Rep. Jon Hoadley, from the 60th District, offered the following invocation:

“Dear Lord,

As the proverb says, may You live in interesting times. Lord, these times certainly are interesting.

As we come together today to serve the people of Michigan, I pray for strength for our state. To our brave siblings who have risked their lives to keep us safe and healthy, to those who have endured hardships in their businesses or their jobs, to those who found their lives disrupted, Lord, we lift them up in prayer.

We are in a moment where those who do not have a heart for service will use the next few weeks and months to spread lies and fear. I ask, Lord, You give the people of our state ears to listen for truth and hearts to know our intent. Lord, please give our families strength as they are often the ones who carry the burdens of these lies most heavily. Lord, please be on our all of our hearts to remind us to carry ourselves and keep our conduct in a way that is in line with Your teachings.

As we move forward, I hope we meditate on whether we are content to merely go back to the way things were or are we willing to chart a new path forward. I pray we take time to be thankful for the time we have with family and loved ones. Take time to be grateful for the blessings in our lives. Take time to be present. Take time for enjoyment.

Keep us safe.

In Your name we pray.

Amen.”

Rep. Cole moved that Rep. Leutheuser be excused from today’s session.
The motion prevailed.

Rep. Cole moved that House Committees be given leave to meet during the balance of today’s session.
The motion prevailed.

Associate Speaker Pro Tempore Lilly called Associate Speaker Pro Tempore Hornberger to the Chair.

Motions and Resolutions

Reps. Cynthia Johnson, Tyrone Carter, Cherry, Chirkun, Crawford, Haadsma, Hammoud, Hope, Inman, Jones, Koleszar, Kuppa, Pagan, Rabhi, Rendon, Shannon, Sneller, Sowerby, Stone, Tate, Warren and Wittenberg offered the following resolution:

House Resolution No. 296.

A resolution to declare July, 22 2020, as Essential Workers Appreciation Day in the state of Michigan.

Whereas, Workers such as store clerks, cashiers, delivery drivers, maintenance staff, police officers, firefighters, cooks, postal workers, autoworkers, corrections officers, teachers, healthcare workers, truck and bus drivers, technical support, public service employees, and many others are serving a vital role in sustaining our economy and way of life during the COVID-19 pandemic; and

Whereas, The health and well-being of essential workers is placed at risk in the fulfillment of their duties so the general population may continue to have access to essential services and maintain a sense of normalcy during this global health crisis. Without them, our economy and ability to function as a society would come to a grinding halt; and

Whereas, Before the pandemic, the roles of essential workers in our communities were often overlooked and underappreciated. A sentiment displayed in a demand for long hours, low wages, and few to no personal or health benefits; and

Whereas, There have been essential workers, some who continue to lack access to personal protection equipment, who have succumbed to COVID-19 after contracting the illness while working to support themselves and their families; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare July 22, 2020, as Essential Workers Appreciation Day in the state of Michigan. We recognize and extend sincerest gratitude for the invaluable role of essential workers during the COVID-19 pandemic and beyond by recognizing and honor their hard work and sacrifice.

The question being on the adoption of the resolution,

Rep. Cynthia Johnson moved to substitute (H-1) the resolution as follows:

Substitute for House Resolution No. 296.

A resolution to declare July 22, 2020, as Essential Workers Appreciation Day in the state of Michigan.

Whereas, Workers such as store clerks, cashiers, delivery drivers, maintenance staff, police officers, firefighters, cooks, postal workers, autoworkers, corrections officers, teachers, healthcare workers, truck and bus drivers, technical support, public service employees, and many others are serving a vital role in sustaining our economy and way of life during the COVID-19 pandemic; and

Whereas, The health and well-being of essential workers is placed at risk in the fulfillment of their duties so the general population may continue to have access to essential services and maintain a sense of normalcy during this global health crisis. Without them, our economy and ability to function as a society would come to a grinding halt; and

Whereas, Before the pandemic, the roles of essential workers in our communities were often overlooked and underappreciated. A sentiment displayed in a demand for long hours, uncertainty, and seeming obscurity; and

Whereas, There have been essential workers, some who continue to lack access to personal protection equipment, who have succumbed to COVID-19 after contracting the illness while working to support themselves and their families; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare July 22, 2020, as Essential Workers Appreciation Day in the state of Michigan. We recognize and extend sincerest gratitude for the invaluable role of essential workers during the COVID-19 pandemic and beyond by recognizing and honor their hard work and sacrifice.

The motion prevailed and the substitute (H-1) was adopted, a majority of the members serving voting therefor.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Pohutsky, Sowerby, Hood, LaGrand, Rabhi, Koleszar, Witwer, Manoogian, Brixie, Stone, Bolden, Clemente, Sneller, Hammoud, Hope, Kennedy, Chirkun, Brenda Carter, Hoadley, Lasinski, Hertel, Tyrone Carter, Cherry, Haadsma, Jones, Kuppa, Pagan, Sabo, Shannon, Tate, Warren and Wittenberg offered the following resolution:

House Resolution No. 297.

A resolution to declare August 2020 as Water Quality Month in the state of Michigan.

Whereas, Water Quality Month calls attention to the fact that water is essential to our daily lives and has many uses including drinking, agriculture, recreation, and transportation which are paramount to the health and well-being of Michiganders across our great state; and

Whereas, The term "water quality" refers to the standards surrounding the use, protection, anti-degradation requirements, and monitoring policies for our waterways, aquifers, lakes, and streams. Legislators must call attention and continuously strive to implement policies which protect our water resources; and

Whereas, Michigan values our natural resources, especially our watersheds and lakes, which support our tourism, recreation, and agriculture industries. We are recognized as the Great Lakes State; and

Whereas, Water quality is monitored under the processes prescribed in the Clean Water Act and is done with local and community input through transparent processes which recognize the vital needs for access to clean water for all Michigan citizens; and

Whereas, The United States Environmental Protection Agency has designated August as National Water Quality Month, a designation which Michigan should echo and support; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare August 2020 Water Quality Month in the state of Michigan. We support the continued efforts of national, state, and local partners, and the efforts of Michigan citizens to ensure that water quality remains a focus of our natural resources policies; and be it further

Resolved, That we will continue to prioritize the health and safety of all Michiganders when developing water quality standards and policies in order to proactively prevent harm to our citizens, our natural resources, and our tourism and agriculture industries.

The question being on the adoption of the resolution,
The resolution was adopted.

Reps. Kuppa, Peterson, Wittenberg, Tyrone Carter, Cherry, Chirkun, Haadsma, Hammoud, Hope, Jones, Koleszar, Kuppa, Pagan, Rabhi, Sabo, Sneller, Sowerby, Stone, Tate, Warren and Witwer offered the following resolution:

House Resolution No. 298.

A resolution to declare August 26, 2020, as Women’s Equality Day in the state of Michigan.

Whereas, The women of the United States have designated August 26, the anniversary date of the certification of the Nineteenth Amendment which culminated a 72-year effort by women suffragettes to extend the right to vote to women, as a symbol of the continued fight for equal rights; and

Whereas, The women of the United States have historically been treated as second-class citizens and have often been denied privileges, public or private, legal or institutional; and

Whereas, The women of the United States have joined together to assure that these rights and privileges are available to all citizens equally; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare August 26, 2020, as Women’s Equality Day in Michigan. It is with great honor that we commemorate that day in 1920, on which the women of America won their right to vote, as an opportunity to continue to work for equal rights for all citizens.

The question being on the adoption of the resolution,
The resolution was adopted.

The question being on agreeing to the title of the bill,

Rep. Webber moved to amend the title to read as follows:

A bill to amend 1978 PA 368, entitled “An act to protect and promote the public health; to codify, revise, consolidate, classify, and add to the laws relating to public health; to provide for the prevention and control of diseases and disabilities; to provide for the classification, administration, regulation, financing, and maintenance of personal, environmental, and other health services and activities; to create or continue, and prescribe the powers and duties of, departments, boards, commissions, councils, committees, task forces, and other agencies; to prescribe the powers and duties of governmental entities and officials; to regulate occupations, facilities, and agencies affecting the public health; to regulate health maintenance organizations and certain third party administrators and insurers; to provide for the imposition of a regulatory fee; to provide for the levy of taxes against certain health facilities or agencies; to promote the efficient and economical delivery of health care services, to provide for the appropriate utilization of health care facilities and services, and to provide for the closure of hospitals or consolidation of hospitals or services; to provide for the collection and use of data and information; to provide for the transfer of property; to provide certain immunity from liability; to regulate and prohibit the sale and offering for sale of drug paraphernalia under certain circumstances; to provide for the implementation of federal law; to provide for penalties and remedies; to provide for sanctions for violations of this act and local ordinances; to provide for an appropriation and supplements; to repeal certain acts and parts of acts; to repeal certain parts of this act; and to repeal certain parts of this act on specific dates,” by amending section 21717 (MCL 333.21717), as amended by 2014 PA 66, and by adding sections 5145 and 21537.

The motion prevailed.

The House agreed to the title as amended.

Rep. Webber moved that the bill be given immediate effect.

The motion prevailed, 2/3 of the members serving voting therefor.

Rep. Coleman, having reserved the right to explain his protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

I cannot in good conscience support SB 956 as it fails to address significant challenges to its implementation. Nothing in this bill establishing regional hubs for nursing home eligible coronavirus positive patients takes in to account the disparity in need for beds across regions. One facility for Metro-Detroit, which has been the epicenter of Michigan’s outbreaks, when other regions with far fewer cases receive the same number of facilities is unacceptable. Our resources must be directed towards areas of need. In addition, this legislation does nothing to ensure appropriate staffing levels for the new regional facilities nor guarantee staffing can be maintained at existing nursing homes. We are tying our own hands in any future response and creating a rigid system which only creates new problems we are not prepared to address. For these reasons, I am voting no on SB 956.”

Rep. Wittenberg, having reserved the right to explain his protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

I voted no on SB 956 because this legislation fails to solve this important and complex issue, ensure our nursing home residents and patients receive the care they require in a safe and responsible manner, or protect our health care professionals, frontline and essential workers who provide invaluable service and assistance to them. Michigan’s nursing home residents and patients are among our most vulnerable citizens who often have unique medical care and living assistance needs. As our state continues to address the COVID-19 pandemic, we also must ensure all citizens, and specifically our most vulnerable populations, receive the critical care and living assistance they require in a safe environment for them as well as the health care professionals, frontline and essential workers who deliver this critical care.

As legislators, we must undertake a thoughtful, reasoned and data-driven approach to deliver long-term solutions that provide our nursing home residents and patients with the best possible care now and in the future. Here are just some of the issues with this legislation. The timeline: The plan must be finalized by August 15, and facilities have to be up and running within one month after that? We cannot rush this process! It does not provide an individual’s loved ones with notice or the ability to object to a transfer. The bill also ignores the fact that Michigan, like many other states, followed CDC and CMS guidelines when developing

its policies on protecting nursing home patients. What we need to do is collaborate with the Governor on a long-term solution to keep nursing home patients safe from the current and any future pandemics. I am currently working with my colleagues to develop a bill that will be better for our vulnerable population and our seniors. This is just window dressing and doesn't really do anything.

Even groups like Michigan Elder Justice Initiative (MEJI) and the MI Long Term Care Ombudsman Program (MLTCOP) oppose this legislation and AARP has its concerns. Lets not rush this and let's get it right."

Rep. Kuppa, having reserved the right to explain her protest against the passage of the bill, made the following statement:

"Mr. Speaker and members of the House:

Michigan's nursing home residents and patients are among our most vulnerable citizens who often have unique medical care and living assistance needs. Michigan, like many other states, followed CDC and CMS guidelines when developing its policies on protecting nursing home patients. But as our state continues to address the COVID-19 pandemic, we also must ensure all citizens, and specifically our most vulnerable populations, receive the critical care and living assistance they require in a safe environment, and protect our health care professionals, and our frontline and essential workers who provide invaluable service and assistance to them.

Legislation should be based on a thoughtful, reasoned and data-driven approach to deliver long-term solutions that provide our nursing home residents and patients with the best possible care now and in the future. The percentage of nursing home deaths in Michigan is very alarming and the policy around the placement of Covid-19 positive patients in nursing homes needs to be revised. But this is not good legislation, and would do more harm to our vulnerable populations.

I believe the bill lacks clarity and certainty in terms of how to care for this susceptible population. First, how would these new, separate facilities be funded. I have concerns over the impact a move or transfer could have on this population of citizens and that such could end up doing more harm than good. In addition, Michigan Elder Justice Initiative (MEJI) and the MI Long Term Care Ombudsman Program (MLTCOP) oppose this legislation, AARP has concerns and LeadingAge Michigan is not in support. And the bill does not provide an individual's loved ones with notice or the ability to object to a transfer.

I vote no on SB 956 because of all this, and because this legislation fails to solve this important and complex issue, and does more harm to those in our nursing homes."

Rep. Cynthia Johnson, having reserved the right to explain her protest against the passage of the bill, made the following statement:

"Mr. Speaker and members of the House:

Michigan's nursing home residents and patients are among our most vulnerable citizens who often have unique medical care and living assistance needs. As our state continues to address the COVID-19 pandemic, we also must ensure all citizens, and specifically our most vulnerable populations, receive the critical care and living assistance they require in a safe environment for them as well as the health care professionals, frontline and essential workers who deliver this critical care.

Rep. Stone, having reserved the right to explain her protest against the passage of the bill, made the following statement:

"Mr. Speaker and members of the House:

As legislators, we must undertake a thoughtful, reasoned and data-driven approach to deliver long-term solutions that provide our nursing home residents and patients with the best possible care now and in the future. I voted no on SB 956 because this legislation fails to solve this important and complex issue, ensure our nursing home residents and patients receive the care they require in a safe and responsible manner, or protect our health care professionals, frontline and essential workers who provide invaluable service and assistance to them. As a member of the Senior HUB Workgroup, I'm working collaboratively to develop policy that is driven by data and health policy to house seniors responsibly in the case of infectious disease.

Michigan’s nursing home residents and patients are among our most vulnerable citizens who often have unique medical care and living assistance needs. As our state continues to address the COVID-19 pandemic, we also must ensure all citizens, and specifically our most vulnerable populations, receive the critical care and living assistance they require in a safe environment for them as well as the health care professionals, frontline and essential workers who deliver this critical care.”

Rep. Hood, having reserved the right to explain her protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

Michigan’s nursing home residents and patients are among our most vulnerable citizens who often have unique medical care and living assistance needs. As our state continues to address the COVID-19 pandemic, we also must ensure all citizens, and specifically our most vulnerable populations, receive the critical care and living assistance they require in a safe environment for them as well as the health care professionals, frontline and essential workers who deliver this critical care.

As legislators, we must undertake a thoughtful, reasoned and data-driven approach to deliver long-term solutions that provide our nursing home residents and patients with the best possible care now and in the future.

I voted no on SB 956 because this legislation establishes unrealistic timelines, fails to solve this important and complex issue, fails to ensure our nursing home residents and patients receive the care they require in a safe and responsible manner, and fails to protect our health care professionals, frontline and essential workers who provide invaluable service and assistance to those patients.”

Rep. Tate, having reserved the right to explain his protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

It is critical as legislators that we deeply examine all approaches to deliver thoughtful long-term solutions that provide our nursing home residents and patients with the best possible care.

COVID-19 has created a variety of challenges for our society. I voted no on SB 956 because this legislation fails to solve this important and complex issue: to ensure our nursing home residents and patients receive the care they require in a safe and responsible manner, or protect our health care professionals, and frontline workers who provide invaluable service and assistance to them.”

Rep. Tyrone Carter, having reserved the right to explain his protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

I vote no on SB 956 because this legislation fails to solve the important and complex issue, ensure our nursing home residents and patients receive the care they require in a safe and responsible manner.”

Rep. Lasinski, having reserved the right to explain her protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

Michigan’s nursing home residents and patients are among our most vulnerable citizens who often have unique medical care and living assistance needs. As our state continues to address the COVID-19 pandemic, we also must ensure all citizens, and specifically our most vulnerable populations, receive the critical care and living assistance they require in a safe environment for them as well as the health care professionals, frontline and essential workers who deliver this critical care.

A bi-partisan taskforce is developing recommendations that address the needs of our seniors and many of these recommendations have been included in recent executive orders. This solution, SB 956, is flawed in its structure and ability to deliver the care that our seniors need in a way that improves their care.

We must allow the thoughtful, reasoned and data-driven bi-partisan approach to quickly deliver long-term solutions that provide our nursing home residents and patients with the best possible care now and in the future.

I voted no on SB 956 because this legislation fails to solve this important and complex issue, ensure our nursing home residents and patients receive the care they require in a safe and responsible manner, or protect our health care professionals, frontline and essential workers who provide invaluable service and assistance to them.”

Rep. Hope, having reserved the right to explain her protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

As our state continues to address the COVID-19 pandemic, we must ensure that our most vulnerable populations – like individuals in nursing facilities, many of whom are elderly – receive the critical care and

living assistance they require. And the nursing home environment must be safe for them as well as for the healthcare professionals and essential workers who care for patients and keep these facilities operating.

As legislators, we must thoughtfully create long-term solutions based on data to provide nursing home residents and patients with the best possible care during this pandemic and in the future.

I voted no on SB 956 because this legislation fails to ensure that nursing home residents and patients are cared for in a safe manner. It also fails to protect healthcare professionals and essential workers who work in nursing homes.”

Rep. Clemente, having reserved the right to explain her protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

Michigan’s nursing home residents and patients are among our most vulnerable citizens who often have unique medical care and living assistance needs. Rep. Love, having reserved the right to explain her protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

SB956 creates more problems than it solves and has numerous faults. The bill lacks foresight and is a hasty response to a problem that requires substantially more thoughtful, inclusive, holistic and comprehensive planning. While it removes positive coronavirus seniors from nursing homes, it also disenfranchises them from their family, care takers, and familiar environments in a manner that is insensitive and boarding on inhumane.

The bill also creates conflicting and unreasonable timelines:

It would require DHHS, LARA & Hospitals in ‘health care regions’ (which is undefined in the bill) to develop a plan to describe a process to ensure that by Sept. 1, 2020, there’s one ‘dedicated facility’ (which is undefined in the bill) in each of the 8 health care regions (which is undefined in the bill). At the same time and on the same date, the plan requires 8 facilities to be available for use. Again, at the same time and date, hospitals would be required to discharge ALL their coronavirus patients to these ‘dedicated facilities.’ At the same time on the same date, nursing homes must move a resident who tests positive for coronavirus to a ‘dedicated facility.’ This is improbable and impractical and dangerous!

The bill further mandates seniors (and everyone else positive for coronavirus) to be transferred to a ‘dedicated facility;’ not giving individuals a choice to recover at home or with family. All are mandated to these facilities.

Sending a senior away from their home, away from their love ones and care providers, and shipping them off to some randomly designated and isolated facility is irresponsible and unnecessary.

Further, the eight (8) ‘designated facilities’ are also problematic. Are there suitable vacant facilities available in each region to meet the needs of residents who are COVID-19 positive? How long would it take to establish and equip such facilities? How will these facilities be staffed? Given the extreme shortage of direct care workers in existing facilities, how would staff be retained to meet the needs of very ill residents in these new facilities? What would happen to the facility after the virus subsides? Further, allocating one (1) ‘designated facility’ per ‘health care region’ is not proportional to need. And it further creates access barriers.

SB956 is a political campaign rather than a reasonable and responsible response to saving the lives of Michigan’s seniors.

I strongly oppose this bill on behalf of my mother, Frances Gladden, who is a COVID-19 survivor and resident of a nursing home. I oppose this bill to save her life (and the lives of the hundreds of thousands of long term care residents and patients in Michigan). I oppose this bill to ensure that patients like my mom continue to receive quality care and not be hauled off away to some isolated island; away from familiar surroundings and family. I oppose this bill because I believe in caring for people responsibly and with

dignity. I oppose this bill because this is NOT OUR ONLY OPTION! We are actively working on bipartisan bills that will more thoughtfully, inclusively, holistically and comprehensively address the issues in nursing homes while protecting our seniors and the health care heroes who work in long term care facilities.”

Messages from the Governor

The following message from the Governor was received July 22, 2020 and read:

EXECUTIVE ORDER

No. 2020-155

**Implementation of expenditure reductions under
Section 20 of Article 5 of the Michigan Constitution of 1963**

Section 20 of Article 5 of the Michigan Constitution of 1963 provides that the Governor, with approval from the appropriating committees of the House of Representatives and the Senate, must reduce expenditures authorized by appropriations whenever it appears that actual revenues for a fiscal period will fall below the revenue estimates on which appropriations for that period were based, in accordance with procedures prescribed by law.

On the basis of written information from the State Budget Director and the State Treasurer, provided under Section 391 of The Management and Budget Act, 1984 PA 431, as amended, MCL 18.1391, it appears that actual revenues for the fiscal period beginning on October 1, 2019 and ending on September 30, 2020 will fall below the revenue estimates on which appropriations for that period were based, as determined by the Legislature as required under Section 31 of Article 4 of the Michigan Constitution of 1963.

These circumstances have caused an unanticipated loss of funding that the departments and agencies of state government do not expect to obtain or make up during the current fiscal year. As part of an overall corrective action plan to ensure actual revenues for the fiscal period will be sufficient to equal the expenditures, expenditure reductions totaling \$619,989,600.00 general fund-general purpose and \$13,379,800.00 special purpose funds are necessary.

Acting under the Michigan Constitution of 1963 and Michigan law, and contingent upon the approval of a majority of members of each appropriations committee, I order the following reductions in expenditures:

A. Portions of general fund-general purpose expenditures authorized by appropriations amounting to \$619,989,600.00 contained in the following public acts are hereby reduced. Where the expenditure reductions of general fund-general purpose appropriations in this Order reduce the restricted portions of

gross appropriations and sources of financing that will be earned, the amounts to be reduced shall be provided separately to the State Budget Director for approval and entry into the accounts.

Department	Reduction Amount
Agriculture and Rural Development	4,382,700
Attorney General	3,729,100
