state classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from 1 position to another within a department.

(2) The state budget director may grant exceptions to the hiring freeze when the state budget director believes that this hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause loss of revenue to the state, result in the inability of the state to receive federal funds, or necessitate additional expenditures that exceed any savings from maintaining a vacancy. The state budget director shall report quarterly to the chairpersons of the senate and house standing committees on appropriations the number of exceptions to the hiring freeze approved during the previous quarter and the reasons to justify the exception.

Sec. 206. The department shall not take disciplinary action against an employee for communicating with a member of the legislature or his or her staff.

Sec. 207a. (1) Before privatizing any services or activities currently provided by state employees in the department, except for the privatization of prisoner mental health services which is necessitated by a critical shortage of mental health professional staff, the department shall submit to the senate and house appropriations committees a preprivatization cost-benefit analysis. This analysis shall utilize accurate, reliable, and objective data. Included in this analysis shall be a comparative estimate of the costs that will be incurred by this state over the life of the contract if 1 or both of the following occur:

(a) The service or activity continues to be provided by state employees.

(b) The service or activity is privatized. The costs of privatizing these services shall include the costs of all necessary monitoring and oversight of the private entity by this state.

(2) The department shall not commence any efforts to privatize the services or activities currently provided by state employees under part 1, except for prisoner mental health services, until the cost-benefit analysis prescribed by subsection (1) has been sent to both the senate and house appropriations committees 14 days prior to the efforts to privatize, and proves a cost savings equivalent to the savings specified in civil service rules for disbursement for personal services outside the civil service. Before awarding a contract for the provision of prisoner mental health treatment services, a cost-benefit analysis shall be completed as specified in subsection (1) and submitted to the appropriate senate and house appropriations committee chairs and appropriate senate and house appropriations subcommittee chairs as well as the senate and house fiscal agencies and state budget office not less than 7 days prior to awarding a contract.

(3) In all cases in which a service or activity is privatized, including the provision of prisoner mental health services, the private entity shall be adequately bonded, so as not to expose the state to any potential future liability or legal causes of action.

(4) A private contractor with a contract with this state that expends state or federal tax dollars shall have all records pertinent to state contracts, including all records detailing compliance with section 209, be subject to disclosure to the department or the department of management and budget.

This requirement may include transmission of reports via electronic mail to the recipients identified for each reporting requirement or it may include placement of reports on an Internet or Intranet site. Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if comparable quality American goods or services, or both, that do not cost more than 5% greater than foreign goods or services are available. Preference shall be given to produce, goods or services, or both, grown, processed, manufactured, or provided by Michigan businesses if they are of comparable quality and do not cost more than 5% greater than

non-Michigan manufactured or provided goods or services. In addition, preference shall be given to goods or services, or both, that are manufactured or provided by Michigan businesses owned and operated by veterans, if they are competitively priced and of comparable quality.

Restitution payments shall be made as provided in section 22 of chapter XV of the code of criminal procedure, 1927 PA 175, MCL 775.22. The department shall collect not more than 50% of all money collected from parolees and probationers for payments other than victim payments, as that term is defined in section 22 of chapter XV of the code of criminal procedure, 1927 PA 175, MCL 775.22.

Sec. 213. By February 15, 2010, the department shall provide the members of the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director with a report detailing non-general fund/general purpose sources of revenue, including, but not limited to, federal revenues, state restricted revenues, local and private revenues, offender reimbursements and other payments, revolving funds, and 1-time sources of revenue, whether or not those revenues were appropriated.
