

STATE OF MICHIGAN
98TH LEGISLATURE
REGULAR SESSION OF 2016

Introduced by Reps. Kesto, Schor, Moss, Wittenberg, Callton, McCready, Greig, Howrylak, Gay-Dagnogo, Pagan, LaFontaine, Hooker, Pscholka, Muxlow, Clemente, Graves, Afendoulis, Banks, Brinks, Brunner, Byrd, Canfield, Chang, Chatfield, Chirkun, Cochran, Cole, Cox, Crawford, Darany, Dianda, Driskell, Durhal, Faris, Forlini, Garcia, Garrett, Geiss, Glenn, Goike, Greimel, Heise, Hoadley, Hovey-Wright, Hughes, Iden, Jacobsen, Jenkins, Kelly, Kivela, Kosowski, Lane, Lauwers, LaVoy, Leutheuser, Liberati, Love, Lyons, Maturen, Nesbitt, Pettalia, Phelps, Plawecki, Price, Rendon, Brett Roberts, Sarah Roberts, Rutledge, Santana, Sheppard, Singh, Smiley, Somerville, Talabi, Tedder, Theis, Townsend, Vaupel, VerHeulen, Victory, Webber, Yanez, Yonker and Zemke

ENROLLED HOUSE BILL No. 4493

AN ACT to amend 1976 PA 451, entitled “An act to provide a system of public instruction and elementary and secondary schools; to revise, consolidate, and clarify the laws relating to elementary and secondary education; to provide for the organization, regulation, and maintenance of schools, school districts, public school academies, intermediate school districts, and other public school entities; to prescribe rights, powers, duties, and privileges of schools, school districts, public school academies, intermediate school districts, and other public school entities; to provide for the regulation of school teachers and certain other school employees; to provide for school elections and to prescribe powers and duties with respect thereto; to provide for the levy and collection of taxes; to provide for the borrowing of money and issuance of bonds and other evidences of indebtedness; to establish a fund and provide for expenditures from that fund; to provide for and prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to provide for licensure of boarding schools; to prescribe penalties; and to repeal acts and parts of acts,” by amending sections 1249, 1278, and 1279g (MCL 380.1249, 380.1278, and 380.1279g), section 1249 as amended by 2015 PA 173, section 1278 as amended by 2004 PA 596, and section 1279g as amended by 2008 PA 349, and by adding section 1168.

The People of the State of Michigan enact:

Sec. 1168. (1) Beginning in the 2016-2017 school year, the board of a school district or board of directors of a public school academy shall ensure that the school district’s or public school academy’s social studies curriculum for grades 8 to 12 includes age- and grade-appropriate instruction about genocide, including, but not limited to, the Holocaust and the Armenian Genocide. The legislature recommends a combined total of 6 hours of this instruction during grades 8 to 12.

(2) Subsection (1) does not preclude a school district or public school academy from including instruction described in subsection (1) in other subject areas.

(3) The governor’s council on genocide and Holocaust education is created as a temporary commission described in section 4 of article V of the state constitution of 1963.

(4) The governor’s council on genocide and Holocaust education shall consist of 15 members appointed by the governor. Members shall be individuals who have a particular interest or expertise in genocide education or Holocaust education, or both.

(5) If the governor determines that sufficient private funding is available for the operations of the governor's council on genocide and Holocaust education, the governor shall appoint the members of the governor's council on genocide and Holocaust education within 60 days after the effective date of this section.

(6) If a vacancy occurs on the governor's council on genocide and Holocaust education, the governor shall make an appointment for the unexpired term in the same manner as the original appointment.

(7) The governor may remove a member of the governor's council on genocide and Holocaust education for incompetence, dereliction of duty, malfeasance, misfeasance, or nonfeasance in office, or any other good cause.

(8) The first meeting of the governor's council on genocide and Holocaust education shall be called by the governor. At the first meeting, the governor's council on genocide and Holocaust education shall elect from among its members a chairperson and other officers as it considers necessary or appropriate. After the first meeting, the governor's council on genocide and Holocaust education shall meet at least quarterly, or more frequently at the call of the chairperson or if requested by 8 or more members.

(9) A majority of the members of the governor's council on genocide and Holocaust education appointed and serving constitute a quorum for the transaction of business at a meeting of the council. A majority of the members present and serving are required for official action of the council. A member may not vote by proxy.

(10) The business that the governor's council on genocide and Holocaust education may perform shall be conducted at a public meeting of the council held in compliance with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275.

(11) A writing prepared, owned, used, in the possession of, or retained by the governor's council on genocide and Holocaust education in the performance of an official function is subject to the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(12) Members of the governor's council on genocide and Holocaust education shall serve without compensation. However, if funding is available for this purpose from private sources, members of the council may be reimbursed for their actual and necessary expenses incurred in the performance of their official duties as members of the council.

(13) State funds shall not be used for the operations of the governor's council on genocide and Holocaust education.

(14) The governor's council on genocide and Holocaust education shall do all of the following:

(a) Identify, to the extent possible, all sources of strategies and content for providing and enhancing genocide education to students.

(b) Advise the superintendent of public instruction, school districts, public school academies, and nonpublic schools in this state on strategies and content for providing and enhancing genocide education to students.

(c) Identify, to the extent possible, all programs and resources to train teachers in providing genocide education to students and share these programs and resources with the superintendent of public instruction, school districts, public school academies, and nonpublic schools in this state.

(d) Promote, within the schools and general population of this state, implementation of genocide education. This duty includes, but is not limited to, all of the following:

(i) In accordance with 2004 PA 10, engendering and coordinating events, activities, and education that will appropriately memorialize the victims of the Holocaust, such as observance of Holocaust Remembrance Day and the Days of Remembrance.

(ii) In accordance with 2002 PA 558, engendering and coordinating events, activities, and education that will appropriately memorialize the victims of the Armenian Genocide, such as observance of the Michigan Days of Remembrance of the Armenian Genocide.

(iii) Engendering and coordinating events, activities, and education that will appropriately memorialize the victims of other genocides.

(e) Secure private funding for the governor's council on genocide and Holocaust education. The governor's council on genocide and Holocaust education may also apply for and accept grants and receive gifts, donations, and other financial support from private sources, in accordance with state law, for the purpose of carrying out its duties under this section.

(f) Carry out any other tasks that it considers to be advisable to support the ability of this state to meet its goals in providing genocide education.

(g) Submit an annual report to the legislature on the progress and status of the council.

(15) With respect to its duties, the governor's council on genocide and Holocaust education is an advisory body only. There is no right or obligation on the part of this state or its subdivisions, officials, or employees to implement the findings or recommendations of the governor's council on genocide and Holocaust education unless further legislation is enacted that specifically authorizes implementation of those findings or recommendations.

(16) As used in this section:

(a) "Armenian Genocide" means the systematic, bureaucratic, state-sponsored persecution and murder of approximately 1,500,000 Armenians by the Ottoman Turkish Empire and its collaborators.

(b) “Genocide” means any of the following acts committed with intent to destroy, in whole or in part, a national, ethnical, racial, or religious group, as such: killing members of the group; causing serious bodily or mental harm to members of the group; deliberately inflicting on the group conditions of life calculated to bring about its physical destruction in whole or in part; imposing measures intended to prevent births within the group; or forcibly transferring children of the group to another group.

(c) “Holocaust” means the systematic, bureaucratic, state-sponsored persecution and murder of approximately 6,000,000 Jews and 5,000,000 other individuals by the Nazi regime and its collaborators.

Sec. 1249. (1) Subject to subsection (4), with the involvement of teachers and school administrators, the board of a school district or intermediate school district or board of directors of a public school academy shall adopt and implement for all teachers and school administrators a rigorous, transparent, and fair performance evaluation system that does all of the following:

(a) Evaluates the teacher’s or school administrator’s job performance at least annually while providing timely and constructive feedback.

(b) Establishes clear approaches to measuring student growth and provides teachers and school administrators with relevant data on student growth.

(c) Evaluates a teacher’s or school administrator’s job performance, using multiple rating categories that take into account student growth and assessment data. Student growth must be measured using multiple measures that may include student learning objectives, achievement of individualized education program goals, nationally normed or locally developed assessments that are aligned to state standards, research-based growth measures, or alternative assessments that are rigorous and comparable across schools within the school district, intermediate school district, or public school academy. If the performance evaluation system implemented by a school district, intermediate school district, or public school academy under this section does not already include the rating of teachers as highly effective, effective, minimally effective, and ineffective, then the school district, intermediate school district, or public school academy shall revise the performance evaluation system not later than September 19, 2011 to ensure that it rates teachers as highly effective, effective, minimally effective, or ineffective.

(d) Uses the evaluations, at a minimum, to inform decisions regarding all of the following:

(i) The effectiveness of teachers and school administrators, ensuring that they are given ample opportunities for improvement.

(ii) Promotion, retention, and development of teachers and school administrators, including providing relevant coaching, instruction support, or professional development.

(iii) Whether to grant tenure or full certification, or both, to teachers and school administrators using rigorous standards and streamlined, transparent, and fair procedures.

(iv) Removing ineffective tenured and untenured teachers and school administrators after they have had ample opportunities to improve, and ensuring that these decisions are made using rigorous standards and streamlined, transparent, and fair procedures.

(2) The board of a school district or intermediate school district or board of directors of a public school academy shall ensure that the performance evaluation system for teachers meets all of the following:

(a) The performance evaluation system shall include at least an annual year-end evaluation for all teachers. Beginning with the 2015-2016 school year, an annual year-end evaluation shall meet all of the following:

(i) For the 2015-2016, 2016-2017, and 2017-2018 school years, 25% of the annual year-end evaluation shall be based on student growth and assessment data. Beginning with the 2018-2019 school year, 40% of the annual year-end evaluation shall be based on student growth and assessment data.

(ii) Beginning with the 2018-2019 school year, for core content areas in grades and subjects in which state assessments are administered, 50% of student growth must be measured using the state assessments, and the portion of student growth not measured using state assessments must be measured using multiple research-based growth measures or alternative assessments that are rigorous and comparable across schools within the school district, intermediate school district, or public school academy. Student growth also may be measured by student learning objectives or nationally normed or locally adopted assessments that are aligned to state standards, or based on achievement of individualized education program goals.

(iii) Beginning with the 2016-2017 school year, the portion of a teacher’s annual year-end evaluation that is not based on student growth and assessment data, as described under subparagraph (i), shall be based primarily on a teacher’s performance as measured by the evaluation tool developed or adopted by the school district, intermediate school district, or public school academy under subdivision (f).

(iv) The portion of a teacher’s evaluation that is not measured using student growth and assessment data, as described under subparagraph (i), or using the evaluation tool developed or adopted by the school district, intermediate school district, or public school academy, as described under subparagraph (iii), shall incorporate criteria enumerated in section 1248(1)(b)(i) to (iii) that are not otherwise evaluated under subparagraph (i) or (iii).

(b) If there are student growth and assessment data available for a teacher for at least 3 school years, the annual year-end evaluation shall be based on the student growth and assessment data for the most recent 3-consecutive-school-year period. If there are not student growth and assessment data available for a teacher for at least 3 school years, the annual year-end evaluation shall be based on all student growth and assessment data that are available for the teacher.

(c) The annual year-end evaluation shall include specific performance goals that will assist in improving effectiveness for the next school year and are developed by the school administrator or his or her designee conducting the evaluation, in consultation with the teacher, and any recommended training identified by the school administrator or designee, in consultation with the teacher, that would assist the teacher in meeting these goals. For a teacher described in subdivision (d), the school administrator or designee shall develop, in consultation with the teacher, an individualized development plan that includes these goals and training and is designed to assist the teacher to improve his or her effectiveness.

(d) The performance evaluation system shall include a midyear progress report for a teacher who is in the first year of the probationary period prescribed by section 1 of article II of 1937 (Ex Sess) PA 4, MCL 38.81, or who received a rating of minimally effective or ineffective in his or her most recent annual year-end evaluation. The midyear progress report shall be used as a supplemental tool to gauge a teacher's improvement from the preceding school year and to assist a teacher to improve. All of the following apply to the midyear progress report:

(i) The midyear progress report shall be based at least in part on student achievement.

(ii) The midyear progress report shall be aligned with the teacher's individualized development plan under subdivision (c).

(iii) The midyear progress report shall include specific performance goals for the remainder of the school year that are developed by the school administrator conducting the annual year-end evaluation or his or her designee and any recommended training identified by the school administrator or designee that would assist the teacher in meeting these goals. At the midyear progress report, the school administrator or designee shall develop, in consultation with the teacher, a written improvement plan that includes these goals and training and is designed to assist the teacher to improve his or her rating.

(iv) The midyear progress report shall not take the place of an annual year-end evaluation.

(e) The performance evaluation system shall include classroom observations to assist in the performance evaluations. All of the following apply to these classroom observations:

(i) A classroom observation shall include a review of the teacher's lesson plan and the state curriculum standard being used in the lesson and a review of pupil engagement in the lesson.

(ii) A classroom observation does not have to be for an entire class period.

(iii) Unless a teacher has received a rating of effective or highly effective on his or her 2 most recent annual year-end evaluations, there shall be at least 2 classroom observations of the teacher each school year. Beginning with the 2016-2017 school year, at least 1 observation must be unscheduled.

(iv) Beginning with the 2016-2017 school year, the school administrator responsible for the teacher's performance evaluation shall conduct at least 1 of the observations. Other observations may be conducted by other observers who are trained in the use of the evaluation tool that is used under subdivision (f). These other observers may be teacher leaders.

(v) Beginning with the 2016-2017 school year, a school district, intermediate school district, or public school academy shall ensure that, within 30 days after each observation, the teacher is provided with feedback from the observation.

(f) For the purposes of conducting annual year-end evaluations under the performance evaluation system, by the beginning of the 2016-2017 school year, the school district, intermediate school district, or public school academy shall adopt and implement 1 or more of the evaluation tools for teachers that are included on the list under subsection (5). However, if a school district, intermediate school district, or public school academy has 1 or more local evaluation tools for teachers or modifications of an evaluation tool on the list under subsection (5), and the school district, intermediate school district, or public school academy complies with subsection (3), the school district, intermediate school district, or public school academy may conduct annual year-end evaluations for teachers using 1 or more local evaluation tools or modifications. The evaluation tools shall be used consistently among the schools operated by a school district, intermediate school district, or public school academy so that all similarly situated teachers are evaluated using the same evaluation tool.

(g) The performance evaluation system shall assign an effectiveness rating to each teacher of highly effective, effective, minimally effective, or ineffective, based on his or her score on the annual year-end evaluation described in this subsection.

(h) As part of the performance evaluation system, and in addition to the requirements of section 1526, a school district, intermediate school district, or public school academy is encouraged to assign a mentor or coach to each teacher who is described in subdivision (d).

(i) The performance evaluation system may allow for exemption of student growth data for a particular pupil for a school year upon the recommendation of the school administrator conducting the annual year-end evaluation or his or

her designee and approval of the school district superintendent or his or her designee, intermediate superintendent or his or her designee, or chief administrator of the public school academy, as applicable.

(j) The performance evaluation system shall provide that, if a teacher is rated as ineffective on 3 consecutive annual year-end evaluations, the school district, public school academy, or intermediate school district shall dismiss the teacher from his or her employment. This subdivision does not affect the ability of a school district, intermediate school district, or public school academy to dismiss a teacher from his or her employment regardless of whether the teacher is rated as ineffective on 3 consecutive annual year-end evaluations.

(k) The performance evaluation system shall provide that, if a teacher is rated as highly effective on 3 consecutive annual year-end evaluations, the school district, intermediate school district, or public school academy may choose to conduct a year-end evaluation biennially instead of annually. However, if a teacher is not rated as highly effective on 1 of these biennial year-end evaluations, the teacher shall again be provided with annual year-end evaluations.

(l) The performance evaluation system shall provide that, if a teacher who is not in a probationary period prescribed by section 1 of article II of 1937 (Ex Sess) PA 4, MCL 38.81, is rated as ineffective on an annual year-end evaluation, the teacher may request a review of the evaluation and the rating by the school district superintendent, intermediate superintendent, or chief administrator of the public school academy, as applicable. The request for a review must be submitted in writing within 20 days after the teacher is informed of the rating. Upon receipt of the request, the school district superintendent, intermediate superintendent, or chief administrator of the public school academy, as applicable, shall review the evaluation and rating and may make any modifications as appropriate based on his or her review. However, the performance evaluation system shall not allow for a review as described in this subdivision more than twice in a 3-school-year period.

(m) Beginning with the 2016-2017 school year, the school district, intermediate school district, or public school academy shall provide training to teachers on the evaluation tool or tools used by the school district, intermediate school district, or public school academy in its performance evaluation system and on how each evaluation tool is used. This training may be provided by a school district, intermediate school district, or public school academy, or by a consortium consisting of 2 or more of these.

(n) Beginning with the 2016-2017 school year, a school district, intermediate school district, or public school academy shall ensure that training is provided to all evaluators and observers. The training shall be provided by an individual who has expertise in the evaluation tool or tools used by the school district, intermediate school district, or public school academy, which may include either a consultant on that evaluation tool or framework or an individual who has been trained to train others in the use of the evaluation tool or tools. This subdivision does not prohibit a school district, intermediate school district, public school academy, or consortium consisting of 2 or more of these, from providing the training in the use of the evaluation tool or tools if the trainer has expertise in the evaluation tool or tools.

(3) Beginning with the 2016-2017 school year, a school district, intermediate school district, or public school academy shall post on its public website all of the following information about the evaluation tool or tools it uses for its performance evaluation system for teachers:

(a) The research base for the evaluation framework, instrument, and process or, if the school district, intermediate school district, or public school academy adapts or modifies an evaluation tool from the list under subsection (5), the research base for the listed evaluation tool and an assurance that the adaptations or modifications do not compromise the validity of that research base.

(b) The identity and qualifications of the author or authors or, if the school district, intermediate school district, or public school academy adapts or modifies an evaluation tool from the list under subsection (5), the identity and qualifications of a person with expertise in teacher evaluations who has reviewed the adapted or modified evaluation tool.

(c) Either evidence of reliability, validity, and efficacy or a plan for developing that evidence or, if the school district, intermediate school district, or public school academy adapts or modifies an evaluation tool from the list under subsection (5), an assurance that the adaptations or modifications do not compromise the reliability, validity, or efficacy of the evaluation tool or the evaluation process.

(d) The evaluation frameworks and rubrics with detailed descriptors for each performance level on key summative indicators.

(e) A description of the processes for conducting classroom observations, collecting evidence, conducting evaluation conferences, developing performance ratings, and developing performance improvement plans.

(f) A description of the plan for providing evaluators and observers with training.

(4) If a collective bargaining agreement was in effect for teachers or school administrators of a school district, public school academy, or intermediate school district as of July 19, 2011, if that same collective bargaining agreement is still in effect as of November 5, 2015, and if that collective bargaining agreement prevents compliance with subsection (1), then subsection (1) does not apply to that school district, public school academy, or intermediate school district until after the expiration of that collective bargaining agreement.

(5) The department shall establish and maintain a list of teacher evaluation tools that have demonstrated evidence of efficacy and that may be used for the purposes of this section. That list initially shall include at least the evaluation models recommended in the final recommendations released by the Michigan council on educator effectiveness in July 2013. The list shall include a statement indicating that school districts, intermediate school districts, and public school academies are not limited to only using the evaluation tools that are included on the list. A school district, intermediate school district, or public school academy is not required to use an evaluation tool for teacher evaluations that is the same as it uses for school administrator evaluations or that has the same author or authors as the evaluation tool it uses for school administrator evaluations. The department shall promulgate rules establishing standards and procedures for adding an evaluation tool to or removing an evaluation tool from the list. These rules shall include a process for a school district, intermediate school district, or public school academy to submit its own evaluation tool for review for placement on the list.

(6) The training required under subsection (2) shall be paid for from the funds available in the educator evaluation reserve fund created under section 95a of the state school aid act, MCL 388.1695a.

(7) This section does not affect the operation or applicability of section 1248.

(8) As used in this section, “teacher” means an individual who has a valid Michigan teaching certificate or authorization; who is employed, or contracted for, by a school district, intermediate school district, or public school academy; and who is assigned by the school district, intermediate school district, or public school academy to deliver direct instruction to pupils in any of grades K to 12 as a teacher of record.

Sec. 1278. (1) In addition to the requirements for accreditation under section 1280 specified in that section, if the board of a school district wants all of the schools of the school district to be accredited under section 1280, the board shall provide to all pupils attending public school in the district a core academic curriculum in compliance with subsection (3) in each of the curricular areas specified in the state board recommended model core academic curriculum content standards developed under subsection (2). The state board model core academic curriculum content standards shall encompass academic and cognitive instruction only. For purposes of this section, the state board model core academic curriculum content standards shall not include attitudes, beliefs, or value systems that are not essential in the legal, economic, and social structure of our society and to the personal and social responsibility of citizens of our society.

(2) Recommended model core academic curriculum content standards shall be developed and periodically updated by the state board, shall be in the form of knowledge and skill content standards that are recommended as state standards for adoption by public schools in local curriculum formulation and adoption, and shall be distributed to each school district in the state. The recommended model core academic curriculum content standards shall set forth desired learning objectives in math, science, reading, history, geography, economics, American government, and writing for all children at each stage of schooling and be based upon the “Michigan K-12 Program Standards of Quality” to ensure that high academic standards, academic skills, and academic subject matters are built into the instructional goals of all school districts for all children. The state board shall ensure that the recommended model core academic curriculum content standards for history for grades 8 to 12 include learning objectives concerning genocide, including, but not limited to, the Holocaust and the Armenian Genocide. The state board also shall ensure that the state assessment program and the Michigan merit examination are based on the state recommended model core curriculum content standards, are testing only for proficiency in basic and advanced academic skills and academic subject matter, and are not used to measure pupils’ values or attitudes.

(3) The board of each school district, considering academic curricular objectives defined and recommended pursuant to subsection (2), shall do both of the following:

(a) Establish a core academic curriculum for its pupils at the elementary, middle, and secondary school levels. The core academic curriculum shall define academic objectives to be achieved by all pupils and shall be based upon the school district’s educational mission, long-range pupil goals, and pupil performance objectives. The core academic curriculum may vary from the model core academic curriculum content standards recommended by the state board pursuant to subsection (2).

(b) After consulting with teachers and school building administrators, determine the aligned instructional program for delivering the core academic curriculum and identify the courses and programs in which the core academic curriculum will be taught.

(4) The board may supplement the core academic curriculum by providing instruction through additional classes and programs.

(5) For all pupils, the subjects or courses, and the delivery of those including special assistance, that constitute the curriculum the pupils engage in shall assure the pupils have a realistic opportunity to learn all subjects and courses required by the district’s core academic curriculum. A subject or course required by the core academic curriculum pursuant to subsection (3) shall be provided to all pupils in the school district by a school district, a consortium of school districts, or a consortium of 1 or more school districts and 1 or more intermediate school districts.

(6) To the extent practicable, the state board may adopt or develop academic objective-oriented high standards for knowledge and life skills, and a recommended core academic curriculum, for special education pupils for whom it may

not be realistic or desirable to expect achievement of initial mastery of the state board recommended model core academic content standards objectives or of a high school diploma.

(7) The state board shall make available to all nonpublic schools in this state, as a resource for their consideration, the model core academic curriculum content standards developed for public schools pursuant to subsection (2) for the purpose of assisting the governing body of a nonpublic school in developing its core academic curriculum.

(8) Excluding special education pupils, pupils having a learning disability, and pupils with extenuating circumstances as determined by school officials, a pupil who does not score satisfactorily on the fourth or seventh grade state assessment program reading test shall be provided special assistance reasonably expected to enable the pupil to bring his or her reading skills to grade level within 12 months.

(9) Any course that would have been considered a nonessential elective course under Snyder v Charlotte School Dist, 421 Mich 517 (1984), on April 13, 1990 shall continue to be offered to resident pupils of nonpublic schools on a shared time basis.

(10) As used in this section, "Armenian Genocide", "genocide", and "Holocaust" mean those terms as defined in section 1168.

Sec. 1279g. (1) The board of a school district or board of directors of a public school academy shall comply with this section and shall administer the Michigan merit examination to pupils in grade 11, and to pupils in grade 12 who did not take the complete Michigan merit examination in grade 11, as provided in this section.

(2) For the purposes of this section, the department of technology, management, and budget shall contract with 1 or more providers to develop, supply, and score the Michigan merit examination. The Michigan merit examination shall consist of all of the following:

(a) Assessment instruments that measure English language arts, mathematics, reading, and science and are used by colleges and universities in this state for entrance or placement purposes. This shall include a writing component in which the pupil produces an extended writing sample. The Michigan merit examination shall not require any other extended writing sample.

(b) One or more tests from 1 or more test developers that assess a pupil's ability to apply at least reading and mathematics skills in a manner that is intended to allow employers to use the results in making employment decisions. The department of technology, management, and budget and the superintendent of public instruction shall ensure that any test or tests selected under this subdivision have all the components necessary to allow a pupil to be eligible to receive the results of a nationally recognized evaluation of workforce readiness if the pupil's test performance is adequate.

(c) A social studies component.

(d) Any other component that is necessary to obtain the approval of the United States Department of Education to use the Michigan merit examination for the purposes of the no child left behind act of 2001, Public Law 107-110, or the every student succeeds act, Public Law 114-95.

(3) In addition to all other requirements of this section, all of the following apply to the Michigan merit examination:

(a) The department of technology, management, and budget and the superintendent of public instruction shall ensure that any contractor used for scoring the Michigan merit examination supplies an individual report for each pupil that will identify for the pupil's parents and teachers whether the pupil met expectations or failed to meet expectations for each standard, to allow the pupil's parents and teachers to assess and remedy problems before the pupil moves to the next grade.

(b) The department of technology, management, and budget and the superintendent of public instruction shall ensure that any contractor used for scoring, developing, or processing the Michigan merit examination meets quality management standards commonly used in the assessment industry, including at least meeting level 2 of the capability maturity model developed by the Software Engineering Institute of Carnegie Mellon University for the first year the Michigan merit examination is offered to all grade 11 pupils and at least meeting level 3 of the capability maturity model for subsequent years.

(c) The department of technology, management, and budget and the superintendent of public instruction shall ensure that any contract for scoring, administering, or developing the Michigan merit examination includes specific deadlines for all steps of the assessment process, including, but not limited to, deadlines for the correct testing materials to be supplied to schools and for the correct results to be returned to schools, and includes penalties for noncompliance with these deadlines.

(d) The superintendent of public instruction shall ensure that the Michigan merit examination meets all of the following:

(i) Is designed to test pupils on grade level content expectations or course content expectations, as appropriate, in all subjects tested.

(ii) Complies with requirements of the no child left behind act of 2001, Public Law 107-110, or the every student succeeds act, Public Law 114-95, as applicable.

(iii) Is consistent with the code of fair testing practices in education prepared by the joint committee on testing practices of the American Psychological Association.

(iv) Is factually accurate. If the superintendent of public instruction determines that a question is not factually accurate and should be excluded from scoring, the state board and the superintendent of public instruction shall ensure that the question is excluded from scoring.

(4) A school district or public school academy that operates a high school shall include on each pupil's high school transcript all of the following:

(a) For each high school graduate who has completed the Michigan merit examination under this section, the pupil's scaled score on each subject area component of the Michigan merit examination.

(b) The number of school days the pupil was in attendance at school each school year during high school and the total number of school days in session for each of those school years.

(5) The superintendent of public instruction shall work with the provider or providers of the Michigan merit examination to produce Michigan merit examination subject area scores for each pupil participating in the Michigan merit examination, including scaling and merging of test items for the different subject area components. The superintendent of public instruction shall design and distribute to school districts, public school academies, intermediate school districts, and nonpublic schools a simple and concise document that describes the scoring for each subject area and indicates the scaled score ranges for each subject area.

(6) The Michigan merit examination shall be administered each year after March 1 and before June 1 to pupils in grade 11. The superintendent of public instruction shall ensure that the Michigan merit examination is scored and the scores are returned to pupils, their parents or legal guardians, and schools not later than the beginning of the pupil's first semester of grade 12. The returned scores shall indicate at least the pupil's scaled score for each subject area component and the range of scaled scores for each subject area. In reporting the scores to pupils, parents, and schools, the superintendent of public instruction shall provide standards-specific, meaningful, and timely feedback on the pupil's performance on the Michigan merit examination.

(7) A school district or public school academy shall administer the complete Michigan merit examination to a pupil only once and shall not administer the complete Michigan merit examination to the same pupil more than once. If a pupil does not take the complete Michigan merit examination in grade 11, the school district or public school academy shall administer the complete Michigan merit examination to the pupil in grade 12. If a pupil chooses to retake the college entrance examination component of the Michigan merit examination, as described in subsection (2)(a), the pupil may do so through the provider of the college entrance examination component and the cost of the retake is the responsibility of the pupil unless all of the following are met:

(a) The pupil has taken the complete Michigan merit examination.

(b) The pupil meets the income eligibility criteria for free breakfast, lunch, or milk, as determined under the Richard B. Russell national school lunch act, 42 USC 1751 to 1769j.

(c) The pupil has applied to the provider of the college entrance examination component for a scholarship or fee waiver to cover the cost of the retake and that application has been denied.

(d) After taking the complete Michigan merit examination, the pupil has not already received a free retake of the college entrance examination component paid for either by this state or through a scholarship or fee waiver by the provider.

(8) The superintendent of public instruction shall ensure that the length of the Michigan merit examination and the combined total time necessary to administer all of the components of the Michigan merit examination are the shortest possible that will still maintain the degree of reliability and validity of the Michigan merit examination results determined necessary by the superintendent of public instruction. The superintendent of public instruction shall ensure that the maximum total combined length of time that schools are required to set aside for pupils to answer all test questions on the Michigan merit examination does not exceed 8 hours if the superintendent of public instruction determines that sufficient alignment to applicable Michigan merit curriculum content standards can be achieved within that time limit.

(9) A school district or public school academy shall provide accommodations to a pupil with disabilities for the Michigan merit examination, as provided under section 504 of title V of the rehabilitation act of 1973, 29 USC 794; subtitle A of title II of the Americans with disabilities act of 1990, 42 USC 12131 to 12134; the individuals with disabilities education act amendments of 1997, Public Law 105-17; and the implementing regulations for those statutes. The provider or providers of the Michigan merit examination and the superintendent of public instruction shall mutually agree upon the accommodations to be provided under this subsection.

(10) To the greatest extent possible, the Michigan merit examination shall be based on grade level content expectations or course content expectations, as appropriate. Not later than July 1, 2008, the department shall identify specific grade level content expectations to be taught before and after the middle of grade 11, so that teachers will know what content will be covered within the Michigan merit examination.

(11) A child who is a student in a nonpublic school or home school may take the Michigan merit examination under this section. To take the Michigan merit examination, a child who is a student in a home school shall contact the school

district in which the child resides, and that school district shall administer the Michigan merit examination, or the child may take the Michigan merit examination at a nonpublic school if allowed by the nonpublic school. Upon request from a nonpublic school, the superintendent of public instruction shall direct the provider or providers to supply the Michigan merit examination to the nonpublic school and the nonpublic school may administer the Michigan merit examination. If a school district administers the Michigan merit examination under this subsection to a child who is not enrolled in the school district, the scores for that child are not considered for any purpose to be scores of a pupil of the school district.

(12) In contracting under subsection (2), the department of technology, management, and budget shall consider a contractor that provides electronically-scored essays with the ability to score constructed response feedback in multiple languages and provide ongoing instruction and feedback.

(13) The purpose of the Michigan merit examination is to assess pupil performance in mathematics, science, social studies, and English language arts for the purpose of improving academic achievement and establishing a statewide standard of competency. The assessment under this section provides a common measure of data that will contribute to the improvement of Michigan schools' curriculum and instruction by encouraging alignment with Michigan's curriculum framework standards and promotes pupil participation in higher level mathematics, science, social studies, and English language arts courses. These standards are based upon the expectations of what pupils should learn through high school and are aligned with national standards.

(14) In addition to the other requirements of this section and the requirements of 1970 PA 38, MCL 388.1081 to 388.1086, beginning with assessments conducted during the 2016-2017 school year, the superintendent of public instruction shall ensure that the Michigan merit examination social studies component and the M-STEP and any successor state assessment for social studies, as appropriate, include questions related to the learning objectives in the state board recommended model core academic curriculum standards concerning genocide, including, but not limited to, the Holocaust and the Armenian Genocide.

(15) As used in this section:

(a) "Armenian Genocide", "genocide", and "Holocaust" mean those terms as defined in section 1168.

(b) "English language arts" means reading and writing.

(c) "Social studies" means United States history, world history, world geography, economics, and American government.

This act is ordered to take immediate effect.
