Senator Jacobs asked and was granted unanimous consent to make a statement and moved that the statement be printed in the Journal.

The motion prevailed.

Senator Jacobs’ statement is as follows:

I am proud to stand before you today and announce my support for the appointment of Gary Peters as the Commissioner of the Michigan Bureau of State Lottery. Mr. Peters served with distinction as a member of this chamber, as vice chair of the Committees on Natural Resources and Environmental Affairs, Judiciary, Education, and Finance. Governor Granholm has certainly made an excellent choice in selecting him to again serve the people of Michigan.

Prior to his state work, Mr. Peters was a councilman for the city of Rochester Hills. He also was employed as vice president of Investments at UBS Payne Webber Inc. and assistant vice president of Merrill Lynch in Rochester Hills.

Throughout his career, Mr. Peters has been an honorable and hardworking public servant. In his new position, his financial acumen and passion will serve our state well. I ask that my colleagues join me in supporting Mr. Peters’ nomination as the State Lottery Commissioner.

The resolution was adopted.

House Concurrent Resolution No. 14.
A concurrent resolution to memorialize the Congress of the United States to include funding for capital costs for the Mackinac Bridge in legislation reauthorizing transportation spending through the Transportation Equity Act.
Whereas, The legislation that provides the formula for the expenditure of federal funds for transportation purposes expires at the end of this fiscal year. This legislation sets priorities for the country. It represents the country's commitment to investments that are of vital importance to virtually all segments of our society; and
Whereas, The Mackinac Bridge is clearly one of the nation's most valuable transportation resources. It is a major component of our infrastructure, with benefits that extend far beyond our state. An engineering marvel spanning one of North America's critically important freshwater transportation routes, the Mackinac Bridge is a treasure not only to the proud people of Michigan, but to the entire country; and
Whereas, The Mackinac Bridge faces several costly projects in the near future. Redecking and repainting will require a financial commitment that will be beyond the level that can be supported by the current financial structure, including the current toll rates. Absorbing these costs may also threaten other components of Michigan's transportation system; and
Whereas, As policymakers identify projects that will be funded through the reauthorization of TEA-21, it is most appropriate that attention be focused on costs facing one of our most important transportation resources—the Mackinac Bridge. This treasure is clearly a worthy investment, one that serves as a vital link and as a symbol of our national strength; now, therefore, be it
Resolved by the House of Representatives (the Senate concurring), That we memorialize the Congress of the United States to include funding for capital costs for the Mackinac Bridge in legislation reauthorizing transportation spending through the Transportation Equity Act; and be it further
Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.
The House of Representatives has adopted the concurrent resolution.
Pending the order that, under rule 3.204, the concurrent resolution be referred to the Committee on Government Operations,
Senator Hammerstrom moved that the rule be suspended.
The motion prevailed, a majority of the members serving voting therefor.
The question being on the adoption of the concurrent resolution,
Senator Hammerstrom moved that the concurrent resolution be referred to the Committee on Transportation.
The motion prevailed.
Senators Olshove, Clarke, Thomas, Cherry, Cropsey and Allen were named co-sponsors of the concurrent resolution.
By unanimous consent the Senate returned to the order of General Orders

Protests

Senator George, under his constitutional right of protest (Art. 4, Sec. 18), protested against passage of Senate Bill Nos. 234, 236 and 460 and moved that the statement he made during the discussion of Senate bill No. 460 be printed as his reasons for voting “no.”

The motion prevailed.

Senator George’s statement is as follows:

I just wanted to offer an explanation for my “no” vote on this bill and a couple of the preceding bills. I just wanted to step back and give a little overview of the situation and health care as a whole in Michigan, and again, point out that there are many different elements to it. They all interrelate. It’s quite a complex environment. If you made the analogy that it’s like an ocean ecosystem with all different elements and plants and animals, Blue Cross would be the whale in the system. They’re the largest corporation domiciled in Michigan. Really what we’ve done today is find a way to feed the whale while we’ve ignored some of the other elements of the system.

Although I appreciate the hard work that members of the committee have done, and they have taken up a couple of my amendments on these bills, I am going to be voting “no” because I think in total what we’ve done is changed, altered the pact that we’ve had with Blue Cross Blue Shield for the last 23 years. It’s an important pact, whereby they were tax-exempt, but in return, they filled a special mission, a special role for us. We now are changing the rules of that game. I think we’re changing them in a way that is going to hurt commercial insurance companies and HMOs. Ultimately, it will affect the citizens of this state in the way that they receive health care.

We’ve also missed some opportunities I think. We had an opportunity here with looking at Public Act No. 350. We had an opportunity to require that Blue Cross Blue Shield at least bid on a Medicaid HMO contract—something they have chosen not to do. I can only help but wonder where would our Detroit hospitals be today had Blue Cross decided to bid and to participate with our Medicaid population. They had that option and they chose not to, and now we’re left with a fragmented HMO system in that city. Again, we hear from the Detroit hospitals about their reimbursement problems with the HMOs that we have there. How would things have been different had our benevolent and charitable insurer of last resort had chosen to play a role there?

Blue Cross has a bulletin they send out to their members, and a recent issue discusses the help they’re offering for the uninsured. To help with uninsured residents, Blue Cross Blue Shield is now offering a telephone number you can call to get a brochure on where you can find help with getting free services through county health plans or veterans’ benefits. So the way Blue Cross has helped us with dealing with the uninsured is to offer a telephone number—it’s not even a toll-free number—and a brochure that patients can use to find out where they can go elsewhere for their services.

I think we’ve missed an opportunity to refocus their mission on what’s really important. At the same time, we risk, in the bigger picture, affecting the way other carriers and other HMOs operate. Again, that may well have detrimental effects on the number of insured in Michigan or on the premiums that people pay for insurance.

I will be voting “no” on this bill as I did on two others in this package.
Senator Garcia, under his constitutional right of protest (Art. 4, Sec. 18), protested against passage of Senate Bill No. 460.

Senator Garcia’s statement is as follows:

I voted “no” on Senate Bill No. 460, even though I voted “yes” for the other bills in this package, because I was not convinced that this was the right method to deal with the issue of health care. While I commend the bill sponsors, Senator Hammerstrom and Senator Patterson, for their work, certainly their intent was very noble, and they had many good things in this bill. I had heard from many of my constituents who said that I should not support this package because it would cause their insurance rates to go up. Because of that, they might not be able to offer health insurance to many of their employees.

We need to do something about this problem of skyrocketing health care costs. Unfortunately, I was not convinced that this particular bill, and the important provisions in it, was the right avenue to go. I will continue to work with the bill sponsors and others to try and form or obtain some kind of solution that I can support. In the meantime, I just wanted to let the body know, and of course, my constituents, why I voted against this bill.

By unanimous consent the Senate proceeded to the order of
