Sec. 19. (1) Except as otherwise provided in this section, for tax years that begin on or after January 1, 2000, except for a taxpayer that calculates tax base under section 22a, the tax base of a foreign person includes the sum of business income and the adjustments under section 9 that are related to United States business activity, whether or not the foreign person is subject to taxation under the internal revenue code.

The tax base of a foreign person described in this subsection shall not include gross income from sales shipped or delivered to any purchaser within the United States and for which title transfers outside the United States.

The liability of a domestic insurer for the period before August 3, 1987 shall be determined on a calendar year basis and prorated based on the portion of the tax year before August 3, 1987. The commissioner shall determine a schedule of estimated payments for the 1991 insurance company tax year.

(3) Notwithstanding section 73, an insurance company shall file the annual return required under this act before March 2 after the end of the tax year, and an automatic extension under section 73(3) is not available.

(4) For the purpose of calculating an estimated payment required by section 71 for a tax year ending after 1989, the greater of the amount of tax imposed on an insurance company under this act or under section 476a of Act No. 218 of the Public Acts of 1956, shall be considered the insurance company's tax liability for the immediately preceding tax year.

(5) The requirements of section 28(1)(f) of Act No. 122 of the Public Acts of 1941, being section 205.28 of the Michigan Compiled Laws, that prohibit an employee or authorized representative of, a former employee or authorized representative of, or anyone connected with the department of treasury from divulging any facts or information obtained in connection with the administration of a tax, do not apply to disclosure of a tax return required by this section.

History: Add. 1987, Act 262, Imd. Eff. Dec. 28, 1987;—Am. 1990, Act 255, Imd. Eff. Oct. 15, 1990.

Compiler's note: Section 2 of Act 255 of 1990 provides: "This act is curative and intended to validate the state treasurer's calculation of credit amounts for the 1989 tax year. Provisions of this act relating to the 1989 tax year credits are intended not to be severable from provisions of this act relating to calculation of the 1990 tax year credits."

***** 208.23 THIS SECTION IS REPEALED BY ACT 325 OF 2006 EFFECTIVE DECEMBER 31, 2007

208.23 Adjustment of tax base.

Sec. 23. After allocation as provided in section 40 or apportionment as provided in section 41, the tax base shall be adjusted by the following:

(a) For a tax year ending before March 31, 1991 for which subdivision (c) is not in effect, deduct the cost, including fabrication and installation, paid or accrued in the taxable year of tangible assets of a type that are, or under the internal revenue code will become, eligible for depreciation, amortization, or accelerated capital cost recovery for federal income tax purposes excluding costs of assets that are defined in section 1250 of the internal revenue code. However, for tangible assets that are subject to a lease back agreement under the former provisions of section 168(f)(8) of the internal revenue code as that section provided immediately before the tax reform act of 1986, Public Law 99-514, became effective or to a lease back of property to which the amendments made by the tax reform act of 1986 do not apply as provided in section 204 of the tax reform act of 1986, the deduction shall be allowed only to the lessee or sublessee under the 168(f)(8) agreement. This deduction shall be multiplied by a fraction, the numerator of which is the payroll factor plus the property factor and the denominator of which is 2.

(b) For a tax year ending before March 31, 1991 for which subdivision (c) is not in effect, deduct the cost including fabrication and installation, excluding the cost deducted under subdivision (a) paid or accrued in the taxable year of tangible assets of a type that are, or under the internal revenue code will become eligible for depreciation, amortization, or accelerated capital cost recovery for federal income tax purposes, provided that the assets are physically located in Michigan.

(c) For a tax year beginning after September 30, 1989 but before January 1, 1997 and for tax years beginning after December 31, 1996 and before January 1, 2000 as provided in subdivision (h), deduct the cost, including fabrication and installation, paid or accrued in the taxable year of tangible assets of a type that are, or under the internal revenue code will become, eligible for depreciation, amortization, or accelerated capital cost recovery for federal income tax purposes. This deduction shall be multiplied by the apportionment factor for the taxable year as defined in chapter 3. This subdivision does not apply to a taxpayer's first tax year ending after September 29, 1991.

(d) For a taxpayer's first tax year ending after September 29, 1991, the adjustment provided by this section shall be calculated by computing the sum of the product of the cost, including fabrication and installation, paid or accrued in the immediately preceding tax year of tangible assets of a type that are, or under the internal revenue code will become, eligible for depreciation, amortization, or accelerated capital cost recovery for federal income tax purposes multiplied by the apportionment factor as defined in chapter 3 for that immediately preceding tax year, plus the product of the cost, including fabrication and installation, paid or accrued in the taxpayer's first tax year ending after September 29, 1991 of tangible assets of a type that are, or under the internal revenue code will become, eligible for depreciation, amortization, or accelerated capital cost recovery for federal income tax purposes multiplied by the apportionment factor as defined in chapter 3 for that tax year, and reducing that sum by the adjustment for the cost, including fabrication and installation, paid or accrued in the immediately preceding tax year of tangible assets of a type that were, or under the internal revenue code will become, eligible for depreciation, amortization, or accelerated capital cost recovery for federal income tax purposes claimed by the taxpayer or allowed to the taxpayer under this act in the

immediately preceding tax year. If the adjustment calculated pursuant to this subdivision is a positive amount, it shall be deducted from the tax base after allocation or apportionment, and if the adjustment calculated pursuant to this subdivision is a negative amount, it shall, without reference to the negative sign, be added to the tax base after allocation and apportionment. If any portion of this subdivision is determined to be invalid pursuant to a final appellate court decision, this subdivision shall be severed from this section.

(e) Except as provided in subdivisions (g),(h), and (i), for a tax year beginning after December 31, 1996 and before January 1, 2000, deduct the cost, including fabrication and installation, paid or accrued in the taxable year of tangible assets of a type that are, or under the internal revenue code will become, eligible for depreciation, amortization, or accelerated capital cost recovery for federal income tax purposes, provided that the assets are physically located in this state for use in a business activity in this state and are not mobile tangible assets. This deduction shall be multiplied by the apportionment factor for the tax year as prescribed in chapter 3.

(f) Except as provided in subdivision (h) and if subdivision (e) is in effect, for a tax year beginning after December 31, 1996 and before January 1, 2000, deduct the cost, including fabrication and installation, paid or accrued in the taxable year of mobile tangible assets of a type that are, or under the internal revenue code will become, eligible for depreciation, amortization, or accelerated capital cost recovery for federal income tax purposes. This deduction shall be multiplied by the apportionment factor for the tax year as prescribed in chapter 3. As used in this section and section 23b, "mobile tangible assets" means all of the following:

(i) Motor vehicles that have a gross vehicle weight rating of 10,000 pounds or more and are used to transport persons for compensation or property.

(ii) Rolling stock, aircraft, and watercraft used by the owner to transport persons or property for compensation or used by the owner to transport the owner's property for sale, rental, or further processing.

(iii) Equipment used directly in completion of or in construction contracts for the construction, alteration, repair, or improvement of property.

(g) Except as provided in subdivision (h) and if subdivision (e) is in effect, for tangible assets, other than mobile tangible assets, purchased or acquired for use outside of this state in a tax year beginning after December 31, 1996 and before January 1, 2000 and physically located in this state after the assets are purchased or acquired for use in a business activity, deduct the federal basis used for determining gain or loss as of the date the tangible assets were physically located in this state for use in a business activity plus the cost of fabrication and installation of the tangible assets in this state. This deduction shall be multiplied by the apportionment factor for the tax year as prescribed in chapter 3.

(h) For tax years beginning after December 31, 1996 and before January 1, 2000 and if subdivision (e) is in effect, subdivisions (e), (f), and (g) do not apply and subdivision (c) does apply to a taxpayer that meets all of the following criteria:

(i) The taxpayer has its headquarters in this state.

(ii) The taxpayer's date of incorporation, as filed with the corporate division of the corporation, securities, and land development bureau of the department of consumer and industry services, is on or before January 9, 1996.

(iii) The taxpayer's sales at retail of prescriptions are more than 2% and less than 10% of the taxpayer's total sales at retail.

(iv) The taxpayer sells at retail all of the following and, for tax years that begin before January 1, 1998, more than 50% or, for tax years that begin on and after January 1, 1998, more than 20% of the taxpayer's total sales is comprised of the retail sales of the following:

(A) Fresh, frozen, or processed food, food products, or consumable necessities.

(B) Household products.

(C) Prescriptions.

(D) Health and beauty care products.

(E) Cosmetics.

(F) Pet products.

(G) Carbonated beverages.

(H) Beer, wine, or liquor.

(i) For a tax year beginning after December 31, 1996 and before January 1, 2000 if subdivision (e) is not in effect, deduct the cost, including fabrication and installation, paid or accrued in the taxable year of tangible assets of a type that are, or under the internal revenue code will become, eligible for depreciation, amortization, or accelerated capital cost recovery for federal income tax purposes. This deduction shall be multiplied by the apportionment factor for the tax year as prescribed in chapter 3.

Constitutionality: In *Trinova Corp. v Michigan Department of Treasury*, 111 S Ct 818 (1991), the United States Supreme Court held that Michigan's single business tax is not violative of the Commerce Clause or Due Process Clause of the Fourteenth Amendment of the United States Constitution. The Court stated that the single business tax meets the Court's test for sustaining a Commerce Clause challenge, by being a tax that: (1) Is applied to an activity with a substantial nexus with the taxing state; (2) Is fairly apportioned; (3) Does not discriminate against interstate commerce; and (4) Is fairly related to the services provided by the state. Neither does the tax violate due process requirements because there is a "minimal connection between the interstate activities and the taxing State, and a rational relationship between the income attributed to the State and the intrastate values of the enterprise."

In *Caterpillar v Department of Treasury*, 440 Mich 400 (1992) plaintiffs brought an action in Court of Claims against the Department of Treasury, Revenue Division, seeking a refund of all single business taxes paid between 1981 and 1984. Plaintiffs claimed that the capital acquisition deduction permitted under the Single Business Tax Act burdens interstate commerce in violation of the Commerce Clause of the U.S. Constitution. The court held the capital acquisition tax to be unconstitutional and disallowed its application beginning September 30, 1989. The Court of Appeals affirmed the decision to grant prospective relief and ruled that the language of the deduction provision that produces a discriminatory effect should be removed. The Michigan Supreme Court reversed by holding that the capital acquisition deduction of the Single Business Tax Act does not violate the Commerce Clause of the United States Constitution. The Michigan Supreme Court determined that: (1) a nexus exists between the plaintiff Caterpillar Corporation and the state of Michigan; (2) the methods of apportionment are fair; (3) no facts were presented indicating substantial misappropriation or distorted results; (4) no evidence was introduced of discriminatory purpose or effect; and, (5) plaintiff received benefits fairly related to services provided by the state.

Compiler's note: In subsection (b), the clause "or under the internal revenue code will become ..." evidently should be followed by a comma to read "or under the internal revenue code will become, ..."

Section 2 of Act 208 of 1981 provides: "This amendatory act shall take effect for tax years beginning after December 31, 1980."

Section 2 of Act 77 of 1991 provides: "The provisions of section 23(c) of this amendatory act are curative and intended to correct any misinterpretation of legislative intent in the Michigan court of appeals decision in *Caterpillar v State of Michigan*, Department of Treasury, Docket No. 119584. The legislature finds that for persons whose tax base is apportioned under chapter 3 of the single business tax (SBT) act, an unapportioned capital acquisition deduction is inconsistent with the manifest intent of the legislature. This legislation further expresses the original intent of the legislature that for persons whose tax base is apportioned under chapter 3, the capital acquisition deduction shall be apportioned or allocated to Michigan."

***** 208.23b THIS SECTION IS REPEALED BY ACT 325 OF 2006 EFFECTIVE DECEMBER 31, 2007

208.23b Adjustment of tax base.

Sec. 23b. After allocation as provided in section 40 or apportionment as provided in section 41, the tax base shall be adjusted by the following:

(a) If the cost of an asset was paid or accrued in a tax year ending before March 31, 1991 for which a deduction under section 23(c) is not in effect, add the gross proceeds or benefit derived from the sale or other disposition of the tangible assets described in section 23(a) minus the gain and plus the loss from the sale reflected in federal taxable income and minus the gain from the sale or other disposition added to the tax base in section 9(6). This addition shall be multiplied by a fraction, the numerator of which is the payroll factor plus the property factor and the denominator of which is 2. As used in this subdivision, "sale or other disposition" does not include the transfer of tangible assets that are leased back to the transferor under the former provisions of section 168(f)(8) of the internal revenue code as that section provided immediately before the tax reform act of 1986, Public Law 99-514, became effective or to a lease back of property to which the amendments made by the tax reform act of 1986 do not apply as provided in section 204 of the tax reform act of 1986.

(b) If the cost of an asset was paid or accrued in a tax year ending before March 31, 1991 for which a deduction under section 23(c) is not in effect, add the gross proceeds or benefit derived from the sale or other disposition of the tangible assets described in section 23(b) for a tax year beginning before January 1, 1991 minus the gain, multiplied by the apportionment factor for the taxable year as prescribed in chapter 3, and plus the loss, multiplied by the apportionment factor as prescribed in chapter 3, from the sale or other disposition reflected in federal taxable income and minus the gain from the sale or other disposition added to

the tax base in section 9(6).

(c) If the cost of an asset was paid or accrued in a tax year beginning after September 30, 1989 but before January 1, 1997 or paid or accrued in a tax year beginning after December 31, 1996 and before January 1, 2000 as provided in subdivision (f), add the gross proceeds or benefit derived from the sale or other disposition of the tangible assets described in section 23(c) minus the gain and plus the loss from the sale reflected in federal taxable income and minus the gain from the sale or other disposition added to the tax base in section 9(6). This addition shall be multiplied by the apportionment factor for the tax year as prescribed by chapter 3.

(d) Except as provided in subdivisions (f) and (g) and if the cost of tangible assets described in section 23(e), (f), or (g) was paid or accrued in a tax year beginning after December 31, 1996 and before January 1, 2000, add the gross proceeds or benefit derived from the sale or other disposition of the tangible assets minus the gain and plus the loss from the sale or other disposition reflected in federal taxable income and minus the gain from the sale or other disposition added to the tax base in section 9(6). This addition shall be multiplied by the apportionment factor for the tax year as prescribed in chapter 3.

(e) Except as provided in subdivision (f) and if section 23(e) is in effect, for assets other than mobile tangible assets purchased or acquired in a tax year beginning after December 31, 1996 and before January 1, 2000 that were eligible for a deduction under section 23(e) or (g) and that were transferred out of this state, add the federal basis used for determining gain or loss as of the date of the transfer. This addition shall be multiplied by the apportionment factor for the tax year as prescribed in chapter 3.

(f) For tax years beginning after December 31, 1996 and if section 23(e) is in effect, subdivisions (d) and (e) do not apply and subdivision (c) does apply to a taxpayer that meets all of the following criteria:

(i) The taxpayer has its headquarters in this state.

(ii) The taxpayer's date of incorporation, as filed with the corporate division of the corporation, securities, and land development bureau of the department of consumer and industry services, is on or before January 9, 1996.

(iii) The taxpayer's sales at retail of prescriptions are more than 2% and less than 10% of the taxpayer's total sales at retail.

(iv) The taxpayer sells at retail all of the following and, for tax years that begin before January 1, 1998, more than 50% or, for tax years that begin on and after January 1, 1998, more than 20% of the taxpayer's total sales is comprised of the retail sales of the following:

(A) Fresh, frozen, or processed food, food products, or consumable necessities.

(B) Household products.

(C) Prescriptions.

(D) Health and beauty care products.

(E) Cosmetics.

(F) Pet products.

(G) Carbonated beverages.

(H) Beer, wine, or liquor.

(g) If section 23(e) is not in effect and if the cost of tangible assets described in section 23(i) was paid or accrued in a tax year beginning after December 31, 1996 and before January 1, 2000, add the gross proceeds or benefit derived from the sale or other disposition of the tangible assets minus the gain and plus the loss from the sale or other disposition reflected in federal taxable income and minus the gain from the sale or other disposition added to the tax base in section 9(6). This addition shall be multiplied by the apportionment factor for the tax year as prescribed in chapter 3.

(h) Deduct any available business loss. As used in this subdivision, "business loss" means a negative amount after allocation or apportionment as provided in chapter 3 and after adjustments as provided in section 23 and subdivisions (a) to (g) without regard to the deduction under this subdivision. The business loss shall be carried forward to the year next following the loss year as an offset to the allocated or apportioned tax base including the adjustments provided in subdivisions (a) to (g), then successively to the next 9 taxable years following the loss year or until the loss is used up, whichever occurs first, but for not more than 10 taxable years after the loss year.

CHAPTER 2

***** 208.31 THIS SECTION IS REPEALED BY ACT 325 OF 2006 EFFECTIVE DECEMBER 31, 2007

208.31 Specific tax on adjusted tax base; rates; “adjusted tax base” defined; tax imposed on privilege of doing business; reduction of adjusted tax base in lieu of reduction; limitation; applicability of subsection (4); effect of comprehensive annual financial report; annualized rate.

Sec. 31. (1) Except as provided in subsections (5) and (6), there is levied and imposed a specific tax upon the adjusted tax base of every person with business activity in this state that is allocated or apportioned to this state at the following rates for the specified periods:

(a) Before October 1, 1994, 2.35%.

(b) After September 30, 1994 and before January 1, 1999, 2.30%.

(c) Beginning January 1, 1999 and each January 1 after 1999, the rate under this subsection shall be reduced as provided in subsection (5).

(2) As used in this section, “adjusted tax base” means the tax base allocated or apportioned to this state pursuant to chapter 3 with the adjustments prescribed by sections 23 and 23b and the exemptions prescribed by section 35. If the adjusted tax base exceeds 50% of the sum of gross receipts plus the adjustments provided in section 23b(a) to (g), apportioned or allocated to Michigan with the apportionment fraction calculated pursuant to chapter 3, the adjusted tax base may, at the option of the taxpayer, be reduced by that excess. If a taxpayer reduces the adjusted tax base under this subsection, the taxpayer is not entitled to the adjustment provided in subsection (4) for the same taxable year. This subsection does not apply to an adjusted tax base under section 22a.

(3) The tax levied under this section and imposed is upon the privilege of doing business and not upon income.

(4) In lieu of the reduction provided in subsection (2), a person may elect to reduce the adjusted tax base by the percentage that the compensation divided by the tax base exceeds 63%. The deduction shall not exceed 37% of the adjusted tax base. For purposes of computing the deduction allowed by this subsection, as effective for the respective tax year, compensation does not include amounts of compensation exempt from tax under section 35(1)(e). This subsection does not apply to an adjusted tax base under section 22a.

(5) If the comprehensive annual financial report of this state for a state fiscal year, published pursuant to section 494 of the management and budget act, 1984 PA 431, MCL 18.1494, reports an ending balance of more than \$250,000,000.00 in the countercyclical budget and economic stabilization fund created under section 351 of the management and budget act, 1984 PA 431, MCL 18.1351, for that state fiscal year, the tax rate under this section shall be reduced by 0.1 percentage point on the January 1 following the end of the state fiscal year for which the report was issued.

(6) The department shall annualize the rate under this section as necessary, and the applicable annualized rate shall be imposed.

History: 1975, Act 228, Eff. Jan. 1, 1976;—Am. 1976, Act 389, Imd. Eff. Dec. 30, 1976;—Am. 1977, Act 273, Imd. Eff. Dec. 15, 1977;—Am. 1981, Act 208, Imd. Eff. Dec. 30, 1981;—Am. 1982, Act 414, Imd. Eff. Dec. 28, 1982;—Am. 1987, Act 262, Imd. Eff. Dec. 28, 1987;—Am. 1991, Act 77, Imd. Eff. July 16, 1991;—Am. 1993, Act 329, Eff. Apr. 1, 1994;—Am. 1994, Act 247, Eff. July 7, 1994;—Am. 1999, Act 115, Imd. Eff. July 14, 1999.

Constitutionality: In *Trinova Corp. v. Michigan Department of Treasury*, 111 S.Ct. 818 (1991), the United States Supreme Court held that Michigan's single business tax is not violative of the Commerce Clause or Due Process Clause of the Fourteenth Amendment of the United States Constitution. The Court stated that the single business tax meets the Court's test for sustaining a Commerce Clause challenge, by being a tax that: (1) Is applied to an activity with a substantial nexus with the taxing state; (2) Is fairly apportioned; (3) Does not discriminate against interstate commerce; and (4) Is fairly related to the services provided by the state. Neither does the tax violate due process requirements because there is a “minimal connection between the interstate activities and the taxing State, and a rational relationship between the income attributed to the State and the intrastate values of the enterprise.”

Compiler's note: Section 2 of Act 414 of 1982 provides: “This amendatory act shall take effect for tax years commencing after December 31, 1982.”

Section 3 of Act 208 of 1981 provides: “Deletions of the word “total” made by this amendatory act in section 31 of the single business tax act, Act No. 281 of the Public Acts of 1975, as amended, being section 208.35 of the Michigan Compiled Laws, shall serve to cure and clarify any misinterpretation of the operation of section 31 since the effective date of Act No. 273 of the Public Acts of 1977. When originally enacted by Act No. 228 of the Public Acts of 1975, section 31 used the term “total tax base” to indicate that the exclusions made by section 9(4)(c) of the single business tax act of a portion of the depreciation, amortization, or immediate or accelerated write-off related to the cost of tangible assets should be added back to the tax base, before apportionment or allocation, for purposes of section 31. However when, by Act No. 273 of the Public Acts of 1977, section 9(4)(c) was amended to require that all depreciation, amortization, or immediate or accelerated write-off related to the cost of tangible assets be included in a person's tax base, there became no difference between the “tax base” and “total tax base” of a person. The deletion of the word “total” by this amendatory act is an expression of the Legislature's intent that the terms “total tax base” and “tax base” were, since the effective date of Act No. 273 of the Public Acts of 1977, to be considered synonymous and that its deletion by this amendatory act should be interpreted as a resolution of further misinterpretations.”

Enacting section 3 of 1999 PA 115 provides:

“Enacting section 3. The single business tax act, 1975 PA 228, MCL 208.1 to 208.145, is repealed effective on the January 1 of the year in which the rate under section 31 is reduced to 0.0%, and is not effective for tax years that begin on or after that date.”

208.31a Tax credit for qualified start-up business; criteria; definitions.

Sec. 31a. (1) For tax years that begin after December 31, 2004, a taxpayer that meets the criteria under subsection (4) and that is a qualified start-up business that does not have business income for 2 consecutive tax years may claim a credit against the tax imposed under this act for the second of those 2 consecutive tax years and each immediately following consecutive tax year in which the taxpayer does not have business income equal to the taxpayer's tax liability for the tax year in which the taxpayer has no business income. If the taxpayer has business income in any tax year after the credit under this section is claimed, the taxpayer shall claim the credit under this section for any following tax year only if the taxpayer subsequently has no business income for 2 consecutive tax years. The taxpayer may claim the credit for the second of those 2 consecutive tax years and each immediately following consecutive tax year in which the taxpayer does not have business income. A credit under this section shall not be claimed for more than a total of 5 tax years.

(2) If a taxpayer that took the credit under this section has no business activity in this state and has any business activity outside of this state for any of the first 3 tax years after the last tax year for which it took the credit under this section, the taxpayer shall add to its tax liability the following amounts:

(a) If the taxpayer has no business activity in this state for the first tax year after the last tax year for which a credit under this section is claimed, 100% of the total of all credits claimed under this section.

(b) If the taxpayer has no business activity in this state for the second tax year after the last tax year for which a credit under this section is claimed, 67% of the total of all credits claimed under this section.

(c) If the taxpayer has no business activity for the third tax year after the last tax year for which a credit under this section is claimed, 33% of the total of all credits claimed under this section.

(3) A member of an affiliated group as defined in this act, a controlled group of corporations as defined in section 1563 of the internal revenue code and further described in 26 CFR 1.414(b)-1 and 1.414(c)-1 to 1.414(c)-5, or an entity under common control as defined by the internal revenue code shall determine number of employees, sales, and business income for purposes of this section on a consolidated basis.

(4) For the tax year for which a credit under this section is claimed, compensation, director's fees, or distributive shares paid by the taxpayer to any 1 of the following does not exceed \$135,000.00:

(a) A shareholder or officer of a corporation other than an S corporation.

(b) A partner of a partnership or limited liability partnership.

(c) A shareholder of an S corporation.

(d) A member of a limited liability corporation.

(e) An individual who is an owner.

(5) As used in this section:

(a) "Business income" means business income as defined in section 3 excluding funds received from small business innovation research grants and small business technology transfer programs established under the small business innovation development act of 1982, Public Law 97-219, reauthorized under the small business research and development enhancement act, Public Law 102-564, and subsequently reauthorized under the small business reauthorization act of 2000, Public Law 106-554.

(b) "Michigan economic development corporation" means the public body corporate created under section 28 of article VII of the state constitution of 1963 and the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512, by a contractual interlocal agreement effective April 5, 1999, as amended, between local participating economic development corporations formed under the economic development corporations act, 1974 PA 338, MCL 125.1601 to 125.1636, and the Michigan strategic fund.

This exemption shall be reduced by \$2.00 for each \$1.00 that business income exceeds the amount of the exemption. For the purposes of computing the exemption, "business income" means that term as defined in section 3 plus compensation and director's fees of shareholders of a corporation and any carryback or carryover of a net operating loss or capital loss to the extent deducted in arriving at federal taxable income. In calculating eligibility for the exemption provided in this subdivision, a person who is not a corporation may elect to average its business income for the current year and the previous 4 taxable years. Business income as defined in this subdivision shall not be less than zero. For the purposes of this subdivision, tax base shall be after allocation and apportionment provided in chapter 3 and the adjustments provided in sections 23 and 23b. This subdivision does not apply to an adjusted tax base under section 22a.

(4) For tax years that end after December 31, 1990 and except as otherwise provided in this section, a farmers' cooperative corporation shall exclude from adjusted tax base the revenue and expenses attributable to business transacted with farmer or farmer cooperative corporation patrons to whom net earnings are allocated in the form of patronage dividends as defined in section 1388 of the internal revenue code. In computing the adjusted tax base of a farmers' cooperative corporation, each of the additions and deductions under sections 9, 23, and 23b shall be multiplied by a fraction, the numerator of which is the gross profit of the nonpatronage sourced business of the farmers' cooperative corporation and the denominator of which is the gross profits of the farmers' cooperative corporation. 208.35a Tax credit for year beginning after December 31, 1999.

Sec. 35a. (1) For a tax year beginning after December 31, 1999, a taxpayer may claim a credit against the tax imposed by this act of equal to the percentage determined under subsection (2) multiplied by the result of subtracting the sum of the amounts calculated under subdivisions (d), (e), and (f) from the sum of the amounts calculated under subdivisions (a), (b), and (c):

(a) Calculate the cost, including fabrication and installation, paid or accrued in the taxable year of tangible assets of a type that are, or under the internal revenue code will become, eligible for depreciation, amortization, or accelerated capital cost recovery for federal income tax purposes, provided that the assets are physically located in this state for use in a business activity in this state and are not mobile tangible assets.

(b) Calculate the cost, including fabrication and installation, paid or accrued in the taxable year of mobile tangible assets of a type that are, or under the internal revenue code will become, eligible for depreciation, amortization, or accelerated capital cost recovery for federal income tax purposes. This amount shall be multiplied by the apportionment factor for the tax year as prescribed in chapter 3.

(c) For tangible assets, other than mobile tangible assets, purchased or acquired for use outside of this state in a tax year beginning after December 31, 1996 and physically located in this state in a tax year beginning after December 31, 1999 and after the assets are purchased or acquired for use in a business activity, calculate the federal basis used for determining gain or loss as of the date the tangible assets were physically located in this state for use in a business activity plus the cost of fabrication and installation of the tangible assets in this state.

(d) If the cost of tangible assets described in subdivision (a) was paid or accrued in a tax year beginning after December 31, 1999, calculate the gross proceeds or benefit derived from the sale or other disposition of the tangible assets minus the gain, multiplied by the apportionment factor for the taxable year as prescribed in chapter 3, and plus the loss, multiplied by the apportionment factor for the taxable year as prescribed in chapter 3 from the sale or other disposition reflected in federal taxable income and minus the gain from the sale or other disposition added to the tax base in section 9(6).

(e) If the cost of tangible assets described in subdivision (b) was paid or accrued in a tax year beginning after December 31, 1999, calculate the gross proceeds or benefit derived from the sale or other disposition of the tangible assets minus the gain and plus the loss from the sale or other disposition reflected in federal taxable income and minus the gain from the sale or other disposition added to the tax base in section 9(6). This amount shall be multiplied by the apportionment factor for the tax year as prescribed in chapter 3.

(f) For assets purchased or acquired in a tax year beginning after December 31, 1996 that were eligible for a deduction under subdivision (a) or (c) and that were transferred out of this state, calculate the federal basis used for determining gain or loss as of the date of the transfer.

(2) The amount calculated under subsection (1) shall be multiplied by a percentage determined by dividing the tax rate for the tax year in which the credit is claimed by 2.3% and multiplying that result by the following percentage as applicable:

(a) For taxpayers with adjusted gross receipts for the tax year of \$1,000,000.00 or less, 2.3%.

(b) For taxpayers with adjusted gross receipts for the tax year of more than \$1,000,000.00 but \$2,500,000.00 or less, 1.5%.

(c) For taxpayers with adjusted gross receipts for the tax year of more than \$2,500,000.00 but \$5,000,000.00 or less, 1.0%.

(d) For taxpayers with adjusted gross receipts for the tax year of more than \$5,000,000.00, 0.85%.

(3) For a tax year in which the amount calculated under subsection (1) and multiplied by the percentage determined under subsection (2) is negative, the absolute value of that amount is added to the taxpayer's tax liability for the tax year.

(4) If the credit allowed under this section for the tax year and any unused carryforward of the credit allowed under this section exceed the tax liability of the taxpayer for the tax year, the excess shall not be refunded, but may be carried forward as an offset to the tax liability in subsequent tax years for 9 taxable years or until the excess credit is used up, whichever occurs first.

(5) Notwithstanding any other provision of this act, the credit provided in this section shall be taken before any other credit under this act and the credits under other sections of this act shall be calculated using the tax liability after the calculation of the credit under this section and, to the extent provided by law, after the calculation of credits under other sections of this act.

(6) A taxpayer that reduces the adjusted tax base under section 31(2) shall not claim a credit under this section.

(7) A taxpayer that reduces the adjusted tax base under section 31(4) shall reduce the credit under this section by a percentage not to exceed 100% determined by dividing the applicable tax rate under section 31(1) by the percentage determined under subsection (2) and multiplying the result by the percentage reduction to the adjusted tax base claimed by the taxpayer for the tax year under section 31(4).

(8) A member of an affiliated group as defined in this act, a controlled group of corporations as defined in section 1563 of the internal revenue code and further described in 26 C.F.R. 1.414(b)-1 and 1.414(c)-1 to 1.414(c)-5, or an entity under common control as defined by the internal revenue code shall determine adjusted gross receipts for purposes of subsection (2) on a consolidated basis.

(10) As used in subsection (2), "adjusted gross receipts" means the sum of the following:

(a) Gross receipts apportioned or allocated to Michigan with the apportionment fraction calculated pursuant to chapter 3.

(b) Adjustments provided in section 23b(a) to (g).

(c) Adjustments provided in subsection (1)(d) to (f).

208.38g Tax credit; conditions; application for project costing more than \$2,000,000 but \$10,000,000 or less; application to Michigan economic growth authority for project costing \$10,000,000 or more; limitations; total credits; criteria; investment on more than 1 property; project completion; tax year credits claimed; leased machinery, equipment, or fixtures; calculation of credits; carryforward provisions; qualified or eligible taxpayer; investment related to sports stadium, casino, or landfill; report; amendment of project; project as multiphase; project \$200,000 or less; repeal of act for tax years beginning after December 31, 2007; effect; definitions.

Sec. 38g. (1) Subject to the criteria under this section, an eligible taxpayer may claim a credit against the tax imposed by this act as determined under subsections (20) to (25); and subject to the criteria under this section, a qualified taxpayer that has a preapproval letter issued after December 31, 1999 and before January 1, 2008, provided that the project is completed not more than 5 years after the preapproval letter for the project is issued, or an assignee under subsection (17) or (18) or section 35e may claim a credit that has been approved under subsection (2), (3), or (33) against the tax imposed by this act equal to either of the following:

(a) If the total of all credits for a project is \$1,000,000.00 or less, 10% of the cost of the qualified taxpayer's eligible investment paid or accrued by the qualified taxpayer on an eligible property provided that the project does not exceed the amount stated in the preapproval letter. If eligible investment exceeds the amount of eligible investment in the preapproval letter for that project, the total of all credits for the project shall not exceed the total of all credits on the certificate of completion.

(b) If the total of all credits for a project is more than \$1,000,000.00 but \$30,000,000.00 or less and, except as provided in subsection (5)(b), the project is located in a qualified local governmental unit, a percentage as determined by the Michigan economic growth authority not to exceed 10% of the cost of the qualified taxpayer's eligible investment as determined under subsection (8) paid or accrued by the qualified taxpayer on an eligible property. If eligible investment exceeds the amount of eligible investment in the preapproval letter for that project, the total of all credits for the project shall not exceed the total of all credits on the certificate of completion.

(2) If the cost of a project will be for more than \$2,000,000.00 but \$10,000,000.00 or less, a qualified taxpayer shall apply to the Michigan economic growth authority for approval of the project under this subsection. An application under this subsection shall state whether the project is a multiphase project. The chairperson of the Michigan economic growth authority or his or her designee is authorized to approve an application or project under this subsection. Only the chairperson of the Michigan economic growth authority is authorized to deny an application or project under this subsection. A project shall be approved or denied not more than 45 days after receipt of the application. If the chairperson of the Michigan economic growth authority or his or her designee does not approve or deny an application within 45 days after the application is received by the Michigan economic growth authority, the application is considered approved as written. The total of all credits for all projects approved under this subsection shall not exceed \$30,000,000.00 in any calendar year. After the first full calendar year after the effective date of the amendatory act that added subsection (33), if the authority approves a total of all credits for all projects under this subsection of less than \$30,000,000.00 in a calendar year, the authority may carry forward for 1 year only the difference between \$30,000,000.00 and the total of all credits for all projects approved under this subsection in the immediately preceding calendar year. The criteria in subsection (6) shall be used when approving projects under this subsection. When approving projects under this subsection, priority shall be given to projects on a facility. The total of all credits for an approved project under this subsection shall not exceed \$1,000,000.00. A taxpayer may apply under this subsection instead of subsection (3) for approval of a project that will be for more than \$10,000,000.00 but the total of all credits for that project shall not exceed \$1,000,000.00. If the chairperson of the Michigan economic growth authority or his or her designee approves a project under this subsection, the chairperson of the Michigan economic growth authority or his or her designee shall issue a preapproval letter that states that the taxpayer is a qualified taxpayer; the maximum total eligible investment

for the project on which credits may be claimed and the maximum total of all credits for the project when the project is completed and a certificate of completion is issued; and the project number assigned by the Michigan economic growth authority. If a project is denied under this subsection, a taxpayer is not prohibited from subsequently applying under this subsection or subsection (3) for the same project or for another project.

(3) If the cost of a project will be for more than \$10,000,000.00 and, except as provided in subsection (5)(b), the project is located in a qualified local governmental unit, a qualified taxpayer shall apply to the Michigan economic growth authority for approval of the project. An application under this subsection shall state whether the project is a multiphase project. The Michigan economic growth authority shall approve or deny the project not more than 65 days after receipt of the application. A project under this subsection shall not be approved without the concurrence of the state treasurer. If the Michigan economic growth authority does not approve or deny the application within 65 days after it receives the application, the Michigan economic growth authority shall send the application to the state treasurer. The state treasurer shall approve or deny the application within 5 days after receipt of the application. If the state treasurer does not deny the application within the 5 days after receipt of the application, the application is considered approved. The Michigan economic growth authority shall approve a limited number of projects under this subsection during each calendar year as provided in subsection (5). The Michigan economic growth authority shall use the criteria in subsection (6) when approving projects under this subsection, when determining the total amount of eligible investment, and when determining the percentage of eligible investment for the project to be used to calculate a credit. The total of all credits for an approved project under this subsection shall not exceed the amount designated in the preapproval letter for that project. If the Michigan economic growth authority approves a project under this subsection, the Michigan economic growth authority shall issue a preapproval letter that states that the taxpayer is a qualified taxpayer; the percentage of eligible investment for the project determined by the Michigan economic growth authority for purposes of subsection (1)(b); the maximum total eligible investment for the project on which credits may be claimed and the maximum total of all credits for the project when the project is completed and a certificate of completion is issued; and the project number assigned by the Michigan economic growth authority. The Michigan economic growth authority shall send a copy of the preapproval letter to the department. If a project is denied under this subsection, a taxpayer is not prohibited from subsequently applying under this subsection or subsection (2) for the same project or for another project.

(4) If the project is on property that is functionally obsolete, the taxpayer shall include, with the application, an affidavit signed by a level 3 or level 4 assessor, that states that it is the assessor's expert opinion that the property is functionally obsolete and the underlying basis for that opinion.

(5) The Michigan economic growth authority may approve not more than 17 projects each calendar year under subsection (3), and the following limitations apply:

(a) Of the 17 projects allowed under this subsection, the total of all credits for each project may be more than \$10,000,000.00 but \$30,000,000.00 or less for up to 2 projects.

(b) Of the 17 projects allowed under this subsection, up to 3 projects may be approved for projects that are not in a qualified local governmental unit if the property is a facility for which eligible activities are identified in a brownfield plan or, for 1 of the 3 projects, if the property is not a facility but is functionally obsolete or blighted, property identified in a brownfield plan. For purposes of this subdivision, a facility includes a building or complex of buildings that was used by a state or federal agency and that is no longer being used for the purpose for which it was used by the state or federal agency.

(c) Of the 2 projects allowed under subdivision (a), 1 may be a project that also qualifies under subdivision (b).

(6) The Michigan economic growth authority shall review all applications for projects under subsection (3) and, if an application is approved, shall determine the maximum total of all credits for that project. Before approving a project for which the total of all credits will be more than \$10,000,000.00 but \$30,000,000.00 or less only, the Michigan economic growth authority shall determine that the project would not occur in this state without the tax credit offered under subsection (3), except that the Michigan economic growth authority may approve 1 project the construction of which began after January 1, 2000 and before January 1, 2001 without determining that the eligible investment would not occur in this state without the tax credit offered under this section. The Michigan economic growth authority shall consider the following criteria to the extent reasonably applicable to the type of project proposed when approving a project under subsection (3) and the chairperson of the Michigan economic growth authority or his or her designee shall consider the following criteria to the extent reasonably applicable to the type of project proposed when approving a project under subsection (2) or (33) or when considering an amendment to a project under subsection (31):

(a) The overall benefit to the public.

(b) The extent of reuse of vacant buildings and redevelopment of blighted property.

- (c) Creation of jobs.
- (d) Whether the eligible property is in an area of high unemployment.
- (e) The level and extent of contamination alleviated by the qualified taxpayer's eligible activities to the extent known to the qualified taxpayer.
- (f) The level of private sector contribution.
- (g) The cost gap that exists between the site and a similar greenfield site as determined by the Michigan economic growth authority.
- (h) If the qualified taxpayer is moving from another location in this state, whether the move will create a brownfield.
- (i) Whether the financial statements of the qualified taxpayer indicate that it is financially sound and that the project is economically sound.
- (j) Any other criteria that the Michigan economic growth authority or the chairperson of the Michigan economic growth authority, as applicable, considers appropriate for the determination of eligibility under subsection (2) or (3).

(7) A qualified taxpayer may apply for projects under subsection (2), (3), or (33) for eligible investment on more than 1 eligible property in a tax year. Each project approved and each project for which a certificate of completion is issued under this section shall be for eligible investment on 1 eligible property.

(8) When a project under subsection (2), (3), or (33) is completed, the taxpayer shall submit documentation that the project is completed, an accounting of the cost of the project, the eligible investment of each taxpayer if there is more than 1 taxpayer eligible for a credit for the project, and, if the taxpayer is not the owner or lessee of the eligible property on which the eligible investment was made at the time the project is completed, that the taxpayer was the owner or lessee of that eligible property when all eligible investment of the taxpayer was made. The chairperson of the Michigan economic growth authority or his or her designee, for projects approved under subsection (2) or (33), or the Michigan economic growth authority, for projects approved under subsection (3), shall verify that the project is completed. The Michigan economic growth authority shall conduct an on-site inspection as part of the verification process for projects approved under subsection (3). When the completion of the project is verified, a certificate of completion shall be issued to each qualified taxpayer that has made eligible investment on that eligible property. The certificate of completion shall state the total amount of all credits for the project and that total shall not exceed the maximum total of all credits listed in the preapproval letter for the project under subsection (2) or (3) or section 35c as applicable and shall state all of the following:

- (a) That the taxpayer is a qualified taxpayer.
- (b) The total cost of the project and the eligible investment of each qualified taxpayer.
- (c) Each qualified taxpayer's credit amount.
- (d) The qualified taxpayer's federal employer identification number or the Michigan treasury number assigned to the taxpayer.
- (e) The project number.
- (f) For a project approved under subsection (3) for which the total of all credits is more than \$10,000,000.00 but \$30,000,000.00 or less, the total of all credits and the schedule on which the annual credit amount shall be claimed by the qualified taxpayer.

(g) For a multiphase project under subsection (32), the amount of each credit assigned and the amount of all credits claimed in each tax year before the year in which the project is completed.

(9) Except as otherwise provided in this section, qualified taxpayers shall claim credits under subsections (2), (3), and (33) in the tax year in which the certificate of completion is issued. For a project approved under subsection (3) for which the total of all credits is more than \$10,000,000.00 but \$30,000,000.00 or less, the qualified taxpayer shall claim 10% of its approved credit each year for 10 years. A credit assigned based on a multiphase project shall be claimed in the year in which the credit is assigned.

(10) The cost of eligible investment for leased machinery, equipment, or fixtures is the cost of that property had the property been purchased minus the lessor's estimate, made at the time the lease is entered into, of the market value the property will have at the end of the lease. A credit for property described in this subsection is allowed only if the cost of that property had the property been purchased and the lessor's estimate of the market value at the end of the lease are provided to the Michigan economic growth authority.

(11) For credits under subsections (2) and (3), credits claimed by a lessee of eligible property are subject to the total of all credits limitation under this section.

(12) Each qualified taxpayer and assignee under subsection (17) or (18) or section 35e that claims a credit under subsection (1)(a) or (b) or (33) shall attach a copy of the certificate of completion and, if the credit was assigned, a copy of the assignment form provided for under this section to the annual return filed under this act on which the credit under subsection (2), (3), or (33) is claimed. An assignee of a credit based on a

multiphase project shall attach a copy of the assignment form provided for under this section and the component completion certificate provided for in subsection (32) to the annual return filed under this act on which the credit is claimed but is not required to file a copy of a certificate of completion.

(13) Except as otherwise provided in this subsection or subsection (15), (17), (18), or (32) or section 35e, a credit under subsection (2), (3), or (33) shall be claimed in the tax year in which the certificate of completion is issued to the qualified taxpayer. For a project described in subsection (8)(f) for which a schedule for claiming annual credit amounts is designated on the certificate of completion by the Michigan economic growth authority, the annual credit amount shall be claimed in the tax year specified on the certificate of completion.

(14) The credits approved under this section shall be calculated after application of all other credits allowed under this act. The credits under subsections (2), (3), and (33) shall be calculated before the calculation of credits under subsections (20) to (25) and before the credits under sections 37c and 37d.

(15) If the credit allowed under subsection (2), (3), or (33) for the tax year and any unused carryforward of the credit allowed under subsection (2), (3), or (33) exceed the qualified taxpayer's or assignee's tax liability for the tax year, that portion that exceeds the tax liability for the tax year shall not be refunded but may be carried forward to offset tax liability in subsequent tax years for 10 years or until used up, whichever occurs first. Except as otherwise provided in this subsection, the maximum time allowed under the carryforward provisions under this subsection begins with the tax year in which the certificate of completion is issued to the qualified taxpayer. If the qualified taxpayer assigns all or any portion of its credit approved under subsection (2), (3), or (33), the maximum time allowed under the carryforward provisions for an assignee begins to run with the tax year in which the assignment is made and the assignee first claims a credit, which shall be the same tax year. The maximum time allowed under the carryforward provisions for an annual credit amount for a credit allowed under subsection (3) begins to run in the tax year for which the annual credit amount is designated on the certificate of completion issued under this section.

(16) If a project or credit under subsection (2), (3), or (33) is for the addition of personal property, if the cost of that personal property is used to calculate a credit under subsection (2), (3), or (33), and if the personal property is sold or disposed of or transferred from eligible property to any other location, the qualified taxpayer that sold, disposed of, or transferred the personal property shall add the same percentage as determined pursuant to subsection (1) of the federal basis of the personal property used for determining gain or loss as of the date of the sale, disposition, or transfer to the qualified taxpayer's tax liability after application of all credits under this act for the tax year in which the sale, disposition, or transfer occurs. If a qualified taxpayer has an unused carryforward of a credit under subsection (2), (3), or (33), the amount otherwise added under this subsection to the qualified taxpayer's tax liability may instead be used to reduce the qualified taxpayer's carryforward under subsection (15).

(17) For credits under subsection (2), (3), or (33) for projects for which a certificate of completion is issued before January 1, 2006 and except as otherwise provided in this subsection, if a qualified taxpayer pays or accrues eligible investment on or to an eligible property that is leased for a minimum term of 10 years or sold to another taxpayer for use in a business activity, the qualified taxpayer may assign all or a portion of the credit based on that eligible investment to the lessee or purchaser of that eligible property. A credit assignment under this subsection shall only be made to a taxpayer that when the assignment is complete will be a qualified taxpayer. All credit assignments under this subsection are irrevocable and, except for a credit based on a multiphase project, shall be made in the tax year in which the certificate of completion is issued, unless the assignee is an unknown lessee. If a qualified taxpayer wishes to assign all or a portion of its credit to a lessee but the lessee is unknown in the tax year in which the certificate of completion is issued, the qualified taxpayer may delay claiming and assigning the credit until the first tax year in which the lessee is known. A qualified taxpayer may claim a portion of a credit and assign the remaining credit amount. Except as otherwise provided in this subsection, if the qualified taxpayer both claims and assigns portions of the credit, the qualified taxpayer shall claim the portion it claims in the tax year in which the certificate of completion is issued or for a credit assigned and claimed for a multiphase project before a certificate of completion is issued, the taxpayer shall claim the credit in the year in which the credit is assigned. If a qualified taxpayer assigns all or a portion of the credit and the eligible property is leased to more than 1 taxpayer, the qualified taxpayer shall determine the amount of credit assigned to each lessee. A lessee shall not subsequently assign a credit or any portion of a credit assigned under this subsection. A purchaser may subsequently assign a credit or any portion of a credit assigned to the purchaser under this subsection to a lessee of the eligible property. The credit assignment under this subsection shall be made on a form prescribed by the Michigan economic growth authority. The qualified taxpayer shall send a copy of the completed assignment form to the Michigan economic growth authority in the tax year in which the assignment is made. The assignee shall attach a copy of the completed assignment form to its annual return required to be filed

under this act, for the tax year in which the assignment is made and the assignee first claims a credit, which shall be the same tax year. In addition to all other procedures under this subsection, the following apply if the total of all credits for a project is more than \$10,000,000.00 but \$30,000,000.00 or less:

(a) The credit shall be assigned based on the schedule contained in the certificate of completion.

(b) If the qualified taxpayer assigns all or a portion of the credit amount, the qualified taxpayer shall assign the annual credit amount for each tax year separately.

(c) More than 1 annual credit amount may be assigned to any 1 assignee and the qualified taxpayer may assign all or a portion of each annual credit amount to any assignee.

(d) The qualified taxpayer shall not assign more than the annual credit amount for each tax year.

(18) Except as otherwise provided in this subsection, for projects for which a certificate of completion is issued before January 1, 2006, if a qualified taxpayer is a partnership, limited liability company, or subchapter S corporation, the qualified taxpayer may assign all or a portion of a credit allowed under subsection (2) or (3) to its partners, members, or shareholders, based on their proportionate share of ownership of the partnership, limited liability company, or subchapter S corporation or based on an alternative method approved by the Michigan economic growth authority. A credit assignment under this subsection is irrevocable and, except for a credit assignment based on a multiphase project, shall be made in the tax year in which a certificate of completion is issued. A qualified taxpayer may claim a portion of a credit and assign the remaining credit amount. If the qualified taxpayer both claims and assigns portions of the credit, the qualified taxpayer shall claim the portion it claims in the tax year in which a certificate of completion is issued. A partner, member, or shareholder that is an assignee shall not subsequently assign a credit or any portion of a credit assigned under this subsection. The credit assignment under this subsection shall be made on a form prescribed by the Michigan economic growth authority. The qualified taxpayer shall send a copy of the completed assignment form to the Michigan economic growth authority in the tax year in which the assignment is made. A partner, member, or shareholder who is an assignee shall attach a copy of the completed assignment form to its annual return required under this act, for the tax year in which the assignment is made and the assignee first claims a credit, which shall be the same tax year. A credit assignment based on a credit for a component of a multiphase project that is completed before January 1, 2006 shall be made under this subsection. A credit assignment based on a credit for a component of a multiphase project that is completed on or after January 1, 2006 may be made under this section or section 35e. In addition to all other procedures under this subsection, the following apply if the total of all credits for a project is more than \$10,000,000.00 but \$30,000,000.00 or less:

(a) The credit shall be assigned based on the schedule contained in the certificate of completion.

(b) If the qualified taxpayer assigns all or a portion of the credit amount, the qualified taxpayer shall assign the annual credit amount for each tax year separately.

(c) More than 1 annual credit amount may be assigned to any 1 assignee and the qualified taxpayer may assign all or a portion of each annual credit amount to any assignee.

(d) The qualified taxpayer shall not assign more than the annual credit amount for each tax year.

(19) A qualified taxpayer or assignee under subsection (17) or (18) shall not claim a credit under subsection (1)(a) or (b) based on eligible investment on which a credit claimed under section 38d was based.

(20) In addition to the other credits allowed under this section and sections 37c and 37d, for tax years that begin after December 31, 1999 and for a period of time not to exceed 20 years as determined by the Michigan economic growth authority, an eligible taxpayer may credit against the tax imposed by section 31 the amount certified each year by the Michigan economic growth authority that is 1 of the following:

(a) For an eligible business under section 8(5)(a) of the Michigan economic growth authority act, 1995 PA 24, MCL 207.808, an amount that is not more than 50% of 1 or both of the following as determined by the Michigan economic growth authority:

(i) An amount determined under the Michigan economic growth authority act, 1995 PA 24, MCL 207.801 to 207.810, that does not exceed the payroll of the eligible taxpayer attributable to employees who perform retained jobs multiplied by the tax rate for the tax year.

(ii) The tax liability attributable to the eligible taxpayer's business activity multiplied by a fraction the numerator of which is the ratio of the value of new capital investment to all of the taxpayer's property located in this state plus the ratio of the taxpayer's payroll attributable to retained jobs to all of the taxpayer's payroll in this state and the denominator of which is 2.

(b) For an eligible business under section 8(5)(b) of the Michigan economic growth authority act, 1995 PA 24, MCL 207.808, an amount that is not more than 1 or both of the following as determined by the Michigan economic growth authority:

(i) An amount determined under the Michigan economic growth authority act, 1995 PA 24, MCL 207.801 to 207.810, that does not exceed the payroll of the eligible taxpayer attributable to employees who perform

retained jobs multiplied by the tax rate for the tax year.

(ii) The tax liability attributable to eligible taxpayer's business activity multiplied by a fraction the numerator of which is the ratio of the value of capital investment to all of the taxpayer's property located in this state plus the ratio of the taxpayer's payroll attributable to retained jobs to all of the taxpayer's payroll in this state and the denominator of which is 2.

(21) An eligible taxpayer shall not claim a credit under subsection (20) unless the Michigan economic growth authority has issued a certificate under section 9 of the Michigan economic growth authority act, 1995 PA 24, MCL 207.809, to the taxpayer. The eligible taxpayer shall attach the certificate to the return filed under this act on which a credit under subsection (20) is claimed.

(22) An affiliated group as defined in this act, a controlled group of corporations as defined in section 1563 of the internal revenue code and further described in 26 CFR 1.414(b)-1 and 1.414(c)-1 to 1.414(c)-5, or an entity under common control as defined by the internal revenue code shall claim only 1 credit under subsection (20) for each tax year based on each written agreement whether or not a combined or consolidated return is filed.

(23) A credit shall not be claimed by a taxpayer under subsection (20) if the eligible taxpayer's initial certification under section 9 of the Michigan economic growth authority act, 1995 PA 24, MCL 207.809, is issued after December 31, 2009. If the Michigan economic growth authority or a designee of the Michigan economic growth authority requests that a taxpayer who claims the credit under subsection (20) get a statement prepared by a certified public accountant verifying that the actual number of new jobs created is the same number of new jobs used to calculate the credit under subsection (20), the taxpayer shall get the statement and attach that statement to its annual return under this act on which the credit under subsection (20) is claimed.

(24) If the credit allowed under subsection (20)(a)(ii) or (b)(ii) for the tax year and any unused carryforward of the credit allowed by subsection (20)(a)(ii) or (b)(ii) exceed the taxpayer's tax liability for the tax year, that portion that exceeds the tax liability for the tax year shall not be refunded but may be carried forward to offset tax liability in subsequent tax years for 10 years or until used up, whichever occurs first.

(25) If the credit allowed under subsection (20)(a)(i) or (b)(i) exceeds the tax liability of the eligible taxpayer for the tax year, the excess shall be refunded to the eligible taxpayer.

(26) An eligible taxpayer that claims a credit under subsection (1)(a), (1)(b), or (33) is not prohibited from claiming a credit under subsection (20). However, the eligible taxpayer shall not claim a credit under subsection (1)(a), (1)(b), or (33) and subsection (20) based on the same costs.

(27) Eligible investment attributable or related to the operation of a professional sports stadium, and eligible investment that is associated or affiliated with the operation of a professional sports stadium, including, but not limited to, the operation of a parking lot or retail store, shall not be used as a basis for a credit under subsection (2), (3), or (33). Professional sports stadium does not include a professional sports stadium that will no longer be used by a professional sports team on and after the date that an application related to that professional sports stadium is filed under subsection (2), (3), or (33).

(28) Eligible investment attributable or related to the operation of a casino, and eligible investment that is associated or affiliated with the operation of a casino, including, but not limited to, the operation of a parking lot, hotel, motel, or retail store, shall not be used as a basis for a credit under subsection (2), (3), or (33). As used in this subsection, "casino" means a casino regulated by this state pursuant to the Michigan gaming control and revenue act, the Initiated Law of 1996, MCL 432.201 to 432.226.

(29) Eligible investment attributable or related to the construction of a new landfill or the expansion of an existing landfill regulated under part 115 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.11501 to 324.11550, shall not be used as a basis for a credit under subsection (2), (3), or (33).

(30) The Michigan economic growth authority annually shall prepare and submit to the house of representatives and senate committees responsible for tax policy and economic development issues a report on the credits under subsection (2). The report shall include, but is not limited to, all of the following:

(a) A listing of the projects under subsection (2) that were approved in the calendar year.

(b) The total amount of eligible investment for projects approved under subsection (2) in the calendar year.

(31) If, after a taxpayer's project has been approved and the taxpayer has received a preapproval letter but before the project is completed, the taxpayer determines that the project cannot be completed as preapproved, the taxpayer may petition the Michigan economic growth authority to amend the project. The total of eligible investment for the project as amended shall not exceed the amount allowed in the preapproval letter for that project.

(32) A project under subsection (2), (3), or (33) may be a multiphase project but, for projects completed before January 1, 2006, only if the project is an industrial or manufacturing project. If a project is a multiphase project, when each component of the multiphase project is completed, the taxpayer shall submit

documentation that the component is complete, an accounting of the cost of the component, and the eligible investment for the component of each taxpayer eligible for a credit for the project of which the component is a part to the Michigan economic growth authority or the designee of the Michigan economic growth authority, who shall verify that the component is complete. When the completion of the component is verified, a component completion certificate shall be issued to the qualified taxpayer which shall state that the taxpayer is a qualified taxpayer, the credit amount for the component, the qualified taxpayer's federal employer identification number or the Michigan treasury number assigned to the taxpayer, and the project number. The taxpayer may assign all or part of the credit for a multiphase project as provided in this section after a component completion certificate for a component is issued. The qualified taxpayer may transfer ownership of or lease the completed component and assign a proportionate share of the credit for the entire project to the qualified taxpayer that is the new owner or lessee. A multiphase project shall not be divided into more than 20 components. A component is considered to be completed when a certificate of occupancy has been issued by the local municipality in which the project is located for all of the buildings or facilities that comprise the completed component and a component completion certificate is issued. A credit assigned based on a multiphase project shall be claimed by the assignee in the tax year in which the assignment is made. The total of all credits for a multiphase project shall not exceed the amount stated in the preapproval letter for the project under subsection (1). If all components of a multiphase project are not completed by 10 years after the date on which the preapproval letter for the project was issued, the qualified taxpayer that received the preapproval letter for the project shall pay to the state treasurer, as a penalty, an amount equal to the sum of all credits claimed and assigned for all components of the multiphase project and no credits based on that multiphase project shall be claimed after that date by the qualified taxpayer or any assignee of the qualified taxpayer. The penalty under this subsection is subject to interest on the amount of the credit claimed or assigned determined individually for each component at the rate in section 23(2) of 1941 PA 122, MCL 205.23, beginning on the date that the credit for that component was claimed or assigned. As used in this subsection, "proportionate share" means the same percentage of the total of all credits for the project that the qualified investment for the completed component is of the total qualified investment stated in the preapproval letter for the entire project.

(33) If the total of all credits for a project is \$200,000.00 or less, a qualified taxpayer shall apply to the Michigan economic growth authority for approval of the project under this subsection. An application under this subsection shall state whether the project is a multiphase project. Subject to section 35c, the chairperson of the Michigan economic growth authority or his or her designee is authorized to approve an application or project under this subsection. Only the chairperson of the Michigan economic growth authority is authorized to deny an application or project under this subsection. A project shall be approved or denied not more than 45 days after receipt of the application. If the chairperson of the Michigan economic growth authority or his or her designee does not approve or deny the application within 45 days after the application is received by the Michigan economic growth authority, the application is considered approved as written. If a project is denied under this subsection, a taxpayer is not prohibited from subsequently applying under this subsection for the same project or for another project. The total of all credits for all projects approved under this subsection shall not exceed \$10,000,000.00 in any calendar year. After the first full calendar year after the effective date of the amendatory act that added this subsection, if the authority approves a total of all credits for all projects under this subsection of less than \$10,000,000.00 in a calendar year, the authority may carry forward for 1 year only the difference between \$10,000,000.00 and the total of all credits for all projects under this subsection approved in the immediately preceding calendar year. If the chairperson of the Michigan economic growth authority or his or her designee approves a project under this subsection, the chairperson of the Michigan economic growth authority or his or her designee shall issue a preapproval letter that states that the taxpayer is a qualified taxpayer; the maximum total eligible investment for the project on which credits may be claimed and the maximum total of all credits for the project when the project is completed and a certificate of completion is issued; and the project number assigned by the Michigan economic growth authority. The Michigan economic growth authority shall develop and implement the use of the application form to be used for projects under this subsection. Before the application form is first used and if the Michigan economic growth authority substantially changes the form, the Michigan economic growth authority shall adopt the form or changes by resolution. After 60 days after the effective date of the amendatory act that added this subsection and before the Michigan economic growth authority substantially changes the application form, the Michigan economic growth authority shall give notice of the proposed resolution to the secretary of the senate, to the clerk of the house of representatives, and to each person who requested from the Michigan economic growth authority in writing or electronically to be notified regarding proposed resolutions. The notice and proposed resolution and all attachments shall be published on the Michigan economic growth authority's internet website. The Michigan economic growth authority shall hold

a public hearing not sooner than 14 days and not later than 30 days after the date notice of a proposed resolution is given and offer an opportunity for persons to present data, views, questions, and arguments. The Michigan economic growth authority board members or 1 or more persons designated by the Michigan economic growth authority who have knowledge of the subject matter of the proposed resolution shall be present at the public hearing and shall participate in the discussion of the proposed resolution. The Michigan economic growth authority may act on the proposed resolution no sooner than 14 days after the public hearing. The Michigan economic growth authority shall produce a final decision document that describes the basis for its decision. The final resolution and all attachments and the decision document shall be provided to the secretary of the senate and to the clerk of the house of representatives and shall be published on the Michigan economic growth authority's internet website. The notice shall include all of the following:

(a) A copy of the proposed resolution and all attachments.

(b) A statement that any person may express any data, views, or arguments regarding the proposed resolution.

(c) The address to which written comments may be sent and the date by which comments must be mailed or electronically transmitted, which date shall not be restricted to only before the date of the public hearing.

(d) The date, time, and place of the public hearing.

(34) If this act is repealed for tax years beginning after December 31, 2007, all of the following apply:

(a) Except as otherwise provided in this subsection, a qualified taxpayer that has a preapproval letter issued before January 1, 2007 for a brownfield credit for a project that is completed after the end of the taxpayer's last tax year but before January 1, 2010 or an assignee may claim the brownfield credit amount that could be claimed for the project for 2008 and 2009 against the taxpayer's or assignee's tax liability under this act on the taxpayer's or assignee's timely filed original or amended annual return filed under this act for the taxpayer's or assignee's last tax year.

(b) Except as otherwise provided in subdivision (e), a credit under this subsection shall be taken after all other credits the taxpayer claims for the tax year under this act and all of the following apply:

(ii) The brownfield credit amount that the taxpayer or assignee is allowed to claim for projects completed in 2008 after the end of the taxpayer's or assignee's last tax year or for projects completed in 2009 on the taxpayer's or assignee's annual return for the taxpayer's or assignee's last tax year or the sum of both brownfield credit amounts shall not exceed the taxpayer's or assignee's tax liability for the taxpayer's or assignee's last tax year after all other credits for that tax year except the taxpayer's or assignee's brownfield credit for the taxpayer's or assignee's last tax year have been taken.

(iii) The brownfield credit amount that the taxpayer or assignee is allowed to claim for its last tax year under this subsection shall not exceed the sum of the amount that the taxpayer or assignee would have been allowed to claim for projects completed in 2008 after the end of the taxpayer's or assignee's last tax year plus the amount that the taxpayer or assignee would have been allowed to claim for projects completed in 2009.

(c) If the amount of the total of all brownfield credit amounts that may be claimed by the taxpayer or assignee under this subsection exceeds the taxpayer's or assignee's tax liability for the taxpayer's or assignee's last tax year, the amount by which the total of all brownfield credit amounts exceeds the taxpayer's or assignee's tax liability for the taxpayer's or assignee's last tax year shall be refunded.

(d) A brownfield credit under this subsection shall not be claimed before a certificate of completion is issued for the project on which the brownfield credit is based.

(e) The credit allowed under this subsection shall be taken before the credit allowed under section 39c(16).

208.39c Rehabilitation of historic resource; tax credit; plan; certification; report; repeal of act for tax years beginning after December 31, 2007; effect; definitions.

Sec. 39c. (1) A qualified taxpayer with a rehabilitation plan certified after December 31, 1998 may credit against the tax imposed by this act the amount determined pursuant to subsection (2) for the qualified expenditures for the rehabilitation of a historic resource pursuant to the rehabilitation plan in the year in which the certification of completed rehabilitation of the historic resource is issued provided that the certification of completed rehabilitation was issued not more than 5 years after the rehabilitation plan was certified by the Michigan historical center.

(2) The credit allowed under this section shall be 25% of the qualified expenditures that are eligible for the credit under section 47(a)(2) of the internal revenue code if the taxpayer is eligible for the credit under section 47(a)(2) of the internal revenue code or, if the taxpayer is not eligible for the credit under section 47(a)(2) of the internal revenue code, 25% of the qualified expenditures that would qualify under section 47(a)(2) of the internal revenue code except that the expenditures are made to a historic resource that is not eligible for the credit under section 47(a)(2) of the internal revenue code, subject to both of the following:

(a) A taxpayer with qualified expenditures that are eligible for the credit under section 47(a)(2) of the internal revenue code may not claim a credit under this section for those qualified expenditures unless the taxpayer has claimed and received a credit for those qualified expenditures under section 47(a)(2) of the internal revenue code.

(b) A credit under this section shall be reduced by the amount of a credit received by the taxpayer for the same qualified expenditures under section 47(a)(2) of the internal revenue code.

(3) To be eligible for the credit under this section, the taxpayer shall apply to and receive from the Michigan historical center certification that the historic significance, the rehabilitation plan, and the completed rehabilitation of the historic resource meet the criteria under subsection (6) and either of the following:

(a) All of the following criteria:

(i) The historic resource contributes to the significance of the historic district in which it is located.

(ii) Both the rehabilitation plan and completed rehabilitation of the historic resource meet the federal secretary of the interior's standards for rehabilitation and guidelines for rehabilitating historic buildings, 36 CFR part 67.

(iii) All rehabilitation work has been done to or within the walls, boundaries, or structures of the historic resource or to historic resources located within the property boundaries of the property.

(b) The taxpayer has received certification from the national park service that the historic resource's significance, the rehabilitation plan, and the completed rehabilitation qualify for the credit allowed under section 47(a)(2) of the internal revenue code.

(4) If a qualified taxpayer is eligible for the credit allowed under section 47(a)(2) of the internal revenue code, the qualified taxpayer shall file for certification with the center to qualify for the credit allowed under section 47(a)(2) of the internal revenue code. If the qualified taxpayer has previously filed for certification with the center to qualify for the credit allowed under section 47(a)(2) of the internal revenue code, additional filing for the credit allowed under this section is not required.

(5) The center may inspect a historic resource at any time during the rehabilitation process and may revoke certification of completed rehabilitation if the rehabilitation was not undertaken as represented in the rehabilitation plan or if unapproved alterations to the completed rehabilitation are made during the 5 years after the tax year in which the credit was claimed. The center shall promptly notify the department of a revocation.

(6) Qualified expenditures for the rehabilitation of a historic resource may be used to calculate the credit under this section if the historic resource meets 1 of the criteria listed in subdivision (a) and 1 of the criteria listed in subdivision (b):

(9) If the taxpayer sells a historic resource for which a credit under this section was claimed less than 5 years after the year in which the credit was claimed, the following percentage of the credit amount previously claimed relative to that historic resource shall be added back to the tax liability of the taxpayer in the year of the sale:

(b) A credit under this subsection shall be taken after all other credits the taxpayer claims for the tax year under this act and all of the following apply:

(i) The historic preservation credit amount that the taxpayer or assignee would have been allowed to claim for historic rehabilitation completed in 2008 after the end of the taxpayer's or assignee's last tax year or for the rehabilitation of a historic resource completed in 2009 is in addition to the historic preservation credit amount that the taxpayer or assignee is allowed to claim for the rehabilitation of a historic resource completed before the end of the taxpayer's or assignee's last tax year.

(c) If the amount of the total of all historic preservation credit amounts that may be claimed by the taxpayer or assignee under this subsection exceeds the taxpayer's or assignee's tax liability for the taxpayer's or assignee's last tax year, the amount by which the total of all historic preservation credit amounts exceeds the taxpayer's or assignee's tax liability for the taxpayer's or assignee's last tax year shall be refunded.

(d) A historic preservation credit under this subsection shall not be claimed before a certification of completed rehabilitation is issued for the rehabilitation of a historic resource on which the historic preservation credit is based.

208.39f Tax credit; taxpayer pharmaceutical based business activity.

Sec. 39f. (1) For tax years that begin after December 31, 2002, an eligible taxpayer may claim a credit against the tax imposed by this act equal to 6-1/2% of the excess of qualified research expenses paid in the tax year that relate to the eligible taxpayer's pharmaceutical based business activity in this state over the average qualified research expenses that relate to the eligible taxpayer's pharmaceutical based business activity in this state paid during the 3 immediately preceding tax years.

(2) The amount of a credit for any tax year under subsection (1) shall not exceed 200% of the eligible taxpayer's average qualified research expenses that relate to the taxpayer's pharmaceutical based business activity in this state for the 3 immediately preceding tax years.

(5) An eligible taxpayer may assign all or a portion of a credit allowed under this section. A credit assignment under this subsection is irrevocable and shall be made in the tax year in which qualified research expenses are paid. An eligible taxpayer may claim a portion of the credit and assign a portion of the remaining credit amount. However, the eligible taxpayer shall not assign in any tax year more than 40% of the total amount of the credit allowed for that year. If the eligible taxpayer both claims and assigns portions of the credit, the eligible taxpayer shall claim the portion it claims in the tax year in which the qualified research expenses are paid. An assignee shall not subsequently assign a credit or any portion of a credit assigned under this subsection. The credit assignment under this subsection shall be made on a form prescribed by the department. The eligible taxpayer shall send a copy of the completed assignment form to the department in the tax year in which the assignment is made. 208.57 Transportation services; tax base attributable to Michigan sources; data; computation; expiration of subsection (3).

The tax base attributable to Michigan sources in the case of a taxpayer engaged in the transportation both of property and of individuals, shall be that portion of the entire tax base of the taxpayer which is equal to the sum of his passenger miles and ton mile fractions, separately computed and individually weighted by the ratio of gross receipts from passenger transportation to total gross receipts from all transportation, and by the ratio of gross receipts from freight transportation to total gross receipts from all transportation, respectively.

(2) If it is shown to the satisfaction of the commissioner that the foregoing information is not available or cannot be obtained without unreasonable expense to the taxpayer, the commissioner may use such other data which may be available and which in the opinion of the commissioner will result in an equitable allocation of the receipts to this state.

(3) The tax base attributable to this state shall be the following percentage of the tax base otherwise computed under subsection (1): 30% for the 1977, 1978, and 1979 tax years; 70% for the 1980 and 1981 tax years; and 90% for the 1982 tax year. The 5-year average tax liability under this subsection shall be computed and determined from the 1971 to 1975 tax years. For the tax years beginning after December 31, 1976, the percentage established for the 5-year average liability for the 1976 tax year shall be used for calculating this minimum tax. ***** 208.69 THIS SECTION IS REPEALED BY ACT 325 OF 2006 EFFECTIVE DECEMBER 31, 2007

208.69 Apportionment as fairly representing extent of taxpayer's business activity in state; petition; alternative method; presumption; business domicile; filing of return or amended return not considered petition; "adjusted tax base" defined.

Sec. 69. (1) If the apportionment provisions of this act do not fairly represent the extent of the taxpayer's business activity in this state, the taxpayer may petition for or the commissioner may require the following, in respect to all or a part of the taxpayer's business activity, if reasonable:

- (a) Separate accounting.
- (b) The exclusion of 1 or more of the factors.
- (c) The inclusion of 1 or more additional factors which will fairly represent the taxpayer's business activity in this state.
- (d) The employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's tax base.
 - (2) An alternate method will be effective only if it is approved by the commissioner.
 - (3) The apportionment provisions of this act shall fairly represent the business activity attributed to the taxpayer in this state, taken as a whole and without a separate examination of the specific elements of the tax base such as depreciation, compensation, or income, unless it can be demonstrated that the business activity attributed to the taxpayer in this state is out of all appropriate proportion to the actual business transacted in this state and leads to a grossly distorted result. A taxpayer's business activity shall be presumed to be fairly represented if the adjusted tax base computed without regard to the reduction based upon gross receipts permitted by section 31(2) is not greater than the adjusted tax base computed after application of the reduction based upon gross receipts permitted by section 31(2) or if the adjusted tax base is not greater than the adjusted tax base which would result from an apportioned tax base computed by using the apportionment formula prescribed for a corporate income tax or franchise tax in the taxpayer's business domicile. The taxpayer's business domicile is the state in which the sum of the taxpayer's payroll factor and property factor is greatest. However, if the taxpayer fails to satisfy either of these tests, the taxpayer's business activity shall not be presumed to not be fairly represented.
 - (4) The filing of a return or an amended return shall not be considered a petition for the purposes of subsection (1).
 - (5) As used in this section, "adjusted tax base" means that term as defined in section 31.

History: 1975, Act 228, Eff. Jan. 1, 1976;—Am. 1987, Act 39, Imd. Eff. June 9, 1987.

Constitutionality: In *Trinova Corp. v. Michigan Department of Treasury*, 111 S.Ct. 818 (1991), the United States Supreme Court held that Michigan's single business tax is not violative of the Commerce Clause or Due Process Clause of the Fourteenth Amendment of the United States Constitution. The Court stated that the single business tax meets the Court's test for sustaining a Commerce Clause challenge, by being a tax that: (1) Is applied to an activity with a substantial nexus with the taxing state; (2) Is fairly apportioned; (3) Does not discriminate against interstate commerce; and (4) Is fairly related to the services provided by the state. Neither does the tax violate due process requirements because there is a "minimal connection between the interstate activities and the taxing State, and a rational relationship between the income attributed to the State and the intrastate values of the enterprise."

Compiler's note: Section 2 of Act 39 of 1987 provides: "This amendatory act is curative, expressing the original intent of the legislature that the single business tax imposed under the single business tax act, Act No. 228 of the Public Acts of 1975, being sections 208.1 to 208.145 of the Michigan Compiled Laws, is an indivisible value added type of tax and not a combination or series of several smaller taxes and that relief from formulary apportionment should be granted only under extraordinary circumstances. This amendatory act clarifies the existing procedures and standards for granting relief under section 69 of the single business tax act, Act No. 228 of the Public Acts of 1975, being section 208.69 of the Michigan Compiled Laws."

***** 208.71 THIS SECTION IS REPEALED BY ACT 325 OF 2006 EFFECTIVE DECEMBER 31, 2007

208.71 Estimated returns and payments.

Sec. 71. (1) A taxpayer that reasonably expects liability for the tax year to exceed \$600.00 or adjustments under section 23 to exceed \$100,000.00 shall file an estimated return and pay an estimated tax for each quarter of the taxpayer's tax year. A taxpayer shall calculate liability for purposes of this section before applying any credit that the taxpayer may claim under section 38g(34) or section 39c(16).

(2) For taxpayers on a calendar year basis the quarterly returns and estimated payments shall be made by April 30, July 31, October 31, and January 31. Taxpayers not on a calendar year basis shall file quarterly returns and make estimated payments on the appropriate due date which in the taxpayer's fiscal year corresponds to the calendar year.

(3) The estimated payment made with each quarterly return of each tax year shall be for the estimated tax base for the quarter or 25% of the estimated annual liability. The second, third, and fourth estimated payments in each tax year shall include adjustments, if necessary, to correct underpayments or overpayments from previous quarterly payments in the tax year to a revised estimate of the annual tax liability.

(4) The interest provided by this act shall not be assessed if any of the following occur:

(a) If the sum of the estimated payments equals at least 85% of the liability or 1% of the gross receipts for the tax year and the amount of each estimated payment reasonably approximates the tax liability incurred during the quarter for which the estimated payment was made.

(b) If the preceding year's tax liability was \$20,000.00 or less and if the taxpayer submitted 4 equal installments the sum of which equals the previous year's tax liability.

(5) Each estimated return shall be made on a form prescribed by the department and shall include an estimate of the annual tax liability and other information required by the commissioner. This form may be combined with any other tax reporting form prescribed by the department.

(6) With respect to a taxpayer filing an estimated tax return for the taxpayer's first tax year of less than 12 months, the amounts paid with each return shall be proportional to the number of payments made in the first tax year.

(7) Payments made under this section shall be a credit against the payment required with the annual tax return required in section 73.

(8) When the commissioner considers it necessary to insure payment of the tax or to provide a more efficient administration of the tax, the commissioner may require filing of the returns and payment of the tax for other than quarterly or annual periods.

(9) A taxpayer that elects under the internal revenue code to file an annual federal income tax return by March 1 in the year following the taxpayer's tax year and does not make a quarterly estimate or payment, or does not make a quarterly estimate or payment and files a tentative annual return with a tentative payment by January 15, in the year following the taxpayer's tax year and a final return by April 15 in the year following the taxpayer's tax year, shall have the same option in filing the estimated and annual returns required by this act.

(10) Instead of the quarterly return prescribed in subsections (1) and (2) the taxpayer may elect either of the following options:

(a) To file and pay before the sixteenth day of each month an estimated return computed at the rate of 1% of the gross receipts for the preceding month.

(b) To file and pay before the sixteenth day of the months specified in subsection (2) an estimated return computed at the rate of 1% of the gross receipts for the preceding quarter.

(11) A penalty for underpayment of an estimated tax under this act shall not be assessed for the taxpayer's first tax year beginning after December 31, 1999 if the taxpayer claimed a credit under section 35a for the first time on the taxpayer's annual return for that tax year and a penalty would not have applied if the taxpayer had made adjustments under section 23 or 23b on that return.

(a) The tax may be computed as if this act were effective on the first day of the taxpayer's annual accounting period and the amount so computed shall be multiplied by a fraction, the numerator of which is the number of months in the taxpayer's first taxable year, and the denominator of which is 12.

(b) The tax may be computed by determining the tax base in the first taxable year in accordance with an accounting method, satisfactory to the commissioner, which reflects the actual tax base attributable to the period.
