(h) Providing oversight of marihuana facilities to ensure that marihuana-infused products meet health and safety standards that protect the public to a degree comparable to state and federal standards applicable to similar food and drugs.

The need to inspect and investigate is presumed at all times. The board may delegate authority to hear, review, or rule on licensee complaints to a subcommittee of the board. To prevail on the complaint, a licensee must establish by a preponderance of the evidence that the procedures unreasonably disrupted its marihuana facility operations.

Three members of the board constitute a quorum, including when making determinations on an application for a license. Three votes are required in support of final determinations of the board on applications for licenses and all other licensing determinations, except that 4 votes are required in support of a determination to suspend or revoke a license. The board shall keep a complete and accurate record of all of its meetings and hearings. Upon order of the board, 1 of the board members or a hearing officer designated by the board may conduct any hearing provided for under this act or by rules and may recommend findings and decisions to the board. The board member or hearing officer conducting the hearing has all powers and rights regarding the conduct of hearings granted to the board under this act. The record made at the time of the hearing shall be reviewed by the board or a majority of the board, and the findings and decision of the majority of the board are the order of the board in the case.

(k) Maintaining records that are separate and distinct from the records of any other state board. The records shall be made available for public inspection subject to the limitations of this act and shall accurately reflect all board proceedings.

(l) Reviewing the patterns of marihuana transfers by the licensees under this act as recorded in a statewide database established for use in administering and enforcing this act and making recommendations to the governor and the legislature in a written annual report to the governor and the legislature and additional reports that the governor requests. The annual report shall be submitted by April 15 of each year and shall include the report required under section 702, a statement of receipts and disbursements by the board, the actions taken by the board, and any additional information and recommendations that the board considers appropriate or that the governor requests.

(m) Except as otherwise provided in this act, all information, records, interviews, reports, statements, memoranda, or other data supplied to or used by the board are subject to the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246, except for the following:

(ii) All information, records, interviews, reports, statements, memoranda, or other data supplied to or used by the board that have been received from another jurisdiction or local, state, or federal agency under a promise of confidentiality or if the release of the information is otherwise barred by the statutes, rules, or regulations of that jurisdiction or agency or by an intergovernmental agreement.

This subdivision does not apply to a criminal offense for the possession, use, manufacture, processing, or distribution of marihuana, or possession with the intent to manufacture, process, or distribute marihuana, unless the felony involved the distribution of marihuana to a minor.

(a) The department of state police shall store and retain all fingerprints submitted under this section in an automated fingerprint identification system database that searches against latent fingerprints, and provides for an automatic notification when a subsequent fingerprint is submitted into the system that matches a fingerprint previously submitted under this section or when the criminal history of an individual whose fingerprints are retained in the system is updated. Upon receiving a notification, the department of state police shall immediately notify the marijuana regulatory agency. Information in the database maintained under this subsection is confidential, is not subject to disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246, and shall not be disclosed to any person except for purposes of this act or for law enforcement purposes.

(10) The department shall notify the licensee by mail or electronic mail at the last known address on file with the marijuana regulatory agency advising of the time and procedure for paying and the amount of the regulatory assessment under section 603. The failure of the licensee to receive notice under this subsection does not relieve the licensee of the responsibility for renewing the license.

(11) If a license renewal application is not submitted by the license expiration date, the license may be renewed within 60 days after its expiration date upon application, payment of the regulatory assessment under section 603, and satisfaction of any renewal requirement and late fee set forth in rules. The licensee may continue to operate during the 60 days after the license expiration date if the license is renewed by the end of the 60-day period.

(12) License expiration does not terminate the marijuana regulatory agency's authority to impose sanctions on a licensee whose license has expired.

(13) In its decision on an application for renewal, the marijuana regulatory agency shall consider any specific written input it receives from an individual or entity within the local unit of government in which the applicant for renewal is located.

(14) A licensee must consent in writing to inspections, examinations, searches, and seizures that are permitted under this act and must provide a handwriting exemplar, fingerprints, photographs, and information as authorized in this act or by rules.

333.27407 Denial, suspension, revocation, or restriction of license.

Sec. 407. (1) If an applicant or licensee fails to comply with this act or rules, if a licensee fails to comply with the marihuana tracking act, if a licensee no longer meets the eligibility requirements for a license under this act, or if an applicant or licensee fails to provide information the board requests to assist in any investigation, inquiry, or board hearing, the board may deny, suspend, revoke, or restrict a license. The board may suspend, revoke, or restrict a license and require the removal of a licensee or an employee of a licensee for a violation of this act, rules, the marihuana tracking act, or any ordinance adopted under section 205. The board may impose civil fines of up to \$5,000.00 against an individual and up to \$10,000.00 or an amount equal to the daily gross receipts, whichever is greater, against a licensee for each violation of this act, rules, or an order of the board. Assessment of a civil fine under this subsection is not a bar to the investigation, arrest, charging, or prosecution of an individual for any other violation of this act and is not grounds to suppress evidence in any criminal prosecution that arises under this act or any other law of this state.

(2) The board shall comply with the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, when denying, revoking, suspending, or restricting a license or imposing a fine. The board may suspend a license without notice or hearing upon a determination that the safety or health of patrons or employees is jeopardized by continuing a marihuana facility's operation. If the board suspends a license under this subsection without notice or hearing, a prompt postsuspension hearing must be held to determine if the suspension should remain in effect. The suspension may remain in effect until the board determines that the cause for suspension has been abated. The board may revoke the license or approve a transfer or sale of the license upon a determination that the licensee has not made satisfactory progress toward abating the hazard.

(3) After denying an application for a license, the board shall, upon request, provide a public investigative

hearing at which the applicant is given the opportunity to present testimony and evidence to establish its suitability for a license. Other testimony and evidence may be presented at the hearing, but the board's decision must be based on the whole record before the board and is not limited to testimony and evidence submitted at the public investigative hearing.

(4) Except for license applicants who may be granted a hearing at the discretion of the board under subsection (3), any party aggrieved by an action of the board suspending, revoking, restricting, or refusing to renew a license, or imposing a fine, shall be given a hearing before the board upon request. A request for a hearing must be made to the board in writing within 21 days after service of notice of the action of the board. Notice of the action of the board must be served either by personal delivery or by certified mail, postage prepaid, to the aggrieved party. Notice served by certified mail is considered complete on the business day following the date of the mailing.

(5) The board may conduct investigative and contested case hearings; issue subpoenas for the attendance of witnesses; issue subpoenas duces tecum for the production of books, ledgers, records, memoranda, electronically retrievable data, and other pertinent documents; and administer oaths and affirmations to witnesses as appropriate to exercise and discharge the powers and duties of the board under this act. The director of the department or his or her designee may issue subpoenas and administer oaths and affirmations to witnesses.

However, the proof of financial responsibility is not required to cover bodily injuries to qualifying patients caused by the licensee or its employee or agent if the licensee or its employee or agent acted with the intent to harm.

(2) A licensee or applicant must include with its filing under subsection (1) an attestation of compliance with this section on a form approved by the marijuana regulatory agency. (b) "Bodily injury" does not include expected or intended effect or long-term adverse effect of smoking, ingestion, or consumption of marihuana or marihuana-infused product.

(a) Gives 30 days' prior written notice to the marijuana regulatory agency.

(b) Procures new proof of financial responsibility required under this section and delivers that proof to the marijuana regulatory agency within 30 days after giving the marijuana regulatory agency the notice under subdivision (a).
