Rep. Tom Pearce, from the 73rd District, offered the following invocation:

“Father, in Your word from the pen of Isaiah 40:28-31 You have written:

Do you not know? Have you not heard? The Lord is the everlasting God, the Creator of the ends of the earth. He will not grow tired or weary, and his understanding no one can fathom. He gives strength to the weary and increases the power of the weak. Even youths grow tired and weary, and young men stumble and fall; but those who hope in the Lord will renew their strength. They will soar on wings like eagles; they will run and not grow weary, they will walk and not be faint.

Father, today, may we put our hope in You. May we seek Your strength, may we seek Your discernment, may we seek Your wisdom, that we, Your chosen elected officials for this great state, may serve the people that we have been asked to serve in a way that is most honoring and pleasing. Thank You for all that You have done for us. Thank You for all that You are going to do. In Jesus’ name, Amen.”

House Resolution No. 279.

A resolution to urge the Michigan Capitol Committee to rename the 2006 Winter Holiday Tree display as the "Christmas Tree and Hanukkah Menorah Holidays Display".

Whereas, The holidays of Christmas and Hanukkah, which are celebrated late in the year, have special importance to the lives of many citizens of Michigan; and

Whereas, In observance of these holidays, a prominent display is erected on the Capitol grounds; and

Whereas, The Michigan Capitol Committee was created by 1987 PA 123 to make recommendations to the leadership of the House, the Senate, and the Governor on the maintenance of the Capitol and its grounds. This committee, which is comprised of four members of the House of Representatives appointed by the Speaker, four members of the Senate appointed by the Majority Leader, and four members from the Executive Branch appointed by the Governor, may make recommendations to the Speaker, the Majority Leader, and the Governor regarding the implementation of all permanent physical changes to be made in or on the Capitol. Under the provisions of MCL § 4.1702, "Such recommendations shall take effect 15 days after the submission to the governor, senate majority leader and speaker of the house of representatives unless rejected in writing by the governor, senate majority leader or speaker of the house of representatives"; now, therefore, be it

Resolved by the House of Representatives, That we urge the Michigan Capitol Committee to recommend to the Speaker of the House of Representatives, the Senate Majority Leader, and the Governor that the Winter Holiday Tree display be re-named the "Christmas Tree and Hanukkah Menorah Holidays Display"; and be it further

House Resolution No. 280.

A resolution to urge the Michigan Capitol Committee to recommend that a display of the Hanukkah Menorah be placed on the Capitol grounds.

Whereas, From the arrival of the first Jewish settlers in 1761 to the present day in Michigan, the Jewish community has made many positive cultural and civic contributions to the Great Lakes State; and

Whereas, The presence of this community is evident across the state of Michigan and written in its history; and

Whereas, The lives and work of Michigan Jewish citizens can be seen in architecture, the old Jewish neighborhoods of Detroit, the historic Temple Beth El, the Jewish soldiers who fought in the Civil War, and those who contribute to enhance this state with a unique cultural character; and

Whereas, The Jewish holiday of Hanukkah is an important celebration of the human spirit that is a noted contributor to Michigan civic life; and

Whereas, The Michigan Capitol Committee was created by 1987 PA 123 to make recommendations to the leadership of the House, the Senate, and the Governor on the maintenance of the Capitol and its grounds. This committee, which is comprised of four members of the House of Representatives appointed by the Speaker, four members of the Senate appointed by the Majority Leader, and four members from the Executive Branch appointed by the Governor, may make recommendations to the Speaker, the Majority Leader, and the Governor regarding the implementation of all permanent physical changes to be made in or on the Capitol. Resolved, That copies of this resolution be transmitted to the members of the Michigan Capitol Committee.

The resolution was referred to the Committee on House Oversight, Elections, and Ethics.

Reps. Baxter, Gosselin, Brandenburg, Hummel, Meyer, Nitz, Shaffer, Sheen, Stakoe, Steil and Taub offered the following resolution:

House Resolution No. 281.

A resolution to memorialize the Congress of the United States to reject the enactment of S.2611 the United States Senate's version of the comprehensive immigration reform legislation.

Whereas, Illegal immigration has been a simmering issue for years. It has recently reached a fever pitch due to reform efforts in the Congress of the United States. Some of the concerns regarding illegal immigration are that unregulated and high levels of illegal immigration hurt low-income workers by driving low-end wages down and that illegal immigration drives up the costs of education, health care, and other social services for all Americans. Americans also worry about a loss of cultural and national unity if a massive number of illegal immigrants only embrace their own language and culture and fail to assimilate; and

Whereas, The United States Senate's version of immigration reform incorporates border security measures along with guest worker programs and amnesty provisions, as opposed to the United States House's version, which primarily provides border security provisions. Under the Senate legislation, illegal immigrants who have lived in the United States for five years or more would eventually be granted citizenship if they remained employed, passed background checks, paid fines and back taxes, and enrolled in English classes. The Senate legislation would also increase the number of foreign guest workers to be admitted annually; and

Whereas, The Senate's comprehensive approach lacks the border security and law enforcement provisions necessary to protect the country from the problems related to illegal immigration. Guest worker and amnesty provisions will only encourage more illegal immigration. The Senate legislation would simply exacerbate the problems created by illegal immigration and encourage more illegal immigration; and

Whereas, The Senate bill also does nothing to reduce or slow the influx of legal immigrants into the United States. Instead, it would allow for a five-fold increase in immigrant population over 20 years. Accommodating this massive increase will require complete overhauls of the current government immigration bureaucracy and infrastructure. In addition, this change will require increased support from taxpayers to account for this massive expansion of government, now, therefore, be it

Resolved by the House of Representatives, That we memorialize the Congress of the United States to reject the enactment of S.2611, the United States Senate's version of the comprehensive immigration reform legislation; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

The resolution was referred to the Committee on Government Operations.

Reps. Kathleen Law, Accavitti, Adamini, Anderson, Bieda, Brandenburg, Brown, Byrum, Clack, Cushingberry, Espinoza, Farrah, Gillard, Gleason, Gonzales, Gosselin, Green, Hopgood, Kahn, Kolb, Lemmons, III, Lemmons, Jr., Lipsey, Marleau, McConico, Meisner, Meyer, Nitz, Palmer, Polidori, Sak, Shaffer, Sheltroun, Stakoe, Tobocman, Vagnozzi and Zelenko offered the following concurrent resolution:

House Concurrent Resolution No. 37.

A concurrent resolution to memorialize Congress to support the National Cancer Institute's plan to eliminate suffering and death from cancer by the year 2015.

Whereas, Each year more than 1.4 million Americans are diagnosed with cancer. One out of every two men and one out of every three women will be diagnosed with cancer in their lifetimes. In 1971 Congress began the battle against

cancer with enactment of the National Cancer Act and creation of the National Cancer Institute within the National Institutes of Health. The foundation laid by their foresight puts the nation in position to aggressively enter the final stages of the fight against cancer. Sixty designated cancer research centers have been established across the country by the National Cancer Institute. These Centers have the capacity to share knowledge with each other and solve problems in real time through advances in computer technology as well as work collaboratively with researchers in other disciplines, such as engineering, to develop the technologies needed to fight cancer; and

Whereas, Scientific research on the human genome and proteins have led to breakthroughs in our understanding of the molecular changes that cause cancer and differences between the same cancers in different patients. This understanding makes it possible to design therapies that target the cancer and bypass healthy tissues that will eliminate the suffering caused by collateral damage to normal tissues from chemotherapy and radiation treatment. Therapies can also be modified to account for the cancer's response to a given treatment in individual patients. Doctors believe it is within their grasp to cure or manage cancer similar to other chronic diseases that a person can live with and not necessarily die from; and

Whereas, Concurrent advances in imaging technologies and knowledge networking mean scientists and doctors will be able to see and assess the impact of treatment within days and not have to wait months or years to know the outcome. Imaging technologies now show not only the physical size, shape, and location of cancer tissue but can also show the function of the tissue. Thus, doctors may apply a treatment targeting the abnormal cells that make up the cancer tissue and be able to see within 24 to 48 hours whether the treatment is altering function in the expected way. Knowledge networking through computers in real time means scientists and doctors working across the country at the 60 centers sponsored by the National Cancer Institute can share what they have learned. This will be particularly valuable with rare forms of cancer as doctors will pool their experience with patients being treated in different centers; and

Whereas, Tremendous advances in the treatment and cure of cancer have been achieved in the past 35 years and this nation has never shied away from bold goals to advance science and technology. The Director of the National Cancer Institute has shown great leadership, enthusiasm, and optimism for being able to harness what we know and catapult the scientific and clinical communities forward through the final stage of the battle against cancer; now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That we memorialize Congress to support the National Cancer Institute's plan to eliminate suffering and death from cancer by the year 2015; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

The resolution was referred to the Committee on Government Operations.
