PART 1

Sec. 2. (1) For the purposes of this part, the words, terms and phrases set forth in this chapter and their derivations have the meaning given therein. When not inconsistent with the context, words used in the present tense include the future, words in the plural number include the singular number, and in the singular number include the plural. "Shall" is always mandatory and "may" is always discretionary.

(2) Any term used in this part shall have the same meaning as when used in comparable context in the laws of the United States relating to federal income taxes unless a different meaning is clearly required. Any reference in this part to the internal revenue code shall include other provisions of the laws of the United States relating to federal income taxes.

(3) It is the intention of this part that the income subject to tax be the same as taxable income as defined and applicable to the subject taxpayer in the internal revenue code, except as otherwise provided in this act.

Sec. 4. "Business income" means all income arising from transactions, activities, and sources in the regular course of the taxpayer's trade or business and includes the following:

(a) For a person born before 1946, this subsection provides no additional restrictions or limitations under subsection (1)(f).

After that person reaches the age of 67, the deductions under subsection (1)(f)(i), (ii), and (iv) do not apply and that person is eligible for a deduction of \$20,000.00 for a single return and \$40,000.00 for a joint return, which deduction is available against all types of income and is not restricted to income from retirement or pension benefits. However if that person's total household resources exceed

\$75,000.00 for a single return or \$150,000.00 for a joint return, that person is not eligible for a deduction of \$20,000.00 for a single return and \$40,000.00 for a joint return. A person that takes the deduction under subsection (1)(e) is not eligible for the unrestricted deduction of \$20,000.00 for a single return and \$40,000.00 for a joint return under this subdivision.

(c) For a person born after 1952, the deduction under subsection (1)(f)(i), (ii), or (iv) does not apply. When that person reaches the age of 67, that person is eligible for a deduction of \$20,000.00 for a single return and \$40,000.00 for a joint return, which deduction is available against all types of income and is not restricted to income from retirement or pension benefits. If a person takes the deduction of \$20,000.00 for a single return and \$40,000.00 for a joint return, that person shall not take the deduction under subsection (1)(f)(iii) and shall not take the personal exemption under subsection (2). That person may elect not to take the deduction of \$20,000.00 for a single return and \$40,000.00 for a joint return and elect to take the deduction under subsection (1)(f)(iii) and the personal exemption under subsection (2) if that election would reduce that person's tax liability. However, if that person's total household resources exceed \$75,000.00 for a single return or \$150,000.00 for a joint return, that person is not eligible for a deduction of \$20,000.00 for a single return and \$40,000.00 for a joint return. A person that takes the deduction under subsection (1)(e) is not eligible for the unrestricted deduction of \$20,000.00 for a single return and \$40,000.00 for a joint return under this subdivision.

(d) For a joint return, the limitations and restrictions in this subsection shall be applied based on the age of the older spouse filing the joint return.

(10) As used in this section:

(a) "Oil and gas" means oil and gas that is subject to severance tax under 1929 PA 48, MCL 205.301 to 205.317.

Sec. 30f. For tax years that begin after December 31, 1999, taxable income for purposes of this part equals taxable income as determined under section 30 with the following adjustments:

(a) For tax years that begin after December 31, 1999, deduct, to the extent not deducted in determining adjusted gross income, interest earned in the tax year on the contributions to the taxpayer's education savings accounts if the contributions were deductible under section 30(1)(t)(i).

(b) For tax years that begin after December 31, 1999, deduct, to the extent included in adjusted gross income, distributions that are qualified withdrawals from an education savings account to the designated beneficiary of that education savings account. As used in this subdivision, "qualified withdrawal" means that term as defined in the Michigan education savings program act, 2000 PA 161, MCL 390.1471 to 390.1486.

Sec. 36. (1) "Taxable income" in the case of a resident estate or trust means federal taxable income as defined in the internal revenue code subject to the following adjustments:

(a) Add gross interest income and dividends derived from obligations or securities of states other than Michigan, in the same amount which has been excluded from federal taxable income less related expenses not deducted in computing federal taxable income because of section 265 of the internal revenue code.

(b) Add taxes on or measured by income to the extent the taxes have been deducted in arriving at federal taxable income.

(c) Add losses on the sale or exchange of obligations of the United States government, the income of which this state is prohibited from subjecting to a net income tax, to the extent that the loss has been deducted in arriving at federal taxable income.

(d) Deduct, to the extent included in federal taxable income, income derived from obligations, or the sale or exchange of obligations, of the United States government which this state is prohibited by law from subjecting to a net income tax, reduced by any interest on indebtedness incurred in carrying the obligations, and by any expenses incurred in the production of such income to the extent that the expenses, including amortizable bond premiums, were deducted in arriving at federal taxable income.

(e) Adjustments resulting from the application of section 271.

(f) Deduct an adjustment resulting from the allocation and apportionment provisions of chapter 3.

(2) The respective shares of an estate or trust and its beneficiaries, including, solely for the purpose of this allocation, nonresident beneficiaries, in the additions and subtractions to taxable income shall be in proportion to their respective shares of distributable net income of the estate or trust as defined in the internal revenue code. If the estate or trust has no distributable net income for the taxable year, the share of each beneficiary in the additions and subtractions shall be in proportion to his or her share of the estate or trust income for the year, under local law or the terms of the

instrument, which is required to be distributed currently and any other amounts of such income distributed in the year. Any balance of the additions and subtractions shall be allocated to the estate or trust. If capital gains and losses are distributed or distributable to a beneficiary or beneficiaries under the internal revenue code, the fiduciary shall advise each beneficiary of his or her share of the adjustment under section 271. The election or failure to elect under section 271 with respect to capital gains and losses taxable to the estate or trust shall not affect the beneficiary's right to elect or not to elect under section 271.

(3) An addition or subtraction shall not be made under this section which has the effect of duplicating an item of income or deduction if the taxpayer establishes to the satisfaction of the commissioner that the item is already reflected in federal taxable income. If an addition or subtraction with respect to the sale or exchange of obligations of the United States government proper adjustment, in accordance with rules promulgated by the department, of the deduction for excess of capital gains over capital losses shall be made.

(4) As used in this section, "oil and gas" means oil and gas that is subject to severance tax under 1929 PA 48, MCL 205.301 to 205.317.

Sec. 51. (1) For receiving, earning, or otherwise acquiring income from any source whatsoever, there is levied and imposed under this part upon the taxable income of every person other than a corporation a tax at the following rates in the following circumstances:

- (f) On and after July 1, 2004 and before October 1, 2007, 3.9%.
- (g) On and after October 1, 2007 and before January 1, 2013, 4.35%.
- (h) Beginning on and after January 1, 2013, 4.25%.

(2) The following percentages of the net revenues collected under this section shall be deposited in the state school aid fund created in section 11 of article IX of the state constitution of 1963:

(a) Beginning October 1, 1994 and before October 1, 1996, 14.4% of the gross collections before refunds from the tax levied under this section.

(b) After September 30, 1996 and before January 1, 2000, 23.0% of the gross collections before refunds from the tax levied under this section.

(c) Beginning January 1, 2000, that percentage of the gross collections before refunds from the tax levied under this section that is equal to 1.012% divided by the income tax rate levied under this section.

(3) The department shall annualize rates provided in subsection (1) as necessary for tax years that end after April 30, 1994. The applicable annualized rate shall be imposed upon the taxable income of every person other than a corporation for those tax years.

(4) The taxable income of a nonresident shall be computed in the same manner that the taxable income of a resident is computed, subject to the allocation and apportionment provisions of this part.

(5) A resident beneficiary of a trust whose taxable income includes all or part of an accumulation distribution by a trust, as defined in section 665 of the internal revenue code, shall be allowed a credit against the tax otherwise due under this part. The credit shall be all or a proportionate part of any tax paid by the trust under this part for any preceding taxable year that would not have been payable if the trust had in fact made distribution to its beneficiaries at the times and in the amounts specified in section 666 of the internal revenue code. The credit shall not reduce the tax otherwise due from the beneficiary to an amount less than would have been due if the accumulation distribution were excluded from taxable income.

(6) The taxable income of a resident who is required to include income from a trust in his or her federal income tax return under the provisions of 26 USC 671 to 679, shall include items of income and deductions from the trust in taxable income to the extent required by this part with respect to property owned outright.

(7) It is the intention of this section that the income subject to tax of every person other than corporations shall be computed in like manner and be the same as provided in the internal revenue code subject to adjustments specifically provided for in this part.

(8) As used in this section:

(a) "Person other than a corporation" means a resident or nonresident individual or any of the following:

- (i) A partner in a partnership as defined in the internal revenue code.
- (ii) A beneficiary of an estate or a trust as defined in the internal revenue code.

(iii) An estate or trust as defined in the internal revenue code.

(b) "Taxable income" means taxable income as defined in this part subject to the applicable source and attribution rules contained in this part.

Sec. 52. For tax years beginning after 1986, a person with respect to whom a deduction under section 151 of the internal revenue code is allowable to another federal taxpayer during the tax year is not considered to have an allowable federal exemption for purposes of section 30(2) and, notwithstanding sections 51 and 315, if that person has an adjusted gross income for that tax year of \$1,500.00 or less, is exempt from the tax levied and imposed in section 51 and is not required to file a return under this part.

Sec. 91. (1) A common trust fund meeting the requirements of section 584 of the internal revenue code, shall not be subject to tax under this part.

(2) Each participant in the common trust fund shall, under rules prescribed by the department, include its proportionate share of the taxable income whether or not distributed and whether or not distributable.

Sec. 102. In the case of taxable income of a taxpayer whose income-producing activities are confined solely to this state, the entire taxable income of such taxpayer shall be allocated to this state, except as otherwise expressly provided in this part.

Sec. 103. Any taxpayer having income from business activity which is taxable both within and without this state, other than the rendering of purely personal services by an individual, shall allocate and apportion his net income as provided in this part.

Sec. 105. For purposes of allocation and apportionment of income from business activity under this part, a taxpayer is taxable in another state if (a) in that state he is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business or a corporate stock tax, or (b) that state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state does or does not.

Sec. 110. (1) For a resident individual, estate, or trust, all taxable income from any source whatsoever, except that attributable to another state under sections 111 to 115 and subject to section 255, is allocated to this state.

(2) For a nonresident individual, estate, or trust, all taxable income is allocated to this state to the extent it is earned, received, or acquired in 1 or more of the following ways:

(a) For the rendition of personal services performed in this state.

(b) As a distributive share of the net profits of a business, profession, enterprise, undertaking, or other activity as the result of work done, services rendered, or other business activities conducted in this state, except as allocated to another state pursuant to sections 111 to 114 and subject to section 256.

(c) For tax years beginning after 1996, as a prize won by the taxpayer under the McCauley-Traxler-Law-Bowman-McNeely lottery act, 1972 PA 239, MCL 432.1 to 432.47.

(d) As winnings that are proceeds of a wagering transaction paid on or after October 1, 2003 by a casino or as a payoff price on a winning ticket that is the result of pari-mutuel wagering at a licensed race meeting if the casino or licensed race meeting is located in this state. As used in this subdivision:

(i) "Casino" means a casino regulated by this state under the Michigan gaming control and revenue act, 1996 IL 1, MCL 432.201 to 432.226, or a building on Native American land or land held in trust by the United States for a federally recognized Indian tribe on which gaming is conducted under the Indian gaming regulatory act, Public Law 100-497, 102 Stat 2467.

(ii) "Pari-mutuel wagering" and "licensed race meeting" mean those terms as used in the horse racing law of 1995, 1995 PA 279, MCL 431.301 to 431.336.

(3) The respective shares of a nonresident estate or trust and its beneficiaries, including, solely for purposes of allocation, resident and nonresident beneficiaries, in the income attributable to this state shall be in proportion to the respective shares of distributable net income of the beneficiaries under the internal revenue code. If the estate or trust has no distributable net income for the tax year, the share of each beneficiary in the income attributable to this state shall be in proportion to his or her share of the estate or trust income for that year, under local law or the terms of the instrument, that is required to be distributed currently and other amounts of the income distributed in the year. Any balance of the income attributable to this state shall be allocated to the estate or trust.

(4) Rents and royalties from real or tangible personal property, capital gains, interest, dividends, or patent or copyright royalties, to the extent that they constitute a nonbusiness income, shall be allocated as provided in sections 111 to 114.

Sec. 115. (1) Before January 1, 2011, all business income, other than income from transportation services, shall be apportioned to this state by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator of which is 3.

(2) After December 31, 2010, all business income, other than income from transportation services, shall be apportioned to this state by multiplying the income by the sales factor calculated under section 121.

Sec. 132. In the case of taxable income other than that derived from the transportation of oil or gas by pipeline, that portion of the net income of the taxpayer derived from transportation services wherever performed that the revenue miles of the taxpayer in Michigan bear to the revenue miles of the taxpayer everywhere. A revenue mile means the transportation for a consideration or 1 net ton in weight or 1 passenger the distance of 1 mile. The taxable income attributable to Michigan sources in the case of a taxpayer engaged in the transportation both of property and of individuals shall be that portion of the entire net income of the taxpayer which is equal to the average of his passenger miles and ton mile fractions, separately computed and individually weighted by the ratio of gross receipts from passenger transportation to total gross receipts from all transportation, and by the ratio of gross receipts from freight transportation to total gross receipts from all transportation, respectively. If it is shown to the satisfaction of the department that the foregoing information is not available or cannot be obtained without unreasonable expense to the taxpayer, the commissioner may use such other data which may be available and which in the opinion of the department will result in an equitable allocation of such receipts to this state.

Sec. 195. (1) If the allocation and apportionment provisions of this part do not fairly represent the extent of the taxpayer's business activity in this state, the taxpayer may petition for or the department may require, in respect to all or any part of the taxpayer's business activity, if reasonable:

(a) Separate accounting;

(b) The inclusion of 1 or more additional factors which will fairly represent the taxpayer's business activity in this state.

(c) The employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's taxable income.

(2) An alternative method will be effective only with approval by the department.

Sec. 201. (1) A person who is exempt from federal income tax pursuant to the provisions of the internal revenue code shall be exempt from the tax imposed by this part except the unrelated taxable business income of an exempt person as determined under the internal revenue code.

(2) Nothing in this section shall exempt a person from the withholding and information return provisions of this part.

Sec. 251. (1) The amount withheld under section 351 shall be allowed to the recipient of the compensation as a credit against the tax imposed on him or her by this part.

(2) The amount so withheld during any calendar year shall be allowed as a credit for the taxable year beginning in such calendar year. If more than 1 taxable year begins in a calendar year, such amount shall be allowed as a credit for the last taxable year so beginning.

Sec. 255. (1) A resident individual or resident estate or trust is allowed a credit against the tax due under this part for the amount of an income tax imposed on the resident individual or resident estate or trust for the tax year by another state of the United States, a political subdivision of another state of the United States, the District of Columbia, or a Canadian province, on income derived from sources outside this state that is also subject to tax under this part or the amount determined under subsection (3), whichever is less. For purposes of the Canadian provincial credit, the credit is allowed for only that portion of the provincial tax not claimed as a credit for federal income tax purposes. It is presumed that the Canadian federal income tax is claimed first. The provincial tax claimed as a carryover deduction as provided in the internal revenue code is not allowed as a credit under this section.

(2) The Canadian provincial credit shall be allowed for the 1978 tax year and for each tax year after 1978.

(3) The credit under this section shall not exceed an amount determined by dividing income that is subject to taxation both in this state and in another jurisdiction by taxable income and then multiplying that result by the taxpayer's tax liability before any credits are deducted.

Sec. 256. For a nonresident individual, estate, or trust, if the laws of the state of residence exempt a resident of this state from liability for the payment of income taxes on income earned for personal services performed in that state, the department may enter into a reciprocal agreement with that state to provide a similar tax exemption for that state's residents on income earned for personal services performed in this state.

Sec. 265. (1) For the 1989 tax year and each tax year after 1989, a taxpayer may credit against the tax imposed by this part for the tax year an amount equal to the tax paid in any prior tax year attributable to income received by the taxpayer in any prior tax year and repaid by the taxpayer during the tax year if the taxpayer is eligible for a deduction or credit against his or her federal tax liability pursuant to section 1341 of the internal revenue code based on the repayment for the tax year. A credit under this section for a tax year is allowed only if the repayment for which a deduction or credit was taken pursuant to section 1341 of the internal revenue code is not deducted in calculating the taxpayer's adjusted gross income for the tax year.

(2) If the credit allowed under this section exceeds the tax liability of the taxpayer for the tax year, that portion of the credit that exceeds the tax liability shall be refunded.

Sec. 266. (1) A qualified taxpayer with a rehabilitation plan certified after December 31, 1998 and before January 1, 2012 may credit against the tax imposed by this part the amount determined pursuant to subsection (2) for the qualified expenditures for the rehabilitation of a historic resource pursuant to the rehabilitation plan in the year in which the certification of completed rehabilitation of the historic resource is issued. Only those expenditures that are paid or incurred during the time periods prescribed for the credit under section 47(a)(2) of the internal revenue code and any related treasury regulations shall be considered qualified expenditures.

(2) The credit allowed under this section shall be 25% of the qualified expenditures that are eligible, or would have been eligible except that the taxpayer elected to transfer the credit under subsection (12), for the credit under section 47(a)(2) of the internal revenue code if the taxpayer is eligible for the credit under section 47(a)(2) of the internal revenue code or, if the taxpayer is not eligible for the credit under section 47(a)(2) of the internal revenue code, 25% of the qualified expenditures that would qualify under section 47(a)(2) of the internal revenue code except that the expenditures are made to a historic resource that is not eligible for the credit under section 47(a)(2) of the internal revenue code, subject to both of the following:

(a) A taxpayer with qualified expenditures that are eligible for the credit under section 47(a)(2) of the internal revenue code may not claim a credit under this section for those qualified expenditures unless the taxpayer has claimed and received a credit for those qualified expenditures under section 47(a)(2) of the internal revenue code or the taxpayer has elected to transfer the credit under subsection (12).

(b) A credit under this section shall be reduced by the amount of a credit received by the taxpayer for the same qualified expenditures under section 47(a)(2) of the internal revenue code.

(3) To be eligible for the credit under this section, the taxpayer shall apply to and receive from the Michigan state housing development authority that the historic significance, the rehabilitation plan, and the completed rehabilitation of the historic resource meet the criteria under subsection (6) and either of the following:

(a) All of the following criteria:

(i) The historic resource contributes to the significance of the historic district in which it is located.

(ii) Both the rehabilitation plan and completed rehabilitation of the historic resource meet the federal secretary of the interior's standards for rehabilitation and guidelines for rehabilitating historic buildings, 36 CFR part 67.

(iii) All rehabilitation work has been done to or within the walls, boundaries, or structures of the historic resource or to historic resources located within the property boundaries of the resource.

(b) The taxpayer has received certification from the national park service that the historic resource's significance, the rehabilitation plan, and the completed rehabilitation qualify for the credit allowed under section 47(a)(2) of the internal revenue code.

(4) If a qualified taxpayer is eligible for the credit allowed under section 47(a)(2) of the internal revenue code, the qualified taxpayer shall file for certification with the authority to qualify for the credit allowed under section 47(a)(2) of the internal revenue code. If the qualified taxpayer has previously filed for certification with the authority to qualify for the credit allowed under section 47(a)(2) of the internal revenue code, additional filing for the credit allowed under this section is not required.

(5) The authority may inspect a historic resource at any time during the rehabilitation process and may revoke certification of completed rehabilitation if the rehabilitation was not undertaken as represented in the rehabilitation plan or if unapproved alterations to the completed rehabilitation are made during the 5 years after the tax year in which the credit was claimed. The authority shall promptly notify the department of a revocation.

(6) Qualified expenditures for the rehabilitation of a historic resource may be used to calculate the credit under this section if the historic resource meets 1 of the criteria listed in subdivision (a) and 1 of the criteria listed in subdivision (b):

(a) The resource is 1 of the following during the tax year in which a credit under this section is claimed for those qualified expenditures:

(i) Individually listed on the national register of historic places or state register of historic sites.

(ii) A contributing resource located within a historic district listed on the national register of historic places or the state register of historic sites.

(iii) A contributing resource located within a historic district designated by a local unit pursuant to an ordinance adopted under the local historic districts act, 1970 PA 169, MCL 399.201 to 399.215.

(iii) The historic resource is located in an unincorporated local unit of government.

(iv) The historic resource is located in an incorporated local unit of government that does not have an ordinance under the local historic districts act, 1970 PA 169, MCL 399.201 to 399.215, and is located within the boundaries of an association that has been chartered under 1889 PA 39, MCL 455.51 to 455.72.

(v) The historic resource is subject to a historic preservation easement.

(7) A credit amount assigned under section 39c(7) of former 1975 PA 228 or section 435 of the Michigan business tax act, 2007 PA 36, MCL 208.1435, may be claimed against the partner's, member's, or shareholder's tax liability under this part as provided in section 39c(7) of former 1975 PA 228 or section 435 of the Michigan business tax act, 2007 PA 36, MCL 208.1435.

(8) If the credit allowed under this section for the tax year and any unused carryforward of the credit allowed by this section exceed the taxpayer's tax liability for the tax year, that portion that exceeds the tax liability for the tax year shall not be refunded but may be carried forward to offset tax liability in subsequent tax years for 10 years or until used up, whichever occurs first. For projects for which a certificate of completed rehabilitation is issued for a tax year beginning after December 31, 2008 and for which the credit amount allowed is less than \$250,000.00, a qualified taxpayer may elect to forgo the carryover period and receive a refund of the amount of the credit that exceeds the qualified taxpayer's tax liability. The amount of the refund shall be equal to 90% of the amount of the credit that exceeds the qualified taxpayer's tax liability. An election under this subsection shall be made in the year that a certificate of completed rehabilitation is issued and shall be irrevocable.

(9) For tax years beginning before January 1, 2009, if a taxpayer sells a historic resource for which a credit under this section was claimed less than 5 years after the year in which the credit was claimed, the following percentage of the credit amount previously claimed relative to that historic resource shall be added back to the tax liability of the taxpayer in the year of the sale:

(a) If the sale is less than 1 year after the year in which the credit was claimed, 100%.

(b) If the sale is at least 1 year but less than 2 years after the year in which the credit was claimed, 80%.

(c) If the sale is at least 2 years but less than 3 years after the year in which the credit was claimed, 60%.

(d) If the sale is at least 3 years but less than 4 years after the year in which the credit was claimed, 40%.

(e) If the sale is at least 4 years but less than 5 years after the year in which the credit was claimed, 20%.

(f) If the sale is 5 years or more after the year in which the credit was claimed, an addback to the taxpayer's tax liability shall not be made.

(10) For tax years beginning before January 1, 2009, if a certification of completed rehabilitation is revoked under subsection (5) less than 5 years after the year in which a credit was claimed, the following percentage of the credit amount previously claimed relative to that historic resource shall be added back to the tax liability of the taxpayer in the year of the revocation:

(a) If the revocation is less than 1 year after the year in which the credit was claimed, 100%.

(b) If the revocation is at least 1 year but less than 2 years after the year in which the credit was claimed, 80%.

(c) If the revocation is at least 2 years but less than 3 years after the year in which the credit was claimed, 60%.

(d) If the revocation is at least 3 years but less than 4 years after the year in which the credit was claimed, 40%.

(e) If the revocation is at least 4 years but less than 5 years after the year in which the credit was claimed, 20%.

(f) If the revocation is 5 years or more after the year in which the credit was claimed, an addback to the taxpayer's tax liability shall not be made.

(11) For tax years beginning after December 31, 2008, if a certificate of completed rehabilitation is revoked under subsection (5) or if the historic resource is sold or disposed of less than 5 years after being placed in service as defined in section 47(b)(1) of the internal revenue code and related treasury regulations, the following percentage of the credit amount previously claimed relative to that historic resource shall be added back to the tax liability of the qualified taxpayer that received the certificate of completed rehabilitation and not the assignee in the year of the revocation:

(a) If the revocation is less than 1 year after the historic resource is placed in service, 100%.

(b) If the revocation is at least 1 year but less than 2 years after the historic resource is placed in service, 80%.

(c) If the revocation is at least 2 years but less than 3 years after the historic resource is placed in service, 60%.

(d) If the revocation is at least 3 years but less than 4 years after the historic resource is placed in service, 40%.

(f) If the revocation is at least 5 years or more after the historic resource is placed in service, an addback to the qualified taxpayer tax liability shall not be required.

(12) A qualified taxpayer who receives a certificate of completed rehabilitation after December 31, 2008 may elect to forgo claiming the credit and transfer the credit along with the ownership of the property for which the credit may be claimed to a new owner. The new owner shall be treated as the qualified taxpayer having incurred the rehabilitation costs and shall be subject to the recapture provisions under subsection (11) if the new owner sells or disposes of the property within 5 years after the new owner acquired the property. For purposes of this subsection and subsection (11), the placed in service date for a new owner is the date the new owner acquired the property for which the credit is claimed.

(13) The authority may impose a fee to cover the administrative cost of implementing the program under this section.

(14) The qualified taxpayer shall attach all of the following to the qualified taxpayer's annual return under this part:

(a) Certification of completed rehabilitation.

(b) Certification of historic significance related to the historic resource and the qualified expenditures used to claim a credit under this section.

(c) A completed assignment form if the qualified taxpayer is an assignee under section 39c of former 1975 PA 228 or section 435 of the Michigan business tax act, 2007 PA 36, MCL 208.1435, of any portion of a credit allowed under that section.

(15) The authority may promulgate rules to implement this section pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(16) The total of the credits claimed under this section and section 39c of former 1975 PA 228 or section 435 of the Michigan business tax act, 2007 PA 36, MCL 208.1435, for a rehabilitation project shall not exceed 25% of the total qualified expenditures eligible for the credit under this section for that rehabilitation project.

(17) The authority shall report all of the following to the legislature annually for the immediately preceding state fiscal year:

If an increase in taxable income results from a federal audit that increases the taxpayer’s federal income tax by less than \$500.00, the requirement under this subsection to file an amended return does not apply but the department may assess an increase in tax resulting from the audit. The amended return shall be filed within 120 days after the final alteration, modification, recomputation, or determination of deficiency. If the department finds upon all the facts that an additional tax under this part is owing, the taxpayer shall immediately pay the additional tax. If the department finds that the taxpayer has overpaid the tax imposed by this part, a credit or refund of the overpayment shall immediately be made as provided in section 30 of 1941 PA 122, MCL 205.30.

(i) Contributions by an employer to life, accident, or health insurance plans.

(j) Energy assistance grants and energy assistance tax credits.

(2) "Owner" means a natural person who owns or is purchasing a homestead under a mortgage or land contract, who owns or is purchasing a dwelling situated on the leased lands of another, or who is a tenant-stockholder of a cooperative housing corporation.

Sec. 512. (1) "Paraplegic, hemiplegic, or quadriplegic" means an individual, or either 1 of 2 persons filing a joint tax return under this part, who is a paraplegic, hemiplegic, or quadriplegic at the end of the tax year.

(2) "Property taxes" means, for tax years before the 2003 tax year, general ad valorem taxes due and payable, levied on a homestead within this state including property tax administration fees, but does not include penalties, interest, or special assessments unless assessed in the entire city, village, or township, levied using a uniform millage rate on all real property not exempt by state law from the levy of the special assessment, and levied and based on state equalized valuation or taxable value.

(3) "Qualified person" means a claimant and any person, domiciled in Michigan, who can be claimed as a dependent under the internal revenue code and who does not file a claim under this part for the same tax year. The term does not include the additional exemptions allowed for age or blindness.

(4) "Renter" means a person who rents or leases a homestead.

Sec. 514. (1) "Senior citizen" means an individual, or either 1 of 2 persons filing a joint tax return under this part, who is 65 years of age or older at the close of the tax year. The term also includes the unremarried surviving spouse of a person who was 65 years of age or older at the time of death.

(2) "Serviceperson" means a person who is currently serving in the armed forces of the United States or is separated from the armed forces for less than a year, and who was a resident of this state at least 6 months prior to the time of entering the armed forces or was a resident of this state at least 5 years prior to filing a claim under this chapter.

(3) "State income tax" or "state income tax act" means the tax levied by this part.

Sec. 520. (1) Subject to the limitations and the definitions in this chapter, a claimant may claim against the tax due under this part for the tax year a credit for the property taxes on the taxpayer's homestead deductible for federal income tax purposes pursuant to section 164 of the internal revenue code, or that would have been deductible if the claimant had not elected the zero bracket amount or if the claimant had been subject to the federal income tax. The property taxes used for the credit computation shall not be greater than the amount levied for 1 tax year. A person is not eligible for a credit under this section if the taxable value of his or her homestead in the year for which the credit is claimed is greater than \$135,000.00. As used in this subsection, "taxable value" means that value determined under section 27a of the general property tax act, 1893 PA 206, MCL 211.27a.

(2) A person who rents or leases a homestead may claim a similar credit computed under this section and section 522 based upon 17% of the gross rent paid for tax years before the 1994 tax year, or 20% of the gross rent paid for tax years after the 1993 tax year. A person who rents or leases a homestead subject to a service charge in lieu of ad valorem taxes as provided by section 15a of the state housing development authority act of 1966, 1966 PA 346, MCL 125.1415a, may claim a similar credit computed under this section and section 522 based upon 10% of the gross rent paid.

(3) If the credit claimed under this section and section 522 exceeds the tax liability for the tax year or if there is no tax liability for the tax year, the amount of the claim not used as an offset against the tax liability shall, after examination and review, be approved for payment, without interest, to the claimant. In determining the amount of the payment under this subsection, withholdings and other credits shall be used first to offset any tax liabilities.

(4) If the homestead is an integral part of a multipurpose or multidwelling building that is federally aided housing or state aided housing, a claimant who is a senior citizen entitled to a payment under subsection (2) may assign the right to that payment to a mortgagor if the mortgagor reduces the rent charged and collected on the claimant's homestead in an amount equal to the tax credit payment provided in this chapter. The assignment of the claim is valid only if the Michigan state housing development authority, by affidavit, verifies that the claimant's rent has been so reduced.

(5) Only the renter or lessee shall claim a credit on property that is rented or leased as a homestead.

(6) A person who discriminates in the charging or collection of rent on a homestead by increasing the rent charged or collected because the renter or lessee claims and receives a credit or payment under this chapter is guilty of a misdemeanor. Discrimination against a renter who claims and receives the credit under this section and section 522 by a reduction of the rent on the homestead of a person who does not claim and receive the credit is a misdemeanor. If discriminatory rents are charged or collected, each charge or collection of the higher or lower payment is a separate offense. Each acceptance of a payment of rent is a separate offense.

(7) A person who received aid to families with dependent children, state family assistance, or state disability assistance pursuant to the social welfare act, 1939 PA 280, MCL 400.1 to 400.119b, in the tax year for which the person is filing a return shall have a credit that is authorized and computed under this section and section 522 reduced by an amount equal to the product of the claimant's credit multiplied by the quotient of the sum of the claimant's aid to families with dependent children, state family assistance, and state disability assistance for the tax year divided by the claimant's total household resources. The reduction of credit shall not exceed the sum of the aid to families with dependent children, state family assistance, and state disability assistance for the tax year. For the purposes of this subsection, aid to families with dependent children does not include child support payments that offset or reduce payments made to the claimant.

(8) A credit under subsection (1) or (2) shall be reduced by 10% for each claimant whose total household resources exceed \$41,000.00 and by an additional 10% for each increment of \$1,000.00 of total household resources in excess of \$41,000.00.

(9) If the credit authorized and calculated under this section and section 522 and adjusted under subsection (7) or (8) does not provide to a senior citizen who rents or leases a homestead that amount attributable to rent that constitutes more than 40% of the total household resources of the senior citizen, the senior citizen may claim a credit based upon the amount of total household resources attributable to rent as provided by this section.

(10) A senior citizen whose gross rent paid for the tax year is more than the percentage of total household resources specified in subsection (9) for the respective tax year may claim a credit for the amount of rent paid that constitutes more than the percentage of the total household resources of the senior citizen specified in subsection (9) and that was not provided to the senior citizen by the credit computed pursuant to this section and section 522 and adjusted pursuant to subsection (7) or (8).

(11) The department may promulgate rules to implement subsections (9) to (15) and may prescribe a table to allow a claimant to determine the credit provided under this section and section 522 in the instruction booklet that accompanies the respective income tax or property tax credit forms used by claimants.

(12) A senior citizen may claim the credit under subsections (9) to (15) on the same form as the property tax credit permitted by subsection (2). The department shall adjust the forms accordingly.

(13) A senior citizen who moves to a different rented or leased homestead shall determine, for 2 tax years after the move, both his or her qualification to claim a credit under subsections (9) to (15) and the amount of a credit under subsections (9) to (15) on the basis of the annualized final monthly rental payment at his or her previous homestead, if this annualized rental is less than the senior citizen's actual annual rental payments.

(14) For a return of less than 12 months, the claim for a credit under subsections (9) to (15) shall be reduced proportionately.

(15) The total credit allowed by this section and section 522 shall not exceed \$1,200.00 per year.

Sec. 522. (1) The amount of a claim made pursuant to this chapter shall be determined as follows:

(a) A claimant who is not a senior citizen is entitled to a credit against the state income tax liability under this part equal to 60% of the amount by which the property taxes on the homestead, or the credit for rental of the homestead for the tax year, exceeds 3.5% of the claimant's total household resources for that tax year.

(b) A claimant who is a senior citizen is entitled to a credit against the state income tax liability under this part equal to the following:

(i) For a claimant with total household resources of \$21,000.00 or less, an amount equal to 100% of the difference between the property taxes on the homestead or the credit for rental of the homestead for the tax year and 3.5% of total household resources.

(ii) For a claimant with total household resources of more than \$21,000.00 and less than or equal to \$22,000.00, an amount equal to 96% of the difference between the property taxes on the homestead or the credit for rental of the homestead for the tax year and 3.5% of total household resources.

(iii) For a claimant with total household resources of more than \$22,000.00 and less than or equal to \$23,000.00, an amount equal to 92% of the difference between the property taxes on the homestead or the credit for rental of the homestead for the tax year and 3.5% of total household resources.

(iv) For a claimant with total household resources of more than \$23,000.00 and less than or equal to \$24,000.00, an amount equal to 88% of the difference between the property taxes on the homestead or the credit for rental of the homestead for the tax year and 3.5% of total household resources.

(v) For a claimant with total household resources of more than \$24,000.00 and less than or equal to \$25,000.00, an amount equal to 84% of the difference between the property taxes on the homestead or the credit for rental of the homestead for the tax year and 3.5% of total household resources.

(vi) For a claimant with total household resources of more than \$25,000.00 and less than or equal to \$26,000.00, an amount equal to 80% of the difference between the property taxes on the homestead or the credit for rental of the homestead for the tax year and 3.5% of total household resources.

(vii) For a claimant with total household resources of more than \$26,000.00 and less than or equal to \$27,000.00, an amount equal to 76% of the difference between the property taxes on the homestead or the credit for rental of the homestead for the tax year and 3.5% of total household resources.

(viii) For a claimant with total household resources of more than \$27,000.00 and less than or equal to \$28,000.00, an amount equal to 72% of the difference between the property taxes on the homestead or the credit for rental of the homestead for the tax year and 3.5% of total household resources.

(ix) For a claimant with total household resources of more than \$28,000.00 and less than or equal to \$29,000.00, an amount equal to 68% of the difference between the property taxes on the homestead or the credit for rental of the homestead for the tax year and 3.5% of total household resources.

(x) For a claimant with total household resources of more than \$29,000.00 and less than or equal to \$30,000.00, an amount equal to 64% of the difference between the property taxes on the homestead or the credit for rental of the homestead for the tax year and 3.5% of total household resources.

(xi) For a claimant with total household resources of more than \$30,000.00, an amount equal to 60% of the difference between the property taxes on the homestead or the credit for rental of the homestead for the tax year and 3.5% of total household resources.

(c) A claimant who is a senior citizen or a paraplegic, hemiplegic, or quadriplegic and for tax years that begin after December 31, 1999, a claimant who is totally and permanently disabled or deaf is entitled to a credit against the state income tax liability for the amount by which the property taxes on the homestead, the credit for rental of the homestead, or a service charge in lieu of ad valorem taxes as provided by section 15a of the state housing development authority act of 1966, 1966 PA 346, MCL 125.1415a, for the tax year exceeds the percentage of the claimant's total household resources for that tax year computed as follows:

Household income	Percentage
Not over \$3,000.00	.0%
Over \$3,000.00 but not over \$4,000.00	1.0%
Over \$4,000.00 but not over \$5,000.00	2.0%
Over \$5,000.00 but not over \$6,000.00	3.0%
Over \$6,000.00	3.5%

(d) A claimant who is an eligible serviceperson, eligible veteran, or eligible widow or widower is entitled to a credit against the state income tax liability for a percentage of the property taxes on the homestead for the tax year not in excess of 100% determined as follows:

(i) Divide the taxable value allowance specified in section 506 by the taxable value of the homestead or, if the eligible serviceperson, eligible veteran, or eligible widow or widower leases or rents a homestead, divide 17% of the total annual rent paid for tax years before the 1994 tax year, or 20% of the total annual rent paid for tax years after the 1993 tax year on the property by the property tax rate on the property.

(ii) Multiply the property taxes on the homestead by the percentage computed in subparagraph (i).

(e) A claimant who is blind is entitled to a credit against the state income tax liability for a percentage of the property taxes on the homestead for the tax year determined as follows:

(i) If the taxable value of the homestead is \$3,500.00 or less, 100% of the property taxes.

(ii) If the taxable value of the homestead is more than \$3,500.00, the percentage that \$3,500.00 bears to the taxable value of the homestead.

(2) A person who is qualified to make a claim under more than 1 classification shall elect the classification under which the claim is made.

(3) Only 1 claimant per household for a tax year is entitled to the credit, unless both the husband and wife filing a joint return are blind, then each shall be considered a claimant.

(4) As used in this section, "totally and permanently disabled" means disability as defined in section 216 of title II of the social security act, 42 USC 416.

(5) A senior citizen who has total household resources for the tax year of \$6,000.00 or less and who for 1973 received a senior citizen homestead exemption under former section 7c of the general property tax act, 1893 PA 206, may compute the credit against the state income tax liability for a percentage of the property taxes on the homestead for the tax year determined as follows:

(a) If the taxable value of the homestead is \$2,500.00 or less, 100% of the property taxes.

(b) If the taxable value of the homestead is more than \$2,500.00, the percentage that \$2,500.00 bears to the taxable value of the homestead.

(6) For a return of less than 12 months, the claim shall be reduced proportionately.

(7) The department may prescribe tables that may be used to determine the amount of the claim.

(8) The total credit allowed in this section for each year after December 31, 1975 shall not exceed \$1,200.00 per year.

(9) The total credit allowable under this part and part 361 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.36101 to 324.36117, shall not exceed the total property tax due and payable by the claimant in that year. The amount by which the credit exceeds the property tax due and payable shall be deducted from the credit claimed under part 361 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.36101 to 324.36117.

Sec. 526. The right to file a claim is personal to the claimant. The right may be exercised on behalf of a claimant by an agent, guardian, attorney-in-fact, executor or administrator, or other persons charged with the care of the person or property of a claimant. When a claimant dies before he could have filed or after having filed a timely claim, the amount thereof may be paid to another member of the household or to the mortgagor of the state or federally aided housing, which is a multipurpose or multidwelling building, who has reduced the rent on the claimant's homestead because of the tax credit and payment provided in this chapter as determined by the department. If the claimant was the only member of his household and was not renting his homestead in a multipurpose or multidwelling building that is state or federally aided housing, the claim shall be paid to his executor or administrator; but if neither is appointed within 2 years after the filing of the claim, the amount of the claim shall escheat to the state.

Sec. 527a. (1) Subject to subsections (18) and (19), a claimant may claim a credit for heating fuel costs for the claimant's homestead in this state. An adult foster care home, nursing home, home for the aged, or substance abuse center is not a homestead for purposes of this section. The credit shall be determined in the following manner:

(a) Subject to subsections (18) and (19), the following table shall be used for the computation of a credit as computed under subdivision (c):

Exemptions	0 or 1	2	3	4	5	6 or more
Credit	\$272	\$326	\$379	\$450	\$525	\$601 + \$76 for each exemption over 6

(b) The amounts in the table in subdivision (a) shall be adjusted each year as necessary by the department so that a claimant with total household resources of less than 110% of the federal poverty income standards as defined and determined annually by the United States office of management and budget is not denied a credit.

(c) A claimant shall receive the greater of the credit amount as determined in subparagraph (i) or (ii):

(i) Subtract 3.5% of the claimant's total household resources from the amount specified in subdivision (a) that corresponds with the number of exemptions claimed in the return filed under this part, except that the number of exemptions for purposes of this subdivision shall not exceed the actual number of persons living in the household plus the additional personal exemptions allowed under section 30, and any dependency exemptions for a person or persons living in the household under a custodial arrangement, even if the exemptions may not be claimed for other income tax purposes. For a claimant whose heating costs are included in his or her rent, multiply the result of the preceding calculation by 50%.

(ii) Subject to subsection (2), for a claimant whose total household resources do not exceed the maximum specified in the following table, as adjusted, that corresponds with the number of exemptions claimed in the return filed under this part, subtract 11% of claimant's total household resources from the total cost incurred by a claimant for heating fuel from a heating fuel provider during the 12 consecutive monthly billing periods ending in October of the tax year, and multiply the resulting amount by 70%:

Exemptions	0 or 1	2	3	4	5	For each exemption over 5, add \$2,441.00 to the maximum total household resources
Maximum Total Household Resources	\$7,060	\$9,501	\$11,943	\$14,382	\$16,824	

(d) The maximum cost incurred by a claimant for heating fuel during a tax year shall be adjusted by multiplying the maximum cost for the immediately preceding tax year by the percentage by which the average all urban Detroit consumer price index for fuels and other utilities for the 12 months ending August 31 of the tax year for which the credit is claimed exceeds that index's average for the 12 months ending on August 31 of the previous tax year, but not more than 10%. That product shall be added to the maximum cost of the immediately preceding tax year and then rounded to the nearest whole dollar. That dollar amount is the new maximum cost for the current tax year. If the claimant received any credits to his or her heating bill during the tax year, as provided for in subsection (6), the credits shall be treated as costs incurred by the claimant.

(e) The maximum total household resources specified in subdivision (c)(ii) shall be adjusted by multiplying the respective maximum total household resources for the immediately preceding tax year by the percentage by which the average all urban Detroit consumer price index for all items for the 12 months ending August 31 of the tax year for which the credit is claimed exceeds that index's average for the 12 months ending on August 31 of the immediately preceding tax year, but not more than 10%. That product shall be added to the immediately preceding tax year's respective maximum total household resources and then rounded to the nearest whole dollar. That dollar amount is the new maximum level for total household resources for the then current tax year.

(2) An enrolled heating fuel provider shall notify each of its customers, not later than December 15 of each year, of the availability, upon request, of the information necessary for determining the credit under this section. For a claimant for whom, at the time of filing, the department of human services is making direct vendor payments to an enrolled heating fuel provider, the enrolled heating fuel provider that accepts the direct payments shall provide the information necessary to determine the credit before February 1 of each year. If an enrolled heating fuel provider refuses or fails to provide to a customer the information required to determine the credit, or if the claimant is not a customer of an enrolled heating fuel provider, a claimant may determine the credit provided in subsection (1)(c)(ii) based on his or her own records.

(3) A credit claimed on a return that covers a period of less than 12 months shall be calculated based on subsection (1)(c)(i) and shall be reduced proportionately.

(4) The allowable amount of the credit under this section shall be remitted to the claimant, other than a claimant whose heating costs are included in his or her rent, in the form of an energy draft that states the name of the claimant and is issued by the department. For a claimant for whom, at the time of filing, the department of human services has identified the enrolled heating fuel provider or is making direct vendor payments to an enrolled heating fuel provider, the department shall send the energy draft directly to the claimant's enrolled heating fuel provider, as identified by the claimant. If the department establishes a program or pilot program for the direct payment of energy drafts to enrolled heating fuel providers, enrolled heating fuel providers may submit to the department, in a manner prescribed by the department, the names of their customers who are claimants. If a claimant whose name has been submitted meets the standards established by the department, the department shall send that claimant's energy draft directly to the claimant's enrolled heating fuel provider. If the enrolled heating fuel provider submits names of claimants who are not its customers and the energy drafts of any of those claimants are sent to the enrolled heating fuel provider, the enrolled heating fuel provider shall return the energy drafts or pay the value of the energy drafts to the department plus interest on the amount of the energy drafts at the rate calculated under section 23 of 1941 PA 122, MCL 205.23, for deficiencies in tax payments. Except as provided in subsection (5), after July 31, a refundable credit for a prior tax year may be paid in the form of a negotiable warrant. The energy draft shall be negotiable only through the claimant's enrolled heating fuel provider upon remittance by the claimant.

(5) If a claimant received home heating assistance from the department of human services, a governmental agency, or a nonprofit organization 12 months prior to remitting an energy draft to the claimant's enrolled heating fuel provider and the amount of the energy draft is greater than the total of outstanding bills incurred by the claimant with the enrolled heating fuel provider as of the date that the energy draft was remitted to the enrolled heating fuel provider, the enrolled heating fuel provider shall first apply the full amount of the energy draft to the claimant's outstanding bills and then apply any remaining amount to subsequent bills of the claimant until the full amount of the energy draft is used up or the expiration of 9 months after the date on which the energy draft was first applied to cover the claimant's outstanding bills. If there is any remaining energy draft amount at the end of the 9-month period, or if before the end of the 9-month period the claimant is no longer a customer of the enrolled heating fuel provider, the enrolled heating fuel provider shall remit the remaining amount to the claimant in the form of a fully negotiable check within 14 days after the end of the 9-month period or 14 days after the termination of services, whichever occurs sooner. If the claimant did not receive home heating assistance from the department of human services, a governmental agency, or a nonprofit organization 12 months prior to remitting an energy draft, the claimant, by checking the appropriate box to be included on the energy draft or application for participation with an enrolled heating fuel provider, may request from the enrolled heating fuel provider a payment equal to the amount of the energy draft less the amount of the outstanding bills. The enrolled heating fuel provider shall issue the payment within 14 days after the claimant's request. For purposes of this subsection, home heating assistance does not include the credit allowed under this section.

(6) If a claimant whose energy draft exceeds his or her outstanding bills does not request a payment from an enrolled heating fuel provider under subsection (5), an energy draft remitted to an enrolled heating fuel provider shall

be applied upon receipt to the claimant's designated account. The energy draft may be used to cover outstanding bills that the claimant has incurred with the enrolled heating fuel provider and to cover subsequent heating costs until the full amount of the energy draft is used or until 1 year after the date on which the energy draft is first applied to the claimant's designated account. If a credit amount remains from this energy draft after the 1-year period, or if prior to the end of the 1-year period a claimant is no longer a customer of the enrolled heating fuel provider, the heating fuel provider shall remit the remaining unused portion to the claimant in the form of a fully negotiable check within 14 days after the end of the 1-year period or within 14 days after termination of service, whichever is sooner.

(7) A claimant who is no longer a resident of this state, who is not a customer of an enrolled heating fuel provider, or whose heating fuel provider refuses to accept an energy draft shall return the energy draft to the department and request the issuance of a negotiable warrant. A claimant may return an energy draft to the department and request issuance of a negotiable warrant if the energy draft is impractical because the claimant has already purchased his or her energy supply for the year and does not have an outstanding obligation to an enrolled heating fuel provider. The department may honor that request if it agrees that the use of the energy draft is impractical. The department shall issue the warrant within 14 days after receiving the energy draft from the claimant.

(8) The enrolled heating fuel provider shall bill the department for credit amounts that have been applied to claimant accounts pursuant to subsection (6), and the department shall pay the bills within 14 days of receipt. The billing shall be accompanied by the energy drafts for which reimbursement is claimed.

(9) A claimant whose heating fuel is provided by a utility regulated by the Michigan public service commission is protected against the discontinuance of his or her heating fuel service from the date of filing a claim for the credit under this section through the date of issuance of an energy draft and during a period beginning December 1 of the tax year for which the credit is claimed and ending March 31 of the following year if the claimant participates in the winter protection program set forth in R 460.148 of the Michigan administrative code or if the utility accepts the claimant's energy draft. The acceptance of an energy draft by a utility is considered a request by the claimant for the winter protection program. The energy draft shall be coded by the department to denote claimants who are 65 years of age or older. If the claimant is a claimant whose heating cost is included in his or her rent payments, the amount of the claim not used as an offset against the state income tax, after examination and review, shall be approved for payment, without interest, to the claimant.

(10) If an enrolled heating fuel provider does not issue a payment or a negotiable check within 14 days or as otherwise provided in subsection (5) or (6), beginning on the fifteenth day or the fifteenth day after the expiration of the 9-month period under subsection (5), the amount due to the claimant is increased by adding interest computed on the basis of the rate of interest prescribed for delayed refunds of excess tax payments in section 30(3) of 1941 PA 122, MCL 205.30. The enrolled heating fuel provider shall pay the interest and shall not bill the interest to or be reimbursed for the interest by the department.

(11) Only the renter or lessee shall claim a credit on property that is rented or leased as a homestead. Only 1 credit may be claimed for a household. The credit under this section is in addition to other credits to which the claimant is entitled under this part. A person who is a full-time student at a school, community college, or college or university and who is claimed as a dependent by another person is not eligible for the credit provided by this section. A claimant who shares a homestead with other eligible claimants shall prorate the credit by the number of claimants sharing the homestead.

(12) A claimant who is eligible for the credit provided by this section shall be referred by the department to the appropriate state agency for determination of eligibility for home weatherization assistance and shall accept weatherization assistance if eligible and if assistance is available. A heating fuel provider that is required by the Michigan public service commission to participate in the residential conservation services home energy analysis program shall annually contact each claimant to whom it provides heating fuel, and whose usage exceeds 200,000 cubic feet of natural gas or 18,000 kilowatt hours of electricity annually, and shall offer to provide a home energy analysis at no cost to the claimant. A heating fuel provider that is not required to participate in the residential conservation services program shall not be required to conduct a home energy analysis for its customers.

(13) If an enrolled heating fuel provider is regulated by the Michigan public service commission, the Michigan public service commission may use an enforcement method authorized by law or rule to enforce the requirements prescribed by this section on the enrolled heating fuel provider. If an enrolled heating fuel provider is not regulated by the Michigan public service commission, the department of human services may use an enforcement method authorized by law or rule to enforce the requirements prescribed by this section on the enrolled heating fuel provider.

(14) The department shall mail a home heating credit return to every person who received assistance through the department of human services pursuant to the social welfare act, 1939 PA 280, MCL 400.1 to 400.119b, during the tax year.

(15) The department shall complete a study by August 1 of 1985, and of each subsequent year, of the actual heating costs of each claimant who received a credit from the department under this section for the immediately preceding tax year.

(16) The department may promulgate rules necessary to administer this section pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(17) The department shall provide a simplified procedure for claiming the credit under this section for claimants for whom, at the time of filing, the department of human services is making direct vendor payments to an enrolled heating fuel provider.

(18) For the 2001 tax year and each tax year after the 2001 tax year, the credit under this section is allowed only if there has been a federal appropriation for the federal fiscal year beginning in the tax year of federal low income home energy assistance program block grant funds of any amount. If the amount of federal low income home energy assistance program block grant funds available for the home heating credit is less than the full home heating credit amount, each individual credit claimed under this section shall be reduced by multiplying the credit amount by a fraction, the numerator of which is the amount available for the home heating credit and the denominator of which is the full home heating credit amount. As used in this subsection, "amount available for the home heating credit" means the sum of the federal low income home energy assistance program block grant allotment for this state for the federal fiscal year beginning in the tax year and the amount as certified by the director of the department of human services carried forward from the immediately preceding fiscal year for the low income home energy assistance program block grant minus the sum of the amount certified by the director of the department of human services for administration of the low income home energy assistance program block grant, the amount certified by the director of the department of human services for crisis assistance programs, and the amount certified by the director of the department of human services for weatherization. Except as otherwise provided in this subsection, the amount used for weatherization each fiscal year shall not exceed \$9,000,000.00 less the amount used for weatherization from the emergency contingency funds received in the immediately preceding year. For the 2004-2005 state fiscal year only, the amount used for weatherization shall not exceed \$9,000,000.00 and shall not be reduced by the amount used for weatherization from the emergency contingency funds received in the immediately preceding year. The amounts under this subsection that require certification by the director of the department of human services or by the state treasurer and the director of the department of technology, management, and budget shall be certified on or before December 30 of the tax year for the 1996 tax year, and on or before November 1 of the tax year for the 1997 tax year and each tax year after the 1997 tax year. As used in this subsection, "full home heating credit amount" means the amount certified by the state treasurer and the director of the department of technology, management, and budget to be the estimated amount of the credits that would have been provided under this section for the tax year if no reduction as provided in this subsection were made for that tax year.

(19) For tax years after the 1994 tax year, a claimant who claims a credit under this section shall not report the credit amount on the claimant's income tax return filed under this part as an offset against the tax imposed by this part, but shall claim the credit on a separate form prescribed by the department. For tax years after the 1995 tax year, a credit claimed under this section shall not be allowed unless the claim for the credit is filed with the department on or before the September 30 immediately following the tax year for which the credit is claimed.

(20) The state treasurer shall notify all of the following each state fiscal year that the federal low income home energy assistance program block grant allotment for this state for that fiscal year is less than the full home heating credit amount:

- (a) The chairpersons and vice-chairpersons of the senate and house of representatives appropriations committees.
- (b) The senate and house of representatives committees on taxation and finance related issues.
- (c) The senate and house of representatives committees on energy and technology related issues.

(21) Notwithstanding section 30a of 1941 PA 122, MCL 205.30a, the credit allowed under this section is exempt from interception, execution, levy, attachment, garnishment, or other legal process to collect a debt. No portion of the credit allowed or any rights existing under this section shall be applied as an offset to any liability of the claimant under section 30a of 1941 PA 122, MCL 205.30a, or any arrearage or other debt of the claimant.

(22) The department shall meet with interested parties including enrolled heating fuel providers and advocacy groups to identify and implement methods of improving the processing of claims for the credit allowed under this section and payments attributable to those credits.

(23) As used in this section:

(a) "Claimant whose heating costs are included in his or her rent" means a claimant whose rent includes the cost of heat at the time the claim for the credit under this section is filed.

(b) "Enrolled heating fuel provider" means a heating fuel provider that is enrolled with the department of human services as a heating fuel provider.

(c) "Heating fuel provider" means an individual or entity that provides a claimant with heating fuel or electricity for heating purposes.

Sec. 530. (1) The department may require reasonable proof from the claimant in support of rent paid, property taxes paid, total household resources, size and nature of the property claimed as a homestead, or any other information required for the administration of this chapter.

(2) If a homestead is occupied for less than a 12-month period, the credit computation shall be proportional to the period of occupancy. A claimant shall not occupy more than 1 homestead at 1 time. If more than 1 homestead is occupied during the tax year, the credit computation shall be proportional to the period of occupancy of each homestead, but not for a total period of more than 1 year.

(3) If unoccupied land is used for agricultural or horticultural purposes by the claimant, the credit shall be allowed only if the gross receipts of the agricultural or horticultural operations exceed the total household resources as defined in this part.

(4) A claim shall not be allowed if the department finds that the claimant received title to the homestead primarily for the purpose of receiving benefits under this chapter.

(5) The amount of a claim otherwise payable may be applied by the department against a liability outstanding on the books of the state against the claimant.

Sec. 532. The department shall prescribe forms for claiming the credit, which forms shall be a component part of the state income tax return. All provisions of this part including, but not limited to, audit, review, determinations, appeals, hearings, notices, assessments, and administration shall apply to this chapter.

PART 2

CHAPTER 10

Sec. 601. A term used in this part and not defined differently shall have the same meaning as when used in comparable context in the laws of the United States relating to federal income taxes in effect for the tax year unless a different meaning is clearly required. A reference in this part to the internal revenue code includes other provisions of the laws of the United States relating to federal income taxes.

Sec. 603. (1) "Business activity" means a transfer of legal or equitable title to or rental of property, whether real, personal, or mixed, tangible or intangible, or the performance of services, or a combination thereof, made or engaged in, or caused to be made or engaged in, whether in intrastate, interstate, or foreign commerce, with the object of gain, benefit, or advantage, whether direct or indirect, to the taxpayer or to others, but does not include the services rendered by an employee to his or her employer or services as a director of a corporation. Although an activity of a taxpayer may be incidental to another or to others of his or her business activities, each activity shall be considered to be business engaged in within the meaning of this part.

(2) "Business income" means federal taxable income. For a taxpayer that is a mutual or cooperative electric company exempt under section 501(c)(12) of the internal revenue code, business income equals the organization's excess or deficiency of revenues over expenses as reported to the federal government by those organizations exempt from the federal income tax under the internal revenue code, less capital credits paid to members of that organization, less income attributed to equity in another organization's net income, and less income resulting from a charge approved by a state or federal regulatory agency that is restricted for a specified purpose and refundable if it is not used for the specified purpose. For a tax-exempt taxpayer, business income means only that part of federal taxable income derived from unrelated business activity.

Sec. 605. (1) "Corporation" means a taxpayer that is required or has elected to file as a C corporation as defined under section 1361(a)(2) and section 7701(a)(3) of the internal revenue code. Corporation does not include an insurance company or a financial institution.

(2) "Department" means the department of treasury.

(3) "Disregarded entity" means a qualified subchapter S subsidiary under section 1361(b)(3) of the internal revenue code or a single member limited liability company that has not elected to be classified as a corporation under 26 CFR 301.7701.

(4) "Employee" means an employee as defined in section 3401(c) of the internal revenue code. A person from whom an employer is required to withhold for federal income tax purposes is prima facie considered an employee.

(5) "Employer" means an employer as defined in section 3401(d) of the internal revenue code. A person required to withhold for federal income tax purposes is prima facie considered an employer.

Sec. 607. (1) "Federal taxable income" means taxable income as defined in section 63 of the internal revenue code, except that federal taxable income shall be calculated as if section 168(k) and section 199 of the internal revenue code were not in effect.

(2) “Flow-through entity” means an entity that for the applicable tax year is treated as a subchapter S corporation under section 1362(a) of the internal revenue code, a general partnership, a trust, a limited partnership, a limited liability partnership, or a limited liability company, that for the tax year is not taxed as a corporation for federal income tax purposes.

(3) “Foreign operating entity” means a United States person that satisfies each of the following:

(c) At least 80% of its income is active foreign business income as defined in section 861(c)(1)(B) of the internal revenue code.

(4) “Gross receipts” means the entire amount received by the taxpayer as determined by using the taxpayer’s method of accounting used for federal income tax purposes, less any amount deducted as bad debt for federal income tax purposes from any activity whether in intrastate, interstate, or foreign commerce carried on for direct or indirect gain, benefit, or advantage to the taxpayer or to others except for the following:

(a) Proceeds from sales by a principal that the taxpayer collects in an agency capacity solely on behalf of the principal and delivers to the principal.

(b) Amounts received by the taxpayer as an agent solely on behalf of the principal that are expended by the taxpayer for any of the following:

(i) The performance of a service by a third party for the benefit of the principal that is required by law to be performed by a licensed person.

(ii) The performance of a service by a third party for the benefit of the principal that the taxpayer has not undertaken a contractual duty to perform.

(iii) Principal and interest under a mortgage loan or land contract, lease or rental payments, or taxes, utilities, or insurance premiums relating to real or personal property owned or leased by the principal.

(iv) A capital asset of a type that is, or under the internal revenue code will become, eligible for depreciation, amortization, or accelerated cost recovery by the principal for federal income tax purposes, or for real property owned or leased by the principal.

(v) Property not described under subparagraph (iv) that is purchased by the taxpayer on behalf of the principal and that the taxpayer does not take title to or use in the course of performing its contractual business activities.

(ii) The property is land that qualifies as property used in the trade or business as defined in section 1231(b) of the internal revenue code.

For purposes of this subparagraph, the actual transfer of title of real or tangible personal property to another person is not a hedging transaction. Only the overall net gain from the hedging transactions entered into during the tax year is included in gross receipts. As used in this subparagraph, "hedging transaction" means that term as defined under section 1221 of the internal revenue code regardless of whether the transaction was identified by the taxpayer as a hedge for federal income tax purposes, provided, however, that transactions excluded under this subparagraph and not identified as a hedge for federal income tax purposes shall be identifiable to the department by the taxpayer as a hedge in its books and records.

(iv) The property is investment and trading assets managed as part of the person's treasury function. For purposes of this subparagraph, a person principally engaged in the trade or business of purchasing and selling investment and trading assets is not performing a treasury function. Only the overall net gain from the treasury function incurred during the tax year is included in gross receipts. As used in this subparagraph, "treasury function" means the pooling and management of investment and trading assets for the purpose of satisfying the cash flow or liquidity needs of the taxpayer's trade or business.

Gross business between financial institutions included in a unitary business group must be eliminated in calculating the gross business factor.

Sec. 659. Gross business in this state of the financial institution is determined as follows:

(f) Receipts from investment assets and activities and trading assets and activities, including interest and dividends, are in this state if the financial institution's customer is in this state. If the location of the financial institution's customer cannot be determined, both of the following apply:

Interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements are in this state if the average value of the assets is assigned to a regular place of business of the taxpayer within this state. The amount of receipts and other income from investment assets and activities is in this state if assets are assigned to a regular place of business of the taxpayer within this state.

(ii) The amount of receipts from trading assets and activities, including, but not limited to, assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, but excluding amounts otherwise sourced in this section, is in this state if the assets are assigned to a regular place of business of the taxpayer within this state.

(i) Interest from loans not secured by real property is in this state if the borrower is located in this state.

(j) Net gains from the sale of loans secured by real property or mortgage service rights relating to real property are in this state if the property is in this state, if the property is located both within this state and 1 or more other states and more than 50% of the fair market value of the real property is located within this state, or if more than 50% of the fair market value of the real property is not located in any 1 state but the borrower is located in this state.

(k) Net gains from the sale of loans not secured by real property or any other intangible assets are in this state if the depositor or borrower is located in this state.

CHAPTER 14

Sec. 661. (1) Except as otherwise provided in this part, the tax base established under this part shall be apportioned in accordance with this chapter.

(2) The tax base of a taxpayer whose business activities are confined solely to this state shall be allocated to this state. The tax base of a taxpayer whose business activities are subject to tax both within and outside of this state shall be apportioned to this state by multiplying the tax base by the sales factor calculated under section 663. For a taxpayer that has a direct, or indirect through 1 or more other flow-through entities, ownership interest or beneficial interest in a flow-through entity that has business activity in this state, the taxpayer's business income that is directly attributable to the business activity of the flow-through entity shall be apportioned to this state using an apportionment factor determined under section 663 based on the business activity of the flow-through entity.

(3) A taxpayer is subject to tax in another state in either of the following circumstances:

(a) The taxpayer is subject to a business privilege tax, a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax.

(b) That state has jurisdiction to subject the taxpayer to 1 or more of the taxes listed in subdivision (a) regardless of whether that state does or does not subject the taxpayer to that tax.

Sec. 663. (1) Except as otherwise provided in subsection (2) and section 669, the sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the tax year and the denominator of which is the total sales of the taxpayer everywhere during the tax year.

(2) Except as otherwise provided under this subsection, for a taxpayer that is a unitary business group, sales include sales in this state of every person included in the unitary business group without regard to whether the person has nexus in this state. Sales between persons included in a unitary business group must be eliminated in calculating the sales factor.

(3) It is the intent of the legislature that each tax base of a taxpayer is apportioned to this state by multiplying each tax base by the sales factor multiplied by 100% and that apportionment shall not be based on property, payroll, or any other factor notwithstanding section 1 of 1969 PA 343, MCL 205.581.

Sec. 665. (1) Sales of the taxpayer in this state are determined as follows:

(a) Sales of tangible personal property are in this state if the property is shipped or delivered, or, in the case of electricity and gas, the contract requires the property to be shipped or delivered, to any purchaser within this state based on the ultimate destination at the point that the property comes to rest regardless of the free on board point or other conditions of the sales.

(b) Receipts from the sale, lease, rental, or licensing of real property are in this state if that property is located in this state.

(c) Receipts from the lease or rental of tangible personal property are sales in this state to the extent that the property is utilized in this state. The extent of utilization of tangible personal property in this state is determined by multiplying the receipts by a fraction, the numerator of which is the number of days of physical location of the property in this state during the lease or rental period in the tax year and the denominator of which is the number of days of physical location of the property everywhere during all lease or rental periods in the tax year. If the physical location of the property during the lease or rental period is unknown or cannot be determined, the tangible personal property is utilized in the state in which the property was located at the time the lease or rental payer obtained possession.

(d) Receipts from the lease or rental of mobile transportation property owned by the taxpayer are in this state to the extent that the property is used in this state. The extent to which an aircraft will be deemed to be used in this state and the amount of receipts that is to be included in the numerator of this state's sales factor are determined by multiplying all the receipts from the lease or rental of the aircraft by a fraction, the numerator of which is the number of landings of the aircraft in this state and the denominator of which is the total number of landings of the aircraft. If the extent of the use of any transportation property within this state cannot be determined, then the receipts are in this state if the property has its principal base of operations in this state.

(e) Royalties and other income received for the use of or for the privilege of using intangible property, including patents, know-how, formulas, designs, processes, patterns, copyrights, trade names, service names, franchises, licenses, contracts, customer lists, custom computer software, or similar items, are attributed to the state in which the property is used by the purchaser. If the property is used in more than 1 state, the royalties or other income shall be apportioned to this state pro rata according to the portion of use in this state. If the portion of use in this state cannot be determined, the royalties or other income shall be excluded from both the numerator and the denominator. Intangible property is used in this state if the purchaser uses the intangible property or the rights to the intangible property in the regular course of its business operations in this state, regardless of the location of the purchaser's customers.

(2) Sales from the performance of services are in this state and attributable to this state as follows:

(a) Except as otherwise provided in this section, all receipts from the performance of services are included in the numerator of the apportionment factor if the recipient of the services receives all of the benefit of the services in this state. If the recipient of the services receives some of the benefit of the services in this state, the receipts are included in the numerator of the apportionment factor in proportion to the extent that the recipient receives benefit of the services in this state.

(b) Sales derived from securities brokerage services attributable to this state are determined by multiplying the total dollar amount of receipts from securities brokerage services by a fraction, the numerator of which is the sales of securities brokerage services to customers within this state, and the denominator of which is the sales of securities brokerage services to all customers. Receipts from securities brokerage services include commissions on transactions, the spread earned on principal transactions in which the broker buys or sells from its account, total margin interest paid on behalf of brokerage accounts owned by the broker's customers, and fees and receipts of all kinds from the underwriting of securities. If receipts from brokerage services can be associated with a particular customer, but it is impractical to associate the receipts with the address of the customer, then the address of the customer shall be presumed to be the address of the branch office that generates the transactions for the customer.

(c) Sales of services that are derived directly or indirectly from the sale of management, distribution, administration, or securities brokerage services to, or on behalf of, a regulated investment company or its beneficial owners, including receipts derived directly or indirectly from trustees, sponsors, or participants of employee benefit plans that have accounts in a regulated investment company, shall be attributable to this state to the extent that the shareholders of the regulated investment company are domiciled within this state. For purposes of this subdivision, "domicile" means the shareholder's mailing address on the records of the regulated investment company. If the regulated investment company or the person providing management services to the regulated investment company has actual knowledge that the shareholder's primary residence or principal place of business is different than the shareholder's mailing address, then the shareholder's primary residence or principal place of business is the shareholder's domicile. A separate computation shall be made with respect to the receipts derived from each regulated investment company. The total amount of sales attributable to this state shall be equal to the total receipts received by each regulated investment company multiplied by a fraction determined as follows:

(i) The numerator of the fraction is the average of the sum of the beginning-of-year and end-of-year number of shares owned by the regulated investment company shareholders who have their domicile in this state.

(ii) The denominator of the fraction is the average of the sum of the beginning-of-year and end-of-year number of shares owned by all shareholders.

(iii) For purposes of the fraction, the year shall be the tax year of the regulated investment company that ends with or within the tax year of the taxpayer.

(3) Receipts from the origination of a loan or gains from the sale of a loan secured by residential real property are deemed a sale in this state only if 1 or more of the following apply:

(a) The real property is located in this state.

(b) The real property is located both within this state and 1 or more other states and more than 50% of the fair market value of the real property is located within this state.

(c) More than 50% of the real property is not located in any 1 state and the borrower is located in this state.

(4) Interest from loans secured by real property is in this state if the property is located within this state, if the property is located both within this state and 1 or more other states and if more than 50% of the fair market value of the real property is located within this state, or if more than 50% of the fair market value of the real property is not located within any 1 state but the borrower is located in this state. The determination of whether the real property securing a loan is located within this state shall be made as of the time the original agreement was made and any and all subsequent substitutions of collateral shall be disregarded.

(5) Interest from a loan not secured by real property is in this state if the borrower is located in this state.

(6) Gains from the sale of a loan not secured by real property, including income recorded under the coupon stripping rules of section 1286 of the internal revenue code, are in this state if the borrower is in this state.

(7) Receipts from credit card receivables, including interest, fees, and penalties from credit card receivables and receipts from fees charged to cardholders, such as annual fees, are in this state if the billing address of the cardholder is in this state.

(8) Receipts from the sale of credit card or other receivables are in this state if the billing address of the customer is in this state. Credit card issuer's reimbursements fees are in this state if the billing address of the cardholder is in this state. Receipts from merchant discounts, computed net of any cardholder chargebacks, but not reduced by any interchange transaction fees or by any issuer's reimbursement fees paid to another for charges made by its cardholders, are in this state if the commercial domicile of the merchant is in this state.

(9) Loan servicing fees derived from loans of another secured by real property are in this state if the real property is located in this state, if the real property is located both within and outside of this state and 1 or more states if more than 50% of the fair market value of the real property is located in this state, or if more than 50% of the fair market value of the real property is not located in any 1 state but the borrower is located in this state. Loan servicing fees derived from loans of another not secured by real property are in this state if the borrower is located in this state. If the location of the security cannot be determined, then loan servicing fees for servicing either the secured or the unsecured loans of another are in this state if the lender to whom the loan servicing service is provided is located in this state.

(10) Receipts from the sale of securities and other assets from investment and trading activities, including, but not limited to, interest, dividends, and gains are in this state in either of the following circumstances:

(a) The person's customer is in this state.

(b) If the location of the person's customer cannot be determined, both of the following apply:

(i) Interest, dividends, and other income from investment assets and activities and from trading assets and activities, including, but not limited to, investment securities; trading account assets; federal funds; securities purchased and sold under agreements to resell or repurchase; options; futures contracts; forward contracts; notional principal contracts such as swaps; equities; and foreign currency transactions are in this state if the average value of the assets is assigned to a regular place of business of the taxpayer within this state. Interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements is in this state if the average value of the assets is assigned to a regular place of business of the taxpayer within this state. The amount of receipts and other income from investment assets and activities is in this state if assets are assigned to a regular place of business of the taxpayer within this state.

(ii) The amount of receipts from trading assets and activities, including, but not limited to, assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, but excluding amounts otherwise sourced in this section, is in this state if the assets are assigned to a regular place of business of the taxpayer within this state.

(11) Receipts from transportation services rendered by a person subject to tax in another state are in this state and shall be attributable to this state as follows:

(a) Except as otherwise provided in subdivisions (b) through (e), receipts shall be proportioned based on the ratio of revenue miles of the person in this state to the revenue miles of the person everywhere.

(b) Receipts from maritime transportation services shall be attributable to this state as follows:

(i) 50% of those receipts that either originate or terminate in this state.

(ii) 100% of those receipts that both originate and terminate in this state.

(c) Receipts attributable to this state of a person whose business activity consists of the transportation both of property and of individuals shall be proportioned based on the total receipts for passenger miles and ton mile fractions, separately computed and individually weighted by the ratio of receipts from passenger transportation to total receipts from all transportation, and by the ratio of receipts from freight transportation to total receipts from all transportation, respectively.

(d) Receipts attributable to this state of a person whose business activity consists of the transportation of oil by pipeline shall be proportioned based on the ratio of the receipts for the barrel miles transported in this state to the receipts for the barrel miles transported by the person everywhere.

(e) Receipts attributable to this state of a person whose business activities consist of the transportation of gas by pipeline shall be proportioned based on the ratio of the receipts for the 1,000 cubic feet miles transported in this state to the receipts for the 1,000 cubic feet miles transported by the person everywhere.

(12) For purposes of subsection (11), if a taxpayer can show that revenue mile information is not available or cannot be obtained without unreasonable expense to the taxpayer, receipts attributable to this state shall be that portion of the revenue derived from transportation services performed everywhere that the miles of transportation services performed in this state bear to the miles of transportation services performed everywhere. If the department determines that the information required for the calculations under subsection (11) are not available or cannot be obtained without unreasonable

expense to the taxpayer, the department may use other available information that in the opinion of the department will result in an equitable allocation of the taxpayer's receipts to this state.

(13) Except as provided in subsections (14) through (19), receipts from the sale of telecommunications service or mobile telecommunications service are in this state if the customer's place of primary use of the service is in this state. As used in this subsection, "place of primary use" means the customer's residential street address or primary business street address where the customer's use of the telecommunications service primarily occurs. For mobile telecommunications service, the customer's residential street address or primary business street address is the place of primary use only if it is within the licensed service area of the customer's home service provider.

(14) Receipts from the sale of telecommunications service sold on an individual call-by-call basis are in this state if either of the following applies:

(a) The call both originates and terminates in this state.

(b) The call either originates or terminates in this state and the service address is located in this state.

(15) Receipts from the sale of postpaid telecommunications service are in this state if the origination point of the telecommunication signal, as first identified by the service provider's telecommunication system or as identified by information received by the seller from its service provider if the system used to transport telecommunication signals is not the seller's, is located in this state.

(16) Receipts from the sale of prepaid telecommunications service or prepaid mobile telecommunications service are in this state if the purchaser obtains the prepaid card or similar means of conveyance at a location in this state. Receipts from recharging a prepaid telecommunications service or mobile telecommunications service are in this state if the purchaser's billing information indicates a location in this state.

(17) Receipts from the sale of private communication services are in this state as follows:

(a) 100% of the receipts from the sale of each channel termination point within this state.

(b) 100% of the receipts from the sale of the total channel mileage between each termination point within this state.

(c) 50% of the receipts from the sale of service segments for a channel between 2 customer channel termination points, 1 of which is located in this state and the other is located outside of this state, which segments are separately charged.

(d) The receipts from the sale of service for segments with a channel termination point located in this state and in 2 or more other states or equivalent jurisdictions, and which segments are not separately billed, are in this state based on a percentage determined by dividing the number of customer channel termination points in this state by the total number of customer channel termination points.

(18) Receipts from the sale of billing services and ancillary services for telecommunications service are in this state based on the location of the purchaser's customers. If the location of the purchaser's customers is not known or cannot be determined, the sale of billing services and ancillary services for telecommunications service is in this state based on the location of the purchaser.

(19) Receipts to access a carrier's network or from the sale of telecommunications services for resale are in this state as follows:

(a) 100% of the receipts from access fees attributable to intrastate telecommunications service that both originates and terminates in this state.

(b) 50% of the receipts from access fees attributable to interstate telecommunications service if the interstate call either originates or terminates in this state.

(c) 100% of the receipts from interstate end user access line charges, if the customer's service address is in this state. As used in this subdivision, "interstate end user access line charges" includes, but is not limited to, the surcharge approved by the federal communications commission and levied pursuant to 47 CFR 69.

(d) Gross receipts from sales of telecommunications services to other telecommunication service providers for resale shall be sourced to this state using the apportionment concepts used for non-resale receipts of telecommunications services if the information is readily available to make that determination. If the information is not readily available, then the taxpayer may use any other reasonable and consistent method.

(20) Except as otherwise provided under this subsection, for a taxpayer whose business activities include live radio or television programming as described in subsector code 7922 of industry group 792 under the standard industrial classification code as compiled by the United States department of labor or are included in industry groups 483, 484, 781, or 782 under the standard industrial classification code as compiled by the United States department of labor, or any combination of the business activities included in those groups, media receipts are in this state and attributable to this state only if the commercial domicile of the customer is in this state and the customer has a direct connection or relationship with the taxpayer pursuant to a contract under which the media receipts are derived. For media receipts from the sale of advertising, if the customer of that advertising is commercially domiciled in this state and receives some

of the benefit of the sale of that advertising in this state, the media receipts from the advertising to that customer are included in the numerator of the apportionment factor in proportion to the extent that the customer receives the benefit of the advertising in this state. For purposes of this subsection, if the taxpayer is a broadcaster and if the customer receives some of the benefit of the advertising in this state, the media receipts for that sale of advertising from that customer shall be proportioned based on the ratio that the broadcaster's viewing or listening audience in this state bears to its total viewing or listening audience everywhere. As used in this subsection:

(a) "Media property" means motion pictures, television programs, internet programs and websites, other audiovisual works, and any other similar property embodying words, ideas, concepts, images, or sound without regard to the means or methods of distribution or the medium in which the property is embodied.

(b) "Media receipts" means receipts from the sale, license, broadcast, transmission, distribution, exhibition, or other use of media property and receipts from the sale of media services. Media receipts do not include receipts from the sale of media property that is a consumer product that is ultimately sold at retail.

(c) "Media services" means services in which the use of the media property is integral to the performance of those services.

(21) Terms used in subsections (13) through (20) have the same meaning as those terms defined in the streamlined sales and use tax agreement administered under the streamlined sales and use tax administration act, 2004 PA 174, MCL 205.801 to 205.833.

(22) For purposes of this section, a borrower is considered located in this state if the borrower's billing address is in this state.

Sec. 667. (1) If the apportionment provisions of this part do not fairly represent the extent of the taxpayer's business activity in this state, the taxpayer may petition for or the treasurer may require the following, with respect to all or a portion of the taxpayer's business activity, if reasonable:

(a) Separate accounting.

(b) The inclusion of 1 or more additional or alternative factors that will fairly represent the taxpayer's business activity in this state.

(c) The use of any other method to effectuate an equitable allocation and apportionment of the taxpayer's tax base.

(2) An alternate method may be used only if it is approved by the department.

(3) The apportionment provisions of this part shall be rebuttably presumed to fairly represent the business activity attributed to the taxpayer in this state, taken as a whole and without a separate examination of the specific elements of the tax base unless it can be demonstrated that the business activity attributed to the taxpayer in this state is out of all appropriate proportion to the actual business activity transacted in this state and leads to a grossly distorted result or would operate unconstitutionally to tax the extraterritorial activity of the taxpayer.

(4) The filing of a return or an amended return is not considered a petition for the purposes of subsection (1).

Sec. 669. All other receipts not otherwise sourced under this part shall be sourced based on where the benefit to the customer is received or, if where the benefit to the customer is received cannot be determined, to the customer's billing address.

CHAPTER 15

Sec. 671. (1) The credit provided in this section shall be taken before any other credit under this part and is available to any taxpayer, other than those taxpayers subject to the tax imposed under chapter 12 or 13, with gross receipts that do not exceed \$20,000,000.00 and with adjusted business income minus the loss adjustment that does not exceed \$1,300,000.00 as adjusted annually for inflation using the Detroit consumer price index, and subject to the following:

(a) A corporation is disqualified if either of the following occurs for the respective tax year:

(i) Compensation and directors' fees of a shareholder or officer exceed \$180,000.00.

(ii) The sum of the following amounts exceeds \$180,000.00:

(A) Compensation and directors' fees of a shareholder.

(B) The product of the percentage of outstanding ownership or of outstanding stock owned by that shareholder multiplied by the difference between the sum of business income and, to the extent deducted in determining federal taxable income, a carryback or a carryover of a net operating loss or capital loss, minus the loss adjustment.

(b) Subject to the reduction percentage determined under subsection (3), the credit determined under this subsection shall be reduced by the following percentages in the following circumstances:

(i) If compensation and directors' fees of a shareholder or officer are, or if the sum of the amounts in subdivision (a)(ii)(A) and (B) is, more than \$160,000.00 but less than \$165,000.00, the credit is reduced by 20%.

(ii) If compensation and directors' fees of a shareholder or officer are, or if the sum of the amounts in subdivision (a)(ii)(A) and (B) is, \$165,000.00 or more but less than \$170,000.00, the credit is reduced by 40%.

(iii) If compensation and directors' fees of a shareholder or officer are, or if the sum of the amounts in subdivision (a)(ii)(A) and (B) is, \$170,000.00 or more but less than \$175,000.00, the credit is reduced by 60%.

(iv) If compensation and directors' fees of a shareholder or officer are, or if the sum of the amounts in subdivision (a)(ii)(A) and (B) is, \$175,000.00 or more but not in excess of \$180,000.00, the credit is reduced by 80%.

(2) For the purposes of determining disqualification under subsection (1), an active shareholder's share of business income shall not be attributed to another active shareholder.

(3) The reduction percentage is the greater of the following:

(a) The reduction percentage based on the compensation and directors' fees of the shareholder or officer with the greatest amount of compensation and directors' fees.

(b) The reduction percentage based on the sum of the amounts in subsection (1)(a)(ii)(A) and (B) for the shareholder or officer with the greatest sum of the amounts in subsection (1)(a)(ii)(A) and (B).

(4) A taxpayer that qualifies under subsection (1) is allowed a credit against the tax imposed under this part. The credit under this subsection is the amount by which the tax imposed under this part exceeds 1.8% of adjusted business income.

(5) If gross receipts exceed \$19,000,000.00, the credit shall be reduced by a fraction, the numerator of which is the amount of gross receipts over \$19,000,000.00 and the denominator of which is \$1,000,000.00. The credit shall not exceed 100% of the tax liability imposed under this part.

(6) For a taxpayer that reports for a tax year less than 12 months, the amounts specified in this section for gross receipts, adjusted business income, and share of business income shall be multiplied by a fraction, the numerator of which is the number of months in the tax year and the denominator of which is 12.

(7) The department shall permit a taxpayer that elects to claim the credit allowed under this section based on the amount by which the tax imposed under this part exceeds the percentage of adjusted business income for the tax year as determined under subsection (4), and that is not required to reduce the credit pursuant to subsection (1) or (5), to file and pay the tax imposed by this part without computing the tax imposed under section 623.

(8) Compensation paid by a professional employer organization to the officers of the client and to employees of the professional employer organization who are assigned or leased to and perform services for the client shall be included in determining eligibility of the client under this section.

(9) A disqualifier or reduction under subsection (1) applies to a taxpayer that is a unitary business group if a disqualifier or reduction applies to any member of a unitary business group.

(10) As used in this section:

(a) "Active shareholder" means a shareholder who receives at least \$10,000.00 in compensation, directors' fees, or dividends from the business, and who owns at least 5% of the outstanding stock or other ownership interest.

(b) "Adjusted business income" means business income as defined in section 603 with all of the following adjustments:

(i) Add compensation and directors' fees of active shareholders of a corporation.

(ii) Add, to the extent deducted in determining federal taxable income, a carryback or carryover of a net operating loss.

(iii) Add, to the extent deducted in determining federal taxable income, a carryback or carryover capital loss.

(iv) Add compensation and directors' fees of officers of a corporation.

(c) "Client" means an entity whose employment operations are managed by a professional employer organization.

(d) "Compensation" means all wages, salaries, fees, bonuses, commissions, other payments made in the tax year on behalf of or for the benefit of employees, officers, or directors of the taxpayers. Compensation includes, but is not limited to, payments that are subject to or specifically exempt or excepted from withholding under sections 3401 to 3406 of the internal revenue code. Compensation also includes, on a cash or accrual basis consistent with the taxpayer's method of accounting for federal income tax purposes, payments to a pension, retirement, or profit sharing plan other than those payments attributable to unfunded accrued actuarial liabilities, and payments for insurance for which employees are the beneficiaries, including payments under health and welfare and noninsured benefit plans and payment of fees for the administration of health and welfare and noninsured benefit plans. (f) "Loss adjustment" means the amount by which adjusted business income was less than zero in any of the 5 tax years immediately preceding the tax year for which eligibility for the credit under this section is being determined. In determining the loss adjustment for a tax year, a corporation is not required to use more of the taxpayer's total negative adjusted business income than the amount needed to qualify the corporation for the credit under this section. A corporation shall not be considered to have used any portion of the taxpayer's negative adjusted business income amount unless the portion used is necessary to qualify for the credit under this section. A corporation shall not reuse a negative adjusted business income amount used as a loss adjustment in a previous tax year or use a negative adjusted business income amount from a year in which the corporation did not receive the credit under this section.

(g) "Officer" means an officer of a corporation including all of the following:

CHAPTER 16

Sec. 680. (1) Notwithstanding any other provision of this part, except as otherwise provided in subsection (2) for a certificated credit under section 435 or 437 of the Michigan business tax act, 2007 PA 36, MCL 208.1435 and 208.1437, a taxpayer that has been approved to receive, has received, or has been assigned a certificated credit that has not been fully claimed or paid prior to January 1, 2012 may, for the taxpayer's first tax year ending after December 31, 2011 only, elect to file a return and pay the tax imposed by the Michigan business tax act, 2007 PA 36, MCL 208.1101 to 208.1601, in lieu of the tax imposed by this part. An election under this subsection shall continue for the period prescribed in section 500(1) of the Michigan business tax act, 2007 PA 36, MCL 208.1500.

(2) A taxpayer with a certificated credit under section 435 or 437 of the Michigan business tax act, 2007 PA 36, MCL 208.1435 and 208.1437, which certificated credit may be claimed in a tax year ending after December 31, 2011 may elect to pay the tax imposed by the Michigan business tax act, 2007 PA 36, MCL 208.1101 to 208.1601, in the tax year in which that certificated credit or any unused carryforward may be claimed in lieu of the tax imposed by this part.

(3) A taxpayer that elects to pay the tax imposed by the Michigan business tax act, 2007 PA 36, MCL 208.1101 to 208.1601, under this section is not required to file an annual return under this part.

(4) As used in this section, "certificated credit" means that term as defined in section 107 of the Michigan business tax act, 2007 PA 36, MCL 208.1107.

Sec. 681. (1) A taxpayer that reasonably expects liability for the tax year to exceed \$800.00 shall file an estimated return and pay an estimated tax for each quarter of the taxpayer's tax year.

(2) For taxpayers on a calendar year basis, the quarterly returns and estimated payments shall be made by April 15, July 15, October 15, and January 15. Taxpayers not on a calendar year basis shall file quarterly returns and make estimated payments on the appropriate due date which in the taxpayer's fiscal year corresponds to the calendar year.

(3) Except as otherwise provided under this subsection, the estimated payment made with each quarterly return of each tax year shall be for the estimated corporate income tax base for the quarter or 25% of the estimated annual liability. The second, third, and fourth estimated payments in each tax year shall include adjustments, if necessary, to correct underpayments or overpayments from previous quarterly payments in the tax year to a revised estimate of the annual tax liability. For a taxpayer that calculates and pays estimated payments for federal income tax purposes pursuant to section 6655(e) of the internal revenue code, that taxpayer may use the same methodology as used to calculate the annualized income installment or the adjusted seasonal installment, whichever is used as the basis for the federal estimated payment, to calculate the estimated payments required each quarter under this section. The interest and penalty provided by this part shall not be assessed if any of the following occur:

(a) If the sum of the estimated payments equals at least 85% of the liability and the amount of each estimated payment reasonably approximates the tax liability incurred during the quarter for which the estimated payment was made.

(b) For the 2013 tax year and each subsequent tax year, if the preceding year's tax liability under this part was \$20,000.00 or less and if the taxpayer submitted 4 equal installments the sum of which equals the immediately preceding tax year's tax liability.

(4) Each estimated return shall be made on a form prescribed by the department and shall include an estimate of the annual tax liability and other information required by the state treasurer. The form prescribed under this subsection may be combined with any other tax reporting form prescribed by the department.

(5) With respect to a taxpayer filing an estimated tax return for the taxpayer's first tax year of less than 12 months, the amounts paid with each return shall be proportional to the number of payments made in the first tax year.

(6) Payments made under this section shall be a credit against the payment required with the annual tax return required in section 685.

(7) If the department considers it necessary to insure payment of the tax or to provide a more efficient administration of the tax, the department may require filing of the returns and payment of the tax for other than quarterly or annual periods.

(8) A taxpayer that elects under the internal revenue code to file an annual federal income tax return by March 1 in the year following the taxpayer's tax year and does not make a quarterly estimate or payment, or does not make a quarterly estimate or payment and files a tentative annual return with a tentative payment by January 15 in the year following the taxpayer's tax year and a final return by April 15 in the year following the taxpayer's tax year, has the same option in filing the estimated and annual returns required by this part.

Sec. 683. If a taxpayer's tax year to which this part applies ends before December 31, 2012, then a taxpayer subject to this part may elect to compute the tax imposed by this part for the portion of that tax year to which this part applies or that first tax year in accordance with 1 of the following methods:

(a) The tax may be computed as if this part were effective on the first day of the taxpayer's annual accounting period and the amount computed shall be multiplied by a fraction, the numerator of which is the number of months in the taxpayer's first tax year and the denominator of which is the number of months in the taxpayer's annual accounting period.

(b) The tax may be computed by determining the corporate income tax base in the first tax year in accordance with an accounting method satisfactory to the department that reflects the actual corporate income tax base attributable to the period.

Sec. 685. (1) An annual or final return shall be filed with the department in the form and content prescribed by the department by the last day of the fourth month after the end of the taxpayer's tax year. Any final liability shall be remitted with this return. A taxpayer, other than a taxpayer subject to the tax imposed under chapter 12 or 13, whose apportioned or allocated gross receipts are less than \$350,000.00 does not need to file a return or pay the tax imposed under this part. A taxpayer whose tax liability under this part is less than or equal to \$100.00 does not need to file a return or pay the tax imposed under this part.

(2) The department, upon application of the taxpayer and for good cause shown, may extend the date for filing the annual return. Interest at the rate under section 23(2) of 1941 PA 122, MCL 205.23, shall be added to the amount of the tax unpaid for the period of the extension. The treasurer shall require with the application payment of the estimated tax liability unpaid for the tax period covered by the extension.

(3) If a taxpayer is granted an extension of time within which to file the federal income tax return for any tax year, the filing of a copy of the request for extension together with a tentative return and payment of an estimated tax with the department by the due date provided in subsection (1) shall automatically extend the due date for the filing of an annual or final return under this part until the last day of the eighth month following the original due date of the return. Interest at the rate under section 23(2) of 1941 PA 122, MCL 205.23, shall be added to the amount of the tax unpaid for the period of the extension.

Sec. 687. (1) A taxpayer required to file a return under this part may be required to furnish a true and correct copy of any return or portion of any return filed under the provisions of the internal revenue code.

(2) A taxpayer shall file an amended return with the department showing any alteration in or modification of a federal income tax return that affects its tax base under this part. The amended return shall be filed within 120 days after the final determination by the internal revenue service.

Sec. 689. At the request of the department, a taxpayer required by the internal revenue code to file or submit an information return of income paid to others shall, to the extent the information is applicable to residents of this state, at the same time file or submit the information in the form and content prescribed to the department.

Sec. 691. A unitary business group shall file a combined return that includes each United States person that is included in the unitary business group. Each United States person included in a unitary business group or included in

a combined return shall be treated as a single person, and all transactions between those persons included in the unitary business group shall be eliminated from the corporate income tax base and the apportionment formulas under this part. If a United States person included in a unitary business group or included in a combined return is subject to the tax under chapter 12 or 13, any corporate income attributable to that person shall be eliminated from the corporate income tax base and any sales attributable to that person shall be eliminated from the apportionment formula under this part.

Sec. 693. (1) The tax imposed by this part shall be administered by the department of treasury pursuant to 1941 PA 122, MCL 205.1 to 205.31, and this part. If a conflict exists between 1941 PA 122, MCL 205.1 to 205.31, and this part, the provisions of this part apply.

(2) The department may promulgate rules to implement this part pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(3) The department shall prescribe forms for use by taxpayers and may promulgate rules in conformity with this part for the maintenance by taxpayers of records, books, and accounts, and for the computation of the tax, the manner and time of changing or electing accounting methods and of exercising the various options contained in this part, the making of returns, and the ascertainment, assessment, and collection of the tax imposed under this part.

(4) The tax imposed by this part is in addition to all other taxes for which the taxpayer may be liable.

(5) The department shall prepare and publish statistics from the records kept to administer the tax imposed by this part that detail the distribution of tax receipts by type of business, legal form of organization, sources of tax base, timing of tax receipts, and types of deductions. The statistics shall not result in the disclosure of information regarding any specific taxpayer.

Sec. 695. The revenue collected under this part shall be distributed to the general fund.

Sec. 697. There is appropriated to the department for the 2011-2012 state fiscal year the sum of \$1,000,000.00 to begin implementing the requirements of this part. Any portion of this amount under this section that is not expended in the 2011-2012 state fiscal year shall not lapse to the general fund but shall be carried forward in a work project account that is in compliance with section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a, for the following state fiscal year.

Sec. 703. (1) A person who disburses pension or annuity payments is subject to income tax withholding on the taxable part of payments from an employer pension, annuity, profit-sharing, stock bonus, or other deferred compensation plan as well as from an individual retirement arrangement, an annuity, an endowment, or a life insurance contract issued by a life insurance company. Withholding is not required on any part of a distribution that is not expected to be includable in the recipient's gross income.

(2) Every employer in this state required under the provisions of the internal revenue code to withhold a tax on the compensation of an individual, except as otherwise provided, shall deduct and withhold a tax in an amount computed by applying, except as provided by subsection (13), the rate prescribed in section 51 to the remainder of the compensation after deducting from compensation the same proportion of the total amount of personal and dependency exemptions of the individual allowed under this act that the period of time covered by the compensation is of 1 year. The department may prescribe withholding tables that may be used by employers to compute the amount of tax required to be withheld.

(3) Every flow-through entity in this state shall withhold a tax in an amount computed by applying the rate prescribed in section 51 to the distributive share of taxable income after allocation and apportionment under chapter 3 of each nonresident member who is an individual after deducting from that distributive income the same proportion of the total amount of personal and dependency exemptions of the individual allowed under this act.

(4) Every flow-through entity with business activity in this state that has more than \$200,000.00 of business income in the tax year after allocation or apportionment under chapter 14 shall withhold a tax in an amount computed by applying the rate prescribed in section 623 to the distributive share of the business income of each member that is a corporation or that is a flow-through entity. As used in this subsection, "business income" means that term as defined in section 603(2).

(5) If a flow-through entity is subject to the withholding requirements of subsection (4) then a member of that flow-through entity that is itself a flow-through entity shall withhold a tax on the distributive share of business income as described in subsection (4) of each of its members. The department shall apply tax withheld by a flow-through entity on the distributive share of business income of a member flow-through entity to the withholding required of that member flow-through entity.

(6) Every casino licensee shall withhold a tax in an amount computed by applying the rate prescribed in section 51 to the winnings of a nonresident reportable by the casino licensee under the internal revenue code.

(7) Every race meeting licensee or track licensee shall withhold a tax in an amount computed by applying the rate prescribed in section 51 to a payoff price on a winning ticket of a nonresident reportable by the race meeting licensee or track licensee under the internal revenue code that is the result of pari-mutuel wagering at a licensed race meeting.

(8) Every casino licensee or race meeting licensee or track licensee shall report winnings of a resident reportable by the casino licensee or race meeting licensee or track licensee under the internal revenue code to the department in the same manner and format as required under the internal revenue code.

(9) Every eligible production company shall, to the extent not withheld by a professional services corporation or professional employer organization, deduct and withhold a tax in an amount computed by applying the rate prescribed in section 51 to the remainder of the payments made to the professional services corporation or professional employer organization for the services of a performing artist or crew member after deducting from those payments the same proportion of the total amount of personal and dependency exemptions of the individuals allowed under this part.

(10) Except as otherwise provided under this subsection, all of the taxes withheld under this section shall accrue to the state on the last day of the month in which the taxes are withheld but shall be returned and paid to the department by the employer, flow-through entity, eligible production company, casino licensee, or race meeting licensee or track licensee within 15 days after the end of any month or as provided in section 355. For an employer or flow-through entity that has entered into an agreement with a community college pursuant to chapter 13 of the community college act of 1966, 1966 PA 331, MCL 389.161 to 389.166, a portion of the taxes withheld under this section that are attributable to each employee in a new job created pursuant to the agreement shall accrue to the community college on the last day of the month in which the taxes are withheld but shall be returned and paid to the community college by the employer or flow-through entity within 15 days after the end of any month or as provided in section 355 for as long as the agreement remains in effect. For purposes of this act and 1941 PA 122, MCL 205.1 to 205.31, payments made by an employer or flow-through entity to a community college under this subsection shall be considered income taxes paid to this state.

(11) An employer, flow-through entity, eligible production company, casino licensee, or race meeting licensee or track licensee required by this section to deduct and withhold taxes on compensation, a share of income available for distribution on which withholding is required under subsection (3), (4), or (5), winnings on which withholding is required under subsection (6), or a payoff price on which withholding is required under subsection (7) holds the amount of tax withheld as a trustee for this state and is liable for the payment of the tax to this state or, if applicable, to the community college and is not liable to any individual for the amount of the payment.

(12) An employer in this state is not required to deduct and withhold a tax on the compensation paid to a nonresident individual employee, who, under section 256, may claim a tax credit equal to or in excess of the tax estimated to be due for the tax year or is exempted from liability for the tax imposed by this act. In each tax year, the nonresident individual shall furnish to the employer, on a form approved by the department, a verified statement of nonresidence.

(13) An employer, flow-through entity, eligible production company, casino licensee, or race meeting licensee or track licensee required to withhold a tax under this act, by the fifteenth day of the following month, shall provide the

department with a copy of any exemption certificate on which the employee, member, or person subject to withholding under subsection (6) or (7) claims more than 9 personal or dependency exemptions, claims a status that exempts the employee, member, or person subject to withholding under subsection (6) or (7) from withholding under this section, or elects to pay the tax imposed by this part calculated under section 51a.

(14) An employer shall deduct and withhold the tax imposed by this act calculated under section 51a for a resident who files an exemption certificate under subsection (13) to elect to pay the tax calculated under section 51a.

(15) The exemption certificate required by this section shall include the following statement, "Electing to file using the no-form option may not be for everyone who is eligible. If a taxpayer chooses the no-form option, he or she may not be eligible for some of the credits allowed under this act including the property tax credit allowed under sections 520 and 522."

Sec. 705. All provisions relating to the administration, collection, and enforcement of this act and 1941 PA 122, MCL 205.1 to 205.31, apply to the employer, flow-through entity, eligible production company, casino licensee, or race meeting licensee or track licensee required to withhold taxes and to the taxes required to be withheld. If the department has reasonable grounds to believe that an employer, flow-through entity, eligible production company, casino licensee, race meeting licensee, or track licensee will not pay taxes withheld to this state or, if applicable, to the community college, as prescribed by this part, or to provide a more efficient administration, the department may require the employer, flow-through entity, eligible production company, casino licensee, race meeting licensee, or track licensee to make the return and pay to the department or, if applicable, to the community college, the tax deducted and withheld at other than monthly periods, or from time to time, or require the employer, flow-through entity, eligible production company, casino licensee, race meeting licensee, or track licensee to deposit the tax in a bank approved by the department in a separate account, in trust for the department or, if applicable, the community college, and payable to the department or the community college, and to keep the amount of the taxes in the account until payment over to the department or the community college.

Sec. 707. (1) A person required under the internal revenue code to file a form 1099-MISC for a tax year shall file a copy of that form 1099-MISC with the department on or before January 31 each year or on or before the day required for filing form 1099-MISC under the internal revenue code, whichever is later.

(2) A person who fails to comply with subsection (1) is liable to the department for a penalty of \$50.00 for each form 1099-MISC the taxpayer fails to file.

(3) A person required to file a form 1099-MISC under this section shall also file a copy of the form 1099-MISC with the city reported as the payee's address on the form 1099-MISC if that city imposes a city income tax pursuant to the city income tax act, 1964 PA 284, MCL 141.501 to 141.787.

Sec. 709. If the employer is the United States or this state, or any political subdivision of the United States or this state, or any agency or instrumentality of any of the foregoing, the return of the amount deducted and withheld upon compensation may be made by any officer of the employer having control of the payment of the compensation or an officer appropriately designated for that purpose.

Sec. 711. (1) Every employer, flow-through entity, eligible production company, casino licensee, race meeting licensee, and track licensee required by this part to deduct and withhold taxes for a tax year on compensation, share of income available for distribution, winnings, or payoff on a winning ticket shall furnish to each employee, member, or person with winnings or a payoff on a winning ticket subject to withholding under this part on or before January 31 of the succeeding year a statement in duplicate of the total compensation, share of income available for distribution, winnings, or payoff on a winning ticket paid during the tax year and the amount deducted or withheld. However, if employment is terminated before the close of a calendar year by an employer who goes out of business or permanently ceases to be an employer in this state, or a flow-through entity, eligible production company, casino licensee, race meeting licensee, or track licensee goes out of business or permanently ceases to be a flow-through entity, eligible production company, casino licensee, race meeting licensee, or track licensee before the close of a calendar year, then the statement required by this subsection shall be issued within 30 days after the last compensation, share of income available for distribution, winnings, or payoff of a winning ticket is paid. A duplicate of a statement made pursuant to this section and an annual reconciliation return, MI-W3, shall be filed with the department by February 28 of the succeeding year except that an employer, flow-through entity, eligible production company, casino licensee, race meeting licensee, and track licensee who goes out of business or permanently ceases to be an employer, flow-through entity, eligible production company, casino licensee, race meeting licensee, and track licensee shall file the statement and the annual reconciliation return within 30 days after going out of business or permanently ceasing to be an employer, flow-through entity, eligible production company, casino licensee, race meeting licensee, and track licensee.

(2) Every employer, flow-through entity, eligible production company, casino licensee, and race meeting licensee and track licensee required by this part to deduct or withhold taxes from compensation, share of income available for distribution, winnings, or payoff on a winning ticket shall make a return or report in form and content and at times as

prescribed by the department. An employer or flow-through entity that has entered into an agreement with a community college pursuant to chapter 13 of the community college act of 1966, 1966 PA 331, MCL 389.161 to 389.166, and is required to deduct or withhold taxes from compensation and make payments to a community college pursuant to the agreement for a portion of those taxes withheld shall, for as long as the agreement remains in effect, delineate in the return or report required under this subsection between the amount deducted or withheld and paid to the state and that amount paid to a community college.

(3) Every employee, member, or person with winnings or a payoff on a winning ticket subject to withholding under this part shall furnish to his or her employer, flow-through entity, eligible production company, casino licensee, race meeting licensee, and track licensee information required for the employer, flow-through entity, eligible production company, casino licensee, race meeting licensee, and track licensee to make an accurate withholding. An employee, member, or person with winnings or a payoff on a winning ticket subject to withholding under this part shall file with his or her employer, flow-through entity, eligible production company, casino licensee, race meeting licensee, and track licensee revised information within 10 days after a decrease in the number of exemptions or a change in status from a nonresident to a resident. The employee, nonresident member, or person with winnings or a payoff on a winning ticket subject to withholding under this part may file revised information when the number of exemptions increases or when a change in status occurs from that of a resident of this state to a nonresident of this state. Revised information shall not be given retroactive effect for withholding purposes. An employer, flow-through entity, eligible production company, casino licensee, race meeting licensee, and track licensee shall rely on this information for withholding purposes unless directed by the department to withhold on some other basis. If an employee, member, or person with winnings or a payoff on a winning ticket subject to withholding under this part fails or refuses to furnish information, the employer, flow-through entity, eligible production company, casino licensee, race meeting licensee, and track licensee shall withhold the full rate of tax from the employee's total compensation, the member's share of income available for distribution, or the winnings of a person with winnings or a payoff on a winning ticket subject to withholding under this part.

Sec. 713. The report shall include all of the following:
