Sec. 2. The agriculture department shall issue rules to accomplish the purposes of this act and to establish minimum standards for housing, care and handling of animals to insure the humane care and handling of animals. The rules shall be promulgated in accordance with the provisions of Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948.

History: 1969, Act 287, Eff. Mar. 20, 1970.

Administrative rules: R 285.151.1 et seq. of the Michigan Administrative Code.

287.333 License required.

Sec. 3. No person shall operate a pet shop unless he has first received a license from the department of agriculture under the provisions of this act.

History: 1969, Act 287, Eff. Mar. 20, 1970.

287.334 Application for pet shop licenses; fee; deposit; filing of completed license

application; report; “completed application” defined.

Sec. 4. (1) Applications for pet shop licenses shall be on a form as provided or made available by the director. Beginning October 1, 2003 through September 30, 2012, the director shall issue pet shop licenses for a term of 1 year beginning January 1 of each year. After September 30, 2012, the director shall issue a pet shop license upon application and payment of a license fee of \$150.00.

(2) Subject to subsection (6) and until September 30, 2012, the department shall charge a fee of \$200.00 for an initial application for a pet shop license and a fee of \$100.00 for renewal of a pet shop license.

(3) Until September 30, 2012 and except as otherwise provided for in this section, a pet shop license is renewable by submission of a completed renewal application provided or made available by the department and payment of the renewal fee described in subsection (2).

(4) The department shall deposit all license fees, inspection fees, other noncriminal fines or fees, and administrative fines received pursuant to this act into the agriculture licensing and inspection fees fund created in section 9 of the insect pest and plant disease act, 1931 PA 189, MCL 286.209, to be used, pursuant to appropriation, by the director in administering and carrying out those duties required by law under this act.

(5) Beginning July 23, 2004, the department shall issue an initial or renewal pet shop license not later than 90 days after the applicant files a completed application. Receipt of the application is considered the date the application is received by any agency or department of the state of Michigan. If the application is considered incomplete by the department, the department shall notify the applicant in writing, or make the information electronically available, within 30 days after receipt of the incomplete application, describing the deficiency and requesting the additional information. The 90-day period is tolled upon notification by the department of a deficiency until the date the requested information is received by the department. The determination of the completeness of an application does not operate as an approval of the application for the license and does not confer eligibility of an applicant determined otherwise ineligible for issuance of a license.

(6) If the department fails to issue or deny a license within the time required by this section, the department shall return the license fee and shall reduce the license fee for the applicant's next renewal application, if any, by 15%. The failure to issue a license within the time required under this subsection does not allow the department to otherwise delay the processing of the application, and that application, upon completion, shall be placed in sequence with other completed applications received at that same time. The department shall not discriminate against an applicant in the processing of the application based upon the fact that the license fee was refunded or discounted under this subsection.

(7) Beginning October 1, 2005, the director of the department shall submit a report by December 1 of each year to the standing committees and appropriations subcommittees of the senate and house of representatives concerned with agriculture issues. The director shall include all of the following information in the report concerning the preceding fiscal year:

(a) The number of initial and renewal applications the department received and completed within the 90-day time period described in subsection (5).

(b) The number of applications denied.

(c) The number of applicants not issued a license within the 90-day time period and the amount of money returned to licensees and registrants under subsection (6).

(8) As used in this section, "completed application" means an application complete on its face and submitted with any applicable licensing fees as well as any other information, records, approval, security, or similar item required by law or rule from a local unit of government, a federal agency, or a private entity but not from another department or agency of the state of Michigan. In the case of an initial application, completed application includes the completion of construction or renovation of any facility and the passing of a satisfactory inspection.

287.338a Animal control shelter or animal protection shelter; alteration of dog, cat, or ferret.

Sec. 8a. (1) Except as otherwise provided in this section, an animal control shelter or animal protection shelter shall not permit a person to adopt a dog, cat, or ferret that has not been altered, unless that person has entered into a contract for the alteration of the dog, cat, or ferret with the animal control shelter or animal protection shelter. The contract shall state that the adopting person agrees to have an alteration performed on the dog, cat, or ferret and shall otherwise comply with this section.

(2) A contract with an animal control shelter or animal protection shelter entered into pursuant to subsection (1) shall require the adopting person to have an alteration performed on the dog, cat, or ferret within 4 weeks after the adoption date if at the time of adoption the dog, cat, or ferret is 6 months of age or older. If the dog, cat, or ferret to be adopted is under 6 months of age at the time of adoption, the contract shall contain the date upon which the dog, cat, or ferret will be 6 months of age, and shall require the person adopting the dog, cat, or ferret to have an alteration performed on the dog, cat, or ferret within 4 weeks after that date. This section does not prevent a veterinarian from performing an alteration on a dog, cat, or ferret that is under 6 months of age.

(3) Upon certification by a veterinarian in writing that a dog, cat, or ferret has a serious, permanent medical or health problem that prevents an alteration, the dog, cat, or ferret adopted is not required to be altered. Upon certification by a veterinarian in writing that an alteration poses a serious, temporary medical or health problem, the alteration may be postponed. The person adopting the dog, cat, or ferret shall have it reevaluated by a veterinarian at intervals not to exceed 14 days and shall have the alteration performed no later than 7 days after a veterinarian determines that the temporary problem is resolved.

(4) Except as otherwise provided in subsection (7), a contract entered into pursuant to subsection (1) shall require the adopting person to leave with the animal control shelter or animal protection shelter, or a designee of the animal control shelter or animal protection shelter, a good faith deposit of at least \$25.00 that indicates the person's intention to have the adopted dog, cat, or ferret altered within the time provided pursuant to subsection (2). If the person fails to comply with the terms of the contract, the deposit is forfeited. The good faith deposit shall be returned to the adopting person if the adopting person submits written certification from a veterinarian of either of the following:

(a) The dog, cat, or ferret died within the time period in which the alteration was required under subsection (2).

(b) The dog, cat, or ferret has a serious, permanent medical or health problem that prevents an alteration.

(5) Money forfeited under subsection (4) shall be used by the animal control shelter or animal protection shelter to finance alterations, for public education regarding the value of having dogs, cats, and ferrets altered, or to otherwise ensure compliance with this section.

(6) If the adopting person complies with the terms of a contract entered into under subsection (1), the good faith deposit of at least \$25.00 shall be refunded by the animal control shelter, animal protection shelter, or a designee of the animal control shelter or animal protection shelter, upon submission by the adopting person of written certification by a veterinarian that the adopted dog, cat, or ferret was altered. The certificate shall include the date of alteration, the name of the owner of the dog, cat, or ferret, the description of the dog, cat, or ferret, and the signature of the veterinarian who performed the alteration.

(7) The good faith deposit under subsection (4) is not required if 1 or more of the following apply:

(a) A dog is transferred to a local, state, or federal law enforcement agency.

(b) A dog is transferred to an organization or trainer that trains guide or leader dogs for blind persons, hearing dogs for deaf or audibly impaired persons, or service dogs for physically limited persons.

(c) A dog, cat, or ferret is transferred to another animal control shelter or animal protection shelter or is transferred to a person who will transfer the animal to another animal control shelter or animal protection shelter. Before the first animal control shelter or animal protection shelter releases the animal, it shall obtain from the person to whom the animal is to be released a written statement by the second animal control shelter or animal protection shelter that it is willing to accept the animal for purposes of adoption or humane euthanasia. Promptly after receipt of the animal by the second animal control shelter or animal protection shelter, the person to whom the animal was released shall provide the first animal control shelter or animal protection shelter with a written statement by the second animal control shelter or animal protection shelter containing a description of the dog, cat, or ferret and acknowledging its receipt on a date specified in the statement.

(8) A contract entered into pursuant to subsection (1) shall include a statement that if the terms of the contract are breached because a person adopting a dog, cat, or ferret fails to have the animal altered as required in the contract, then the person agrees to pay liquidated damages of the greater of \$100.00 or actual reasonable costs incurred by the animal control shelter or animal protection shelter to enforce the contract. Immediately before a person signs the contract, a representative of the animal control shelter or animal protection shelter shall verbally direct the person's attention to the liquidated damages agreement in the contract.
