mature.

Costs associated with the administration of the audit shall be charged against money recovered pursuant to this section.

(2) As used in this section, “revenue” includes state appropriations, facility opening money, other state aid, indirect cost reimbursement, and other revenue generated by the activities of the facility.

Sec. 252. The appropriations in part 1 for Healthy Michigan plan - behavioral health, Healthy Michigan plan administration, and Healthy Michigan plan are contingent on the provisions of the social welfare act, 1939 PA 280, MCL 400.1 to 400.119b, that were contained in 2013 PA 107 not being amended, repealed, or otherwise altered to eliminate the Healthy Michigan plan. If that occurs, then, upon the effective date of the amendatory act that amends, repeals, or otherwise alters those provisions, the remaining funds in the Healthy Michigan plan - behavioral health, Healthy Michigan plan administration, and Healthy Michigan plan line items shall only be used to pay previously incurred costs and any remaining appropriations shall not be allotted to support those line items.

Sec. 263. (1) Except as otherwise provided in this subsection, before submission of a waiver, a state plan amendment, or a similar proposal to the Centers for Medicare and Medicaid Services or other federal agency, the department shall provide written notification of the planned submission to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies and policy offices, and the state budget office. This subsection does not apply to the submission of a waiver, a state plan amendment, or similar proposal that does not propose a material change or is outside of the ordinary course of waiver, state plan amendment, or similar proposed submissions.

(2) The department shall provide written biannual reports to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, and the state budget office summarizing the status of any new or ongoing discussions with the Centers for Medicare and Medicaid Services or the United States Department of Health and Human Services or other federal agency regarding potential or future waiver applications as well as the status of submitted waivers that have not yet received federal approval. If, at the time a biannual report is due, there are no reportable items, then no report is required to be provided.

Sec. 264. The department shall not take disciplinary action against an employee for communicating with a member of the legislature or his or her staff.

Sec. 265. Within 14 days after the release of the executive budget recommendation, the department shall cooperate with the state budget office to provide the senate and house appropriations chairs, the senate and house appropriations subcommittees chairs on the department budget, and the senate and house fiscal agencies with an annual report on estimated state restricted fund balances, state restricted fund projected revenues, and state restricted fund expenditures for the previous fiscal year and the current fiscal year.

Sec. 275. (1) As part of the year-end closing process, the department, with the approval of the state budget director, is authorized to realign sources between other federal, TANF, and capped federal financing authorizations in order to maximize federal revenues. This realignment of financing shall not produce a gross increase or decrease in the department’s total individual line item authorizations, nor will it produce a net increase or decrease in total federal revenues, or a net increase in TANF authorization.

(2) Not later than November 30, the department shall submit to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, and the house and senate policy offices a report on the realignment of federal fund sources that took place as part of the year-end closing process for the previous fiscal year.

(2) The department may allow a contract to exceed the limitation on administrative and services costs if it can be demonstrated that an exception should be made to the provision in subsection (1).

(3) By September 30 of the current fiscal year, the department shall report to the house and senate appropriations subcommittees on the department budget, house and senate fiscal agencies, and state budget office on the rationale for all exceptions made to the provision in subsection (1) and the number of contracts terminated due to violations of subsection (1).

Sec. 291. The department shall verify, using the e-verify system, that all new department employees, and new hire employees of contractors and subcontractors paid from funds appropriated in part 1, are legally present in the United States. The analytics platform would include the ability to adjust for variations in patient risk and acuity differences when comparing performance across regions and hospitals. The analytics platform would provide data analysis on, but not be limited to, readmission rates, mortality, complication rates, and total episode costs across high-volume acute episodes of care, including pre- and post-discharge costs.

(2) The project would include a methodology to identify and measure savings generated by the project. The legislative intent is that an amount appropriated for the project would not exceed the anticipated savings generated by the project.

Sec. 294. From the funds appropriated in part 1 for the Michigan Medicaid information system (MMIS) line item, $20,000,000.00 in private revenue may be received from and allocated for other states interested in participating as part of the broader MMIS initiative. From this amount, total agency appropriations for pension-related legacy costs are estimated at $202,368,400.00. Total agency appropriations for retiree health care legacy costs are estimated at $162,604,400.00.

Sec. 298. The workgroup shall include, but not be limited to, the Michigan Association of Community Mental Health Boards, Medicaid health plans, and advocates for consumers of behavioral health services.
(2) The workgroup shall consider the following goals in making its recommendations:
(a) Core principles of person-centered planning, self-determination, full community inclusion, access to CMHSP services, and recovery orientation.
(b) Avoiding the return to a medical and institutional model of supports and services for individuals with behavioral health and developmental disability needs.
(c) Coordination of physical health and behavioral health care and services at the point at which the consumer receives care and those services.
(d) Ensure full access to community-based services and supports.
(e) Ensure full access to integrated behavioral and physical health services within community-based settings.
(f) Reinvesting efficiencies gained back into services.
(g) Ensure transparent public oversight, governance, and accountability.
(3) The workgroup’s recommendations shall include a detailed plan for the transition to any new financing model or policies recommended by the workgroup, including a plan to ensure continuity of care for consumers of behavioral health services in order to prevent current customers of behavioral health services from experiencing a disruption of services and supports, identification of ways to enhance services and supports, and identification of any gaps in services and supports. The workgroup shall consider the use of 1 or more pilot programs in areas with an appropriate number of consumers of behavioral health services and a range of behavioral health needs as part of that transition plan.
(4) The workgroup’s recommendations shall also recommend annual benchmarks to measure progress in implementation of any new financing model or policy recommendations over a 3-year period and ensure that actuarially sound per member per month payments for Medicaid behavioral health services are no less than the per member per month payments used for Medicaid behavioral health services in the fiscal year ending September 30, 2017.
(5) The department shall provide, after each workgroup meeting, a status update on the workgroup’s progress and, by January 15 of the current fiscal year, a final report on the workgroup’s recommendations to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office.

Sec. 299. (1) No state department or agency shall issue a request for proposal (RFP) for a contract in excess of $5,000,000.00, unless the department or agency has first considered issuing a request for information (RFI) or a request for qualification (RFQ) relative to that contract to better enable the department or agency to learn more about the market for the products or services that are the subject of the RFP. The department or agency shall notify the department of technology, management, and budget of the evaluation process used to determine if an RFI or RFQ was not necessary prior to issuing the RFP.
(2) From funds appropriated in part 1, for all RFPs issued during the current fiscal year where an existing service received proposals by multiple vendors, the department shall notify all vendors within 30 days of the RFP decision. The notification to vendors shall include details on the RFP process, including the respective RFP scores and the respective cost for each vendor. If the highest scored RFP or lowest cost RFP does not receive the contract for an existing service offered by the department, the notification shall issue an explanation for the reasons that the highest scored RFP or lowest cost RFP did not receive the contract and detail the incremental cost target amount or service level required that was required to migrate the service to a new vendor. Additionally, the department shall include in the notification details as to why a cost or service difference is justifiable if the highest scored or lowest cost vendor does not receive the contract.

(3) The department shall submit to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office by September 30 of the current fiscal year a report that summarizes all RFPs during the current fiscal year where an existing service received proposals by multiple vendors. The report shall list all finalized RFPs where there was a divergence from awarding the contract to the lowest cost or highest scoring vendor. The report shall also include the cost or service threshold required by department policy that must be satisfied in order for an existing contract to be received by new vendor.

The amount distributed under this subsection shall not exceed 50% of the total operating expenses of the program described in subsection (2), with the remaining 50% paid by local United Way organizations and other nonprofit organizations and foundations.

(2) Funds distributed under subsection (1) shall be distributed to Michigan 2-1-1, a nonprofit corporation organized under the laws of this state that is exempt from federal income tax under section 501(c)(3) of the internal revenue code of 1986, 26 USC 501(c)(3), and whose mission is to coordinate and support a statewide 2-1-1 system. (3) Michigan 2-1-1 shall refer to the department any calls received reporting fraud, waste, or abuse of state-administered public assistance.

(4) Michigan 2-1-1 shall report annually to the department and the house and senate standing committees with primary jurisdiction over matters relating to human services and telecommunications on 2-1-1 system performance, the senate and house appropriations subcommittees on the department budget, and the senate and house fiscal agencies, including, but not limited to, call volume by health and human service needs and unmet needs identified through caller data and customer satisfaction metrics.

Sec. 310. It is the intent of the legislature that the department shall work with youth-oriented nonprofit organizations to provide mentoring programming for children of incarcerated parents and other at-risk children.

Sec. 316. From the funds appropriated in part 1 for terminal leave payouts and other employee costs, the department shall not spend in excess of its annual gross appropriation unless it identifies and requests a legislative transfer from another budgetary line item supporting administrative costs, as provided by section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

CHILD SUPPORT ENFORCEMENT

Sec. 401. (1) The appropriations in part 1 assume a total federal child support incentive payment of $26,500,000.00.

(2) From the federal money received for child support incentive payments, $12,000,000.00 shall be retained by the state and expended for child support program expenses.

(3) From the federal money received for child support incentive payments, $14,500,000.00 shall be paid to the counties based on each county’s performance level for each of the federal performance measures as established in 45 CFR 305.2.

(4) If the child support incentive payment to the state from the federal government is greater than $26,500,000.00, then 100% of the excess shall be retained by the state and is appropriated until the total retained by the state reaches $15,397,400.00.

(5) If the child support incentive payment to the state from the federal government is greater than the amount needed to satisfy the provisions identified in subsections (1), (2), (3), and (4), the additional funds shall be subject to appropriation by the legislature.

(6) If the child support incentive payment to the state from the federal government is less than $26,500,000.00, then the state and county share shall each be reduced by 50% of the shortfall.

Sec. 409. (1) If statewide retained child support collections exceed $38,300,000.00, 75% of the amount in excess of $38,300,000.00 is appropriated to legal support contracts. This excess appropriation may be distributed to eligible counties to supplement and not supplant county title IV-D funding.

(2) Each county whose retained child support collections in the current fiscal year exceed its fiscal year 2004-2005 retained child support collections, excluding tax offset and financial institution data match collections in both the current year and fiscal year 2004-2005, shall receive its proportional share of the 75% excess.

Sec. 410. (1) If title IV-D-related child support collections are escheated, the state budget director is authorized to adjust the sources of financing for the funds appropriated in part 1 for legal support contracts to reduce federal authorization by 66% of the escheated amount and increase general fund/general purpose authorization by the same amount. This budget
adjustment is required to offset the loss of federal revenue due to the escheated amount being counted as title IV-D program income in accordance with federal regulations at 45 CFR 304.50.

(2) The department shall notify the chairs of the house and senate appropriations subcommittees on the department budget and the house and senate fiscal agencies within 15 days of the authorization adjustment in subsection (1).

One of the reimbursement components of the distribution formula shall be assistance with labor and delivery services.

   (2) No hospital or hospital system shall receive more than 10.0% of the total funding referenced in subsection (1).

   (3) To allow hospitals to understand their rural payment amounts under this section, the department shall provide hospitals with the methodology for distribution under this section and provide each hospital with its applicable data that are used to determine the payment amounts by August 1 of the current fiscal year. The department shall publish the distribution of payments for the current fiscal year and the immediately preceding fiscal year.

Sec. 1870.    (2) The department and its contractual agents may not subject Medicaid prescriptions to prior authorization procedures during the current fiscal year if that drug is carved out or is not subject to prior authorization procedures as of May 9, 2016 and is a prescription drug that is generally recognized in a standard medical reference for the treatment of epilepsy or seizure disorder or organ replacement therapy.

   (3) As used in this section, “prior authorization” means a process implemented by the department or its contractual agents that conditions, delays, or denies delivery or particular pharmacy services to Medicaid beneficiaries upon application of predetermined criteria by the department or its contractual agents to those pharmacy services. The process of prior authorization often requires that a prescriber do 1 or both of the following:

      (a) Obtain preapproval from the department or its contractual agents before prescribing a given drug.

Sec. 1876. (1) From the funds appropriated in part 1 for Healthy Michigan Plan, the department shall allocate up to $830,000.00 to facilitate the development and implementation of a demonstration project in cooperation with 1 or more contracting Medicaid health plans. These provisions shall be part of the protocol for implementation of incentives under the Healthy Michigan Plan and must do all of the following:

   (a) Target Healthy Michigan Plan health plan enrollees who are above 100% of the federal poverty level, in at least 2 prosperity regions.

(2) The demonstration project shall be implemented by April 1 of the current fiscal year. Prior to implementation, the department shall present a summary description to the senate and house appropriations subcommittees on the department budget and the senate and house committees on health policy that must include the estimated cost of the demonstration, identify a shared savings proposal for Medicaid health plans who participate in the demonstration, and identify intended measurable results.

(3) It is the intent of the legislature that the demonstration project shall test the cost containment capabilities of a program that uses financial incentives to improve health and health care by promoting health literacy and doctor-patient mutual accountability. Outcomes and performance measures for this initiative shall include, but are not limited to, the following:

(a) The total annual per capita or per-member-per-year health care expenditures. This metric shall be derived by dividing the total annual health care expenditures of a population by the average annual number of people in that population. Claims data shall be used to compute health care expenditures.

(b) The per-member-per-year health care expenditures of a reasonably matched population not covered by the demonstration program. To account for minor differences in the 2 populations, each group’s annual trend during the pilot shall be measured against their respective baseline trends in the year before implementing the program.

(c) In order to attribute the finding to the program, other process metrics that have been found to correlate with health literacy must be analyzed. These metrics may include hospitalization rates, frequency of emergency room use, and the percentage of health education sessions prescribed by medical providers and successfully completed by patients relative to the total number of possible session opportunities offered through the program.

(4) It is the intent of the legislature that, beginning with the budget for the fiscal year ending September 30, 2018, the department shall submit quarterly reports to the senate and house appropriations committees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office detailing the information required in subsection (3).

Protest

Senator Colbeck, under his constitutional right of protest (Art. 4, Sec. 18), protested against the adoption of the first conference report on House Bill No. 5294 and moved that the statement he made during the discussion of the conference report be printed as his reasons for voting “no.”
The motion prevailed.

Senator Colbeck’s statement is as follows:

Last year, we passed out a $53.6 billion budget. This year, we have before us a $54.9 billion budget overall that represents an increase of $1.3 billion. How did we prioritize the spending of this increase? Whose best interests were satisfied by this prioritization? Was it taxpayers? Was it our families struggling make ends meet? Was it small businesses struggling with the higher costs of health care, energy, and government? Was it special interests?

Let’s take a look at some specifics to help us determine the answer to these questions. First, let’s look at some specific items that were dropped from the budget because they were not a priority for an influential few. The Direct Primary Care Services Medicaid Pilot was dropped. This pilot would have enrolled 2,400 Medicaid-eligible persons into health plans that provided primary care services within a direct primary care model while using existing managed care organization health plans to address any nonprimary care services that might be required. The pilot had the potential to improve the health care for Medicaid enrollees while saving taxpayers millions of dollars. If this approach were to be fully deployed to all 2.4 million Medicaid enrollees, not only would these enrollees have received better care, but taxpayers could have saved almost $3.5 billion from our $17.5 billion Medicaid budget on an annual basis. These savings, these improved services, were not a priority. Do you know who was a priority? Special interests. So much for the taxpayer. So much for an opportunity to see higher-quality roads and less orange barrels.

OK, so times are tight. Perhaps we simply couldn’t afford these projects. The DPCS Medicaid Pilot was priced out at $800,000 per year for the next three years. The high-quality road test had no price tag in the budget but may have run as much as $500,000. The budget before us asserts that we cannot afford this $1.3 million allocation within our $1.3 billion budget increase. What could we afford?

How about $800,000 for the owners of the Michigan International Speedway? Traffic control for a single business is obviously more important that life-saving health care for low-income Medicaid enrollees. How about the $12 million in special grants? These special grants include $950,000 for a financially-distressed city that has a level 3, high priority capital improvement. It appears that some cities are more special than others. Or how about the additional $72 million handed out to Detroit Public Schools in addition to its foundation allowance? It appears that some school districts are more special than others.

It comes down to priorities. This budget makes special interests our priority. I’ve been in the State Senate for almost six years. When are we going to make taxpayers our priority? You and I are supposed to be their lobbyists. When was the last time we made them feel special? We had an opportunity to do that this budget cycle by taking steps to decrease the price of government by $4.5 billion. We could have done so without getting rid of any services. In fact, we would have improved government services. Instead, we increased the price of government by $1.3 billion with no signs of improvement on the horizon.

We blew it this year. Next year, we need to make sure that our taxpayers are our first priority for a change.

The President pro tempore, Senator Schuittmaker, resumed the Chair.
By unanimous consent the Senate returned to the order of

Senator O’Brien’s statement is as follows:

Today is another sad day for my community. Kalamazoo County again experienced a senseless tragedy. Nine people
were randomly attacked while they were enjoying a weekly bicycle ride. They were part of the Chain Gang Bicycle Club.
Five died last night. They were mothers, fathers, grandfathers, and spouses. The five who died include Debra Bradley,
Melissa Fevig-Hughes, and Suzanne Joan Sippel, all of Augusta; and Tony Nelson and Larry Paulik of Kalamazoo. Four
more were seriously injured. They include Paul Gobble, Sheila Jeske, and Paul Runnels, all of Richland; and Jennifer
Johnson of Kalamazoo.

Our community continues to show an ability to ban together and to stand tall no matter the tragedy, but we’re grieving
and we’re hurting. I ask of you, when you go home, that you hold your loved ones close to you tonight. In my community,
we’re Kalamazoo strong. I continue to pray for all of the victims and their families.

Senator Kowall moved that the bill be given immediate effect.
The motion prevailed, 2/3 of the members serving voting therefor.
Pursuant to Joint Rule 20, the full title of the act shall be inserted to read as follows:
“An act to create certain funds; to provide for the allocation of certain revenues among certain funds and for the
operation, investment, and expenditure of certain funds; and to impose certain duties and requirements on certain state
officials.”
The Senate agreed to the full title.

Senator Meekhof asked and was granted unanimous consent to make a statement and moved that the statement be
printed in the Journal.
The motion prevailed.
Senator Meekhof’s statement is as follows:

Many months of hard work and discussions will result in the passage of a legislative compromise to reform Detroit
Public Schools. This package of bills resolves a half billion dollars in debt, provides resources necessary for DPS to
transition to a new, debt-free district, and returns the school district to a locally-elected board at the earliest possible
election date.

I have to acknowledge the tireless efforts of my colleague from the 34th District. He worked hard to present a
thoughtful plan that garnered bipartisan support in the Senate. However, at the end of the day, any solution for DPS must
have the support of both the Senate and the House.

This package we have in front of us represents a realistic compromise that will put DPS on a path for the future. I
know there will be many who weigh in with opinions on how we could have done better. I know we will hear criticism
about this compromise, but at the end of the day, our responsibility is to solve the problem.

There are more than 45,000 students who depend upon DPS and deserve stable, quality education options. This plan
provides opportunity for the students and parents of Detroit. Without legislative action, Detroit Public Schools will head
toward bankruptcy. Bankruptcy of the state’s largest school district will cost billions of dollars and result in a funding cut
for every student in every school district in Michigan.

I ask my colleagues to join me in supporting this solution for Detroit Public Schools. It is time to give this school
district an opportunity to plan for the future.

The following bill was read a third time:
House Bill No. 5384, entitled

A bill to amend 1976 PA 451, entitled “The revised school code,” by amending the title and sections 3, 5, 6, 11,

380.1351a, and 380.1356), the title as amended by 2003 PA 179, section 3 as amended by 2007 PA 45, section 5 as
amended by 2011 PA 232, sections 6 and 1250 as amended by 2009 PA 205, section 11 as amended by 1995 PA 289,
section 11a as amended by 2010 PA 91, sections 501, 502, 507, 522, 528, 551, and 561 as amended by 2011 PA 277,

1. Amend page 126, line 18, by striking out all of enacting section 2 and inserting:

“Enacting section 2. This amendatory act does not take effect unless all of the following bills of the 98th Legislature are enacted into law:
(a) Senate Bill No. 711.
(b) Senate Bill No. 854.”.

The amendment was not adopted, a majority of the members serving not voting therefor.
Senator Hood requested the yeas and nays.
The yeas and nays were ordered, 1/5 of the members present voting therefor.

The President pro tempore, Senator Schuitemaker, resumed the Chair.

Senator Kowall moved that the bill be given immediate effect.
The motion prevailed, 2/3 of the members serving voting therefor.
Pursuant to Joint Rule 20, the full title of the act shall be inserted to read as follows:
"An act to provide a system of public instruction and elementary and secondary schools; to revise, consolidate, and clarify the laws relating to elementary and secondary education; to provide for the organization, regulation, and maintenance of schools, school districts, public school academies, intermediate school districts, and other public school entities; to prescribe rights, powers, duties, and privileges of schools, school districts, public school academies, intermediate school districts, and other public school entities; to provide for the regulation of school teachers and certain other school employees; to provide for school elections and to prescribe powers and duties with respect thereto; to provide for the levy and collection of taxes; to provide for the borrowing of money and issuance of bonds and other evidences of indebtedness; to establish a fund and provide for expenditures from that fund; to provide for and prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to provide for licensure of boarding schools; to prescribe penalties; and to repeal acts and parts of acts."
The Senate agreed to the full title.

Senator Young asked and was granted unanimous consent to make statements and moved that the statements be printed in the Journal.
The motion prevailed.
Senator Young’s first statement is as follows:

Colleagues, my amendment would task the Justice Department with performing a forensic audit of the Detroit Public Schools system. Students, parents, and teachers have been suffering the negative effects of the state takeover from 1999 and the emergency managers for years—from Engler to Snyder—this has been going on. People have been raping, robbing, pillaging, and looting the district. Not since Rome sacked Carthage, assaulted the earth, have we seen an entity be raped and pilfered and pillaged like DPS. We are talking about sewer rat, slime ball, if you stuck your fingers in the bottom of a septic tank, you would find these people who chose to rob from our school district—the dregs of society. I am talking about iniquitous beasts, known or so-called human beings. The only way to stop this is by criminal prosecution.

So I ask all of my colleagues to use the accounting process for the purpose of collecting information to present to a court to hold these damnable people accountable so we can make a statement that we can stop robbing from our children without punishment, because that is what they deserve. Punishment, period. I don’t know why this is even an issue, but the fact that I’m wasting time talking about it shows how sad this is.

How are we going to put DPS on a path to healing when we can’t even stop the damn EAA from stealing? Vote for my forensic audit because it is the right thing to do. Vote for my amendment if you believe in truth, justice, and the American way.

Senator Young’s second statement is as follows:

An excellent public education should be the right of every child in this great nation. We need to ensure that schools funded with taxpayer dollars aren’t turning a profit off the poor kids in our communities, especially if they are not performing. Under the House plan to fix the Detroit Public Schools system, charter schools can be created with little oversight or consideration. They cannot effectively operate unchecked. They are also subject to less stringent performance standards than the public schools around them.

That is why I am offering an amendment that would prohibit any new for-profit charter managing company from opening a charter school or academy in Detroit.

Senator Young’s third statement is as follows:

Madam President, children need reliable transportation to and from school, whether public, charter, or private. Well, that’s not happening in many Detroit communities, especially those with charter schools. Data Driven Detroit shows that the median one-way commute for most student is just under three miles. Let me say that again—three miles. Three miles. That is not a walkable distance for most children. To make matters worse, 1 in 4 Detroit households do not have a car. That means it is hard for many kids to get a ride if they need one. We can’t expect kids to succeed if they don’t have the means to get to school.
My amendment will require that charter schools provide transportation options for all of their students. This will help provide true schools of choice for all Detroit’s families. It’s time for the charter schools to put their money where their mouth is. If you really care about children, then you should provide transportation for them. It’s not that difficult.

Senator Young’s fourth statement is as follows:

My amendment would tie-bar this legislation to Senate Bill No. 584. Senate Bill 584 provides additional school aid funding to schools that offer expanding learning times for their students. We need to be providing kids with every chance to expand their educational opportunities.

Under expanded learning time—longer school days and hours—according to the National Time and Learning Center, children in English language arts increased their scores by eight points and in math 30 points. This is what we should have included in this legislation, and we didn’t. Everywhere this has been tried, it has worked. That is what we should be doing for a change, reforms that work.

So I am asking my colleagues on both sides of the aisle to join me in making sure that we propose reforms that work so that our children can learn to read, write, count, and contribute to society. We need to make the future doctors, lawyers, engineers, scientists, and scholars today. Let’s sacrifice today so that they can have a brighter tomorrow. I encourage you to vote for my amendment.

The following bill was read a third time:

**House Bill No. 5387, entitled**

A bill to amend 1947 PA 336, entitled “An act to prohibit strikes by certain public employees; to provide review from disciplinary action with respect thereto; to provide for the mediation of grievances and the holding of elections; to declare and protect the rights and privileges of public employees; to require certain provisions in collective bargaining agreements; to prescribe means of enforcement and penalties for the violation of the provisions of this act; and to make appropriations,” by amending sections 2a and 6 (MCL 423.202a and 423.206), section 2a as added and section 6 as amended by 1994 PA 112.

In The Chair: Schuittaker

Senator Kowall moved that the bill be given immediate effect.

The motion prevailed, 2/3 of the members serving voting therefor.

The Senate agreed to the title of the bill.
I have to be forthright with you, Madam President, when I say that with all the consternation, all the frustrations around our state right now—the future of the Detroit Public Schools System. We passed bipartisan legislation that would serve to reform DPS in a way that was sustainable and truly transformative. The bills we passed affirmed the positions of educators as professionals and respected local autonomy in the district. They were a path, endorsed by both Mayor Duggan and Governor Snyder, to restoring public education in Detroit to the level of esteem it once held.

However, our colleagues in the House have amended this legislation to be bills of neither hope nor unison. Additionally, they have done so without any support or input from members who represent the district you say you want to fix. The House-passed legislation regarding DPS is deplorable.

The strike language will create chaos allowing one person to submit a claim. These bills produce legal chaos. Failing charter schools will continue to grow without oversight, while neighborhood schools close. A heavy reliance on merit pay would decrease teacher autonomy and increase the financial power of principals and administrators, some of whom have been indicted for fraud. Most alarmingly, uncertified teachers will be allowed to teach in our children’s classrooms. Would you let an unlicensed doctor perform surgery on you? I would guess not, but this will allow unqualified teachers in Detroit. By the way, I doubt you would allow it in any of your districts back home.

Teachers are not the problem. They work in deplorable conditions for much less than what we make in this body. They have given money back to the district to keep it afloat. They give their blood, sweat, and tears for these children. They certainly care more about these kids than politicians do. The solution to this problem should not be on their backs.

It is clear that the House-passed legislation is a punitive package of bills that serve only to hurt the children of Detroit who have struggled enough. The current state of these bills spells the end for Detroit Public Schools. That is the goal of the for-profit charter school industry, and you are doing their bidding. The legislation we sent to the House took time, effort, and collaboration. We cannot accept the hasty, partisan amendments we received in return. We cannot pass bills that lack regard for the effects they will have on the students and families of Detroit. We cannot be held hostage by the prospect of simply saying we fixed the problem.

Colleagues, I’m frustrated. The Senate has repeatedly tried to do good, bipartisan legislation, but, unfortunately, again we played Charlie Brown to the House’s Lucy as they pull the football away and we cave to them. Think about that while you are driving home angry tonight on the busted roads that we didn’t fix either. I swear, sometimes I believe my colleagues on the other side of the aisle have Stockholm syndrome, continually allowing the House Republicans to control what happens in this body.

I urge you to reject the House amendments to our legislation and to continue to stand for what is best for the future of education in this state and the people of the city of Detroit; also for those who represent Detroit who will not stand with you today.

Senator Knezek’s statement is as follows:

This chamber worked so hard over a 15-month period to craft a bipartisan plan that would help make the Detroit Public Schools system a better school system for the students, the parents, and the teachers who currently rely on it. Unfortunately, what the House sent back to us, what we are getting ready to vote on here today, is a massive step backwards. In my opinion, it appears to be specifically designed to set DPS up for failure. We can all agree that we want a stable Detroit Public Schools system. I think that includes a system that allows for the opening and closing of schools in a manner that makes sense for the children in Detroit.

The House plan, without question, falls woefully short of these goals. Under the guise of protecting school choice, the House Republicans sent us a plan that offers parents no real choice at all. It simply protects failing schools in a model that offers students no real chance for success. It lacks any planning. It lacks any authority that would lend some common sense to the opening and closing of those schools through the district.

I have to be forthright with you, Madam President, when I say that with all the consternation, all the frustrations around the DEC and what that would do, I truly don’t understand this. Nobody said in the beginning of this conversation that we wanted to have a pro-public or pro-charter argument. Nobody said that we wanted to pit schools against one another. We said from the beginning to set that argument aside, and let’s have a conversation about good schools regardless of whether or not they are public or charter.
In the plan that we sent over to the House of Representatives, we said if you are an A school or a B school, it doesn’t matter if you’re public or charter. If you’re a good school, keep doing good things and go anywhere that you want. But if you are a C school or a D school or an F school—a school that none of us would ever want our children to be in—well, you need to pump the brakes before you want to replicate throughout the city. If you push back on that plan, if you push back on that model, you are saying that you want bad schools to continue operating. You want bad schools to continue to spread into the neighborhoods within my community. Why would we ever want bad schools responsible for educating our children? I truly don’t understand it.

The system that we have here in front of us today perpetuates a system where charter authorizers have carte blanche to open up new schools. Again, anyone who wants to think it’s a charter versus public argument, the charters aren’t just syphoning away students from public schools anymore, but they are cannibalizing other charters. The enrollment for DPS has leveled-off over the past few years. You’re not hurting DPS anymore; you’re hurting yourselves. I know that some are going to say, “Senator, how could you be so anti-choice? Fifty percent of your kids are in charter schools.” Again, I say to you that from the beginning, the argument for me never was pro-choice or anti-choice, pro-public or anti-public. It was about good schools. It was about a quality education. I wanted good schools in Detroit to expand. I wanted to use their proven models to improve educational outcomes for every single child across the city.

The solution that is in front of us seems so simple, Madam President, yet it seems so difficult to achieve. Why is that? Simply put, we are allowing one special interest group to decide the fate of 100,000 children in Detroit. I tell you, colleagues, that it pains me in my heart to say that because I hate it when we as elected officials boil down such huge issues into such infinitesimal talking points. Special interest groups come into the city. Unfortunately that is the truth of what is happening in front of us here today. Not a ton of them, just one; kowtowing to just one person’s wants.

The House seems so determined to continue with this nasty experiment on the children of Detroit. It is a strategy that Moody’s has said systematically undermines the stability of Detroit Public Schools and contributed to that debt crisis itself. Here in the Senate, Madam President, in this body, we made sure that DPS would have an accountability system that applied fairly to all schools. What we were sent back is exactly what we would expect if one of these lobby groups were allowed to write the legislation—a plan with no accountability whatsoever; a plan that calls for thoroughly debunked ideas like merit pay and uncertified teachers; a plan that offers no real hope of resolving the deepest issues that face our education system in Detroit.

I hate to steal from my colleague, but I would again ask you, “Would you want uncertified teachers teaching your children?” If you could answer “yes” to that, it begs the question: “Where does it end?” My colleague talked about uncertified doctors. Would you want an uncertified lawyer representing you in the courtroom? I doubt it. Better yet, if your answer to that question is “no,” which I think many of you would say, why is it OK to subject Detroit’s children to an unequal and unproven model of education?

This legislation takes so many steps backwards and moves so far away from what the intent of this plan ever was from the beginning. Going after teachers, restricting collective bargaining, penalties for whistleblower actions taken by teachers to protest the conditions in their schools, and let us not forget the years of neglect and willful ignorance of the state-appointed managers who helped to get us here in this first place. None of this, none of what we are voting on today is sound, evidence-based policymaking. We should be wary of it.

Let’s call this plan what it really is. Madam President, this plan is a farce. It is not about helping the children of Detroit. It’s about money. It’s about a political party. It’s about a chamber that is so desperate to move on from this issue in an election cycle. It is about catering to lawmakers who are more worried about keeping their jobs come November than building a successful system for children in Detroit. This arrangement is little more than a stay of execution. Once the money runs out—and it will run out—the district will plunge back into debt and jeopardize the future of Detroit’s children.

Colleagues, I ask you to not allow the House to hold us hostage. We know we can do better because we have done better in this chamber. In the Senate, we listened to teachers; we listened to parents; we listened to students; we listened to local officials; we listened to education experts; and we carefully assessed the dollar amount necessary to not only eliminate the debt, but to also set the district on a path to financial success. We built in funding to repair schools. We built in funding to help the district through the transition. Giving in to this ludicrous plan would be a mistake that your future generations will never forgive you for. We built in funding to repair schools. We built in funding to help the district through the transition. Giving in to this ludicrous plan would be a mistake that your future generations will never forgive you for.

I strongly encourage you to vote “no” for the parents. I strongly encourage you to vote “no” for the teachers. Most importantly, I encourage you to vote “no” for the students of Detroit. We can do better, colleagues, and we must do better.

I would be remiss if I didn’t point out, before I stepped away from the podium here today, my colleague from the 34th District. This is the plan that we took 15 months to develop. One hundred twenty-five pages, and we just threw it away. What an insult to a man who has spent so much time in my district, who has bent over backwards to get to know my community, who has sacrificed his own personal and political relationships, and who has sacrificed his relationships at home. You say what you want about our ten-member caucus, but we would never stab one of our own in the back like what you’re doing to the Senator from the 34th District today. What an insult. What a slap in the face to him after all the hard work that he put into this bill. For that I say to the Senator that I am terribly sorry. From the bottom of my heart, I thank you for all the effort that you put into this. My community will not forget it and neither will I.
Senator Hood’s statement is as follows:

I rise this moment with a sad and disgusted taste in my mouth and a sad and disgusted feeling in my heart. The question that was asked to us: Would we want these uncertified teachers in every district? The answer is no. I know you wouldn’t. You know you wouldn’t. Let’s not play that game, because you don’t have it in your district and you’re not inviting it into your district. You’re only inviting it into my district.

As the process has been going for the last couple of days, the heat has been turned up for an issue that is going to impact my district for years to come, not ten years, not 20 years, not 30 years. We are talking about hundreds of years—100, 200, 300, and on and on. It’s going to impact the future. We sit here and play these Mickey Mouse games with lives because you don’t give a care about them. You know what that tells me? No, I did not support the Senate legislation that came through here, but I sure don’t support the legislation that came over from the House. I was willing to work from day one on that Senate plan, and I’m still willing to work on it today. I always have been open to that. But now, as has been stated before, we are knuckling under. Why? This is supposed to be the upper chamber. Everybody has been here for some time, but it doesn’t seem like the upper chamber to me.

You coward. You coward—to even take and put this legislation before us and before my community and not even have one Detroiter in the room to help negotiate this piece. We would have said, “Hell no.” Guess what? You go into your caucus, and they go into their caucus and do whatever they want to do to my community—the kids I have to look at everyday walking up and down the streets. I have to look in their eyes; you don’t. But you want to make the decisions on their lives, and tell them what kind of lives they’re going to have, what kind of education that they have because they don’t have the same education that you get in your district. Why? Because this bill does not do it. This is not the answer. This is the crap that you shoved down our throats, and you shoved down their throats. These kids don’t have a voice here. We are their voice. This is going to impact them for years.

This is a cowardly act, because why? We want to go on summer break. These are the last two days before summer break, and we want to get out of town. We want to go on vacation, and we want to go out and do whatever. The House wants to go out and campaign, so let’s hurry up and do this at the last minute, and let’s change it around. Let’s not do the work that the people sent us here to do. Let’s just throw something at Detroit—something that isn’t going to work.

No. 1, it’s not enough money. No. 2, you don’t even know how much money is needed because nobody has done an audit to say how much the debt actually is. You don’t know. You’re fixing a problem that you don’t even know what the answer is. This is what we are subjected to because you have the majority or somebody is in the minority or they are this part of the state or they’re in that part of the state.

This is not what this place was meant to be. I’m ashamed to be a legislator today, because so much hard work has been put in these bills and the Senate bills. I’m totally ashamed. It’s not me. It’s the kids. It’s the school district. It’s not going to survive with this legislation. It’s not. We all know that. Everybody in this room knows that. I tell you what, ten years from now I’m going to call you, and hopefully I’m still living, but I’m going to call and say, “See, told you.” Mark this day, June 8, 2016, when we failed the citizens, the students, and the kids of the city of Detroit. You coward. Coward—because we didn’t stand up for what is right. We stood up for a piece of legislation that was put together, and we know this is all bad legislation. We all know that. I just can’t say much more than coward. It’s a cowardly act. You come tell those kids in the city of Detroit. It’s a shame.

We wonder why voters don’t trust us anymore, because we don’t deserve to be trusted. There is no way that I or anybody else from the city of Detroit would come to your district and tell you how to run your district or do things without your input, because you know your district better than anybody else here. You know your neighbors. You know the people across town. You know everybody. But I’m getting decisions made about my district that I have no control over. I don’t even have a say-so. But you know better. Who made you God, you cowards?

Senator Young’s statement is as follows:

I would like to start with a quote from First Lady Michelle Obama: “Education is the single most important civil rights issue we face today.” It is a shame after all this sitting around, all this debating, all of this talking, all of these long-ass hours of being in this hot room that all we have come up with is this. All that negotiation and this is the best we can do for our children. This is the best. We are talking about a district where 47 percent of the city is functionally illiterate, where 66 percent of the children are not proficient in reading, and we have no plan for that. We are talking about a district where 30 percent of the families don’t have transportation. We have no plan for that. We are talking about a district that is literally on the verge of financial apocalypse. The money that we are providing is not enough for it.

Colleagues, being here in the Senate with immense and intense power, what are we doing? Why go through all of the hours, shake all the hands, answer all the constituency phone calls, introduce all the bills, and go through all the work of being a lawmaker if, at the end of the day, you are not going to use your authority to solve the issues most pressing to our constituents? What is the point? I would really like someone to tell me.

A great man, Victor Hugo once said that there is nothing more powerful than an idea whose time has come. The idea for DPS to provide excellence in academics is an idea whose time has come. The idea of our children being able to read, write, and count is an idea whose time has come. The time for our children to walk to and from school without worrying about being assaulted by adults or animals is an idea whose time has come. The idea that children, whether in public or charter school, can have transportation provided to them, the time has come.
We in the Legislature had the ability to address these things, and we didn’t. What does that say about us? What does it say about our character? What does it say about the fabric of who we are and about our humanity? That is what this is. It is about humanity. The right to education is a civil rights issue, but it’s also a human rights issue. We have abandoned them not just this time, but for generations. It happened before I was born, and after these bills, probably after I am gone.

This action will go down in history. It will be remembered in the pantheon of accomplishments in the state of Michigan. What will it say on that wall? What will echo throughout eternity? That we did all we could, came together, and proposed the most comprehensive education plan the country has ever seen? Or will it say that because Dick DeVos didn’t give us permission, we fell short of our goal, because the charter school people didn’t like it.

We need to do what is right for our constituents. Who runs this state? Is it us as lawmakers or special interests? If it is the special interests, then let’s go get Dick DeVos to put his Amway rights around the Capitol and call this DeVos Capitol.

In conclusion, all I am trying to say is that if we are not going to stand and do what is right, what is the purpose of gaining the entire world if you lose your soul? This state is losing a piece of itself. I just wanted to say that we had a tremendous opportunity before us to do right, and it is the children who will remember. I agree with the previous speaker, my good colleague. DPS is not going to survive. This will not be enough. We will have conversations about when it existed, when it used to be a school district. This is outrageous.

The lives of future Detroit children are no less important than yours. If we fail to make sure our kids have a safe school system that is stable and successful, we are fundamentally failing at being lawmakers. Colleagues, if we vote “yes” on this House plan, we will be failing.

According to a recent report published by the Department of Education, 96 percent of Detroit eighth-graders are not proficient in math, and 93 percent are not proficient in reading. How does this legislation make that better? Spoiler alert: It doesn’t. What this legislation does is rely on bad policy already discredited nationwide when it comes to performance standards and merit pay for teachers. Maybe our friends in the House haven’t heard in all those closed-door, smoke-filled sessions, but in addition to the debt crisis and crumbling buildings, we have a teacher shortage in Detroit. We don’t fix that shortage by demonizing teachers, limiting collective bargaining, union busting, and making it harder for teachers to get the raises they deserve.

Nothing in this bill makes sense. I have teachers in my district who take money out of their own pockets to make sure that these kids have food, science projects, and who run across the streets and make copies of assignments at Kinkos to make sure the kids have up-to-date paperwork. They deserve better. They are in a position, no fault of their own, and we are abandoning them.

Colleagues, we need to stand up for the kids in Detroit because it is clear that no one else will. I just don’t think that in a time when you have six-month-old infants’ blood running in the streets and a time we have children who cannot read or write; with kids who don’t have the basic necessities available for them, we cannot afford to play games. The children deserve better, and my constituency deserves better. I urge a “no” vote on this legislation.

Senator Hansen’s statement, in which Senator Hertel concurred, is as follows:

I stand before this body to do what is normally statistically impossible—give a “no” vote explanation on legislation that I championed. That’s a first for me, to say the least. But these are the circumstances where I have found myself. Every day for the past year, I have focused 100 percent of my energies on a package of bills that were intended to forge a new path forward for the future of Detroit Public Schools.

As I told the House Appropriations Committee last month, after months of intense negotiation, it was truly a blessing for Democrats and Republicans in this chamber to partner together and agree on a compromise education reform plan. It was a bipartisan commitment to improving the educational future for the children of Detroit.

It was a plan that created a new community school district, separate from the old DPS and free of debt. It addressed the multitude of financial difficulties facing the district. It maintained educational choice and improved choice options for parents and students; avoided a lengthy and costly bankruptcy; returned local control to an elected school board; provided oversight of taxpayer dollars; and managed the opening of new schools so that all areas of the Detroit community would have access to quality school options.

Unfortunately, many critical elements necessary for real educational success in this district were not included in the bill that just came before us from the other chamber. It’s been characterized that this compromise bill represents a proverbial three-fourths of a loaf of bread and that we should accept paying down the district’s debt and returning elected control as acceptable outcomes only. Why should Detroit children accept anything that’s less than what other children across this state are receiving? Why should Detroit children accept only three-fourths of our effort and not fix this problem once and for all?

Unfortunately, this bill provides a continued path that will pit DPS and charter schools against each other. Rather, we should be focused on creating an environment where good schools of all types have an opportunity to flourish and provide the educational services our children truly deserve. Instead, let’s have a standard that holds everyone accountable and improves the quality of education. There are lots of choices for schools in Detroit, but these parents and children need to have quality choices.
My fear is that the serious lack of coordination related to school site planning decisions will continue. By not truly fixing these systemic problems, are we not furthering the confusion and chaos that negatively impacts parents’ ability to seek stability and positive educational options for their children? I was encouraged that the legislation which initially passed this chamber would have brought about a new level of coordination, increased parental choice, and attract new education options for students.

The changes made to these bills, however, are not anchored in a way that will truly lead to academic improvement. There needed to be a real accountability system that would drive the academic outcomes we all expect.

All of us were elected to solve problems. Some problems are being solved here today, and others are being left unresolved to the detriment of Michigan taxpayers. I fear that a prime opportunity for real achievement has been missed.

I am a proud Republican from West Michigan, representing the fine people of the 34th Senate District, who also stands with the children and parents of Detroit. I will continue working with the fine leaders of this community to make sure the progress they have made in Detroit is not made in vain. Michigan will not reach its full potential until there’s a healthy, vibrant Detroit. This work will never be complete without a stable educational community, which is necessary in order to ensure the revitalization of this city.

I’m honored to have had the opportunity to work alongside all of my colleagues in this chamber, as well as many passionate advocates across the state. Thank you to all of the stakeholders and interest groups who joined our initial efforts and put your reputations on the line. This was a just and honest cause.

Unfortunately, I was unable to support this bill, and it pains me greatly to say that. However, I will continue to work in a bipartisan way to ensure that Detroit families have the same strong, thriving education options as seen in other schools districts across the great state of Michigan.

By unanimous consent the Senate returned to the order of
