The innovative benefit shall not include an outpatient prescription drug benefit. New or innovative benefits shall not be used to change or reduce benefits, including a change of any cost-sharing provision, in any standardized plan.

Sec. 3815. (1) An insurer that offers a medicare supplement policy shall provide to the applicant at the time of application an outline of coverage and, except for direct response solicitation policies, shall obtain an acknowledgment of receipt of the outline of coverage from the applicant. **BENEFIT CHART OF MEDICARE SUPPLEMENT PLANS SOLD  
ON OR AFTER JUNE 1, 2010**

This chart shows the benefits included in each of the standard Medicare supplement plans. Every company must make Plan "A" available. Some plans may not be available in your state.

Plans E, H, I, and J are no longer available for sale. (This sentence shall not appear after June 1, 2011.)

**BASIC BENEFITS:**

Hospitalization: Part A coinsurance plus coverage for 365 additional days after Medicare benefits end.

Medical Expenses: Part B coinsurance (generally 20% of Medicare-approved expenses) or copayments for hospital outpatient services. Plans K, L, and N require insureds to pay a portion of Part B coinsurance or copayments.

Blood: First three pints of blood each year.

Hospice: Part A coinsurance

\* Plan F also has an option called a high-deductible Plan F. This high-deductible plan pays the same benefits as Plan F after one has paid a calendar year \$1,860 deductible. Benefits from high-deductible Plan F will not begin until out-of-pocket expenses exceed \$1,860. Out-of-pocket expenses for this deductible are expenses that would ordinarily be paid by the policy. These expenses include the Medicare deductibles for Part A and Part B, but do not include the plan's separate foreign travel emergency deductible.

#### PREMIUM INFORMATION

We (insert insurer's name) can only raise your premium if we raise the premium for all policies like yours in this state. (If the premium is based on the increasing age of the insured, include information specifying when premiums will change).

#### DISCLOSURES

Use this outline to compare benefits and premiums among policies, certificates, and contracts.

This outline shows benefits and premiums of policies sold for effective dates on or after June 1, 2010. Policies sold for effective dates prior to June 1, 2010 have different benefits and premiums. Plans E, H, I, and J are no longer available for sale. (This sentence shall not appear after June 1, 2011.)

#### RIGHT TO RETURN POLICY

If you find that you are not satisfied with your policy, you may return it to (insert insurer's address). If you send the policy back to us within 30 days after you receive it, we will treat the policy as if it had never been issued and return all of your payments.

#### POLICY REPLACEMENT

If you are replacing another health insurance policy, do not cancel it until you have actually received your new policy and are sure you want to keep it.

#### NOTICE

[For agent issued policies]

Neither (insert insurer's name) nor its agents are connected with medicare.

[For direct response issued policies]

#### COMPLETE ANSWERS ARE VERY IMPORTANT

When you fill out the application for the new policy, be sure to answer truthfully and completely all questions about your medical and health history. The company may cancel your policy and refuse to pay any claims if you leave out or falsify important medical information. [If the policy or certificate is guaranteed issue, this paragraph need not appear.]

Review the application carefully before you sign it. Be certain that all information has been properly recorded.

[Include for each plan offered by the insurer a chart showing the services, medicare payments, plan payments, and insured payments using the same language, in the same order, and using uniform layout and format as shown in the charts that follow. An insurer may use additional benefit plan designations on these charts pursuant to section 3809(1)(k). Include an explanation of any innovative benefits on the cover page and in the chart, in a manner approved by the commissioner. The insurer issuing the policy shall change the dollar amounts each year to reflect current figures. No more than 4 plans may be shown on 1 chart.] Charts for each plan are as follows:

MEDICARE (PART A)—HOSPITAL SERVICES—PER BENEFIT PERIOD

\*A benefit period begins on the first day you receive service as an inpatient in a hospital and ends after you have been out of the hospital and have not received skilled care in any other facility for 60 days in a row.

\*\*This high deductible plan pays the same benefits as plan F after you have paid a calendar year (\$1,860) deductible. Benefits from the high deductible plan F will not begin until out-of-pocket expenses are \$1,860. Out-of-pocket expenses for this deductible are expenses that would ordinarily be paid by the policy. This includes medicare deductibles for part A and part B, but does not include the plan's separate foreign travel emergency deductible.

Sec. 3819. (1) An insurance policy shall not be titled, advertised, solicited, or issued for delivery in this state as a medicare supplement policy if the policy does not meet the minimum standards prescribed in this section. These minimum standards are in addition to all other requirements of this chapter.

(2) The following standards apply to medicare supplement policies:

(a) A medicare supplement policy shall not deny a claim for losses incurred more than 6 months from the effective date of coverage because it involved a preexisting condition. The policy or certificate shall not define a preexisting condition more restrictively than to mean a condition for which medical advice was given or treatment was recommended by or received from a physician within 6 months before the effective date of coverage.

(b) A medicare supplement policy shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

(c) A medicare supplement policy shall provide that benefits designed to cover cost sharing amounts under medicare will be changed automatically to coincide with any changes in the applicable medicare deductible, copayment, or coinsurance amounts. Premiums may be modified to correspond with such changes.

(d) A medicare supplement policy shall be guaranteed renewable. Termination shall be for nonpayment of premium or material misrepresentation only.

(e) Termination of a medicare supplement policy shall not reduce or limit the payment of benefits for any continuous loss that commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be predicated upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits. Receipt of medicare part D benefits will not be considered in determining a continuous loss.

(f) If a medicare supplement policy eliminates an outpatient prescription drug benefit as a result of requirements imposed by the medicare prescription drug, improvement, and modernization act of 2003, Public Law 108-173, the modified policy shall be considered to satisfy the guaranteed renewal of this subsection.

(g) A medicare supplement policy shall not provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

(3) A medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended at the request of the policyholder or certificate holder for a period not to exceed 24 months in which the policyholder or certificate holder has applied for and is determined to be entitled to medical assistance under medicaid, but only if the policyholder or certificate holder notifies the insurer of such assistance within 90 days after the date the individual becomes entitled to the assistance. Upon receipt of timely notice, the insurer shall return to the policyholder or certificate holder that portion of the premium attributable to the period of medicaid eligibility, subject to adjustment for paid claims. If a suspension occurs and if the policyholder or certificate holder loses entitlement to medical assistance under medicaid, the policy shall be automatically reinstated effective as of the date of termination of the assistance if the policyholder or certificate holder provides notice of loss of medicaid medical assistance within 90 days after the date of the loss and pays the premium attributable to the period effective as of the date of termination of the assistance. Each medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended at the request of the policyholder if the policyholder is entitled to benefits under section 226(b) of title II of the social security act, and is covered under a group health plan as defined in section 1862(b)(1)(A)(v) of the social security act. If suspension occurs and if the policyholder or certificate holder loses coverage under the group health plan, the policy shall be automatically reinstated effective as of the date of loss of coverage if the policyholder provides notice of loss of coverage within 90 days after the date of the loss and pays the premium attributable to the period, effective as of the date of termination of enrollment in the group health plan. All of the following apply to the reinstatement of a medicare supplement policy under this subsection:

(a) The reinstatement shall not provide for any waiting period with respect to treatment of preexisting conditions.

(b) Reinstated coverage shall be substantially equivalent to coverage in effect before the date of the suspension. If the suspended medicare supplement policy provided coverage for outpatient prescription drugs, reinstatement of the policy for medicare part D enrollees shall be without coverage for outpatient prescription drugs and shall otherwise provide substantially equivalent coverage to the coverage in effect before the date of the suspension.

(c) Classification of premiums for reinstated coverage shall be on terms at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had the coverage not been suspended.

(4) If an insurer makes a written offer to the medicare supplement policyholders or certificate holders of 1 or more of its plans, to exchange during a specified period from his or her 1990 standardized plan to a 2010 standardized plan, the offer and subsequent exchange shall comply with the following requirements:

(a) An insurer need not provide justification to the commissioner if the insured replaces a 1990 standardized policy or certificate with an issue age rated 2010 standardized policy or certificate at the insured's original issue age and duration. If an insured's policy or certificate to be replaced is priced on an issue age rate schedule at that time of that offer, the rate charged to the insured for the new exchanged policy shall recognize the policy reserve buildup, due to

the prefunding inherent in the use of an issue age rate basis, for the benefit of the insured. The method proposed to be used by an issuer must be filed with the commissioner.

(b) The rating class of the new policy or certificate shall be the class closest to the insured's class of the replaced coverage.

(c) An insurer may not apply new preexisting condition limitations or a new incontestability period to the new policy for those benefits contained in the exchanged 1990 standardized policy or certificate of the insured, but may apply preexisting condition limitations of no more than 6 months to any added benefits contained in the new 2010 standardized policy or certificate not contained in the exchanged policy.

(d) The new policy or certificate shall be offered to all policyholders or certificate holders within a given plan, except where the offer or issue would be in violation of state or federal law.

(5) This section applies to medicare supplement policies or certificates delivered or issued for delivery with an effective date for coverage prior to June 1, 2010.

Sec. 3819a. (1) This section applies to all medicare supplement policies or certificates delivered or issued for delivery with an effective date for coverage on or after June 1, 2010.

(2) An insurance policy shall not be titled, advertised, solicited, or issued for delivery in this state as a medicare supplement policy if the policy does not meet the minimum standards prescribed in this section. These minimum standards are in addition to all other requirements of this chapter. An issuer shall not offer any 1990 plan for sale on or after June 1, 2010. Benefit standards applicable to medicare supplement policies and certificates issued before June 1, 2010 remain subject to the requirements of section 3819.

(3) The following standards apply to medicare supplement policies:

(a) A medicare supplement policy shall not deny a claim for losses incurred more than 6 months from the effective date of coverage because it involved a preexisting condition. The policy or certificate shall not define a preexisting condition more restrictively than to mean a condition for which medical advice was given or treatment was recommended by or received from a physician within 6 months before the effective date of coverage.

(b) A medicare supplement policy shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

(c) A medicare supplement policy shall provide that benefits designed to cover cost-sharing amounts under medicare will be changed automatically to coincide with any changes in the applicable medicare deductible, copayment, or coinsurance amounts. Premiums may be modified to correspond with such changes.

(d) A medicare supplement policy shall be guaranteed renewable. Termination shall be for nonpayment of premium or material misrepresentation only.

(e) Termination of a medicare supplement policy shall not reduce or limit the payment of benefits for any continuous loss that commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be predicated upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits. Receipt of medicare part D benefits will not be considered in determining a continuous loss.

(f) A medicare supplement policy shall not provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

(4) A medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended at the request of the policyholder or certificate holder for a period not to exceed 24 months in which the policyholder or certificate holder has applied for and is determined to be entitled to medical assistance under medicaid, but only if the policyholder or certificate holder notifies the insurer of such assistance within 90 days after the date the individual becomes entitled to the assistance. Upon receipt of timely notice, the insurer shall return to the policyholder or certificate holder that portion of the premium attributable to the period of medicaid eligibility, subject to adjustment for paid claims. If a suspension occurs and if the policyholder or certificate holder loses entitlement to medical assistance under medicaid, the policy shall be automatically reinstated effective as of the date of termination of the assistance if the policyholder or certificate holder provides notice of loss of medicaid medical assistance within 90 days after the date of the loss and pays the premium attributable to the period effective as of the date of termination of the assistance. Each medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended at the request of the policyholder if the policyholder is entitled to benefits under section 226(b) of title II of the social security act and is covered under a group health plan as defined in section 1862(b)(1)(A)(v) of the social security act. If suspension occurs and if the policyholder or certificate holder loses coverage under the group health plan, the policy shall be automatically reinstated effective as of the date of loss of coverage if the policyholder provides notice of loss of coverage within 90 days after the date of the loss and pays the premium attributable to the period, effective as of the date of termination of enrollment in the group health plan. All of the following apply to the reinstatement of a medicare supplement policy under this subsection:

(a) The reinstatement shall not provide for any waiting period with respect to treatment of preexisting conditions.

(b) Reinstated coverage shall be substantially equivalent to coverage in effect before the date of the suspension.

(c) Classification of premiums for reinstated coverage shall be on terms at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had the coverage not been suspended.

Sec. 3831. (1) Each insurer offering individual or group expense incurred hospital, medical, or surgical policies or certificates in this state shall provide without restriction, to any person who requests coverage from an insurer and has been insured with an insurer subject to this section, if the person would no longer be insured because he or she has become eligible for medicare or if the person loses coverage under a group policy after becoming eligible for medicare, a right of continuation or conversion to their choice of the basic core benefits as described in section 3807 or 3807a or a type C medicare supplemental package as described in section 3811(5)(c) or 3811a(6)(c) that is guaranteed renewable or noncancellable. A person who is hospitalized or has been informed by a physician that he or she will require hospitalization within 30 days after the time of application shall not be entitled to coverage under this subsection until the day following the date of discharge. However, if the hospitalized person was insured by the insurer immediately prior to becoming eligible for medicare or immediately prior to losing coverage under a group policy after becoming eligible for medicare, the person shall be eligible for immediate coverage from the previous insurer under this subsection. A person shall not be entitled to a medicare supplemental policy under this subsection unless the person presents satisfactory proof to the insurer that he or she was insured with an insurer subject to this section. A person who wishes coverage under this subsection must either request coverage within 90 days before or 90 days after the month he or she becomes eligible for medicare or request coverage within 180 days after losing coverage under a group policy. A person 60 years of age or older who loses coverage under a group policy is entitled to coverage under a medicare supplemental policy without restriction from the insurer providing the former group coverage, if he or she requests coverage within 90 days before or 90 days after the month he or she becomes eligible for medicare.

(2) Except as provided in section 3833, a person not insured under an individual or group hospital, medical, or surgical expense incurred policy as specified in subsection (1), after applying for coverage under a medicare supplemental policy required to be offered under subsection (1), shall be entitled to coverage under a medicare supplemental policy that may include a provision for exclusion from preexisting conditions for 6 months after the inception of coverage, consistent with the provisions of section 3819(2)(a) or 3819a(3)(a).

(3) Each insurer offering individual expense incurred hospital, medical, or surgical policies in this state shall give to each person who is insured with the insurer at the time he or she becomes eligible for medicare, and to each applicant of the insurer who is eligible for medicare, written notice of the availability of coverage under this section. Each group policyholder providing hospital, medical, or surgical expense incurred coverage in this state shall give to each certificate holder who is covered at the time he or she becomes eligible for medicare, written notice of the availability of coverage under this section.

(4) Notwithstanding the requirements of this section, an insurer offering or renewing individual or group expense incurred hospital, medical, or surgical policies or certificates after June 27, 2005 may comply with the requirement of providing medicare supplemental coverage to eligible policyholders by utilizing another insurer to write this coverage provided the insurer meets all of the following requirements:

(a) The insurer provides its policyholders the name of the insurer that will provide the medicare supplemental coverage.

(b) The insurer gives its policyholders the telephone numbers at which the medicare supplemental insurer can be reached.

(c) The insurer remains responsible for providing medicare supplemental coverage to its policyholders in the event that the other insurer no longer provides coverage and another insurer is not found to take its place.

(d) The insurer provides certification from an executive officer for the specific insurer or affiliate of the insurer wishing to utilize this option. This certification shall identify the process provided in subdivisions (a) through (c) and shall clearly state that the insurer understands that the commissioner may void this arrangement if the affiliate fails to ensure that eligible policyholders are immediately offered medicare supplemental policies.

(e) The insurer certifies to the commissioner that it is in the process of discontinuing in Michigan its offering of individual or group expense incurred hospital, medical, or surgical policies or certificates.

Sec. 3839. (1) Each medicare supplement policy shall include a renewal or continuation provision. The provision shall be appropriately captioned, shall appear on the first page of the policy, and shall clearly state the term of coverage for which the policy is issued and for which it may be renewed. The provision shall include any reservation by the insurer of the right to change premiums and any automatic renewal premium increases based on the policyholder's age.

(2) If a medicare supplement policy is terminated by the group policyholder and is not replaced as provided under subsection (4), the issuer shall offer certificate holders an individual medicare supplement policy that at the option of the certificate holder provides for continuation of the benefits contained in the group policy or provides for such benefits as otherwise meet the requirements of section 3819 or 3819a.

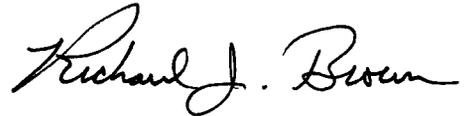

(3) If an individual is a certificate holder in a group medicare supplement policy and the individual terminates membership in the group, the issuer shall offer the certificate holder the conversion opportunity described in subsection (2) or (4) or at the option of the group policyholder, offer the certificate holder continuation of coverage under the group policy.

(4) If a group medicare supplement policy is replaced by another group medicare supplement policy purchased by the same policyholder, the succeeding issuer shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

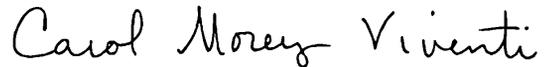

(5) If a medicare supplement policy eliminates an outpatient prescription drug benefit as a result of requirements imposed by the medicare prescription drug, improvement, and modernization act of 2003, Public Law 108-173, the modified policy shall be considered to satisfy the guaranteed renewal requirements of this section.
