(c) Funds used by this state to purchase local federal funds
 that were available to be purchased by the department as part of
 the local federal aid buyout program described in subsection (5).

4 (2) Federal aid excluded from the calculation of funding 5 allocated to programs administered by local jurisdictions in 6 subsection (1) includes, but is not limited to, congestion mitigation and air quality funds, federal bridge funds, 7 8 transportation enhancement funds, funds distributed at the 9 discretion of the United States secretary Secretary of 10 transportation, Transportation, and congressionally designated 11 funds.

The department's local federal aid buyout program shall also meet the following requirements:

7 (a) As part of the local federal aid buyout program operated 8 by the department, the department shall make available to local 9 agencies up to 80% of the eligible local federal funds allocated to 10 local agencies for the Surface Transportation Block Grant funding. 11 The department shall pay local agencies the amount of federal 12 funds, identified in the approved state transportation improvement 13 plan, as determined by the local agency, not to exceed 100% of the 14 total local agency eligible funds.

The 18 department shall make this determination before the beginning of 19 the fiscal year and shall notify all local road agencies that have 20 submitted applications for the local federal aid buyout program for 21 that fiscal year before the beginning of the fiscal year.
