13 bridge program. The purpose of the fund is to provide financial
14 assistance to highway authorities for the preservation,

14 (6) Beginning October 1, 2005, no less than 5% and no more
15 than 15% of the funds received in the local bridge fund may be used
16 for critical repair of large bridges and emergencies as determined
17 by the local bridge advisory board. Beginning October 1, 2005,
18 funds remaining after the funds allocated for critical large bridge
19 repair and emergencies are deducted shall be distributed by the
20 board to the regional bridge councils created under this section.
21 One regional council shall be formed for each department of
22 transportation region as those regions exist on October 1, 2004.
23 The regional councils shall consist of 2 members of the county road
24 association of Michigan from counties in the region, 2 members of
25 the Michigan municipal league from cities and villages in the
26 region, and 1 member of the state transportation department in each
27 region. The members of the state transportation department shall be

1 nonvoting members who shall provide qualified administrative staff
2 and qualified technical assistance to the regional councils.

3 (7) Beginning October 1, 2005, funds in the local bridge fund
4 after deduction of the amounts set aside for critical repair of
5 large bridges and emergency repairs shall be distributed among the
6 regional bridge councils according to all of the following ratios,
7 which shall be assigned a weight expressed as a percentage as
8 determined by the board, with each ratio receiving no greater than
9 a 50% weight and no less than a 25% weight:

10 (a) A ratio with a numerator that is the total number of local
11 bridges in the region and a denominator that is the total number of
12 local bridges in this state.

13 (b) A ratio with a numerator that is the total local bridge
14 deck area in the region and a denominator that is the total local
15 bridge deck area in this state.

16 (c) A ratio with a numerator that is the total amount of
17 structurally deficient local bridge deck area in the region and a
18 denominator that is the total amount of structurally deficient
19 local bridge deck area in this state.

20 (8) Beginning October 1, 2005, the regional bridge councils
21 shall allocate the funds received from the board for the
22 preservation, improvement, and reconstruction of existing bridges
23 or for the construction of bridges to replace existing bridges in
24 whole or in part in each region.

25 (9) Beginning January 1, 2007 and each January after 2007, the
26 department shall submit a report to the chair and the minority
27 vice-chair of the appropriations committees of the senate and the

1 house of representatives, and to the standing committees on
2 transportation of the senate and the house of representatives, on
3 all of the following activities for the previous state fiscal year:

4 (a) A listing of how much money was dedicated for emergency
5 and large bridge repair.

6 (b) A listing of what emergency and large bridge repair
7 projects were funded.

8 (c) The actual weights used in the calculation required under
9 subsection (7).

10 (d) A listing of the total money distributed to each region.

11 (e) A listing of what specific projects were funded pursuant
12 to subsection (8).

13 (10) The state transportation commission shall borrow money
14 and issue notes or bonds in an amount of not less than
15 \$30,000,000.00 to supplement the funding provided for the local
16 bridge program under subsection (6). The bonds or notes issued
17 pursuant to this subsection may be issued by the commission for any
18 purpose for which other local bridge funds may be used under this
19 section. The bonds or notes authorized by this subsection shall be
20 issued by resolution of the state transportation commission
21 consistent with the requirements of section 18b.

22 (11) The state transportation department shall promulgate
23 rules pursuant to the administrative procedures act of 1969, 1969
24 PA 306, MCL 24.201 to 24.328, governing the administration of the
25 local bridge program. The rules shall set forth the eligibility
26 criteria for financial assistance under the program and other
27 matters related to the program that the department considers

1 necessary and desirable. The department shall take into
2 consideration the availability of federal aid and other financial
3 resources of the highway authority responsible for the bridge, the
4 importance of the bridge to the highway, road, or street network,
5 and the condition of the existing bridge.

6 (12) Beginning October 1, 2004, the revenue appropriated to
7 the local bridge fund pursuant to subsection (1)(d) shall be
8 distributed only to the local bridge advisory board, the regional
9 bridge councils, cities, villages, and county road commissions.

10 (13) Beginning October 1, 2008, the regional bridge councils
11 shall determine what bridge projects are selected for funding from
12 the local bridge fund created in subsection (5) and shall make a
13 list of selected projects available to interested parties in the
14 region. A determination that a bridge project is selected for
15 funding in a given fiscal year is not approval to disburse the
16 funds.

17 (14) Beginning October 1, 2008, a county road commission,
18 city, or village may implement a bridge project if the bridge
19 project has been selected for funding and is included in the
20 appropriate regional bridge council's current multiyear bridge plan
21 for the local bridge program but the regional bridge council has
22 not allocated funds to the bridge project for the fiscal year that
23 the bridge project is on the current multiyear bridge plan. A
24 county road commission, city, or village may borrow funds to
25 implement a project that has been selected for funding and is
26 included in the appropriate regional bridge council's current
27 multiyear bridge plan but has not been allocated funds by the

1 regional bridge council. Based on available local bridge funds,
2 when a bridge project that was implemented with borrowed funds is
3 allocated funding in a subsequent fiscal year, the funding shall
4 only be used to repay the amount approved by the multiyear bridge
5 plan when the funds were borrowed. To be eligible for repayment of
6 the amount borrowed, a bridge project that has been implemented
7 with borrowed funds shall be administered through the department's
8 local bridge program.
