House Resolution No. 209.

A resolution to declare January 31, 2016, as Omphalocele Awareness Day in the state of Michigan.

Whereas, An omphalocele is a birth defect that occurs early in pregnancy in which the abdominal wall does not close properly and some or most of the abdominal organs protrude on the outside of the fetus’s body through the umbilical cord; and

Whereas, It is estimated that a small omphalocele occurs in about 1 out of every 5,000 pregnancies and a large or giant omphalocele occurs in about 1 out of every 10,000 pregnancies; and

Whereas, An omphalocele may be isolated or may be associated with other defects or chromosomal abnormalities; and

Whereas, Despite the challenges a baby born with an omphalocele may face, many babies who are born with an omphalocele survive and go on to live happy, healthy lives; and

Whereas, Mothers of Omphaloceles, “MOOs,” is a group of parents from around the world that was created to provide hope, support, and information to families with babies diagnosed with an omphalocele; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare January 31, 2016, as Omphalocele Awareness Day in the state of Michigan. We recognize and commend the Mothers of Omphaloceles for their courageous efforts to advocate for their children.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Kelly, Canfield, Cox, Faris, Heise, Howrylak, Hughes, Lauwers, LaVoy, Maturen, Price and Webber offered the following resolution:

House Resolution No. 210.

A resolution to celebrate Catholic schools in the state of Michigan.

Whereas, The House of Representatives celebrates January 31-February 6, 2016, as Catholic Schools Week; and

Whereas, There are 53,364 students attending 228 Catholic elementary and high schools throughout our great state; and

Whereas, The Constitution of Michigan states that “Religion, morality and knowledge being necessary to good government and the happiness of mankind, schools and the means of education shall forever be encouraged”; and

Whereas, Catholic school parents pay tuition in addition to supporting public schools through their taxes; and

Whereas, Catholic schools comply with the same health, safety, and general welfare regulations required of public schools, but without compensation from the state government; and

Whereas, The viability of Catholic schools should be encouraged so that declines in Catholic school enrollment, which necessitate increases in public expenditures in the School Aid Fund, can be avoided; and

Whereas, Catholic schools instill a broad, values-based education, emphasizing the lifelong development of moral, intellectual, and social values in young people, making them responsible citizens of our state and nation; and

Whereas, Catholic schools educate many students who are non-Catholic, many students who are economically disadvantaged, and a good education remains the single best way out of poverty; and

Whereas, With their traditionally high academic standards, high graduation rates, and commitment to community service, Catholic schools and their graduates make a positive contribution to society; and

Whereas, January 31-February 6, 2016, has been designated as Catholic Schools Week, with the theme “Catholic Schools: Communities of Faith, Knowledge and Service” as denoted by the National Catholic Educational Association and the United States Conference of Catholic Bishops; and

Whereas, The common good of the state of Michigan is strengthened through the continued existence of Catholic schools; and

Whereas, Catholic schools are part of a solution to support families and to build productive lives for future generations; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body celebrate Catholic schools Week in the state of Michigan. We support the continued dedication of Catholic schools across Michigan toward academic excellence and the key role Catholic schools play in promoting and ensuring a brighter, stronger future for students; and be it further

Resolved, That a copy of this resolution be transmitted to the Michigan Catholic Conference with our highest esteem.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. LaVoy, Neeley, Darany, Moss, Chang, Plawecki, Hovey-Wright, Faris and Irwin offered the following concurrent resolution:

House Concurrent Resolution No. 21.

A concurrent resolution to urge the Governor and the Michigan Department of Environmental Quality to not seek primacy over the regulation of injection wells associated with oil and gas production and the United States Environmental Protection Agency to deny any request from the state of Michigan for primacy.

Whereas, Primacy is an arrangement in which a state agency takes over the day-to-day responsibility for administering a federal program within the state, making the state agency, not the federal agency, the primary regulatory agency. An increased burden then falls upon the state agency to ensure proper administration of federal statutes and rules; and

Whereas, Safe, clean water is an essential and basic necessity for people and agriculture; and

Whereas, Nationwide, forty percent of drinking water from groundwater sources is drawn from karst aquifers. Karst aquifers may also be tapped to provide irrigation water for our nation’s farms; and

Whereas, The United States Geological Survey has found that karst aquifers are extremely vulnerable to contamination. Fractures, fissures, and conduits in karst areas allow water to move quickly through these formations, relative to other rock formations, without natural filtering. Contamination originating from one point can move to another location miles away within a matter of days and weeks; and

Whereas, It is unsafe to permit deep injection wells used for permanent storage or disposal within karst areas. The unique nature of karst formations creates undue risk that toxic chemicals and wastes could unexpectedly and quickly move from the intended storage or disposal depth to contaminate water used for drinking and irrigation. Our freshwater resources are too valuable to place in jeopardy; and

Whereas, The Michigan Department of Environmental Quality (DEQ) has primacy over drinking water programs under the federal Safe Drinking Water Act and has shown its inability to handle responsibility for water quality in the city of Flint, illustrating a lack of efficacy and responsiveness; and

Whereas, It is irresponsible to increase the burden on an agency that has already shown an inability to comply with its current responsibilities; now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That we urge the Michigan Department of Environmental Quality to end its efforts for primacy over the regulation of Class II injection wells associated with oil and gas production under the federal Underground Injection Control Program and call on the Governor to not issue a letter requesting primacy; and be it further

Resolved, That we call on the United States Environmental Protection Agency to deny any request from the Michigan Department of Environmental Quality for primacy of the Underground Injection Control Program for Class II wells; and be it further

Resolved, That copies of this resolution be transmitted to the Governor of Michigan, the President of the United States, the Michigan Attorney General, the Director of the Michigan Department of Environmental Quality, the Administrator of the United States Environmental Protection Agency, and the Chairman of the Michigan House Standing Committee on Oversight and Ethics.

The concurrent resolution was referred to the Committee on Energy Policy.

PROCLAMATION

REQUEST FOR EXTENSION OF DECLARATION OF EMERGENCY

WHEREAS, on April 25, 2014, the water source in the City of Flint, Michigan, was switched from the Detroit water system to the Flint River. The switch to the new water source resulted in impacts to Flint's water system, particularly in areas with lead service lines or lead plumbing and fixtures in private residences. In these areas, lead leached into the water potentially exposing residents to negative health impacts; and

WHEREAS, from October 1, 2015, to this date, the County of Genesee, City of Flint, the State of Michigan, and the Federal Emergency Management Agency have taken numerous actions to cope with the situation, including but not limited to, switching back to the Detroit water system on October 16th, declaring states of emergency, activating the emergency response and recovery aspects of their emergency operations plans, marshaling and distributing required resources on a city-wide level, and issuing emergency public information and bulletins; and

WHEREAS, it is in the best interest of the state of Michigan to continue to provide resources within the city, and take appropriate measures in response to the public health emergency, to ensure that resources remain sufficient to protect public health, safety and property, and to lessen or avert the threat of more severe and long lasting impacts to the community;

NOW, THEREAFORE, I RICHARD D. SNYDER, Governor of the state of Michigan, pursuant to the Constitution of the state of Michigan and the provisions of Act No. 390 of the Public Acts of 1976, as amended, I do hereby request the legislature extend the state of emergency proclaimed on January 5, 2016 and expiring on February 1, 2016 for an additional 73 days, through April 14, 2016, in the County of Genesee and the City of Flint. This 73-day extension coincides with the current Presidential Emergency Declaration.
