Notes: (1) FY 2014-15 adjusted year-to-date figures include mid-year budget adjustments through March 12, 2015 (including Executive Order 2015-5, House Bill 4110, and House Bill 4112). (2) Appropriation figures include all proposed appropriation amounts, including amounts designated as "one-time."

**Overview**

Gross appropriations in House Bill 4094 (H-1, Draft 1) are \$1,884,200 less than the Governor's proposed budget; however, General Fund/General Purpose (GF/GP) appropriations in the House recommendation would be \$700,000 higher than the Governor's proposal. The House bill does not recognize fee increases proposed by the Governor; instead, for those line items which had reflected fee revenue increases in the Governor's proposal, the House substitute includes \$100 increases in baseline fee revenue pending agreement on various restricted fund fee increases.

House substitute also reflects a \$700,000 GF/GP boilerplate appropriation in support of fruit tree research, as well as a \$300,000 GF/GP appropriation to complete a commercial forestry audit started in the current fiscal year. The \$300,000 increase would be offset by \$150,000 reductions, each, in GF/GP support for the Qualified forest program and the One-time appropriation for laboratory equipment.

Department of Agriculture and Rural Development's key programs and priorities include ensuring food safety and security, protecting animal health and welfare, managing invasive exotic species, regulating pesticide use, certifying agricultural commodities, ensuring environmental stewardship, protecting consumers, and promoting the state's agricultural economy.

This increase is partially offset by \$2,700 Gross, (\$800 GF/GP) decrease related to economic adjustments, described further below.	Restricted 58,700	671,800
	GF/GP 1,007,000	(\$800)

Although the \$300,000 EPA grant was not assumed in the current year enacted budget, boilerplate section 604 gives the department authority to receive and expend additional federal grants. In addition, the State Budget Office has requested (March 10, 2015 letter) a Legislative transfer to authorize the expenditure in the current fiscal year of \$140,000 related to the Bayer CropScience contract grant.
