

CLEAN, RENEWABLE, AND EFFICIENT ENERGY ACT (EXCERPT)
Act 295 of 2008

***** 460.1083 THIS SECTION IS AMENDED EFFECTIVE APRIL 20, 2017: See 460.1083.amended

460.1083 Energy optimization credit; grant; expiration; carrying forward excess credits.

Sec. 83. (1) One energy optimization credit shall be granted to a provider for each megawatt hour of annual incremental energy savings achieved through energy optimization.

(2) An energy optimization credit expires as follows:

(a) When used by a provider to comply with its energy optimization performance standard.

(b) When substituted for a renewable energy credit under section 27.

(c) As provided in subsection (3).

(3) If a provider's incremental energy savings in the 2008-2009 biennium or any year thereafter exceed the applicable energy optimization standard, the associated energy optimization credits may be carried forward and applied to the next year's energy optimization standard. However, all of the following apply:

(a) The number of energy optimization credits carried forward shall not exceed 1/3 of the next year's standard. Any energy optimization credits carried forward to the next year shall expire that year. Any remaining energy optimization credits shall expire at the end of the year in which the incremental energy savings were achieved, unless substituted, by an electric provider, for renewable energy credits under section 27.

(b) Energy optimization credits shall not be carried forward if, for its performance during the same biennium or year, the provider accepts a financial incentive under section 75. The excess energy optimization credits shall expire at the end of the year in which the incremental energy savings were achieved, unless substituted, by an electric provider, for renewable energy credits under section 27.

History: 2008, Act 295, Imd. Eff. Oct. 6, 2008.

Compiler's note: Enacting section 1 of Act 295 of 2008 provides: "Enacting section 1. As provided in section 5 of 1846 RS 1, MCL 8.5, this act is severable."
