House Bill 4774

Sponsor: Rep. James M. Midaugh
Committee: Conservation, Environment
& Great Lakes Affairs

Complete to 5-24-93

A SUMMARY OF HOUSE BILL 4774 AS INTRODUCED 5-12-93

Currently, the Sand Dune Protection and Management Act requires that a legislative study committee be created by the Senate Majority Leader and the Speaker of the House to report to the legislature on certain issues. House Bill 4774 would amend the act to add that, if a joint leadership agreement providing for co-speakership between Republican and Democratic members was in effect in the House of Representatives, the Co-Speakers would jointly appoint four members, two from each party, to the committee.
