amending sections 3 and 8 (MCL 722.623 and 722.628), section 3 as amended by 2006 PA 264 and section 8 as amended by 2006 PA 256.

The People of the State of Michigan enact:

**722.623 Individual required to report child abuse or neglect; written report; transmitting report to county department; copies to prosecuting attorney and probate court; conditions requiring transmission of report to law enforcement agency; exposure to or contact with methamphetamine production; pregnancy of or venereal disease in child less than 12 years of age.**

Sec. 3. (1) An individual is required to report under this act as follows:

(a) A physician, dentist, physician’s assistant, registered dental hygienist, medical examiner, nurse, person licensed to provide emergency medical care, audiologist, psychologist, marriage and family therapist, licensed professional counselor, social worker, licensed master’s social worker, licensed bachelor’s social worker, registered social service technician, social service technician, school administrator, school counselor or teacher, law enforcement officer, member of the clergy, or regulated child care provider who has reasonable cause to suspect child abuse or neglect shall make immediately, by telephone or otherwise, an oral report, or cause an oral report to be made, of the suspected child abuse or neglect to the department. Within 72 hours after making the oral report, the reporting person shall file a written report as required in this act. If the reporting person is a member of the staff of a hospital, agency, or school, the reporting person shall notify the person in charge of the hospital, agency, or school of his or her finding and that the report has been made, and shall make a copy of the written report available to the person in charge. A notification to the person in charge of a hospital, agency, or school does not relieve the member of the staff of the hospital, agency, or school of the obligation of reporting to the department as required by this section. One report from a hospital, agency, or school is adequate to meet the reporting requirement. A member of the staff of a hospital, agency, or school shall not be dismissed or otherwise penalized for making a report required by this act or for cooperating in an investigation.

(b) A department employee who is 1 of the following and has reasonable cause to suspect child abuse or neglect shall make a report of suspected child abuse or neglect to the department in the same manner as required under subdivision (a):

(i) Eligibility specialist.

(ii) Family independence manager.

(iii) Family independence specialist.

(iv) Social services specialist.

(v) Social work specialist.

(vi) Social work specialist manager.

(vii) Welfare services specialist.

(2) The written report shall contain the name of the child and a description of the abuse or neglect. If possible, the report shall contain the names and addresses of the child’s parents, the child’s guardian, the persons with whom the child resides, and the child’s age. The report shall contain other information available to the reporting person that might establish the cause of the abuse or neglect, and the manner in which the abuse or neglect occurred.

(3) The department shall inform the reporting person of the required contents of the written report at the time the oral report is made by the reporting person.
(4) The written report required in this section shall be mailed or otherwise transmitted to the county department of the county in which the child suspected of being abused or neglected is found.

(5) Upon receipt of a written report of suspected child abuse or neglect, the department may provide copies to the prosecuting attorney and the probate court of the counties in which the child suspected of being abused or neglected resides and is found.

(6) If an allegation, written report, or subsequent investigation of suspected child abuse or child neglect indicates a violation of sections 136b and 145c, sections 520b to 520g of the Michigan penal code, 1931 PA 328, MCL 750.136b, 750.145c, and 750.520b to 750.520g, or section 7401c of the public health code, 1978 PA 368, MCL 333.7401c, involving methamphetamine has occurred, or if the allegation, written report, or subsequent investigation indicates that the suspected child abuse or child neglect was committed by an individual who is not a person responsible for the child’s health or welfare, including, but not limited to, a member of the clergy, a teacher, or a teacher’s aide, the department shall transmit a copy of the allegation or written report and the results of any investigation to a law enforcement agency in the county in which the incident occurred. If an allegation, written report, or subsequent investigation indicates that the individual who committed the suspected abuse or neglect is a child care provider and the department believes that the report has basis in fact, the department shall, within 24 hours of completion, transmit a copy of the written report or the results of the investigation to the child care regulatory agency with authority over the child care provider’s child care organization or adult foster care location authorized to care for a child.

(7) If a local law enforcement agency receives an allegation or written report of suspected child abuse or child neglect or discovers evidence of or receives a report of an individual allowing a child to be exposed to or to have contact with methamphetamine production, and the allegation, written report, or subsequent investigation indicates that the child abuse or child neglect or allowing a child to be exposed to or to have contact with methamphetamine production, was committed by a person responsible for the child’s health or welfare, the local law enforcement agency shall refer the allegation or provide a copy of the written report and the results of any investigation to the county department of the county in which the abused or neglected child is found, as required by subsection (1)(a). If an allegation, written report, or subsequent investigation indicates that the individual who committed the suspected abuse or neglect or allowed a child to be exposed to or to have contact with methamphetamine production, is a child care provider and the local law enforcement agency believes that the report has basis in fact, the local law enforcement agency shall transmit a copy of the written report or the results of the investigation to the child care regulatory agency with authority over the child care provider’s child care organization or adult foster care location authorized to care for a child. Nothing in this subsection or subsection (1) shall be construed to relieve the department of its responsibilities to investigate reports of suspected child abuse or child neglect under this act.

(8) For purposes of this act, the pregnancy of a child less than 12 years of age or the presence of a venereal disease in a child who is over 1 month of age but less than 12 years of age is reasonable cause to suspect child abuse and neglect have occurred.

(9) In conducting an investigation of child abuse or child neglect, if the department suspects that a child has been exposed to or has had contact with methamphetamine production, the department shall immediately contact the law enforcement agency in the county in which the incident occurred.
Referring report or commencing investigation; informing parent or legal guardian of investigation; duties of department; assistance of and cooperation with law enforcement officials; procedures; proceedings by prosecuting attorney; cooperation of school or other institution; information as to disposition of report; exception to reporting requirement; surrender of newborn; training of employees in rights of children and families.

Sec. 8. (1) Within 24 hours after receiving a report made under this act, the department shall refer the report to the prosecuting attorney and the local law enforcement agency if the report meets the requirements of subsection (3)(a), (b), or (c) or section 3(6) or (9) or shall commence an investigation of the child suspected of being abused or neglected. Within 24 hours after receiving a report whether from the reporting person or from the department under subsection (3)(a), (b), or (c) or section 3(6) or (9), the local law enforcement agency shall refer the report to the department if the report meets the requirements of section 3(7) or shall commence an investigation of the child suspected of being abused or neglected or exposed to or who has had contact with methamphetamine production. If the child suspected of being abused or exposed to or who has had contact with methamphetamine production is not in the physical custody of the parent or legal guardian and informing the parent or legal guardian would not endanger the child’s health or welfare, the agency or the department shall inform the child’s parent or legal guardian of the investigation as soon as the agency or the department discovers the identity of the child’s parent or legal guardian.

(2) In the course of its investigation, the department shall determine if the child is abused or neglected. The department shall cooperate with law enforcement officials, courts of competent jurisdiction, and appropriate state agencies providing human services in relation to preventing, identifying, and treating child abuse and neglect; shall provide, enlist, and coordinate the necessary services, directly or through the purchase of services from other agencies and professions; and shall take necessary action to prevent further abuses, to safeguard and enhance the child’s welfare, and to preserve family life where possible. In the course of an investigation, at the time that a department investigator contacts an individual about whom a report has been made under this act or contacts an individual responsible for the health or welfare of a child about whom a report has been made under this act, the department investigator shall advise that individual of the department investigator’s name, whom the department investigator represents, and the specific complaints or allegations made against the individual. The department shall ensure that its policies, procedures, and administrative rules ensure compliance with the provisions of this act.

(3) In conducting its investigation, the department shall seek the assistance of and cooperate with law enforcement officials within 24 hours after becoming aware that 1 or more of the following conditions exist:

(a) Abuse or neglect is the suspected cause of a child’s death.

(b) The child is the victim of suspected sexual abuse or sexual exploitation.

(c) Abuse or neglect resulting in severe physical injury to the child. For purposes of this subdivision and section 17, “severe physical injury” means an injury to the child that requires medical treatment or hospitalization and that seriously impairs the child’s health or physical well-being.

(d) Law enforcement intervention is necessary for the protection of the child, a department employee, or another person involved in the investigation.

(e) The alleged perpetrator of the child’s injury is not a person responsible for the child’s health or welfare.

(f) The child has been exposed to or had contact with methamphetamine production.
(4) Law enforcement officials shall cooperate with the department in conducting investigations under subsections (1) and (3) and shall comply with sections 5 and 7. The department and law enforcement officials shall conduct investigations in compliance with the protocols adopted and implemented as required by subsection (6).

(5) Involvement of law enforcement officials under this section does not relieve or prevent the department from proceeding with its investigation or treatment if there is reasonable cause to suspect that the child abuse or neglect was committed by a person responsible for the child’s health or welfare.

(6) In each county, the prosecuting attorney and the department shall develop and establish procedures for involving law enforcement officials as provided in this section. In each county, the prosecuting attorney and the department shall adopt and implement standard child abuse and neglect investigation and interview protocols using as a model the protocols developed by the governor’s task force on children’s justice as published in FIA Publication 794 (revised 8-98) and FIA Publication 779 (8-98), or an updated version of those publications.

(7) If there is reasonable cause to suspect that a child in the care of or under the control of a public or private agency, institution, or facility is an abused or neglected child, the agency, institution, or facility shall be investigated by an agency administratively independent of the agency, institution, or facility being investigated. If the investigation produces evidence of a violation of section 145c or sections 520b to 520g of the Michigan penal code, 1931 PA 328, MCL 750.145c and 750.520b to 750.520g, the investigating agency shall transmit a copy of the results of the investigation to the prosecuting attorney of the county in which the agency, institution, or facility is located.

(8) A school or other institution shall cooperate with the department during an investigation of a report of child abuse or neglect. Cooperation includes allowing access to the child without parental consent if access is determined by the department to be necessary to complete the investigation or to prevent abuse or neglect of the child. The department shall notify the person responsible for the child’s health or welfare about the department’s contact with the child at the time or as soon afterward as the person can be reached. The department may delay the notice if the notice would compromise the safety of the child or child’s siblings or the integrity of the investigation, but only for the time 1 of those conditions exists.

(9) If the department has contact with a child in a school, all of the following apply:

   (a) Before contact with the child, the department investigator shall review with the designated school staff person the department’s responsibilities under this act and the investigation procedure.

   (b) After contact with the child, the department investigator shall meet with the designated school staff person and the child about the response the department will take as a result of contact with the child. The department may also meet with the designated school staff person without the child present and share additional information the investigator determines may be shared subject to the confidentiality provisions of this act.

   (c) Lack of cooperation by the school does not relieve or prevent the department from proceeding with its responsibilities under this act.

(10) A child shall not be subjected to a search at a school that requires the child to remove his or her clothing to expose his buttocks or genitalia or her breasts, buttocks, or genitalia unless the department has obtained an order from a court of competent jurisdiction permitting such a search. If the access occurs within a hospital, the investigation shall be conducted so as not to interfere with the medical treatment of the child or other patients.

(11) The department shall enter each report made under this act that is the subject of a field investigation into the CPSI system. The department shall maintain a report entered on the CPSI system as required by this subsection until the child about whom the investi-
gation is made is 18 years old or until 10 years after the investigation is commenced, whichever is later, or, if the case is classified as a central registry case, until the department receives reliable information that the perpetrator of the abuse or neglect is dead. Unless made public as specified information released under section 7d, a report that is maintained on the CPSI system is confidential and is not subject to the disclosure requirements of the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(12) After completing a field investigation and based on its results, the department shall determine in which single category, prescribed by section 8d, to classify the allegation of child abuse or neglect.

(13) Except as provided in subsection (14), upon completion of the investigation by the local law enforcement agency or the department, the law enforcement agency or department may inform the person who made the report as to the disposition of the report.

(14) If the person who made the report is mandated to report under section 3, upon completion of the investigation by the department, the department shall inform the person in writing as to the disposition of the case and shall include in the information at least all of the following:

(a) What determination the department made under subsection (12) and the rationale for that decision.

(b) Whether legal action was commenced and, if so, the nature of that action.

(c) Notification that the information being conveyed is confidential.

(15) Information sent under subsection (14) shall not include personally identifying information for a person named in a report or record made under this act.

(16) Unless section 5 of chapter XII of the probate code of 1939, 1939 PA 288, MCL 712.5, requires a physician to report to the department, the surrender of a newborn in compliance with chapter XII of the probate code of 1939, 1939 PA 288, MCL 712.1 to 712.20, is not reasonable cause to suspect child abuse or neglect and is not subject to the section 3 reporting requirement. This subsection does not apply to circumstances that arise on or after the date that chapter XII of the probate code of 1939, 1939 PA 288, MCL 712.1 to 712.20, is repealed. This subsection applies to a newborn whose birth is described in the born alive infant protection act and who is considered to be a newborn surrendered under the safe delivery of newborns law as provided in section 3 of chapter XII of the probate code of 1939, 1939 PA 288, MCL 712.3.

(17) All department employees involved in investigating child abuse or child neglect cases shall be trained in the legal duties to protect the state and federal constitutional and statutory rights of children and families from the initial contact of an investigation through the time services are provided.

This act is ordered to take immediate effect.

The People of the State of Michigan enact:

257.233 Transfer or assignment of title to, or interest in, registered vehicle; disposition of plates; application for new registration certificate; penalty; indorsement on certificate of title; effective date of transfer.

Sec. 233. (1) If the owner of a registered vehicle transfers or assigns the title or interest in the vehicle, the registration plates issued for the vehicle shall be removed and transferred to the owner’s spouse, mother, father, sister, brother, or child to whom title or interest in the vehicle is transferred, or retained and preserved by the owner for transfer to another vehicle upon application and payment of the required fees. A person shall not transfer the plates to a vehicle without applying for a proper certificate of registration describing the vehicle to which the plates are being transferred except as provided in section 217(4). If the owner of a registered vehicle acquires another vehicle without transferring or assigning the title or interest in the vehicle for which the plates were issued, the owner may have the plates transferred to the subsequently acquired vehicle upon application and payment of the required fees.

(2) A person shall not purchase or lease another vehicle or an interest in another vehicle with the intent to circumvent the restrictions created by immobilization of a vehicle under this act.
(3) A person shall not transfer or attempt to transfer ownership or right of possession of a vehicle subject to forfeiture or ordered forfeited under this act with the intent to avoid the forfeiture of that vehicle.

(4) During the time a vehicle is subject to a temporary registration plate, vehicle forfeiture, immobilization, registration denial, or the period from adjudication to immobilization or forfeiture under this act, a person shall not without a court order transfer or assign the title or an interest in the vehicle to a person who is not subject to payment of a use tax under section 3 of the use tax act, 1937 PA 94, MCL 205.93.

(6) A person whose operator’s or chauffeur’s license is suspended, revoked, or denied for, or who has never been licensed by this state and was convicted for, a third or subsequent violation of section 625 or 625m, of a local ordinance substantially corresponding to section 625 or 625m, or of a law of another state substantially corresponding to section 625 or 625m, or for a fourth or subsequent suspension or revocation under section 904 shall not purchase, lease, or otherwise acquire a motor vehicle during the suspension, revocation, or denial period. financial responsibility and security by owners and operators of vehicles; to provide for the imposition, levy, and collection of specific taxes on vehicles, and the levy and collection of sales and use taxes, license fees, and permit fees; to provide for the regulation and use of streets and highways; to create certain funds; to provide penalties and sanctions for a violation of this act; to provide for civil liability of owners and operators of vehicles and service of process on residents and nonresidents; to provide for the levy of certain assessments; to provide for the enforcement of this act; to provide for the creation of and to prescribe the powers and duties of certain state and local agencies; to impose liability upon the state or local agencies; to provide appropriations for certain purposes; to repeal all other acts or parts of acts inconsistent with this act or contrary to this act; and to repeal certain parts of this act on a specific date,” by amending section 667a (MCL 257.667a), as amended by 2002 PA 534.

The People of the State of Michigan enact:

257.667a Installation and use of unmanned traffic monitoring devices at railroad grade crossing; civil infraction; evidence; diagnostic study team review required where fatality at public railroad grade crossing; exception.

Sec. 667a. (1) The department of state police or the state transportation department; the county board of commissioners, board of county road commissioners, or county sheriff; or other local authority having jurisdiction over a highway or street may authorize the installation and use of unmanned traffic monitoring devices at a railroad grade crossing with flashing signals and gates on a highway or street under their respective jurisdictions. Each device shall be sufficiently marked or identified or a sign shall be placed at the approach to the crossing indicating that the crossing is monitored by an unmanned traffic monitoring device.

(2) Beginning 31 days after the installation of an unmanned traffic monitoring device at a railroad grade crossing described in subsection (1), a person is responsible for a civil infraction as provided in section 667 if the person violates a provision of that section on the basis of evidence obtained from an unmanned traffic monitoring device. However, for the first 30 days after the installation of an unmanned traffic monitoring device, a person shall be issued a written warning only. It is an affirmative defense to a charge of violating section 667 that the mechanical warning devices at the crossing were malfunctioning.

(3) A sworn statement of a police officer from the state or local authority having jurisdiction over the highway or street upon which the railroad grade crossing described in subsection (1) is located, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by an unmanned traffic monitoring device, is prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images indicating such a violation shall be available for inspection in any proceeding to adjudicate the responsibility for a violation of section 667. Any photographs, videotape, or digital images of the violation shall be destroyed 90 days after final disposition of the citation.

(4) In a prosecution for a violation of section 667 established by an unmanned traffic monitoring device under this section, prima facie evidence that the vehicle described in the citation issued was operated in violation of section 667, together with proof that the defendant was at the time of the violation the registered owner of the vehicle, shall constitute in evidence a rebuttable presumption that the registered owner of the vehicle was the person who committed the violation. The presumption is rebutted if the registered owner of the vehicle files an affidavit by regular mail with the clerk of the court that he or she was
not the operator of the vehicle at the time of the alleged violation or testifies in open court under oath that he or she was not the operator of the vehicle at the time of the alleged violation. The presumption also is rebutted if a certified copy of a police report, showing that the vehicle had been reported to the police as stolen before the time of the alleged violation of this section, is presented before the appearance date established on the citation. For purposes of this subsection, the owner of a leased or rental vehicle shall provide the name and address of the person to whom the vehicle was leased or rented at the time of the violation.

(5) Notwithstanding section 742, a citation for a violation of section 667 on the basis of evidence obtained from an unmanned traffic monitoring device may be executed by mailing by first-class mail a copy to the address of the owner of the vehicle as shown on the records of the secretary of state. If the summoned person fails to appear on the date of return set out in the citation previously mailed by first-class mail under this subsection, a copy shall be sent by certified mail-return receipt requested. If the summoned person fails to appear on either of the dates of return set out in the copies of the citation mailed under this section, the citation shall be executed in the manner provided by law for personal service. The court may issue a warrant for the arrest of a person who fails to appear within the time limit established on the citation if a sworn complaint is filed with the court for that purpose.

(6) If there is a fatality resulting from a train-vehicle crash at a public railroad grade crossing, the state transportation department shall convene a diagnostic study team review, if there has not been a diagnostic study team review at the crossing in the last 2 years. However, a diagnostic study team review is not required if the initial law enforcement investigation of the fatality indicates that the motorist's consumption of alcohol or a controlled substance or his or her disregard of an existing traffic control device conveying a “stop” message contributed to the fatality, or that the fatality was a suicide. The diagnostic study team review shall be conducted within 120 days after the state transportation department is made aware of the fatality. If the diagnostic study team review reaches consensus that warning device enhancements are needed, the state transportation department shall order those improvements. The cost for the improvements shall be financed consistent with the financing of similar projects by the state transportation department according to its annual prioritization of grade crossing safety improvements.

This act is ordered to take immediate effect.

AN ACT to amend 1976 PA 399, entitled “An act to protect the public health; to provide for supervision and control over public water supplies; to prescribe the powers and duties of the department of environmental quality; to provide for the submission of plans and specifications for waterworks systems and the issuance of construction permits therefor; to provide for capacity assessments and source water assessments of public water supplies; to provide for the classification of public water supplies and the examination, certification and regulation of persons operating those systems; to provide for continuous, adequate operation of privately owned, public water supplies; to authorize the promulgation of rules to
carry out the intent of the act; to create the water supply fund; to provide for the admin-
istration of the water supply fund; and to provide penalties,” by amending sections 4 and 21
(MCL 325.1004 and 325.1021), section 4 as amended by 2006 PA 37, and by adding section 4a.

The People of the State of Michigan enact:

325.1004 Waterworks system; filing plans and specifications; general
plan; evaluation of proposed system; capacity assessment; return or
rejection of plans and specifications; plans and specifications for
improvements; permit for construction; violation; permit as condition
to expenditures; conditions for denial of permit; verbal approval of
minor modification; confirmation.

Sec. 4. (1) A supplier of water shall file with the department the plans and specifications
of the entire waterworks system owned or operated by the supplier, unless the department
determines that its existing records are adequate. A general plan of the waterworks system
for each public water supply shall be provided to the department by a supplier of water
and shall be updated as determined necessary by the department.

(2) Upon receipt of the plans and specifications for a proposed waterworks system, the
department shall evaluate the adequacy of the proposed system to protect the public health
by supplying water meeting the state drinking water standards and, if applicable, shall evalu-
ate the impact of the proposed system as provided in subsections (3) and (4). The department
shall also conduct a capacity assessment for a proposed community supply or nontransient
noncommunity water supply and determine if the system has the technical, financial, and
managerial capacity to meet all requirements of this act and the rules promulgated under this
act, on the date of commencement of operations. If upon evaluation the department deter-
mines the plans and specifications to be inadequate or the capacity assessment shows the
system to be inadequate, the department may return the plans and specifications to the
applicant and require additions or modifications as may be appropriate. The department may
reject plans and specifications for a waterworks system that will not satisfactorily provide
for the protection of the public health or, if applicable, will not meet the standards provided
in subsections (3) and (4). The department may deny a permit for construction of a proposed
community supply or a nontransient noncommunity water supply if the capacity assessment
shows that the proposed system does not have adequate technical, financial, or managerial
capacity to meet the requirements of this act and the rules promulgated under this act.

(3) The department may evaluate the impact of a proposed waterworks system for a
community supply owned by a political subdivision that will do any of the following:

(a) Provide new total designed withdrawal capacity of more than 2,000,000 gallons of
water per day from a source of water other than the Great Lakes and their connecting
waterways.

(b) Provide an increased total designed withdrawal capacity of more than 2,000,000 gal-
lons of water per day from a source of water other than the Great Lakes and their connecting
waterways beyond the system’s total designed withdrawal capacity.

(c) Provide new total designed withdrawal capacity of more than 5,000,000 gallons of
water per day from the Great Lakes and their connecting waterways.

(d) Provide an increased total designed withdrawal capacity of more than 5,000,000 gal-
lons of water per day from the Great Lakes and their connecting waterways beyond the
system’s total designed withdrawal capacity.
(4) The department shall reject the plans and specifications for a proposed waterworks system evaluated under subsection (3) if it determines that the proposed system will not meet the applicable standard provided in section 32723(5) or (6) of the natural resources and environmental protection act, 1994 PA 451, MCL 324.32723, unless both of the following conditions are met:

(a) The department determines that there is no feasible and prudent alternative location for the withdrawal.

(b) The department includes in the approval conditions related to depth, pumping capacity, rate of flow, and ultimate use that ensure that the environmental impact of the withdrawal is balanced by the public benefit of the withdrawal related to public health, safety, and welfare.

(5) Before commencing the construction of a waterworks system or an alteration, addition, or improvement to a system, a supplier of water shall submit the plans and specifications for the improvements to the department and secure from the department a permit for construction as provided by rule. Plans and specifications submitted to the department shall be prepared by a professional engineer licensed under article 20 of the occupational code, 1980 PA 299, MCL 339.2001 to 339.2014. A contractor, builder, or supplier of water shall not engage in or begin the construction of a waterworks system or an alteration, addition, or improvement to a waterworks system until a valid permit for the construction has been secured from the department. A contractor, builder, or supplier of water who permits or allows construction to proceed without a valid permit, or in a manner not in accordance with the plans and specifications approved by the department, violates this act. A supplier of water shall not issue a voucher or check or in any other way expend money or provide consideration for construction of a waterworks system unless a valid permit issued by the department is in effect. The department may issue a permit with conditions to correct minor design deficiencies. If eligible, a supplier may request an expedited review of an application for a permit under section 4a.

(6) The department may deny a permit for construction of a waterworks system or an alteration, addition, or improvement to a waterworks system if the most recent capacity assessment shows that the waterworks system does not have adequate technical, financial, or managerial capacity to meet the requirements of this act and the rules promulgated under this act, and the deficiencies identified in that capacity assessment remain uncorrected, unless the proposed construction will remedy the deficiencies.

(7) The department may verbally approve minor modifications of a construction permit issued by the department as a result of unforeseen site conditions that become apparent during construction. Minor modifications include, but are not limited to, extending a hydrant lead or routing a water main around a manhole. A supplier making a request for a modification shall provide to the department all relevant information required under this section and the application form provided by the department related to the modification. A supplier shall obtain written approval from the department for all modifications to a waterworks system except when the department provides verbal approval for a minor modification as provided for in this subsection. A supplier receiving a written or verbal approval from the department shall submit revised plans and specifications to the department within 10 days from the date of approval.

(8) If a supplier seeks confirmation of the department’s verbal approval of a minor modification under subsection (7), the supplier shall notify the department electronically, at an address specified by the department, with a detailed description of the request for the modification. The department shall make reasonable efforts to respond within 2 business days, confirming whether the request has been approved or not approved. If the department has
not responded within 2 business days after the department receives the detailed description, the verbal approval shall be considered confirmed.

325.1004a Expedited permit application review process.

Sec. 4a. (1) Not later than October 1, 2007, the department shall establish an expedited permit application review process available for projects described in subsection (7). The expedited review process shall be available through September 30, 2010. To be eligible for expedited review, an applicant shall submit all of the items under subsection (2) not later than September 30, 2010.

(2) A supplier requesting an expedited review shall do all of the following:

(a) At least 10 business days prior to submitting an application under subdivision (b), notify the department electronically, in accordance with the instructions provided on the department’s website, of his or her intent to request expedited review.

(b) Submit electronically a complete application for a permit, including a request for expedited review and including, via credit card, the appropriate fee under subsection (3).

(c) Provide a written copy of the construction plans and specifications for the project that has been prepared, signed, and sealed by a licensed professional engineer to the department postmarked not later than the date that the application is submitted electronically.

(3) Except as provided in subsection (5), the fee for an expedited review is as follows:

(a) Water main projects with total lengths less than 1,000 feet, $1,000.00.

(b) Water main projects with total lengths greater than or equal to 1,000 feet and less than 3,000 feet, $1,500.00.

(c) Water main projects of total length greater than 3,000 feet and less than or equal to 10,000 feet, $2,000.00.

(4) Except as otherwise provided in subsection (6), if an applicant does not comply with subsection (3), the department shall not conduct an expedited review and any submitted fee shall not be refunded. Within 10 business days of receipt of the application, the department shall notify the supplier of the reasons why the department’s review of the application will not be expedited. Upon receipt of this notification, the supplier may correct the deficiencies and resubmit an application and request for an expedited review with the appropriate fee specified under subsection (5). The department shall not reject a resubmitted application solely because of deficiencies that the department failed to identify in the original application.

(5) For a second submission of an application that originally failed to meet the requirements specified in subsection (4), the applicant shall instead include a fee equal to 10% of the fee specified in subsection (3). However, if the deficiency included failure to pay the appropriate fee, the second submission shall include the balance of the appropriate fee plus 10% of the appropriate fee. If the applicant makes additional changes other than those items identified by the department as being deficient, the applicant shall instead include an additional fee equal to the fee specified in subsection (3). For the third and each subsequent submittal of an application that fails to meet the requirements specified in subsection (4), the applicant shall include an additional fee equal to the fee specified in subsection (3).

(6) If the applicant fails to sign the application, submits construction plans and specifications that have not been prepared, signed, and sealed by a licensed professional engineer, or submits an insufficient fee, the department shall notify the applicant within 5 business days of the deficiency. The application shall not be processed until the deficient items are addressed. If the applicant does not provide the deficient items within 5 business days after notification by the department, the application shall be handled as provided in subsection (4).
(7) A request for an expedited permit application review is limited to projects that consist solely of installation of new water mains of less than or equal to 10,000 feet located in a county with a population of between 750,000 and 1,000,000 and any contiguous county with a population of greater than 160,000. Expedited permit application reviews are not allowed for other projects requiring a permit under this act including, but not limited to, projects involving water treatment processes, ground or elevated storage tanks, chemical feed systems, wells, booster stations, pumps, new proposed waterworks systems subject to a capacity assessment, or projects funded under the state drinking water revolving fund established under section 16b of the shared credit rating act, 1985 PA 227, MCL 141.1066b.

(8) The department shall review and make a decision on a complete application submitted with a request for expedited review pursuant to the following schedule:

(a) Until September 30, 2008, the department shall make a permit decision within 20 business days of receipt by the department of the complete application, including plans and specifications.

(b) From October 1, 2008 through September 30, 2009, the department shall make a permit decision within 15 business days of receipt by the department of the complete application, including plans and specifications.

(c) From October 1, 2009 through September 30, 2010, the department shall make a permit decision within 10 business days of receipt by the department of the complete application, including plans and specifications.

(9) If the department fails to meet the deadlines specified in subsection (8), the department shall continue to expedite the application review process for an application submitted under this section. However, the fee for an expedited review required under this section shall be refunded if the department fails to meet the deadlines established in subsection (8).

(10) The department shall transmit fees collected under this section to the state treasurer for deposit into the infrastructure construction fund created in section 4113 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.4113.

(11) As used in this section:

(a) “Complete application” means that the application form provided by the department is completed, all requested information is provided, and the application can be processed without additional information.

(b) “Expedited review” means an expedited review of a permit application under this section.

(c) “Licensed professional engineer” means a professional engineer licensed under article 20 of the occupational code, 1980 PA 299, MCL 339.2001 to 339.2014.

(d) “Project” means a plan or proposal to install new water mains within a waterworks system located in 1 general area where all the components are interconnected but does not include a waterworks system proposed for construction in separate parcels of land or development areas.

325.1021 Violation as misdemeanor; penalty; issuance of appearance ticket; “minor offense” defined.

Sec. 21. (1) A person who violates this act or the rules promulgated under this act or an order issued pursuant to this act is guilty of a misdemeanor punishable by a fine of not more than $5,000.00 for each day of violation, or by imprisonment for not more than 1 year, or both.

(2) A law enforcement officer may issue and serve an appearance ticket upon a person for a minor offense pursuant to sections 9e to 9g of chapter IV of the code of criminal procedure, 1927 PA 175, MCL 764.9e to 764.9g.
(3) As used in this section, “minor offense” means a violation of a permit issued under this act that does not functionally impair the operation or capacity of a waterworks system or the level of public health protection it provides.
