7 Sec. 8. (1) Beginning on the first day of the fiscal year that
8 begins after the effective date of this act, an authority shall be
9 the designated recipient for its public transit region for purposes
10 of applying for federal operating and capital assistance grants
11 under the moving ahead for progress in the 21st century act, Public

17 or more public transportation providers in the public transit
18 region.

19 (b) Review an application for planning, operating, or capital
20 assistance for a program under the federal transit act, Public Law
21 88-365, prior to that application's being submitted by a public
22 transportation provider in the public transit region. In reviewing
23 an application under this subdivision, the authority shall consider
24 how the projects included in the application, on their own and in
25 combination with other applications under review by the authority,
26 will contribute to all of the following:

27 (i) Effective and efficient transportation services throughout

1 the public transit region.

2 (ii) Achieving and maintaining the public transit region's
3 transit infrastructure in a state of good repair.

4 (iii) Coordination of transportation services among public
5 transportation providers.

6 (iv) Strategic investment in a regional rolling rapid transit
7 system.

8 (v) Other factors determined appropriate by the board and

10 (c) Approve, disapprove, or request modifications to an
11 application within 60 days after a complete application is
12 submitted to the authority by a public transportation provider.

13 (2) Beginning on the first day of the fiscal year that begins
14 after the effective date of this act, a public transportation
15 provider in a public transit region shall not submit an application
16 to a federal agency for operating and capital assistance grants
17 under the moving ahead for progress in the 21st century act, Public
18 Law 112-141, and the regulations promulgated under that act, unless
19 the board has approved the application under subsection (1). If a
20 public transportation provider in a public transit region submits
21 an application to a federal agency that has not been approved by
22 the board under subsection (1), the public transportation provider
23 is not eligible to receive matching funds under section 10e of 1951
24 PA 51, MCL 247.660e, for any projects included in that application.

25 (3) Beginning on the first day of the fiscal year that begins
26 after the effective date of this act, to the extent required by the
27 moving ahead for progress in the 21st century act, Public Law 112-

1 141, and the regulations promulgated under that act, an authority
2 may execute a supplemental agreement conferring on a public
3 transportation provider in a public transit region the right to
4 receive and dispense federal grant funds for applications that have
5 been approved by the board under subsection (1).

6 (4) Beginning on the first day of the fiscal year that begins
7 after the effective date of this act, an authority has the sole
8 authority to submit an application to the department for a public
9 transit region for programs provided for in section 10e of 1951 PA
10 51, MCL 247.660e.

11 (5) Beginning on the first day of the fiscal year that begins
12 after the effective date of this act, an authority shall require
13 all public transportation providers in a public transit region to
14 submit an annual funding request directly to the authority for each
15 program for which the provider is eligible under section 10e of
16 1951 PA 51, MCL 247.660e. An authority shall evaluate all requests
17 submitted under this subsection and prepare and submit to the
18 department a single consolidated application for the public transit
19 region for each state program. An application prepared under this
20 subsection shall be submitted by the deadline established by the
21 department. An application prepared under this subsection shall
22 include the proposed dollar amount to be allocated to each public
23 transportation provider for each program. In preparing a
24 consolidated application under this subsection and determining the
25 proposed allocation to each public transportation provider, the
26 board shall consider how the allocations will contribute to each of
27 the following:

1 (a) The ability of each public transportation provider to
2 maintain current services and infrastructure.

3 (b) The effectiveness and efficiency of public transportation
4 service throughout the public transit region.

5 (c) Achieving and maintaining the public transit region's
6 transit infrastructure in a state of good repair.

7 (d) The matching federal aid for federal applications approved
8 by the board.

9 (e) The coordination of public transportation services among
10 public transportation providers in the public transit region.

11 (f) Strategic investment in a regional rolling rapid transit
12 system.

13 (g) Other factors determined appropriate by the board and
14 included in written board policies or procedures.

15 (6) Beginning on the first day of the fiscal year that begins
16 after the effective date of this act, a public transportation
17 provider shall submit the annual funding request required by
18 subsection (5) to an authority in accordance with written
19 procedures adopted by the board and at least 60 days before the
20 application deadline established by the department. A board may
21 withhold payment on current year distributions made to a public
22 transportation provider if that public transportation provider
23 fails to submit a complete annual funding request to the authority
24 at least 60 days before the application deadline established by the
25 department.

26 (7) If an award of funding by the department is less than the
27 total requested by an authority for a program, the board shall

1 adjust the allocation to each public transportation provider
2 proportionately.

3 (8) Except as provided in subsection (9), for the programs
4 provided for in section 10e of 1951 PA 51, MCL 247.660e, the
5 department shall only award funds to an authority. An authority
6 shall be responsible for distribution of funds awarded by the
7 department to public transportation providers within a public
8 transit region based on the application approved by the department.
9 An authority is responsible for monitoring and oversight of the use
10 of funds distributed under this subsection by each public
11 transportation provider in the public transit region. Upon receipt
12 of funds from the department, an authority shall distribute the
13 funds allocated to each public transportation provider in a timely
14 manner.

15 (9) For the programs provided for in section 10e of 1951 PA
16 51, MCL 247.660e, if the department approves funding to match a
17 federal award, the department may, with the concurrence of an
18 authority, award the funds directly to the public transportation
19 provider that is the federal award recipient.

20 (10) A board shall adopt procedures for the implementation of
21 subsections (1) to (6) within 90 days after the first board meeting
22 under section 6.

23 (11) In order to be eligible for a distribution under
24 subsection (8), a public transportation provider shall annually
25 submit a report by a date established by the board. The report
26 shall describe and evaluate the efforts of the public
27 transportation provider to coordinate service with other public

1 transportation providers in that public transit region. The report
2 shall include, but is not limited to, a description of the
3 successful and unsuccessful efforts of the public transportation
4 provider to do all of the following:

5 (a) Coordinate routes, schedules, fares, and points of
6 transfer.

7 (b) Provide information or services to riders that help
8 facilitate transfers from 1 public transportation provider to
9 another.

10 (c) Eliminate or reduce service overlap and duplication.

11 (12) An authority shall coordinate service overlap, rates,
12 routing, scheduling, and any other function that the authority
13 considers necessary to implement or execute the comprehensive
14 regional transit service plan between authorities, agencies, and
15 owners or operators of public transportation facilities within the
16 public transit region. An authority may issue coordination
17 directives regarding public transportation services, including, but
18 not limited to, routes, schedules, and fares. An authority shall
19 provide notice of coordination directives issued under this
20 subsection to owners and operators of public transportation
21 facilities in the public transit region. An authority may withhold
22 up to 5% of the allocation of state funding under this section from
23 a public transportation provider that fails to comply with a
24 coordination directive of the authority, as determined by the
25 board. A coordination directive issued under this subsection
26 preempts a city, village, or township provision or procedure to the
27 extent that the provision or procedure is in conflict with the

1 coordination directive.

2 Sec. 9. (1) Subject to section 7, an authority may acquire
3 property for a public transportation system by purchase,
4 construction, lease, gift, or devise, either within or without the
5 area served by the public transportation system, and may hold,
6 manage, control, sell, exchange, or lease property. An authority
7 shall comply with the laws of this state for the purpose of
8 condemnation proceedings. An authority may only utilize
9 condemnation proceedings to acquire property located within the
10 authority's public transit region.

11 (2) Except as otherwise provided in this subsection, the
12 property of an authority and its income, activities, and operations
13 are exempt from all taxes and special assessments of this state or
14 a political subdivision of this state. Property of an authority and
15 its income, activities, and operations that are leased to private
16 persons are not exempt from any tax or special assessment of this
17 state or a political subdivision of this state. Property of an
18 authority is exempt from ad valorem property taxes collected under
19 the general property tax act, 1893 PA 206, MCL 211.1 to 211.155, or
20 other law of this state authorizing taxation of real or personal
21 property.

22 (3) The property of an authority created under this act is
23 public property devoted to an essential public and governmental
24 purpose. Income of the authority is for a public and governmental
25 purpose.

26 Sec. 10. (1) An authority may raise revenues to fund all of
27 its activities, operations, and investments consistent with its

Senate Bill No. 909 as amended November 27, 2012

1 purposes. The sources of revenue available to an authority include,
2 but are not limited to, all of the following:

3 (a) Fees, fares, rents, or other charges for use of a public
4 transportation system.

5 (b) Federal, state, or local government grants, loans,
6 appropriations, payments, or contributions.

7 (c) Proceeds from the sale, exchange, mortgage, lease, or
8 other disposition of property acquired by the authority.

9 (d) Grants, loans, appropriations, payments, proceeds from
10 repayments of loans made by the authority, or contributions from
11 public or private sources.

12 (e) The proceeds of an assessment levied under subsection (2).

14 under subsection (3).

15 (g) Investment earnings on the revenues described in
16 subdivisions (a) to (f).

17 (2) An authority may levy an assessment within the public
18 transit region only as approved by the board and a majority of the
19 electors of the public transit region voting on the assessment at a
20 general << >>election held on <<the regular November election date>>
as provided in <<section 641(1)(d) of>>
21 the Michigan election law, 1954 PA 116, <<MCL 168.641>>. An
22 assessment approved by the board and a majority of electors of the
23 public transit region under this subsection shall be collected and
24 enforced in the same manner as taxes are collected and enforced
25 under the general property tax act, 1893 PA 206, MCL 211.1 to
26 211.155. When submitting a proposal on the question of authorizing
27 an assessment to be levied under this act, the ballot shall state

1 all of the following:

2 (a) The assessment rate to be authorized.

3 (b) The duration of the assessment.

4 (c) A clear statement of the purpose for the assessment.

5 (d) A clear statement indicating whether the proposed
6 assessment is a renewal of a previously authorized assessment or
7 the authorization of a new additional assessment.

8 (3) An authority may collect a motor vehicle registration tax
9 dedicated to the purpose of public transportation, if authorized
10 under the Michigan vehicle code, 1949 PA 300, MCL 257.1 to 257.923.

11 (4) An authority shall ensure that not less than 85% of the
12 money raised in each member jurisdiction through either an
13 assessment under subsection (2) or a motor vehicle registration tax
14 under subsection (3), or both, is expended on the public
15 transportation service routes located in that member jurisdiction.

16 (5) Starting in the fiscal year that begins at least 12 months
17 after the effective date of this act, an authority shall submit to
18 the department an asset management plan for all revenue vehicles
19 and facilities, major facility components, and major pieces of
20 equipment as defined by the department. An authority shall update
21 the asset management plan annually.

22 (6) After the first 12 months of operation of a rolling rapid
23 transit system, and annually thereafter, an authority shall provide
24 a report to the legislative body of each member jurisdiction
25 showing the cost of service and revenue generated in each member
26 jurisdiction.

27 Sec. 11. (1) For the purpose of acquiring, improving,

1 enlarging, or extending a public transportation system, an
2 authority may issue self-liquidating revenue bonds under the
3 revenue bond act of 1933, 1933 PA 94, MCL 141.101 to 141.140, or
4 any other act providing for the issuance of self-liquidating
5 revenue bonds. The bonds are not a general obligation of an
6 authority, but are payable solely from the revenue of a public
7 transportation system. If an authority issues self-liquidating
8 revenue bonds with a pledge of the full faith and credit of the
9 authority, those revenue bonds are subject to the revised municipal
10 finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

11 (2) An authority may borrow money and issue municipal
12 securities in accordance with, and exercise all of the powers
13 conferred upon municipalities by, the revised municipal finance
14 act, 2001 PA 34, MCL 141.2101 to 141.2821.

15 (3) All bonds, notes, or other evidence of indebtedness issued
16 by an authority, and interest on bonds, notes, or other evidence of
17 indebtedness, are free and exempt from all taxation in this state,
18 except for transfer and franchise taxes.

19 (4) The issuance of bonds, notes, or other evidence of
20 indebtedness by an authority requires approval of the board.

21 (5) An agreement entered into under this section is payable
22 from general funds of an authority or, subject to any existing
23 contracts, from any available money or revenue sources, including
24 revenues specified by the agreement, securing the bonds, notes, or
25 other evidence of indebtedness in connection with which the
26 agreement is entered into.

27 Sec. 12. (1) The revenue raised by an authority may be

1 pledged, in whole or in part, for the repayment of bonded
2 indebtedness and other expenditures issued or incurred by the
3 authority.

4 (2) A financial obligation of an authority is a financial
5 obligation of the authority only and not an obligation of this
6 state or any city or county within a public transit region. A
7 financial obligation of an authority shall not be transferred to
8 this state or any city or county within a public transit region.

9 Sec. 13. (1) An authority may acquire, own, construct,
10 furnish, equip, complete, operate, improve, and maintain a public
11 transportation system on the streets and highways of this state
12 with the approval of a local road agency or the department, on
13 terms and conditions mutually agreed to by the authority and the
14 local road agency or the department. Approval shall be embodied in
15 an operating license agreement with the authority and each local
16 road agency with operational jurisdiction over the streets and
17 highways upon which the authority operates or seeks to operate a
18 public transportation system or the department, if the department
19 has operational jurisdiction over the streets and highways upon
20 which the authority operates or seeks to operate a public
21 transportation system. A local road agency or the department shall
22 not unreasonably withhold its consent to an operating license
23 agreement, and a local road agency or the department shall
24 determine whether to consent to an operating license agreement in
25 an expeditious manner. An operating license may include provisions
26 concerning the use of dedicated lanes and a system to change
27 traffic signals in order to expedite public transportation

1 services. Any provision for use of a dedicated lane shall provide
2 that use of that dedicated lane shall be made available to
3 emergency services vehicles.

4 (2) When operating on the streets and highways of a road
5 agency, an authority is subject to rules, regulations, or
6 ordinances required to preserve operations of the streets and
7 highways and to ensure compliance with the rules and regulations of
8 the funding source used to construct and maintain the streets and
9 highways.

10 (3) An authority shall not construct a public transportation
11 system on the streets and highways of a local road agency or the
12 department until there is an operating license agreement executed
13 by the authority and the local road agency or the department.

14 (4) An authority may acquire, own, construct, furnish, equip,
15 complete, operate, improve, and maintain a public transportation
16 system on public or private rights-of-way and obtain easements when
17 necessary for the authority to acquire and use private property for
18 acquiring, owning, constructing, furnishing, equipping, completing,
19 operating, improving, and maintaining a public transportation
20 system.

21 (5) If a local road agency or the department enters into an
22 operating license agreement under this section, the local road
23 agency or the department shall not revoke the consent or deprive an
24 authority of the rights and privileges conferred without affording
25 the authority procedural due process of law.

26 Sec. 14. In the exercise of its powers under this act, an
27 authority is exempt from the motor carrier act, 1933 PA 254, MCL

1 475.1 to 479.43, 1939 PA 3, MCL 460.1 to 460.11, and the motor bus
2 transportation act, 1982 PA 432, MCL 474.101 to 474.141.

3 Sec. 15. Local zoning or land use ordinances or regulations do
4 not apply to a public transportation system or a rolling rapid
5 transit system that is planned, acquired, owned, or operated by an
6 authority under this act.

7 Sec. 16. An election or vote of the public authorized by this
8 act shall be conducted in accordance with the Michigan election
9 law, 1954 PA 116, MCL 168.1 to 168.992.

10 Sec. 17. The costs of planning, administering, constructing,
11 reconstructing, financing, and maintaining state, county, city, and
12 village roads, streets, and bridges designed primarily for the use
13 of motor vehicles using tires, including the costs of reasonable
14 appurtenances to those state, county, city, and village roads,
15 streets, and bridges, are a transportation purpose within the
16 meaning of section 9 of article IX of the state constitution of
17 1963, when such costs are to facilitate a public transportation
18 system that moves individuals or goods with vehicles using tires.

19 Sec. 18. There is appropriated to each authority created under
20 this act the sum of \$250,000.00 from the comprehensive
21 transportation fund created in section 10b of 1951 PA 51, MCL
22 247.660b, to begin implementing the requirements of this act. Any
23 portion of this amount under this section that is not expended in
24 the 2012-2013 state fiscal year shall not lapse to the general fund
25 but shall be carried forward in a work project account that is in
26 compliance with section 451a of the management and budget act, 1984
27 PA 431, MCL 18.1451a.

1 Enacting section 1. Sections 4a and 4b of the metropolitan
2 transportation authorities act of 1967, 1967 PA 204, MCL 124.404a
3 and 124.404b, are repealed.
