Father Bradley Forintos of St. Mary's Mystical Rose Church of Armada offered the following invocation:

Almighty God, recently we celebrated the 230th anniversary of our birth as a nation, and we take pride in that. To quote from our Declaration of Independence, "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty and the pursuit of happiness."

Almighty God, we are able to celebrate our independence as a nation because we recognize our dependence on You, our Creator. We pray to You, as did our forefathers, for inspiration and guidance. We pray that these Senators, guided by Your wisdom and grace, will enact legislation that upholds the truths upon which our nation and our great state of Michigan were established. And we pray for Your blessing upon them now.

I invite you, my brothers and sisters, to bow your heads and ask for God's blessing:

May the Lord bless and keep you.

May He let His face shine upon you and be gracious to you,

And give you His peace.

Amen.

The President, Lieutenant Governor Cherry, led the members of the Senate in recital of the *Pledge of Allegiance*.

Senate Bill No. 246

Senator Hammerstrom moved that Senator Goschka be excused from today's session.

The motion prevailed.

Senator Hammerstrom moved that the Committee on Health Policy be discharged from further consideration of the following bill:

House Bill No. 5492, entitled

A bill to amend 1978 PA 368, entitled "Public health code," by amending section 7457 (MCL 333.7457), as added by 1988 PA 139.

The motion prevailed, a majority of the members serving voting therefor, and the bill was placed on the order of General Orders.

Senator Hammerstrom moved that the bill be referred to the Committee on Judiciary.

The motion prevailed.

Senators Hammerstrom, Emerson and Cropsey asked and were granted unanimous consent to make statements and moved that the statements be printed in the Journal.

The motion prevailed.

Senator Hammerstrom's statement is as follows:

Today we are going to take a few minutes to acknowledge and to thank Assistant Sergeant Mike Watkins for his service. He is going to be retiring at the end of next month, so we probably will not have an opportunity to see him or we may, but we may not have an opportunity to see him after today.

Mike has actually been with the Secretary of the Senate staff for a little over five years and worked with us here in the Senate. Prior to his service here, he served as a deputy, a detective, and as well as a desk and patrol sergeant for 28 years in the Jackson County Sheriff's Department.

Mike is retiring with a combined service of more than 33 years in law enforcement. Mike, we wish you congratulations on your time with us and these years. I'm glad that you are going to be able to take some time and to retire. I hope that I am going to continue to see you. Mike lives in my district, so I have the opportunity to run into him from time to time also down in Jackson.

So we're going to wish you Godspeed and many happy years ahead. On behalf of this body, I would like to present you with a copy of the Great Seal and this has been signed by all of the members of this body. Can we stand and congratulate Mike.

Senator Emerson's statement is as follows:

I, like Senator Hammerstrom, would like to let the members know that I want to offer my congratulations and best wishes to one of my staff who is leaving. Jim Kirsch, who has worked for the Senate Democratic Caucus on our central staff for the last six and a half years, has done a wonderful job for us staffing the Judiciary Committee and the judiciary budget, as well as the Corrections budget. Jim has decided to go over to the dark side and has taken a wonderful position in the private sector. We wish him nothing but the best. He has been a terrific staff person both for me and the caucus. I appreciate all of the great work that he has done and his great sense of humor. He thinks he knows a little bit about sports, but we've disabused him of that notion. He does root for the wrong college team since he's a diehard Spartan, but we have overlooked those shortcomings and have appreciated all of the work that he has done for the Democratic Caucus and the Senate.

Jim, I have a Special Tribute that I would like to present to you on behalf of the caucus.

Senator Cropsey's statement is as follows:

I would like to also say some words about Jim Kirsch. Being the chairman of the Judiciary Committee and having been on the opposite side of the aisle, what many people may not realize is that most of the votes in the Judiciary Committee have been very bipartisan and only rarely have we had partisan votes. As a consequence, Jim has played an important part in crafting language on bills and amendments, and we're going to miss his experience.

Jim has been able to take complicated legal doctrines and bills and explain them to people in plain English. I mean, even explain them to legislators on both sides of the aisle. We appreciate that, Jim. A classic example was on the work that he did on the ultra-violent video games. Over 20 constitutional issues, as well as complicated case law, had to be factored into drafting the bills we reported, and Jim did tremendous work for his caucus and for the state of Michigan.

Jim, I just wanted to say thank you very much for your service here in the state of Michigan.

Office of Drug Control Policy

July 14, 2006

In accordance with MCL 333.7524a, I am pleased to present to the Michigan Legislature the 14th comprehensive report on asset forfeiture. Michigan's asset forfeiture program saves taxpayer money and deprives drug criminals of cash and property obtained through illegal activity. Michigan's law enforcement community has done an outstanding job of stripping drug dealers of illicit gain and utilizing these proceeds to expand and enhance drug enforcement efforts to protect our citizens.

During 2005, over \$21.6 million in cash and assets amassed by drug traffickers was forfeited and put back into the fight against drugs through the use of state and federal forfeiture laws. Extensive multi-agency teamwork is evident in this report. Considerable assets were obtained as the result of joint enforcement involving several agencies at the federal, state, and local levels.

Forfeiture funds were used to further enforce drug laws by providing resources for drug enforcement personnel, needed equipment, undercover informant and investigative costs, and matching funds to obtain federal grants. Some of the forfeited assets were also used for drug and gang prevention education programs.

I commend our law enforcement community for the tremendous job they have done and submit this report for your information and review.

Sincerely,
Donald L. Allen, Jr.
Director

Payments shall be made for the total amount of the billing by the end of the second fiscal quarter.

Sec. 205. Unless otherwise specified, the department shall use the Internet to fulfill the reporting requirements of this act. This requirement may include transmission of reports via electronic mail to the recipients identified for each reporting requirement, or it may include placement of reports on an Internet or Intranet site.

Sec. 206. The department shall provide the state budget director and the senate and house fiscal agencies with copies of the state board of education agenda and all supporting documents at the time the agenda and supporting documents are provided to state board of education members.

Sec. 207. (1) Upon receipt of the federal drug-free grant, the department shall allocate \$225,000.00 of the grant to the safe school program within the department. The safe school program shall work with local school boards, parents of enrolled students, law enforcement agencies, community leaders, and the office of drug control policy for the prevention of school violence. The safe school program shall develop and implement, and serve as coordinator of, a statewide clearinghouse for information, program development, model programs and policies, and technical assistance on school violence prevention.

(2) To accomplish its functions under this section, the safe school program shall do all of the following:

(a) Coordinate with the office of drug control policy in the department of community health to ensure that there is a meaningful linkage between the efforts under this act to provide safe schools and the initiatives undertaken through that office, including, but not limited to, school districts' safe and drug-free school plans, and to facilitate timely applications for and distribution of available grant money.

(b) Provide through the Internet the availability to and information regarding the state model policy on locker searches, the state model policy on firearm safety and awareness, and any other state or local safety policies that the office considers exemplary.

(c) Advance, promote, and encourage the awareness and use of the state police anti-violence hotline.

Sec. 208. The department shall require all public school districts to maintain complete records within the personnel file of a teacher or school employee of any disciplinary actions taken by the local school board against the teacher or employee for sexual misconduct. The records shall not be destroyed or removed from the teacher's or employee's personnel file except as required by a court order.

Sec. 209. From the funds appropriated in part 1 for information technology, departments and agencies shall pay user fees to the department of information technology for technology-related services and projects. Such user fees shall be subject to provisions of an interagency agreement between the departments and agencies and the department of information technology.

Sec. 210. Amounts appropriated in part 1 for information technology may be designated as work projects and carried forward to support technology projects under the direction of the department of information technology. Funds designated in this manner are not available for expenditure until approved as work projects under section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a.

The department shall consider and act upon the appeal within 30 days after it is submitted and shall not publish the list until after all appeals have been considered and decided.

Sec. 212. Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if competitively priced and comparable quality American goods or services, or both, are available. Preference should be given to goods or services, or both, manufactured or provided by Michigan businesses if they are competitively priced and of comparable quality.

Sec. 213. (1) A hiring freeze is imposed on the state classified civil service. State departments and agencies are prohibited from hiring any new full-time state classified civil service employees and prohibited from filling any vacant state classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from 1 position to another within a department.

(2) The state budget director may grant exceptions to this hiring freeze when the state budget director believes that the hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause loss of revenue to the state, result in the inability of the state to receive federal funds, or necessitate additional expenditures that exceed any savings from maintaining a vacancy. The state budget director shall report quarterly to the chairpersons of the senate and house of representatives standing committees on appropriations the number of exceptions to the hiring freeze approved during the previous quarter and the reasons to justify the exception.

Sec. 214. (1) Due to the current budgetary problems in this state, out-of-state travel for the fiscal year ending September 30, 2007 shall be limited to situations in which 1 or more of the following conditions apply:

(c) The travel is necessary to produce budgetary savings or to increase state revenues, including protecting existing federal funds or securing additional federal funds.

(d) The travel is necessary to comply with federal requirements.

(e) The travel is necessary to secure specialized training for staff that is not available within this state.

(f) The travel is financed entirely by federal or nonstate funds.

(2) If out-of-state travel is necessary but does not meet 1 or more of the conditions in subsection (1), the state budget director may grant an exception to allow the travel. Any exceptions granted by the state budget director shall be reported on a monthly basis to the house and senate appropriations committees.

(3) Not later than January 1 of each year, each department shall prepare a travel report listing all travel by classified and unclassified employees outside this state in the immediately preceding fiscal year that was funded in whole or in part with funds appropriated in the department's budget. The report shall be submitted to the chairs and members of the house and senate appropriations committees, the house and senate fiscal agencies, and the state budget director. The report shall include the following information:

(a) The name of each person receiving reimbursement for travel outside this state or whose travel costs were paid by this state.

(b) The destination of each travel occurrence.

(c) The dates of each travel occurrence.

(d) A brief statement of the reason for each travel occurrence.

(e) The transportation and related costs of each travel occurrence, including the proportion funded with state general fund/general purpose revenues, the proportion funded with state-restricted revenues, the proportion funded with federal revenues, and the proportion funded with other revenues.

(f) A total of all out-of-state travel funded for the immediately preceding fiscal year.

Sec. 215. The department shall not take disciplinary action against an employee for communicating with a member of the legislature or his or her staff.

Sec. 216. The director shall take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both. Each director shall strongly encourage firms with which the department contracts to subcontract with certified businesses in depressed and deprived communities for services, supplies, or both.

Sec. 217. The department shall pay within 60 days of submission the full amount of any bills submitted by the auditor general for all costs incurred by the auditor general while conducting audits of federally funded programs. The department shall expend federal funds allowable under federal law to satisfy any charges billed by the auditor general.

Sec. 708. (1) Funds included in part 1 for the felony drunk driver jail reduction and community treatment program are appropriated for and may be expended for any of the following purposes:

(a) To increase availability of treatment options to reduce drunk driving and drunk driving-related deaths by addressing the alcohol addiction of felony drunk drivers who otherwise likely would be sentenced to jail or a combination of jail and other sanctions.

(b) To divert from jail sentences or to reduce the length of jail sentences for felony drunk drivers who otherwise would have been sentenced to jail and whose recommended minimum sentence ranges under sentencing guidelines established under chapter XVII of the code of criminal procedure, 1927 PA 175, MCL 777.1 to 777.69, have upper limits of 18 months or less, through funding programs that may be used in lieu of incarceration and that increase the likelihood of rehabilitation.

(c) To provide a policy and funding framework to make additional jail space available for housing convicted felons whose recommended minimum sentence ranges under sentencing guidelines established under chapter XVII of the code of criminal procedure, 1927 PA 175, MCL 777.1 to 777.69, have lower limits of 12 months or less and who likely otherwise would be sentenced to prison, with the aim of enabling counties to meet or exceed amounts received through the county jail reimbursement program during fiscal year 2002-2003 and reducing the numbers of felons sentenced to prison.

(2) Expenditure of funds included in part 1 for the felony drunk driver jail reduction and community treatment program shall be by grant awards consistent with standards developed by a committee of the state community corrections advisory board. The chairperson of the committee shall be the board member representing county sheriffs. Remaining members of the committee shall be appointed by the chairperson of the board.

(3) In developing annual standards, the committee shall consult with interested agencies and associations. Standards developed by the committee shall include application criteria, performance objectives and measures, funding allocations, and allowable uses of the funds, consistent with the purposes specified in this section.

(4) Allowable uses of the funds shall include reimbursing counties for transportation, treatment costs, and housing felony drunk drivers during a period of assessment for treatment and case planning. Reimbursements for housing during the assessment process shall be at the rate of \$43.50 per day per offender, up to a maximum of 5 days per offender.

(5) The standards developed by the committee shall assign each county a maximum funding allocation based on the amount the county received under the county jail reimbursement program in fiscal year 2001-2002 for housing felony

drunk drivers whose recommended minimum sentence ranges under the sentencing guidelines described in subsection (1)(c) had upper limits of 18 months or less.

(6) Awards of funding under this section shall be provided consistent with the local comprehensive corrections plans developed under the community corrections act, 1988 PA 511, MCL 791.401 to 791.414. Funds awarded under this section may be used in conjunction with funds awarded under grant programs established under that act. Due to the need for felony drunk drivers to be transitioned from county jails to community treatment services, it is the intent of the legislature that local units of government utilize funds received under this section to support county sheriff departments.

(7) As used in this section, "felony drunk driver" means a felon convicted of operating a motor vehicle under the influence of intoxicating liquor or a controlled substance, or both, third or subsequent offense, under section 625(9)(c) of the Michigan vehicle code, 1949 PA 300, MCL 257.625, or its predecessor statute, punishable as a felony.

Sec. 709. (1) By April 1, 2007, the department shall report to the members of the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director on each of the following programs from the previous fiscal year:

- (a) The county jail reimbursement program.
- (b) The felony drunk driver jail reduction and community treatment program.
- (c) The alternatives to prison jail and treatment programs.
- (d) Any new initiatives to control prison population growth funded or proposed to be funded under section 105 of part 1.

(2) For each program listed under subsection (1), the report under subsection (1) shall include information on each of the following:

- (a) Program objectives and outcome measures.
- (b) Expenditures by location.
- (c) The impact on jail utilization.
- (d) The impact on prison admissions.
- (e) Other information relevant to an evaluation of the program.

CONSENT DECREES

Sec. 801. Funding appropriated in part 1 for consent decree line items is appropriated into separate control accounts created for each line item. Funding in each control account shall be distributed as necessary into separate accounts created for the purpose of separately identifying costs and expenditures associated with each consent decree.

HEALTH CARE

Sec. 901. The department shall not expend funds appropriated under part 1 for any surgery, procedure, or treatment to provide or maintain a prisoner's sex change unless it is determined medically necessary by the chief medical officer of the department.

Sec. 902. (1) As a condition of expenditure of the funds appropriated in part 1, the department shall report to the senate and house appropriations subcommittees on corrections on January 1, 2007 and July 1, 2007 the status of payments from contractors to vendors for health care services provided to prisoners, as well as the status of the contracts, and an assessment of prisoner health care quality.

(2) It is the intent of the legislature that, in the interest of providing the most efficient and cost-effective delivery of health care, local health care providers shall be considered and given the opportunity to competitively bid as vendors under future managed care contracts.

Sec. 903. It is the intent of the legislature that, with the funds appropriated in part 1 for hospital and specialty care services, the department shall ensure that local providers of ambulance services to prisoners be reimbursed within 60 days of the filing of any uncontested claim for service.

Sec. 904. (1) The department shall identify and manage prisoners who abuse the availability of medical services by obtaining transportation to off-site medical care when unnecessary or reasonably avoidable. In doing this, the department shall, when appropriate, consult with off-site medical facilities on how to accomplish this goal.

(2) By April 1, 2007, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director on its activities and progress in implementing this section.

Sec. 905. The bureau of health care services shall develop information on hepatitis C prevention and the risks associated with exposure to hepatitis C, and the health care providers shall disseminate this information verbally and in writing to each prisoner at the health screening and full health appraisal conducted at admissions, at the annual health care screening 1 week before or after a prisoner's birthday, and prior to release to the community by parole, transfer to community residential placement, or discharge on the maximum.

Sec. 906. From the funds appropriated in part 1, the department shall offer an alanine aminotransferase (ALT) test to each prisoner who has received positive parole action. An explanation of results of the test shall be provided confidentially to the prisoner prior to release on parole, and if appropriate based on the test results, the prisoner shall also be provided a recommendation to seek follow-up medical attention in the community. The test shall be voluntary; if the prisoner refuses to be tested, that decision shall not affect parole release, conditions of parole, or parole supervision.

Sec. 907. The department shall ensure that all medications for a prisoner be transported with that prisoner when the prisoner is transferred from 1 correctional facility to another.

Sec. 908. There are sufficient funds and FTEs appropriated in part 1 to provide a full complement of nurses for clinical complexes working regular pay hours, and it is the intent of the legislature that sufficient nurses be hired or retained to limit the use of overtime other-than-holiday pay.

Sec. 909. The department, in conjunction with efforts to implement the MPRI, shall cooperate with the MDCH to share data and information as they relate to prisoners being released and hepatitis C. By April 1, 2007, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director on the progress and results of its work and potential outcomes from its work with the MDCH under this section.

INSTITUTIONAL OPERATIONS

Sec. 1001. As a condition of expenditure of the funds appropriated in part 1, the department shall ensure that smoking areas are designated for use by prisoners and staff at each facility except those areas which house prisoners with special medical needs.

Sec. 1002. From the funds appropriated in part 1, the department shall allocate sufficient funds to develop a pilot children's visitation program. The pilot program shall teach parenting skills and arrange for day visitation at these facilities for parents and their children, except for the families of prisoners convicted of a crime involving criminal sexual conduct in which the victim was less than 18 years of age or involving child abuse.

Sec. 1003. The department shall prohibit prisoners access to or use of the Internet or any similar system.

Sec. 1004. Any department employee who, in the course of his or her job, is determined by a physician to have had a potential exposure to the hepatitis B virus, shall receive a hepatitis B vaccination upon request.

Sec. 1005. (1) The inmate housing fund shall be used for the custody, treatment, clinical, and administrative costs associated with the housing of prisoners other than those specifically budgeted for elsewhere in this act. Funding in the inmate housing fund is appropriated into a separate control account. Funding in the control account shall be distributed as necessary into separate accounts created to separately identify costs for specific purposes.

(2) Quarterly reports on all expenditures from the inmate housing fund shall be submitted by the department to the state budget director, the senate and house appropriations subcommittees on corrections, and the senate and house fiscal agencies.

Sec. 1006. The department shall establish a uniform rate to be paid by agencies that benefit from public work services provided by special alternative incarceration participants and prisoners.

Sec. 1007. (1) By April 1, 2007, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director on academic/vocational programs for the most recently completed appropriation year. (b) The steps the department has undertaken to improve programs and reduce waiting lists.

(c) An explanation of the value and purpose of each program, e.g., to improve employability, reduce recidivism, reduce prisoner idleness, or some combination of these and other factors.

(d) An identification of program outcomes for each academic and vocational program.

(e) An explanation of the department's plans for academic and vocational programs.

(2) By April 1, 2007, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director on the status of the department's response to the August 2005 performance audit of the prisoner education program by the office of the auditor general. The report shall include the department's status of compliance with each of the following findings:

(a) Finding 1: general educational development program coordination and best practices.

(b) Finding 2: prisoner education files.

(c) Finding 3: performance indicators.

(d) Finding 4: pre-release programs.

(e) Finding 5: prisoner education policies and procedures.

(f) Finding 6: use of educational program resources.

(g) Finding 7: maximization of federal funding.

(2) By February 1, 2007, the department shall provide the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director with statistical reports on the efficacy

of both department-provided prison general education and vocational education programs in reducing offender recidivism rates. At a minimum, the report should compare the recidivism rates of the following groups of offenders:

- (a) Offenders who completed a G.E.D. while in prison and participated in the MPRI.

- (d) Offenders who completed a vocational education program while in prison but did not participate in the MPRI.

Sec. 1009. As a condition of expending funds appropriated for academic/vocational programs under section 108 of this act, the department shall by January 31, 2007 provide a plan to increase certification rates among prisoners enrolled in general educational development (G.E.D.) programs at correctional facilities to the members of the senate and house appropriations committees, the senate and house fiscal agencies, and the state budget director. The plan shall include detailed information on certification rates for the most recent 5-year period, a comparison with prisoner certification rates in other states and a national average, and details on how the department plans to improve certification rates.

Sec. 1010. The department shall allow the Michigan Braille transcribing fund program to operate at its current location. TOTAL.....	\$	289,879,400

Sec. 202. The appropriations authorized under this act are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Sec. 203. Unless otherwise specified, a community college receiving appropriations in part 1 and the department of labor and economic growth shall use the Internet to fulfill the reporting requirements of this act. This requirement may include transmission of reports via electronic mail to the recipients identified for each reporting requirement or it may include placement of reports on an Internet or Intranet site.

Sec. 208. The department of labor and economic growth shall work collaboratively with community colleges to develop an accelerated entrepreneurship curriculum, including an associate degree, to provide students with the skills and knowledge needed for creating their own businesses. The department shall submit a report on the results of its work

with the community colleges under this section to the house and senate appropriations subcommittees on community colleges, the house and senate fiscal agencies, and the state budget director by February 1, 2007.

Sec. 209. Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if competitively priced and comparable quality American goods or services, or both, are available. Preference should be given to goods or services, or both, manufactured or provided by Michigan businesses if they are competitively priced and of comparable quality.

Sec. 210. The principal executive officer of each community college receiving appropriations in part 1 shall take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both. Each principal executive officer shall strongly encourage firms with which the community college contracts to subcontract with certified businesses in depressed and deprived communities for services or supplies, or both.

Sec. 211. (1) The money appropriated in this act is appropriated for community colleges with fiscal years ending June 30, 2007, and shall be paid out of the state treasury and distributed by the state treasurer to the respective community colleges in 11 monthly installments on the sixteenth of each month, or the next succeeding business day, beginning with October 16, 2006. Each community college shall accrue its July and August 2007 payments to its institutional fiscal year ending June 30, 2007. However, if a community college fails to submit all verified Michigan community colleges activities classification structure data for school year 2005-2006 to the department of labor and economic growth by November 1, 2006, the monthly installments shall be withheld from that community college until those data are submitted. The amount from the money appropriated in part 1 that is allocated to address the special needs of at-risk students shall be paid in full by the state treasurer by November 1, 2006. The amount distributed to a community college or department shall not exceed the net state allocation authorized by this act.

(2) Except as otherwise provided by law, each of the amounts appropriated shall be used solely for the respective purposes stated in this act. The money appropriated by this act may be used to match the cost of any available programs under the Carl D. Perkins vocational and applied technology education act of 1998, 20 USC 2301 to 2415, including local administration.

Sec. 216. (1) A community college shall pay the employer's contributions to the Michigan public school employees' retirement system created by the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1301 to 38.1408, as a condition of receiving money appropriated under this act.

(2) A community college shall not pay an employer's contribution to more than 1 retirement fund providing benefits for an employee.

Sec. 217. Money appropriated in part 1 shall not be used to pay for the construction or maintenance of a self-liquidating project. Any construction, renovation, or other capital outlay project that exceeds \$1,000,000.00 requires the approval of a use and finance statement by the joint capital outlay subcommittee (JCOS) pursuant to JCOS policy.

Sec. 220. It is the intent of the legislature that the legislature restore the infrastructure, technology, equipment, and maintenance (ITEM) funding provided in previous fiscal years.

Sec. 224. Recognizing the critical importance of education in strengthening Michigan's workforce, the legislature encourages the state's public community colleges to explore ways of increasing collaboration and cooperation with 4-year universities, particularly in the areas related to training, instruction, and program articulation.

Sec. 230. (1) A community college shall not expend money appropriated under this act to provide health care coverage for community college employees or their dependents for abortion services, other than for spontaneous abortion or to prevent the death of the woman upon whom the abortion is performed. A community college shall not approve a collective bargaining agreement or enter into any other employment contract that includes health care coverage for abortion services other than spontaneous abortion or to prevent the death of the woman upon whom the abortion is performed.

(2) If a community college expends money appropriated under this act in violation of subsection (1), the community college shall repay to this state an amount equal to the amount of money spent in violation of subsection (1).

Sec. 231. In light of sections 1, 3, and 4 of 1846 RS 83, MCL 551.1, 551.3, and 551.4, and section 1 of 1939 PA 168, MCL 551.271, the legislature intends that a community college receiving funding under this act shall not use part 1 money to extend employee benefits to the unmarried partners of the community college's employees except for pre- and post-natal costs.

Sec. 234. Community colleges shall do the following:

(a) Undertake active measures to promote equal opportunities, eliminate discrimination, and foster a diverse student body and administration among all people including, but not limited to, women, minorities, seniors, veterans, and people with disabilities.

(b) Review, analyze, and eradicate activities that may tend to discriminate.

Sec. 235. It is the intent of the legislature that a workgroup be formed to evaluate, discuss, and make recommendations for future action regarding state university admission and enrollment policies that specifically address the acceptance and application of college credits earned by students through the postsecondary enrollment options act, 1996 PA 160, MCL 388.511 to 388.524. The Michigan community college association may create and administer the workgroup and

is encouraged to include members representing university and K-12 school organizations. The workgroup shall submit a report containing its findings and recommendations to the house and senate appropriations subcommittees on community colleges, the house and senate fiscal agencies, and the state budget director by March 1, 2007.

Sec. 236. (1) It is the intent of the legislature that a workgroup be formed to evaluate, discuss, and make recommendations concerning the expansion of nursing programs at community colleges. The chairs of the house and senate community college appropriations subcommittees shall create and administer the workgroup whose members shall include members of the legislature, representatives of the Michigan community college association, and representatives of the health care industry in Michigan.

(2) The workgroup described in subsection (1) shall submit a report containing its findings and recommendations to the house and senate appropriations subcommittees on community colleges, the house and senate fiscal agencies, and the state budget director by March 1, 2007. The report of the workgroup shall include recommendations for the future funding of community colleges that would encourage the expansion of nursing programs and facilitate the implementation of the findings of the workgroup. It is the intent of the legislature that future state appropriations for community colleges appropriately fund the approved recommendations of the workgroup.

Sec. 239. The legislature intends that any executive or legislative proposal or action, subsequent to the adoption of a recommendation for appropriations for community colleges for the fiscal year ending September 30, 2007, to increase appropriations to state-supported 4-year universities in excess of the governor's original recommendation for the fiscal year ending September 30, 2007, will be accompanied by a similar action or proposal for state-supported community colleges.

Sec. 240. The legislature intends that not less than 70% of the economic development job training grant money be awarded to community colleges or a consortium of community colleges and other eligible applicants as provided in the budget that appropriated the economic development job training grant money. Further, the legislature intends that at least a portion of the total appropriation for economic development job training grants be awarded to community colleges that offer certified programs that are bureau of apprenticeship training certified. The Michigan economic development corporation shall report by November 1 of each year to the house and senate appropriations subcommittees on community colleges and the senate and house fiscal agencies the names of the community colleges awarded grant money under this section, the amount of the grants awarded, and the percentage awarded to bureau of apprenticeship training certified programs.

Sec. 241. It is the intent of the legislature that community colleges expand their current nursing education programs and increase nursing education program enrollments. This expansion may include, but is not limited to, creating partnerships with hospitals and other health care providers, expanding the focus and utilization of the nursing scholarship program, and redirecting existing institutional resources toward nursing education programs.

Sec. 242. It is the intent of the legislature that the Michigan community college association, the legislature, and other interested parties continue the discussion regarding payments in lieu of taxes, especially for those community college districts that contain significant portions of nontaxable land.

STATE AID - OPERATIONS

Sec. 301. Unless otherwise stated, all data items used in determining state aid in this act are as defined in the 2001 Manual for Uniform Financial Reporting, Michigan Public Community Colleges, which shall be the basis for reporting data, and the 2003 Activities Classification Structure Manual for Michigan Community Colleges, which shall be used to document financial needs of the community colleges.

Sec. 302. A community college shall not include in the enrollment data reported for determining state aid under this act any student credit hours or student contact hours for a student incarcerated in a Michigan penal institution. Exclusion of these students is intended to avoid the payment of state aid under this act for the same individuals for whom reimbursement is provided by the state correctional system.

Sec. 303. A community college selected for audit under section 502 whose audited activities classification structure data is significantly different than the data used to determine state aid under this act shall return any overappropriated money as provided in this subsection. The department of labor and economic growth shall compare formula computations for the audited colleges using pre- and post-audit data. If the state allocation is 2% or more than the post-audit allocation amount, the college shall return the excess money. The returned money shall be redistributed to all 28 community colleges, prorated on the base appropriations contained in part 1.

Sec. 304. (1) It is the intent of the legislature that the funding formula developed by the performance indicators task force formed pursuant to section 242 of 2005 PA 154 be used for funding distribution in future years and that the data collected and used to generate the Gast-Mathieu fairness in funding formula continue to be collected and maintained.

(2) It is the intent of the legislature that the recommendations and performance measures developed by the performance indicators task force pursuant to section 242 of 2005 PA 154 be reviewed and more fully implemented for distribution of state funding to community colleges in future years.

GRANTS

Sec. 401. (1) The community college at-risk student success program is continued. The funding shall be prorated among community colleges based on the number of student contact hours for developmental and preparatory

instruction reported by each community college to the department of labor and economic growth pursuant to the 2003 Activities Classification Structure Manual for Michigan Community Colleges. Of the amount appropriated in part 1 for the at-risk student success program, \$1,120,000.00 is allocated for base grants of \$40,000.00 each, to address the special needs of at-risk students at community colleges or the acquisition or upgrade of technology-related equipment and software.

On-site visits, evaluations, audits, and similar activities conducted to comply with the state plan approved by the United States department of education under the Perkins act shall be limited to those necessary to meet the requirements of the state plan.

(2) In developing and implementing audit and reporting requirements, including those included in current and proposed state plans under the Perkins act, the department of labor and economic growth shall consult with community colleges, the legislative auditor general, and independent auditors in an effort to coordinate activities and minimize duplication of audit and reporting requirements imposed on community colleges.

(3) At least 30 days before submission of a new state plan to the United States department of education for approval under the Perkins act, the department of labor and economic growth shall provide copies of the proposed plan to the members of the senate and house appropriations subcommittees on community colleges for their review and comment. TOTAL	\$ 3,759,100

Sec. 202. The appropriations authorized under this act are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Sec. 208. Unless otherwise specified, the institutions of higher education receiving appropriations in part 1 shall use the Internet to fulfill the reporting requirements of this act. This requirement may include transmission of reports via electronic mail to the recipients identified for each reporting requirement, or it may include placement of reports on an Internet or Intranet site.

Sec. 209. Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if competitively priced and of comparable quality American goods and services, or both, are available. Preference should be given to goods or services, or both, manufactured or provided by Michigan businesses if they are competitively priced and of comparable value.

Sec. 212. (1) The funds appropriated in part 1 to state institutions of higher education shall be paid out of the state treasury and distributed by the state treasurer to the respective institutions in 11 equal monthly installments on the sixteenth of each month, or the next succeeding business day, beginning with October 16, 2006. Except for Wayne State University, each institution shall accrue its July and August 2007 payments to its institutional fiscal year ending June 30, 2007.

(2) All universities shall submit higher education institutional data inventory (HEIDI) data and associated financial and program information requested by and in a manner prescribed by the state budget director. For universities with fiscal years ending June 30, 2006, these data shall be submitted to the state budget director by October 15, 2006. Universities with a fiscal year ending September 30, 2006 shall submit preliminary HEIDI data by November 15, 2006 and final data by December 15, 2006. (3) A detailed description of procedures utilized to arrive at the amounts appropriated in part 1 shall be submitted to each institution by the senate and house fiscal agencies.

Sec. 213. Funds received by the state from the federal government or private sources for the use of a college or university are appropriated for the purposes for which they are provided. GRANTS AND FINANCIAL AID

Sec. 301. (1) Payments of the amounts included in part 1 for the state competitive scholarship program shall be distributed pursuant to 1964 PA 208, MCL 390.971 to 390.981.

(2) The Michigan higher education assistance authority shall implement a proportional competitive scholarship maximum award level for recipients enrolled less than full-time in a given semester or term.

(3) If a student who receives an award under this section has his or her tuition and fees paid under the Michigan educational trust program, pursuant to the Michigan education trust act, 1986 PA 316, MCL 390.1421 to 390.1442, and still has financial need, the funds awarded under this section may be used for educational expenses other than tuition and fees.

(4) If the Michigan higher education assistance authority increases the maximum award per eligible student from that provided in the previous fiscal year, it shall not have the effect of reducing the number of eligible students receiving awards in relation to the total number of eligible applicants. Any increase in the maximum grant shall be proportional for all eligible students receiving awards.

(5) Students who receive aid under 1964 PA 208, MCL 390.971 to 390.981, shall be awarded scholarships on the basis of merit and financial need. Veterans administration benefits shall not be considered in determining eligibility under 1964 PA 208, MCL 390.971 to 390.981.

Sec. 302. (1) The amounts appropriated in part 1 for the state tuition grant program shall be distributed pursuant to 1966 PA 313, MCL 390.991 to 390.997a.

(3) The Michigan higher education assistance authority shall determine an actual maximum tuition grant award per student, which shall be no less than \$2,000.00, that ensures that the aggregate payments for the tuition grant program do not exceed the appropriation contained in part 1 for the state tuition grant program. If the authority determines that insufficient funds are available to establish a maximum award amount of \$2,000.00, the authority shall immediately report to the house and senate appropriations subcommittees on higher education, the house and senate fiscal agencies, and the state budget director, regarding the estimated amount of additional funds necessary to establish a \$2,000.00 maximum award amount. By December 15, 2006, and again by February 1, 2007, the authority shall analyze the status of award commitments, shall make any necessary adjustments, and shall confirm that those award commitments will not exceed the appropriation contained in part 1 for the tuition grant program. The determination and actions shall be reported to the state budget director and the house and senate fiscal agencies no later than February 15, 2007. If award adjustments are necessary, the students shall be notified of the adjustment by the third Monday in February.

(4) Any unexpended and unencumbered funds remaining on September 30, 2007 from the amounts appropriated in part 1 for the tuition grant program shall not lapse on September 30, 2007, but shall continue to be available for expenditure for tuition grants provided in the 2007-2008 fiscal year. The use of these unexpended fiscal year 2006-2007 funds shall terminate at the end of the 2007-2008 fiscal year.

(5) The Michigan higher education assistance authority shall continue a proportional tuition grant maximum award level for recipients enrolled less than full-time in a given semester or term.

(6) If the Michigan higher education assistance authority increases the maximum award per eligible student from that provided in the previous fiscal year, it shall not have the effect of reducing the number of eligible students receiving awards in relation to the total number of eligible applicants. Any increase in the maximum grant shall be proportional for all eligible students receiving awards for fiscal year 2006-2007.

(7) All Ferris State University students enrolled at Kendall College of Art and Design prior to January 1, 2001 who were qualified for the state tuition grant shall continue to receive the dollar amount of the state tuition grant for which they were eligible until they graduate or are no longer enrolled in the Kendall College of Art and Design at Ferris State University.

Sec. 303. (1) Included in the appropriation in part 1 is funding for the Michigan work-study program established under 1986 PA 288, MCL 390.1371 to 390.1382, and 1986 PA 303, MCL 390.1321 to 390.1332. An effort should be made by each institution participating in the Michigan work-study program to assure that not less than 10% of those undergraduate, graduate, and professional students eligible to participate in the program are placed with for-profit employers no later than December 31 of each year for which funding is provided under this act.

(2) The Michigan higher education assistance authority shall allocate funds to institutions eligible for work-study money based upon each institution's specific Pell grant index and each institution's utilization rate of work-study funds for the 3 most recent years for which statistics are available.

Allocation adjustments shall be based on criteria set by the authority prior to making the allocations under subsection (2).

To be consistent with federal requirements, student wages may be taken into consideration when determining the amount of the award.

Sec. 310. (9) Each institution shall ensure that all known available restricted grants for tuition and fees are used prior to billing the tuition incentive program for any portion of a student's tuition and fees.

(10) The department shall ensure that the tuition incentive program is well publicized and that potentially eligible Medicaid clients are provided information on the program. The department shall provide the necessary funding and staff to fully operate the program.

Sec. 311. To enable the legislature and the state budget director to evaluate the appropriation needs of higher education, each independent college and university shall make available to the legislature or state budget director, upon request, data regarding grants for the preceding, current, and ensuing fiscal years.

Sec. 312. From the funds appropriated in part 1 for nursing scholarship and grant programs, the Michigan higher education assistance authority shall administer any nursing scholarship or nursing school grant programs authorized under the Michigan nursing scholarship act, 2002 PA 591, MCL 390.1181 to 390.1189. The Michigan higher education assistance authority shall include a master's degree in a nursing program as eligible for the funds appropriated in part 1 for nursing scholarship and grant programs. An individual receiving a scholarship for a master's degree in a nursing program is subject to the same employment, repayment, and other obligations imposed on nursing scholarship recipients under the Michigan nursing scholarship act, 2002 PA 591, MCL 390.1181 to 390.1189.

Sec. 313. (1) The funds appropriated in part 1 for the Michigan leadership, education and development initiative (MiLEAD) shall be used to provide grants to higher education institutions for residential programs for at-risk youth to provide them with college credits while they perform conservation-based community service.

(2) MiLEAD grants of up to \$1,000,000.00 each may be awarded by the Michigan department of natural resources to Michigan public community colleges, Michigan public universities, and Michigan independent, nonprofit degree-granting colleges and universities to provide 1-year residency programs. The college or university shall identify critical conservation projects that provide MiLEAD participants with a paid work experience and provide participants with necessary remedial course work and additional education opportunities resulting in college credit.

(3) Each college or university receiving a MiLEAD grant shall document the educational, work, and life skills outcomes for each MiLEAD participant and provide an annual report to the Michigan department of natural resources in a form specified by the department.

Sec. 314. By December 1 of each year, the Michigan higher education assistance authority shall submit a report to the state budget director, the house and senate appropriations subcommittees on higher education, and the house and

senate fiscal agencies for the preceding fiscal year on the children of veterans tuition grant program. The report shall include, but is not limited to, the total number of tuition grants paid by the authority in the preceding fiscal year, the total dollar amount of those tuition grants, and the number of students receiving tuition grants and the total amount of those tuition grants at each eligible institution.

STATE UNIVERSITIES

Sec. 402. The University of Michigan biological station at Douglas Lake in Cheboygan County is regarded as a unique resource and is designated as a special research reserve. It is the intent of the legislature to protect and preserve the unique long-term research value and capabilities of the biological station area and Douglas Lake. The legislature further intends that no state programs or policies be developed that would have a deleterious impact on the research value of Douglas Lake.

Sec. 405. The funds appropriated in part 1 for higher education database modernization and conversion shall be expended to maintain, coordinate, and improve the higher education institutional data inventory (HEIDI) established under section 1299 of the management and budget act, 1984 PA 431, MCL 18.1299. The advisory committee established under that section shall meet regularly to review data definitions and requirements in order to advise the state budget director regarding changes to those definitions and requirements that would result in more useful and reliable data being provided to state policymakers and university officials.

Sec. 418. (1) The amounts appropriated for state university operations under sections 102 to 116 were based on the funding model calculations described in this section.

(2) The total funds initially allocated under the funding model were equal to \$1,448,228,700.00. From this amount, the following percentages were allocated to the following components:

- (a) 37.5% to an enrollment-based component.
- (b) 37.5% to a degree-based component.
- (c) 25.0% to a research-based component.

(3) Under the enrollment-based component, each state university received a funding amount per resident, or nonresident undergraduate, fiscal-year-equated student and a funding amount per nonresident graduate fiscal-year-equated student, based on fiscal year 2004-2005 data reported to the higher education institutional data inventory (HEIDI). The amount per nonresident graduate student was set at 75.0% of the amount per resident, or nonresident undergraduate, student. Those amounts were calculated so that total enrollment-based funding to all state universities was equal to the funds allocated to this component.

(4) Under the degree-based component, each state university received a funding amount per degree completion based on fiscal year 2004-2005 data reported to the integrated postsecondary education data system and subsequently included in HEIDI. Degree completions resulting solely from instructional activity occurring outside the state were excluded from the data utilized in the funding model. The base funding amount was multiplied, in sequence, by weights that vary by the academic level and program category of the degree. The base funding amount for a bachelor's degree in a general field was calculated so that total degree-based funding was equal to the funds allocated to this component. The weights were as follows:

(a) Academic level:

- (i) 0.25 for an associate's degree.
- (ii) 1.00 for a bachelor's degree.
- (iii) 0.25 for a master's or doctoral degree.
- (iv) 0.50 for a professional degree.

(b) Program category:

- (i) 1.00 for a degree in a general area.
- (ii) 2.00 for a degree in a natural science- or math-related area or an education degree in a math-, science-, technical-, or special education-related subarea.
- (iii) 4.00 for a degree in an engineering- or technology-related area.
- (iv) 4.00 for a degree in a health-related area.

(5) Under the research-based component, each state university received funds based on a percentage of science- and engineering-related obligations awarded to that state university by the federal government based on the average of fiscal year 2001-2002 and fiscal year 2002-2003 data reported by the national science foundation based on a survey of federal agencies. For a university subject to section 418(7) of article 8 of 2005 PA 154, the intent stated in section 418(7) of article 8 of 2005 PA 154 was recognized by increasing the amount of the university's federal obligations effectively matched in the fiscal year 2005-2006 funding model by the percentage increase in the university's average obligations for fiscal years 2001-2002 and 2002-2003 from the average obligations for fiscal years 2000-2001 and 2001-2002. The percentage of federal obligations matched under the funding model was calculated so that total research-based funding was equal to the funds allocated to this component.

(6) The initial funding amount for each state university was calculated by adding the amounts calculated under each of the 3 funding model components under subsection (2). To determine the final funding amount for each state university under the funding model, positive differences from the fiscal year 2005-2006 enacted funding amount for each

university were limited to 2.9%. Universities with negative differences from fiscal year 2005-2006 enacted funding amounts were held harmless.

(7) It is the intent of the legislature to continue to gather information and review performance indicators that better reflect the uniqueness of each state university's mission, which include, but are not limited to, the distinct missions of research institutions, institutions with medical schools, institutions that offer specialized programs, and institutions that serve geographic areas in which access to postsecondary education is limited.

Sec. 426. (1) It is the legislative intent that private bookstores that sell textbooks to university students and student governments that provide a book swap for university students have accurate and timely access to lists of universities' required textbooks in order to provide prompt and efficient service for students. It is further the legislative intent that each state university allow students who are on financial aid or are receiving tuition grants to decide where to purchase their textbooks.

(2) It is the intent of the legislature that each state university that provides for the use of funds in a university-administered account or financial aid for the purchase of required textbooks and supplies at bookstores operated by or affiliated with the university also provide for the use of funds in a university-administered account or financial aid at bookstores providing required textbooks or supplies that are not operated by or affiliated with the university. A state university may require bookstores not operated by or affiliated with the university to reimburse the university for any reasonable costs attributable to these transactions and to pay a reasonable rate or commission to the university.

Sec. 433. (1) Included in part 1 is \$2,953,400.00 for the agricultural experiment station and \$2,619,000.00 for the cooperative extension service for project GREEN. Project GREEN is intended to address critical regulatory, food safety, economic, and environmental problems faced by this state's plant-based agriculture, forestry, and processing industries. "GREEN" is an acronym for generating research and extension to meet environmental and economic needs.

(2) The department of agriculture and Michigan State University, in consultation with agricultural commodity groups and other interested parties, shall develop project GREEN and its program priorities.

(3) Not later than September 30, 2007, a report shall be submitted by Michigan State University to the state budget director, the house and senate appropriations subcommittees on agriculture and on higher education, and the house and senate fiscal agencies for the preceding fiscal year regarding project GREEN projects. The report shall include, but is not limited to, the dollar amount of each project and a review of each project's performance and accomplishments.

Sec. 436. It is the intent of the legislature that if any Michigan public university increases its resident undergraduate tuition and required fees from academic year 2005-2006 to academic year 2006-2007, then that university shall increase its fiscal year 2006-2007 general fund expenditures for student financial aid by at least the same percentage as the percentage change in resident undergraduate tuition and required fees. Each public university shall report its proposed fiscal year 2006-2007 general fund expenditures for student financial aid compared to its projected fiscal year 2005-2006 general fund expenditures for student financial aid, and its projected academic year 2006-2007 resident undergraduate tuition and required fee changes from academic year 2005-2006, to the state budget director and the house and senate appropriations subcommittees on higher education by November 15, 2006.

Sec. 440. All universities shall submit the amount of tuition and fees actually charged to a full-time resident undergraduate student for academic year 2006-2007 as part of their higher education institutional data inventory (HEIDI) data by August 31, 2006. A university shall report any revisions for any semester of the reported academic year 2006-2007 tuition and fee charges to HEIDI within 15 days of being adopted.

Sec. 450. The amount allocated under part 1 for per-student floor funding is equal to \$3,775.00 per 2004-2005 fiscal-year-equated student at each university, except for Grand Valley State University due to limited state resources. The number of 2004-2005 fiscal-year-equated students at a university is determined by reference to the higher education institutional data inventory (HEIDI).

Sec. 461. From the amount appropriated in part 1 to Lake Superior State University for operations, \$100,000.00 shall be paid to Bay Mills Community College for the costs of waiving tuition for North American Indians under 1976 PA 174, MCL 390.1251 to 390.1253.

In The Chair: President

The question being on concurring in the committee recommendation to give the bill immediate effect, The recommendation was concurred in, 2/3 of the members serving voting therefor.

Senators Hardiman, George, Johnson and Cherry asked and were granted unanimous consent to make statements and moved that the statements be printed in the Journal.

The motion prevailed.

Senator Hardiman's statement is as follows:

I rise in support of the higher education budget. I would just like to add to a couple of things the previous speaker said. At a time when the state is still dealing with limited resources, there is an increase in the higher education budget. I think that's critical. Right now, with what we face in our present and in our future, the higher education budget is critical to our future. It will help to fuel our economic revival and so it is very important.

I do want to say that I've been pleased and proud to serve on the Higher Education Subcommittee for these past four years, and certainly, pleased to serve with members from both sides of the aisle. I do want to say something about Senator Johnson. She has provided great leadership on this committee. I also want to speak about Chairman Mike Goschka. He's not here today, but he has been a great leader for this area. He has been a very firm advocate. He has spoken very eloquently at times advocating for the higher education budget for all higher education institutions—not only those that are at the lowest level of funding, but all; also for those that are private institutions providing good education to Michigan residents. So I do want to thank him for his great leadership over the last four years and realizing he will not be continuing on because of term limits.

Once again, I rise in support of the higher education budget and ask for its approval.

Senator George's statement is as follows:

I rise in support of this budget as well. As a legislator representing one of our fine institutions of higher education, I want to add my voice to those who have complimented Senator Goschka, the Senator from the 32nd District, and his hard work to come up with a fair higher education budget. I'm very pleased to see the increases to our universities because, as we know, the ticket to Michigan's future lies in education. So I'm very pleased to add my support to this conference committee report.

Senator Johnson’s statement is as follows:

First, before I explain the higher education budget, I want to offer apologies from Senator Goschka. He was prevented from being here today because of a family event. He did one heck of a job on this budget. It’s the best one we’ve passed probably in the last three years, and I think he deserves our appreciation.

The higher education budget includes \$1.6 billion in appropriations, a 3 percent increase over the fiscal year 2005-06, and is the first increase in the higher education budget since 2001-02. The university operations increases are based primarily on a Senate per-student funding floor of \$3,775 and a House funding model. The universities with the highest funding increases are those universities that have historically always been at the lowest level of amounts of per-student funding, and that would be Grand Valley, Oakland, and Saginaw Valley. I’m sure you are aware of that as well. The agricultural experiment station and the cooperative extension service each received a 2 percent increase. The nursing scholarship program is expanded by \$250,000 to include a master’s degree in nursing.

This is, as I said, the best higher education budget in the last four years, and it is encouraging to know that higher education has evolved from being characterized as fat to being viewed as an economic engine of this state.

Senator Cherry’s statement, in which Senator Johnson concurred, is as follows:

Well, I have to rise also with the rest of my colleagues to say that this is the best higher education budget that I’ve seen since I’ve been here the past four years. I’m proud to be a part of the conference committee and proud of the work that was done by the chair and others who were on the committee, and also by the administration, the Governor and you, Lieutenant Governor, for the work that you did on this budget because I believe the work of the Cherry Commission has done a lot to help raise the level of investment to higher education throughout the state. So, really, the praise goes to everyone, I think, for this budget and so I want to make sure that everybody gets that praise.

Senator Hammerstrom moved that joint rule 9 be suspended to permit immediate consideration of the conference report relative to the following bill:

Senate Bill No. 1083

The motion prevailed, a majority of the members serving voting therefor.

Senator Stamas submitted the following:

FIRST CONFERENCE REPORT

The Committee of Conference on the matters of difference between the two Houses concerning

Senate Bill No. 1083, entitled

A bill to make appropriations for the department of community health and certain state purposes related to mental health, public health, and medical services for the fiscal year ending September 30, 2007; to provide for the expenditure of those appropriations; to create funds; to require and provide for reports; to prescribe the powers and duties of certain local and state agencies and departments; and to provide for disposition of fees and other income received by the various state agencies.

Recommends:

First: That the House recede from the Substitute of the House as passed by the House.

(2) The department shall not amend the medical services hospice manual in a manner that would allow hospice services to be provided without making available all comprehensive hospice services described in 42 CFR part 418.

Sec. 1653. Implementation and contracting for managed care by the department through HMOs shall be subject to the following conditions:

(a) Continuity of care is assured by allowing enrollees to continue receiving required medically necessary services from their current providers for a period not to exceed 1 year if enrollees meet the managed care medical exception criteria.

(b) The department shall require contracted HMOs to submit data determined necessary for evaluation on a timely basis.

(c) Mandatory enrollment of Medicaid beneficiaries living in counties defined as rural by the federal government, which is any nonurban standard metropolitan statistical area, is allowed if there is only 1 HMO serving the Medicaid population, as long as each Medicaid beneficiary is assured of having a choice of at least 2 physicians by the HMO.

(d) Enrollment of recipients of children's special health care services in HMOs shall be voluntary during the fiscal year.

(e) The department shall develop a case adjustment to its rate methodology that considers the costs of persons with HIV/AIDS, end stage renal disease, organ transplants, and other high-cost diseases or conditions and shall implement the case adjustment when it is proven to be actuarially and fiscally sound. Implementation of the case adjustment must be budget neutral.

Sec. 1654. Medicaid HMOs shall provide for reimbursement of HMO covered services delivered other than through the HMO's providers if medically necessary and approved by the HMO, immediately required, and that could not be reasonably obtained through the HMO's providers on a timely basis. Such services shall be considered approved if the HMO does not respond to a request for authorization within 24 hours of the request. Reimbursement shall not exceed the Medicaid fee-for-service payment for those services.

Sec. 1655. (1) The department may require a 12-month lock-in to the HMO selected by the recipient during the initial and subsequent open enrollment periods, but allow for good cause exceptions during the lock-in period.

(2) Medicaid recipients shall be allowed to change HMOs for any reason within the initial 90 days of enrollment.

Sec. 1656. (1) The department shall provide an expedited complaint review procedure for Medicaid eligible persons enrolled in HMOs for situations in which failure to receive any health care service would result in significant harm to the enrollee.

(2) The department shall provide for a toll-free telephone number for Medicaid recipients enrolled in managed care to assist with resolving problems and complaints. If warranted, the department shall immediately disenroll persons from managed care and approve fee-for-service coverage.

(3) Annual reports summarizing the problems and complaints reported and their resolution shall be provided to the house of representatives and senate appropriations subcommittees on community health, the house and senate fiscal agencies, and the state budget office.

Sec. 1657. (1) Reimbursement for medical services to screen and stabilize a Medicaid recipient, including stabilization of a psychiatric crisis, in a hospital emergency room shall not be made contingent on obtaining prior authorization from the recipient's HMO. If the recipient is discharged from the emergency room, the hospital shall notify the recipient's HMO within 24 hours of the diagnosis and treatment received.

(2) If the treating hospital determines that the recipient will require further medical service or hospitalization beyond the point of stabilization, that hospital must receive authorization from the recipient's HMO prior to admitting the recipient.

(3) Subsections (1) and (2) shall not be construed as a requirement to alter an existing agreement between an HMO and their contracting hospitals nor as a requirement that an HMO must reimburse for services that are not considered to be medically necessary.

(4) Prior to contracting with an HMO for managed care services that did not have a contract with the department before October 1, 2002, the department shall receive assurances from the office of financial and insurance services that the HMO meets the net worth and financial solvency requirements contained in chapter 35 of the insurance code of 1956, 1956 PA 218, MCL 500.3501 to 500.3580.

Sec. 1658. (1) HMOs shall have contracts with hospitals within a reasonable distance from their enrollees. If a hospital does not contract with the HMO in its service area, that hospital shall enter into a hospital access agreement as specified in the MSA bulletin Hospital 01-19.

(2) A hospital access agreement specified in subsection (1) shall be considered an affiliated provider contract pursuant to the requirements contained in chapter 35 of the insurance code of 1956, 1956 PA 218, MCL 500.3501 to 500.3580.

Sec. 1659. Sec. 1660. (1) The department shall assure that all Medicaid children have timely access to EPSDT services as required by federal law. Medicaid HMOs shall provide EPSDT services to their child members in accordance with Medicaid EPSDT policy.

(2) The primary responsibility of assuring a child's hearing and vision screening is with the child's primary care provider. The primary care provider shall provide age-appropriate screening or arrange for these tests through referrals to local health departments. Local health departments shall provide preschool hearing and vision screening services and accept referrals for these tests from physicians or from Head Start programs in order to assure all preschool children have appropriate access to hearing and vision screening. Local health departments shall be reimbursed for the cost of providing these tests for Medicaid eligible children by the Medicaid program.

(3) The department shall require Medicaid HMOs to provide EPSDT utilization data through the encounter data system, and health employer data and information set well child health measures in accordance with the National Committee on Quality Assurance prescribed methodology.

(4) The department shall require HMOs to be responsible for well child visits and maternal and infant support services as described in Medicaid policy. These responsibilities shall be specified in the information distributed by the HMOs to their members.

(5) The department shall provide, on an annual basis, budget neutral incentives to Medicaid HMOs and local health departments to improve performance on measures related to the care of children and pregnant women.

Sec. 1661. (1) The department shall assure that all Medicaid eligible children and pregnant women have timely access to MSS/ISS services. Medicaid HMOs shall assure that maternal support service screening is available to their pregnant members and that those women found to meet the maternal support service high-risk criteria are offered maternal support services. Local health departments shall assure that maternal support service screening is available for Medicaid pregnant women not enrolled in an HMO and that those women found to meet the maternal support service high-risk criteria are offered maternal support services or are referred to a certified maternal support service provider.

(2) The department shall prohibit HMOs from requiring prior authorization of their contracted providers for any EPSDT screening and diagnosis service, for any MSS/ISS screening referral, or for up to 3 MSS/ISS service visits.

(3) The department shall assure the coordination of MSS/ISS services with the WIC program, state-supported substance abuse, smoking prevention, and violence prevention programs, the department of human services, and any other state or local program with a focus on preventing adverse birth outcomes and child abuse and neglect.

Sec. 1662. (1) The department shall assure that an external quality review of each contracting HMO is performed that results in an analysis and evaluation of aggregated information on quality, timeliness, and access to health care services that the HMO or its contractors furnish to Medicaid beneficiaries.

(2) The department shall provide a copy of the analysis of the Medicaid HMO annual audited health employer data and information set reports and the annual external quality review report to the senate and house of representatives appropriations subcommittees on community health, the senate and house fiscal agencies, and the state budget director, within 30 days of the department's receipt of the final reports from the contractors.

(3) The department shall work with the Michigan association of health plans and the Michigan association for local public health to improve service delivery and coordination in the MSS/ISS and EPSDT programs.

(4) The department shall assure that training and technical assistance are available for EPSDT and MSS/ISS for Medicaid health plans, local health departments, and MSS/ISS contractors.

Sec. 1666. To increase timely repayment of the maternity case rate to health plans and reduce the need to recover revenue from hospitals, the department shall implement system changes to assure that children who are born to mothers who are Medicaid eligible and enrolled in health plans are within 30 days after birth included in the Medicaid eligibility file and enrolled in the same health plan as the mother or any other health plan designated by the mother.

Sec. 1670. (1) The appropriation in part 1 for the MICHild program is to be used to provide comprehensive health care to all children under age 19 who reside in families with income at or below 200% of the federal poverty level, who are uninsured and have not had coverage by other comprehensive health insurance within 6 months of making application for MICHild benefits, and who are residents of this state. The department shall develop detailed eligibility criteria through the medical services administration public concurrence process, consistent with the provisions of this act. Health care coverage for children in families below 150% of the federal poverty level shall be provided through expanded eligibility under the state's Medicaid program. Health coverage for children in families between 150% and 200% of the federal poverty level shall be provided through a state-based private health care program.

(2) The department may provide up to 1 year of continuous eligibility to children eligible for the MICHild program unless the family fails to pay the monthly premium, a child reaches age 19, or the status of the children's family changes and its members no longer meet the eligibility criteria as specified in the federally approved MICHild state plan.

(3) Children whose category of eligibility changes between the Medicaid and MICHild programs shall be assured of keeping their current health care providers through the current prescribed course of treatment for up to 1 year, subject to periodic reviews by the department if the beneficiary has a serious medical condition and is undergoing active treatment for that condition.

(4) To be eligible for the MICHild program, a child must be residing in a family with an adjusted gross income of less than or equal to 200% of the federal poverty level. The department's verification policy shall be used to determine eligibility.

(5) The department shall enter into a contract to obtain MICHild services from any HMO, dental care corporation, or any other entity that offers to provide the managed health care benefits for MICHild services at the MICHild capitated rate. As used in this subsection:

(a) "Dental care corporation", "health care corporation", "insurer", and "prudent purchaser agreement" mean those terms as defined in section 2 of the prudent purchaser act, 1984 PA 233, MCL 550.52.

(b) "Entity" means a health care corporation or insurer operating in accordance with a prudent purchaser agreement.

(6) The department may enter into contracts to obtain certain MICHild services from community mental health service programs.

(7) The department may make payments on behalf of children enrolled in the MICHild program from the line-item appropriation associated with the program as described in the MICHild state plan approved by the United States department of health and human services, or from other medical services line-item appropriations providing for specific health care services.

Sec. 1671. From the funds appropriated in part 1, the department shall continue a comprehensive approach to the marketing and outreach of the MICHild program. The marketing and outreach required under this section shall be coordinated with current outreach, information dissemination, and marketing efforts and activities conducted by the department.

Sec. 1673. (1) The department may establish premiums for MICHild eligible persons in families with income above 150% of the federal poverty level. The monthly premiums shall not be less than \$10.00 or exceed \$15.00 for a family.

(2) The department shall not require copayments under the MICHild program.

Sec. 1677. The MICHild program shall provide all benefits available under the state employee insurance plan that are delivered through contracted providers and consistent with federal law, including, but not limited to, the following medically necessary services:

(a) Inpatient mental health services, other than substance abuse treatment services, including services furnished in a state-operated mental hospital and residential or other 24-hour therapeutically planned structured services.

(b) Outpatient mental health services, other than substance abuse services, including services furnished in a state-operated mental hospital and community-based services.

(c) Durable medical equipment and prosthetic and orthotic devices.

(d) Dental services as outlined in the approved MICHild state plan.

(e) Substance abuse treatment services that may include inpatient, outpatient, and residential substance abuse treatment services.

(f) Care management services for mental health diagnoses.

(g) Physical therapy, occupational therapy, and services for individuals with speech, hearing, and language disorders.

(h) Emergency ambulance services.

Sec. 1680. (1) Payment increases for enhanced wages and new or enhanced employee benefits provided in previous years through the Medicaid nursing home wage pass-through program shall be continued in fiscal year 2006-2007.

(2) The department shall not implement any increase or decrease in the Medicaid nursing home wage pass-through program in fiscal year 2005-2006.

Sec. 1681. From the funds appropriated in part 1 for home- and community-based services, the department and local waiver agents shall encourage the use of family members, friends, and neighbors of home- and community-based services participants, where appropriate, to provide homemaker services, meal preparation, transportation, chore services, and other nonmedical covered services to participants in the Medicaid home- and community-based services program. This section shall not be construed as allowing for the payment of family members, friends, or neighbors for these services unless explicitly provided for in federal or state law.

Sec. 1682. (1) The department shall implement enforcement actions as specified in the nursing facility enforcement provisions of section 1919 of title XIX, 42 USC 1396r.

(2) The department is authorized to receive and spend penalty money received as the result of noncompliance with medical services certification regulations. Penalty money, characterized as private funds, received by the department shall increase authorizations and allotments in the long-term care accounts.

(3) Any unexpended penalty money, at the end of the year, shall carry forward to the following year.

Sec. 1683. The department shall promote activities that preserve the dignity and rights of terminally ill and chronically ill individuals. Priority shall be given to programs, such as hospice, that focus on individual dignity and quality of care provided persons with terminal illness and programs serving persons with chronic illnesses that reduce the rate of suicide through the advancement of the knowledge and use of improved, appropriate pain management for these persons; and initiatives that train health care practitioners and faculty in managing pain, providing palliative care, and suicide prevention.

Sec. 1684. (1) Of the funds appropriated in part 1 for the Medicaid home- and community-based services waiver program, the payment rate allocated for administrative expenses for fiscal year 2006-2007 shall continue at the rate implemented in fiscal year 2005-2006 after the \$2.00 per person per day mandated reduction.

(2) The savings realized from continuing the reduced administrative rate shall be reallocated to increase enrollment in the waiver program and to provide direct services to eligible program participants.

(3) The department shall provide a report by April 1, 2007, to the house of representatives and senate appropriations subcommittees on community health and the house and senate fiscal agencies on the number of nursing home patients discharged who are subsequently enrolled in the Medicaid home- and community-based services waiver program, and the associated cost savings.

Sec. 1685. All nursing home rates, class I and class III, must have their respective fiscal year rate set 30 days prior to the beginning of their rate year. Rates may take into account the most recent cost report prepared and certified by the preparer, provider corporate owner or representative as being true and accurate, and filed timely, within 5 months of the fiscal year end in accordance with Medicaid policy. If the audited version of the last report is available, it shall be used. Any rate factors based on the filed cost report may be retroactively adjusted upon completion of the audit of that cost report.

Sec. 1686. (1) The department shall submit a report by April 30, 2007 to the house of representatives and senate appropriations subcommittees on community health and the house and senate fiscal agencies on the progress of 4 Medicaid long-term care single point of entry services pilot projects. The department shall also submit a final plan to the house of representatives and senate subcommittees on community health and the house and senate fiscal agencies 60 days prior to any expansion of the program.

(2) In addition to the report required under subsection (1), the department shall report all of the following to the house of representatives and senate appropriations subcommittees on community health and the house of representatives and senate fiscal agencies by September 30, 2007:

(a) The total cost of the single point of entry program.

(b) The total cost of each designated single point of entry.

(c) The total amount of Medicaid dollars saved because of the program.

(d) The total number of emergent single point of entry cases handled and the average length of time for placement in long-term care for those cases.

(e) The total number of single point of entry cases involving transfer from hospital settings to long-term care settings and the average length of time for placement of those cases in long-term care settings.

(3) It is the intent of the legislature that funding for single point of entry for long-term care end on September 30, 2008.

(4) As used in this section, "single point of entry" means a system that enables consumers to access Medicaid long-term care services and supports through 1 agency or organization and that promotes consumer education and choice of long-term care options.

Sec. 1687. (1) From the funds appropriated in part 1 for long-term care services, the department shall contract with a stand-alone psychiatric facility that provides at least 20% of its total care to Medicaid recipients to provide access to Medicaid recipients who require specialized Alzheimer's disease or dementia care.

(2) The department shall report to the senate and house appropriations subcommittees on community health and the senate and house fiscal agencies on the effectiveness of the contract required under subsection (1) to improve the quality of services to Medicaid recipients.

Sec. 1688. The department shall not impose a limit on per unit reimbursements to service providers that provide personal care or other services under the Medicaid home- and community-based services waiver program for the elderly and disabled. The department's per day per client reimbursement cap calculated in the aggregate for all services provided under the Medicaid home- and community-based services waiver is not a violation of this section.

Sec. 1689. (1) Priority in enrolling additional persons in the Medicaid home- and community-based services waiver program shall be given to those who are currently residing in nursing homes or who are eligible to be admitted to a nursing home if they are not provided home- and community-based services. The department shall implement screening and assessment procedures to assure that no additional Medicaid eligible persons are admitted to nursing homes who would be more appropriately served by the Medicaid home- and community-based services waiver program. If there is a net decrease in the number of Medicaid nursing home days of care during the most recent quarter in comparison with the previous quarter and a net cost savings attributable to moving individuals from a nursing home to the home- and community-based services waiver program, the department shall transfer the net cost savings to the home- and community-based services waiver program. If a transfer is required, it shall be done on a quarterly basis.

(2) Within 30 days of the end of each fiscal quarter, the department shall provide a report to the senate and house appropriations subcommittees on community health and the senate and house fiscal agencies that details existing and future allocations for the home- and community-based services waiver program by regions as well as the associated expenditures. The report shall include information regarding the net cost savings from moving individuals from a nursing home to the home- and community-based services waiver program and the amount of funds transferred.

Sec. 1691. The funding increase of \$31,462,600.00 provided in part 1 for the adult home help program shall be passed through to adult home help workers subject to the following conditions:

(a) All adult home help workers providing care under the adult home help program shall receive a wage of at least \$7.00 per hour, effective October 1, 2006.

(b) Adult home help workers employed by a county which paid those adult home help workers at least \$7.00 per hour as of July 1, 2006 shall receive a wage rate increase of \$0.50 per hour.

(c) The department, in conjunction with the department of human services, shall revise any policies, rules, procedures, or regulations that may be an administrative barrier to the implementation of the wage increases described in this section.

Sec. 1692. (1) The department of community health is authorized to pursue reimbursement for eligible services provided in Michigan schools from the federal Medicaid program. The department and the state budget director are authorized to negotiate and enter into agreements, together with the department of education, with local and intermediate school districts regarding the sharing of federal Medicaid services funds received for these services. The department is authorized to receive and disburse funds to participating school districts pursuant to such agreements and state and federal law.

(2) From the funds appropriated in part 1 for medical services school services payments, the department is authorized to do all of the following:

(a) Finance activities within the medical services administration related to this project.

(b) Reimburse participating school districts pursuant to the fund-sharing ratios negotiated in the state-local agreements authorized in subsection (1).

(c) Offset general fund costs associated with the medical services program.

Sec. 1693. The special Medicaid reimbursement appropriation in part 1 may be increased if the department submits a medical services state plan amendment pertaining to this line item at a level higher than the appropriation. The department is authorized to appropriately adjust financing sources in accordance with the increased appropriation.

Sec. 1694. The department of community health shall distribute \$695,000.00 to children's hospitals that have a high indigent care volume. The amount to be distributed to any given hospital shall be based on a formula determined by the department of community health.

Sec. 1697. (1) As may be allowed by federal law or regulation, the department may use funds provided by a local or intermediate school district, which have been obtained from a qualifying health system, as the state match required for receiving federal Medicaid or children health insurance program funds. Any such funds received shall be used only to support new school-based or school-linked health services.

(2) A qualifying health system is defined as any health care entity licensed to provide health care services in the state of Michigan, that has entered into a contractual relationship with a local or intermediate school district to provide or manage school-based or school-linked health services.

Sec. 1699. The department may make separate payments directly to qualifying hospitals serving a disproportionate share of indigent patients in the amount of \$50,000,000.00, and to hospitals providing graduate medical education training programs. If direct payment for GME and DSH is made to qualifying hospitals for services to Medicaid clients, hospitals will not include GME costs or DSH payments in their contracts with HMOs.

Sec. 1701. The department shall make available to Medicaid providers and HMOs an online resource that will list enrollment and benefits information for each Medicaid recipient. This resource shall be made available to providers and HMOs at no charge.

Sec. 1710. Any proposed changes by the department to the MIChoice home- and community-based services waiver program screening process shall be provided to the members of the house and senate appropriations subcommittees on community health prior to implementation of the proposed changes.

Sec. 1711. (1) The department shall maintain the 2-tier reimbursement methodology for Medicaid emergency physicians professional services that was in effect on September 30, 2002, subject to the following conditions:

(a) Payments by case and in the aggregate shall not exceed 70% of Medicare payment rates.

(b) Total expenditures for these services shall not exceed the level of total payments made during fiscal year 2001-2002, after adjusting for Medicare copayments and deductibles and for changes in utilization.

(2) To ensure that total expenditures stay within the spending constraints of subsection (1)(b), the department shall develop a utilization adjustor for the basic 2-tier payment methodology. The adjustor shall be based on a good faith estimate by the department as to what the expected utilization of emergency room services will be during fiscal year 2006-2007, given changes in the number and category of Medicaid recipients. If expenditure and utilization data indicate that the amount and/or type of emergency physician professional services are exceeding the department's estimate, the utilization adjustor shall be applied to the 2-tier reimbursement methodology in such a manner as to reduce aggregate expenditures to the fiscal year 2001-2002 adjusted expenditure target.

(3) The department shall encourage each Medicaid HMO to create a criteria-based emergency room observation rate for Medicaid eligibles with a length of stay of not more than 24 hours.

Sec. 1712. (1) Subject to the availability of funds, the department shall implement a rural health initiative. Available funds shall first be allocated as an outpatient adjustor payment to be paid directly to hospitals in rural counties in proportion to each hospital's Medicaid and indigent patient population. Additional funds, if available, shall be allocated for defibrillator grants, EMT training and support, or other similar programs.

(2) Except as otherwise specified in this section, "rural" means a county, city, village, or township with a population of not more than 30,000, including those entities if located within a metropolitan statistical area.

Sec. 1713. (1) The department, in conjunction with the Michigan dental association, shall undertake a study to determine the level of participation by Michigan licensed dentists in the state's Medicaid program. The study shall identify the distribution of dentists throughout the state, the volume of Medicaid recipients served by each participating dentist, and areas in the state underserved for dental services.

(2) The study described in subsection (1) shall also include an assessment of what factors may be related to the apparent low participation by dentists in the Medicaid program, and the study shall make recommendations as to how these barriers to participation may be reduced or eliminated.

(3) This study shall be provided to the senate and house appropriations subcommittees on community health and the senate and house fiscal agencies no later than April 1, 2007.

Sec. 1716. The department shall seek to maintain a constant enrollment level within the Medicaid adult benefits waiver program throughout fiscal year 2006-2007.

Sec. 1717. (1) The department shall create 2 pools for distribution of disproportionate share hospital funding. The first pool, totaling \$45,000,000.00, shall be distributed using the distribution methodology used in fiscal year 2003-2004. The second pool, totaling \$5,000,000.00, shall be distributed to unaffiliated hospitals and hospital systems that received less than \$900,000.00 in disproportionate share hospital payments in fiscal year 2003-2004 based on a formula that is weighted proportional to the product of each eligible system's Medicaid revenue and each eligible system's Medicaid utilization.

(2) By September 30, 2007, the department shall report to the senate and house appropriations subcommittees on community health and the senate and house fiscal agencies on the new distribution of funding to each eligible hospital from the 2 pools.

Sec. 1718. The department shall provide each Medicaid adult home help beneficiary or applicant with the right to a fair hearing when the department or its agent reduces, suspends, terminates, or denies adult home help services. If the department takes action to reduce, suspend, terminate, or deny adult home help services, it shall provide the beneficiary

or applicant with a written notice that states what action the department proposes to take, the reasons for the intended action, the specific regulations that support the action, and an explanation of the beneficiary's or applicant's right to an evidentiary hearing and the circumstances under which those services will be continued if a hearing is requested.

Sec. 1720. The department shall continue its Medicare recovery program.

Sec. 1721. The department shall conduct a review of Medicaid eligibility pertaining to funds prepaid to a nursing home or other health care facility that are subsequently returned to an individual who becomes Medicaid eligible and shall report its findings to the members of the house and senate appropriations subcommittees on community health and the house and senate fiscal agencies not later than May 15, 2007. Included in its report shall be recommendations for policy and procedure changes regarding whether any funds prepaid to a nursing home or other health care facility that are subsequently returned to an individual, after the date of Medicaid eligibility and patient pay amount determination, shall be considered as a countable asset and recommendations for a mechanism for departmental monitoring of those funds.

Sec. 1722. (1) From the funds appropriated in part 1 for special Medicaid reimbursement payments, the department is authorized to make a disproportionate share payment of \$33,167,700.00 for health services provided by Hutzel Hospital.

(2) The funding authorized under subsection (1) shall only be expended if the necessary Medicaid matching funds are provided by, or on behalf of, the hospital as allowable state match.

Sec. 1724. The department shall allow licensed pharmacies to purchase injectable drugs for the treatment of respiratory syncytial virus for shipment to physicians' offices to be administered to specific patients. If the affected patients are Medicaid eligible, the department shall reimburse pharmacies for the dispensing of the injectable drugs and reimburse physicians for the administration of the injectable drugs.

Sec. 1725. The department shall continue to work with the department of human services to reduce Medicaid eligibility errors related to basic eligibility requirements and income requirements.

Sec. 1726. Any clinical laboratory performing a creatinine test on a Medicaid client shall report the glomerular filtration rate (eGFR) of the patient and shall report it as a percent of kidney function remaining.

Sec. 1728. The department shall make available to qualifying Medicaid recipients, not based on Medicare guidelines, freestanding, electric, lifting, and transferring devices.

Sec. 1731. (1) Subject to subsection (2), the department shall continue an asset test to determine Medicaid eligibility for individuals who are parents, caretaker relatives, or individuals between the ages of 18 and 21 and who are not required to be covered under federal Medicaid requirements.

(2) Regardless of the results of the asset test established under subsection (1), an individual who is between the ages of 18 and 21 and is not required to be covered under the federal Medicaid requirements is not eligible for the state Medicaid program if his or her parent, parents, or legal guardian has health care coverage for him or her or has access to health care coverage for him or her.

Sec. 1732. The department shall assure that, if proposed modifications to the quality assurance assessment program for nursing homes are not implemented, the projected general fund/general purpose savings shall not be achieved through reductions in nursing home reimbursement rates.

Sec. 1733. The department shall seek additional federal funds to permit the state to provide financial support for electronic prescribing and other health information technology initiatives.

Sec. 1734. The department shall seek federal funds that will permit the state to provide financial incentives for positive health behavior practiced by Medicaid recipients. The structure of this incentive program may be similar to programs in other states that authorize monetary rewards to be deposited in individual accounts for Medicaid recipients who demonstrate positive changes in health behavior.

Sec. 1735. (1) The department shall establish a committee that will attempt to identify possible Medicaid program savings associated with the creation of a preferred provider program or an alternative program for durable medical equipment, prosthetics, and orthotics.

(2) To assure quality and access, the preferred provider program shall involve providers who can offer a broad statewide network of services and who are accredited by the joint commission on accreditation of healthcare organizations or the accreditation commission for health care, inc. and the American board for certification in orthotics and prosthetics.

(3) This committee shall include, at minimum, representatives from each of the contracted Medicaid HMOs, the medical services administration, the Michigan state medical society, the Michigan osteopathic society, the Michigan home health association, the Michigan health and hospital association, and 2 accredited providers.

(4) By April 1, 2007, the committee shall report to the senate and house of representatives subcommittees on community health, the state budget director, and the department on possible durable medical equipment contracting opportunities and anticipated Medicaid program savings.

Sec. 1738. (1) The department shall explore ways to increase the federal disproportionate share hospital cap.

(2) If the disproportionate share hospital cap is increased, the department shall consider increasing funding for county health plans and shall consider disproportionate share hospital payments to trauma centers.

Sec. 1739. The department shall determine the 10 most prevalent and costly ailments affecting Medicaid recipients and shall establish medical outcome targets for each of those ailments. The department may use indicators that recipients are successfully managing chronic disease, measures of recipient compliance with treatment plans, and studies of the proportion of Medicaid providers who follow established best practices in treating chronic disease as possible medical outcome measures. The department shall make bonus payments available to Medicaid HMOs that meet these outcome targets.

Sec. 1740. From the funds appropriated in part 1 for health plan services, the department shall assure that all GME funds are promptly distributed to qualifying hospitals using a methodology developed in consultation with the graduate medical education advisory group. The advisory group shall include representatives of the Michigan health and hospital association and Michigan association of health plans. If the department and the advisory group are unable to reach a consensus on the distribution methodology, the department shall initiate a legislative transfer to transfer the GME funds from health plan services to hospital services and therapy and distribute the GME funds using the mechanism in place for fiscal year 2005-2006.

Sec. 1741. The department shall continue to provide nursing homes the opportunity to receive interim payments upon their request. The department shall make efforts to ensure that the interim payments are as similar to expected cost-settled payments as possible.

Protest

Senator Scott, under her constitutional right of protest (Art.4, Sec.8), protested against the adoption of the conference report for Senate Bill No. 1083.

Senator Clark-Coleman asked and was granted unanimous consent to make a statement and moved that the statement be printed in the Journal.

The motion prevailed.

Senator Scott moved that Senator Clark-Coleman's statement be printed as her reasons for voting "no."

The motion prevailed.

Senator Clark-Coleman's statement, in which Senator Scott concurred, is as follows:

I rise in opposition to this bill also. I think the bottom line here is how do we help those who need the help. This piece of legislation appears to me to be trying to punish those who are in charge, but the ones who will suffer are the ones who need the services.

First of all, I don't approve of treating one county differently than other counties. I opposed the takeover of the school system because it treated Detroit differently than other cities around the state. This piece of legislation treats Wayne County differently than other counties around the state. You know, I guess if it's good for one county, then it ought to be good for all counties, but why single out one county and force them into developing a different kind of governance than other counties do. I have always opposed those pieces of legislation that would treat Detroit differently. I oppose this piece of legislation because it treats Wayne County differently.

If it's good enough for Wayne County, it's good enough for the entire state of Michigan. I just think that it is very interesting that we want to withhold \$3.5 million a month from Wayne County. What's going to provide the services to the people who need it? The people are going to suffer. This is not going to help the county one bit.

Senator Hammerstrom moved that joint rule 9 be suspended to permit immediate consideration of the conference report relative to the following bill:

House Bill No. 5796

The motion prevailed, a majority of the members serving voting therefor.

House Bill No. 5796, entitled

A bill to make, supplement, adjust, and consolidate appropriations for various state departments and agencies, capital outlay, the judicial branch, and the legislative branch for the fiscal years ending September 30, 2006 and September 30, 2007; to provide for certain conditions on appropriations; to provide for the expenditure of the appropriations; and to repeal acts and parts of acts.

The House of Representatives has adopted the report of the Committee of Conference and ordered that the bill be given immediate effect.

The Conference Report was read as follows:

FIRST CONFERENCE REPORT

The Committee of Conference on the matters of difference between the two Houses concerning

House Bill No. 5796, entitled

A bill to make, supplement, adjust, and consolidate appropriations for various state departments and agencies, the judicial branch, and the legislative branch for the fiscal years ending September 30, 2006 and September 30, 2007; to provide for certain conditions on appropriations; and to provide for the expenditure of the appropriations.

Recommends:

First: That the Senate recede from the Substitute of the Senate as passed by the Senate.

Second: That the House and Senate agree to the Substitute of the House as passed by the House, amended to read as follows:

A bill to make, supplement, adjust, and consolidate appropriations for various state departments and agencies, capital outlay, the judicial branch, and the legislative branch for the fiscal years ending September 30, 2006 and September 30, 2007; to provide for certain conditions on appropriations; to provide for the expenditure of the appropriations; and to repeal acts and parts of acts.

In addition to the funds appropriated in part 1, the department of agriculture is authorized to expend the funds received from the department of natural resources to reimburse the department of agriculture for all indemnification payments made pursuant to this subsection.

MICHIGAN HISTORICAL PROGRAM

Sec. 501. The federal funds appropriated in part 1 for the historic site preservation grants are for work projects and shall not lapse at the end of the fiscal year but shall continue to be available for expenditure until the projects for which the funds were reserved have been completed or are terminated. The purpose of these work projects is the identification, designation, and preservation of historic resources. The method used will be to solicit applications, score applications based upon established criteria, and award subgrants. The department shall execute a grant agreement with each recipient. The total cost is \$200,000.00, and the tentative completion date is September 30, 2007.

Sec. 502. Funds collected by the department under sections 3, 6, 7, and 7a of 1913 PA 271, MCL 399.3, 399.6, 399.7, and 399.7a, are appropriated to the department for the purposes for which they were received, are allocated for expenditure upon receipt and may be carried forward for expenditure in subsequent fiscal years.

Sec. 503. For the purposes of administering the museum store as provided in section 7a of 1913 PA 271, MCL 399.7a, the department is exempt from section 261 of the management and budget act, 1984 PA 431, MCL 18.1261.

LIBRARY OF MICHIGAN

Sec. 601. In order to receive subregional state aid as appropriated in part 1 to the library of Michigan, a subregional library’s fiscal agency must agree to maintain local funding support at the same level in the current fiscal year as in the fiscal agency’s preceding fiscal year. If a reduction in expenditures equally affects all agencies in a local unit of government that is the subregional library’s fiscal agency, that reduction shall not be interpreted as a reduction in local support and shall not disqualify a subregional library from receiving state aid under part 1. If a reduction in income affects a library cooperative or district library that is a subregional library’s fiscal agency or a reduction in expenditures for the subregional library’s fiscal agency, a reduction in expenditures for the subregional library shall not be interpreted as a reduction in local support and shall not disqualify a subregional library from receiving state aid under part 1.

Sec. 204. The department of civil service shall bill the department at the end of the first fiscal quarter for the 1% charge authorized by section 5 of article XI of the state constitution of 1963. Payments shall be made for the total amount of the billing by the end of the second fiscal quarter.

Sec. 205. (1) A hiring freeze is imposed on the state classified civil service. State departments and agencies are prohibited from hiring any new full-time state classified civil service employees and prohibited from filling any vacant state classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from 1 position to another within a department.

(2) The state budget director may grant exceptions to this hiring freeze when the state budget director believes that the hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause loss of revenue to the state, result in the inability of the state to receive federal funds, or necessitate additional expenditures that exceed any savings from maintaining a vacancy. The state budget director shall report quarterly to the chairpersons of the senate and house of representatives appropriations committees and the senate and house fiscal agencies and policy offices on the number of exceptions to the hiring freeze approved during the previous quarter and the reasons to justify the exception.

Sec. 207. At least 60 days before beginning any effort to privatize services, the department shall submit a complete project plan to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies. The plan shall include the criteria under which the privatization initiative will be evaluated. Sanctions, suspensions, conditions for provisional license status, and other penalties shall not be more stringent for private service providers than for public entities performing equivalent or similar services. Private service providers or licensees shall not be granted preferential treatment or deemed automatically in compliance with administrative rules based on whether they have collective bargaining agreements with direct care workers. Private service providers or licensees without collective bargaining agreements shall not be subjected to additional requirements or conditions of licensure based on their lack of such collective bargaining agreements. The evaluation shall be completed and submitted to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies within 9 months.

Sec. 208. Unless otherwise specified, the department shall use the Internet to fulfill the reporting requirements of this article. This shall include transmission of reports via electronic mail, including a link to the Internet site, to the recipients identified for each reporting requirement, or it may include placement of reports on the Internet or Intranet site. On an annual basis, the department shall provide a cumulative listing of the reports to the house and senate appropriations subcommittees and the house and senate fiscal agencies and policy offices.

Sec. 209. Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if competitively priced and comparable quality American goods or services, or both, are available. Preference should be

given to goods or services, or both, manufactured or provided by Michigan businesses if they are competitively priced and of comparable value.

Sec. 210. The director shall take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both. The director shall strongly encourage firms with which the department contracts to subcontract with certified businesses in depressed and deprived communities for services, supplies, or both.

Sec. 212. In addition to funds appropriated in part 1 for all programs and services, there is appropriated for write-offs of accounts receivable, deferrals, and for prior year obligations in excess of applicable prior year appropriations, an amount equal to total write-offs and prior year obligations, but not to exceed amounts available in prior year revenues or current year revenues that are in excess of the authorized amount.

Sec. 213. (1) The department may retain all of the state's share of food assistance overissuance collections as an offset to general fund/general purpose costs. Retained collections shall be applied against federal funds deductions in all appropriation units where department costs related to the investigation and recoupment of food assistance overissuances are incurred. Retained collections in excess of such costs shall be applied against the federal funds deducted in the executive operations appropriation unit.

(2) The department shall report to the legislature during the senate and house budget hearings on the status of the food stamp error rate. The report shall include at least all of the following:

- (a) An update on federal sanctions and federal requirements for reinvestment due to the food stamp error rate.
- (b) Review of the status of training for employees who administer the food assistance program.
- (c) An outline of the past year's monthly status of worker to food stamp cases and monthly status of worker to food stamp applications.
- (d) Information detailing the effect and change in staffing due to the early retirement option.
- (e) Corrective action through policy, rules, and programming being taken to reduce the food stamp error rate.
- (f) Any other information regarding the food stamp error rate, including information pertaining to technology and computer applications used for the food assistance program.

Sec. 214. (1) The department shall submit a report to the chairpersons of the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies and policy offices, and the state budget director on the details of allocations within program budgeting line items and within the salaries and wages line items in all appropriation units. The report shall include a listing, by account, dollar amount, and fund source, of salaries and wages; longevity and insurance; retirement; contractual services, supplies, and materials; equipment; travel; and grants within each program line item appropriated for the fiscal year ending September 30, 2007.

(2) On a bimonthly basis, the department shall report on the number of FTEs in pay status by type of staff.

Sec. 215. (1) If a legislative objective of this article or the social welfare act, 1939 PA 280, MCL 400.1 to 400.119b, cannot be implemented without loss of federal financial participation because implementation would conflict with or violate federal regulations, the department shall notify the state budget director, the house and senate appropriations committees, and the house and senate fiscal agencies and policy offices of that fact.

(2) The department shall provide the senate and house appropriation subcommittees on the department budget, the senate and house fiscal agencies and policy offices, and the state budget director with the citation and a copy of any federal statute, regulation, policy, or directive that the department determines presents a conflict as described in subsection (1). The department shall apply for any available waiver or relief from federal requirements or sanctions that would allow it to comply with state law without federal penalty.

Sec. 217. (1) Due to the current budgetary problems in this state, out-of-state travel for the fiscal year ending September 30, 2007 shall be limited to situations in which 1 or more of the following conditions apply:

- (a) The travel is required by legal mandate or court order or for law enforcement purposes.
- (b) The travel is necessary to protect the health or safety of Michigan citizens or visitors or to assist other states in similar circumstances.
- (c) The travel is necessary to produce budgetary savings or to increase state revenues, including protecting existing federal funds or securing additional federal funds.
- (d) The travel is necessary to comply with federal requirements.
- (e) The travel is necessary to secure specialized training for staff that is not available within this state.
- (f) The travel is financed entirely by federal or nonstate funds.

(2) If out-of-state travel is necessary but does not meet 1 or more of the conditions in subsection (1), the state budget director may grant an exception to allow the travel. Any exceptions granted by the state budget director shall be reported on a monthly basis to the senate and house standing committees on appropriations.

(3) Not later than January 1 of each year, each department shall prepare a travel report listing all travel by classified and unclassified employees outside this state in the immediately preceding fiscal year that was funded in whole or in part with funds appropriated in the department's budget. The report shall be submitted to the chairs and members of the house and senate appropriations committees, the fiscal agencies, and the state budget director. The report shall include the following information:

- (a) The name of each person receiving reimbursement for travel outside this state or whose travel costs were paid by this state.

- (b) The destination of each travel occurrence.
- (c) The dates of each travel occurrence.
- (d) A brief statement of the reason for each travel occurrence.

(e) The transportation and related costs of each travel occurrence, including the proportion funded with state general fund/general purpose revenues, the proportion funded with state restricted revenues, the proportion funded with federal revenues, and the proportion funded with other revenues.

- (f) A total of all out-of-state travel funded for the immediately preceding fiscal year.

Sec. 218. (1) The department shall prepare an annual report on the TANF federal block grant. The report shall include projected expenditures for the current fiscal year, an accounting of any previous year funds carried forward, and a summary of all interdepartmental or interagency agreements relating to the use of TANF funds. The report shall be forwarded to the state budget director and the house and senate appropriations subcommittees on the department budget and the house and senate fiscal agencies and policy offices within 10 days after presentation of the executive budget.

(2) The state budget director shall give prior written notice to the members of the house and senate appropriations subcommittees for the department and to the house and senate fiscal agencies and policy offices of any proposed changes in utilization or distribution of TANF funding or the distribution of TANF maintenance of effort spending relative to the amounts reflected in the annual appropriations acts of all state agencies where TANF funding is appropriated. The written notice shall be given not less than 30 days before any changes being made in the funding allocations. This prior notice requirement also applies to new plans submitted in response to federal TANF reauthorization or replacement by an equivalent federal law.

Sec. 220. (1) In contracting with faith-based organizations for mentoring or supportive services, and in all contracts for services, the department shall ensure that no funds provided directly to institutions or organizations to provide services and administer programs shall be used or expended for any sectarian activity, including sectarian worship, instruction, or proselytization.

(2) If an individual requests the service and has an objection to the religious character of the institution or organization from which the individual receives or would receive services or assistance, the department shall provide the individual within a reasonable time after the date of the objection with assistance or services and which are substantially the same as the service the individual would have received from the organization.

(3) The department shall ensure that faith-based organizations are able to apply and compete for services, programs, or contracts that they are qualified and suitable to fulfill. The department shall not disqualify faith-based organizations solely on the basis of the religious nature of their organization or their guiding principles or statements of faith.

- (4) The department shall follow guidelines related to faith-based involvement established in 42 USC 604a.

Sec. 221. If the revenue collected by the department from private and local sources exceeds the amount spent from amounts appropriated in part 1, the revenue may be carried forward, with approval from the state budget director, into the subsequent fiscal year.

Sec. 223. The department shall make a determination of Medicaid eligibility not later than 60 days after all information to make the determination is received from the applicant when disability is an eligibility factor. For all other Medicaid applicants, the department shall make a determination of Medicaid eligibility not later than 45 days after all information to make the determination is received from the applicant.

Sec. 224. The department shall approve or deny a Medicaid application for a patient of a nursing home within 45 days after the receipt of the necessary information.

Sec. 225. The department shall develop a rapid redetermination process for nursing home residents whose Medicaid stay is greater than 90 days. This process shall be implemented not later than January 1, 2007.

Sec. 227. The department, with the approval of the state budget director, is authorized to realign sources of financing authorizations in order to maximize temporary assistance for needy families' maintenance of effort countable expenditures. This realignment of financing shall not be made until 15 days after notifying the chairs of the house and senate appropriations subcommittees on the department budget and house and senate fiscal agencies, and shall not produce an increase or decrease in any line-item expenditure authorization.

Sec. 259. (1) From the funds appropriated in part 1 for information technology, the department shall pay user fees to the department of information technology for technology-related services and projects. The user fees shall be subject to provisions of an interagency agreement between the department and the department of information technology.

(2) During the annual budget presentation, the department shall report on the interagency agreement with the department of information technology to the senate and house appropriations subcommittees for the department budget, house and senate fiscal agencies, and policy offices. The report shall include the base service priorities in the agreement including, but not limited to, the following:

- (a) Name and description of base service.
- (b) Detail goals and objectives related to each base service.
- (c) Cost of each base service.
- (d) Time frame for implementation or completion of base service.

(e) Impact, if any, on caseload management by local office staff, and on service to individual or family clients in local offices.

Sec. 261. The department, in conjunction with the county department of human services boards of directors and the department of management and budget, shall continue to develop and implement a plan to restructure local offices. This plan shall include an emphasis on maximization of service while maintaining a reduction in administrative cost. Duplication of services shall be identified and solutions to remove the duplication shall be detailed in the plan. Any plan presented shall ensure that the department provides a presence and services in every county. The current plan shall be submitted to the senate and house appropriations subcommittees for the department budget by January 15, 2007. The savings resulting from this plan may be allocated to the counties generating the savings to fund additional frontline workers at the county office level and additional staff to reduce wait time for Medicaid eligibility determinations.

Sec. 262. The department, in conjunction with county department of human services boards of directors and the department of management and budget, shall continue to develop and implement a plan to assist local services delivery effectiveness and efficiency by maximizing use of state resources while responding to unique needs in geographic regions of the state. Savings resulting from the plan shall be allocated to county offices to fund additional frontline workers. The department shall submit the current consolidation plan to the house and senate appropriations subcommittees for the department budget by January 1, 2007.

Sec. 264. The department shall not take disciplinary action against an employee for communicating with a member of the legislature or his or her staff.

Sec. 269. If title IV-D-related child support collections are escheated, the state budget director is authorized to adjust the sources of financing for the funds appropriated in part 1 for legal support contracts to reduce federal authorization by 66% of the escheated amount and increase general fund/general purpose authorization by the same amount. This budget adjustment is required to offset the loss of federal revenue due to the escheated amount being counted as title IV-D program income in accordance with federal regulations at 45 CFR 304.50.

Sec. 270. (1) The department shall continue to implement a plan to provide client-centered results-oriented programs and services for each of the following programs:

"Material to the determination of disability" means that, if the person stopped using drugs or alcohol, his or her remaining physical or mental limitations would not be disabling. If his or her remaining physical or mental limitations would be disabling, then the drug addiction or alcoholism is not material to the determination of disability and the person may receive state disability assistance. For purposes of this section, substance abuse treatment includes receipt of inpatient or outpatient services or participation in alcoholics anonymous or a similar program.

Sec. 609. The state supplementation level under the supplemental security income program for the personal care/adult foster care and home for the aged categories shall not be reduced during the fiscal year beginning October 1, 2006 and ending September 30, 2007. (3) If the program is suspended pursuant to subsection (2), the department shall immediately implement payments for services according to the payment standards used in fiscal year 2005-2006.

(4) Providers of burial services shall be responsible for expenses in excess of appropriated amounts for the period of the indigent burial services project's implementation, but the department shall not increase those expenses by untimely delays in acting upon a request from representatives of funeral establishments that the program be suspended and notice sent to the legislative subcommittees referred to in subsection (2).

Sec. 614. Until January 1, 2007, the funds available in part 1 for burial services shall be available if the deceased was an eligible recipient and an application for emergency relief funds was made within 10 days of the burial or cremation of the deceased person. Each provider of burial services shall be paid directly by the department.

Sec. 615. Except as required by federal law or regulations, funds appropriated in part 1 shall not be used to provide public assistance to a person who is an illegal alien. A priority for the expenditure of EQUIP funds shall be given to providers to expand access to child care, specifically 24-hour care, care for children of parents working evening or night shifts, and weekend care. A child care program shall not be eligible for an EQUIP grant unless 25% or more of its clients receive day care payments from the department.

(2) From the funds appropriated in part 1 for day care services, the department shall establish an additional fund of at least \$350,000.00 for a grant pool for an "enhance quality improvement program" (EQUIP) specifically to establish new family and group home day care providers.

(b) Referral of persons so identified to counseling and supportive services.

(c) In accordance with a determination of good cause, the waiving of certain requirements of family independence programs where compliance with those requirements would make it more difficult for the individual to escape domestic violence or would unfairly penalize individuals who have been victims of domestic violence or who are at risk of further domestic violence.

Sec. 635. Within 24 hours of receiving all information necessary to process an application for payments for child day care, the department shall determine whether the child day care provider to whom the payments, if approved, would be made, is listed on the child abuse and neglect central registry. Homeless shelters that do not report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements will not receive reimbursements which exceed the per diem amount they received in fiscal year 2000. The use of TANF funds under this section should not be considered an ongoing commitment of funding.

Sec. 645. An individual or family is considered homeless, for purposes of eligibility for state emergency relief, if living temporarily with others in order to escape domestic violence. Before-school programs are limited to elementary school-aged children. Effective before- or after-school programs combine academic, enrichment, and recreation activities to guide learning and inspire children and youth in various activities. The before- or after-school programs can meet the needs of the communities served by the programs.

(2) The department shall work in collaboration with independent contractors to put into practice a program establishing quality before- or after-school programs for children in kindergarten to ninth grades. (3) The department shall, through a competitive bid process, provide grants or contracts up to \$5,000,000.00 in TANF funds for the program based on community needs. A county shall receive no more than 20% of the funds appropriated in part 1 for this program. From the funds appropriated in part 1 for before- or after-school programs within day care services, the department is authorized to make allocations of funds only to the agencies that report necessary data to the department for the purpose of meeting TANF and maintenance of effort eligibility reporting requirements. The use of funds under this section should not be considered an ongoing commitment of funding.

(5) The judiciary shall receive \$1,800,000.00 in Byrne formula grant funding as an interdepartmental grant from the department of community health to be used for expansion of drug treatment courts, to assist in avoiding prison bed space growth for nonviolent offenders in collaboration with the department of corrections.

Sec. 312. From the funds appropriated in part 1, the state court administrator shall produce a statistical report regarding the implementation of the parental rights restoration act, 1990 PA 211, MCL 722.901 to 722.908, as it pertains to minors seeking a court-issued waiver of parental consent. The department is directed to work with the Michigan association of centers for independent living and the local workforce development boards to identify other competitive sources of funding.

(2) As a condition of receipt of funds appropriated in part 1, the statewide independent living council and the Michigan association of centers for independent living shall jointly produce a report providing the following information:

(c) Savings to state taxpayers in other specific areas that can be shown to be the direct result of activities funded from the vocational rehabilitation independent living grant program during the most recently completed state fiscal year.

(3) The report required in subsection (2) shall be submitted to the subcommittees, the fiscal agencies, and the state budget director on or before January 30.

Sec. 405. (1) The appropriation in part 1 to the department for the work first program shall be expended for grants which provide employment, education, community service, volunteerism options, and training services to department of human services applicants and recipients and may be expended for grants that provide employment, education, community service, volunteerism options, and training services to former family independence program recipients, as well as to recipients of noncash public assistance, specifically child day care, Medicaid, or food stamp benefits. (3) The department and the department of human services shall develop a process, set of procedures, and an instrument for providing confidential screening of individuals during the eligibility determination. Only those individuals identified as ready for employment and training services shall be referred to the work first program. Barriers to employment shall be reported to facilitate further assessment and referral. If no prohibitive barriers to work are found, the individual shall comply with the work first program, or be subject to appropriate penalties.

(4) Work first program participants shall include recipients of the department of human services program established under section 57a of the social welfare act, 1939 PA 280, MCL 400.57a, and such individuals referred to a job club program by a county department of human services board or a county friend of the court as long as the participation in the job club is part of an application submitted under this section.

(5) Participants in the work first program shall not be enrolled and counted in membership in a school district or intermediate school district.

(6) The department will work with the department of human services to coordinate support services to work first participants relating to special/emergency needs.

(7) Work first program participants must receive or be provided an explanation of the program including their benefits and responsibilities before the job interview phase of the program. This explanation shall include clear guidelines with regard to an individual's eligibility for postemployment training support and for applying hours in training toward work requirements.

(8) The department shall make every effort to place a minimum of 50% of clients who participate in the work first program in positions that provide wages of \$8.00 per hour or more. The department, the department of human services, and the Michigan works! agencies shall develop and implement a shared assessment process and evaluation tool to identify barriers that may prevent the participant from obtaining employment in an occupationally relevant and demand-driven occupation and assistance that may be needed to remove the barriers, including transportation, education, and job training.

(9) The department shall submit to the fiscal agencies and the state budget director by March 15 a report on the work first program, including the number of participants served under this section, the number of persons who located employment through work first, the average wage of participants who found employment, the number of persons who retained jobs for 6 months, the number of participants placed in employment training and education programs, the number of clients referred to work first who failed to report, a compilation of barriers to employment by incidence and type experienced by participants, and the number of participants referred back to the department of human services.

The report due by May 15 shall provide the information described in this subsection for each grant or contract awarded during the preceding 2 quarters of the state fiscal year. The report due by November 15 shall provide this information for each grant or contract awarded during the preceding full fiscal year. The report shall contain both of the following:

(a) The amount and recipient of each grant or contract.

(b) The number of participants in each service delivery area and all of the following:

(i) The number of clients placed in employment for at least 6 consecutive months in each service delivery area.

(iii) The number of clients placed in community service in each service delivery area.

(iv) The number of clients obtaining other education and training credentials.

(11) The department shall make available to work first participants guidelines on eligibility for postemployment training and how training/education hours are applied toward work participation requirements. These guidelines will be presented by the department of human services and the department contracted staff in accordance with department policy issuances and department of human services program bulletins. These guidelines presented by the department and the department of human services shall balance the ability of participants to obtain training and subsequent long-term high-wage employment with the need to connect participants with the workplace. Any and all training/education and community service, with the exception of high school completion and GED preparation, must be occupationally relevant and in demand in the labor market as determined by the workforce development board. Participants must make satisfactory progress to continue in a training/education component.

(12) The work participation requirement is up to 40 hours per week. However, work first participants may meet the work participation requirement by participating in comprehensive basic skills education for the minimum time determined by the assessment and evaluation provided in subsection (8). 15 hours per week plus up to 1 hour of study time for each hour of classroom seat time. Work first participants may enroll in additional hours of classroom seat time beyond 15 hours. However, these hours and the related study time will not count toward the work participation requirement. Assistance may be provided for up to 24 months.

(13) Work first participants may meet the work participation requirement through enrollment in a short-term vocational program requiring 30 hours of classroom seat time per week for a period not to exceed 6 months, or by enrollment in full-time internships, practicums, or clinicals required by an academic or training institution for licensure, professional certification, or degree completion, without an additional work requirement. In cases where a short-term vocational program lasts less than 6 months, the participant shall be eligible to enroll in 1 additional short-term vocational program for a combined period not to exceed a total of 12 months.

(14) Work first participants who lack a high school diploma or GED and who enroll in high school completion or classes to obtain a GED may count up to 10 hours of classroom seat time, combined with a minimum number of hours of work per week, to meet their work participation requirement. There shall be no time limit on high school completion. GED preparation shall be limited to 12 months.

(15) The department shall convene a work group to review and recommend available options for providing increased flexibility regarding the education requirements as outlined in this act.

(16) Work first participants that are assessed at a reading and/or math skill level of below ninth grade on a standardized assessment will participate in an appropriate comprehensive basic skills education program to address these deficiencies as determined to be appropriate by the assessment and evaluation provided in subsection (8) and the Michigan works! agency identifies local resources to provide the services. The department will work with the department of human services to develop appropriate programs and incentives to increase participation in and successful completion of these programs.

(17) In order to achieve more efficient and effective use of funds for public assistance, to reduce dependency, or to improve the living conditions and increase the incomes of individuals receiving public assistance, the department may establish and conduct pilot projects in 1 or more Michigan works! areas. The department may apply different policies in the pilot programs than it applies in the rest of the Michigan works! area, and may conduct the pilot projects as long as is necessary to provide a reasonable test of the policy being evaluated. Pilot projects shall be consistent with principles and goals set forth in this act.

(18) As used in this section, "work first program" means the jobs, education, and training program.

Sec. 406. (1) Using all relevant state data sources, the department shall conduct a 3-year longitudinal study of all former work first participants, whose department of human services program cases closed due to earnings during fiscal year 1999 and in succeeding fiscal years. (2) The department shall notify the subcommittees, fiscal agencies, and state budget director electronically by March 15 of the location of the Internet site where the report containing the identified data is located.

(3) The department shall cooperate with the department of human services in formulating and acquiring the identified data.

(4) The department may retain a third party to conduct the studies to obtain the data identified under this section.

Sec. 407. Each board shall appoint an education advisory group made up of high-level administrators within local educational institutions, workforce development board members, other employers, labor, academic educators, and parents of public school pupils.

Sec. 410. (1) The department shall have at least 1 disabled veterans outreach program specialist or local veterans employment representative assigned to each Michigan works! service center on a full- or part-time basis during hours of operation.

Sec. 414. The department may carry into the succeeding fiscal year unexpended federal pass-through funds to local institutions and governments that do not require additional state matching funds. Federal pass-through funds to local institutions and governments that are received in amounts in addition to those included in part 1 and that do not require additional state matching funds are appropriated for the purposes intended.

Sec. 415. Of the amounts appropriated in part 1 for postsecondary education, private occupational school license fees shall fund related administrative costs of the proprietary schools oversight unit within the department.

Sec. 417. The department is appropriated an amount not to exceed \$100,000.00 from collection of defaulted loans under the future faculty program in the Martin Luther King, Jr. - Cesar Chavez - Rosa Parks programs to offset costs of administering the loan collections.

Sec. 418. The department shall provide electronic notification of the location of the report on the Internet to the subcommittees by December 30 of each year, identifying all efforts taken to market these programs, including, but not limited to, the amount of funding allocated for this purpose, the fund source, and any expenditures or encumbrances relating to this marketing effort.

Sec. 425. The department shall work cooperatively with the department of civil service to identify state employees who will lose their jobs as a result of an agency or program being reorganized, modified, or eliminated and shall develop training programs and provide training to these individuals that will provide them an opportunity and skills necessary to secure new employment within state government or the private sector. It shall be a priority of the department to provide training and employment opportunities to these individuals through their employment service locations.

Sec. 426. From the funds appropriated in part 1 to workforce training programs subgrantees, the department shall allocate sufficient funds to the Michigan works! service centers to allow these centers to remain fully operational.

This hiring freeze does not apply to internal transfers of classified employees from 1 position to another within a department.

(2) The state budget director shall grant exceptions to this hiring freeze when the state budget director believes that the hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause loss of

revenue to the state, result in the inability of the state to receive federal funds, or necessitate additional expenditures that exceed any savings from maintaining a vacancy. The state budget director shall report by the last business day of each month to the chairpersons of the senate and house of representatives standing committees on appropriations the number of exceptions to the hiring freeze approved during the previous month and the justification for the exception.

Sec. 207. At least 60 days before beginning any effort to privatize, the department shall submit a complete project plan to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies. The plan shall include the criteria under which the privatization initiative will be evaluated. The evaluation shall be completed and submitted to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies within 30 months.

Sec. 208. Unless otherwise specified, the department shall use the Internet to fulfill the reporting requirements of this article. This requirement may include transmission of reports via electronic mail to the recipients identified for each reporting requirement or it may include placement of reports on an Internet or Intranet site.

Sec. 209. Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if competitively priced and of comparable quality American goods or services, or both, are available. Preference should be given to goods or services, or both, manufactured or provided by Michigan businesses, if they are competitively priced and of comparable quality.

Sec. 210. The director of each department receiving appropriations in part 1 shall take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both, for the department. The director shall strongly encourage firms with which the department contracts to subcontract with certified businesses in depressed and deprived communities for services or supplies, or both.

Sec. 211. It is the intent of the legislature that personnel of the department who request and are eligible for reimbursement of expenses related to the operation of the department be reimbursed from the appropriations provided in this article within 30 days after submitting a request, or the eligible personnel shall be paid an additional amount equal to 0.75% of the payment due. The department shall pay an additional amount equal to 0.75% of the payment due for the first month and each succeeding month or portion of a month the payment remains past due.

Sec. 213. (1) It is the intent of the legislature that the department shall not provide any subsidy for contractual services it provides.

(2) When the department provides contractual services to a local unit of government, the department shall be reimbursed for all costs incurred in providing the services, including, but not limited to, retirement and overtime costs.

(3) Contractual services provided to an entity other than a local unit of government may be provided by department personnel, but only on an overtime basis outside the normal work schedule of the personnel.

(4) This section does not apply to state agencies.

(g) The immediate past position of the enlisted employees assigned.

Sec. 216. The department shall collect and computerize the vehicle identification number (VIN) of all vehicles that are entered into the state accident data collection system and make this and other vehicle information available to the public at cost. For bulk access to the accident records in which the VIN has been collected and computerized, the department shall make those records available to the public at cost, provided that the name and address have been excluded.

Sec. 217. From the funds appropriated in part 1, the department shall maintain a toll-free hotline in collaboration with the department of education. The toll-free hotline shall be operated 24 hours per day, 7 days per week, and shall provide students, school officials, and other individuals an opportunity to report specific threats of imminent school violence or other suspicious or criminal conduct by juveniles to the appropriate local law enforcement entities for investigation. The department may expend funds for the promotion of the hotline.

Sec. 218. (1) Funds appropriated in part 1 for at-post troopers shall only be expended for trooper salaries, wages, benefits, retirement, equipment, supplies, and other expenses directly related to state troopers assigned to general law enforcement duties at a department post, detachment, satellite office, or a resident trooper function.

(2) From the funds appropriated in part 1 for at-post troopers, a trooper school shall be conducted beginning not later than August 15, 2007 for the purpose of graduating not fewer than 50 new troopers with the goal of maintaining at-post trooper strength of at least 1,075 on September 30, 2007.

(3) The department shall submit quarterly written reports to the senate and house appropriations subcommittees on state police and military and veterans affairs no later than December 1, 2006, March 1, 2007, June 1, 2007, and September 1, 2007 which shall include a trooper strength report and the status of the department's plan for accomplishing the goal of subsection (2). If the department determines that insufficient appropriations exist under part 1 to accomplish the goal of subsection (2), the department shall submit a proposal outlining a plan to accomplish the goal including an accounting of any additional funding necessary to that end.

Sec. 219. The department of state police shall notify the house and senate appropriations subcommittees on state police and military and veterans affairs and the house and senate fiscal agencies not less than 180 days before recommending to close or consolidate any state police posts. The notification shall include a local and state impact study of the proposed post closure or consolidation.

Sec. 220. The department of state police, in keeping with its role as the general law enforcement agency of the state and as the law enforcement agency of last resort for communities that are either without local law enforcement resources or are seriously underserved by local law enforcement resources, shall provide general law enforcement assistance to those communities until adequate law enforcement services can be provided to those communities by other means.

Sec. 221. The department of state police may pursue entering into an agreement with Calhoun County to build a new facility in Marshall which would serve as a new state police post to replace the current state police post in Battle Creek.

Sec. 223. (1) Due to the current budgetary problems in this state, out-of-state travel for the fiscal year ending September 30, 2007 shall be limited to situations in which 1 or more of the following conditions apply:

(a) The travel is required by legal mandate or court order or for law enforcement purposes.

Any exceptions granted by the state budget director shall be reported on a monthly basis to the senate and house of representatives standing committees on appropriations.

(3) Not later than January 1 of each year, each department shall prepare a travel report listing all travel by classified and unclassified employees outside this state in the immediately preceding fiscal year that was funded in whole or in part with funds appropriated in the department's budget. The report shall be submitted to the chairs and members of the senate and house of representatives standing committees on appropriations, the fiscal agencies, and the state budget director. The report shall include the following information:

(a) The name of each person receiving reimbursement for travel outside this state or whose travel costs were paid by this state.

Sec. 224. The department shall not take disciplinary action against an employee for communicating with a member of the legislature or his or her staff.

Sec. 225. It is the intent of the legislature that the administration, working with the MCOLES, continue the long-held practice that all revenue made available to the department from the Michigan justice training fund be used solely for costs directly related to the delivery of Michigan justice training fund grants, so that in the future, eligible entities as provided under 1982 PA 302, MCL 18.421 to 18.429, will have a stable and accurate source of training funds.

Sec. 226. The department of state police, in cooperation with the department of information technology and others, shall take steps to encourage the development of state, local, and regional tactical interoperable communication plans with the ultimate goal being to ensure that effective and efficient communication interoperability between radio communication systems of local, regional, state, and federal agencies is established in every area of the state. The department shall provide a written report to the senate and house appropriations subcommittees on state police and military and veterans affairs no later than April 1, 2007 on the current status of reaching this objective. The report shall include an accounting of exactly where within the state desired interoperability has been achieved and what cooperative measures

and use of technology were used to achieve this interoperability, and which areas of the state have not yet achieved such status. The report shall also include a description of what strategies need to be employed to ensure that the remaining areas of the state, and the state as a whole, will have a communication system with efficient and effective interoperability, particularly on occasions when a multijurisdictional response to an emergency is warranted.

Sec. 227. (1) From the funds appropriated in part 1, the department of state police is prohibited from transporting employees of institutions of higher education on state-owned aircraft.

(2) From the funds appropriated in part 1, the department is prohibited from transporting legislators or legislative staff on state-owned aircraft without prior approval from the senate majority leader or the speaker of the house of representatives, or both.

(3) From the funds appropriated in part 1, the department is prohibited from transporting local government employees on state-owned aircraft.

(4) It is the intent of the legislature that state elected officials use commercial or other private air service, unless air travel on state-owned aircraft is part of official state business.

(5) This section shall not apply to transportation that is related to law enforcement or homeland security activities.

Sec. 229. From the unexpended and unencumbered balance of the appropriation for the department contained in 2005 PA 159, it is the intent of the legislature that funds may be used in support of the state police retirement system for retirees who accrued overtime from 1957 through 1963. The funds shall be available for appropriation in the fiscal year ending September 30, 2007.

Sec. 230. From the unexpended and unencumbered balance of the appropriation for the department contained in 2005 PA 159, over and above that which is necessary to fulfill the objectives of section 229, shall be used toward the establishment of a trooper school. The funds shall be available for appropriation in the fiscal year ending September 30, 2007.

Sec. 232. The department shall place emphasis on recruiting MCOLES certified police officers for the trooper recruit school. Emphasis shall be given in the hiring process to those officers who are on layoff and possess valid MCOLES certification. Any emphasis given in the recruiting and selection process shall be consistent with the department's hiring standards and in accordance with civil service rules. These user fees shall be subject to provisions of an interagency agreement between the department and the department of information technology.

Sec. 303. Amounts appropriated in part 1 for information technology may be designated as work projects and carried forward to support technology projects under the direction of the department of information technology. Funds designated in this manner are not available for expenditure until approved as work projects under section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a.

Sec. 304. The report shall include a description of departmental measures to protect the security of information in the LEIN system including safeguards that would prevent unauthorized persons from obtaining information from the LEIN system. The department shall submit a copy of this report to the senate and house appropriations committees not later than April 1, 2007.

Sec. 305. The criminal justice information systems policy council shall advise LEIN auditors, as a part of their audit of law enforcement agencies, to investigate in depth all suspected incidents of improper access or improper use of information from the LEIN system and determine whether or not those incidents were illegal. In those incidents that may be determined to be illegal, the executive secretary for the council shall determine whether those incidents were of a negligent or criminal nature. If an incident is determined to be an illegal act, the council shall inform the chairs of both the senate and house appropriations committees.

The LEIN system shall also include any nonstandard probation terms.

(2) If the department determines that amendments to the code of criminal procedure, 1927 PA 175, MCL 760.1 to 777.69, are required to include all probation information on the LEIN system, the department shall deliver to members of the senate and house appropriations subcommittees on state police and military affairs amendments to the code of criminal procedure, 1927 PA 175, MCL 760.1 to 777.69, that, in the department's view, are necessary to accomplish this goal. The department of state police shall serve as an active liaison between the department of information technology and local public safety agencies to facilitate the use of the Michigan public safety communications system towers by those local public safety agencies that have an interest in using the towers as a part of their own communications system. The department of state police shall deliver a written report to the senate and house appropriations subcommittees on state police and military and veterans affairs by April 1, 2007, which shall include an assessment of the progress toward establishing local public safety agency use of the Michigan public safety communications system towers, an accounting of problems that may be preventing local use of the towers, and any recommendations the department has that may foster this utilization.

Each quarterly report shall contain updated information on collection levels, revised projected grant allotments to counties for the year, a comparison of projected collections and grant distribution levels with the funds appropriated in part 1 for the secondary road patrol program, and the extent collection levels have exceeded or failed to meet appropriated levels for the current fiscal year or expenditure levels from the previous fiscal year.

EMERGENCY MANAGEMENT

Sec. 801. (1) The state director of emergency management may expend money appropriated under this article to call upon any agency or department of the state or any resource of the state to protect life or property or to provide for the health or safety of the population in any area of the state in which the governor proclaims a state of emergency or state of disaster under 1945 PA 302, MCL 10.31 to 10.33, or under the emergency management act, 1976 PA 390, MCL 30.401 to 30.421. The state director of emergency management may expend the amounts the director considers necessary to accomplish these purposes. The director shall submit to the state budget director as soon as possible a complete report of all actions taken under the authority of this section. The report shall contain, as a separate item, a statement of all money expended that is not reimbursable from federal money. The state budget director shall review the expenditures and submit recommendations to the legislature in regard to any possible need for a supplemental appropriation.

(2) In addition to the money appropriated in this article, the department may receive and expend money from local, private, federal, or state sources for the purpose of providing emergency management training to local or private interests and for the purpose of supporting emergency preparedness, response, recovery, and mitigation activity. If additional expenditure authorization in the Michigan administrative information network is approved by the state budget office under this section, the department and the state budget office shall notify the house and senate appropriations subcommittees on state police and military and veterans affairs and the house and senate fiscal agencies within 10 days after the approval. The notification shall include the amount and source of the additional authorization, the date of its approval, and the projected use of funds to be expended under the authorization.

If additional expenditure authorization in the Michigan administrative information network is approved by the state budget office under this section, the department and the state budget office shall notify the house and senate appropriations subcommittees on state police and military and veterans affairs and the house and senate fiscal agencies within 10 days after the approval. The notification shall include the amount and source of the additional authorization, the date of its approval, and the projected use of funds to be expended under the authorization.

Sec. 205. (1) A hiring freeze is imposed on the state classified civil service. State departments and agencies are prohibited from hiring any new state classified civil service employees and prohibited from filling any vacant state classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from 1 position to another within a department.

(2) The state budget director may grant exceptions to this hiring freeze when the state budget director believes that the hiring freeze will result in rendering a state department or agency unable to deliver basic services, causes loss of revenue to the state, would result in the inability of the state to receive federal funds, or would necessitate additional expenditures that exceed any savings from maintaining a vacancy. The state budget director shall report by the thirtieth of each month to the chairpersons of the senate and house of representatives standing committees on appropriations the number of exceptions to the hiring freeze approved during the previous month and the reasons to justify the exception.

Sec. 207. At least 90 days before beginning any effort to privatize, the department shall submit a complete project plan to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies. Sec. 210. The director of each department receiving appropriations in part 1 may take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both. The director shall encourage firms with which the department contracts to subcontract with certified businesses in deprived and depressed communities for services, supplies, or both.

(e) The travel is necessary to secure specialized training for staff that is not available within this state, or through the Internet, computer classes, or correspondence.

(f) The travel is financed entirely by federal or nonstate funds.

(2) If out-of-state travel is necessary but does not meet 1 or more of the conditions in subsection (1), the state budget director may grant an exception to allow the travel. Any exceptions granted by the state budget director shall be reported on a monthly basis to the house and senate appropriations committees.

(3) Not later than January 1 of each year, each department shall prepare a travel report listing all travel by classified and unclassified employees outside this state in the immediately preceding fiscal year that was funded in whole or in part with funds appropriated in the department's budget. In The Chair: President

The question being on concurring in the committee recommendation to give the bill immediate effect,
The recommendation was concurred in, 2/3 of the members serving voting therefor.

Senator Scott asked and was granted unanimous consent to make a statement and moved that the statement be printed in the Journal.

The motion prevailed.

Senator Scott's statement is as follows:

As the minority vice chair for the Senate Appropriations Subcommittee on Human Services, I was happy to sign the conference report that appropriates funds to the Department of Human Services for the fiscal year that begins October 1. I want to thank the chair of the committee for his leadership and his unique ability to work so well with all vested parties.

The inclusion in the final budget included several of my amendments to: increase funding for the Michigan Coordinated Access to Food for the Elderly (MiCAFE), a food assistance program for seniors; provide a \$2 million allocation for the Wayne County juvenile justice/abuse and neglect programs; give an increase to providers who assist runaway and homeless youth; and will provide additional administrative dollars for the Children's Trust Fund.

I was pleased to see that my colleagues recognized the importance of protecting our youth and seniors. We are talking about groceries for people who often cannot afford them and help for families who might not otherwise be able to stay together. What greater need?

So, again, I thank the chair and my colleagues for their support of these initiatives and for final passage of the DHS conference report.

Senator Hammerstrom moved that joint rule 9 be suspended to permit immediate consideration of the conference report relative to the following bill:

Senate Bill No. 1095

The motion prevailed, a majority of the members serving voting therefor.

Senator Jelinek submitted the following:

The written agreement shall be approved by all affected districts at least annually and shall specify the educational programs to be provided and the estimated number of pupils from each district who will participate in the educational programs.

(5) "Department", except in ~~sections 107 and 107b~~ **SECTION 107**, means the department of education.

(6) "District" means a local school district established under the revised school code, a local act school district, or, except in sections 6(4), 6(6), 13, 20, 22a, 23, 31a, 105, and 105c, a public school academy. (7) "District of residence", except as otherwise provided in this subsection, means the district in which a pupil's custodial parent or parents or legal guardian resides. For a pupil described in section 24b, the pupil's district of residence is the district in which the pupil enrolls under that section. For a pupil described in section 6(4)(d), the pupil's district of residence shall be considered to be the district or intermediate district in which the pupil is counted in membership under that section. For a pupil under court jurisdiction who is placed outside the district in which the pupil's custodial parent or parents or legal guardian resides, the pupil's district of residence shall be considered to be the educating district or educating intermediate district.

(8) "District superintendent" means the superintendent of a district, the chief administrator of a public school academy, or the chief administrator of a university school.

Sec. 6. (1) "Center program" means a program operated by a district or intermediate district for special education pupils from several districts in programs for ~~the autistically impaired, trainable mentally impaired, severely mentally impaired, severely multiply impaired, hearing impaired, physically and otherwise health impaired, and visually impaired~~ **PUPILS WITH AUTISM SPECTRUM DISORDER, PUPILS WITH SEVERE COGNITIVE IMPAIRMENT, PUPILS WITH MODERATE COGNITIVE IMPAIRMENT, PUPILS WITH SEVERE MULTIPLE IMPAIRMENTS, PUPILS WITH HEARING IMPAIRMENT, PUPILS WITH VISUAL IMPAIRMENT, AND PUPILS WITH PHYSICAL IMPAIRMENT OR OTHER HEALTH IMPAIRMENT**. Programs for ~~emotionally impaired~~ pupils **WITH EMOTIONAL IMPAIRMENT** housed in buildings that do not serve regular education pupils also qualify. Unless otherwise approved by the department, a center program either shall serve all constituent districts within an intermediate district or shall serve several districts with less than 50% of the pupils residing in the operating district. In addition, special education center program pupils placed part-time in noncenter programs to comply with the least restrictive environment provisions of section 612 of part B of the individuals with disabilities education act, 20 USC 1412, may be considered center program pupils for pupil accounting purposes for the time scheduled in either a center program or a noncenter program.

(2) "District and high school graduation rate" means the annual completion and pupil dropout rate that is calculated by the center pursuant to nationally recognized standards.

(3) "District and high school graduation report" means a report of the number of pupils, excluding adult participants, in the district for the immediately preceding school year, adjusted for those pupils who have transferred into or out of the district or high school, who leave high school with a diploma or other credential of equal status.

(4) "Membership", except as otherwise provided in this act, means for a district, public school academy, university school, or intermediate district the sum of the product of .75 times the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the pupil membership count day for the current school year, plus the product of .25 times the final audited count from the supplemental count day for the immediately preceding school year. All pupil counts used in this subsection are as determined by the department and calculated by adding the number of pupils registered for attendance plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by a subsequent department audit. The amount of the foundation allowance for a pupil in membership is determined under section 20. In making the calculation of membership, all of the following, as applicable, apply to determining the membership of a district, public school academy, university school, or intermediate district:

(a) Except as otherwise provided in this subsection, and pursuant to subsection (6), a pupil shall be counted in membership in the pupil's educating district or districts. An individual pupil shall not be counted for more than a total of 1.0 full-time equated membership.

(b) If a pupil is educated in a district other than the pupil's district of residence, if the pupil is not being educated as part of a cooperative education program, if the pupil's district of residence does not give the educating district its approval to count the pupil in membership in the educating district, and if the pupil is not covered by an exception specified in subsection (6) to the requirement that the educating district must have the approval of the pupil's district of residence to count the pupil in membership, the pupil shall not be counted in membership in any district.

(c) A special education pupil educated by the intermediate district shall be counted in membership in the intermediate district.

(d) A pupil placed by a court or state agency in an on-grounds program of a juvenile detention facility, a child caring institution, or a mental health institution, or a pupil funded under section 53a, shall be counted in membership in the district or intermediate district approved by the department to operate the program.

(e) A pupil enrolled in the Michigan schools for the deaf and blind shall be counted in membership in the pupil's intermediate district of residence.

(f) A pupil enrolled in a vocational education program supported by a millage levied over an area larger than a single district or in an area vocational-technical education program established pursuant to section 690 of the revised school code, MCL 380.690, shall be counted only in the pupil's district of residence.

(g) A pupil enrolled in a university school shall be counted in membership in the university school.

(h) A pupil enrolled in a public school academy shall be counted in membership in the public school academy.

(i) For a new district, university school, or public school academy beginning its operation after December 31, 1994, membership for the first 2 full or partial fiscal years of operation shall be determined as follows:

(i) If operations begin before the pupil membership count day for the fiscal year, membership is the average number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the pupil membership count day for the current school year and on the supplemental count day for the current school year, as determined by the department and calculated by adding the number of pupils registered for attendance on the pupil membership count day plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by a subsequent department audit, plus the final audited count from the supplemental count day for the current school year, and dividing that sum by 2.

(ii) If operations begin after the pupil membership count day for the fiscal year and not later than the supplemental count day for the fiscal year, membership is the final audited count of the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the supplemental count day for the current school year.

(j) If a district is the authorizing body for a public school academy, then, in the first school year in which pupils are counted in membership on the pupil membership count day in the public school academy, the determination of the district's membership shall exclude from the district's pupil count for the immediately preceding supplemental count day any pupils who are counted in the public school academy on that first pupil membership count day who were also counted in the district on the immediately preceding supplemental count day.

(k) In a district, public school academy, university school, or intermediate district operating an extended school year program approved by the superintendent, a pupil enrolled, but not scheduled to be in regular daily attendance on a pupil membership count day, shall be counted.

(l) Pupils to be counted in membership shall be not less than 5 years of age on December 1 and less than 20 years of age on September 1 of the school year except a special education pupil who is enrolled and receiving instruction in a special education program or service approved by the department and not having a high school diploma who is less than 26 years of age as of September 1 of the current school year shall be counted in membership.

(m) An individual who has obtained a high school diploma shall not be counted in membership. An individual who has obtained a general educational development (G.E.D.) certificate shall not be counted in membership. An individual participating in a job training program funded under former section 107a or a jobs program funded under former section 107b, administered by the Michigan strategic fund or the department of labor and economic growth, or participating in any successor of either of those 2 programs, shall not be counted in membership.

(n) If a pupil counted in membership in a public school academy is also educated by a district or intermediate district as part of a cooperative education program, the pupil shall be counted in membership only in the public school academy unless a written agreement signed by all parties designates the party or parties in which the pupil shall be counted in membership, and the instructional time scheduled for the pupil in the district or intermediate district shall be included in the full-time equated membership determination under subdivision (q). However, for pupils receiving instruction in both a public school academy and in a district or intermediate district but not as a part of a cooperative education program, the following apply:

(i) If the public school academy provides instruction for at least 1/2 of the class hours specified in subdivision (q), the public school academy shall receive as its prorated share of the full-time equated membership for each of those pupils an amount equal to 1 times the product of the hours of instruction the public school academy provides divided by the number of hours specified in subdivision (q) for full-time equivalency, and the remainder of the full-time membership for each of those pupils shall be allocated to the district or intermediate district providing the remainder of the hours of instruction.

(ii) If the public school academy provides instruction for less than 1/2 of the class hours specified in subdivision (q), the district or intermediate district providing the remainder of the hours of instruction shall receive as its prorated share of the full-time equated membership for each of those pupils an amount equal to 1 times the product of the hours of instruction the district or intermediate district provides divided by the number of hours specified in subdivision (q) for full-time equivalency, and the remainder of the full-time membership for each of those pupils shall be allocated to the public school academy.

(o) An individual less than 16 years of age as of September 1 of the current school year who is being educated in an alternative education program shall not be counted in membership if there are also adult education participants being educated in the same program or classroom.

(p) The department shall give a uniform interpretation of full-time and part-time memberships.

(q) The number of class hours used to calculate full-time equated memberships shall be consistent with section 101(3). In determining full-time equated memberships for pupils who are enrolled in a postsecondary institution, a pupil shall not be considered to be less than a full-time equated pupil solely because of the effect of his or her postsecondary enrollment, including necessary travel time, on the number of class hours provided by the district to the pupil.

(r) Full-time equated memberships for pupils in kindergarten shall be determined by dividing the number of class hours scheduled and provided per year per kindergarten pupil by a number equal to $1/2$ the number used for determining full-time equated memberships for pupils in grades 1 to 12. ~~However, beginning in 2006-2007, if a pupil is eligible to enroll in kindergarten but is enrolled in a prekindergarten, developmental kindergarten, or similar class, the pupil shall not be counted as a pupil in membership, and the costs associated with educating the pupil shall instead be reported and reimbursed under section 31b.~~

(s) For a district, university school, or public school academy that has pupils enrolled in a grade level that was not offered by the district, university school, or public school academy in the immediately preceding school year, the number of pupils enrolled in that grade level to be counted in membership is the average of the number of those pupils enrolled and in regular daily attendance on the pupil membership count day and the supplemental count day of the current school year, as determined by the department. Membership shall be calculated by adding the number of pupils registered for attendance in that grade level on the pupil membership count day plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by subsequent department audit, plus the final audited count from the supplemental count day for the current school year, and dividing that sum by 2.

(t) A pupil enrolled in a cooperative education program may be counted in membership in the pupil's district of residence with the written approval of all parties to the cooperative agreement.

(u) If, as a result of a disciplinary action, a district determines through the district's alternative or disciplinary education program that the best instructional placement for a pupil is in the pupil's home **OR OTHERWISE APART FROM THE GENERAL SCHOOL POPULATION**, if that placement is authorized in writing by the district superintendent and district alternative or disciplinary education supervisor, and if the district provides appropriate instruction as described in this subdivision to the pupil at the pupil's home **OR OTHERWISE APART FROM THE GENERAL SCHOOL POPULATION**, the district may count the pupil in membership on a pro rata basis, with the proration based on the number of hours of instruction the district actually provides to the pupil divided by the number of hours specified in subdivision (q) for full-time equivalency. For the purposes of this subdivision, a district shall be considered to be providing appropriate instruction if all of the following are met:

(i) The district provides at least 2 nonconsecutive hours of instruction per week to the pupil at the pupil's home **OR OTHERWISE APART FROM THE GENERAL SCHOOL POPULATION** under the supervision of a certificated teacher.

(ii) The district provides instructional materials, resources, and supplies, except computers, that are comparable to those otherwise provided in the district's alternative education program.

(iii) Course content is comparable to that in the district's alternative education program.

(iv) Credit earned is awarded to the pupil and placed on the pupil's transcript.

(v) A pupil enrolled in an alternative or disciplinary education program described in section 25 shall be counted in membership in the district or public school academy that expelled the pupil.

(w) If a pupil was enrolled in a public school academy on the pupil membership count day, if the public school academy's contract with its authorizing body is revoked or the public school academy otherwise ceases to operate, and if the pupil enrolls in a district within 45 days after the pupil membership count day, the department shall adjust the district's pupil count for the pupil membership count day to include the pupil in the count.

(x) For a public school academy that has been in operation for at least 2 years and that suspended operations for at least 1 semester and is resuming operations, membership is the sum of the product of .75 times the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the first pupil membership count day or supplemental count day, whichever is first, occurring after operations resume, plus the product of .25 times the final audited count from the most recent pupil membership count day or supplemental count day that occurred before suspending operations, as determined by the superintendent.

(y) If a district's membership for a particular fiscal year, as otherwise calculated under this subsection, would be less than 1,550 pupils and the district has 4.5 or fewer pupils per square mile, as determined by the department, and if the district does not receive funding under section 22d, the district's membership shall be considered to be the membership figure calculated under this subdivision. If a district educates and counts in its membership pupils in grades 9 to 12 who reside in a contiguous district that does not operate grades 9 to 12 and if 1 or both of the affected districts request the department to use the determination allowed under this sentence, the department shall include the square mileage

of both districts in determining the number of pupils per square mile for each of the districts for the purposes of this subdivision. The membership figure calculated under this subdivision is the greater of the following:

(i) The average of the district's membership for the 3-fiscal-year period ending with that fiscal year, calculated by adding the district's actual membership for each of those 3 fiscal years, as otherwise calculated under this subsection, and dividing the sum of those 3 membership figures by 3.

(ii) The district's actual membership for that fiscal year as otherwise calculated under this subsection.

(z) If a public school academy that is not in its first or second year of operation closes at the end of a school year and does not reopen for the next school year, the department shall adjust the membership count of the district in which a former pupil of the public school academy enrolls and is in regular daily attendance for the next school year to ensure that the district receives the same amount of membership aid for the pupil as if the pupil were counted in the district on the supplemental count day of the preceding school year.

~~(aa) For 2005-2006 only, if a pupil who has been evacuated from another state and has relocated in this state due to a natural disaster enrolls in a district within 60 days after the pupil membership count day, the department shall adjust the district's pupil count for the pupil membership count day to include the pupil in the count.~~

(AA) ~~(bb)~~ Full-time equated memberships for preprimary-aged special education pupils who are not enrolled in kindergarten but are enrolled in a classroom program under R 340.1754 of the Michigan administrative code shall be determined by dividing the number of class hours scheduled and provided per year by 450. Full-time equated memberships for preprimary-aged special education pupils who are not enrolled in kindergarten but are receiving nonclassroom services under R 340.1755 of the Michigan administrative code shall be determined by dividing the number of hours of service scheduled and provided per year per pupil by 180.

(BB) ~~(cc)~~ Full-time equated memberships for pupils enrolled in a public school academy that is wholly contained within a county juvenile detention facility shall be considered to be the average daily attendance of pupils enrolled in the public school academy for the immediately preceding fiscal year, as reported by the public school academy and audited by the intermediate district in which the public school academy is located. However, if a public school academy described in this subdivision does not provide definitive information to the auditing intermediate district to support the pupil memberships generated by average daily attendance, then full-time equated memberships for pupils enrolled in that public school academy shall be calculated as otherwise provided under this subsection.

(CC) A PUPIL OF A DISTRICT THAT BEGINS ITS SCHOOL YEAR AFTER LABOR DAY WHO IS ENROLLED IN AN INTERMEDIATE DISTRICT PROGRAM THAT BEGINS BEFORE LABOR DAY SHALL NOT BE CONSIDERED TO BE LESS THAN A FULL-TIME PUPIL SOLELY DUE TO INSTRUCTIONAL TIME SCHEDULED BUT NOT ATTENDED BY THE PUPIL BEFORE LABOR DAY.

(5) "Public school academy" means a public school academy, urban high school academy, or strict discipline academy operating under the revised school code.

(6) "Pupil" means a person in membership in a public school. A district must have the approval of the pupil's district of residence to count the pupil in membership, except approval by the pupil's district of residence is not required for any of the following:

A person who intentionally makes a false report of a crime to law enforcement officials for the purposes of this subdivision is subject to section 411a of the Michigan penal code, 1931 PA 328, MCL 750.411a, which provides criminal penalties for that conduct. A pupil who is excused from attendance on the pupil membership count day or supplemental count day and who fails to attend each of the classes in which the pupil is enrolled within 30 calendar days after the pupil membership count day or supplemental count day shall not be counted as 1.0 full-time equated membership. (20) "University school" means an instructional program operated by a public university under section 23 that meets the requirements of section 23.

Sec. 11. (1) ~~For the fiscal year ending September 30, 2005, there is appropriated for the public schools of this state and certain other state purposes relating to education the sum of \$10,907,222,200.00 from the state school aid fund established by section 11 of article IX of the state constitution of 1963, the sum of \$41,100,000.00 from the proceeds of capitalization of the school bond loan fund revolving fund, and the sum of \$165,200,000.00 from the general fund.~~ For the fiscal year ending September 30, 2006, there is appropriated for the public schools of this state and certain other state purposes relating to education the sum of ~~\$11,257,600,000.00~~ **\$11,200,813,200.00** from the state school aid fund established by section 11 of article IX of the state constitution of 1963, the sum of \$44,500,000.00 from the proceeds of capitalization of the school bond loan fund revolving fund, and the sum of \$62,714,000.00 from the general fund. **FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2007, THERE IS APPROPRIATED FOR THE PUBLIC SCHOOLS OF THIS STATE AND CERTAIN OTHER STATE PURPOSES RELATING TO EDUCATION THE SUM OF \$11,647,508,200.00 FROM THE STATE SCHOOL AID FUND ESTABLISHED BY SECTION 11 OF ARTICLE IX OF THE STATE CONSTITUTION OF 1963 AND THE SUM OF \$35,000,000.00 FROM THE GENERAL FUND.** In addition, available federal funds are appropriated for each fiscal year.

(2) The appropriations under this section shall be allocated as provided in this act. Money appropriated under this section from the general fund shall be expended to fund the purposes of this act before the expenditure of money appropriated under this section from the state school aid fund. If the maximum amount appropriated under this section from the state school aid fund for a fiscal year exceeds the amount necessary to fully fund allocations under this act from the state school aid fund, that excess amount shall not be expended in that state fiscal year and shall not lapse to the general fund, but instead shall be deposited into the school aid stabilization fund created in section 11a.

(3) If the maximum amount appropriated under this section from the state school aid fund and the school aid stabilization fund for a fiscal year exceeds the amount available for expenditure from the state school aid fund for that fiscal year, payments under sections 11f, 11g, 11j, 22a, 26a, 26b, 31d, ~~31F~~, 51a(2), 51a(12), 51c, 53a, and 56 shall be made in full. In addition, for districts beginning operations after 1994-95 that qualify for payments under section 22b, payments under section 22b shall be made so that the qualifying districts receive the lesser of an amount equal to the 1994-95 foundation allowance of the district in which the district beginning operations after 1994-95 is located or \$5,500.00. The amount of the payment to be made under section 22b for these qualifying districts shall be as calculated under section 22a, with the balance of the payment under section 22b being subject to the proration otherwise provided under this subsection and subsection (4). If proration is necessary, ~~after 2002-2003~~, state payments under each of the other sections of this act from all state funding sources shall be prorated in the manner prescribed in subsection (4) as necessary to reflect the amount available for expenditure from the state school aid fund for the affected fiscal year. However, if the department of treasury determines that proration will be required under this subsection, or if the department of treasury determines that further proration is required under this subsection after an initial proration has already been made for a fiscal year, the department of treasury shall notify the state budget director, and the state budget director shall notify the legislature at least 30 calendar days or 6 legislative session days, whichever is more, before the department reduces any payments under this act because of the proration. During the 30 calendar day or 6 legislative session day period after that notification by the state budget director, the department shall not reduce any payments under this act because of proration under this subsection. The legislature may prevent proration from occurring by, within the 30 calendar day or 6 legislative session day period after that notification by the state budget director, enacting legislation appropriating additional funds from the general fund, countercyclical budget and economic stabilization fund, state school aid fund balance, or another source to fund the amount of the projected shortfall.

(4) If proration is necessary, the department shall calculate the proration in district and intermediate district payments that is required under subsection (3) as follows:

(a) The department shall calculate the percentage of total state school aid allocated under this act for the affected fiscal year for each of the following:

(i) Districts.

(ii) Intermediate districts.

(iii) Entities other than districts or intermediate districts.

(b) The department shall recover a percentage of the proration amount required under subsection (3) that is equal to the percentage calculated under subdivision (a)(i) for districts by reducing payments to districts. This reduction shall be made by calculating an equal dollar amount per pupil as necessary to recover this percentage of the proration amount and reducing each district's total state school aid from state sources, other than payments under sections 11f, 11g, 11j, 22a, 26a, 26b, 31d, ~~31F~~, 51a(2), 51a(12), 51c, and 53a, by that amount.

(c) The department shall recover a percentage of the proration amount required under subsection (3) that is equal to the percentage calculated under subdivision (a)(ii) for intermediate districts by reducing payments to intermediate districts. This reduction shall be made by reducing the payments to each intermediate district, other than payments under sections 11f, 11g, 26a, 26b, 51a(2), 51a(12), 53a, and 56, on an equal percentage basis.

(d) The department shall recover a percentage of the proration amount required under subsection (3) that is equal to the percentage calculated under subdivision (a)(iii) for entities other than districts and intermediate districts by reducing payments to these entities. This reduction shall be made by reducing the payments to each of these entities, other than payments under sections 11j, 26a, and 26b, on an equal percentage basis.

(5) Except for the allocation under section 26a, any general fund allocations under this act that are not expended by the end of the state fiscal year are transferred to the school aid stabilization fund created under section 11a.

Sec. 11a. (1) The school aid stabilization fund is created as a separate account within the state school aid fund established by section 11 of article IX of the state constitution of 1963.

(2) The state treasurer may receive money or other assets from any source for deposit into the school aid stabilization fund. The state treasurer shall deposit into the school aid stabilization fund all of the following:

(a) Unexpended and unencumbered state school aid fund revenue for a fiscal year that remains in the state school aid fund as of the bookclosing for that fiscal year.

(b) Money statutorily dedicated to the school aid stabilization fund.

(c) Money appropriated to the school aid stabilization fund.

(3) Money available in the school aid stabilization fund may not be expended without a specific appropriation from the school aid stabilization fund. Money in the school aid stabilization fund shall be expended only for purposes for which state school aid fund money may be expended.

(4) The state treasurer shall direct the investment of the school aid stabilization fund. The state treasurer shall credit to the school aid stabilization fund interest and earnings from fund investments.

(5) Money in the school aid stabilization fund at the close of a fiscal year shall remain in the school aid stabilization fund and shall not lapse to the unreserved school aid fund balance or the general fund.

(6) If the maximum amount appropriated under section 11 from the state school aid fund for a fiscal year exceeds the amount available for expenditure from the state school aid fund for that fiscal year, there is appropriated from the school aid stabilization fund to the state school aid fund an amount equal to the projected shortfall as determined by the department of treasury, but not to exceed available money in the school aid stabilization fund. If the money in the school aid stabilization fund is insufficient to fully fund an amount equal to the projected shortfall, the state budget director shall notify the legislature as required under section 11(3) and state payments in an amount equal to the remainder of the projected shortfall shall be prorated in the manner provided under section 11(4).

(7) ~~Each school fiscal year for 2004-2005 and for 2005-2006~~ **FOR 2006-2007**, there is transferred from the school aid stabilization fund to the state school aid fund the amount necessary to fully fund the allocations under this act.

Sec. 11f. (1) From the appropriations under section 11, there is allocated for the purposes of this section an amount not to exceed \$32,000,000.00 for the fiscal year ending September 30, ~~2006~~ **2007** and for each succeeding fiscal year through the fiscal year ending September 30, 2008. Payments under this section will cease after September 30, 2008. These allocations are for paying the amounts described in subsection (4) to districts and intermediate districts, other than those receiving a lump sum payment under subsection (2), that were not plaintiffs in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492 and that, on or before March 2, 1998, submitted to the state treasurer a board resolution waiving any right or interest the district or intermediate district has or may have in any claim or litigation based on or arising out of any claim or potential claim through September 30, 1997 that is or was similar to the claims asserted by the plaintiffs in the consolidated cases known as Durant v State of Michigan. The waiver resolution shall be in form and substance as required under subsection (7). The state treasurer is authorized to accept such a waiver resolution on behalf of this state. The amounts described in this subsection represent offers of settlement and compromise of any claim or claims that were or could have been asserted by these districts and intermediate districts, as described in this subsection.

(2) In addition to any other money appropriated under this act, there was appropriated from the state school aid fund an amount not to exceed \$1,700,000.00 for the fiscal year ending September 30, 1999. This appropriation was for paying the amounts described in this subsection to districts and intermediate districts that were not plaintiffs in the consolidated cases known as Durant v State of Michigan; that, on or before March 2, 1998, submitted to the state treasurer a board resolution waiving any right or interest the district or intermediate district had or may have had in any claim or litigation based on or arising out of any claim or potential claim through September 30, 1997 that is or was similar to the claims asserted by the plaintiffs in the consolidated cases known as Durant v State of Michigan; and for which the total amount listed in section 11h and paid under this section was less than \$75,000.00. For a district or intermediate district qualifying for a payment under this subsection, the entire amount listed for the district or intermediate district in section 11h was paid in a lump sum on November 15, 1998 or on the next business day following that date. The amounts paid under this subsection represent offers of settlement and compromise of any claim or claims that were or could have been asserted by these districts and intermediate districts, as described in this subsection.

(3) This section does not create any obligation or liability of this state to any district or intermediate district that does not submit a waiver resolution described in this section. This section, any other provision of this act, and section 353e of the management and budget act, 1984 PA 431, MCL 18.1353e, are not intended to admit liability or waive any defense that is or would be available to this state or its agencies, employees, or agents in any litigation or future litigation with a district or intermediate district.

(4) The amount paid each fiscal year to each district or intermediate district under subsection (1) shall be 1/20 of the total amount listed in section 11h for each listed district or intermediate district that qualifies for a payment under subsection (1). The amounts listed in section 11h and paid in part under this subsection and in a lump sum under subsection (2) are offers of settlement and compromise to each of these districts or intermediate districts to resolve, in their entirety, any claim or claims that these districts or intermediate districts may have asserted for violations of section 29 of article IX of the state constitution of 1963 through September 30, 1997, which claims are or were similar to the claims asserted by the plaintiffs in the consolidated cases known as Durant v State of Michigan. This section, any other provision of this act, and section 353e of the management and budget act, 1984 PA 431, MCL 18.1353e, shall not be construed to constitute an admission of liability to the districts or intermediate districts listed in section 11h or a waiver of any defense that is or would have been available to the state or its agencies, employees, or agents in any litigation or future litigation with a district or intermediate district.

(5) The entire amount of each payment under subsection (1) each fiscal year shall be paid on November 15 of the applicable fiscal year or on the next business day following that date.

(6) Funds paid to a district or intermediate district under this section shall be used only for textbooks, electronic instructional material, software, technology, infrastructure or infrastructure improvements, school buses, school security, training for technology, an early intervening program described in subsection (8), or to pay debt service on voter-approved bonds issued by the district or intermediate district before the effective date of this section. For intermediate districts only, funds paid under this section may also be used for other nonrecurring instructional expenditures including, but not limited to, nonrecurring instructional expenditures for vocational education, or for debt service for acquisition of technology for academic support services. Funds received by an intermediate district under this section may be used for projects conducted for the benefit of its constituent districts at the discretion of the intermediate board. To the extent payments under this section are used by a district or intermediate district to pay debt service on debt payable from millage revenues, and to the extent permitted by law, the district or intermediate district may make a corresponding reduction in the number of mills levied for that debt service.

(7) The resolution to be adopted and submitted by a district or intermediate district under this section and section 11g shall read as follows:

“Whereas, the board of _____ (name of district or intermediate district) desires to settle and compromise, in their entirety, any claim or claims that the district (or intermediate district) has or had for violations of section 29 of article IX of the state constitution of 1963, which claim or claims are or were similar to the claims asserted by the plaintiffs in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492.

Whereas, the district (or intermediate district) agrees to settle and compromise these claims for the consideration described in sections 11f and 11g of the state school aid act of 1979, 1979 PA 94, MCL 388.1611f and 388.1611g, and in the amount specified for the district (or intermediate district) in section 11h of the state school aid act of 1979, 1979 PA 94, MCL 388.1611h.

Whereas, the board of _____ (name of district or intermediate district) is authorized to adopt this resolution.

Now, therefore, be it resolved as follows:

1. The board of _____ (name of district or intermediate district) waives any right or interest it may have in any claim or potential claim through September 30, 1997 relating to the amount of funding the district or intermediate district is, or may have been, entitled to receive under the state school aid act of 1979, 1979 PA 94, MCL 388.1601 to 388.1772, or any other source of state funding, by reason of the application of section 29 of article IX of the state constitution of 1963, which claims or potential claims are or were similar to the claims asserted by the plaintiffs in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492.

2. The board of _____ (name of district or intermediate district) directs its secretary to submit a certified copy of this resolution to the state treasurer no later than 5 p.m. eastern standard time on March 2, 1998, and agrees that it will not take any action to amend or rescind this resolution.

3. The board of _____ (name of district or intermediate district) expressly agrees and understands that, if it takes any action to amend or rescind this resolution, the state, its agencies, employees, and agents shall have available to them any privilege, immunity, and/or defense that would otherwise have been available had the claims or potential claims been actually litigated in any forum.

4. This resolution is contingent on continued payments by the state each fiscal year as determined under sections 11f and 11g of the state school aid act of 1979, 1979 PA 94, MCL 388.1611f and 388.1611g. However, this resolution shall

be an irrevocable waiver of any claim to amounts actually received by the school district or intermediate school district under sections 11f and 11g of the state school aid act of 1979.”.

(8) An early intervening program that uses funds received under this section shall meet either or both of the following:

(a) Shall monitor individual pupil learning for pupils in grades K to 3 and provide specific support or learning strategies to pupils in grades K to 3 as early as possible in order to reduce the need for special education placement. The program shall include literacy and numeracy supports, sensory motor skill development, behavior supports, instructional consultation for teachers, and the development of a parent/school learning plan. Specific support or learning strategies may include support in or out of the general classroom in areas including reading, writing, math, visual memory, motor skill development, behavior, or language development. These would be provided based on an understanding of the individual child’s learning needs.

(b) Shall provide early intervening strategies for pupils in grades K to 3 using school-wide systems of academic and behavioral supports and shall be scientifically research-based. The strategies to be provided shall include at least pupil performance indicators based upon response to intervention, instructional consultation for teachers, and ongoing progress monitoring. A school-wide system of academic and behavioral support should be based on a support team available to the classroom teachers. The members of this team could include the principal, special education staff, reading teachers, and other appropriate personnel who would be available to systematically study the needs of the individual child and work with the teacher to match instruction to the needs of the individual child.

Sec. 11g. (1) From the ~~general fund~~ appropriation in section 11, there is allocated for this section an amount not to exceed \$34,961,000.00 for the fiscal year ending September 30, ~~2006~~ **2007**. There is allocated for this section an amount not to exceed \$35,000,000.00 for each succeeding fiscal year through the fiscal year ending September 30, 2013. Payments under this section will cease after September 30, 2013. These allocations are for paying the amounts described in subsection (3) to districts and intermediate districts, other than those receiving a lump sum payment under section 11f(2), that were not plaintiffs in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492 and that, on or before March 2, 1998, submitted to the state treasurer a waiver resolution described in section 11f. The amounts paid under this section represent offers of settlement and compromise of any claim or claims that were or could have been asserted by these districts and intermediate districts, as described in this section.

(2) This section does not create any obligation or liability of this state to any district or intermediate district that does not submit a waiver resolution described in section 11f. This section, any other provision of this act, and section 353e of the management and budget act, 1984 PA 431, MCL 18.1353e, are not intended to admit liability or waive any defense that is or would be available to this state or its agencies, employees, or agents in any litigation or future litigation with a district or intermediate district regarding these claims or potential claims.

(3) The amount paid each fiscal year to each district or intermediate district under this section shall be the sum of the following:

(a) 1/30 of the total amount listed in section 11h for the district or intermediate district.

(b) If the district or intermediate district borrows money and issues bonds under section 11i, an additional amount in each fiscal year calculated by the department of treasury that, when added to the amount described in subdivision (a), will cause the net present value as of November 15, 1998 of the total of the 15 annual payments made to the district or intermediate district under this section, discounted at a rate as determined by the state treasurer, to equal the amount of the bonds issued by that district or intermediate district under section 11i and that will result in the total payments made to all districts and intermediate districts in each fiscal year under this section being no more than the amount appropriated under this section in each fiscal year.

(4) The entire amount of each payment under this section each fiscal year shall be paid on May 15 of the applicable fiscal year or on the next business day following that date. If a district or intermediate district borrows money and issues bonds under section 11i, the district or intermediate district shall use funds received under this section to pay debt service on bonds issued under section 11i. If a district or intermediate district does not borrow money and issue bonds under section 11i, the district or intermediate district shall use funds received under this section only for the following purposes, in the following order of priority:

(a) First, to pay debt service on voter-approved bonds issued by the district or intermediate district before the effective date of this section.

(b) Second, to pay debt service on other limited tax obligations.

(c) Third, for deposit into a sinking fund established by the district or intermediate district under the revised school code.

(5) To the extent payments under this section are used by a district or intermediate district to pay debt service on debt payable from millage revenues, and to the extent permitted by law, the district or intermediate district may make a corresponding reduction in the number of mills levied for debt service.

(6) A district or intermediate district may pledge or assign payments under this section as security for bonds issued under section 11i, but shall not otherwise pledge or assign payments under this section.

Sec. 11j. From the appropriation in section 11, ~~from the proceeds of capitalization of the school bond loan fund revolving fund,~~ there is allocated an amount not to exceed \$41,100,000.00 for 2004-2005, ~~and there is allocated an amount not to exceed \$44,500,000.00 for 2005-2006,~~ **\$48,000,000.00 FOR 2006-2007** for payments to the school loan

bond redemption fund in the department of treasury on behalf of districts and intermediate districts. Notwithstanding section 11 or any other provision of this act, funds allocated under this section are not subject to proration and shall be paid in full.

Sec. 11k. For ~~2004-2005 and 2005-2006~~ **2006-2007**, there is appropriated from the general fund to the school loan revolving fund an amount equal to the amount of school bond loans assigned to the Michigan municipal bond authority, not to exceed the total amount of school bond loans held in reserve as long-term assets. As used in this section, "school loan revolving fund" means that fund created in section 16c of the shared credit rating act, 1985 PA 227, MCL 141.1066c.

SEC. 11M. FROM THE APPROPRIATIONS IN SECTION 11, THERE IS ALLOCATED FOR 2006-2007 AN AMOUNT NOT TO EXCEED \$22,800,000.00 FOR FISCAL YEAR CASH-FLOW BORROWING COSTS SOLELY RELATED TO THE STATE SCHOOL AID FUND ESTABLISHED BY SECTION 11 OF ARTICLE IX OF THE STATE CONSTITUTION OF 1963.

Sec. 14. If the ~~returns~~ **DATA** from an intermediate district or district upon which a statement of the amount to be disbursed or paid are **DETERMINED TO BE DEFECTIVE OR INCOMPLETE**, making it impracticable to ascertain the apportionment to be disbursed or paid, the department shall withhold the amount of the apportionment that cannot be ascertained until the department is able to ascertain by the best evidence available the facts upon which the ratio and amount of the apportionment depend, and then shall make the apportionment accordingly.

Sec. 15. (1) If a district or intermediate district fails to receive its proper apportionment, the department, upon satisfactory proof that the district or intermediate district was entitled justly, shall apportion the deficiency in the next apportionment. Subject to subsections (2) and (3), if a district or intermediate district has received more than its proper apportionment, the department, upon satisfactory proof, shall deduct the excess in the next apportionment. Notwithstanding any other provision in this act, state aid overpayments to a district, other than overpayments in payments for special education or special education transportation, may be recovered from any payment made under this act other than a special education or special education transportation payment. State aid overpayments made in special education or special education transportation payments may be recovered from subsequent special education or special education transportation payments.

(2) If the result of an audit conducted by or for the department affects the current fiscal year membership, affected payments shall be adjusted in the current fiscal year. A deduction due to an adjustment made as a result of an audit conducted by or for the department, or as a result of information obtained by the department from the district, an intermediate district, the department of treasury, or the office of auditor general, shall be deducted from the district's apportionments within the next fiscal year after the fiscal year in which the adjustment is finalized. At the request of the district and upon the district presenting evidence satisfactory to the department of the hardship, the department may grant up to an additional 4 years for the adjustment if the district would otherwise experience a significant hardship.

(3) If, because of the receipt of new or updated data, the department determines during a fiscal year that the amount paid to a district or intermediate district under this act for a prior fiscal year was incorrect under the law in effect for that year, the department may make the appropriate deduction or payment in the district's or intermediate district's allocation for the fiscal year in which the determination is made. The deduction or payment shall be calculated according to the law in effect in the fiscal year in which the improper amount was paid.

(4) Expenditures made by the department under this act that are caused by the write-off of prior year accruals may be funded by revenue from the write-off of prior year accruals.

(5) In addition to funds appropriated in section 11 for all programs and services, there is appropriated each fiscal year for ~~2004-2005 and 2005-2006~~ **AND 2006-2007** for ~~prior year~~ obligations in excess of applicable ~~prior year~~ appropriations, an amount equal to the collection of ~~prior year~~ overpayments, but not to exceed amounts available from ~~prior year~~ overpayments.

Sec. 17a. (1) The department may withhold all or part of any payment that a district or intermediate district is entitled to receive under this act to the extent the withholdings are a component part of a plan, developed and implemented pursuant to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, or other statutory authority, for financing an outstanding obligation upon which the district or intermediate district defaulted. Amounts withheld shall be used to pay, on behalf of the district or intermediate district, unpaid amounts or subsequently due amounts, or both, of principal and interest on the outstanding obligation upon which the district or intermediate district defaulted.

(2) The state treasurer may withhold all or part of any payment that a district or intermediate district is entitled to receive under this act to the extent authorized or required under section 15 of the school bond qualification, approval, and loan act, **2005 PA 92, MCL 388.1935**.

(3) Under an agreement entered into by a district or intermediate district assigning all or a portion of the payment that it is eligible to receive under this act to the Michigan municipal bond authority or to the trustee of a pooled arrangement or pledging the amount for payment of an obligation it incurred with the Michigan municipal bond authority or with the trustee of a pooled arrangement, the state treasurer shall transmit to the Michigan municipal bond authority or a trustee designated by the authority or to the trustee of a pooled arrangement the amount of the payment that is assigned or pledged under the agreement. Notwithstanding the payment dates prescribed by this act for distributions under this

act, the state treasurer may advance all or part of a payment that is dedicated for distribution or for which the appropriation authorizing the payment has been made if and to the extent, under the terms of an agreement entered into by a district or intermediate district and the Michigan municipal bond authority, the payment that the district or intermediate district is eligible to receive has been assigned to or pledged for payment of an obligation it incurred with the Michigan municipal bond authority. This subsection does not require the state to make an appropriation to any school district or intermediate school district and shall not be construed as creating an indebtedness of the state, and any agreement made pursuant to this subsection shall contain a statement to that effect. As used in this subsection, "trustee of a pooled arrangement" means the trustee of a trust approved by the state treasurer and, subject to the conditions and requirements of that approval, established for the purpose of offering for sale, as part of a pooled arrangement, certificates representing undivided interests in notes issued by districts or intermediate districts under section 1225 of the revised school code, 1976 PA 451, MCL 380.1225. If a trustee applies to the state treasurer for approval of a trust for the purposes of this subsection, the state treasurer shall approve or disapprove the trust within 10 days after receipt of the application.

Sec. 17b. (1) Not later than October 20, November 20, December 20, January 20, February 20, March 20, April 20, May 20, June 20, July 20, and August 20, the department shall prepare ~~a statement~~ **ELECTRONIC FILES** of the amount to be distributed under this act in the installment to the districts and intermediate districts and deliver the ~~statement~~ **ELECTRONIC FILES** to the state treasurer, and the state treasurer shall pay the installments on each of those dates or, if the date is not a business day, on the immediately preceding business day before that date. Except as otherwise provided in this act, the portion of the district's or intermediate district's state fiscal year entitlement to be included in each installment shall be 1/11. A district or intermediate district shall accrue the payments received in July and August to the school fiscal year ending the immediately preceding June 30.

(2) The state treasurer shall make payment under this section by drawing a warrant in favor of the treasurer of each district or intermediate district for the amount payable to the district or intermediate district according to the ~~statement~~ **ELECTRONIC FILES** and delivering the warrant to the treasurer of each district or intermediate district, or if the state treasurer receives a written request by the treasurer of the district or intermediate district specifying an account, by electronic funds transfer to that account of the amount payable to the district or intermediate district according to the ~~statement~~ **ELECTRONIC FILES**. The department may make adjustments in payments made under this section through additional payments when changes in law or errors in computation cause the regularly scheduled payment to be less than the amount to which the district or intermediate district is entitled pursuant to this act.

(3) Except as otherwise provided in this act, grant payments **TO DISTRICTS AND INTERMEDIATE DISTRICTS** under this act shall be paid according to subsection (1).

(4) Upon the written request of a district or intermediate district and the submission of proof satisfactory to the department of a need of a temporary and nonrecurring nature, the superintendent, with the written concurrence of the state treasurer and the state budget director, may authorize an advance release of funds due a district or intermediate district under this act. An advance authorized under this subsection shall not cause funds to be paid to a district or intermediate district more than 30 days earlier than the established payment date for those funds.

Sec. 18. (1) Except as provided in another section of this act, each district or other entity shall apply the money received by the district or entity under this act to salaries and other compensation of teachers and other employees, tuition, transportation, lighting, heating, ventilation, water service, the purchase of textbooks which are designated by the board to be used in the schools under the board's charge, other supplies, and any other school operating expenditures defined in section 7. However, not more than 20% of the total amount received by a district under article 2 or intermediate district under article 8 may be transferred by the board to either the capital projects fund or to the debt retirement fund for debt service. The money shall not be applied or taken for a purpose other than as provided in this section. The department shall determine the reasonableness of expenditures and may withhold from a recipient of funds under this act the apportionment otherwise due for the fiscal year following the discovery by the department of a violation by the recipient.

(2) WITHIN 30 DAYS AFTER A BOARD OR INTERMEDIATE BOARD ADOPTS ITS ANNUAL OPERATING BUDGET FOR THE FOLLOWING SCHOOL FISCAL YEAR, OR AFTER A BOARD OR INTERMEDIATE BOARD ADOPTS A SUBSEQUENT REVISION TO THAT BUDGET, THE DISTRICT OR INTERMEDIATE DISTRICT SHALL MAKE THE BUDGET AND SUBSEQUENT BUDGET REVISIONS AVAILABLE ON ITS WEBSITE, OR A DISTRICT MAY MAKE THE INFORMATION AVAILABLE ON ITS INTERMEDIATE DISTRICT'S WEBSITE, IN A FORM AND MANNER PRESCRIBED BY THE DEPARTMENT.

(3) ~~(2)~~ For the purpose of determining the reasonableness of expenditures and whether a violation of this act has occurred, the department shall require that each district and intermediate district have an audit of the district's or intermediate district's financial and pupil accounting records conducted at least annually at the expense of the district or intermediate district, as applicable, by a certified public accountant or by the intermediate district superintendent, as may be required by the department, or in the case of a district of the first class by a certified public accountant, the intermediate superintendent, or the auditor general of the city. An intermediate district's annual financial audit shall be accompanied by the intermediate district's pupil accounting procedures report. A district's or intermediate district's

annual financial audit shall include an analysis of the financial and pupil accounting data used as the basis for distribution of state school aid. The pupil accounting records and reports, audits, and management letters are subject to requirements established in the auditing and accounting manuals approved and published by the department. Except as otherwise provided in this subsection, a district shall file the annual financial audit reports with the intermediate district not later than 120 days after the end of each school fiscal year and the intermediate district shall forward the annual financial audit reports for its constituent districts and for the intermediate district, and the pupil accounting procedures report for the pupil membership count day and supplemental count day, to the department not later than November 15 of each year. The annual financial audit reports and pupil accounting procedures reports shall be available to the public in compliance with the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246. Not later than December 1 of each year, the department shall notify the state budget director and the legislative appropriations subcommittees responsible for review of the school aid budget of districts and intermediate districts that have not filed an annual financial audit and pupil accounting procedures report required under this section for the school year ending in the immediately preceding fiscal year.

(4) ~~(3)~~ By November 15 of each year, each district and intermediate district shall submit to the center, in a manner prescribed by the center, annual comprehensive financial data consistent with accounting manuals and charts of accounts approved and published by the department. Effective with the report due on November 15, 2006, for an intermediate district, the report shall also contain the website address where the department can access the report required under section 620 of the revised school code, MCL 380.620.

(5) ~~(4)~~ By September 30 of each year, each district and intermediate district shall file with the department the special education actual cost report, known as "SE-4096", on a form and in the manner prescribed by the department.

(6) ~~(5)~~ By October 7 of each year, each district and intermediate district shall file with the department the transportation expenditure report, known as "SE-4094", on a form and in the manner prescribed by the department.

(7) ~~(6)~~ ~~Not later than July 1, 1999, the department shall approve and publish pupil accounting and pupil auditing manuals. The department shall review those ITS PUPIL ACCOUNTING AND PUPIL AUDITING manuals at least annually and shall periodically update those manuals to reflect changes in this act. The pupil accounting manuals in effect for the 1996-97 school year, including subsequent revisions issued by the superintendent, shall be the interim manuals in effect until new manuals are approved and published. However, the clarification of class-by-class accounting provided in the department's April 15, 1998 memorandum on pupil accounting procedures shall be excluded from the interim manuals.~~

(8) ~~(7)~~ If a district that is a public school academy purchases property using money received under this act, the public school academy shall retain ownership of the property unless the public school academy sells the property at fair market value.

(9) ~~(8)~~ If a district or intermediate district does not comply with subsection ~~(2)~~, (3), (4), ~~or~~ (5), **OR (6)**, the department shall withhold all state school aid due to the district or intermediate district under this act, beginning with the next payment due to the district or intermediate district, until the district or intermediate district complies with subsections ~~(2)~~, (3), (4), ~~and~~ (5), **AND (6)**. If the district or intermediate district does not comply with subsections ~~(2)~~, (3), (4), ~~and~~ (5), **AND (6)** by the end of the fiscal year, the district or intermediate district forfeits the amount withheld.

Sec. 20. (1) For 2005-2006, the basic foundation allowance is \$6,875.00. **FOR 2006-2007, THE BASIC FOUNDATION ALLOWANCE IS \$7,085.00.**

(2) The amount of each district's foundation allowance shall be calculated as provided in this section, using a basic foundation allowance in the amount specified in subsection (1).

(3) Except as otherwise provided in this section, the amount of a district's foundation allowance shall be calculated as follows, using in all calculations the total amount of the district's foundation allowance as calculated before any proration:

(a) Except as otherwise provided in this subsection, for a district that in the immediately preceding state fiscal year had a foundation allowance in an amount at least equal to the amount of the basic foundation allowance for the immediately preceding state fiscal year, the district shall receive a foundation allowance in an amount equal to the sum of the district's foundation allowance for the immediately preceding state fiscal year plus the dollar amount of the adjustment from the immediately preceding state fiscal year to the current state fiscal year in the basic foundation allowance. However, for 2002-2003, the foundation allowance for a district under this subdivision is an amount equal to the sum of the district's foundation allowance for the immediately preceding state fiscal year plus \$200.00.

(b) For a district that in the 1994-95 state fiscal year had a foundation allowance greater than \$6,500.00, the district's foundation allowance is an amount equal to the sum of the district's foundation allowance for the immediately preceding state fiscal year plus the lesser of the increase in the basic foundation allowance for the current state fiscal year, as compared to the immediately preceding state fiscal year, or the product of the district's foundation allowance for the immediately preceding state fiscal year times the percentage increase in the United States consumer price index in the calendar year ending in the immediately preceding fiscal year as reported by the May revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b. For 2002-2003, for a district that in the 1994-95 state fiscal year had a foundation allowance greater than \$6,500.00, the district's

foundation allowance is an amount equal to the sum of the district's foundation allowance for the immediately preceding state fiscal year plus the lesser of \$200.00 or the product of the district's foundation allowance for the immediately preceding state fiscal year times the percentage increase in the United States consumer price index in the calendar year ending in the immediately preceding fiscal year as reported by the May revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b.

(c) For a district that has a foundation allowance that is not a whole dollar amount, the district's foundation allowance shall be rounded up to the nearest whole dollar.

(d) For a district that received a payment under ~~former~~ section 22c **AS THAT SECTION WAS IN EFFECT** for 2001-2002, the district's 2001-2002 foundation allowance shall be considered to have been an amount equal to the sum of the district's actual 2001-2002 foundation allowance as otherwise calculated under this section plus the per pupil amount of the district's equity payment for 2001-2002 under ~~former~~ section 22c **AS THAT SECTION WAS IN EFFECT FOR 2001-2002.**

(E) IT IS THE INTENT OF THE LEGISLATURE THAT BEGINNING IN 2007-2008, FOR A DISTRICT THAT RECEIVES A PAYMENT UNDER SECTION 22C FOR 2006-2007, THE DISTRICT'S 2006-2007 FOUNDATION ALLOWANCE SHALL BE CONSIDERED TO HAVE BEEN AN AMOUNT EQUAL TO THE SUM OF THE DISTRICT'S ACTUAL 2006-2007 FOUNDATION ALLOWANCE AS OTHERWISE CALCULATED UNDER THIS SECTION PLUS THE PER PUPIL AMOUNT OF THE DISTRICT'S EQUITY PAYMENT FOR 2006-2007 UNDER SECTION 22C.

(4) Except as otherwise provided in this subsection, the state portion of a district's foundation allowance is an amount equal to the district's foundation allowance or \$6,500.00, whichever is less, minus the difference between the product of the taxable value per membership pupil of all property in the district that is not a principal residence or qualified agricultural property times the lesser of 18 mills or the number of mills of school operating taxes levied by the district in 1993-94 and the quotient of the ad valorem property tax revenue of the district captured under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980 PA 450, MCL 125.1801 to 125.1830, the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174, or the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2672, divided by the district's membership excluding special education pupils. For a district described in subsection (3)(b), the state portion of the district's foundation allowance is an amount equal to \$6,962.00 plus the difference between the district's foundation allowance for the current state fiscal year and the district's foundation allowance for 1998-99, minus the difference between the product of the taxable value per membership pupil of all property in the district that is not a principal residence or qualified agricultural property times the lesser of 18 mills or the number of mills of school operating taxes levied by the district in 1993-94 and the quotient of the ad valorem property tax revenue of the district captured under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980 PA 450, MCL 125.1801 to 125.1830, the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174, or the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2672, divided by the district's membership excluding special education pupils. For a district that has a millage reduction required under section 31 of article IX of the state constitution of 1963, the state portion of the district's foundation allowance shall be calculated as if that reduction did not occur. The \$6,500.00 amount prescribed in this subsection shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and \$5,000.00, minus \$200.00.

(5) The allocation calculated under this section for a pupil shall be based on the foundation allowance of the pupil's district of residence. However, for a pupil enrolled in a district other than the pupil's district of residence, if the foundation allowance of the pupil's district of residence has been adjusted pursuant to subsection (19), the allocation calculated under this section shall not include the adjustment described in subsection (19). For a pupil enrolled pursuant to section 105 or 105c in a district other than the pupil's district of residence, the allocation calculated under this section shall be based on the lesser of the foundation allowance of the pupil's district of residence or the foundation allowance of the educating district. For a pupil in membership in a K-5, K-6, or K-8 district who is enrolled in another district in a grade not offered by the pupil's district of residence, the allocation calculated under this section shall be based on the foundation allowance of the educating district if the educating district's foundation allowance is greater than the foundation allowance of the pupil's district of residence. The calculation under this subsection shall take into account a district's per pupil allocation under section 20j(2).

(6) Subject to subsection (7) and section 22b(3) and except as otherwise provided in this subsection, for pupils in membership, other than special education pupils, in a public school academy or a university school, the allocation calculated under this section is an amount per membership pupil other than special education pupils in the public school academy or university school equal to the sum of the local school operating revenue per membership pupil other than special education pupils for the district in which the public school academy or university school is located and the state portion of that district's foundation allowance, or the sum of the basic foundation allowance under subsection (1) plus \$300.00, whichever is less. Notwithstanding section 101(2), for a public school academy that begins operations after the pupil membership count day, the amount per membership pupil calculated under this subsection shall be adjusted by multiplying that amount per membership pupil by the number of hours of pupil instruction provided by the

public school academy after it begins operations, as determined by the department, divided by the minimum number of hours of pupil instruction required under section 101(3). The result of this calculation shall not exceed the amount per membership pupil otherwise calculated under this subsection.

(7) If more than 25% of the pupils residing within a district are in membership in 1 or more public school academies located in the district, then the amount per membership pupil calculated under this section for a public school academy located in the district shall be reduced by an amount equal to the difference between the product of the taxable value per membership pupil of all property in the district that is not a principal residence or qualified agricultural property times the lesser of 18 mills or the number of mills of school operating taxes levied by the district in 1993-94 and the quotient of the ad valorem property tax revenue of the district captured under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980 PA 450, MCL 125.1801 to 125.1830, the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174, or the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2672, divided by the district's membership excluding special education pupils, in the school fiscal year ending in the current state fiscal year, calculated as if the resident pupils in membership in 1 or more public school academies located in the district were in membership in the district. In order to receive state school aid under this act, a district described in this subsection shall pay to the authorizing body that is the fiscal agent for a public school academy located in the district for forwarding to the public school academy an amount equal to that local school operating revenue per membership pupil for each resident pupil in membership other than special education pupils in the public school academy, as determined by the department.

(8) If a district does not receive an amount calculated under subsection (9); if the number of mills the district may levy on a principal residence and qualified agricultural property under section 1211(1) of the revised school code, MCL 380.1211, is 0.5 mills or less; and if the district elects not to levy those mills, the district instead shall receive a separate supplemental amount calculated under this subsection in an amount equal to the amount the district would have received had it levied those mills, as determined by the department of treasury. A district shall not receive a separate supplemental amount calculated under this subsection for a fiscal year unless in the calendar year ending in the fiscal year the district levies 18 mills or the number of mills of school operating taxes levied by the district in 1993, whichever is less, on property that is not a principal residence or qualified agricultural property.

(9) For a district that had combined state and local revenue per membership pupil in the 1993-94 state fiscal year of more than \$6,500.00 and that had fewer than 350 pupils in membership, if the district elects not to reduce the number of mills from which a principal residence and qualified agricultural property are exempt and not to levy school operating taxes on a principal residence and qualified agricultural property as provided in section 1211(1) of the revised school code, MCL 380.1211, and not to levy school operating taxes on all property as provided in section 1211(2) of the revised school code, MCL 380.1211, there is calculated under this subsection for 1994-95 and each succeeding fiscal year a separate supplemental amount in an amount equal to the amount the district would have received per membership pupil had it levied school operating taxes on a principal residence and qualified agricultural property at the rate authorized for the district under section 1211(1) of the revised school code, MCL 380.1211, and levied school operating taxes on all property at the rate authorized for the district under section 1211(2) of the revised school code, MCL 380.1211, as determined by the department of treasury. If in the calendar year ending in the fiscal year a district does not levy 18 mills or the number of mills of school operating taxes levied by the district in 1993, whichever is less, on property that is not a principal residence or qualified agricultural property, the amount calculated under this subsection will be reduced by the same percentage as the millage actually levied compares to the 18 mills or the number of mills levied in 1993, whichever is less.

(10) Subject to subsection (4), for a district that is formed or reconfigured after June 1, 2002 by consolidation of 2 or more districts or by annexation, the resulting district's foundation allowance under this section beginning after the effective date of the consolidation or annexation shall be the average of the foundation allowances of each of the original or affected districts, calculated as provided in this section, weighted as to the percentage of pupils in total membership in the resulting district who reside in the geographic area of each of the original or affected districts. The calculation under this subsection shall take into account a district's per pupil allocation under section 20j(2).

(11) Each fraction used in making calculations under this section shall be rounded to the fourth decimal place and the dollar amount of an increase in the basic foundation allowance shall be rounded to the nearest whole dollar.

(12) State payments related to payment of the foundation allowance for a special education pupil are not calculated under this section but are instead calculated under section 51a.

(13) To assist the legislature in determining the basic foundation allowance for the subsequent state fiscal year, each revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b, shall calculate a pupil membership factor, a revenue adjustment factor, and an index as follows:

(a) The pupil membership factor shall be computed by dividing the estimated membership in the school year ending in the current state fiscal year, excluding intermediate district membership, by the estimated membership for the school year ending in the subsequent state fiscal year, excluding intermediate district membership. If a consensus membership factor is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(b) The revenue adjustment factor shall be computed by dividing the sum of the estimated total state school aid fund revenue for the subsequent state fiscal year plus the estimated total state school aid fund revenue for the current state fiscal year, adjusted for any change in the rate or base of a tax the proceeds of which are deposited in that fund and excluding money transferred into that fund from the countercyclical budget and economic stabilization fund under section 353e of the management and budget act, 1984 PA 431, MCL 18.1353e, by the sum of the estimated total school aid fund revenue for the current state fiscal year plus the estimated total state school aid fund revenue for the immediately preceding state fiscal year, adjusted for any change in the rate or base of a tax the proceeds of which are deposited in that fund. If a consensus revenue factor is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(c) The index shall be calculated by multiplying the pupil membership factor by the revenue adjustment factor. However, for 2005-2006 **AND 2006-2007**, the index shall be 1.00. If a consensus index is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(14) If the principals at the revenue estimating conference reach a consensus on the index described in subsection (13)(c), the basic foundation allowance for the subsequent state fiscal year shall be at least the amount of that consensus index multiplied by the basic foundation allowance specified in subsection (1).

(15) If at the January revenue estimating conference it is estimated that pupil membership, excluding intermediate district membership, for the subsequent state fiscal year will be greater than 101% of the pupil membership, excluding intermediate district membership, for the current state fiscal year, then it is the intent of the legislature that the executive budget proposal for the school aid budget for the subsequent state fiscal year include a general fund/general purpose allocation sufficient to support the membership in excess of 101% of the current year pupil membership.

(16) For a district that had combined state and local revenue per membership pupil in the 1993-94 state fiscal year of more than \$6,500.00, that had fewer than 7 pupils in membership in the 1993-94 state fiscal year, that has at least 1 child educated in the district in the current state fiscal year, and that levies the number of mills of school operating taxes authorized for the district under section 1211 of the revised school code, MCL 380.1211, a minimum amount of combined state and local revenue shall be calculated for the district as provided under this subsection. The minimum amount of combined state and local revenue for 1999-2000 shall be \$67,000.00 plus the district's additional expenses to educate pupils in grades 9 to 12 educated in other districts as determined and allowed by the department. The minimum amount of combined state and local revenue under this subsection, before adding the additional expenses, shall increase each fiscal year by the same percentage increase as the percentage increase in the basic foundation allowance from the immediately preceding fiscal year to the current fiscal year. The state portion of the minimum amount of combined state and local revenue under this subsection shall be calculated by subtracting from the minimum amount of combined state and local revenue under this subsection the sum of the district's local school operating revenue and an amount equal to the product of the sum of the state portion of the district's foundation allowance plus the amount calculated under section 20j times the district's membership. As used in this subsection, "additional expenses" means the district's expenses for tuition or fees, not to exceed \$6,500.00 as adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and \$5,000.00, minus \$200.00, plus a room and board stipend not to exceed \$10.00 per school day for each pupil in grades 9 to 12 educated in another district, as approved by the department.

(17) For a district in which 7.75 mills levied in 1992 for school operating purposes in the 1992-93 school year were not renewed in 1993 for school operating purposes in the 1993-94 school year, the district's combined state and local revenue per membership pupil shall be recalculated as if that millage reduction did not occur and the district's foundation allowance shall be calculated as if its 1994-95 foundation allowance had been calculated using that recalculated 1993-94 combined state and local revenue per membership pupil as a base. A district is not entitled to any retroactive payments for fiscal years before 2000-2001 due to this subsection.

(18) For a district in which an industrial facilities exemption certificate that abated taxes on property with a state equalized valuation greater than the total state equalized valuation of the district at the time the certificate was issued or \$700,000,000.00, whichever is greater, was issued under 1974 PA 198, MCL 207.551 to 207.572, before the calculation of the district's 1994-95 foundation allowance, the district's foundation allowance for 2002-2003 is an amount equal to the sum of the district's foundation allowance for 2002-2003, as otherwise calculated under this section, plus \$250.00.

(19) For a district that received a grant under former section 32e for 2001-2002, the district's foundation allowance for 2002-2003 and each succeeding fiscal year shall be adjusted to be an amount equal to the sum of the district's foundation allowance, as otherwise calculated under this section, plus the quotient of 100% of the amount of the grant award to the district for 2001-2002 under former section 32e divided by the number of pupils in the district's membership for 2001-2002 who were residents of and enrolled in the district. Except as otherwise provided in this subsection, a district qualifying for a foundation allowance adjustment under this subsection shall use the funds resulting from this adjustment for at least 1 of grades K to 3 for purposes allowable under former section 32e as in

effect for 2001-2002, and may also use these funds for an early intervening program described in subsection (21). For an individual school or schools operated by a district qualifying for a foundation allowance under this subsection that have been determined by the department to meet the adequate yearly progress standards of the federal no child left behind act of 2001, Public Law 107-110, in both mathematics and English language arts at all applicable grade levels for all applicable subgroups, the district may submit to the department an application for flexibility in using the funds resulting from this adjustment that are attributable to the pupils in the school or schools. The application shall identify the affected school or schools and the affected funds and shall contain a plan for using the funds for specific purposes identified by the district that are designed to reduce class size, but that may be different from the purposes otherwise allowable under this subsection. The department shall approve the application if the department determines that the purposes identified in the plan are reasonably designed to reduce class size. If the department does not act to approve or disapprove an application within 30 days after it is submitted to the department, the application is considered to be approved. If an application for flexibility in using the funds is approved, the district may use the funds identified in the application for any purpose identified in the plan.

~~(20) For a district that is a qualifying school district with a school reform board in place under part 5a of the revised school code, MCL 380.371 to 380.376, the district's foundation allowance for 2002-2003 shall be adjusted to be an amount equal to the sum of the district's foundation allowance, as otherwise calculated under this section, plus the quotient of \$15,000,000.00 divided by the district's membership for 2002-2003. If a district ceases to meet the requirements of this subsection, the department shall adjust the district's foundation allowance in effect at that time based on a 2002-2003 foundation allowance for the district that does not include the 2002-2003 adjustment under this subsection. This subsection only applies for 2002-2003, 2003-2004, and 2004-2005. Beginning in 2005-2006, the foundation allowance of a district that received an adjustment under this subsection for those fiscal years shall be calculated as if those adjustments did not occur.~~

~~(20)~~ (21) An early intervening program that uses funds resulting from the adjustment under subsection (19) shall meet either or both of the following:

(a) Shall monitor individual pupil learning for pupils in grades K to 3 and provide specific support or learning strategies to pupils in grades K to 3 as early as possible in order to reduce the need for special education placement. The program shall include literacy and numeracy supports, sensory motor skill development, behavior supports, instructional consultation for teachers, and the development of a parent/school learning plan. Specific support or learning strategies may include support in or out of the general classroom in areas including reading, writing, math, visual memory, motor skill development, behavior, or language development. These would be provided based on an understanding of the individual child's learning needs.

(b) Shall provide early intervening strategies for pupils in grades K to 3 using schoolwide systems of academic and behavioral supports and shall be scientifically research-based. The strategies to be provided shall include at least pupil performance indicators based upon response to intervention, instructional consultation for teachers, and ongoing progress monitoring. A schoolwide system of academic and behavioral support should be based on a support team available to the classroom teachers. The members of this team could include the principal, special education staff, reading teachers, and other appropriate personnel who would be available to systematically study the needs of the individual child and work with the teacher to match instruction to the needs of the individual child.

(21) FOR A DISTRICT THAT LEVIED 1.9 MILLS IN 1993 TO FINANCE AN OPERATING DEFICIT, THE DISTRICT'S FOUNDATION ALLOWANCE SHALL BE CALCULATED AS IF THOSE MILLS WERE INCLUDED AS OPERATING MILLS IN THE CALCULATION OF THE DISTRICT'S 1994-1995 FOUNDATION ALLOWANCE. A DISTRICT IS NOT ENTITLED TO ANY RETROACTIVE PAYMENTS FOR FISCAL YEARS BEFORE 2006-2007 DUE TO THIS SUBSECTION. A DISTRICT RECEIVING AN ADJUSTMENT UNDER THIS SUBSECTION SHALL NOT RECEIVE MORE THAN \$800,000.00 FOR A FISCAL YEAR AS A RESULT OF THIS ADJUSTMENT.

(22) FOR A DISTRICT THAT LEVIED 2.23 MILLS IN 1993 TO FINANCE AN OPERATING DEFICIT, THE DISTRICT'S FOUNDATION ALLOWANCE SHALL BE CALCULATED AS IF THOSE MILLS WERE INCLUDED AS OPERATING MILLS IN THE CALCULATION OF THE DISTRICT'S 1994-1995 FOUNDATION ALLOWANCE. A DISTRICT IS NOT ENTITLED TO ANY RETROACTIVE PAYMENTS FOR FISCAL YEARS BEFORE 2006-2007 DUE TO THIS SUBSECTION. A DISTRICT RECEIVING AN ADJUSTMENT UNDER THIS SUBSECTION SHALL NOT RECEIVE MORE THAN \$500,000.00 FOR A FISCAL YEAR AS A RESULT OF THIS ADJUSTMENT.

~~(23)~~ (22) Payments to districts, university schools, or public school academies shall not be made under this section. Rather, the calculations under this section shall be used to determine the amount of state payments under section 22b.

~~(24)~~ (23) If an amendment to section 2 of article VIII of the state constitution of 1963 allowing state aid to some or all nonpublic schools is approved by the voters of this state, each foundation allowance or per pupil payment calculation under this section may be reduced.

~~(25)~~ (24) As used in this section:

(j) “School operating taxes” means local ad valorem property taxes levied under section 1211 of the revised school code, MCL 380.1211, and retained for school operating purposes.

(k) “Taxable value per membership pupil” means taxable value, as certified by the department of treasury, for the calendar year ending in the current state fiscal year divided by the district’s membership excluding special education pupils for the school year ending in the current state fiscal year.

Sec. 20j. (1) Foundation allowance supplemental payments for ~~2005-2006~~ **2006-2007** to districts that in the 1994-95 state fiscal year had a foundation allowance greater than \$6,500.00 shall be calculated under this section.

(2) The per pupil allocation to each district under this section shall be the difference between the dollar amount of the adjustment from the 1998-99 state fiscal year to the current state fiscal year in the basic foundation allowance minus the dollar amount of the adjustment from the 1998-99 state fiscal year to the current state fiscal year in the district’s foundation allowance.

(3) If a district’s local revenue per pupil does not exceed the sum of its foundation allowance under section 20 plus the per pupil allocation under subsection (2), the total payment to the district calculated under this section shall be the product of the per pupil allocation under subsection (2) multiplied by the district’s membership excluding special education pupils. If a district’s local revenue per pupil exceeds the foundation allowance under section 20 but does not exceed the sum of the foundation allowance under section 20 plus the per pupil allocation under subsection (2), the total payment to the district calculated under this section shall be the product of the difference between the sum of the foundation allowance under section 20 plus the per pupil allocation under subsection (2) minus the local revenue per pupil multiplied by the district’s membership excluding special education pupils. If a district’s local revenue per pupil exceeds the sum of the foundation allowance under section 20 plus the per pupil allocation under subsection (2), there is no payment calculated under this section for the district.

(4) Payments to districts shall not be made under this section. Rather, the calculations under this section shall be made and used to determine the amount of state payments under section 22b.

Sec. 22a. (1) From the appropriation in section 11, there is allocated an amount not to exceed ~~\$6,615,000,000.00 for 2004-2005 and an amount not to exceed \$6,459,000,000.00~~ **\$6,407,000,000.00** for 2005-2006 **AND AN AMOUNT NOT TO EXCEED \$6,207,000,000.00 FOR 2006-2007** for payments to districts, qualifying university schools, and qualifying public school academies to guarantee each district, qualifying university school, and qualifying public school academy an amount equal to its 1994-95 total state and local per pupil revenue for school operating purposes under section 11 of article IX of the state constitution of 1963. Pursuant to section 11 of article IX of the state constitution of 1963, this guarantee does not apply to a district in a year in which the district levies a millage rate for school district operating purposes less than it levied in 1994. However, subsection (2) applies to calculating the payments under this section. Funds allocated under this section that are not expended in the state fiscal year for which they were allocated, as determined by the department, may be used to supplement the allocations under sections 22b and 51c in order to fully fund those calculated allocations for the same fiscal year.

(2) To ensure that a district receives an amount equal to the district’s 1994-95 total state and local per pupil revenue for school operating purposes, there is allocated to each district a state portion of the district’s 1994-95 foundation allowance in an amount calculated as follows:

(a) Except as otherwise provided in this subsection, the state portion of a district’s 1994-95 foundation allowance is an amount equal to the district’s 1994-95 foundation allowance or \$6,500.00, whichever is less, minus the difference between the product of the taxable value per membership pupil of all property in the district that is not a homestead or qualified agricultural property times the lesser of 18 mills or the number of mills of school operating taxes levied by the district in 1993-94 and the quotient of the ad valorem property tax revenue of the district captured under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980 PA 450, MCL 125.1801 to 125.1830, the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174, or the brownfield redevelopment financing

act, 1996 PA 381, MCL 125.2651 to 125.2672, divided by the district's membership. For a district that has a millage reduction required under section 31 of article IX of the state constitution of 1963, the state portion of the district's foundation allowance shall be calculated as if that reduction did not occur.

(b) For a district that had a 1994-95 foundation allowance greater than \$6,500.00, the state payment under this subsection shall be the sum of the amount calculated under subdivision (a) plus the amount calculated under this subdivision. The amount calculated under this subdivision shall be equal to the difference between the district's 1994-95 foundation allowance minus \$6,500.00 and the current year hold harmless school operating taxes per pupil. If the result of the calculation under subdivision (a) is negative, the negative amount shall be an offset against any state payment calculated under this subdivision. If the result of a calculation under this subdivision is negative, there shall not be a state payment or a deduction under this subdivision. The taxable values per membership pupil used in the calculations under this subdivision are as adjusted by ad valorem property tax revenue captured under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980 PA 450, MCL 125.1801 to 125.1830, the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174, or the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2672, divided by the district's membership.

(3) Beginning in 2003-2004, for pupils in membership in a qualifying public school academy or qualifying university school, there is allocated under this section to the authorizing body that is the fiscal agent for the qualifying public school academy for forwarding to the qualifying public school academy, or to the board of the public university operating the qualifying university school, an amount equal to the 1994-95 per pupil payment to the qualifying public school academy or qualifying university school under section 20.

(4) A district, qualifying university school, or qualifying public school academy may use funds allocated under this section in conjunction with any federal funds for which the district, qualifying university school, or qualifying public school academy otherwise would be eligible.

(5) For a district that is formed or reconfigured after June 1, 2000 by consolidation of 2 or more districts or by annexation, the resulting district's 1994-95 foundation allowance under this section beginning after the effective date of the consolidation or annexation shall be the average of the 1994-95 foundation allowances of each of the original or affected districts, calculated as provided in this section, weighted as to the percentage of pupils in total membership in the resulting district in the state fiscal year in which the consolidation takes place who reside in the geographic area of each of the original districts. If an affected district's 1994-95 foundation allowance is less than the 1994-95 basic foundation allowance, the amount of that district's 1994-95 foundation allowance shall be considered for the purpose of calculations under this subsection to be equal to the amount of the 1994-95 basic foundation allowance.

(6) As used in this section:

(a) "1994-95 foundation allowance" means a district's 1994-95 foundation allowance calculated and certified by the department of treasury or the superintendent under former section 20a as enacted in 1993 PA 336 and as amended by 1994 PA 283.

(ii) For the number of mills of school operating taxes that may be levied on all property as provided in section 1211(2) of the revised school code, MCL 380.1211, the taxable value of all property for the calendar year ending in the current state fiscal year.

Sec. 22b. (1) From the appropriation in section 11, there is allocated an amount not to exceed ~~\$2,923,200,000.00 for 2004-2005 and an amount not to exceed \$3,197,736,800.00~~ **\$3,217,000,000.00** for 2005-2006 **AND AN AMOUNT NOT TO EXCEED \$3,584,950,000.00 FOR 2006-2007** for discretionary nonmandated payments to districts under this section. Funds allocated under this section that are not expended in the state fiscal year for which they were allocated, as determined by the department, may be used to supplement the allocations under sections 22a and 51c in order to fully fund those calculated allocations for the same fiscal year.

Also, if the revised school code is amended to require annual assessments at additional grade levels, in order to receive an allocation under this section each district shall comply with that requirement.

(B) COMPLY WITH SECTIONS 1278A AND 1278B OF THE REVISED SCHOOL CODE, MCL 380.1278A AND 380.1278B.

(4) From the allocation in subsection (1), the department shall pay up to \$1,000,000.00 in litigation costs incurred by this state associated with lawsuits filed by 1 or more districts or intermediate districts against this state. If the allocation under this section is insufficient to fully fund all payments required under this section, the payments under this subsection shall be made in full before any proration of remaining payments under this section.

(5) It is the intent of the legislature that all constitutional obligations of this state have been fully funded under sections 22a, 31d, 51a, and 51c. If a claim is made by an entity receiving funds under this act that challenges the legislative determination of the adequacy of this funding or alleges that there exists an unfunded constitutional requirement, the state budget director may escrow or allocate from the discretionary funds for nonmandated payments under this section the amount as may be necessary to satisfy the claim before making any payments to districts under subsection (2). If funds are escrowed, the escrowed funds are a work project appropriation and the funds are carried forward into the following fiscal year. The purpose of the work project is to provide for any payments that may be awarded to districts as a result of litigation. The work project shall be completed upon resolution of the litigation.

(6) If the local claims review board or a court of competent jurisdiction makes a final determination that this state is in violation of section 29 of article IX of the state constitution of 1963 regarding state payments to districts, the state budget director shall use work project funds under subsection (5) or allocate from the discretionary funds for nonmandated payments under this section the amount as may be necessary to satisfy the amount owed to districts before making any payments to districts under subsection (2).

(7) If a claim is made in court that challenges the legislative determination of the adequacy of funding for this state's constitutional obligations or alleges that there exists an unfunded constitutional requirement, any interested party may seek an expedited review of the claim by the local claims review board. If the claim exceeds \$10,000,000.00, this state may remove the action to the court of appeals, and the court of appeals shall have and shall exercise jurisdiction over the claim.

(8) If payments resulting from a final determination by the local claims review board or a court of competent jurisdiction that there has been a violation of section 29 of article IX of the state constitution of 1963 exceed the amount allocated for discretionary nonmandated payments under this section, the legislature shall provide for adequate funding for this state's constitutional obligations at its next legislative session.

(9) If a lawsuit challenging payments made to districts related to costs reimbursed by federal title XIX medicaid funds is filed against this state, ~~during 2001-2002, 2002-2003, or 2003-2004,~~ **THEN, FOR THE PURPOSE OF ADDRESSING POTENTIAL LIABILITY UNDER SUCH A LAWSUIT, THE STATE BUDGET DIRECTOR MAY PLACE FUNDS ALLOCATED UNDER THIS SECTION IN ESCROW OR ALLOCATE MONEY FROM THE FUNDS OTHERWISE ALLOCATED UNDER THIS SECTION, UP TO A MAXIMUM OF 50%** of the amount allocated in subsection (1). ~~not previously paid out for 2002-2003, 2003-2004, and each succeeding fiscal year~~ **IF FUNDS ARE PLACED IN ESCROW UNDER THIS SUBSECTION, THOSE FUNDS ARE** a work project appropriation and the funds are carried forward into the following fiscal year. The purpose of the work project is to provide for any payments that may be awarded to districts as a result of the litigation. The work project shall be completed upon resolution of the litigation. In addition, this state reserves the right to terminate future federal title XIX medicaid reimbursement payments to districts if the amount or allocation of reimbursed funds is challenged in the lawsuit. The intermediate superintendents shall review the financial situation of each eligible district, determine the minimum essential financial needs of each eligible district, and develop and agree on a spending plan that distributes the available funding under this section to the eligible districts based on those financial needs. The intermediate superintendents shall submit the spending plan to the superintendent of public instruction for approval. Upon approval by the superintendent of public instruction, the amounts specified for each eligible district under the spending plan are allocated under this section and shall be paid to the eligible districts in the same manner as payments under section 22b.

Sec. 24. (1) From the appropriation in section 11, there is allocated for ~~2005-2006~~ **2006-2007** an amount not to exceed \$8,000,000.00 for payments to the educating district or intermediate district for educating pupils assigned by a court or the department of human services to reside in or to attend a juvenile detention facility or child caring institution licensed by the department of human services and approved by the department to provide an on-grounds education program. The amount of the payment under this section to a district or intermediate district shall be calculated as prescribed under subsection (2).

(2) ~~For 2005-2006, 70% of the total amount allocated under this section shall be allocated by paying to the educating district or intermediate district an amount equal to the lesser of the district's or intermediate district's added cost or the department's approved per pupil allocation for the district or intermediate district, and 30% of the total amount allocated under this section shall be allocated by paying to the educating district or intermediate district an amount equal to the district's or intermediate district's added cost. For 2007-2008, 90% of the total amount allocated under this section shall be allocated by paying to the educating district or intermediate district an amount equal to the lesser of the district's or intermediate district's added cost or the department's approved per pupil allocation for the district or intermediate district, and 10% of the total amount allocated under this section shall be allocated by paying to the educating district or intermediate district an amount equal to the district's or intermediate district's added cost. Beginning with allocations for 2008-2009, 100% of the total amount allocated under this section shall be allocated by paying to the educating district or intermediate district an amount equal to the lesser of the district's or intermediate district's added cost or the department's approved per pupil allocation for the district or intermediate district. Added cost shall be computed by deducting all other revenue received under this act for pupils described in this section from total costs, as approved by the department, in whole or in part, for educating those pupils in the on-grounds education program or in a program approved by the department that is located on property adjacent to a juvenile detention facility or child caring institution. Costs reimbursed by federal funds are not included.

(b) "Department's approved per pupil allocation" for a district or intermediate district shall be determined by dividing the total amount allocated under this section for a fiscal year by the full-time equated membership total for all pupils approved by the department to be funded under this section for that fiscal year for the district or intermediate district.

(3) A district or intermediate district educating pupils described in this section at a residential child caring institution may operate, and receive funding under this section for, a department-approved on-grounds educational program for those pupils that is longer than 181 days, but not longer than 233 days, if the child caring institution was licensed as a child caring institution and offered in 1991-92 an on-grounds educational program that was longer than 181 days but not longer than 233 days and that was operated by a district or intermediate district.

(4) Special education pupils funded under section 53a shall not be funded under this section.

SEC. 24A. PUPILS DESCRIBED IN THIS SECTION ARE NOT ELIGIBLE TO BE FUNDED UNDER SECTION 24. HOWEVER, A PROGRAM RESPONSIBILITY OR OTHER FISCAL RESPONSIBILITY ASSOCIATED WITH THESE PUPILS SHALL NOT BE TRANSFERRED FROM THE DEPARTMENT OF HUMAN SERVICES TO A DISTRICT OR INTERMEDIATE DISTRICT UNLESS THE DISTRICT OR INTERMEDIATE DISTRICT CONSENTS TO THE TRANSFER.

SEC. 24C. FROM THE APPROPRIATION IN SECTION 11, THERE IS ALLOCATED AN AMOUNT NOT TO EXCEED \$1,253,100.00 FOR 2006-2007 FOR PAYMENTS TO DISTRICTS FOR PUPILS WHO ARE ENROLLED IN A NATIONALLY ADMINISTERED COMMUNITY-BASED EDUCATION AND YOUTH MENTORING PROGRAM, KNOWN AS THE YOUTH CHALLENGE PROGRAM, THAT IS LOCATED WITHIN THE DISTRICT AND IS ADMINISTERED BY THE DEPARTMENT OF MILITARY AND VETERANS AFFAIRS. A DISTRICT RECEIVING PAYMENTS UNDER THIS SECTION SHALL CONTRACT WITH THE DEPARTMENT OF MILITARY AND VETERANS AFFAIRS TO ENSURE THAT ALL FUNDING ALLOCATED UNDER THIS SECTION IS UTILIZED BY THE DISTRICT AND THE DEPARTMENT OF MILITARY AND VETERANS AFFAIRS FOR THE YOUTH CHALLENGE PROGRAM.

Sec. 25a. If a pupil described in section ~~6(6)(g)~~ **6(6)(F)** enrolls pursuant to section ~~6(6)(g)~~ **6(6)(F)** during a school year in a district other than the district in which the pupil is counted in membership, the educating district shall report the enrollment information to the department and to the district in which the pupil is counted in membership, and the district in which the pupil is counted in membership shall pay to the educating district an amount equal to the amount of the foundation allowance received by the district in which the pupil is counted in membership, prorated according to the number of days of the school year ending in the fiscal year the pupil is educated in the educating district compared to the number of days of the school year ending in the fiscal year the pupil was actually enrolled in the district in which the pupil is counted in membership. If a district does not make the payment required under this section within 30 days after receipt of the report, the department shall calculate the amount owed, shall deduct that amount from the remaining state school aid payments to the district for that fiscal year under this act, and shall pay that amount to the educating district. The district in which the pupil is counted in membership and the educating district shall provide to the department all information the department requires to enforce this section.

Sec. 26a. From the **STATE SCHOOL AID FUND** appropriation in section 11, there is allocated an amount not to exceed ~~\$45,000,000.00~~ **\$37,650,000.00** for ~~2005-2006~~ **2006-2007**, **AND FROM THE GENERAL FUND APPROPRIATION IN SECTION 11, THERE IS ALLOCATED AN AMOUNT NOT TO EXCEED \$12,550,000.00 FOR 2006-2007** to reimburse districts, intermediate districts, and the state school aid fund pursuant to section 12 of the Michigan renaissance zone act, 1996 PA 376, MCL 125.2692, for taxes levied in ~~2005~~ **2006** or for payments to districts as reimbursement for interest paid as a result of property tax refunds. The allocations shall be made not later than 60 days after the department of treasury certifies to the department and to the state budget director that the department of treasury has received all necessary information to properly determine the amounts due to each eligible recipient.

Sec. 26b. (1) ~~Beginning in 2005-2006, there is allocated from~~ **FROM** the general fund appropriation in section 11, **THERE IS ALLOCATED FOR 2006-2007** an amount not to exceed \$2,400,000.00 for payments to districts, intermediate districts, and community college districts for the portion of the payment in lieu of taxes obligation that is attributable to districts, intermediate districts, and community college districts pursuant to section 2154 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.2154.

(2) If the amount appropriated under this section is not sufficient to fully pay obligations under this section, payments shall be prorated on an equal basis among all eligible districts, intermediate districts, and community college districts.

SEC. 29. (1) FROM THE APPROPRIATION IN SECTION 11, THERE IS ALLOCATED AN AMOUNT NOT TO EXCEED \$20,000,000.00 FOR 2006-2007 FOR ADDITIONAL PAYMENTS TO ELIGIBLE DISTRICTS FOR DECLINING ENROLLMENT ASSISTANCE.

(2) A DISTRICT IS ELIGIBLE FOR A PAYMENT UNDER THIS SECTION IF ALL OF THE FOLLOWING APPLY:

(A) THE DISTRICT'S PUPIL MEMBERSHIP FOR THE CURRENT FISCAL YEAR IS LESS THAN THE DISTRICT'S PUPIL MEMBERSHIP FOR THE IMMEDIATELY PRECEDING FISCAL YEAR AND THE DISTRICT'S PUPIL MEMBERSHIP FOR THE IMMEDIATELY PRECEDING FISCAL YEAR IS LESS THAN THE DISTRICT'S PUPIL MEMBERSHIP FOR THE PREVIOUSLY PRECEDING FISCAL YEAR AS CALCULATED UNDER SECTION 6 FOR THAT FISCAL YEAR.

(B) THE DISTRICT'S AVERAGE PUPIL MEMBERSHIP IS GREATER THAN THE DISTRICT'S PUPIL MEMBERSHIP FOR THE CURRENT FISCAL YEAR AS CALCULATED UNDER SECTION 6.

(C) THE DISTRICT IS NOT ELIGIBLE TO RECEIVE FUNDING UNDER SECTIONS 6(4)(Y) OR 22D OF THIS ACT.

(3) PAYMENTS TO EACH ELIGIBLE DISTRICT SHALL BE EQUAL TO THE DIFFERENCE BETWEEN THE DISTRICT'S AVERAGE PUPIL MEMBERSHIP AND THE DISTRICT'S PUPIL MEMBERSHIP AS CALCULATED UNDER SECTION 6 FOR THE CURRENT FISCAL YEAR MULTIPLIED BY THE DISTRICT'S FOUNDATION ALLOWANCE AS CALCULATED UNDER SECTION 20. IF THE TOTAL AMOUNT OF THE PAYMENTS CALCULATED UNDER THIS SUBSECTION EXCEEDS THE ALLOCATION FOR THIS SECTION, THE PAYMENT TO EACH DISTRICT SHALL BE PRORATED ON AN EQUAL PERCENTAGE BASIS.

(4) FOR THE PURPOSES OF THIS SECTION, "AVERAGE PUPIL MEMBERSHIP" MEANS THE AVERAGE OF THE DISTRICT'S MEMBERSHIP FOR THE 3-FISCAL-YEAR PERIOD ENDING WITH THE CURRENT FISCAL YEAR, CALCULATED BY ADDING THE DISTRICT'S ACTUAL MEMBERSHIP FOR EACH OF THOSE 3 FISCAL YEARS, AS OTHERWISE CALCULATED UNDER SECTION 6, AND DIVIDING THE SUM OF THOSE 3 MEMBERSHIP FIGURES BY 3.

Sec. 31a. (1) From the **STATE SCHOOL AID FUND** money appropriated in section 11, there is allocated for ~~2005-2006~~ **2006-2007** an amount not to exceed ~~\$314,200,000.00~~ **\$319,450,000.00** for payments to eligible districts and eligible public school academies under this section. Russell national school lunch act, 42 USC 1751 to ~~1769~~ **1769I**, and reported to the department by October 31 of the immediately preceding fiscal year and adjusted not later than December 31 of the immediately preceding fiscal year. However, for a public school academy that began operations as a public school academy after the pupil membership count day of the immediately preceding school year, the basis for the additional allowance under this section shall be the number of actual pupils in membership in the public school academy who met the income eligibility criteria for free breakfast, lunch, or milk in the current state fiscal year, as determined under the Richard B. Russell national school lunch act.

(2) To be eligible to receive funding under this section, other than funding under subsection (6), **(7), OR (8)**, a district or public school academy that has not been previously determined to be eligible shall apply to the department, in a form and manner prescribed by the department, and a district or public school academy must meet all of the following:

(a) The sum of the district's or public school academy's combined state and local revenue per membership pupil in the current state fiscal year, as calculated under section 20, plus the amount of the district's per pupil allocation under section 20j(2), is less than or equal to \$6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current state fiscal year and \$5,000.00, minus \$200.00.

(b) The district or public school academy agrees to use the funding only for purposes allowed under this section and to comply with the program and accountability requirements under this section.

(2) Not more than 76% of the money allocated under this section shall be used for grants to districts for the first year of a 5-year grant program to develop an early intervening model program for grades K to 3. The early intervening program will instruct classroom teachers and support staff on how to monitor individual pupil learning and how to provide specific support or learning strategies to pupils as early as possible in order to reduce the need for special education placement. The program will include literacy and numeracy supports, sensory motor skill development, behavior supports, instructional consultation for teachers, and the development of a parent/school learning plan. Specific support or learning strategies may include support in or out of the general classroom in areas including reading, writing, math, visual memory, motor skill development, behavior, or language development. These would be provided based on an understanding of the individual child's learning needs. All of the following apply to the grants:

A site of improvement is a site that seeks to implement the early intervening program.

(b) The grants shall be distributed through a process established by the department. The selection of grant recipients shall be based on the ability to serve as a model site of practice or, for a site of improvement, based on the highest demonstrated need to improve opportunities for learning success as reflected by either a combined percentage of pupils who are learning disabled, emotionally impaired, or speech and language impaired that is higher than the statewide percentage of those pupils or a percentage of pupils reading below grade level as measured by the statewide third grade English language arts assessment that is higher than the statewide percentage of those pupils, as determined by the department. The department shall ensure geographic diversity in awarding grants.

A site of improvement shall use the grant funds to pay for the expenses of obtaining this professional development and other expenses related to implementing an early intervening program.

(d) The amount of a grant to a district shall be \$40,000.00.

(e) A grant shall be used for early intervening programs for pupils at the elementary level only.

(3) Not more than 24% of the money allocated under this section shall be used for grants to districts for programs that provide early intervening strategies for pupils in grades K to 3 using schoolwide systems of academic and behavioral supports and shall be scientifically research-based. The strategies to be provided shall include at least pupil performance indicators based upon response to intervention, instructional consultation for teachers, and ongoing progress monitoring. A schoolwide system of academic and behavioral support should be based on a support team available to the classroom teachers. The members of this team could include the principal, special education staff, reading teachers, and other appropriate personnel who would be available to systematically study the needs of the individual child and work with the teacher to match instruction to the needs of the individual child. These grants shall be distributed through a competitive process established by the department. A grant shall be used for providing these programs for pupils at the elementary level only.

(4) The department shall develop guidelines on the use of the grant funds allocated under this section. These guidelines shall ensure that the use of these grant funds is consistent with research and instructional programs that include data-driven processes and proven methods of success.

(5) Programs funded under this section shall invite visitation and feedback from the regional literacy training center in which service area the recipient district is located, as identified by the department.

(6) Notwithstanding section 17b, payments under this section may be made pursuant to an agreement with the department.

(7) Not later than January 30 of the next fiscal year, the department shall prepare and submit to the governor, the senate and house standing committees on education, and the senate and house appropriations subcommittees having jurisdiction over state school aid an annual report of outcomes achieved by the grant recipients funded under this section for a fiscal year. For this report, the funded sites shall collect data prescribed by the department and report to the department on the percentage of pupils reading at grade level before implementation of the program and the percentage of pupils reading at grade level after implementation of the program, as measured by the statewide third grade English language arts assessment.

(1) ~~From the appropriation in section 11, there is allocated for 2004-2005 an amount not to exceed \$896,383,000.00 from state sources and all available federal funding under sections 611 to 619 of part B of the individuals with disabilities education act, 20 USC 1411 to 1419, estimated at \$329,850,000.00 plus any carryover federal funds from previous year appropriations.~~ From the appropriation in section 11, there is allocated for 2005-2006 an amount not to exceed ~~\$955,883,000.00~~ **\$932,083,000.00** from state sources and all available federal funding under sections 611 to 619 of part B of the individuals with disabilities education act, 20 USC 1411 to 1419, estimated at \$345,850,000.00, plus any carryover federal funds from previous year appropriations. **FROM THE APPROPRIATION IN SECTION 11, THERE IS ALLOCATED FOR 2006-2007 AN AMOUNT NOT TO EXCEED \$991,983,000.00 FROM STATE SOURCES AND ALL AVAILABLE FEDERAL FUNDING UNDER SECTIONS 611 TO 619 OF PART B OF THE INDIVIDUALS WITH DISABILITIES EDUCATION ACT, 20 USC 1411 TO 1419, ESTIMATED AT \$350,700,000.00, PLUS ANY CARRYOVER FEDERAL FUNDS FROM PREVIOUS YEAR APPROPRIATIONS.** The allocations under this subsection are for the purpose of reimbursing districts and intermediate districts for special education programs, services, and special education personnel as prescribed in article 3 of the revised school code, MCL 380.1701 to 380.1766; net tuition payments made by intermediate districts to the Michigan schools for the deaf and blind; and special education programs and services for pupils who are eligible for special education programs and services according to statute or rule. For meeting the costs of special education programs and services not reimbursed under this article, a district or intermediate district may use money in general funds or special education funds, not otherwise restricted, or contributions from districts to intermediate districts, tuition payments, gifts and contributions from individuals, or federal funds that may be available for this purpose, as determined by the intermediate district plan prepared pursuant to article 3 of the revised school code, MCL 380.1701 to 380.1766. All federal funds allocated under this section in excess of those allocated under this section for 2002-2003 may be distributed in accordance with the flexible funding provisions of the individuals with disabilities education act, ~~title VI of Public Law 91-230~~ **PUBLIC LAW 108-446**, including, but not limited to, 34 CFR 300.234 and 300.235. Notwithstanding section 17b, payments of federal funds to districts, intermediate districts, and other eligible entities under this section shall be paid on a schedule determined by the department.

(2) From the funds allocated under subsection (1), there is allocated each fiscal year ~~for 2004-2005 and~~ for 2005-2006 **AND FOR 2006-2007** the amount necessary, estimated at ~~\$175,500,000.00 for 2004-2005 and \$187,700,000.00~~ **\$191,800,000.00** for 2005-2006 **AND \$205,600,000.00 FOR 2006-2007**, for payments toward reimbursing districts and intermediate districts for 28.6138% of total approved costs of special education, excluding costs reimbursed under section 53a, and 70.4165% of total approved costs of special education transportation. Allocations under this subsection shall be made as follows:

(a) The initial amount allocated to a district under this subsection toward fulfilling the specified percentages shall be calculated by multiplying the district's special education pupil membership, excluding pupils described in subsection (12), times the sum of the foundation allowance under section 20 of the pupil's district of residence plus the amount of the district's per pupil allocation under section 20j(2), not to exceed \$6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current fiscal year and \$5,000.00 minus \$200.00, or, for a special education pupil in membership in a district that is a public school academy or university school, times an amount equal to the amount per membership pupil calculated under section 20(6). For an intermediate district, the amount allocated under this subdivision toward fulfilling the specified percentages shall be an amount per special education membership pupil, excluding pupils described in subsection (12), and shall be calculated in the same manner as for a district, using the foundation allowance under section 20 of the pupil's district of residence, not to exceed \$6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current fiscal year and \$5,000.00 minus \$200.00, and that district's per pupil allocation under section 20j(2).

(b) After the allocations under subdivision (a), districts and intermediate districts for which the payments under subdivision (a) do not fulfill the specified percentages shall be paid the amount necessary to achieve the specified percentages for the district or intermediate district.

(3) From the funds allocated under subsection (1), there is allocated each fiscal year ~~for 2004-2005 and for 2005-2006~~ **AND FOR 2006-2007** the amount necessary, estimated at ~~\$3,000,000.00 for 2004-2005 and \$2,500,000.00~~ **\$2,200,000.00** for 2005-2006 **AND \$1,600,000.00 FOR 2006-2007**, to make payments to districts and intermediate districts under this subsection. If the amount allocated to a district or intermediate district for a fiscal year under subsection (2)(b) is less than the sum of the amounts allocated to the district or intermediate district for 1996-97 under sections 52 and 58, there is allocated to the district or intermediate district for the fiscal year an amount equal to that difference, adjusted by applying the same proration factor that was used in the distribution of funds under section 52 in 1996-97 as adjusted to the district's or intermediate district's necessary costs of special education used in calculations for the fiscal year. This adjustment is to reflect reductions in special education program operations or services between 1996-97 and subsequent fiscal years. Adjustments for reductions in special education program operations or services shall be made in a manner determined by the department and shall include adjustments for program or service shifts.

(4) If the department determines that the sum of the amounts allocated for a fiscal year to a district or intermediate district under subsection (2)(a) and (b) is not sufficient to fulfill the specified percentages in subsection (2), then the shortfall shall be paid to the district or intermediate district during the fiscal year beginning on the October 1 following the determination and payments under subsection (3) shall be adjusted as necessary. If the department determines that the sum of the amounts allocated for a fiscal year to a district or intermediate district under subsection (2)(a) and (b) exceeds the sum of the amount necessary to fulfill the specified percentages in subsection (2), then the department shall deduct the amount of the excess from the district's or intermediate district's payments under this act for the fiscal year beginning on the October 1 following the determination and payments under subsection (3) shall be adjusted as necessary. However, if the amount allocated under subsection (2)(a) in itself exceeds the amount necessary to fulfill the specified percentages in subsection (2), there shall be no deduction under this subsection.

(5) State funds shall be allocated on a total approved cost basis. Federal funds shall be allocated under applicable federal requirements, except that an amount not to exceed \$3,500,000.00 may be allocated by the department each fiscal year ~~for 2004-2005 and for 2005-2006~~ **AND FOR 2006-2007** to districts, intermediate districts, or other eligible entities on a competitive grant basis for programs, equipment, and services that the department determines to be designed to benefit or improve special education on a statewide scale.

(6) From the amount allocated in subsection (1), there is allocated an amount not to exceed \$2,200,000.00 each fiscal year ~~for 2004-2005 and for 2005-2006~~ **AND FOR 2006-2007** to reimburse 100% of the net increase in necessary costs incurred by a district or intermediate district in implementing the revisions in the administrative rules for special education that became effective on July 1, 1987. As used in this subsection, "net increase in necessary costs" means the necessary additional costs incurred solely because of new or revised requirements in the administrative rules minus cost savings permitted in implementing the revised rules. Net increase in necessary costs shall be determined in a manner specified by the department.

(7) For purposes of this article, all of the following apply: (a) "Total approved costs of special education" shall be determined in a manner specified by the department and may include indirect costs, but shall not exceed 115% of approved direct costs for section 52 and section 53a programs. The total approved costs include salary and other compensation for all approved special education personnel for the program, including payments for social security and medicare and public school employee retirement system contributions. The total approved costs do not include salaries or other compensation paid to administrative personnel who are not special education personnel as defined in section 6 of the revised school code, MCL 380.6. Costs reimbursed by federal funds, other than those federal funds included in the allocation made under this article, are not included. Special education approved personnel not utilized full time in the evaluation of students or in the delivery of special education programs, ancillary, and other related services shall be reimbursed under this section only for that portion of time actually spent providing these programs and services, with the exception of special education programs and services provided to youth placed in child caring institutions or juvenile detention programs approved by the department to provide an on-grounds education program.

(b) Except as otherwise provided in ~~subdivision (c)~~ **SUBDIVISIONS (C) AND (D)**, beginning with the 2004-2005 fiscal year, a district or intermediate district that employed special education support services staff to provide special education support services in 2003-2004 or in a subsequent fiscal year and that in a fiscal year after 2003-2004 receives the same type of support services from another district or intermediate district shall report the cost of those support services for special education reimbursement purposes under this act. This subdivision does not prohibit the transfer of special education classroom teachers and special education classroom aides if the pupils counted in membership associated with those special education classroom teachers and special education classroom aides are transferred and counted in membership in the other district or intermediate district in conjunction with the transfer of those teachers and aides.

(c) If the department determines before bookclosing for 2004-2005 that the amounts allocated under this section for 2004-2005 will exceed expenditures under this section for 2004-2005, then for 2004-2005 only, for a district or

intermediate district whose reimbursement for 2004-2005 would otherwise be affected by subdivision (b), subdivision (b) does not apply to the calculation of the reimbursement for that district or intermediate district and reimbursement for that district or intermediate district shall be calculated in the same manner as it was for 2003-2004. If the amount of the excess allocations under this section is not sufficient to fully fund the calculation of reimbursement to those districts and intermediate districts under this subdivision, then the calculations and resulting reimbursement under this subdivision shall be prorated on an equal percentage basis.

(D) IF THE DEPARTMENT DETERMINES BEFORE BOOKCLOSING FOR 2005-2006 THAT THE AMOUNTS ALLOCATED FOR 2005-2006 UNDER SUBSECTIONS (2), (3), (6), (8), AND (12) AND SECTIONS 53A, 54, AND 56 WILL EXCEED EXPENDITURES FOR 2005-2006 UNDER SUBSECTIONS (2), (3), (6), (8), AND (12) AND SECTIONS 53A, 54, AND 56, THEN FOR 2005-2006 ONLY, FOR A DISTRICT OR INTERMEDIATE DISTRICT WHOSE REIMBURSEMENT FOR 2005-2006 WOULD OTHERWISE BE AFFECTED BY SUBDIVISION (B), SUBDIVISION (B) DOES NOT APPLY TO THE CALCULATION OF THE REIMBURSEMENT FOR THAT DISTRICT OR INTERMEDIATE DISTRICT AND REIMBURSEMENT FOR THAT DISTRICT OR INTERMEDIATE DISTRICT SHALL BE CALCULATED IN THE SAME MANNER AS IT WAS FOR 2003-2004. IF THE AMOUNT OF THE EXCESS ALLOCATIONS UNDER SUBSECTIONS (2), (3), (6), (8), AND (12) AND SECTIONS 53A, 54, AND 56 IS NOT SUFFICIENT TO FULLY FUND THE CALCULATION OF REIMBURSEMENT TO THOSE DISTRICTS AND INTERMEDIATE DISTRICTS UNDER THIS SUBDIVISION, THEN THE CALCULATIONS AND RESULTING REIMBURSEMENT UNDER THIS SUBDIVISION SHALL BE PRORATED ON AN EQUAL PERCENTAGE BASIS.

(E) ~~(D)~~ Reimbursement for ancillary and other related services, as defined by R 340.1701c of the Michigan administrative code, shall not be provided when those services are covered by and available through private group health insurance carriers or federal reimbursed program sources unless the department and district or intermediate district agree otherwise and that agreement is approved by the state budget director. Expenses, other than the incidental expense of filing, shall not be borne by the parent. In addition, the filing of claims shall not delay the education of a pupil. A district or intermediate district shall be responsible for payment of a deductible amount and for an advance payment required until the time a claim is paid.

(F) ~~(E)~~ Beginning with calculations for 2004-2005, if an intermediate district purchases a special education pupil transportation service from a constituent district that was previously purchased from a private entity; if the purchase from the constituent district is at a lower cost, adjusted for changes in fuel costs; and if the cost shift from the intermediate district to the constituent district does not result in any net change in the revenue the constituent district receives from payments under sections 22b and 51c, then upon application by the intermediate district, the department shall direct the intermediate district to continue to report the cost associated with the specific identified special education pupil transportation service and shall adjust the costs reported by the constituent district to remove the cost associated with that specific service.

(8) From the allocation in subsection (1), there is allocated each fiscal year ~~for 2004-2005 and~~ for 2005-2006 **AND FOR 2006-2007** an amount not to exceed \$15,313,900.00 to intermediate districts. The payment under this subsection to each intermediate district shall be equal to the amount of the 1996-97 allocation to the intermediate district under subsection (6) of this section as in effect for 1996-97.

(9) A pupil who is enrolled in a full-time special education program conducted or administered by an intermediate district or a pupil who is enrolled in the Michigan schools for the deaf and blind shall not be included in the membership count of a district, but shall be counted in membership in the intermediate district of residence.

(10) Special education personnel transferred from 1 district to another to implement the revised school code shall be entitled to the rights, benefits, and tenure to which the person would otherwise be entitled had that person been employed by the receiving district originally.

(11) If a district or intermediate district uses money received under this section for a purpose other than the purpose or purposes for which the money is allocated, the department may require the district or intermediate district to refund the amount of money received. Money that is refunded shall be deposited in the state treasury to the credit of the state school aid fund.

(12) From the funds allocated in subsection (1), there is allocated each fiscal year ~~for 2004-2005 and~~ for 2005-2006 **AND FOR 2006-2007** the amount necessary, estimated at ~~\$7,000,000.00 for 2004-2005 and \$6,600,000.00~~ **\$6,900,000.00** for 2005-2006 **AND \$7,700,000.00 FOR 2006-2007**, to pay the foundation allowances for pupils described in this subsection. The allocation to a district under this subsection shall be calculated by multiplying the number of pupils described in this subsection who are counted in membership in the district times the sum of the foundation allowance under section 20 of the pupil's district of residence plus the amount of the district's per pupil allocation under section 20j(2), not to exceed \$6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current fiscal year and \$5,000.00 minus \$200.00, or, for a pupil described in this subsection who is counted in membership in a district that is a public school academy or university school, times an amount equal to the amount per membership pupil under section 20(6). The allocation to an intermediate district under this subsection shall be calculated in the same manner as for a district, using the foundation allowance under section 20 of the pupil's district of residence, not to exceed \$6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current fiscal year and \$5,000.00

minus \$200.00, and that district's per pupil allocation under section 20j(2). This subsection applies to all of the following pupils:

- (a) Pupils described in section 53a.
- (b) Pupils counted in membership in an intermediate district who are not special education pupils and are served by the intermediate district in a juvenile detention or child caring facility.
- (c) Emotionally impaired pupils counted in membership by an intermediate district and provided educational services by the department of community health.

(13) After payments under subsections (2) and (12) and section 51c, the remaining expenditures from the allocation in subsection (1) shall be made in the following order:

- (a) 100% of the reimbursement required under section 53a.
- (b) 100% of the reimbursement required under subsection (6).
- (c) 100% of the payment required under section 54.
- (d) 100% of the payment required under subsection (3).
- (e) 100% of the payment required under subsection (8).
- (f) 100% of the payments under section 56.

(14) The allocations under subsection (2), subsection (3), and subsection (12) shall be allocations to intermediate districts only and shall not be allocations to districts, but instead shall be calculations used only to determine the state payments under section 22b.

If an intermediate district fails to transmit the data in its possession in a timely and accurate manner to the center, as required under this subsection, state aid due to be distributed under this act shall be withheld from the defaulting intermediate district immediately, beginning with the next payment after the failure and continuing with each payment until the intermediate district complies with this subsection. If a district or intermediate district does not comply with this subsection by the end of the fiscal year, the district or intermediate district forfeits the amount withheld. A person who willfully falsifies a figure or statement in the certified and sworn copy of enrollment shall be punished in the manner prescribed by section 161.

(2) To be eligible to receive state aid under this act, not later than the twenty-fourth Wednesday after the pupil membership count day and not later than the twenty-fourth Wednesday after the supplemental count day, an intermediate district shall submit to the center, in a form and manner prescribed by the center, the audited enrollment and attendance data for the pupils of its constituent districts and of the intermediate district. If an intermediate district fails to transmit the audited data as required under this subsection, state aid due to be distributed under this act shall be withheld from the defaulting intermediate district immediately, beginning with the next payment after the failure and continuing with each payment until the intermediate district complies with this subsection. If an intermediate district does not comply with this subsection by the end of the fiscal year, the intermediate district forfeits the amount withheld.

(3) All of the following apply to the provision of pupil instruction:

(a) Except as otherwise provided in this section, each district shall provide at least 1,098 hours of pupil instruction. Except as otherwise provided in this act, a district failing to comply with the required minimum hours of pupil instruction under this subsection shall forfeit from its total state aid allocation an amount determined by applying a ratio of the number of hours the district was in noncompliance in relation to the required minimum number of hours under this subsection. Not later than August 1, the board of each district shall certify to the department the number of hours of pupil instruction in the previous school year. If the district did not provide at least the required minimum number of hours of pupil instruction under this subsection, the deduction of state aid shall be made in the following fiscal year from the first payment of state school aid. A district is not subject to forfeiture of funds under this subsection for a fiscal year in which a forfeiture was already imposed under subsection (6). Hours lost because of strikes or teachers' conferences shall not be counted as days or hours of pupil instruction.

(b) Except as otherwise provided in subdivision (c), a district not having at least 75% of the district's membership in attendance on any day of pupil instruction shall receive state aid in that proportion of 1/180 that the actual percent of attendance bears to the specified percentage.

(c) Beginning in 2005-2006, at the request of a district that operates a department-approved alternative education program and that does not provide instruction for pupils in all of grades K to 12, the superintendent shall grant a waiver for a period of 3 school years from the requirements of subdivision (b) in order to conduct a pilot study. The waiver shall indicate that an eligible district is subject to the proration provisions of subdivision (b) only if the district does not have at least 50% of the district's membership in attendance on any day of pupil instruction. Not later than 2008-2009, the department shall report on the impact of this waiver on the academic achievement of pupils in these districts to the state budget director and the senate and house appropriations subcommittees on state school aid. In order to be eligible for this waiver, a district must maintain records to substantiate its compliance with the following requirements during the pilot study:

(i) The district offers the minimum hours of pupil instruction as required under this section.

(ii) For each enrolled pupil, the district uses appropriate academic assessments to develop an individual education plan that leads to a high school diploma.

(iii) The district tests each pupil to determine academic progress at regular intervals and records the results of those tests in that pupil's individual education plan.

(d) The superintendent shall promulgate rules for the implementation of this subsection.

(4) Except as otherwise provided in this subsection, the first 30 hours for which pupil instruction is not provided because of conditions not within the control of school authorities, such as severe storms, fires, epidemics, utility power unavailability, water or sewer failure, or health conditions as defined by the city, county, or state health authorities, shall be counted as hours of pupil instruction. Beginning in 2003-2004, with the approval of the superintendent of public instruction, the department shall count as hours of pupil instruction for a fiscal year not more than 30 additional hours for which pupil instruction is not provided in a district after April 1 of the applicable school year due to unusual and extenuating occurrences resulting from conditions not within the control of school authorities such as those conditions described in this subsection. Subsequent such hours shall not be counted as hours of pupil instruction.

(5) A district shall not forfeit part of its state aid appropriation because it adopts or has in existence an alternative scheduling program for pupils in kindergarten if the program provides at least the number of hours required under subsection (3) for a full-time equated membership for a pupil in kindergarten as provided under section 6(4).

(6) Not later than April 15 of each fiscal year, the board of each district shall certify to the department the planned number of hours of pupil instruction in the district for the school year ending in the fiscal year. In addition to any other penalty or forfeiture under this section, if at any time the department determines that 1 or more of the following has occurred in a district, the district shall forfeit in the current fiscal year beginning in the next payment to be calculated by the department a proportion of the funds due to the district under this act that is equal to the proportion below the required minimum number of hours of pupil instruction under subsection (3), as specified in the following:

(a) The district fails to operate its schools for at least the required minimum number of hours of pupil instruction under subsection (3) in a school year, including hours counted under subsection (4).

(b) The board of the district takes formal action not to operate its schools for at least the required minimum number of hours of pupil instruction under subsection (3) in a school year, including hours counted under subsection (4).

(7) In providing the minimum number of hours of pupil instruction required under subsection (3), a district shall use the following guidelines, and a district shall maintain records to substantiate its compliance with the following guidelines:

(a) Except as otherwise provided in this subsection, a pupil must be scheduled for at least the required minimum number of hours of instruction, excluding study halls, or at least the sum of 90 hours plus the required minimum number of hours of instruction, including up to 2 study halls.

(b) The time a pupil is assigned to any tutorial activity in a block schedule may be considered instructional time, unless that time is determined in an audit to be a study hall period.

(c) Except as otherwise provided in this subdivision, a pupil in grades 9 to 12 for whom a reduced schedule is determined to be in the individual pupil's best educational interest must be scheduled for a number of hours equal to at least 80% of the required minimum number of hours of pupil instruction to be considered a full-time equivalent pupil. A pupil in grades 9 to 12 who is scheduled in a 4-block schedule may receive a reduced schedule under this subsection if the pupil is scheduled for a number of hours equal to at least 75% of the required minimum number of hours of pupil instruction to be considered a full-time equivalent pupil.

(d) If a pupil in grades 9 to 12 who is enrolled in a cooperative education program or a special education pupil cannot receive the required minimum number of hours of pupil instruction solely because of travel time between instructional sites during the school day, that travel time, up to a maximum of 3 hours per school week, shall be considered to be pupil instruction time for the purpose of determining whether the pupil is receiving the required minimum number of hours of pupil instruction. However, if a district demonstrates to the satisfaction of the department that the travel time limitation under this subdivision would create undue costs or hardship to the district, the department may consider more travel time to be pupil instruction time for this purpose.

(e) In grades 7 through 12, instructional time that is part of a junior reserve officer training corps (JROTC) program shall be considered to be pupil instruction time regardless of whether the instructor is a certificated teacher if all of the following are met:

(i) The instructor has met all of the requirements established by the United States department of defense and the applicable branch of the armed services for serving as an instructor in the junior reserve officer training corps program.

(ii) The board of the district or intermediate district employing or assigning the instructor complies with the requirements of sections 1230 and 1230a of the revised school code, MCL 380.1230 and 380.1230a, with respect to the instructor to the same extent as if employing the instructor as a regular classroom teacher.

(8) The department shall apply the guidelines under subsection (7) in calculating the full-time equivalency of pupils.

(9) Upon application by the district for a particular fiscal year, the superintendent may waive for a district the minimum number of hours of pupil instruction requirement of subsection (3) for a department-approved alternative education program. If a district applies for and receives a waiver under this subsection and complies with the terms of the waiver, for the fiscal year covered by the waiver the district is not subject to forfeiture under this section for the specific program covered by the waiver. **IF THE DISTRICT DOES NOT COMPLY WITH THE TERMS OF THE WAIVER, THE AMOUNT OF THE FORFEITURE SHALL BE CALCULATED BASED UPON A COMPARISON OF THE NUMBER OF HOURS OF PUPIL INSTRUCTION ACTUALLY PROVIDED TO THE MINIMUM NUMBER OF HOURS OF PUPIL INSTRUCTION REQUIRED UNDER SUBSECTION (3).**

(10) A district may count up to ~~54~~ **38** hours of qualifying professional development for teachers, including the 5 hours of online professional development provided by the Michigan virtual university under section 98, as hours of pupil instruction. **HOWEVER, IF A COLLECTIVE BARGAINING AGREEMENT THAT PROVIDES MORE THAN 38 BUT NOT MORE THAN 51 HOURS OF PROFESSIONAL DEVELOPMENT FOR TEACHERS IS IN EFFECT FOR EMPLOYEES OF A DISTRICT AS OF THE EFFECTIVE DATE OF THE 2006 AMENDATORY ACT THAT AMENDED THIS SUBSECTION, THEN UNTIL THE FISCAL YEAR THAT BEGINS AFTER THE EXPIRATION OF THAT COLLECTIVE BARGAINING AGREEMENT A DISTRICT MAY COUNT UP TO 51 HOURS OF QUALIFYING PROFESSIONAL DEVELOPMENT FOR TEACHERS, INCLUDING THE 5 HOURS OF ONLINE PROFESSIONAL DEVELOPMENT PROVIDED BY THE MICHIGAN VIRTUAL UNIVERSITY UNDER SECTION 98, AS HOURS OF PUPIL INSTRUCTION.** A district that elects to use this exception shall notify the department of its election. As used in this subsection, "qualifying professional development" means professional development that is focused on 1 or more of the following:

(a) Achieving or improving adequate yearly progress as defined under the no child left behind act of 2001, Public Law 107-110.

(b) Achieving accreditation or improving a school's accreditation status under section 1280 of the revised school code, MCL 380.1280.

Sec. 105. (1) In order to avoid a penalty under this section, and in order to count a nonresident pupil residing within the same intermediate district in membership without the approval of the pupil's district of residence, a district shall comply with this section.

(2) Except as otherwise provided in this section, a district shall determine whether or not it will accept applications for enrollment by nonresident applicants residing within the same intermediate district for the next school year. (a) The district shall publish the grades, schools, and special programs, if any, for which enrollment may be available to, and for which applications will be accepted from, nonresident applicants residing within the same intermediate district.

(b) If the district has a limited number of positions available for nonresidents residing within the same intermediate district in a grade, school, or program, all of the following apply to accepting applications for and enrollment of nonresidents in that grade, school, or program:

The notification to parents or legal guardians of nonresident applicants accepted for enrollment shall contain notification of the date by which the applicant must enroll in the district and procedures for enrollment.

(ii) Beginning on the third Monday in August and not later than the end of the first week of school, if any positions become available in a grade, school, or program due to accepted applicants failing to enroll or to more positions being added, the district may enroll nonresident applicants from the waiting list maintained under subsection ~~(13)~~ (14), offering enrollment in the order that applicants appear on the waiting list. If there are still positions available after enrolling all applicants from the waiting list who desire to enroll, the district may not fill those positions until the second semester enrollment under subsection (3), as provided under that subsection, or until the next school year.

(c) For a grade, school, or program that has an unlimited number of positions available for nonresidents residing within the same intermediate district, all of the following apply to enrollment of nonresidents in that grade, school, or program:

The notification to parents or legal guardians of nonresident applicants accepted for enrollment shall contain notification of the date by which the applicant must enroll in the district and procedures for enrollment.

(4) If deadlines similar to those described in subsection (2) or (3) have been established in an intermediate district, and if those deadlines are not later than the deadlines under subsection (2) or (3), the districts within the intermediate district may use those deadlines.

(5) A district offering to enroll nonresident applicants residing within the same intermediate district may limit the number of nonresident pupils it accepts in a grade, school, or program, at its discretion, and may use that limit as the reason for refusal to enroll an applicant.

(6) A nonresident applicant residing within the same intermediate district shall not be granted or refused enrollment based on intellectual, academic, artistic, or other ability, talent, or accomplishment, or lack thereof, or based on a mental or physical disability, except that a district may refuse to admit a nonresident applicant if the applicant does not meet the same criteria, other than residence, that an applicant who is a resident of the district must meet to be accepted for enrollment in a grade or a specialized, magnet, or intra-district choice school or program to which the applicant applies.

(7) A nonresident applicant residing within the same intermediate district shall not be granted or refused enrollment based upon age, except that a district may refuse to admit a nonresident applicant applying for a program that is not appropriate for the age of the applicant.

(8) A nonresident applicant residing within the same intermediate district shall not be granted or refused enrollment based upon religion, race, color, national origin, sex, height, weight, marital status, or athletic ability, or, generally, in violation of any state or federal law prohibiting discrimination.

~~(11) (40)~~ A district shall continue to allow a pupil who was enrolled in and attended the district under this section in the school year or semester immediately preceding the school year or semester in question to enroll in the district until the pupil graduates from high school. This subsection does not prohibit a district from expelling a pupil described in this subsection for disciplinary reasons.

~~(13) (42)~~ If a nonresident pupil was enrolled in and attending school in a district as a nonresident pupil in the 1995-96 school year and continues to be enrolled continuously each school year in that district, the district shall allow that nonresident pupil to continue to enroll in and attend school in the district until high school graduation, without requiring the nonresident pupil to apply for enrollment under this section. This subsection does not prohibit a district from expelling a pupil described in this subsection for disciplinary reasons.

~~(14) (43)~~ If the number of qualified nonresident applicants eligible for acceptance in a school, grade, or program does not exceed the positions available for nonresident pupils in the school, grade, or program, the school district shall accept for enrollment all of the qualified nonresident applicants eligible for acceptance. If the number of qualified nonresident applicants residing within the same intermediate district eligible for acceptance exceeds the positions available in a grade, school, or program in a district for nonresident pupils, the district shall use a random draw system, subject to the need to abide by state and federal antidiscrimination laws and court orders and subject to preferences allowed by this section. The district shall develop and maintain a waiting list based on the order in which nonresident applicants were drawn under this random draw system.

~~(15) (44)~~ If a district, or the nonresident applicant, requests the district in which a nonresident applicant resides to supply information needed by the district for evaluating the applicant's application for enrollment or for enrolling the applicant, the district of residence shall provide that information on a timely basis.

~~(16) (45)~~ If a district is subject to a court-ordered desegregation plan, and if the court issues an order prohibiting pupils residing in that district from enrolling in another district or prohibiting pupils residing in another district from enrolling in that district, this section is subject to the court order.

~~(17) (46)~~ This section does not require a district to provide transportation for a nonresident pupil enrolled in the district under this section or for a resident pupil enrolled in another district under this section. However, at the time a nonresident pupil enrolls in the district, a district shall provide to the pupil's parent or legal guardian information on available transportation to and from the school in which the pupil enrolls.

Consistent with state and federal law, that district is responsible for developing and implementing an individualized education plan annually for a nonresident pupil described in this subsection.

~~(20) (49)~~ If a district does not comply with this section, the district forfeits 5% of the total state school aid allocation to the district under this act.

The question being on concurring in the committee recommendation to give the bill immediate effect,
 The recommendation was concurred in, 2/3 of the members serving voting therefor.

Senator Scott asked and was granted unanimous consent to make a statement and moved that the statement be printed in the Journal.

The motion prevailed.

Senator Scott's statement is as follows:

I was pleased that my legislative colleagues supported efforts in the education and school aid budgets to secure funding for several key educational programs for fiscal year 2007.

As a conferee on the Department of Education conference committee, I was able to secure \$100,000 for the Wayne State University Limited License to Instruct/Pathways to Teaching program. This program, which assists noncertified teachers in receiving certification, works to increase the number of certified teachers in high-need areas and increases the number of teachers from minority and under-represented groups.

I also want to thank my colleagues for restoring the \$100,000 for the Mercy Education Project. The Mercy Education Project is aimed at assisting women and girls from at-risk families through after-school tutoring, GED preparation, and life skills training.

I am happy to report that the Detroit Public Schools will see increased funding through the appropriations given to declining enrollment, middle school math, and the \$210 increase in the foundation allowance.

I am also simply delighted that these programs and initiatives are priorities for the new budget year.

As always, it was a pleasure to work with the chair of the education and school aid subcommittee.

By unanimous consent the Senate returned to the order of

Senator Sikkema asked and was granted unanimous consent to make a statement and moved that the statement be printed in the Journal.

The motion prevailed.

Senator Sikkema's statement is as follows:

Mr. President and members, I don't want this moment to pass without recognizing that this really is the last budget that the chairman of the Appropriations Committee, Senator Johnson, will have shepherded through the Senate. Now, I say that with the caveat that I think there will be probably a supplemental and maybe a capital outlay budget this fall. So her work is not yet done, and if she thinks she can now just quietly disappear into the sunset, you know, she's got another thought coming.

From the standpoint of the annual budget that we are constitutionally responsible to pass, I want to take some time on behalf of the Senate to thank Senator Johnson for her work, certainly in the last four years as chairman of the Appropriations Committee, but even before that on the Appropriations Committee both in the House and the Senate. The last four years, as everyone knows, has been extremely challenging from a budget standpoint. The fact that we are able to accomplish this task in challenging times each and every year under her chairmanship is a real tribute to her and her ability. I think she has more than earned the thanks and applause of this body.

The question being on concurring in the committee recommendation to give the bill immediate effect, The recommendation was concurred in, 2/3 of the members serving voting therefor. The Senate agreed to the full title. The bill was referred to the Secretary for enrollment printing and presentation to the Governor.

Senator Hammerstrom moved that consideration of the following bill be postponed for today:

House Bill No. 6213

The motion prevailed.

Senator Sikkema asked and was granted unanimous consent to make a statement and moved that the statement be printed in the Journal.

The motion prevailed.

Senator Sikkema's statement is as follows:

Madam President and members, I want to argue as strongly as I possibly can why this body needs to enact immediate effect for this bill. This bill is the legislation that preserves the current overtime situation in the state of Michigan. If we don't enact immediate effect to make this effective no later than October 1 when the new minimum wage law takes place, we are going to adversely impact thousands of Michigan employers and tens of thousands of Michigan's employees.

It would be unconscionable if this Legislature and this Governor did not get this done. We have tried once before earlier this summer to give this bill immediate effect and it failed. It was my intent to try again today. Now yesterday I had what I'm going to characterize as positive conversations with the Democratic Leader of the Senate. As I said to him earlier today, as a modest gesture of good faith on my part and optimism, that even in an election year the right course of action can prevail and we can give this bill immediate effect.

So I am not going to call for a vote today. I can't make that motion and give this speech at the same time. So I am hopeful that the subsequent speaker will pass this bill for the day. But I need to make it clear to the people of Michigan how strongly I feel about this issue and how strongly I believe that we have to do this before the end of August, not before the end of September. The reason is these employers that I'm talking about, they are even today beginning to incur the costs of changing their payroll systems to do this. They can't wait til September 28, September 29, or September 30. It is critical that we do this on behalf of the Michigan economy, Michigan jobs, and Michigan companies before the end of August.

So this Senate will be coming back sometime in August to do it. I am optimistic and I am hopeful, but I also want to make it as clear as I possibly can without going rhetorically overboard, and this is a message directly to the Governor of this state. I will resist and I will use all the powers that I have as Majority Leader of this Senate to not allow this issue to be used in some cynical, political attempt to just cast favors upon some special interest group that wants favors in a campaign year. That would be unconscionable and I am going to resist that.

Now, if there is something else that we can do in addition to this to help the future of Michigan to help our economy, something that is positive in the eyes of everybody from Michigan, I'm willing to do that, but I'm not going to allow this issue to be used in some extremely cynical fashion to do something other than that.

Protest

Senator Cropsey, under his constitutional right of protest (Art. 4, Sec. 18), protested against the adoption of the amendment offered by Senator Schauer to House Bill No. 5800 and moved that the statement he made during the discussion of the amendment be printed as his reasons for voting “no.”

The motion prevailed.

Senator Cropsey’s statement is as follows:

This is indeed a very curious amendment. The Department of Corrections has been consistently telling my office, including as recently as this morning, that they do not want any involvement at all in the Baldwin facility. The sponsor of this amendment offered an amendment in committee to clarify with great specificity that the state is not to be involved. They also have no civil liability if anything happens.

So after amending the bill to clearly separate the state from the facility, this amendment and the following one now seek to micromanage the facility, potentially materially damaging any chance of reuse of the facility and further damaging the economy of Lake County. If the sponsor truly believes the state needs to manage this facility, then he needs to offer the amendment to involve the state. If he believes that the state should not be involved in managing the facility, then the amendment should be withdrawn.

As an aside, the sponsor has supported budgets for the last three years to increase the capacity of some state facilities. Why not allow this private one to be increased? Why this persistence in doing damage to Lake County? First by closing the prison and then working to limit the options. Nationally, almost 7 percent of all prisoners are in privately-run facilities. Over 100,000 prisoners are in private facilities. Why deny Lake County a legitimate option in this growing trend to save tax dollars and bring jobs to that facility?

This amendment is counter-productive, doesn’t accomplish anything in terms of public safety, is a slap in the face of the working class, and denies opportunity to those who need jobs. *MIRS* had it right last September in their article “Baldwin Boils Down to Union Pledge vs. Jobs.” The amendment is an attempt to insert Southeast Michigan politics into West Michigan. It is an amendment of hopelessness and an amendment to destroy the jobs for the workers of Lake County who desperately need jobs.

It has no place in the 21st century. I urge a “no” vote on the amendment and I ask for a record roll call vote.

Senator Schauer offered the following amendments:

1. Amend page 4, line 17, after “**LEVEL**” by striking out “**IV**” and inserting “**III**”.
2. Amend page 4, line 18, after “**LEVEL**” by striking out “**IV**” and inserting “**III**”.

The amendments were not adopted, a majority of the members serving not voting therefor.

Senator Schauer requested the yeas and nays.

The yeas and nays were not ordered, 1/5 of the members present not voting therefor.

Protest

Senator Cropsey, under his constitutional right of protest (Art. 4, Sec. 18), protested against the adoption of the amendments offered by Senator Schauer to House Bill No. 5800 and moved that the statements he made during the discussion of the amendments be printed as his reasons for voting “no.”

The motion prevailed.

Senator Cropsey’s first statement is as follows:

Once again, sometimes some of these amendments never cease to amaze me. This facility was built as a Level 5 facility—a Level 5 facility. Did we catch that? This was built according to very strict Michigan specifications as a Level 5 facility. It can’t harbor very dangerous criminals. The legislation as it passed out of committee said we would only take no more than Level 4. Let me give you some background on this because this is getting technical as far as prisoner classification is. Classification levels are really Level 1, Level 2, and Level 4. Solitary or maximum security risks can be at a Level 5. The Level 3 that this amendment would cap it at is really just a transition level from Level 4 down to Level 2 and is really meaningless as far as this amendment is concerned.

Normally, I would like a very clear explanation on why a Level 3, which is not real life, but since I oppose this amendment, I'll let it go. In real life, Level 4 can be earned by misconduct tickets, not just violence. The sponsor either inadvertently or purposely is attempting to force Baldwin to either not honestly classify prisoners who act up or to basically make their facility unpalatable to other states.

This amendment has nothing to do with public safety. For example, the prisoners' outburst in Ojibway in the Upper Peninsula this last spring that sent 15 officers to the hospital for treatment was in response to Level 2 prisoners, not Level 4. Low-level classifications could not avoid a confrontation.

We need to keep in mind that prisoners are in prison because they threaten the public and a low-level classification is a tool, not a ruling on how dangerous a prisoner can be. The Baldwin facility is required by the bill to meet the same standards as any other prison. Michigan has always retained the option of changing classification of prisoners and Baldwin should be given that same opportunity.

Once again, if you vote for this amendment, this is against the workers in Lake County, a county that has been devastated by this administration's insistence on closing down that prison. This is to try to help to keep good jobs, the best paying jobs that Lake County has to help keep some of them there.

I urge a strong "no" vote on this amendment.

Senator Cropsey's second statement is as follows:

Perhaps if the sponsor understood the classification levels, it might make things a little bit easier. The most dangerous prisoners are Level 5, so Governor Schwarzenegger will keep the most dangerous prisoners in California.

We are talking about Level 4 or below. What you are talking about is saying let's make it artificially much lower than that so that if prisoners act up in prison in any way, shape, or form, then they are going to have to have the expense of shipping them all the way back just for getting misconduct tickets—which, when you understand what goes on inside the prison, misconduct tickets can be given for virtually anything that's a little bit out of shape in the prison that a prisoner does. That doesn't necessarily warrant that the prisoner should be sent back to their home state.

Those who are truly dangerous who are incorrigible inside the prison are at Level 5 and they would not be housed in this facility. So the most dangerous prisoners are not going to be coming to Michigan from other states.

Senate Resolution No. 154.

A resolution in recognition of the 2006 class of recreation and park professionals inducted into the Michigan Recreation and Park Association Hall of Fame.

Whereas, Recognizing recreation and park professionals and special individuals who have made outstanding, unique, lasting, and extraordinary contributions to recreation and park services for persons living in Michigan, it is most appropriate for the members of the Michigan Senate to pause in reflection on the positive influence these individuals have had on improving the quality of life in communities throughout the state of Michigan; and

Whereas, The inductees of the 2006 class of recreation and park professionals include: Jim Bruce, Flint; William Kreger, Huron-Clinton Metropolitan Authority; Jim Perry, Royal Oak; and posthumously: Jim Beers, Michigan Department of Natural Resources; John Considine, Detroit; Jack Golden, Eastpointe; Harold Myron, Highland Park; James Reid, Hamtramck/Midland; Henry Schubert, Dearborn; and Lewis Wint, Oakland County Parks and Recreation Commission; and

Whereas, These early leaders were bold in their willingness to be change agents. Whether identifying leadership traits, reflecting on the mechanics of key accomplishments, or recognizing the significance of being visionaries, much has been learned from these trailblazers in the recreation and park profession. Their achievements have been many at the local, state, national, and international levels; and

Whereas, In addition, these recreation and park professionals have consistently demonstrated important differences they made in people's lives across their Michigan communities. These early professionals were an invaluable source for positioning the profession and providing direction for the future, an evolution that has enabled the Michigan recreation and parks profession to be recognized as creating community through people, parks, and programs; now, therefore, be it

Resolved by the Senate, That we hereby offer a unanimous accolade of tribute for the 2006 class of recreation and park professionals inducted into the Michigan Recreation and Park Association Hall of Fame; and be it further

Resolved, That a copy of this resolution be transmitted to each inductee as an enduring testimony to the high esteem in which their lives and memories are held by the people of Michigan.

Whereas, The inductees of the inaugural class of recreation and park professionals include: Dr. Jim Bristor, Michigan State University; Harry Burns, Grand Rapids; David Laidlaw, Huron-Clinton Metropolitan Authority; R. Eric Reickel, Oakland County/Lansing; and posthumously: Arch Flannery, Battle Creek; Herb Jennings, Litchfield; Hubert Johnson, Detroit; Lawrence (Pete) Moser, Kalamazoo; Virginia Munger, Detroit; Karla V. Senate Resolution No. 151.

A resolution to memorialize the United States Postal Service and the United States Congress to keep open the Gaylord, Michigan, mail processing center.

The question being on the adoption of the resolution,

The resolution was adopted.

Senators Sikkema and Birkholz offered the following concurrent resolution:

Senate Concurrent Resolution No. 53.

A concurrent resolution to honor the memory of John W. Fitzgerald, former member of the Michigan Senate and justice of the Michigan Supreme Court.

Whereas, With the passing of John Warner Fitzgerald, Michigan has lost a model public servant and a significant architect of the legal landscape of our state. As a legislator, attorney, judge, and educator, this unassuming and compassionate gentleman had a profound and lasting impact on many Michigan lives; and

Whereas, A native of Grand Ledge, John Fitzgerald carried out a longstanding family commitment to the people of Michigan. The third of four generations of Fitzgeralds to hold prominent elective office, he served our country as an infantryman in World War II and graduated from Michigan State University and the University of Michigan Law School. After serving as legal counsel to the Michigan Senate, he was elected to the first of his three consecutive terms in the Senate in 1958; and

Whereas, In 1965, he brought his talents to Michigan's judicial branch of government following his election to the Michigan Court of Appeals. There he distinguished himself until his appointment and subsequent election to the state's highest court in 1974. On the Michigan Supreme Court, Justice Fitzgerald furthered his reputation as a thoughtful, insightful individual strongly committed to the rule of law; and

Whereas, Justice Fitzgerald's impact on Michigan's legal structure also included his leadership as an original board member and professor of the first class at Cooley Law School. His wide-ranging experiences and sensitivity made him a favorite of his students. Clearly, Michigan will benefit from his gifts far into the future; now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That we offer this expression of our highest tribute to honor the memory of John W. Fitzgerald, former member of the Michigan Senate, judge of the Court of Appeals, and justice of the Michigan Supreme Court; and be it further

Resolved, That copies of this resolution be transmitted to the Fitzgerald family as evidence of our lasting esteem for his memory.

Pending the order that, under rule 3.204, the concurrent resolution be referred to the Committee on Government Operations,

Senator Hammerstrom moved that the rule be suspended.

The question being on the motion to suspend the rule,

Senator Hammerstrom moved that further consideration of the concurrent resolution be postponed for today.

The motion prevailed.

Statements

Senators Basham, Schauer, Cassis, Scott, Johnson and Prusi asked and were granted unanimous consent to make statements and moved that the statements be printed in the Journal.

The motion prevailed.

Senator Basham's statement is as follows:

There was some discussion earlier today about the minimum wage, and because it has been over nine years since the federal government has acted—they've sat on their hands—Michigan acted. That's actually a bill that I introduced. It sat in committee for over a year with no hearings, no public hearings. It's an important issue to those workers at the bottom end of the economic scale.

There was a ballot initiative. It had overwhelming public support. Some would even make the case it would pull Democrats out to the polls. But anyway, out of the wisdom of this body, with no public hearings and no committee hearings, we did a discharge vote to my bill. That was a good thing. Then there was a substitute bill introduced to replace the original bill which left out a few folks. It left out COLA for those minimum wage workers. It left out some health care workers and some restaurant workers. That's a bad thing, in my opinion.

The federal government could actually move right now on the minimum wage legislation and states would not have to go it alone. All states wouldn't have to go it alone, but because the federal government has sat on their hands and not acted—maybe President Bush doesn't know the price of a gallon of milk or a loaf of bread. But certainly, those folks working at the bottom end of minimum wage know the price of a gallon of milk is roughly \$2.40. A loaf of bread is \$1.50-\$2.00 a loaf, depending on the type of bread.

You know, that's important to minimum wage workers. I said earlier it's not soup yet. I know there are issues. There are issues with businesses that pay employees who work on commissions or get paid per mile. We need to, as a Legislature, address those issues, but we should not forget those folks who weren't taken care of in our rush to judgment on the first minimum wage bill.

So, again, it's not soup yet. I respect the leadership on the other side of the aisle as well as my side of the aisle. I know with their working relationship and their wisdom, I still keep thinking about my leader saying the Majority Leader was the smartest man in the Senate. I guess if my leader said it, it's got to be true.

Senator Schauer's statement is as follows:

I rise today with a heavy heart to honor a fallen soldier from my hometown of Battle Creek. After his third tour in Iraq and Afghanistan, just as he was preparing to leave the war, Army Staff Sergeant Michael Dickinson II was with a Marine Corps patrol when a sniper killed him and wounded another soldier on July 17.

Michael was 26 years old. A member of the 4th Psychological Operations Group based in Fort Bragg, North Carolina, Dickinson was scheduled to leave Iraq by the end of the month. He was packing and training his replacement. He wanted to continue his studies to be a physician's assistant and work in a clinic in his wife's native home of Puerto Rico.

Michael was a graduate of Harper Creek High School. He entered the Army immediately following high school and had always dreamed of serving in the military. His mother tells the story that as a young boy, he and his brother would get up at 3:00 in the morning to eat peanut butter and jelly sandwiches, eating an extra meal to make sure they'd be strong enough to join the Army.

Michael Dickinson grew up in Battle Creek. He played football, baseball, and played in the band. Friends remember him as always smiling and someone they could depend on for a laugh, a cry, and loyal friendship. Even before entering the Army, Staff Sergeant Dickinson was the example of what a soldier should be in and out of uniform. Friends said that Michael would do anything for anyone, which is why he volunteered to serve in Iraq. He felt his job was to help bring everyone else home, and once there, volunteered to transfer to Ramadi, one of Iraq's most violent cities, because he was concerned about the other members of his unit there.

Michael's mother explained that he was someone who took his responsibility in life seriously and wanted to do nothing but good. He thought he was needed, so he answered the call to duty.

Michael is survived by his wife, Glory Grace, their daughter Abigail, four stepchildren, his mother, brother, and many other loving family members and friends.

We thank Staff Sergeant Michael Dickinson II for his service and his commitment to our freedom and to making our world a better place for all. He is a model of citizenship and we honor his memory. We send our condolences to his family and friends.

Colleagues, please join me in a moment of silence to honor the life of Staff Sergeant Michael Dickinson II.

A moment of silence was observed in memory of Army Staff Sergeant Michael Dickinson II.

Senator Cassis' statement is as follows;

It's always a sad day when we remember someone who has been lost once again far, far away from all of us. Today I stand to honor Duane Joseph Dreasky, just a few months shy of his 32nd birthday. He hails from my hometown Novi, Michigan.

It was eight months ago when he survived a Humvee attack in Iraq, only to be burned on more than 75 percent of his body. He was such a courageous individual that when the President visited his hospital, he tried valiantly to salute the President and the President said, "No, I need to salute you."

Duane is survived by his wife Mandy, who I met last weekend. She spent 24/7, every single day for the last eight months by his side in an incredible support system. They had a miraculous love. Even though they were both in the military, this was probably the longest time they could spend together.

His parents Roger and Cheryl and his sister Dawn are going to miss him greatly. As a member of the National Guard, Bravo Company, he was honored last Saturday at a football field, appropriately, where he had played for many years at Walled Lake Western High School.

The Detroit News today chronicles his honorary burial and last goodbye at Arlington—fittingly, for a true soldier whose bravery goes far beyond words in upholding liberty and freedom and who's courageous in the face of overwhelming physical adversity serves as an inspiration to all of us.

I invite you all to join with me and stand in a moment of silence in recognition of the life of this truly great soldier.

A moment of silence was observed in memory of Army Staff Sergeant Duane Joseph Dreasky.

Senator Scott's statement is as follows:

Colleagues, today you have on your desk two press releases that were issued from the California Department of Insurance—one dated July 10 and the other July 14, 2006.

Earlier this year, California Insurance Commissioner John Garamendi proposed new regulations, through the rule-making process, to put into place regulations that the voters of California had passed back in 1988 by way of an initiative that became known as Proposition 103. Garamendi's proposed regulations were finally approved by the Office of Administrative Law, similar to our Joint Committee on Administrative Rules, on July 14th.

The new rules require insurers to place more weight on how safely you drive than on where you live when setting rates. The release states that "this was the hope of voters who passed the landmark Proposition 103 in 1988 to end zip code discrimination."

The really great thing about what is happening in California is that there was one, lone insurance company, the Auto Club of Southern California, that stepped up to the plate, and said, "Rather than fight the state's regulator, we're going to follow the new regulations." Even before they were officially approved by the Office of Administrative Law on July 14th, the Auto Club of Southern California filed its new rating plan with the California Department of Insurance to comply with the new regulations. Now that's what I call upright and doing the right thing, and I know that we can do the right thing right here in Michigan.

The budgets are complete, and we've accomplished a lot of good work here in these first seven months of 2006. Now we all have time—some of you have more time than others—to go home and think, really think, about what State Senator Martha G. Scott speaks about each day on the Senate floor. And I ask that you come back in the fall with the support and the commitment to join me in my efforts to bring rate relief to Michigan's ratepayers—just like the relief that ratepayers in California will soon be enjoying.

Senator Johnson's statement is as follows:

I want to sincerely thank the Majority Leader for his very kind comments with regard to my soon-to-be-terminated tenure here, but there is one thing that I think I've learned. I've learned from many of the folks who were here years and years ago that the one thing you learn is that you are as good as those who surround you.

The Majority Leader appointed a wonderful team of members on Appropriations and that group works together very effectively and not against one another, as I've experienced sometimes in the past.

As most of you know, Brian O'Connell, my former chief of staff, left just a few months ago. From central staff, along came Tom Davis, and here he is the most incredible individual. He stepped into the budget process as if he'd been doing it for the last 15 years. I'm not kidding. He has done it flawlessly. It's just been an incredible and wonderful experience from my position.

I've also been joined with my staff by Kieran Marion and I want you to know that he is supporting very much what Tom does, and consequently, once again, we have a fabulous team. It's because of those around us, Senator Sikkema, that we all shine. That sounds kind of corny, I know, but they make us look as good as we sometimes do.

Senator Prusi's statement is as follows:

It is with great sadness that I rise today to inform you of the recent passing of U.S. Army Corporal Joseph P. Micks of Rapid River, Michigan.

Corporal Micks, age 22, was killed on July 8, 2006, when an improvised explosive device detonated near his mine-protected vehicle during combat operations in Ramadi, Iraq. An active duty soldier with the United States Army, Corporal Micks' duties included searching for land mines and roadside bombs in order to clear the path for convoys.

Born to Kenneth and Amy Micks on October 18, 1983, in Tacoma, Washington, Joseph P. Micks was raised in Michigan's Upper Peninsula. A 2002 graduate of Rapid River High School, Corporal Micks received high academic honors and was dually-enrolled at Bay de Noc Community College during his senior year. From there, Joe attended Baker College in Owosso, Michigan, before enlisting in the United States Army National Guard. A love for the military led the twenty-two-year-old to fully enlist as an active duty soldier in the United States Army.

Stationed in Germany, Corporal Micks was assigned to the 54th Engineer Battalion, 130th Engineer Brigade, at the Warner Barracks in Bamberg, Germany. While he was stationed overseas, Joseph married Ramona Mindt in November 2005, prior to being deployed to Iraq. Just months away from finishing his tour of duty, the two had planned to settle in Germany and start a family.

Corporal Joseph P. Micks is remembered as a patriotic young man and a team player who wanted to make a difference. Those who knew him recall Micks as an intelligent, generous, and kindhearted young man who put forth an extra effort in everything he did. He was said to be an all-around good kid who was always there to help.

While attending high school, Micks tutored fellow students, managed his basketball team, and often helped to repair neighborhood computers. He was a member of the St. Charles Church in Rapid River, where he was an altar server. He was also a member of the local Boy Scouts organization, where he gained high honors as an Eagle Scout. In his spare time, Joe enjoyed playing golf, basketball, and collecting sports memorabilia.

Corporal Joseph P. Micks is the 87th member of the U.S. Armed Forces with known ties to Michigan and the sixth from my district to die in the Iraq war. Along with his mother and father, Amy and Kenneth Micks, he leaves behind his wife Ramona of Germany; brother and fellow National Guardsman, Andrew; as well as his maternal grandmother Shirley Brunette and his paternal grandmother Joan Micks.

It is with great pride that we honor and recognize the life and service of Corporal Joseph P. Micks and it is with great sadness that we mourn his passing. His sacrifice, as well as the many other servicemen and servicewomen who have laid down their lives in the name of freedom, should not soon be forgotten.

On behalf of the Governor and the Michigan Legislature, we extend our heartfelt gratitude to Corporal Micks for his dedicated service to this country and to the United States Army. Our thoughts and prayers go out to Corporal Micks' family and friends during this difficult time. May they know of our deep sorrow for their loss and understand our undying gratitude for Joseph's courage and bravery in the line of duty.

In closing, I would ask that members, staff, and guests in the Gallery rise and join me in a moment of silence as we remember this fallen soldier.

A moment of silence was observed in memory of Army Corporal Joseph P. Micks.
