Notes: (1) FY 2012-13 year-to-date (YTD) figures include mid-year budget adjustments through February 7, 2013.  
 (2) Appropriation figures for all years include all proposed appropriation amounts, including amounts designated as one-time.  
 (3) House information in this document references Article I of House Bill 4228 as passed by the House.

**Overview**

The School Aid budget makes appropriations to the state's 549 local school districts, 277 public school academies, the Education Achievement System, and 56 intermediate school districts (ISDs) for operations and certain categorical programs. It also appropriates funds to the Center for Educational Performance and Information, the Workforce Development Agency, and other entities to implement certain grants and other programs related to K-12 education.

**Major Budget Changes From FY 2012-13 YTD Appropriations**

**1. Foundation Allowances (Secs. 22a and 22b)**

Executive decreases by \$2.3 million from the current YTD for FY 2013-14 to incorporate consensus estimates for taxable values and pupil estimates. Includes funding for small class size adjustments reduced from \$13.0 million to \$9.0 million for FY 2013-14.

House concurs in total appropriations but revises the distribution of small class size adjustments compared to the Executive.

Senate increases by \$23.2 million to provide a foundation increase through the 2x formula equaling \$9 per pupil for districts at the Basic or higher and as much as \$18 per pupil for districts at the minimum foundation, with an incremental increase in between for districts between the minimum and the Basic. Minimum would increase from \$6,966 to \$6,984.

Conference increases by \$43.4 million to provide a foundation increase through the 2x formula equaling \$30 per pupil for districts at the Basic or higher and as much as \$60 per pupil at the minimum foundation, with an incremental increase in between for districts in between the minimum and the Basic. Minimum would increase from \$6,966 to \$7,026, and the Basic would increase from \$8,019 to \$8,049. The cost of the increase is offset by savings from changing the pupil membership blend. Maintains FY 13 funding for small class size adjustments.

(See Major Boilerplate Changes below for discussion of proposed changes to Small Class Size Adjustments.)

	FY 2012-13 Year-to-Date (as of 2/7/13)	FY 2013-14 Conference Change
<b>Gross</b>	<b>\$8,864,300,000</b>	<b>\$43,400,000</b>

<b>Major Budget Changes From FY 2012-13 YTD Appropriations</b>		<b>FY 2012-13 Year-to-Date (as of 2/7/13)</b>	<b>FY 2013-14 Conference Change</b>
<b>2. One-Time Foundation Equity Payment (Sec. 22c)</b>			
<u>Executive</u> provides \$24.0 million in one-time funding for an equity payment of up to \$34 per pupil to districts with foundation allowances below \$7,000. The current minimum foundation allowance is \$6,966 and the state maximum guaranteed foundation allowance is \$8,019.	<b>Gross</b>	<b>\$0</b>	<b>\$36,000,000</b>
<u>House</u> increases the appropriation to \$36.0 million to provide an equity payment of up to \$50 per pupil to districts with foundation allowances below \$7,016.	Restricted	0	36,000,000
<u>Senate</u> does not include this line.			
<u>Conference</u> provides \$36.0 million in one-time funding for an equity payment of up to \$50 per pupil to districts with an FY 14 foundation allowance below \$7,076.			
<b>3. MPSERS - Cost Offset (Sec. 147a)</b>			
<u>Executive</u> maintains current funding levels to offset a share of MPSE RS costs for districts for FY 2013-14.	<b>Gross</b>	<b>\$155,000,000</b>	<b>(\$55,000,000)</b>
<u>House</u> concurs.	Restricted	155,000,000	(55,000,000)
<u>Senate</u> concurs.			
<u>Conference</u> reduces the line to \$100 million, which will reduce the MPSERS offset received by districts by about 36%.			
<b>4. MPSERS - Reserve Fund (Sec. 147b)</b>			
<u>Executive</u> eliminates transfer of funds to the MPSERS reserve fund. After deposits in F Ys 2011-12 and 2012-13, the fund balance totals \$ 174.0 million, and \$150.0 million of it is used as a restricted fund source in Section 147c for FY 2013-14.	<b>Gross</b>	<b>\$41,000,000</b>	<b>(\$41,000,000)</b>
<u>House</u> concurs.	Restricted	41,000,000	(41,000,000)
<u>Senate</u> concurs.			
<u>Conference</u> concurs with Executive, House, and Senate.			
<b>5. MPSERS - State Share of Unfunded Liabilities (Sec. 147c)</b>			
<u>Executive</u> increases funding for the state's share of Michigan Public School Employees' Retirement System (MPSERS) costs as required by PA 300 of 2012. PA 300 caps the employer share of MPSERS contributions for unfunded liabilities at 20.96% of payroll and requires the state to pay the balance. Total appropriations increase to \$403.3 million in FY 2013-14.	<b>Gross</b>	<b>\$130,000,000</b>	<b>\$274,600,000</b>
<u>House</u> concurs.	Restricted	130,000,000	273,300,000
<u>Senate</u> concurs with the increase, but retains \$1.3 million to fund the district library portion of the cost in the School Aid budget rather than transferring it to the Department of Education budget as proposed by the Executive and House.	GF/GP	\$0	\$1,300,000
<u>Conference</u> concurs with the Senate.			
(See Major Boilerplate Changes below for discussion of other proposed changes.)			
<b>6. Great Start Readiness Program (GSRP) (Sec. 32d)</b>			
<u>Executive</u> increases funding for preschool programs by \$65.0 million each year to \$174.6 million in FY 2013-14. Additional funding increases the current allocation for each half-day slot from \$3,400 to \$3,625 and provides up to 16,000 more half-day slots in FY 2013-14. ISDs may use two half-day slots to provide a child with a full-day program.	<b>Gross</b>	<b>\$109,575,000</b>	<b>\$65,000,000</b>
<u>House</u> increases by \$38.0 million to \$147.6 million and increases the per diem to \$3,500, thereby increasing the number of funded half-day slots by approximately 9,900.	Restricted	109,275,000	65,000,000
<u>Senate</u> concurs with Executive to increase appropriations to \$174.6 million, but maintains the current allocation for each half-day slot at \$3,400, thus increasing the number of half-day slots by approximately 19,100.	GF/GP	\$300,000	\$0
<u>Conference</u> concurs with Executive on total appropriation and on the half-day slot allocation of \$3,625. However, of the \$65 million increase, \$25 million is set aside in an early childhood reserve fund to be used if there is sufficient need for the slots. Expenditure of the \$25.0 million would require further legislative action.			
(See Major Boilerplate Changes below for discussion of other proposed program changes.)			

<b>Major Budget Changes From FY 2012-13 YTD Appropriations</b>		<b>FY 2012-13 Year-to-Date (as of 2/7/13)</b>	<b>FY 2013-14 Conference Change</b>
<b>7. Best Practices Incentive Grants (Sec. 22f)</b>	<b>Gross</b>	<b>\$80,000,000</b>	<b>\$0</b>
<u>Executive</u> decreases funding to \$25.0 million in FY 2013-14. The award would decrease from \$52 per pupil to \$16 per pupil to districts that meet 7 out of 8 best practices criteria. <u>House</u> reduces to a \$100 placeholder. <u>Senate</u> eliminates this line item. <u>Conference</u> maintains current appropriation and provides \$52 per pupil to districts that meet 7 out of 8 criteria. (See Major Boilerplate Changes below for discussion of proposed changes to the 8 criteria.)	Restricted	80,000,000	0
<b>8. Technology Infrastructure Improvement (Sec. 22i)</b>	<b>Gross</b>	<b>\$50,000,000</b>	<b>\$0</b>
<u>Executive</u> reduces funding to \$13.5 million for FY 2013-14. Funds may be used for the development or improvement of technology infrastructure in preparation for the planned implementation of F Y 2014-15 online growth assessments. <u>House</u> maintains funding at FY 2012-13 levels of \$50.0 million. <u>Senate</u> eliminates this line item. <u>Conference</u> concurs with House, but earmarks \$5.0 million of the total for a competitive bid to a provider of whole school technology. (See Major Boilerplate Changes below for discussion of proposed changes.)	Restricted	50,000,000	0
<b>9. District Performance Funding (Sec. 22j)</b>	<b>Gross</b>	<b>\$30,000,000</b>	<b>\$16,400,000</b>
<u>Executive</u> maintains current funding levels for awards to districts up to a maximum of \$100 per pupil: \$30 per pupil for academic growth in grades 3-8 math, \$30 per pupil for academic growth in grades 3-8 reading, and \$40 per pupil for academic growth in all high school tested subjects. Fully funding eligible districts would cost \$46.4 million, so awards would be prorated. <u>House</u> increases to \$46.4 million to fully fund eligible districts. <u>Senate</u> concurs with the House. <u>Conference</u> concurs with House and Senate. (See Major Boilerplate Changes below for discussion of proposed changes.)	Restricted	30,000,000	16,400,000
<b>10. Consolidation Innovation Grants (Sec. 22g)</b>	<b>Gross</b>	<b>\$10,000,000</b>	<b>(\$5,000,000)</b>
<u>Executive</u> eliminates one-time competitive funding awarded to districts and ISDs to support both full consolidation and consolidation of services. <u>House</u> concurs. <u>Senate</u> concurs. <u>Conference</u> maintains \$5.0 million for consolidation of districts and ISDs.	Restricted	10,000,000	(5,000,000)
<b>11. Competitive Student-Centric (Sec. 22k)</b>	<b>Gross</b>	<b>\$0</b>	<b>\$8,000,000</b>
<u>Executive</u> provides \$8.0 million in one-time funding in FY 2013-14 for competitive grants to districts that align in structure with individual student learning styles and pace and advance students based on individual mastery of each subject area. <u>House</u> provides \$7.0 million. <u>Senate</u> concurs with Executive but caps an individual district's allocation at \$1.0 million. <u>Conference</u> concurs with Executive.	Restricted	0	8,000,000
<b>12. Intermediate School District (ISD) Operations (Sec. 81)</b>	<b>Gross</b>	<b>\$64,115,000</b>	<b>\$0</b>
<u>Executive</u> maintained current funding levels for ISDs, including \$62.1 million for general operations and \$2.0 million for ISD best practices. <u>House</u> maintains general operations funding of \$62.1 million but includes only a \$100 placeholder for best practices. <u>Senate</u> concurs with Executive to maintain total funding levels but shifts the \$2.0 million currently allocated for best practices to general operations. <u>Conference</u> concurs with Executive. (See Major Boilerplate Changes below for discussion of other proposed changes.)	Restricted	64,115,000	0

<b>Major Budget Changes From FY 2012-13 YTD Appropriations</b>		<b>FY 2012-13 Year-to-Date (as of 2/7/13)</b>	<b>FY 2013-14 Conference Change</b>
<b>13. Special Education Funding (Secs. 51a, 51c, 51d, 53a)</b>	<b>Gross</b>	<b>\$1,398,388,000</b>	<b>(\$10,823,000)</b>
<u>Executive</u> decreases by \$10.7 million from the current YTD appropriation for FY 2013-14 to adjust for consensus estimates for the growth in special education reimbursement costs.	Federal	439,000,000	5,000,000
<u>House</u> concurs.	Restricted	959,388,000	(15,823,000)

### **Major Boilerplate Changes From FY 2012-13**

#### **Sec. 6(4). Pupil Membership Blend – REVISED**

House revises the pupil membership blend from 90% of the October count and 10% of the *previous* February count to 80% of the October count and 20% of the *following* February count in order to align with the proposed pupil transfer process in Section 25e.

Senate revises to 90% of the October count plus 10% of the *following* February count.

Conference concurs with Senate.

#### **Sec. 18. Spending and Audit Requirements – REVISED**

Executive recommendation deletes a report required in 2012 regarding the costs of online education.

House concurs with Executive.

Senate maintains a report which would be due September 1, 2014, but revises to include enrollment data, online learning provider data, and cost details broken down by training, personnel, hardware and software, payment to each online learning provider, and other associated costs.

Conference concurs with Senate.

#### **Sec. 18a. Public School Academy (PSA) Property Transfer – REVISED**

Current law requires that PSA property acquired substantially with public funds be transferred to the state if a PSA's contract is revoked or not reissued, or if the PSA is ineligible for state aid funding for 18 consecutive months.

Executive adds that a PSA corporation must initiate a dissolution process within 30 days after its contract expires.

House concurs but revises to initiate a "transfer" process.

Senate concurs with House.

Conference concurs with House and Senate.

## **Major Boilerplate Changes From FY 2012-13**

### ***Sec. 20 (8) and (9). 100% Online programs Foundation – DELETED***

House adds language that beginning in FY 2014-15 the foundation allowance for a cyber school or for pupils attending a district under a seat-time waiver for a 100% online model is equal to 85% of the foundation allowance of the district in which it is located.

Senate does not include these subsections.

Conference concurs with Executive and Senate.

### ***Sec. 20(10). Foundation Allowances for District Consolidations or Annexations – REVISED***

House revises language which currently provides that the foundation allowance for a consolidated district is the per pupil weighted average of all the affected districts. Instead the foundation allowance would be either the highest foundation of the affected districts or the sum of \$100 plus the per pupil weighted foundation, whichever is less.

Senate concurs.

Conference concurs with House and Senate.

### ***Sec. 20(14). Small Class Size Adjustments to Foundation Allowances – REVISED***

Executive revises foundation allowance adjustments for districts that received a small class size grant in 2001-2002. Currently funded in FY 2012-13 at 68.5% of FY 2010-11 levels at a total cost of \$13.0 million (funded under Sec. 22 b). Executive recommendation continues adjustments into FY 2013-14, reduces to a total cost of \$9.0 million by capping adjustments as follows:

- not to exceed \$100 per pupil for districts with foundation allowances less than \$7,500.
- not to exceed \$50 per pupil for districts with foundation allowances greater than \$7,500.

House revises small class size adjustments to 70% of each district's adjustment in FY 2012-13. Assumes the same level of savings as the Executive recommendation.

Senate revises small class size adjustments to 85% of each district's adjustment in FY 2012-13. Assumes approximately \$2.0 million in savings.

Conference maintains current year levels for small class size adjustments.

### ***Sec. 21f. Online Courses – NEW***

Executive allows pupils in grades 5 to 12 to enroll in online courses as provided in this section ( does not apply to cyber schools). Requires that a district allow a pupil to enroll in up to 2 online courses per term, semester, or trimester with the consent of the pupil's parent or legal guardian. If a pupil has demonstrated previous success in online courses, and the district and parent or guardian determine it is in the pupil's best interest, a pupil may enroll in more than 2 online courses per term, semester, or trimester. Allows pupil to enroll in online courses published in the district's catalog of online courses or the statewide catalog of online courses maintained by MVU pursuant to Sec. 98. Allows educating district to prohibit enrollment in an online course under certain circumstances, but provides the pupil an opportunity to appeal that decision to the ISD. Requires a district, if offering an online course, to provide MVU with the course syllabus for inclusion in the statewide catalog and provide links to the catalog on the district's website.

House revises to cover grades 7 to 12, deletes references to a statewide catalog maintained by MVU, deletes the provision requiring a district to allow a pupil with past success to take more than 2 online courses per term, and caps the amount a district has to pay for an online course to 1/12 of the district's foundation allowance per semester or 1/18 of the district's foundation allowance for a trimester.

Senate concurs with Executive on grades 5 to 12, but also applies this section to cyber schools. Concurs with Executive requiring a district to allow a pupil to participate in more than 2 classes if they demonstrate previous success. Shifts the responsibility of maintaining a statewide online course catalog from MVU to the Department of Education. Sets no limit on costs, but requires that a district pay 50% upon enrollment and 50% upon successful completion. Revises such that the educating district determines successful completion and grants academic credit. Clarifies that the enrollment of a pupil in an online program shall not result in a student being counted as more than 1.0 FTE.

Conference concurs with Executive, but includes House revision to study increasing the number of allowable online courses, and includes House cost caps. Includes the Senate revision to tie payment to completion, but changes the ratio to 80% enrollment and 20% completion.

### ***Sec. 22b. Foundation Allowances - EAA – REVISED***

Senate adds new language prohibiting the Education Achievement Authority (EAA) from expending any money from any source unless allocated through the School Aid Act unless specifically appropriated by the Legislature to the EAA. If the EAA does not comply, it would lose its foundation allowance funding under this section.

Conference does not concur.

## **Major Boilerplate Changes From FY 2012-13**

### ***Sec. 22f. Best Practices – REVISED***

Executive reduces per pupil awards from \$52 per pupil to \$16 per pupil for districts complying with 7 out of 8 best practices. 4 out of the 8 best practices include revisions under the Executive recommendation:

- Acts as policyholder for insurance - Adds that a district with a voluntary employee beneficiary association (VEBA) that pays no more than the maximum allowed under PA 152 of 2011 is considered to have met this requirement.
- Competitively bid at least one non-instructional service - Adds that the unfunded liability costs for retirement must be excluded from district costs when comparing competitive bids.
- Provide online learning opportunities - Adds that a district must publish syllabi for offered online courses, as required under Sec. 21f.
- Provide a dashboard to parents and the community - Adds additional required dashboard items including revenue and expenditure projections, list of all debt service obligations by project including anticipated payments for FY 2013-14, and total outstanding debt.

The 4 other best practices remain the same and include participating in schools of choice, measuring student growth twice annually, providing dual enrollment, and provide physical or health education that meet State Board of Education standards.

House includes the Executive language but provides only a \$100 placeholder for best practices grants.

Senate repeals this section.

Conference concurs with Executive, but revises the physical education and health education requirements to delete the State Board of Education standards.

### ***Sec. 22i. Technology Infrastructure Grants – REVISED***

Executive adds instructional practices and shared service consolidation of technology and data as allowable uses of funding and changes the grant process from a competitive bid process to a process in which all eligible districts and ISDs may participate.

House limits the uses to technology infrastructure, shared service consolidation of technology and data, and hardware.

Senate repeals this section.

Conference concurs with House, but also earmarks \$5.0 million to a competitive bid for a provider for whole school technology.

### ***Sec. 22j. District Performance Grants – REVISED***

Executive updates the school year assessment used to awards to 2011-2012 and revises the high school award to broaden from only the Michigan Merit Exam to all high school assessments.

House concurs.

Senate concurs and adds intent that in FY 2014-15 growth be measured with computer adaptive tests taken in FY 2013-14.

Conference concurs with Executive and House.

### ***Sec. 25e. Pupil Transfer Process – NEW***

House repeals Sec. 25, which was set to begin in FY 2013-14 and replaces it with Sec. 25e. It would require CEPI to work with MDE, districts, and intermediate districts to develop a pupil transfer application modeled after the graduation and dropout application, and allow districts to transfer students and revise membership between the October and February count dates.

Senate concurs and adds that the pupil transfer application be completed by November 1, 2013.

Conference concurs with House and includes the Senate revision, but limits the transfer process to student transfers for those students who were enrolled as of the fall count date, but does not include new enrollments. Also adds that the new district must report the transfer within 30 days of the transfer.

## **Major Boilerplate Changes From FY 2012-13**

### ***Sec. 32d. Great Start Readiness Program (GSRP) – REVISED***

Executive proposes significant funding increases, but also includes several major policy changes including:

- Revises to align with new kindergarten age requirements, phased in over 3 years, to move the eligibility age cutoff date from December 1 to September 1.
- Eliminates former Parents Involved in Education (PIE) programs as an allowable use of funds.
- Distributes 100% of the funding through the Section 39 formula and requires all entities including ISDs, districts, public or private for-profit and nonprofit entities receiving funding to comply with Sections 32d and 39 rather than continuing a separate competitive application for public or private for-profit and nonprofit entities.
- Requires that a program receiving funds under this section must participate in the state's Great Start to Quality Process, the Tiered Quality Rating Improvement System (TQRIS), with a rating of at least 3 stars.
- Increases the minimum percentage of participating children who must live in families with income less than 300% of federal poverty level from at least 75% to at least 90%.
- Requires an ISD to contract with eligible public and private for-profit and nonprofit community-based providers for at least 20% of its total allocated slots. Requires notification to department if ISD is unable to meet this requirement.

House revises the Executive recommendation to continue allowing PIE programs, decreases the income eligibility threshold to 200% of the federal poverty, revises the minimum percentage of participating children who must qualify based on income to 80%, increases the percent of slots an ISD must make available to private and nonprofit programs to 30%, and clarifies that if MDE verifies an ISD tried to contract at least 30% of their slots and is unable to do so, the ISD may keep those remaining slots. Requires an ISD to let parents choose among ISD providers and requires an ISD to allow a parent of an eligible child to choose a program in another ISD and that the resident ISD would have to pay for it.

Senate concurs with the Executive but requires that 100% of participating children come from families below 300% of poverty and requires providers to rank children based on family income and provide slots to the lowest quintile first and move up until it fills its slots, but requires each provider to save 10% of its slots for students who enroll after the beginning of the year. Provides a \$100 placeholder for Kalamazoo RESA for pilot program to evaluate a preschool system using both public and private funding for the same classroom and serving children from Head Start, GSRP, and children whose parents pay tuition all in the same classroom.

Conference concurs with Executive but reduces the eligibility to 250% of the federal poverty threshold and include the Senate method of filling slots from the lowest income quintile and moving up until slots are filled. Concurs with House to require 30% of each ISD's slots to be available to private programs.

### ***Sec. 32p. Early Childhood Block Grants – REVISED***

Executive provides that each ISD shall receive 100% of its FY 2012-13 allocation.

House provides that beginning in FY 2013-14 funding shall be determined by a distribution formula to be established by the MDE Office of Great Start in order to provide for equitable funding statewide.

Senate concurs with Executive.

Conference concurs with House.

### ***Sec. 81(6). ISD Best Practices – REVISED***

Executive maintains \$2.0 million allocation for ISD best practices, but revises to require 5 out of 6 best practices:

- Develop a consolidation plan - Adds for an ISD that developed a plan in FY 2012-13, it must implement that plan to qualify in FY 2013-14.
- Obtain competitive bids on at least 1 non-instructional service valued at \$50,000 or more for itself or its constituent districts - Adds that the unfunded liability costs for retirement must be excluded from costs when comparing competitive bids.
- Develop a technology plan - Adds for an ISD that developed a plan in FY 2012-13, it must implement that plan to qualify in FY 2013-14.
- Provide a dashboard to parents and the community - Adds additional, required dashboard items including revenue and expenditure projections, list of all debt service obligations by project including anticipated payments for FY 2013-14, and total outstanding debt.
- Work in a consortium with other ISDs to develop system requirements and bid specifications for a statewide model information system - Adds working with CEPI and changes focus to developing local systems that result in a recommended model information system that supports interoperability to ensure linkage and connectivity in a manner that facilitates the efficient exchange of data between districts, ISDs, and CEPI.
- New requirement that ISD act as policyholder for health care services benefits. An ISD that does not directly employ its staff or an ISD with a voluntary employee beneficiary association (VEBA) that pays no more than the maximum allowed under PA 152 of 2011 is considered to have met this requirement.

House includes the Executive language but provides only a \$100 placeholder for best practices grants.

Senate deletes this subsection.

Conference concurs with Executive.

## **Major Boilerplate Changes From FY 2012-13**

### ***Sec. 98. Michigan Virtual University – REVISED***

Executive renames the Center for Online Learning and Innovation, which was established in FY 2012-13, as the Michigan Virtual Learning Research Institute. Requires that the Institute do the following: provide professional development to at least 1,000 education personnel on integrating digital learning, provide up to \$2.2 million in competitive grants to ISDs to expand integration of online and blended learning, work with higher education faculty on a new digital learning teacher endorsement, and create a statewide catalog of all online courses at all public schools including course syllabi and a review of each course.

House maintains current law with minor changes.

Senate provides four \$100 placeholder for the new activities proposed by the Governor, but would transfer the maintenance of a statewide online course catalog to the Department of Education. Requires MVU to report detailed budget information to the Legislature by October 1, 2013 and by August 1 in subsequent fiscal years.

Conference includes the professional development but reduces to 500 education personnel, includes researching and establishing an internet-based platform where educators can create and share student-centric learning tools, and includes the statewide catalog of all online courses, but revises so that ISDs review online courses offered by their constituent districts compared to the MVU identified best practices and standards. Also requires MVU to report a detailed budget and the costs of providing online courses and fees charged to districts.

### ***Sec. 101. Instructional Days and Hours – REVISED***

House deletes for FY 2013-14 the provision allowing up to 38 hours of professional development for teachers as instruction to meet the 1,098 minimum number of hours required and increases the minimum number of days required from 170 to 175 beginning in FY 2014-15.

Senate maintains current law.

Conference concurs with House but delays the change in professional development hours to FY 2014-15 as well.

### ***Sec. 107. Adult Education – REVISED***

House adds legislative intent to begin allocating grant funds under this section on a competitive basis beginning in FY 2014-15.

Senate maintains current law.

Conference concurs with House but revises to say the legislature will "study" allocating the funds on a competitive basis.

### ***Sec. 147. MPSERS Contribution Rates – REVISED***

Executive reflects employer contribution rates for defined benefit pension and retiree health benefits are now broken out for seven different subgroups based on hire date and benefit and contribution choices made under PA 300 of 2012. For FY 2013-14, rates are based on a 25-year amortization period, and they range from 20.96% to 24.79% of MPSERS payroll. Employer rates do not include contributions into employee defined contribution accounts.

House concurs.

Senate concurs.

Conference concurs with Executive, Senate and House.

### ***Sec. 147b. MPSERS Reserve Fund – REVISED***

Executive makes no appropriation into the MPSERS reserve fund, and instead begins to use available funds as a source of revenue under Sec. 147c. Adds new language, which would direct the funds collected in FY 2010-11 and FY 2011-12 for the employee 3% contributions for retiree health care, currently being held in escrow pursuant to a court injunction, to be deposited into the MPSERS reserve fund for the purposes of funding health care unfunded liabilities if the injunction is lifted.

House concurs.

Senate concurs.

Conference concurs with Executive, Senate and House.

### ***Sec. 147c. MPSERS State Share for Health Care Unfunded Accrued Liabilities – REVISED***

Executive revises such that instead of paying the MPSERS funds directly to the MPSERS system, funding would be distributed to districts and ISDs based on their proportional share of MPSERS payroll. Then districts and ISDs would be required to pay the exact amount back to the MPSERS system.

House concurs.

Senate concurs.

Conference concurs with Executive, Senate and House.

Notes: (1) FY 2012-13 year-to-date (YTD) figures include mid-year budget adjustments through February 7, 2013.  
 (2) Appropriation figures for all years include all proposed appropriation amounts, including amounts designated as one-time.  
 (3) House information in this document references Article II of House Bill 4228 as passed by the House.

**Overview**

The Community Colleges budget supports the 28 community colleges located throughout the state. The colleges are governed by locally-elected boards of trustees. The colleges offer numerous educational programs aimed at traditional transfer students, career and technical education, developmental and remedial education, and continuing education courses. The colleges are funded through a combination of state aid, local property tax revenue, tuition and fees revenue, and other sources of revenue such as federal grants and investment earnings. State aid makes up about 19% of total community college general fund operating revenue, although the revenue mix varies considerably among the colleges.

**Major Budget Changes From FY 2012-13 YTD Appropriations**

**1. Operations Funding**

Executive increases community college operations funding by 2 percent, or \$5.8 million, to be distributed according to performance funding measures similar to those in the FY 2012-13 enacted budget, with a skilled trades program metric included instead of local strategic value. Additionally, \$1.3 million that was previously distributed according to local strategic value requirements are now distributed according to performance funding measures. Local strategic value requirements are considered prerequisites for all performance funding.

	FY 2012-13 Year-to-Date (as of 2/7/13)	FY 2013-14 Conference Change
<b>Gross</b>	<b>\$292,396,900</b>	<b>\$5,847,100</b>
Restricted	195,880,500	0
GF/GP	\$96,516,400	\$5,847,100

House, Senate, and Conference concur with funding amount increase, but retain FY 2012-2013 performance funding formula, which includes local strategic value instead of skilled trades program metrics. Local strategic value funding from FY 2012-2013 is included in each community college's base appropriation. Performance funding components are as follows:

- 50.0% Across-the-board distribution
- 17.5% Weighted degree completions
- 15.0% Local strategic value
- 10.0% Contact-hour equated students (CHES)
- 7.5% Administrative spending

**2. MPSERS Retirement Reform Payments**

Executive includes a \$12.5 million GF/GP supplemental for FY 2012-13 and \$31.4 million GF/GP for FY 2013-14, for payments to community colleges to pay MPSERS retirement liabilities. Retains \$1.4 million appropriated for MPSERS retiree health care in FY 2012-13, but appropriates these funds in proportion to each college's total MPSERS-covered payroll. Provides a further increase of \$17.4 million for FY 2014-15. House, Senate, and Conference concur with funding amount; boilerplate language describing the distribution of appropriations is included in the funding section.

<b>3. Renaissance Zone Reimbursements</b>	<b>Gross</b>	<b>\$0</b>
<u>Executive</u> transfers \$3.5 million GF/GP from the Treasury budget for community college renaissance zone reimbursements. These funds replace property tax revenue lost to community colleges as a result of renaissance zones. Previously, such reimbursements were included in the community colleges budget, but were eliminated in FY 2009-10 before they were included in the FY 2012-13 Treasury budget. <u>House</u> , <u>Senate</u> , and <u>Conference</u> concur with executive. ### Major Boilerplate Changes From FY 2012-13

#### **Sec. 204. Foreign Goods and Services – RETAINED**

Prohibits the use of funds to purchase foreign goods or services if American products that are competitively priced and of similar quality are available; states preference for Michigan goods and services; states preference for goods and services provided by Michigan businesses owned and operated by veterans. Executive deletes, House and Senate retain. Conference retains.

#### **Sec. 205. Deprived and Depressed Communities – RETAINED**

Encourages colleges to ensure businesses in economically distressed areas compete for and perform contracts. Executive deletes, House and Senate retain. Conference retains.

#### **Sec. 207c. Virtual Learning Collaborative – NEW**

Designates that one-time appropriation for the Virtual Learning Collaborative shall be distributed to community colleges on behalf of the Michigan Community College Association (MCCA) for the purpose of enhancing the Virtual Learning Collaborative. Executive creates, House deletes funding and associated boilerplate. Senate includes language with appropriation. Conference includes language with appropriation.

#### **Sec. 208. Capital Outlay Funding – RETAINED**

Prohibits colleges from using state funds for construction or maintenance of a self-liquidating project; requires colleges to comply with Joint Capital Outlay Subcommittee use and finance policy for any capital outlay projects. Subjects colleges that fail to comply to JCOS requirements to a penalty of 1% of the operations funding for each violation. Executive deletes, House and Senate retains. Conference retains.

#### **Sec. 209. Transparency Website – REVISED**

Requires the colleges to post general fund expenditures on their websites. This information includes: annual operating budgets, collective bargaining agreements, health care benefits plans, and audits and financial reports. Colleges must provide a link to this information on their homepage using a standardized icon. Executive revises to include general fund revenue and expenditure projections and a listing of debt service obligations, as well as update reporting requirements to FY 2014-15. House concurs with revisions. Senate includes executive revisions, and adds requirement that community colleges provide an estimate of their costs resulting from the Patient Protection and Affordable Care Act. Conference includes Senate version.

#### **Sec. 210. Collaboration with Four-Year Universities, Local Employers, and Each Other – REVISED**

Encourages colleges to collaborate with four-year universities, particularly in areas of training, instruction, program articulation, and meeting local employment needs. Senate revises to include encouragement for community colleges to work with universities to develop equivalency standards. Conference includes Senate revisions.

#### **Sec. 210a. Block Transfer – DELETED**

Establishes a 14-member committee made up of representatives from community colleges, universities, and legislators to develop a process to improve the transferability of core college courses between community colleges and universities, including the development of equivalency standards and identifying equivalent courses offered by the institutions. Executive deletes, House and Senate concur with deletion. Conference concurs with deletion.

#### **Sec. 210b. Block Transfer Reporting for FY 2013-14 – NEW**

Conference adds new language stating legislative intent that the Michigan Association of Collegiate Registrars and Admissions Officers (MACRAO) implement the agreements concerning transferability of core college courses under the Block Transfer Committee. Adds legislative intent that an update on the status of implementation be provided by March 1, 2014.

**Major Boilerplate Changes From FY 2012-13**

**Sec. 212. Cost Containment Initiatives – RETAINED**

Encourages colleges to evaluate and pursue efficiency and cost-containment measures, including joint ventures, consolidating services, program collaboration, increasing web-based instruction, improving energy efficiency, eliminating low-volume/high-cost instructional programs, self-insurance, and group purchasing. Executive deletes, House and Senate retain. Conference retains.

**Sec. 216. Review of Statutory Mandates – DELETED**

Intent language providing for the review of statutory mandates imposed on the colleges, including reviewing the costs and necessity of the mandates. Executive deletes, House retains, Senate deletes. Conference deletes.

**Sec. 227. Community College Automobile Purchases – RETAINED**

Requires community colleges to purchase automobiles made in the state of Michigan or elsewhere in the U.S., if competitively priced and of comparable quality. Executive deletes, House and Senate retain. Conference retains.

**Sec. 229. Veterans Notice on Applications – REVISED**

Intent language stating that community colleges include a place on the admissions application allowing applications to indicate whether they are a veteran or the spouse of a veteran eligible for educational assistance benefits. Senate adds intent language stating that community colleges work to review the issue of in-district tuitions for veterans. Conference includes Senate language.

**Sec. 229B. Report on Educational Outcomes – NEW**

Senate adds requirement that the Department of Technology, Management, and Budget prepare a report on student educational outcomes in the employment market. Conference revises to require DTMB to prepare a report on the feasibility of providing accurate information on student educational outcomes in the employment market.

**Sec. 230. Local Strategic Value and Performance Funding – REVISED**

Identifies performance funding formula, as well as local strategic value (LSV) components that community colleges must meet in order to qualify for performance funding. Executive revises to make LSV components a prerequisite for all performance funding. The performance funding formula is revised as explained in item 1 above. House and Senate revise to remove requirement that all additional funding be used to offset retirement costs. Conference uses House and Senate language.

**Sec. 230a. State Building Authority Rent Payments – REVISED**

Indicates an estimated amount appropriated to the Department of Technology, Management, and Budget specifically for community college-related state building authority rent payments. Executive updates amounts for FY 2013-14 appropriations, House and Senate concur with executive. Conference concurs with executive.

Notes: (1) FY 2012-13 year-to-date (YTD) figures include mid-year budget adjustments through February 7, 2013.  
(2) Appropriation figures for all years include all proposed appropriation amounts, including amounts designated as one-time.  
(3) House information in this document references Article III of House Bill 4228 as passed by the House.

**Overview**

The Higher Education budget, as contained in Article III of the compiled School Aid Act, provides funding for operational support of the state's 15 public universities, the AgBioResearch and Extension programs operated by Michigan State University, various financial aid programs for students attending public and independent colleges and universities in the state, and several other smaller higher education-related programs.

**Major Budget Changes From FY 2012-13 YTD Appropriations**

**1. University Funding**

Executive includes a \$24.9 million GF/GP increase (2.0%) in total university operations funding based on a model basically identical to that used in the FY 2012-13 budget. \$6.2 million is allocated for tuition restraint, to be allocated to universities holding resident undergraduate tuition/fee rate increases below 4.0%; remaining \$18.7 million is distributed based on five formula components. Requirements to be eligible for performance funding are maintained from FY 2012-13, related to reverse transfer agreements, dual enrollment policy, and the Michigan Transfer Network.

House appropriates same overall level of funding, but (1) lowers tuition restraint limit to 3.0% (or below) and makes tuition restraint an additional requirement to receive performance funding rather than a separate funding allocation and (2) allocates the full \$24.9 million in new funding through the formula components, with the Carnegie-based component scoring weighted based on resident undergraduate fiscal year equated students (FYES).

Senate (1) also makes tuition restraint an additional requirement to receive performance funding, with same 4.0% limit as the Executive, and (2) allocates \$20.9 million through the formula components (no FYES weighting), with revised scoring for the Carnegie-based components ("3" for top 20% nationally and "2" for both above the national median and improving over 3 years, with intent to move to "1" for the final category in FY 2014-15). Remaining \$4.0 million is appropriated for other university-related purposes.

Conference (1) also makes tuition restraint an additional requirement to receive performance funding rather than a separate funding allocation, with a limit of 3.75% (or below), and (2) allocates \$21.9 million through the formula components, but with weighting based on total undergraduate FYES (including nonresidents) and revised scoring for the Carnegie-based components based on the Senate-passed budget. Remaining \$3.0 million is appropriated for other university-related purposes.

### **Major Boilerplate Changes From FY 2012-13**

**NOTE:** Boilerplate sections with no changes from current law do not appear in budget bill but would remain in compiled School Aid Act and apply to FY 2013-14 appropriations.

#### **Sec. 239. American Goods and Services – RETAINED**

States preference for American goods and services, as well as those produced in Michigan and those produced by businesses owned by veterans. Executive deletes; House, Senate, and Conference retain.

#### **Sec. 239a. Foreign Auto Manufacturers – RETAINED**

States intent that funds appropriated to universities not be used to purchase vehicles assembled outside U.S. Executive deletes; House, Senate, and Conference retain.

## **Major Boilerplate Changes From FY 2012-13**

### **Sec. 245. University Transparency – REVISED**

Requires universities to post various budget, compensation (including salary list), other financial, and performance data on its website, using a standard format; allows Budget Director to withhold payments for a university not in compliance. Executive revises to replace the salary list with a report on active employees sorted by classification/unit and add requirements to report general fund budget projections, a listing of all debt service obligations, and the number of Pell Grant graduates. House retains salary list and adds new items proposed by Executive. Senate concurs with Executive changes and also adds core college course transfer policy and reverse transfer agreements as reporting items. Conference includes new items proposed by both Executive and Senate and removes employee names from salary list requirement (position titles only).

### **Sec. 252. Tuition Grant Program – RETAINED**

Provides for distribution of funds appropriated for Tuition Grants; specifies maximum grant amount of at least \$1,512, unless insufficient funds are available, in which case a report is required; limits award eligibility to undergraduate students; provides that unexpended funds at close of fiscal year remain available for expenditure in subsequent year; caps awards received by students at a single institution at \$3.0 million. Executive revises to eliminate provision regarding carry forward of unexpended funds, move application deadline from July 1 to March 1, and add requirement that independent colleges and universities with students participating in the program participate in the state P-20 longitudinal data system and report on the number of Tuition Grant students graduating, the number of such students taking remedial education classes, and the number of Pell Grants students graduating each year. House, Senate, and Conference retain current provisions in all cases; Conference also makes technical corrections to FY 2012-13 carry forward language.

### **Sec. 256. Tuition Incentive Program – RETAINED**

Specifies criteria for Tuition Incentive Program eligibility; provides for award conditions and limits under Phases I and II of the program. Executive proposes to include program provisions in permanent statute, consistent with other major state financial aid programs. Major change under proposed statutory provisions would be limiting reimbursement at public universities at 300% of the average community college tuition rate beginning in FY 2014-15. A new section 256a would simply reference the new statute. House and Senate retain boilerplate language and adds statement of intent to adopt the Executive-proposed policy change beginning in FY 2014-15. Conference retains boilerplate language and does not include statement of intent for FY 2014-15.

### **Sec. 259. College Access Program – NEW**

Specifies allowable uses of funding, to be administered by Department of Treasury: Michigan College Access Network operations, local college access networks, the Michigan College Access Portal, public awareness and outreach campaigns, and subgrants to postsecondary institutions. (Similar language is currently included in the Department of Education budget.) Executive include new section; House, Senate, and Conference concur.

### **Sec. 261. Douglas Lake Biological Station – RETAINED**

Designates University of Michigan Douglas Lake Biological Station as a unique resource. Executive and House delete; Senate and Conference retain.

### **Sec. 262a. Textbook Policies – NEW**

States intent that universities develop policies for reviewing required textbook and course materials to minimize costs while maintaining quality of education; requires report on university policies. Senate adds new section. Conference concurs.

### **Sec. 263a. MSU AgBioResearch and MSU Extension – REVISED**

Provides for establishment of a strategic growth initiative for the food and agriculture industry and states intent regarding metric goals that will be used to evaluate impacts of MSU AgBioResearch and MSU Extension; requires annual report containing financial data and metric goals for the two organizations. Executive revises to remove language related to strategic growth initiative but retain metric goals and reporting requirement; House, Senate, and Conference concur.

### **Sec. 265. Tuition Restraint – REVISED**

Provides for allocation of funding component tied to tuition restraint in FY 2012-13. Executive makes minor revision to require that universities hold tuition rate increases *below* 4.0%, rather than *to* 4.0% or below. Removes language defining the term "fee" to include the cost of a university-affiliated health insurance policy for a university that compels resident undergraduate students to have health insurance coverage as a condition of enrollment. House sets threshold at 3.0% or below, makes tuition restraint a requirement to receive performance funding (rather than a separate funding allocation), and retains language related to health insurance coverage. Senate retains threshold of 4.0%, makes tuition restraint a requirement to receive performance funding (rather than a separate funding allocation), and deletes language related to health insurance coverage. Conference sets threshold at 3.75% or below, makes tuition restraint a requirement to receive performance funding (rather than a separate funding allocation), and retains language related to health insurance coverage.

## **Major Boilerplate Changes From FY 2012-13**

### ***Sec. 265a. Performance Funding – REVISED***

Specifies requirements for a university to receive performance funding: participation in at least three reverse transfer agreements, a dual enrollment policy that does not consider whether the credits were used toward high school graduation, and participation in the Michigan Transfer Network. Executive revises to specify performance component metrics. House adjusts to reflect formula change (weighting based on resident undergraduate FYES). Senate specifies revised scoring for Carnegie-based components: "3" for top 20% nationally and "2" for both above the national median and improving over 3 years, with intent to move to "1" for the final category in FY 2014-15. Conference adjusts to reflect weighting based on total undergraduate FYES (including nonresidents) and revised scoring for Carnegie-based components. House, Senate, and Conference all add tuition restraint compliance as a requirement to receive performance funding and provide that performance funding forfeited by a university due to discompliance with boilerplate requirements would be redistributed to other universities based on performance funding amounts.

### ***Sec. 268. Unfunded Indian Tuition Waiver Costs – REVISED***

States legislative intent to allocate funds for unfunded Indian Tuition Waiver costs at universities from the General Fund. Executive deletes; House retains. Senate retains and adds language providing for distribution of \$2.0 million appropriation to universities based on unfunded waiver costs and requiring the Department of Civil Rights to report certain information related to the waivers. Conference includes Senate reporting requirements, with addition of six-year graduation rate.

### ***Sec. 272a. Transfer Credit Reporting – NEW***

Requires universities to report on the number of transfer credits, with grade of C or better, rejected for incoming students, by both academic area and prior institution. House adds new section (similar language appeared in FY 2011-12 budget). Senate does not include. Conference concurs with House addition.

### ***Sec. 273. Student Religious Beliefs – RETAINED***

States intent that universities report on efforts to accommodate the religious beliefs of students in accredited counseling programs. Executive deletes; House retains; Senate deletes; Conference retains.

### ***Sec. 273a. Non-Profit Worker Centers – DELETED***

States intent that universities not use appropriated funds to benefit a non-profit worker center whose documented activities include coercion through protest, demonstration, or organization against a Michigan business. Executive, House, Senate, and Conference delete.

### ***Sec. 274. Embryonic Stem Cell Research – RETAINED***

States intent that universities conducting research using human embryonic stem cells report to the Department of Community Health regarding compliance with federal guidelines and stem cell lines derived by university. Executive deletes; House, Senate, and Conference retain.

### ***Sec. 274a. Adult Coresident Health Benefits – RETAINED***

States intent that universities not provide benefits to unmarried adult coresidents or their dependents and report on the costs of providing any such benefits. Executive deletes; House retains; Senate deletes; Conference retains.

### ***Sec. 275. Veterans Assistance – REVISED***

States intent for universities to participate in the Yellow Ribbon GI Education Enhancement Program and provide other veterans-related services; requires report on program participation. Executive and House retain. Senate adds intent that universities consider all veterans as in-state residents for determining tuition/fees and waive enrollment fees for all veterans. Conference concurs with Senate.

### ***Sec. 275a. Capital Outlay Reporting – REVISED***

Prohibits use of state funds for self-liquidating projects; requires compliance with Joint Capital Outlay Subcommittee reporting requirements, with specified penalty of 1.0% appropriation reduction. Executive and House delete; Senate retains and references relevant section of Management and Budget Act. Conference concurs with Senate.

### ***Sec. 282. Reallocation of King-Chavez-Parks (KCP) Funds – RETAINED***

Provides for reallocation of KCP grant funds from institutions that do not fully expend their funds. Executive revises to allow funds remaining after reallocation to be expended for program administration. House does not concur with proposed revision. Senate specifies that funds lapse to General Fund. Conference does not concur with proposed revision.

### ***Sec. 289. Enrollment Reporting – REVISED***

Requires period audit of Higher Education Institutional Data Inventory (HEIDI) data and excludes certain credit hours from those reported to HEIDI. Executive and House retain. Senate revises to remove requirement that Legislature authorize new degree programs for enrollment reporting purposes. Conference revises to remove requirement that Legislature authorize new programs but clarifies that Legislature retains authority to exclude programs for enrollment reporting purposes.

### ***Sec. 290. Degree Programs – REVISED***

Lists new degree programs established by public universities for which credit hours may be reported to HEIDI. House inserts new list submitted by Presidents Council. Senate deletes. Conference revises to require that Presidents Council continue to report new and discontinued programs. (See Sec. 289 above.)

**Major Boilerplate Changes From FY 2012-13**

**Sec. 293. Student Records – RETAINED**

Requires universities to provide information from the records of a student to persons authorized by the student pursuant to federal law. Executive and House delete; Senate and Conference retain.

**Sec. 293a. State Building Authority (SBA) Rent Payments – REVISED**

States amounts appropriated through Department of Technology, Management, and Budget for SBA rent payments associated with state costs for previous capital projects at universities. Executive revises to reflect updated total of \$125.4 million (vs. \$124.0 million in FY 2012-13 budget act). House concurs and renumbers to section 236c. Senate concurs with Executive updates. Conference concurs and renumbers to section 236c.
