Rep. Cindy Denby, from the 47th District, offered the following invocation:

“Dear Heavenly Father:

We thank You for the many blessings You have given us. We so appreciate living in a state that has so many of Your wondrous works from the mountains and forests, lakes and farmland to our hard-working citizens. We ask that You be with all those today who are in need, especially Michigan’s children who are cold or hurt or hungry. Place Your protection on all of members of the armed forces who are serving today.

And Lord, be with each member of the legislature, representatives and senators, as we make decisions that affect the people of Michigan. Help us to prayerfully consider the items before us today and in the hectic weeks to come. Be with us to help us discern the best solutions and to help us not be hasty because of the pressure of time.

We once again thank You for the hard work of the people here in Lansing and all those in our beautiful state. Amen.”

The Speaker called the Speaker Pro Tempore to the Chair.

### Motions and Resolutions

Reps. Dianda, Schmidt, McBroom, Kivela, Foster and Brown offered the following resolution:

**House Resolution No. 434.**

A resolution to urge the Governor to increase the energy efficiency of current and future state buildings by using bio-based, low carbon-intensity building materials and by requiring that state buildings meet standards from a credible green building rating system that gives equal weight to forest certification programs.

Whereas, The state of Michigan is dedicated to economic growth, community enhancement, and environmental stewardship. Michigan’s 20.2 million acres of forestland provide many benefits, including clean air and water, climate change mitigation, habitat for wildlife, commercially valuable products, and \$14.6 billion per year in economic activity from the forest products industry. Promoting markets for products from sustainably managed forests in Michigan will help conserve forests, protect the 154,000 jobs provided by the forest products industry, and strengthen local communities; and

Whereas, The state of Michigan recognizes the importance of the logging community and forest products industry to enhance and protect the health and well-being of Michigan’s multiple-use forestlands. Michigan also recognizes the value of forest certification as a tool to promote well-managed forests and supports several of the third-party forest certification standards in use in the United States; and

Whereas, The choice of building materials has a significant influence on a building’s environmental impact. Wood generally requires less energy to produce than other building materials, is the only major building material that comes from a renewable source, and stores carbon over its lifetime. Wood from responsibly managed forests is therefore an excellent choice for any new construction or renovation project; and

Whereas, Using green building rating systems and evaluating building materials prior to new building construction or major building renovations have the potential to improve decision-making about material choices and energy efficiency, reduce waste, and deliver long-term cost benefits in buildings; now, therefore, be it

Resolved by the House of Representatives, That we urge the Governor to use bio-based, low carbon-intensity building materials that are demonstrated to improve energy efficiency and to use a credible green building rating system when designing, constructing, and renovating any building owned or acquired by or for the state or any department, office, board, commission, or agency thereof, including state-supported institutions of higher learning; and be it further

Resolved, That we urge the Governor to select a green building rating system that awards certification credits equally to forest products certified by the American Tree Farm System, Forest Stewardship Council, and Sustainable Forestry Initiative; and be it further

Resolved, That copies of this resolution be transmitted to the Governor and the Director of the Department of Technology, Management and Budget.

The resolution was referred to the Committee on Energy and Technology.

### Comments and Recommendations

Rep. Stamas moved that the following remarks be printed in the Journal.

The motion prevailed.

Rep. Kandrevas:

“Thank you, Madam Speaker:

I had planned on not giving a farewell speech—this tradition of the House, although quaint and well-intentioned, does not seem to serve an era of term-limited Representatives, with roughly one-third of House Membership leaving the office each cycle. Nonetheless, I was persuaded by the most eloquent of arguments: upon commenting that I may skip my Farewell Speech, my wife looked at me and said ‘you had better do a speech.’ So here I am.

I intend on being brief, not because it’s in my nature, but because I cannot hope to speak as heartfelt as Rep. Fred Durhal, Jr., nor as humorously as now-Senator Dave Hildenbrand, nor as eloquently as Rep. Kurtz.

I have but one piece of advice to future legislators: learn a bit about the gentlemen depicted in the four paintings at the head of this Chamber, because if you do then your school tour groups will go by much easier, and you’ll look like you’ve at least learned something in this position. If you can point out Hazen Pingree’s fabulous facial hair, and remind the students, should they ever take in a baseball game in Detroit, that they will see a larger-than-life statue of the same Mayor Pingree in Grand Circus Park, steps from Comerica Park, they may actually remember this fact. And if you can understand a bit about Lewis Cass’s life, then perhaps you will stop using the pejorative term ‘Michigander’ in reference to residents of our Great State.

I cannot hope to adequately thank all the many people who have helped me over these last six years, so please do not take offense if I don’t mention you by name.

I must recognize the love and support of my parents, the Honorable James and Mrs. Pat Kandrevas, without whom I would not be. They were the inspiration and support for me to make a run for State Representative, and for this alone I can never repay them.

Six years is a short time, but a lot can happen in that span.

Upon entering the House, I was a proud member of the Democratic Bachelors Caucus, along with Rep. Ed Clemente and Rep. Jon Switalski. I leave this Chamber not only having married the best thing to ever happen to my life, my wife, Altinia, but also expecting our first child this upcoming February.

A special recognition to the Downriver Reps, past and current, who make this job much more interesting. Particular thanks to the Cousins Clemente and Doug Geiss—it was a pleasure slogging through the local Chamber grillings each cycle.

Rep. Haugh mentioned a few of the strongest friendships from our freshmen class, and those memories will always be cherished. The truth is, though, that I’m grateful to the hundreds of individuals, both inside this Chamber and outside these walls, whether ally or adversary, for the remarkable level of professionalism shown to me on such a wide array of issues. You’ve helped me grow personally and mentally...even those of you who I’d rather never have to see again.

I’ve been blessed with better support staff than I could have ever hoped for, from my first hirings of Hannah Bobee and Adrienne Hagon on through my current crew of Joseph Sullivan and Kasey Bey. Thank you for the hours and brain power you put into helping me and serving the residents of the 13th House District.

And a special recognition must be extended to the two poor souls who had the misfortune of sitting next to me on the House Floor. Rep. Dan Scripps and Rep. Sean McCann have had to deal with my foul-tempered tirades in both the English and Greek languages, my constant discussions on the things that annoy me, my criticism of whatever food product they were eating on that day, and my reasoning for why the votes they were casting would hurt their careers. They are both true Gentlemen and have been wonderful neighbors. And McCann came back for a second term next to me, so I guess maybe it wasn’t so terrible.

With that, I say thank you to all, and forever Go Blue.”

By unanimous consent the House returned to the order of

### Comments and Recommendations

Rep. MacGregor:

“Thank you Mr. Speaker

I was asked if I wanted to give a farewell speech and I thought to myself ... I'm really not going anywhere.

So today Mr. Speaker, I rise to give NOT my farewell speech, but MY THANK YOU speech. While my time here in the House may temporarily be ending, my time in the state Legislature continues. I am one of the lucky few who have the honor of serving here in the House and in a few weeks I will have the privilege of traveling to the other side of the rotunda to serve in the Senate.

The past four years have gone by so quickly, and the two terms that I have served will leave a lasting impression on me – both personally and professionally. I would like to express my sincere gratitude for all my experiences as a state representative. The people that I have met and worked with – both in Lansing and back home – and the laws that we have passed to make Michigan a better place to live and work, have been very rewarding.

And even though this is not a farewell speech, I would still like to share a few high-lites of;

**‘Some simple things that I have learned’** serving in this chamber.

- I have learned that my children will not go to the grocery store with me anymore because every isle turns into a town-hall meeting. They say all I do is talk to old people.
- I have learned that if I want to be home for dinner by 6pm we need to have **Margaret O’Brien** up on the rostrum. And sorry colleagues, but I’m taking her with me.
- I have learned that when someone says this bill is a ‘slam dunk’ — it’s going to be as easy as one of us literally trying to slam dunk. I know I can’t slam dunk. Rep Kesto?
- I have learned that many of us have a great sense of humor, but a great sense of humor doesn’t make one a good joke teller – right **Ken Yonker**?
- I have learned that Representatives **LaFontaine & Leonard** don’t like people using THIS podium because of all the spit that gets on their desk. Sorry guys.
- I have learned that the cable television show ‘Moonshiners’ is actually based on one of our own colleague’s kin-folk. I won’t mention any names, but talk to our colleague from District 70.
- I have learned that serving & working with the second most evil person in the world (because he introduced the Emergency Manager Law) has been quite an experience.

It wasn’t on my original bucket list, but I checked it off anyway. And for the record - Al really isn’t all that evil – it just his charming personality.

- I have learned that Representative **Bill Rogers** and Representative **Lisa Lyons** have **more courage** than many of us will ever have for **chairing** K-12 Appropriations and the House Education Policy Committees. God bless them!
- And last but not least, I have learned that it’s only 78 paces from the House Floor to the Senate Floor. That’s for Knezek, Shirkey, Schmidt, Zorn, Stamas and O’Brien. I just thought you’d like to know.

On a more serious note, I still would like to take this opportunity to thank a few people who I admire and have helped my time here in the House to be more rewarding.

To the House Sergeants – Thanks you for your service. Some of you guys really intimidated the heck out of me my first year. Your professionalism is impeccable.

To Chief Dickson – who, soon after the election happen to ride the elevator with me, and congratulated me on my move to the Senate. He said to me (quote) ‘just remember – once a representative, always a representative.’ And then he said (quote) ‘and I’ll always be willing to take a bullet for you sir’. Thank you Chief Dickson for your dedication, but I really hope you never have to perform that task. All our Sergeants do an awesome job.

I want to thank the clerks, and the staff, and the writers that perform countless hours, behind the scenes, to make THIS ‘AWESOME’ PROCESS WORK. Their work behind the scenes is flawless – and essential.

There are two individuals that I have leaned on quite a bit to make my appropriations experience more purposeful. These two have guided me through the budget chaos and helped me turn my budget into a meaningful document.

These individuals are Dan Dundas from House Policy & Kevin Koorstra from House Fiscal. It’s their expertise that made the process work so efficiently.

Patty, Ken, Robin, MariAnn, Kyle, Josiah and Megan are just a few of the policy and fiscal staff **whose** hard work, dedication, and depth of knowledge have made my job (our job) easier. Thank you to all the staff.

And Just a forewarning - I have your cell numbers, so you may be getting a call from me next budget cycle.

I also want to thank my seat-mates. My first term, it was Brad Jacobsen.

I miss sitting next to Brad. He can make anyone smile. I **enjoyed** getting to know him and cheering on the Spartans together – Santa I still owe you one.

My current seat-mate, who is just about half the age of two-thirds of us serving here — and for the record he’s only 20 years younger than me.

Frank Foster – I kid him about his age, and what he wants to be when he grows up, but I know that Frank has true character and the boldness that I know I never had in my 20s. I wish him much success and happiness.

For the last four years I enjoyed listening to the stories from third term colleagues like Pete Lund, Wayne Schmidt, Ken Kurtz, Kevin Daley, and Matt Lori about ‘**how it used to be**’ before my class took office 4 years ago.

I guess I like listening to them because I couldn’t imagine going through that – nor do I ever want to experience that. The multiple all-nighters, rarely starting on time, and having session go into the wee hours of the night. Wow – I hope this chamber never goes back to those days.

Speaker Bolger, Speaker Pro Tempore Walsh & Floor Leader Stamas – I want to thank you for your leadership and not making us live through the agony of disorganization (and how it used to be). Thank you for ‘*doing what you say and saying what you do*’. That is such a key component to successful leadership!

Speaker Bolger & Appropriation Chair Joe Haveman (as well as Chuck Moss too – our chairman last session); I really appreciate the opportunities you gave for me and the confidence and support you had in me to chair two appropriation subcommittees over the past 4 years.

I’m still amazed how well Joe was able to pull it all together.

Well done Joe.

Whether one is a D or an R, it doesn’t matter, because honesty and true respect is what makes strong friendships. Not the D’s and R’s.

I wish for the best for a special friend of mine, that I knew well before we got elected in 2010.

Rudy Hobbs, I hope that **our bond** stays strong and our paths cross many more times in our careers.

Honorable people like Representative Richard LeBlanc (who has been mentioned in many speech over the last two week) and Rep Rashida Tlaib, both who worked with me on appropriations ——— thank you for being honest and open during the budget process.

And Representative Paul Clemente – thank you for our interesting and honest conversations.

In wrapping up this Non-Farewell Speech, I want to thank my staff ——— both past & present. Matt Sterenberg & Phil Yieter were with me in my first term and both are off to bigger and brighter futures now.

My current staff; Ben Greene and Mandy Bolter – Thank you for your loyalty, dedication, perseverance, keen perception, and most importantly your friendship. I know I wouldn’t have been able to get to the Senate without you on my team.

Mandy Bolter (who’s been with me from the start – and is leaving the life as a staffer to work closer to home in Kent County) ——— I’m not sure I can even thank you enough.

Mandy - wish you were coming with me to the senate and I’m really not sure how I will endure without you by my side next term. The last four years together have been awesome.

I don’t want to leave anyone out but I need to thank a few of my Kent County Colleagues:

I want to thank Tom Hooker for his guidance and moral compass.

Rob VerHeulen, thank you for your pragmatism and friendship.

Ken Yonker, thank you for always having my back.

and Lisa Lyons – thank you for your perseverance, always making me laugh, and in the immortal words of Tommy Boy Callaghan – ‘**I’ve seen a lot of stuff in my life, but that was ... awesome!**’

I also want to thank my Family – My Wife Chrissie and my three boys Patrick, John & Matthew. Without their encouragement and support I’d never have run for this office.

It has been an honor to serve in this chamber for the last four years representing the 73rd District, and I look forward to continuing my service to the people of West Michigan and the 28th Senate District.

I am excited to begin this next chapter in my career, while I close this incredible chapter later this month. I will miss the House of Representatives and the people I have met during my time here.

To all of my colleagues in the House, I say thank you – for the friendship, respect and desire to keep our state moving forward.

I am especially grateful to the people I serve in Kent County, and I thank them for putting their trust in me once again. We have all been given an incredible task by our constituents, and it is always a pleasure to serve them.

In closing I would like to share one of my favorite quotes:

It’s by Winston Churchill;

*‘Courage is what it takes to stand up and speak;*

*Courage is also what it takes to sit down and listen.’*

Thank you & God Bless.”

“Mr. Speaker and members of the House:

It is with a heavy heart that I voted against the Michigan Religious Freedom Restoration Act. I believe in protecting religious freedom. However, I truly believe that this will create problems and could ultimately lead to government sanctioned religious discrimination. This violates the tenet of separation of church and state. Several amendments were offered, including one of mine, that would have made this law better. None of them were adopted. This bill also was passed along party lines during lame duck on the same day that it was voted out of committee along party lines. This was rushed for political reasons and could have been made better with more time and allowing for more public input.”
