

NATURAL RESOURCES AND ENVIRONMENTAL PROTECTION ACT (EXCERPT)
Act 451 of 1994

324.11511 Construction permit; approval or denial of issuance; expiration; renewal; fee; additional relevant information; conditions to issuance of construction permit for disposal area.

Sec. 11511. (1) The department shall notify the clerk of the municipality in which the disposal area is proposed to be located and the applicant of its approval or denial of an application for a construction permit within 10 days after the final decision is made.

(2) A construction permit shall expire 1 year after the date of issuance, unless development under the construction permit is initiated within that year. A construction permit that has expired may be renewed upon payment of a permit renewal fee and submission of any additional relevant information the department may require.

(3) Except as otherwise provided in this subsection, the department shall not issue a construction permit for a disposal area within a planning area unless a solid waste management plan for that planning area has been approved pursuant to sections 11536 and 11537 and unless the disposal area complies with and is consistent with the approved solid waste management plan. The department may issue a construction permit for a disposal area designed to receive ashes produced in connection with the combustion of fossil fuels for electrical power generation in the absence of an approved county solid waste management plan, upon receipt of a letter of approval from whichever county or counties, group of municipalities, or regional planning agency has prepared or is preparing the county solid waste management plan for that planning area under section 11533 and from the municipality in which the disposal area is to be located.
