Rep. Lorence Wenke, from the 63rd District, offered the following invocation:

“Almighty God –

We begin our sessions with prayer to You, to thank You for Your presence and acknowledge our dependence upon You. You are the Creator of the universe; You have given each of us a tiny place in a world of incomprehensible distance and time.

You are eternal, all powerful, present everywhere and the source of all knowledge.

You have created each of us to have a beginning at conception from our earthly mothers and fathers, a body that will experience death and a soul that will exist for eternity.

You are perfect and rule the world without error and with a perfect balance of justice and mercy.

You have created us to experience great joy and great sorrow.

Today we ask for Your comfort, blessing and help for our neighbors who have special needs.

Bless our neighbor for whom war is not just a news story, but a matter of blood and tears and fear and loneliness.

Bless our neighbors for whom earthquakes, fire, floods, drought, typhoons, tsunamis and tornadoes have damaged or destroyed their houses and families.

Bless our neighbors for whom loss of work and income have caused them to live in poverty, or fear the events of tomorrow or questioned their faith in Your goodness.

Bless our neighbors who have experienced discrimination because of the color of their skin, their race, their gender, or their sexual orientation.

Almighty God – We end our prayer with an acknowledgment of our sin of failing at times to be a good Samaritan to our neighbor. We ask Your forgiveness.

Thank you for listening.

Amen.”

Rep. Tobocman moved that Rep. Lemmons be excused from today’s session.
The motion prevailed.

Rep. Booher moved that Rep. Palmer be excused from today’s session.

By unanimous consent the House returned to the order of
Motions and Resolutions

Rep. Corriveau offered the following resolution:

House Resolution No. 396.

A resolution to memorialize the United States Congress to take strong and immediate steps to address the impact rising gasoline prices have on consumers.

Whereas, Michigan drivers are stunned by the rapid increases in gasoline prices that rise on a daily basis. Michigan's statewide average price of regular unleaded gasoline has jumped nearly 30 percent over this past year; and

Whereas, A number of factors, both close to home and global in nature, have combined to create our current predicament. Oil industry observers point to a number of factors causing prices to soar, from increased global demand and lower supplies to unrest in major oil-producing nations to rampant speculation in the crude oil futures market to refinery closings and poor decisions by the oil industry executives; and

Whereas, At the same time Americans are stung by historically high gas prices, the world's biggest oil companies continue to see their profits skyrocket. The 2008 first quarter profits from ConocoPhillips and British Petroleum indicate company profits are up 17 percent and 63 percent respectively. As Americans shell out more and more of their hard-earned dollars at the pump, the profit margin of U.S. oil refiners has shot up 158 percent since 1999; and

Whereas, The nationwide impact of these exorbitant gasoline price increases makes it imperative for the federal government to take action. The ever-increasing worldwide competition for nonrenewable fuels, as well as political instability in many oil-producing regions, requires the United States to secure our nation's energy needs; now, therefore, be it

Resolved by the House of Representatives, That we memorialize the United States Congress to take strong and immediate steps to address the impact rising gasoline prices have on consumers; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

The resolution was referred to the Committee on Agriculture.

Rep. Mayes offered the following resolution:

House Resolution No. 397.

A resolution to memorialize the Congress of the United States to override the President's veto of the federal farm bill.

Whereas, For decades, the federal farm bill has guaranteed the continued production of a stable and affordable food supply for our nation. The farm bill strikes a solid balance between supporting farmers, maintaining an affordable home-grown food supply, encouraging the protection of the environment, and making food available and ensuring adequate nutrition for every American family and child; and

Whereas, The current federal farm bill, the Food, Conservation, and Energy Act of 2008, continues this long tradition of federal support and recognition of the critical role played by our nation's farmers. The \$307 billion bill would provide an additional \$40 billion for farm subsidies, including subsidies for fruits, vegetables, and other crops overlooked in previous farm bills. Michigan is second only to California in the production of these specialty crops. It would ensure that the United States continues to enjoy a safe, stable, abundant, and affordable food supply for the next five years; and

Whereas, On June 18, 2008, President Bush vetoed the federal farm bill despite overwhelming support in both chambers of Congress. This short-sighted action would place farms in jeopardy throughout the nation and deny relief to families in the face of skyrocketing food prices. Two-thirds of the bill is dedicated towards critical nutrition programs, such as food stamps and emergency food aid. In addition, the bill would expand programs that make fresh fruits and vegetables available to schoolchildren; now, therefore, be it

Resolved by the House of Representatives, That we memorialize the Congress of the United States to override the President's veto of the federal farm bill; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

The resolution was referred to the Committee on Agriculture.

Rep. Ebli offered the following concurrent resolution:

House Concurrent Resolution No. 89.

A concurrent resolution to memorialize the Congress of the United States to override the President's veto of the federal farm bill.

Whereas, For decades, the federal farm bill has guaranteed the continued production of a stable and affordable food supply for our nation. The concurrent resolution was referred to the Committee on Agriculture.

THIS RESOLUTION IS OFFERED TO COMPLY WITH MCL § 18.1246 AND MCL § 830.417 AND REQUIRES A RECORD ROLL CALL VOTE.

Rep. Dean offered the following concurrent resolution:

House Concurrent Resolution No. 90.

A concurrent resolution approving a decrease and subsequent increase in Total Project Cost and approving a lease between the State of Michigan and the State Building Authority relative to the Department of Management and Budget State Facility Preservation Projects, Phase I and Phase II, Group E, Special Maintenance Projects.

Whereas, House Concurrent Resolution 35 of 2007, adopted on November 29, 2007, by the Michigan Legislature, approved a Total Facility Cost of \$47,296,000 for the Department of Management and Budget State Facility Preservation Projects, Phase I and Phase II, Group E, Special Maintenance Projects (the "Facility"), with the State Building Authority (the "Authority") share of \$47,296,000 and the State General Fund/General Purpose share of \$0; and

Whereas, Since the adoption of House Concurrent Resolution 35 of 2007, \$9,233,000 of the Facility allocable to the VanWagoner Building was removed from the Facility's list of projects and assigned to the Department of Management and Budget Facility Preservation Projects, Phase I and Phase II, Group F, VanWagoner Building (the "Group F Project"); and

Whereas, Such assignment of costs resulted in the Facility's Total Project Cost to decrease by \$9,233,000 to \$38,063,000, which decreased the Authority's share by \$9,233,000 to a share of \$38,063,000, and the General Fund/General Purpose share remained at \$0; and

Whereas, It is now estimated that the total cost to complete the project has increased by \$900,000, thereby increasing the Authority's share by \$900,000, from \$38,063,000 to \$38,963,000, and the General Fund/General Purpose share remains at \$0; and

Whereas, Section 246 of 1984 PA 431, as amended, being MCL § 18.1246, provides that the authorized costs of projects shall only be established or revised by specific reference in a budget act, by concurrent resolution adopted by both houses of the legislature, or inferred by the total amount of any appropriations made to complete plans, acquisition, and installation; and

Whereas, Section 7 of 1964 PA 183, as amended, being MCL § 830.417, requires that before a lease between the State of Michigan (the "State") and the State Building Authority that is only for capital maintenance improvements is executed, the general form of the lease shall be approved by a concurrent resolution concurred in by a majority of the members elected to and serving in each house of the Michigan Legislature, with the votes and names of the members voting thereon entered in the journal. The description of the property to be leased and the rental to be paid by the State shall be approved by the State Administrative Board; and

Whereas, Providing capital maintenance improvements to be used by the State pursuant to the lease for the Facility is a recognized public purpose; and

Whereas, A lease between the Authority and the State has been prepared providing for the leasing of the Facility by the Authority to the State (the "Lease"); and

Whereas, The Executive Director of the Authority has furnished the Joint Capital Outlay Subcommittee of the Legislature with information and documents relative to the Lease; now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That the Total Facility Cost for the Department of Management and Budget State Facility Preservation Projects, Phase I and Phase II, Group E, Special Maintenance Projects shall not exceed \$38,963,000 (the Authority share shall not exceed \$38,963,000 and the State General Fund/General Purpose share shall not exceed \$0), plus interest charges on monies advanced by the State to meet the construction cash flow requirements of the Facility, if any, of which not more than \$38,963,000, plus interest charges on monies advanced

by the State to meet the construction cash flow requirements of the Facility, if any, shall be financed from bonds issued by the Authority, exclusive of amounts necessary for reserves, interest, or other nonconstruction costs; and be it further

Resolved, That the Legislature hereby approves the Authority acquiring the Facility and leasing it to the State and hereby determines that the leasing of the Facility from the Authority is for a public purpose as authorized by 1964 PA 183, as amended; and be it further

Resolved, That the annual amounts of "True Rental" for the Facility shall be within or below the range of \$3,083,000 and \$3,905,000, as shall reflect variations that may occur in the components upon which the appraisal of True Rental was based, which amounts shall be certified by the appraiser and thereafter approved by the State Administrative Board and the Authority as authorized by 1964 PA 183, as amended; and be it further

Resolved, That the Lease is hereby approved by this concurrent resolution, and the Governor and the Secretary of State are authorized and directed to execute the Lease for and on behalf of the State; and be it further

Resolved, That, by hereby approving the Lease between the State and the Authority, the Legislature agrees to appropriate annually sufficient amounts to pay the rent as obligated pursuant to the Lease; and be it further
