16 in full.

17 (2) Notwithstanding subsection (1), medical services reimbursement for hospital

20 the federally approved MIChild state plan.

21 (3) Children whose category of eligibility changes between the Medicaid and
22 MIChild programs shall be assured of keeping their current health care

15 MIChild program from the line-item appropriation associated with the program as
16 described in the MIChild state plan approved by the United States department of
17 health and human services, or from other medical services.

18 (8) The department shall assure that an external quality review of each MIChild
19 contractor, as described in subsection (5), is performed, which analyzes and
20 evaluates the aggregated information on quality, timeliness, and access to
21 health care services that the contractor furnished to MIChild beneficiaries.

22 (9) The department shall develop an automatic enrollment algorithm that is
23 based on quality and performance factors.

5 medical services certification regulations. Penalty money, characterized as
6 private funds, received by the department shall increase authorizations and
7 allotments in the long-term care accounts.

8 (3) The department is authorized to provide civil monetary penalty funds to the
9 disability network of Michigan to be distributed to the 15 centers for
10 independent living for the purpose of assisting individuals with disabilities
11 who reside in nursing homes to return to their own homes.

13 a survey evaluating consumer satisfaction and the quality of care at nursing
14 homes. Factors can include, but are not limited to, the level of satisfaction
15 of nursing home residents, their families, and employees. The department may
16 use an independent contractor to conduct the survey.

23 true and accurate, and filed timely, within 5 months of the fiscal year end in
24 accordance with Medicaid policy. If the audited version of the last report is
25 available, it shall be used. Any rate factors based on the filed cost report
26 may be retroactively adjusted upon completion of the audit of that cost report.

15 state budget director is authorized to adjust the sources of financing for the
16 funds appropriated in part 1 for legal support contracts to reduce federal
17 authorization by 66% of the escheated amount and increase general fund/general
18 purpose authorization by the same amount. This budget adjustment is required to
19 offset the loss of federal revenue due to the escheated amount being counted as
20 title IV-D program income in accordance with federal regulations at 45 CFR
21 304.50.

22 Sec. 10-304. The department will implement a \$25.00 annual fee pursuant to

9 appropriated for expenditure.

10 Sec. 10-403. Counties shall be subject to 50% chargeback for the use of
11 alternative regional detention services, if those detention services do not
12 fall under the basic provision of section 117e of the social welfare act, 1939
13 PA 280, MCL 400.117e, or if a county operates those detention services programs
14 primarily with professional rather than volunteer staff.

15 Sec. 10-404. In order to be reimbursed for child care fund expenditures,
16 counties are required to submit department-developed reports to enable the
17 department to document potential federally claimable expenditures. This
18 requirement is in accordance with the reporting requirements specified in
19 section 117a(7) of the social welfare act, 1939 PA 280, MCL 400.117a.

20 Sec. 10-405. As a condition of receiving money appropriated in part 1 for the
21 child care fund, by February 15 of the current fiscal year, counties shall have
22 an approved service spending plan for the current fiscal year. Counties must
23 submit the service spending plan to the department by December 15 of the

5 disability. "Material to the determination of disability" means that, if the
6 person stopped using drugs or alcohol, his or her remaining physical or mental
7 limitations would not be disabling. If his or her remaining physical or mental
8 limitations would be disabling, then the drug addiction or alcoholism is not
9 material to the determination of disability and the person may receive state
10 disability assistance. Such a person must actively participate in a substance
11 abuse treatment program, and the assistance must be paid to a third party or
12 through vendor payments. For purposes of this section, substance abuse
13 treatment includes receipt of inpatient or outpatient services or participation
14 in alcoholics anonymous or a similar program.

15 (4) A refugee or asylee who loses his or her eligibility for the federal
16 supplemental security income program by virtue of exceeding the maximum time
17 limit for eligibility as delineated in 8 USC 1612 and who otherwise meets the
18 eligibility criteria under this section shall be eligible to receive benefits
19 under the state disability assistance program.

3 in part 1 for state disability assistance and family independence
4 program/supplemental security income recoveries and public assistance
5 recoupment revenues shall not be limited to recoveries and accruals pertaining
6 to state disability assistance, or family independence assistance grant
7 payments provided only in the current fiscal year, but may include revenues
8 collected during the current year that are prior year related and not a part of
9 the department's accrued entities.

10 (2) The department may use supplemental security income recoveries to satisfy
11 the deduct in any line in which the revenues are appropriated, regardless of
12 the source from which the revenue is recovered.

13 Sec. 10-505. A provider of indigent burial services may collect additional
14 payment from relatives or other persons on behalf of the deceased if the total
15 additional payment does not exceed \$4,000.00.

16 Sec. 10-506. The funds available in part 1 for burial services shall be
17 available if the deceased was an eligible recipient and an application for
18 emergency relief funds was made within 10 business days of the burial or

2 department for the purpose of meeting TANF eligibility reporting requirements

4 in fiscal year 2000. The use of TANF funds under this section should not be
5 considered an ongoing commitment of funding.

6 Sec. 10-508. From the funds appropriated in part 1 for food bank funding, the
7 department is authorized to make allocations of TANF funds only to the agencies
8 that report necessary data to the department for the purpose of meeting TANF
9 eligibility reporting requirements. The agencies that do not report necessary
10 data to the department for the purpose of meeting TANF eligibility reporting
11 requirements will not receive allocations in excess of those received in fiscal
12 year 2000. The use of TANF funds under this section should not be considered an
13 ongoing commitment of funding.

14 Sec. 10-509. (1) The department shall allocate up to \$12,751,000.00 for the

1 officers.

2 (e) Increase either the number or percentage of Michigan veterans enrolled in
3 the veterans affairs health care system.

7 that performance be a major consideration in the future funding of each grant
8 recipient.

9 (h) Identify areas of redundancy which may exist among services provided by
10 veterans service organizations grantees, Michigan veterans trust fund county
11 committees, and county veterans counselors and provide a proposal on how any

14 appropriated in part 1 shall file a report with the department not later than May 1,
15 2012 detailing the following information:

23 (10) The department shall issue performance standards to each veterans service
24 organization grant recipient. Compliance with these performance standards shall be the
25 basis for funding for future years. Failure to meet any or all of the performance
26 standards may result in that organization losing funding in future years, and the
27 department shall forward to the senate and house of representatives appropriations

1 subcommittees on state police and military and veterans affairs corrective action and
2 penalty recommendations.

4 state budget director.

5 (2) The department of technology, management and budget shall assess all
6 subscribers of the Michigan public safety communications system reasonable access and
7 maintenance fees.

9 under this section shall be expended for the support and maintenance of the Michigan
10 public safety communications system.

11 (4) Any deposits made under this section and unencumbered funds are restricted
12 revenues and may be carried forward into succeeding fiscal years.

13 Sec. 17-321. (1) The state budget director, upon notification to the senate and
14 house of representatives standing committees on appropriations, may adjust spending
15 authorization and user fees in the department of technology, management and budget
16 budget in order to ensure that the appropriations for information technology in the
17 department budget equal the appropriations for information technology in the budgets
18 for all executive branch agencies.

19 (2) If during the course of the fiscal year a transfer or supplemental to or
20 from the information technology line item within an agency budget is made under
21 section 393 of the management and budget act, 1984 PA 431, MCL 18.1393, there is

12 required services. These funds are available for expenditure when they are received
13 and may be carried forward into the next succeeding fiscal year.

14 CIVIL SERVICE

15 Sec. 17-401. (1) In accordance with section 5 of article XI of the state
16 constitution of 1963, all restricted funds shall be assessed a sum not less than 1% of
17 the total aggregate payroll paid from civil service commission on the basis on actual
18 restricted sources of total aggregate payroll of the classified service for the
19 preceding fiscal year. This includes, but it not limited to, restricted funds
20 appropriated in part 1 of any appropriations act. Unexpended appropriated funds shall
21 be returned to each fund source at the end of the fiscal year.

22 (2) The appropriations in part 1 are estimates of actual charges based on
23 payroll appropriations. With the approval of the state budget director, the commission
24 is authorized to adjust financing sources for civil service charges based on actual
25 payroll expenditures, provided that such adjustments do not increase the total
26 appropriation for the civil service commission.

1 (3) The financing from restricted sources shall be credited to the civil
2 service commission by the end of the second fiscal quarter.

3 Sec. 17-402. Except where specifically appropriated for this purpose, financing
4 from restricted sources shall be credited to the civil service commission. For
5 restricted sources of funding within the general fund that have the legislative
6 authority for carryover, if current spending authorization or revenues are
7 insufficient to accept the charge, the shortage shall be taken from carryforward
8 balances of that funding source. Restricted revenue sources that do not have
9 carryforward authority shall be utilized to satisfy commission operating deducts first
10 and civil service obligations second. General fund dollars are appropriated for any
11 shortfall, pursuant to approval by the state budget director.

12 Sec. 17-403. The appropriation in part 1 to the civil service commission, for state-
13 sponsored group insurance, flexible spending accounts, and COBRA, represents amounts,
14 in part, included within the various appropriations throughout state government for
15 the current fiscal year to fund the flexible spending account program included within
16 the civil service commission. Deposits against state-sponsored group insurance,
17 flexible spending accounts, and COBRA for the flexible spending account program shall
18 be made from assessments levied during the current fiscal year in a manner prescribed
19 by the civil service commission. Unspent employee contributions to the flexible
20 spending accounts may be used to offset administrative costs for the flexible spending
21 account program, with any remaining balance of unspent employee contributions to be
22 lapsed to the general fund.

23 **STATE BUILDING AUTHORITY RENT**

24 Sec. 17-501. (1) Subject to section 242 of the management and budget act, 1984
25 PA 431, MCL 18.1242, and upon the approval of the state building authority, the
26 department may expend from the general fund of the state during the fiscal year an

1 amount to meet the cash flow requirements of those state building authority projects
2 solely for lease to a state agency identified in both part 1 and this section, and for
3 which state building authority bonds or notes have not been issued, and for the sole
4 acquisition by the state building authority of equipment and furnishings for lease to
5 a state agency as permitted by 1964 PA 183, MCL 830.411 to 830.425, for which the
6 issuance of bonds or notes is authorized by a legislative concurrent resolution that
7 is effective for the fiscal year ending September 30, 2012. Any general fund advances
8 for which state building authority bonds have not been issued shall bear an interest
9 cost to the state building authority at a rate not to exceed that earned by the state
10 treasurer's common cash fund during the period in which the advances are outstanding
11 and are repaid to the general fund of the state.

12 (2) Upon sale of bonds or notes for the projects identified in part 1 or for
13 equipment as authorized by legislative concurrent resolution and in this section, the
14 state building authority shall credit the general fund of the state an amount equal to
15 that expended from the general fund plus interest, if any, as defined in this section.

16 (3) For state building authority projects for which bonds or notes have been
17 issued and upon the request of the state building authority, the state treasurer shall
18 make advances without interest from the general fund as necessary to meet cash flow
19 requirements for the projects, which advances shall be reimbursed by the state
20 building authority when the investments earmarked for the financing of the projects
21 mature.

22 (4) In the event that a project identified in part 1 is terminated after final
23 design is complete, advances made on behalf of the state building authority for the
24 costs of final design shall be repaid to the general fund in a manner recommended by
25 the director.

26 Sec. 17-502. (1) State building authority funding to finance construction or
27 renovation of a facility that collects revenue in excess of money required for the

1 operation of that facility shall not be released to a university or community college
2 unless the institution agrees to reimburse that excess revenue to the state building
3 authority. The excess revenue shall be credited to the general fund to offset rent
4 obligations associated with the retirement of bonds issued for that facility. The
5 auditor general shall annually identify and present an audit of those facilities that
6 are subject to this section. Costs associated with the administration of the audit
7 shall be charged against money recovered pursuant to this section.

8 (2) As used in this section, "revenue" includes state appropriations, facility
9 opening money, other state aid, indirect cost reimbursement, and other revenue
10 generated by the activities of the facility.

11 Sec. 17-503. (1) The state building authority rent appropriations in part 1 may
12 also be expended for the payment of required premiums for insurance on facilities
13 owned by the state building authority or payment of costs that may be incurred as the
14 result of any deductible provisions in such insurance policies.

15 (2) If the amount appropriated in part 1 for state building authority rent is
16 not sufficient to pay the rent obligations and insurance premiums and deductibles
17 identified in subsection (1) for state building authority projects, there is
18 appropriated from the general fund of the state the amount necessary to pay such
19 obligations.

20 CAPITAL OUTLAY

21 Sec. 17-601. (1) The director shall allocate lump-sum appropriations made in
22 this bill consistent with statutory provisions and the purposes for which funds were
23 appropriated. Lump-sum allocations shall address priority program or facility needs
24 and may include, but are not limited to, design, construction, remodeling and
25 addition, special maintenance, major special maintenance, energy conservation, and
26 demolition.

1 (2) The state budget director may authorize that funds appropriated for lump-
2 sum appropriations shall be available for no more than 3 fiscal years following the
3 fiscal year in which the original appropriation was made. Any remaining balance from
4 allocations made in this section shall lapse to the fund from which it was
5 appropriated pursuant to the lapsing of funds as provided in the management and budget
6 act, 1984 PA 431, MCL 18.11.01 to 18.1594.

7 Sec. 17-602. The appropriations in part 1 for capital outlay shall be carried forward
8 at the end of the fiscal year consistent with the provisions of section 248 of the
9 management and budget act, 1984 PA 431, MCL 18.1248.

7 Sec. 19-806. The Michigan gaming control board shall use actual expenditure
8 data in determining the actual regulatory costs of conducting racing dates and shall
9 provide that data to the senate and house appropriations subcommittees on agriculture
10 and general government and the senate and house fiscal agencies. The Michigan gaming
11 control board shall not be reimbursed for more than the actual regulatory cost of
12 conducting race dates. If a certified horsemen's organization funds more than the
13 actual regulatory cost, the balance shall remain in the agriculture equine industry
14 development fund to be used to fund subsequent race dates conducted by race meeting
15 licensees with which the certified horsemen's organization has contracts. If a
16 certified horsemen's organization funds less than the actual regulatory costs of the
17 additional horse racing dates, the Michigan gaming control board shall reduce the
18 number of future race dates conducted by race meeting licensees with which the
19 certified horsemen's organization has contracts. Prior to the reduction in the number
20 of authorized race dates due to budget deficits, the executive director of the
21 Michigan gaming control board shall provide notice to the certified horsemen's
22 organizations with an opportunity to respond with alternatives. In determining actual
23 costs, the Michigan gaming control board shall take into account that each specific
24 breed may require different regulatory mechanisms.
