26       Sec. 803. (1) Except as otherwise provided in this act, the  
 27 following rules govern the counting and recounting of votes:

1 (a) If it is clearly evident from an examination of a ballot  
2 that the ballot has been mutilated for the purpose of  
3 distinguishing it or that there has been placed on the ballot  
4 some mark, printing, or writing for the purpose of distinguishing  
5 it, then that ballot is void and shall not be counted.

6 (b) A cross, the intersection of which is within or on the  
7 line of the proper circle or square, or a check mark, the angle  
8 of which is within a circle or square, is valid. Crosses or check  
9 marks otherwise located on the ballot are void.

10 (c) Marks other than crosses or check marks used to  
11 designate the intention of the voter shall not be counted.

12 (d) A cross is valid even though 1 or both lines of the  
13 cross are duplicated, if the lines intersect within or on the  
14 line of the square or circle.

15 (e) Two lines meeting within or on the line of the square or  
16 circle, although not crossing each other, are valid if it is  
17 apparent that the voter intended to make a cross.

18 (f) A failure to properly mark a ballot as to 1 or more  
19 candidates does not alone invalidate the entire ballot if the  
20 ballot has been properly marked as to other candidates, unless  
21 the improper marking is determined to be a distinguishing mark as  
22 described in this subsection.

23 (g) Erasures and corrections on a ballot made by the elector  
24 in a manner frequently used for this purpose shall not be  
25 considered distinguishing marks or mutilations.

26 (h) ~~Any~~ A ballot or part of a ballot from which it is  
27 impossible to determine the elector's choice of candidate is void

1 as to the candidate or candidates affected by that determination.

2 (i) ~~Any votes~~ **A VOTE** cast for a deceased candidate ~~are~~ **IS**  
3 void and shall not be counted, except that ~~votes~~ **A VOTE** cast for  
4 a candidate for governor who has died, and for whom a replacement  
5 has not been made, shall be counted for the candidate for  
6 lieutenant governor of that party.

7 (j) ~~All ballots~~ **A BALLOT** cast that ~~are~~ **IS** not counted shall  
8 be marked by the inspector "not counted", kept separate from the  
9 others by being tied or held in 1 package, and placed in the  
10 ballot box with the counted ballots.

11 (k) A vote shall not be counted for ~~any~~ **A** candidate unless a  
12 ~~cross or a check mark has been placed by the voter in the circle~~  
13 ~~at the head of the party ticket, if any, on which the name of the~~  
14 ~~candidate has been printed, written, or placed or unless~~ a cross  
15 or a check mark has been placed by the voter in the square before  
16 the space in which the name of the candidate has been printed,  
17 written, or placed.

18 (2) If an electronic voting system requires that the elector  
19 place a mark in a predefined area on the ballot in order to cast  
20 a vote, the vote shall not be considered valid unless there is a  
21 mark within the predefined area. A stray mark made within a  
22 predefined area is not a valid vote. In determining whether a  
23 mark within a predefined area is a stray mark, the board of  
24 canvassers or election official shall compare the mark with other  
25 marks appearing on the ballot. The secretary of state shall issue  
26 instructions, subject to the approval of the board of state  
27 canvassers, relevant to stray marks to ensure the fairness and

1 uniformity of determinations made under this subsection. A  
2 secretary of state's instruction relevant to stray marks shall  
3 not be applied to a ballot unless the secretary of state issued  
4 the instruction not less than 63 days before the date of the  
5 election.

6       Sec. 804. In the canvass of votes cast for candidates for  
7 public office, the board shall ~~first select and count the~~

15 All computations and tallies shall be made upon the tally sheets  
16 used at ~~such~~ **THE** election.
