(4) A contract issued under this part may be revoked by the authorizing body if the authorizing body determines that 1 or more of the following have occurred:

(a) Failure of the public school academy to demonstrate improved pupil academic achievement for all groups of pupils or meet the educational goals set forth in the contract.

(b) Failure of the public school academy to comply with all applicable law.

(c) Failure of the public school academy to meet generally accepted public sector accounting principles and demonstrate sound fiscal stewardship.

(d) The existence of 1 or more other grounds for revocation as specified in the contract.

(5) Except for a public school academy that is an alternative school serving a special student population, if the state school
reform/redesign officer DEPARTMENT determines that a public school academy site that has been operating for at least 4 years is among the lowest achieving 5% of all public schools in this state for the immediately preceding 3 school years, as determined under section 1280c OR 1280G, AS APPLICABLE, not to include any individualized education plan subgroup, the state school reform/redesign officer DEPARTMENT shall notify the public school academy's authorizing body. Also, except for a public school academy that is an alternative school serving a special student population, after the accountability system under section 390 has been in effect in the community district for at least 3 full school years, if the state school reform/redesign officer determines that a public school academy site located in a community district has been assigned a grade of "F" under section 390 for the immediately preceding 3 school years, and is not currently undergoing reconstitution under this section, the state school reform/redesign officer shall notify the public school academy's authorizing body. Subject to subsection (6), if an authorizing body receives notice from the state school reform/redesign officer DEPARTMENT under this subsection, the authorizing body shall NOTIFY THE PUBLIC SCHOOL ACADEMY AND amend the public school academy's contract to eliminate the public school academy's authority to operate the existing age and grade levels at the site and the public school academy shall cease operating the existing age and grade levels at the site, effective at the end of the current school year. Subject to subsection (6), if the public school academy operates at only 1 site, and the authorizing body receives notice from the state school reform/redesign officer
DEPARTMENT under this subsection, the authorizing body shall NOTIFY THE PUBLIC SCHOOL ACADEMY AND revoke the public school academy's contract, effective at the end of the current school year.

(6) For a public school academy or site that is subject to a notice to its authorizing body under this subsection (5), the state school reform/redesign officer shall consider other public school options available to pupils in the grade levels offered by the public school academy or site who reside in the geographic area served by the public school academy or site. If the state school reform/redesign officer determines that closure of the public school academy or site would result in an unreasonable hardship to these pupils because there are insufficient other public school options reasonably available for these pupils, the state school reform/redesign officer may rescind the notice. If the state school reform/redesign officer rescinds a notice subjecting a public school academy or site to closure, the state school reform/redesign officer shall do so before the end of the school year. If the state school reform/redesign officer rescinds a notice subjecting a public school academy or site to closure, the state school reform/redesign officer shall require the public school academy or site to implement a school improvement plan that includes measures to increase pupil growth and improve pupil proficiency, with growth and proficiency measured by performance on state assessments.

(7) Except as otherwise provided in section 502 or 503, the decision of an authorizing body to issue, not issue, or
reconstitute a contract under this part, or to terminate or revoke
a contract under this section, is solely within the discretion of
the authorizing body, is final, and is not subject to review by a
court or any state agency. An authorizing body that issues, does
not issue, or reconstitutes a contract under this part, or that
terminates or revokes a contract under this section, is not liable
for that action to the public school academy, the public school
academy corporation, a pupil of the public school academy, the
parent or guardian of a pupil of the public school academy, or any
other person.

(8) Except as otherwise provided in this section, before an
authorizing body revokes a contract, the authorizing body may
consider and take corrective measures to avoid revocation. An
authorizing body may reconstitute the public school academy in a
final attempt to improve student educational performance or to
avoid interruption of the educational process. An authorizing body
shall include a reconstituting provision in the contract that
identifies these corrective measures, including, but not limited
to, canceling a contract with an educational management
organization, if any, withdrawing approval of a contract under
section 506, or appointing a new board of directors or a trustee to
take over operation of the public school academy.

(9) If an authorizing body revokes a contract, the authorizing
body shall work with a school district or another public school, or
with a combination of these entities, to ensure a smooth transition
for the affected pupils. If the revocation occurs during the school
year, the authorizing body, as the fiscal agent for the public
school academy under this part, shall return any school aid funds
held by the authorizing body that are attributable to the affected
pupils to the state treasurer for deposit into the state school aid
fund. The state treasurer shall distribute funds to the public
school in which the pupils enroll after the revocation pursuant to
a methodology established by the department and the center for
educational performance and information.

(10) Not more than 10 days after a public school academy's
contract terminates or is revoked, the authorizing body shall
notify the superintendent of public instruction in writing of the
name of the public school academy whose contract has terminated or
been revoked and the date of contract termination or revocation.

Sec. 522. (1) An urban high school academy shall be organized
and administered under the direction of a board of directors in
accordance with this part and with bylaws adopted by the board of
directors. An urban high school academy corporation shall be
organized under the nonprofit corporation act, 1982 PA 162, MCL
450.2101 to 450.3192, except that an urban high school academy
corporation is not required to comply with sections 170 to 177 of
1931 PA 327, MCL 450.170 to 450.177. To the extent disqualified
under the state or federal constitution, an urban high school
academy shall not be organized by a church or other religious
organization and shall not have any organizational or contractual
affiliation with or constitute a church or other religious
organization.

(2) Subject to subsection (9), the governing board of a state
public university may act as an authorizing body to issue a
contract for the organization and operation of an urban high school academy under this part.

(3) A contract issued under this part shall be issued for an initial term of 10 years. If the urban high school academy meets the educational goals set forth in the contract and operates in substantial compliance with this part, the authorizing body shall automatically renew the contract for a subsequent 10-year term.

(4) To obtain a contract to organize and operate 1 or more urban high school academies, an entity may apply to an authorizing body described in subsection (2). The contract shall be issued to an urban high school academy corporation designated by the entity applying for the contract. The application shall include at least all of the following:

(a) Name of the entity applying for the contract.

(b) Subject to the resolution adopted by the authorizing body under section 528, a list of the proposed members of the board of directors of the urban high school academy and a description of the qualifications and method for appointment or election of members of the board of directors.

(c) The proposed articles of incorporation, which shall include at least all of the following:

(i) The name of the proposed urban high school academy to which the contract will be issued.

(ii) The purposes for the urban high school academy corporation. This language shall provide that the urban high school academy is incorporated pursuant to this part and that the urban high school academy corporation is a governmental entity and
political subdivision of this state.

(iii) The name of the authorizing body.

(iv) The proposed time when the articles of incorporation will be effective.

(v) Other matters considered expedient to be in the articles of incorporation.

(d) A copy of the proposed bylaws of the urban high school academy.

(e) Documentation meeting the application requirements of the authorizing body, including at least all of the following:

(i) The governance structure of the urban high school academy.

(ii) A copy of the educational goals of the urban high school academy and the curricula to be offered and methods of pupil assessment to be used by the urban high school academy. The educational goals shall include demonstrated improved pupil academic achievement for all groups of pupils. To the extent applicable, the progress of the pupils in the urban high school academy shall be assessed using both the mathematics and reading portions of the Michigan student test of educational progress (M-STEP) or the Michigan merit examination under section 1279g, as applicable.

(iii) The admission policy and criteria to be maintained by the urban high school academy. The admission policy and criteria shall comply with section 524. This part of the application also shall include a description of how the applicant will provide to the general public adequate notice that an urban high school academy is being created and adequate information on the admission
policy, criteria, and process.

   (iv) The school calendar and school day schedule.

   (v) The age or grade range of pupils to be enrolled.

   (f) Descriptions of staff responsibilities and of the urban high school academy's governance structure.

   (g) A description of and address for the proposed building or buildings in which the urban high school academy will be located, and a financial commitment by the entity applying for the contract to construct or renovate the building or buildings that will be occupied by the urban high school academy that is issued the contract.

   (5) If a particular state public university issues a contract that allows an urban high school academy to operate the same configuration of grades at more than 1 site, as provided in section 524(1), each of those sites shall be under the direction of the board of directors that is a party to the contract.

   (6) If the superintendent of public instruction finds that an authorizing body is not engaging in appropriate continuing oversight of 1 or more urban high school academies operating under a contract issued by the authorizing body, the superintendent of public instruction may suspend the power of the authorizing body to issue new contracts to organize and operate urban high school academies. A contract issued by the authorizing body during the suspension is void. A contract issued by the authorizing body before the suspension is not affected by the suspension.

   (7) An authorizing body shall not charge a fee, or require reimbursement of expenses, for considering an application for a
contract, for issuing a contract, or for providing oversight of a contract for an urban high school academy in an amount that exceeds a combined total of 3% of the total state school aid received by the urban high school academy in the school year in which the fees or expenses are charged. All of the following apply to this fee:

(a) An authorizing body may use this fee only for the following purposes:

   (i) Considering applications and issuing or administering contracts.

   (ii) Compliance monitoring and oversight of urban high school academies.

   (iii) Training for urban high school academy applicants, administrators, and boards of directors.

   (iv) Technical assistance to urban high school academies.

   (v) Academic support to urban high school academies or to pupils or graduates of urban high school academies.

   (vi) Evaluation of urban high school academy performance.

   (vii) Training of teachers, including supervision of teacher interns.

   (viii) Other purposes that assist the urban high school academies or traditional public schools in achieving improved academic performance.

(b) An authorizing body may provide other services for an urban high school academy and charge a fee for those services, but shall not require such an arrangement as a condition to issuing the contract authorizing the urban high school academy.

(8) An urban high school academy shall be presumed to be
legally organized if it has exercised the franchises and privileges
of an urban high school academy for at least 2 years.

(9) Both of the following apply to the issuance of a contract
for an urban high school academy to be located within a community
district:

(a) An authorizing body shall not issue a contract to organize
and operate a new urban high school academy to be located in a
community district unless, before issuing the contract, the
governing board of the authorizing body has certified to the state
data\n\n\n
school reform/redesign officer \nDEPARTMENT \n\n\nthat the authorizing body
\n\n\nhas been accredited as an authorizing body by a nationally
\n\n\nrecognized accreditation body.

(b) An authorizing body shall not issue a contract for a new
urban high school academy to be located in a community district if
both of the following circumstances exist:

(i) Either of the following:

(A) Until the accountability system under section 390 has been
in effect in the community district for at least 3 full school
years, the proposed urban high school academy would operate at
the same location as a public school that currently is on the list
under section 1280c(1) OR 1280G(3), AS APPLICABLE, of the public
schools in this state that the state school reform/redesign office
has determined to be among the lowest achieving 5% of all public
schools in this state or has been on that list during the
immediately preceding 3-year period. Beginning after the
accountability system under section 390 has been in effect in the
community district for at least 3 full school years, the proposed
urban high school academy would operate at the same location as a public school that has been assigned a grade of "F" under section 390 for 3 of the preceding 5 school years.

(B) The proposed urban high school academy would operate at the same location as a public school academy, urban high school academy, school of excellence, or strict discipline academy that has had its contract revoked or terminated by an authorizing body under the applicable part or section.

(ii) The proposed urban high school academy would have substantially the same board of directors, substantially the same leadership, and substantially the same curriculum offerings as the public school that previously operated at that location.

(10) An urban high school academy that is located within a community district is subject to section 390.

Sec. 528. (1) An authorizing body that issues a contract for an urban high school academy under this part shall do all of the following:

(a) Ensure that the contract and the application for the contract comply with the requirements of this part.

(b) Within 10 days after issuing the contract, submit to the department a copy of the contract.

(c) Adopt a resolution establishing the method of selection, length of term, and number of members of the board of directors of each urban high school academy that it authorizes. The resolution shall be written or amended as necessary to include a requirement that each member of the board of directors must be a citizen of the United States.
(d) Oversee the operations of each urban high school academy operating under a contract issued by the authorizing body. The oversight shall be sufficient to ensure that the urban high school academy is in compliance with the terms of the contract and with applicable law. An authorizing body may enter into an agreement with 1 or more other authorizing bodies to oversee an urban high school academy operating under a contract issued by the authorizing body.

(e) Develop and implement a process for holding an urban high school academy board of directors accountable for meeting applicable academic performance standards set forth in the contract and for implementing corrective action for an urban high school academy that does not meet those standards.

(f) Take necessary measures to ensure that an urban high school academy board of directors operates independently of any educational management company involved in the operations of the urban high school academy.

(g) Oversee and ensure that the pupil admission process used by the urban high school academy is operated in a fair and open manner and is in compliance with the contract and this part.

(h) Ensure that the board of directors of the urban high school academy maintains and releases information as necessary to comply with applicable law.

(2) An authorizing body may enter into an agreement with 1 or more other authorizing bodies to carry out any function of an authorizing body under this act.

(3) The authorizing body for an urban high school academy is
the fiscal agent for the urban high school academy. A state school aid payment for an urban high school academy shall be paid to the authorizing body that is the fiscal agent for that urban high school academy, which shall then forward the payment to the urban high school academy. Within 30 days after a contract is submitted to the department by an authorizing body under subsection (1), the department shall issue a district code to the urban high school academy for which the contract was issued. If the department does not issue a district code within 30 days after a contract is filed, the state treasurer shall assign a temporary district code in order for the urban high school academy to receive funding under the state school aid act of 1979.

(4) A contract issued under this part may be revoked by the authorizing body that issued the contract if the authorizing body determines that 1 or more of the following have occurred:

(a) Failure of the urban high school academy to demonstrate improved pupil academic achievement for all groups of pupils or meet the educational goals set forth in the contract.

(b) Failure of the urban high school academy to comply with all applicable law.

(c) Failure of the urban high school academy to meet generally accepted public sector accounting principles and demonstrate sound fiscal stewardship.

(d) The existence of 1 or more other grounds for revocation as specified in the contract.

(5) Except for an urban high school academy that is an alternative school serving a special student population, if the
state school reform/redesign officer—DEPARTMENT determines that an urban high school academy site that has been operating for at least 4 years is among the lowest achieving 5% of all public schools in this state for the immediately preceding 3 school years, as determined under section 1280c OR 1280G, AS APPLICABLE, not to include any individualized education plan subgroup, the state school reform/redesign officer—DEPARTMENT shall notify the urban high school academy's authorizing body. Also, except for an urban high school academy that is an alternative school serving a special student population, after the accountability system under section 390 has been in effect in the community district for at least 3 full school years, if the state school reform/redesign officer determines that an urban high school academy site located in a community district has been assigned a grade of "F" under section 390 for the immediately preceding 3 school years, and is not currently undergoing reconstitution under this section, the state school reform/redesign officer shall notify the urban high school academy's authorizing body. Subject to subsection (6), if an authorizing body receives notice from the state school reform/redesign officer—DEPARTMENT under this subsection, the authorizing body shall NOTIFY THE URBAN HIGH SCHOOL ACADEMY AND amend the urban high school academy's contract to eliminate the urban high school academy's authority to operate the existing age and grade levels at the site and the urban high school academy shall cease operating the existing age and grade levels at the site, effective at the end of the current school year. Subject to subsection (6), if the urban high school academy operates at only 1
House Bill No. 5526 as amended December 13, 2018

site, and the authorizing body receives notice from the state school reform/redesign officer [DEPARTMENT] under this subsection, the authorizing body shall NOTIFY THE URBAN HIGH SCHOOL ACADEMY AND revoke the urban high school academy's contract, effective at the end of the current school year.

(6) For an urban high school academy or site that is subject to a notice [to ] its authorizing body under this subsection (5), the state school reform/redesign officer [DEPARTMENT] shall consider other public school options available to pupils in the grade levels offered by the urban high school academy or site who reside in the geographic area served by the urban high school academy or site. If the state school reform/redesign officer [DEPARTMENT] determines that closure of the urban high school academy or site would result in an unreasonable hardship to these pupils because there are insufficient other public school options reasonably available for these pupils, the state school reform/redesign officer [DEPARTMENT] may rescind the notice. If the state school reform/redesign officer [DEPARTMENT] rescinds a notice subjecting an urban high school academy or site to closure, the state school reform/redesign officer [DEPARTMENT] shall do so before the end of the school year. If the state school reform/redesign officer [DEPARTMENT] rescinds a notice subjecting an urban high school academy or site to closure, the state school reform/redesign officer [DEPARTMENT] shall require the urban high school academy or site to implement a school improvement plan that includes measures to increase pupil growth and improve pupil proficiency, with growth and proficiency measured

by performance on state assessments.

(7) Except as otherwise provided in section 522, the decision of an authorizing body to issue, not issue, or reconstitute a contract under this part, or to terminate or revoke a contract under this section, is solely within the discretion of the authorizing body, is final, and is not subject to review by a court or any state agency. An authorizing body that issues, does not issue, or reconstitutes a contract under this part, or that terminates or revokes a contract under this section, is not liable for that action to the urban high school academy, the urban high school academy corporation, a pupil of the urban high school academy, the parent or guardian of a pupil of the urban high school academy, or any other person.

(8) Except as otherwise provided in this section, before an authorizing body revokes a contract, the authorizing body may consider and take corrective measures to avoid revocation. An authorizing body may reconstitute the urban high school academy in a final attempt to improve student educational performance or to avoid interruption of the educational process. An authorizing body shall include a reconstituting provision in the contract that identifies these corrective measures, including, but not limited to, removing 1 or more members of the board of directors, withdrawing approval to contract under section 527, or appointing a new board of directors or a trustee to take over operation of the urban high school academy.

(9) If an authorizing body revokes a contract, the authorizing body shall work with a school district or another public school, or
with a combination of these entities, to ensure a smooth transition for the affected pupils. If the revocation occurs during the school year, the authorizing body, as the fiscal agent for the urban high school academy under this part, shall return any school aid funds held by the authorizing body that are attributable to the affected pupils to the state treasurer for deposit into the state school aid fund. The state treasurer shall distribute funds to the public school in which the pupils enroll after the revocation pursuant to a methodology established by the department and the center for educational performance and information.

(10) Not more than 10 days after an urban high school academy's contract terminates or is revoked, the authorizing body shall notify the superintendent of public instruction in writing of the name of the urban high school academy whose contract has terminated or been revoked and the date of contract termination or revocation.

(11) If an urban high school academy's contract terminates or is revoked, title to all real and personal property, interest in real or personal property, and other assets owned by the urban high school academy shall revert to the state. This property shall be distributed in accordance with the following:

(a) Within 30 days following the termination or revocation, the board of directors of an urban high school academy shall hold a public meeting to adopt a plan of distribution of assets and to approve the dissolution of the urban high school academy corporation, all in accordance with chapter 8 of the nonprofit corporation act, 1982 PA 162, MCL 450.2801 to 450.2864.
(b) The urban high school academy shall file a certificate of dissolution with the department of licensing and regulatory affairs within 10 business days following board approval.

(c) Simultaneously with the filing of the certificate of dissolution under subdivision (b), the urban high school academy board of directors shall provide a copy of the board of directors' plan of distribution of assets to the state treasurer for approval. Within 30 days, the state treasurer, or his or her designee, shall review and approve the board of directors' plan of distribution of assets. If the proposed plan of distribution of assets is not approved within 30 days, the state treasurer, or his or her designee, shall provide the board of directors with an acceptable plan of distribution of assets.

(d) The state treasurer, or his or her designee, shall monitor the urban high school academy's winding up of the dissolved corporation in accordance with the plan of distribution of assets approved or provided under subdivision (c).

(e) As part of the plan of distribution of assets, the urban high school academy board of directors shall designate the director of the department of technology, management, and budget, or his or her designee, to dispose of all real property of the urban high school academy corporation in accordance with the directives developed for disposition of surplus land and facilities under section 251 of the management and budget act, 1984 PA 431, MCL 18.1251.

(f) If the board of directors of an urban high school academy fails to take any necessary action under this section, the state
treasurer, or his or her designee, may suspend the urban high
school academy board of directors and appoint a trustee to carry
out the board's plan of distribution of assets. Upon appointment,
the trustee shall have all the rights, powers, and privileges under
law that the urban high school academy board of directors had
before being suspended.

(g) Following the sale of the real or personal property or
interests in the real or personal property, and after payment of
any urban high school academy debt secured by the property or
interest in property, whether real or personal, the urban high
school academy board of directors, or a trustee appointed under
this section, shall forward any remaining money to the state
treasurer. Following receipt, the state treasurer, or his or her
designee, shall deposit this remaining money in the state school
aid fund.

Sec. 552. (1) An authorizing body may issue contracts under
this subsection to organize and operate a school of excellence. All
of the following apply to the issuance of a contract by an
authorizing body under this subsection:

(a) The issuance of the contract must be approved by the
superintendent of public instruction. The superintendent of public
instruction shall approve issuance of a contract if he or she
determines that the proposed school of excellence is modeled after
a high-performing school or program.

(b) The first 5 contracts issued by all authorizing bodies
under this subsection shall be for schools of excellence that offer
1 or more of high school grades 9 to 12, or any combination of
those grades, as specified in the contract.

   (c) A school of excellence authorized under this subsection shall not be located in a school district that has a graduation rate of over 75%, on average, for the most recent 3 school years for which the data are available, as determined by the department.

   (2) Subject to the limitations in this subsection and subsections (14) and (15), an authorizing body may issue contracts under this subsection for 1 or more schools of excellence that are cyber schools. The combined total number of contracts issued by all statewide authorizing bodies under this subsection for schools of excellence that are cyber schools shall not exceed 15. The board of a school district, an intermediate school board, the board of a community college that is not a statewide authorizing body, or 2 or more public agencies acting jointly as described in subsection (6)(e) may not act as the authorizing body for more than 1 school of excellence that is a cyber school. An authorizing body shall not issue a contract for a school of excellence that is a cyber school unless the school of excellence that is a cyber school meets all of the following requirements:

   (a) Is available for enrollment to all pupils in this state.

   (b) Offers some configuration of or all of grades K to 12.

   (c) The entity applying for the school of excellence that is a cyber school demonstrates experience in delivering a quality education program that improves pupil academic achievement. In determining whether this requirement is met, an authorizing body shall refer to the standards for quality online learning established by the national association of charter school
authorizers or other similar nationally recognized standards for quality online learning.

(d) The enrollment in the school of excellence that is a cyber school is limited to not more than 2,500 pupils in membership for the first school year of operation of the school of excellence that is a cyber school, not more than 5,000 pupils in membership for the second school year of operation of the school of excellence that is a cyber school, and not more than 10,000 pupils in membership for the third and subsequent school years of operation of the school of excellence that is a cyber school. As used in this subdivision, "membership" means that term as defined in section 6 of the state school aid act of 1979, MCL 388.1606.

(e) The school of excellence that is a cyber school offers each pupil's family a computer and subsidizes the cost of internet access.

(3) For a public school academy operating under part 6a that meets the requirements of subsection (4), with the approval of its authorizing body, the board of directors of the public school academy may adopt a resolution choosing to convert the public school academy to a school of excellence under this part. If the board of directors of a public school academy that meets the requirements of subsection (4) is issued a contract as a school of excellence under this subsection, all the following apply:

(a) The public school academy shall cease to operate as a public school academy under part 6a and shall operate as a school of excellence upon the issuance of a contract or at another time as determined by the authorizing body.
(b) The public school academy shall be considered to be a school of excellence for all purposes upon the issuance of a contract or at another time as determined by the authorizing body, but shall retain its corporate identity.

(c) The conversion of a public school academy under part 6a to a school of excellence operating under this part shall not impair any agreement, mortgage, loan, bond, note or other instrument of indebtedness, or any other agreement entered into by a public school academy while it was operating under part 6a.

(d) The contract issued to the public school academy under part 6a shall automatically terminate upon the issuance of a contract or at another time as determined by the authorizing body.

(4) Subsection (3) applies to a public school academy that is determined by the department to meet all of the following, as applicable:

(a) If the public school academy operates only some or all of grades K to 8, meets at least 1 of the following:

(i) On average over a 3-year period, at least 90% of the pupils enrolled in the public school academy achieved a score of proficient or better on the Michigan education assessment program mathematics and reading tests or successor state assessment program.

(ii) On average over a 3-year period, at least 70% of the pupils enrolled in the public school academy achieved a score of proficient or better on the Michigan education assessment program mathematics and reading tests or successor state assessment program and at least 50% of the pupils enrolled in the public school...
academy met the income eligibility criteria for the federal free or
reduced-price lunch program, as determined under the Richard B.
Russell national school lunch act, 42 USC 1751 to 1769j, and
reported to the department.

(b) If the public school academy operates grades 9 to 12, at
least 80% of the school's pupils graduate from high school or are
determined by the department to be on track to graduate from high
school, the school has at least 80% average attendance, and the
school has at least an 80% postsecondary enrollment rate.

(5) A school of excellence shall be organized and administered
under the direction of a board of directors in accordance with this
part and with bylaws adopted by the board of directors. A school of
excellence shall be organized under the nonprofit corporation act,
1982 PA 162, MCL 450.2101 to 450.3192, except that a school of
excellence is not required to comply with sections 170 to 177 of
1931 PA 327, MCL 450.170 to 450.177. To the extent disqualified
under the state or federal constitution, a school of excellence
shall not be organized by a church or other religious organization
and shall not have any organizational or contractual affiliation
with or constitute a church or other religious organization.

(6) Any of the following may act as an authorizing body to
issue a contract to organize and operate 1 or more schools of
excellence under this part:

(a) The board of a school district. However, except as
otherwise provided in this subdivision, the board of a school
district shall not issue a contract for a school of excellence to
operate outside the school district's boundaries, and a school of
excellence authorized by the board of a school district shall not operate outside that school district's boundaries. If the board of a school district issues a contract for a school of excellence that is a cyber school, the contract may authorize the school of excellence that is a cyber school to operate outside that school district's boundaries.

(b) An intermediate school board. However, except as otherwise provided in this subdivision, the board of an intermediate school district shall not issue a contract for a school of excellence to operate outside the intermediate school district's boundaries, and a school of excellence authorized by the board of an intermediate school district shall not operate outside that intermediate school district's boundaries. If the board of an intermediate school district issues a contract for a school of excellence that is a cyber school, the contract may authorize the school of excellence that is a cyber school to operate outside that intermediate school district's boundaries.

(c) The board of a community college. Except as otherwise provided in this subdivision, the board of a community college shall not issue a contract for a school of excellence to operate outside the boundaries of the community college district, and a school of excellence authorized by the board of a community college shall not operate outside the boundaries of the community college district. If the board of a community college issues a contract for a school of excellence that is a cyber school, the contract may authorize the school of excellence that is a cyber school to operate outside the boundaries of the community college district.
The board of a community college also may issue a contract for not more than 1 school of excellence to operate on the grounds of an active or closed federal military installation located outside the boundaries of the community college district, or may operate a school of excellence itself on the grounds of such a federal military installation, if the federal military installation is not located within the boundaries of any community college district and the community college has previously offered courses on the grounds of the federal military installation for at least 10 years.

(d) The governing board of a state public university.

(e) Two or more of the public agencies described in subdivisions (a) to (d) exercising power, privilege, or authority jointly pursuant to an interlocal agreement under the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to
124.512.

(7) To obtain a contract to organize and operate 1 or more schools of excellence, 1 or more persons or an entity may apply to an authorizing body described in this section. The application shall include at least all of the following:

(a) Identification of the applicant for the contract.

(c) The proposed articles of incorporation, which shall include at least all of the following:
(i) The name of the proposed school of excellence.

(ii) The purposes for the school of excellence corporation.

This language shall provide that the school of excellence is incorporated pursuant to this part and that the school of excellence is a governmental entity.

(iii) The name of the authorizing body.

(iv) The proposed time when the articles of incorporation will be effective.

(v) Other matters considered expedient to be in the articles of incorporation.

(d) A copy of the proposed bylaws of the school of excellence.

(e) Documentation meeting the application requirements of the authorizing body, including at least all of the following:

(i) The governance structure of the school of excellence.

(ii) A copy of the educational goals of the school of excellence and the curricula to be offered and methods of pupil assessment to be used by the school of excellence. The educational goals shall include demonstrated improved pupil academic achievement for all groups of pupils. To the extent applicable, the progress of the pupils in the school of excellence shall be assessed using both the mathematics and reading portions of the Michigan student test of educational progress (M-STEP) or the Michigan merit examination under section 1279g, as applicable.

(iii) The admission policy and criteria to be maintained by the school of excellence. The admission policy and criteria shall comply with section 556. This part of the application also shall include a description of how the applicant will provide to the
general public adequate notice that a school of excellence is being created and adequate information on the admission policy, criteria, and process.

(iv) Except for a school of excellence that is a cyber school, the school calendar and school day schedule.

(v) The age or grade range of pupils to be enrolled.

(f) Descriptions of staff responsibilities and of the school of excellence governance structure.

(i) A description of and address for the proposed physical plant in which the school of excellence will be located. An applicant may request the authorizing body to issue a contract allowing the board of directors of the school of excellence to operate the same configuration of age or grade levels at more than 1 site.

(8) An authorizing body shall oversee, or shall contract with an intermediate school district, community college, or state public university to oversee, each school of excellence operating under a contract issued by the authorizing body. The authorizing body is responsible for overseeing compliance by the board of directors
with the contract and all applicable law. This subsection does not
relieve any other government entity of its enforcement or
supervisory responsibility.

(9) If the superintendent of public instruction finds that an
authorizing body is not engaging in appropriate continuing
oversight of 1 or more schools of excellence operating under a
contract issued by the authorizing body, the superintendent of
public instruction may suspend the power of the authorizing body to
issue new contracts to organize and operate schools of excellence.
A contract issued by the authorizing body during the suspension is
void. A contract issued by the authorizing body before the
suspension is not affected by the suspension.

(10) An authorizing body shall not charge a fee, or require
reimbursement of expenses, for considering an application for a
contract, for issuing a contract, or for providing oversight of a
contract for a school of excellence in an amount that exceeds a
combined total of 3% of the total state school aid received by the
school of excellence in the school year in which the fees or
expenses are charged. The authorizing body may provide other
services for a school of excellence and charge a fee for those
services, but shall not require such an arrangement as a condition
to issuing the contract authorizing the school of excellence.

organized if it has exercised the franchises and privileges of a
public school academy for at least 2 years.

(12) A member of the board of directors of a school of
excellence is a public officer and shall, before entering upon the
duties of the office, take the constitutional oath of office for public officers under section 1 of article XI of the state constitution of 1963.

(13) A school of excellence that is a cyber school may make available to other public schools for purchase any of the course offerings that the cyber school offers to its own pupils.

(14) If the department determines that the combined total statewide final audited membership for all pupils in membership in schools of excellence that are cyber schools for the 2012-2013 state fiscal year exceeds a number equal to 1% of the combined total statewide final audited membership for all pupils in membership in public schools for the 2011-2012 state fiscal year, then all of the following apply:

(a) An authorizing body may not issue a new contract for a new school of excellence that is a cyber school to begin operations in the 2013-2014 school year.

(b) A school of excellence that is a cyber school may not enroll any new pupils in the school of excellence that is a cyber school in the 2013-2014 school year.

(15) Beginning July 1, 2013, if the department determines that the combined total statewide final audited membership for all pupils in membership in schools of excellence that are cyber schools for a state fiscal year exceeds a number equal to 2% of the combined total statewide final audited membership for all pupils in membership in public schools for the 2011-2012 state fiscal year, then all of the following apply:

(a) Subject to subdivision (c), an authorizing body may not
issue a new contract for a new school of excellence that is a cyber
school to begin operations in a school year that begins after that
determination is made.

(b) Subject to subdivision (c), a school of excellence that is
a cyber school may not enroll any new pupils in the school of
excellence that is a cyber school in a school year that begins
after that determination is made.

(c) If the department determines that the combined total
statewide final audited membership for all pupils in membership in
schools of excellence that are cyber schools for a state fiscal
year does not exceed a number equal to 2% of the combined total
statewide final audited membership for all pupils in membership in
public schools for the 2011-2012 state fiscal year, then
subdivisions (a) and (b) do not apply for a school year that begins
after that determination is made unless the department makes a new
determination that the membership limits under this subsection have
been exceeded.

(16) For the purposes of subsections (14) and (15), not later
than July 1 of each year, the department shall determine the
percentage of the combined total statewide final audited membership
for all pupils in membership in public schools that are pupils in
membership in schools of excellence that are cyber schools for the
state fiscal year that includes that July 1.

(17) As used in this section:

(a) "Membership" means that term as defined in section 6 of
the state school aid act of 1979, MCL 388.1606.

(b) "Statewide authorizing body" means the governing board of
a state public university or the board of a federal tribally
controlled community college that is recognized under the tribally
controlled colleges and universities assistance act of 1978, 25 USC
1801 to 1864, and is determined by the department to meet the
requirements for accreditation by a recognized regional accrediting
body.

(18) Not later than October 1, 2012, if a district, an
intermediate school district, a public school academy, or the
education achievement system offers online learning, the board or
board of directors of the district, intermediate school district,
or public school academy, or the education achievement system,
shall submit to the department a report that details the per-pupil
costs of operating the online learning. The report shall include,
on a per-pupil basis, at least all of the following costs:

(a) Textbooks, instructional materials, and supplies,
including electronic instructional material.

(b) Computer and other electronic equipment, including
internet and telephone access.

(c) Salaries and benefits for the online learning employees.

(d) Purchased courses and curricula.

(e) Fees associated with oversight and regulation.

(f) Travel costs associated with school activities and
testing.

(g) Facilities costs.

(h) Costs associated with special education.

(19) Not later than December 31, 2012, the department shall
issue a report to the legislature including the following:
(a) A review of the data submitted under subsection (14).
(b) A comparison with costs of substantially similar programs in other states and relevant national research on the costs of online learning.
(c) Any conclusions concerning factors or characteristics of online learning programs that make a difference in the costs of operating the programs.

(20) The board of directors of a school of excellence that is a cyber school, or the board of a school district, intermediate school district, or public school academy that operates an online or other distance learning program, shall submit a monthly report to the department, in the form and manner prescribed by the department, that reports the number of pupils enrolled in the school of excellence that is a cyber school, or in the online or other distance learning program, during the immediately preceding month.

(21) The board of directors of a school of excellence that is a cyber school shall ensure that, when a pupil enrolls in the school of excellence that is a cyber school, the pupil and his or her parent or legal guardian are provided with a parent-student orientation. If the pupil is at least age 18 or is an emancipated minor, the orientation may be provided to just the pupil.

(22) Both of the following apply to the issuance of a contract for a school of excellence to be located within a community district:
(a) An authorizing body shall not issue a contract to organize and operate a new school of excellence to be located in a community
district unless, before issuing the contract, the governing board of the authorizing body has certified to the state school reform/redesign officer—DEPARTMENT—that the authorizing body has been accredited as an authorizing body by a nationally recognized accreditation body. For an authorizing body described in subsection (6)(e), the authorizing body shall not issue a contract to operate a new school of excellence to be located in a community district unless, before issuing the contract, the governing board of each of the public agencies that is party to the interlocal agreement has certified to the state school reform/redesign officer—DEPARTMENT—that the public agency has been accredited as an authorizing body by a nationally recognized accreditation body.

(b) An authorizing body shall not issue a contract for a new school of excellence to be located in a community district if both of the following circumstances exist:

(i) Either of the following:

(A) Until the accountability system under section 390 has been in effect in the community district for at least 3 full school years, the proposed school of excellence would operate at the same location as a public school that currently is on the list under section 1280c(1) OR 1280G(3), AS APPLICABLE, of the public schools in this state that the state school reform/redesign office has determined to be among the lowest achieving 5% of all public schools in this state or has been on that list during the immediately preceding 3-year period. Beginning after the accountability system under section 390 has been in effect in the community district for at least 3 full school years, the proposed
school of excellence would operate at the same location as a public school that has been assigned a grade of "F" under section 390 for 3 of the preceding 5 school years.

(B) The proposed school of excellence would operate at the same location as a public school academy, urban high school academy, school of excellence, or strict discipline academy that has had its contract revoked or terminated by an authorizing body under the applicable part or section.

(ii) The proposed school of excellence would have substantially the same board of directors, substantially the same leadership, and substantially the same curriculum offerings as the public school that previously operated at that location.

(23) A school of excellence that is located within a community district is subject to section 390.

Sec. 561. (1) If an authorizing body issues a contract for a school of excellence under this part, the authorizing body shall do all of the following:

(a) Ensure that the contract and the application for the contract comply with the requirements of this part.

(b) Within 10 days after issuing the contract, submit to the department a copy of the contract.

(c) Establish the method of selection, length of term, and number of members of the board of directors of each school of excellence that it authorizes. The authorizing body shall ensure that the board of directors includes representation from the local community.

(d) Oversee the operations of each school of excellence
operating under a contract issued by the authorizing body. The oversight shall be sufficient to ensure that the school of excellence is in compliance with the terms of the contract and with applicable law. This subdivision does not relieve any other governmental entity of its enforcement or supervisory responsibility.

(e) Develop and implement a process for holding a school of excellence board of directors accountable for meeting applicable academic performance standards set forth in the contract and for implementing corrective action for a school of excellence that does not meet those standards.

(f) Take necessary measures to ensure that a school of excellence board of directors operates independently of any educational management organization involved in the operations of the school of excellence.

(g) Oversee and ensure that the pupil admission process used by the school of excellence is operated in a fair and open manner and is in compliance with the contract and this part.

(h) Ensure that the board of directors of the school of excellence maintains and releases information as necessary to comply with applicable law.

(2) The authorizing body may enter into an agreement with 1 or more authorizing bodies, as defined under part 6a, to carry out any function of the authorizing body under subsection (1)(a) to (h).

(3) The authorizing body for a school of excellence is the fiscal agent for the school of excellence. A state school aid payment for a school of excellence shall be paid to the authorizing
body as the fiscal agent for that school of excellence, and the
authorizing body shall then forward the payment to the school of
excellence. Within 30 days after a contract is submitted to the
department by the authorizing body under subsection (1), the
department shall issue a district code to the school of excellence
for which the contract was issued. If the department does not issue
a district code within 30 days after a contract is filed, the state
treasurer shall assign a temporary district code in order for the
school of excellence to receive funding under the state school aid

(4) A contract issued under this part may be revoked by the
authorizing body if the authorizing body determines that 1 or more
of the following have occurred:

(a) Failure of the school of excellence to demonstrate
improved pupil academic achievement for all groups of pupils or
meet the educational goals set forth in the contract.

(b) Failure of the school of excellence to comply with all
applicable law.

(c) Failure of the school of excellence to meet generally
accepted public sector accounting principles and demonstrate sound
fiscal stewardship.

(d) The existence of 1 or more other grounds for revocation as
specified in the contract.

(5) Except for a school of excellence that is an alternative
school serving a special student population, if the state school
reform/redesign officer—DEPARTMENT—determines that a school of
excellence site that has been operating for at least 4 years is
among the lowest achieving 5% of all public schools in this state for the immediately preceding 3 school years, as determined under section 1280c OR 1280G, AS APPLICABLE, not to include any individualized education plan subgroup, the state school reform/redesign officer—DEPARTMENT—shall notify the school of excellence's authorizing body. Also, except for a school of excellence that is an alternative school serving a special student population, after the accountability system under section 390 has been in effect in the community district for at least 3 full school years, if the state school reform/redesign officer determines that a school of excellence site located in a community district has been assigned a grade of "F" under section 390 for the immediately preceding 3 school years, and is not currently undergoing reconstitution under this section, the state school reform/redesign officer shall notify the school of excellence's authorizing body. Subject to subsection (6), if an authorizing body receives notice from the state school reform/redesign officer—DEPARTMENT—under this subsection, the authorizing body shall NOTIFY THE SCHOOL OF EXCELLENCE AND amend the school of excellence's contract to eliminate the school of excellence's authority to operate the existing age and grade levels at the site and the school of excellence shall cease operating the existing age and grade levels at the site, effective at the end of the current school year. Subject to subsection (6), if the school of excellence operates at only 1 site or is a cyber school, and the authorizing body receives notice from the state school reform/redesign officer—DEPARTMENT—under this subsection, the authorizing body shall NOTIFY THE SCHOOL OF EXCELLENCE AND
House Bill No. 5526 as amended December 13, 2018

revoke the school of excellence's contract, effective at the end of the current school year.

(6) For a school of excellence or site that is subject to a notice its authorizing body under this subsection (5), the state school reform/redesign officer shall consider other public school options available to pupils in the grade levels offered by the school of excellence or site who reside in the geographic area served by the school of excellence or site. If the state school reform/redesign officer determines that closure of the school of excellence or site would result in an unreasonable hardship to these pupils because there are insufficient other public school options reasonably available for these pupils, the state school reform/redesign officer may rescind the notice. If the state school reform/redesign officer rescinds a notice subjecting a school of excellence or site to closure, the state school reform/redesign officer shall do so before the end of the school year. If the state school reform/redesign officer rescinds a notice subjecting a school of excellence or site to closure, the state school reform/redesign officer shall require the school of excellence or site to implement a school improvement plan that includes measures to increase pupil growth and improve pupil proficiency, with growth and proficiency measured by performance on state assessments.

(7) Except for a contract issued by a school district pursuant to a vote by the school electors on a ballot question under section 553(2), and except as otherwise provided in section 552, the
decision of the authorizing body to issue, not issue, or
reconstitute a contract under this part, or to terminate or revoke
a contract under this section, is solely within the discretion of
the authorizing body, is final, and is not subject to review by a
court or any other state agency. If the authorizing body issues,
does not issue, or reconstitutes a contract under this part, or
terminates or revokes a contract under this section, the
authorizing body is not liable for that action to the school of
excellence, the school of excellence corporation, a pupil of the
school of excellence, the parent or guardian of a pupil of the
school of excellence, or any other person.

(8) Except as otherwise provided in this section, before the
authorizing body revokes a contract, the authorizing body may
consider and take corrective measures to avoid revocation. The
authorizing body may reconstitute the school of excellence in a
final attempt to improve student educational performance or to
avoid interruption of the educational process. The authorizing body
shall include a reconstituting provision in the contract that
identifies these corrective measures, including, but not limited
to, canceling a contract with an educational management
organization, if any, withdrawing approval to contract under
section 560, or appointing a new board of directors or a trustee to
take over operation of the school of excellence.

(9) If the authorizing body revokes a contract, the
authorizing body shall work with a school district or another
public school, or with a combination of these entities, to ensure a
smooth transition for the affected pupils. If the revocation occurs
during the school year, the authorizing body, as the fiscal agent for the school of excellence under this part, shall return any school aid funds held by the authorizing body that are attributable to the affected pupils to the state treasurer for deposit into the state school aid fund. The state treasurer shall distribute funds to the public school in which the pupils enroll after the revocation pursuant to a methodology established by the department and the center for educational performance and information.

(10) Not more than 10 days after a school of excellence's contract terminates or is revoked, the authorizing body shall notify the superintendent of public instruction in writing of the name of the school of excellence whose contract has terminated or been revoked and the date of contract termination or revocation.

(11) If a school of excellence's contract terminates or is revoked, title to all real and personal property, interest in real or personal property, and other assets owned by the school of excellence shall revert to the state. This property shall be distributed in accordance with the following:

(a) Within 30 days following the termination or revocation, the board of directors of a school of excellence shall hold a public meeting to adopt a plan of distribution of assets and to approve the dissolution of the school of excellence corporation, all in accordance with chapter 8 of the nonprofit corporation act, 1982 PA 162, MCL 450.2801 to 450.2864.

(b) The school of excellence shall file a certificate of dissolution with the department of licensing and regulatory affairs within 10 business days following board approval.
(c) Simultaneously with the filing of the certificate of dissolution under subdivision (b), the school of excellence board of directors shall provide a copy of the board of directors' plan of distribution of assets to the state treasurer for approval. Within 30 days, the state treasurer, or his or her designee, shall review and approve the board of directors' plan of distribution of assets. If the proposed plan of distribution of assets is not approved within 30 days, the state treasurer, or his or her designee, shall provide the board of directors with an acceptable plan of distribution of assets.

(d) The state treasurer, or his or her designee, shall monitor the school of excellence's winding up of the dissolved corporation in accordance with the plan of distribution of assets approved or provided under subdivision (c).

(e) As part of the plan of distribution of assets, the school of excellence board of directors shall designate the director of the department of technology, management, and budget, or his or her designee, to dispose of all real property of the school of excellence corporation in accordance with the directives developed for disposition of surplus land and facilities under section 251 of the management and budget act, 1984 PA 431, MCL 18.1251.

(f) If the board of directors of a school of excellence fails to take any necessary action under this section, the state treasurer, or his or her designee, may suspend the school of excellence board of directors and appoint a trustee to carry out the board's plan of distribution of assets. Upon appointment, the trustee shall have all the rights, powers, and privileges under law.
that the school of excellence board of directors had before being suspended.

(g) Following the sale of the real or personal property or interests in the real or personal property, and after payment of any school of excellence debt secured by the property or interest in property, whether real or personal, the school of excellence board of directors, or a trustee appointed under this section, shall forward any remaining money to the state treasurer. Following receipt, the state treasurer, or his or her designee, shall deposit this remaining money in the state school aid fund.

Sec. 1250. (1) Except as otherwise provided in this section, a school district, public school academy, or intermediate school district shall implement and maintain a method of compensation for its teachers and school administrators that includes job performance and job accomplishments as a significant factor in determining compensation and additional compensation. The assessment of job performance shall incorporate a rigorous, transparent, and fair evaluation system that evaluates a teacher's or school administrator's performance at least in part based upon data on student growth as measured by assessments and other objective criteria.

(2) If a collective bargaining agreement is in effect for teachers or school administrators of a school district, public school academy, or intermediate school district as of January 4, 2010, and if that collective bargaining agreement prevents compliance with subsection (1), then subsection (1) does not apply to that school district, public school academy, or intermediate
House Bill No. 5526 as amended December 13, 2018

school district until after the expiration of that collective bargaining agreement.

(3) For teachers and school administrators who are hired by a community district after the accountability system under section 390 has been implemented, [September 1, 2019,] the community district shall implement and maintain a method of compensation that includes job performance and job accomplishments as the primary factor in determining compensation and additional compensation. A teacher's or school administrator's job performance shall be evaluated based on the teacher's annual evaluation under section 1249 or the school administrator's annual evaluation under section 1249b, as applicable.

(4) For teachers and school administrators who are hired by a community district after the accountability system under section 390 has been implemented, SEPTEMBER 1, 2019, the community district shall not use length of service or achievement of an advanced degree as a factor in compensation levels or adjustments in compensation except as follows:

(a) For a teacher with a secondary level teaching certificate who has a subject area endorsement and who teaches in that subject area, an advanced degree achieved in that subject area may be considered as a factor in the teacher's base compensation.

(b) For a teacher with an elementary level teaching certificate who teaches in an elementary grade, an advanced degree in elementary education may be considered as a factor in the teacher's base compensation.
