PART 2
PROVISIONS CONCERNING APPROPRIATIONS

GENERAL SECTIONS

Sec. 201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state sources under part 1 for fiscal year ending September 30, 2020 is $0.00 and total
state spending from state sources to be paid to local units of
government is $0.00.

Sec. 202. The appropriations made and expenditures authorized
under this part and part 1 and the departments, commissions,
boards, offices, and programs for which appropriations are made
under this part and part 1, are subject to the management and
budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Sec. 203. If the state administrative board, acting under
section 3 of 1921 PA 2, MCL 17.3, transfers funds from an amount
appropriated under this act, the legislature may, by a concurrent
resolution adopted by a majority of the members elected to and
serving in each house, inter-transfer funds within this act for the
particular department, board, commission, office, or institution.

Sec. 204. Funds appropriated in part 1 are subject to
applicable federal audit and reporting requirements. The state
budget director shall evaluate and monitor compliance with federal
statutes, regulations, and terms and conditions of the federal
funding. Prompt action shall be taken if instances of noncompliance
are identified, including noncompliance identified in an audit
finding. If any instance of noncompliance is identified, including
noncompliance identified in an audit finding, the state budget
director shall take necessary and immediate action to rectify it.
The state budget director shall notify the senate and house
committees on appropriations and the senate and house fiscal
agencies when an instance of noncompliance is identified.

Sec. 205. The state budget director shall report on the status
of funds appropriated in part 1, and all funds appropriated related
to the coronavirus relief effort, to the senate and house
appropriations committees and the senate and house fiscal agencies
on a biweekly basis until all funds are exhausted.

DEPARTMENT OF EDUCATION

Sec. 301. (1) From the funds appropriated in part 1 for child care rate reduction stipend, the department of education shall create a child care rate reduction stipend as an add-on to the child care relief fund grant to reduce child care costs to families. All licensed child care providers that receive grants from the child care relief fund are eligible to receive the additional child care rate reduction stipend. Providers are eligible to receive stipends to cover the months of June, July, and August in the current fiscal year and will have up to 30 days after the charged month to apply for a child care rate reduction stipend.

(2) At the time of application, licensed providers shall provide information on the amount of tuition charged to families. The department of education shall reimburse the provider up to 30% of the tuition amount charged to the family for each child cared for by the provider for the months of June, July, and August in the current fiscal year. Recipients of the child care rate reduction stipend must reduce their rates by the rate reimbursement percentage described in this section. The stipend is intended to cover that percentage of a parent's tuition, thus reducing the amount charged to the family. In addition to receiving the stipend, the provider must ensure that they have provided a 10% tuition reduction as required by the child care relief fund for each month the provider received a child care relief fund grant. The weekly rate charged to families cannot be higher than the rate charged prior to the state of emergency in March 2020.

(3) As a condition of receiving a child care relief fund
grant, child care providers are required to reduce the monthly
billed amount to the family of each child by the agreed upon 10%.
If the department of education determines that the provider did not
provide the required tuition reduction, the department of education
shall recoup the funds.

(4) The department of education shall take reasonable steps to
distribute the child care reduction stipend within 7 business days
of receiving an application from a provider unless the provider
fails to meet the requirements of this section. The department of
education shall provide notice and information to all licensed
providers on how to apply for the stipend and the requirements of
the program. The department of education shall take reasonable
steps to ensure that providers apply for a child care rate
reduction stipend. Providers shall be required to maintain all
billing and refund records for a minimum of 4 years for auditing
purposes.

(5) If the department of education fails to take reasonable
steps to distribute the stipend within 7 days to comply with
subsection (4), the state funding appropriated for office of great
start operations shall be reduced by 1%.

(6) If the funds allocated for the child care rate reduction
stipend are insufficient to fully fund payments under subsection
(2), the department of education shall prorate payments under
subsection (2).

(7) As used in this section, "licensed providers" include
licensed child care centers, licensed group homes, licensed family
homes, and disaster relief child care centers.

Sec. 302. (1) From the funds appropriated in part 1 for summer
school fund for credit recovery, the department of education shall
allocate funding statewide to districts to support summer school for credit recovery or to support fall instructional recovery programming. An instructional recovery program eligible for funding under this section is one specifically designed to enable students to catch up and resume learning that was interrupted due to the COVID-19 outbreak. Funding shall be allocated to all districts by June 30, 2020 on an equal per-pupil basis, based on the number of pupils in membership in each district in 2019-2020. A district may use funding either for a summer school program or for instructional recovery programming in the fall of 2020.

electronically. The employer of a direct care worker who has

on the number of direct care workers it employs who have elected to
not receive the wage increase authorized by this section.
