This subsection and subsection (1) do not apply to any of the following:

(a) An individual who is employed by, under independent contract to, or granted clinical privileges in a covered facility before April 1, 2006. On or before April 1, 2011, an individual who is exempt under this subdivision and who has not been the subject of a criminal history check conducted in compliance with this section shall provide the department of state police with a set of fingerprints and the department of state police shall input those fingerprints into the automated fingerprint identification system database established under subsection (13). This exception includes, but is not limited to, an individual who is under an independent contract with the covered facility to provide utility, maintenance, construction, or communications services.

(3) An individual who applies for employment either as an employee or as an independent contractor or for clinical privileges with a staffing agency or covered facility and who has not been the subject of a criminal history check conducted in compliance with this section shall give written consent at the time of application for the department of state police to conduct a criminal history check under this section, along with identification acceptable to the department of state police. If the applicant has been the subject of a criminal history check conducted in compliance with this section, the applicant shall give written consent at the time of application for the covered facility or staffing agency to obtain the criminal history record information as prescribed in subsection (4) from the relevant licensing or regulatory department and for the department of state police to conduct a criminal history check under this section if the requirements of subsection (10) are not met and a request to the Federal Bureau of Investigation to make a determination of the existence of any national criminal history pertaining to the applicant is necessary, along with identification acceptable to the department of state police. Upon receipt of the written consent to obtain the criminal history record information and identification required under this subsection, the staffing agency or covered facility that has made a good faith offer of employment or an independent contract or clinical privileges to the applicant shall request the criminal history record information from the relevant licensing or regulatory department and shall make a request regarding that applicant to the relevant licensing or regulatory department to conduct a check of all relevant registries in the manner required in subsection (4). If the requirements of subsection (10) are not met and a request to the Federal Bureau of Investigation to make a subsequent determination of the existence of any national criminal history pertaining to the applicant is necessary, the covered facility or staffing agency shall proceed in the manner required in subsection (4). A staffing agency that employs an individual who regularly has direct access to or provides direct services to patients or residents under an independent contract with a covered facility shall submit information regarding the criminal history check conducted by the staffing agency to the covered facility that has made a good faith offer of independent contract to that applicant.

(4) Upon receipt of the written consent to conduct a criminal history check and identification required under subsection (3), a staffing agency or covered facility that has made a good faith offer of employment or an independent contract or clinical privileges to the applicant shall make a request to the department of state police to conduct a criminal history check on the applicant, to input the applicant's fingerprints into the automated fingerprint identification system database, and to forward the applicant's fingerprints to the Federal Bureau of Investigation. The department of state police shall request the Federal Bureau of Investigation to make a determination of the existence of any national criminal history pertaining to the applicant. The applicant shall provide the department of state police with a set of fingerprints. The request shall be made in a manner prescribed by the department of state police. The staffing agency or covered facility shall make the written consent and identification available to the department of state police. The

staffing agency or covered facility shall make a request regarding that applicant to the relevant licensing or regulatory department to conduct a check of all relevant registries established according to federal and state law and regulations for any substantiated findings of abuse, neglect, or misappropriation of property. If the department of state police or the Federal Bureau of Investigation charges a fee for conducting the criminal history check, the staffing agency or covered facility shall pay the cost of the charge. Except as otherwise provided in this subsection, if the department of state police or the Federal Bureau of Investigation charges a fee for conducting the criminal history check, the department shall pay the cost of or reimburse the charge for a covered facility that is a home for the aged. After October 1, 2018, if the department of state police or the Federal Bureau of Investigation charges a fee for conducting the criminal history check, the department shall pay the cost of the charge up to 40 criminal history checks per year for a covered facility that is a home for the aged with fewer than 100 beds and 50 criminal history checks per year for a home for the aged with 100 beds or more. The staffing agency or covered facility shall not seek reimbursement for a charge imposed by the department of state police or the Federal Bureau of Investigation from the individual who is the subject of the criminal history check. A prospective employee or a prospective independent contractor covered under this section may not be charged for the cost of a criminal history check required under this section. The department of state police shall conduct a criminal history check on the applicant named in the request. The department of state police shall provide the department with a written report of the criminal history check conducted under this subsection. The report shall contain any criminal history record information on the applicant maintained by the department of state police. The department of state police shall provide the results of the Federal Bureau of Investigation determination to the department within 30 days after the request is made. If the requesting staffing agency or covered facility is not a state department or agency and if criminal history record information is disclosed on the written report of the criminal history check or the Federal Bureau of Investigation determination that resulted in a conviction, the department shall notify the staffing agency or covered facility and the applicant in writing of the type of crime disclosed on the written report of the criminal history check or the Federal Bureau of Investigation determination without disclosing the details of the crime. Any charges imposed by the department of state police or the Federal Bureau of Investigation for conducting a criminal history check or making a determination under this subsection shall be paid in the manner required under this subsection. The notice shall include a statement that the applicant has a right to appeal the information relied upon by the staffing agency or covered facility in making its decision regarding his or her employment eligibility based on the criminal history check. The notice shall also include information regarding where to file and describing the appellate procedures established under section 20173b.

(5) If a covered facility determines it necessary to employ or grant clinical privileges to an applicant before receiving the results of the applicant's criminal history check or criminal history record information under this section, the covered facility may conditionally employ or grant conditional clinical privileges to the individual if all of the following apply:

(a) The covered facility requests the criminal history check or criminal history record information under this section upon conditionally employing or conditionally granting clinical privileges to the individual.

(b) The individual signs a statement in writing that indicates all of the following:

(i) That he or she has not been convicted of 1 or more of the crimes that are described in subsection (1)(a) to (g) within the applicable time period prescribed by each subdivision respectively.

(ii) That he or she is not the subject of an order or disposition described in subsection (1)(h).

(iii) That he or she has not been the subject of a substantiated finding as described in subsection (1)(i).

(iv) That he or she agrees that, if the information in the criminal history check conducted under this section does not confirm the individual's statements under subparagraphs (i) to (iii), his or her employment or clinical privileges will be terminated by the covered facility as required under subsection (1) unless and until the individual appeals and can prove that the information is incorrect.

(v) That he or she understands that the conditions described in subparagraphs (i) to (iv) may result in the termination of his or her employment or clinical privileges and that those conditions are good cause for termination.

(c) Except as otherwise provided in this subdivision, the covered facility does not permit the individual to have regular direct access to or provide direct services to patients or residents in the covered facility without supervision until the criminal history check or criminal history record information is obtained and the individual is eligible for that employment or clinical privileges. If required under this subdivision, the covered facility shall provide on-site supervision of an individual in the covered facility on a conditional basis under this subsection by an individual who has undergone a criminal history check conducted in compliance with this section. A covered facility may permit an individual in the covered facility on a conditional basis under this subsection to have regular direct access to or provide direct services to patients or residents in the covered facility without supervision if all of the following conditions are met:

(i) The covered facility, at its own expense and before the individual has direct access to or provides direct services to patients or residents of the covered facility, conducts a search of public records on that individual through the internet criminal history access tool maintained by the department of state police and the results of that search do not uncover any information that would indicate that the individual is not eligible to have regular direct access to or provide direct services to patients or residents under this section.

(ii) Before the individual has direct access to or provides direct services to patients or residents of the covered facility, the individual signs a statement in writing that he or she has resided in this state without interruption for at least the immediately preceding 12-month period.

(iii) If applicable, the individual provides to the department of state police a set of fingerprints on or before the expiration of 10 business days following the date the individual was conditionally employed or granted conditional clinical privileges under this subsection.

(6) The department shall develop and distribute a model form for the statements required under subsection (5)(b) and (c). The department shall make the model form available to covered facilities upon request at no charge.

(7) If an individual is employed as a conditional employee or is granted conditional clinical privileges under subsection (5), and the information under subsection (3) or report under subsection (4) does not confirm the individual's statement under subsection (5)(b)(i) to (iii), the covered facility shall terminate the individual's employment or clinical privileges as required by subsection (1).

(8) An individual who knowingly provides false information regarding his or her identity, criminal convictions, or substantiated findings on a statement described in subsection (5)(b)(i) to (iii) is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than \$500.00, or both.

(9) A staffing agency or covered facility shall use criminal history record information obtained under subsection (3) or (4) only for the purpose of evaluating an applicant's qualifications for employment, an independent contract, or clinical privileges in the position for which he or she has applied and for the purposes of subsections (5) and (7). A staffing agency or covered facility or an employee of the staffing agency or covered facility shall not disclose criminal history record information obtained under subsection (3) or (4) to a person who is not directly involved in evaluating the applicant's qualifications for employment, an independent contract, or clinical privileges. An individual who knowingly uses or disseminates the criminal history record information obtained under subsection (3) or (4) in violation of this subsection is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than \$1,000.00, or both. Except for a knowing or intentional release of false information, a staffing agency or covered facility has no liability in connection with a criminal history check conducted in compliance with this section or the release of criminal history record information under this subsection.

(10) Upon consent of an applicant as required in subsection (3) and upon request from a staffing agency or covered facility that has made a good faith offer of employment or an independent contract or clinical privileges to the applicant, the relevant licensing or regulatory department shall review the criminal history record information, if any, and notify the requesting staffing agency or covered facility of the information in the manner prescribed in subsection (4). Until the department of state police can participate with the Federal Bureau of Investigation's automatic notification system similar to the system required of the state police under subsection (13) and federal regulations allow the federal criminal record to be used for subsequent authorized uses, as determined in an order issued by the department, a staffing agency or covered facility may rely on the criminal history record information provided by the relevant licensing or regulatory department under this subsection and a request to the Federal Bureau of Investigation to make a subsequent determination of the existence of any national criminal history pertaining to the applicant is not necessary if all of the following requirements are met:

(a) The criminal history check was conducted during the immediately preceding 12-month period.

(b) The applicant has been continuously employed by the staffing agency or a covered facility, adult foster care facility, or mental health facility since the criminal history check was conducted in compliance with this section or meets the continuous employment requirement of this subdivision other than being on layoff status for less than 1 year from a covered facility, adult foster care facility, or mental health facility.

(c) The applicant can provide evidence acceptable to the relevant licensing or regulatory department that he or she has been a resident of this state for the immediately preceding 12-month period.

(11) As a condition of continued employment, each employee, independent contractor, or individual granted clinical privileges shall do each of the following:

(a) Agree in writing to report to the staffing agency or covered facility immediately upon being arraigned for 1 or more of the criminal offenses listed in subsection (1)(a) to (g), upon being convicted of 1 or more of the criminal offenses listed in subsection (1)(a) to (g), upon becoming the subject of an order or disposition described under subsection (1)(h), and upon being the subject of a substantiated finding of neglect, abuse, or misappropriation of property as described in subsection (1)(i). Reporting of an arraignment under this subdivision is not cause for termination or denial of employment.

(b) If a set of fingerprints is not already on file with the department of state police, provide the department of state police with a set of fingerprints.

(12) In addition to sanctions set forth in section 20165, a licensee, owner, administrator, or operator of a staffing agency or covered facility who knowingly and willfully fails to conduct the criminal history checks as required under this section is guilty of a misdemeanor punishable by imprisonment for not more than 1 year or a fine of not more than \$5,000.00, or both.

(13) The department of state police and the Federal Bureau of Investigation shall store and retain all fingerprints submitted under this section and provide for an automatic notification if and when subsequent criminal information submitted into the system matches a set of fingerprints previously submitted under this section. Upon such notification, the department of state police shall immediately notify the department and the department shall immediately contact each respective staffing agency or covered facility with which that individual is associated. Information in the database established under this subsection is confidential, is not subject to disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246, and shall not be disclosed to any person except for purposes of this act or for law enforcement purposes.

(14) The department shall maintain an electronic web-based system to assist staffing agencies and covered facilities required to check relevant registries and conduct criminal history checks of its employees, independent contractors, and individuals granted privileges and to provide for an automated notice to those staffing agencies and covered facilities for those individuals inputted in the system who, since the initial criminal history check, have been convicted of a disqualifying offense or have been the subject of a substantiated finding of abuse, neglect, or misappropriation of property. The department may charge a staffing agency a 1-time set-up fee of up to \$100.00 for access to the electronic web-based system under this section.

(2) "Home for the aged" or a similar term or abbreviation shall not be used to describe or refer to a health facility or agency unless the health facility or agency is licensed as a home for the aged by the department under this article.

(3) Except as otherwise provided in this subsection, a home for the aged shall not admit an individual under 55 years of age. Upon the request of a home for the aged and subject to subsection (4), the director shall waive the age limitation imposed by this subsection if the individual, the individual's guardian or other legal representative, if appointed, and the owner, operator, and governing body of the home for the aged, upon consultation with the individual's physician, agree on each of the following:

Within 5 days after receipt of the information required under this subsection, the director shall determine if that documentation collectively substantiates each of the points of agreement necessary under subsection (3) and approve or deny the waiver. If denied, the director shall send a written notice of the denial and the reasons for denial to the requesting party.

Sec. 21311a. (1) Beginning on the effective date of the amendatory act that added this section, an exemption from licensure as a home for the aged under this article shall be given to an existing facility or a facility under construction if the requirements of subsection (3) are met and 1 of the following applies:

(a) The person that offers board is not related to the person that provides room or supervised personal care, or both.

(b) The person that provides supervised personal care, whether or not related to the person that provides room or board, or both, has had a supervised personal care arrangement in effect for at least 2 consecutive years before the date of the attestation required under subsection (3) and residents at the facility have the option to select any supervised personal care provider of their choice.

(2) An exemption from licensure as a home for the aged under this article shall be given to a facility or a facility under construction if the requirements of subsection (3) are met and 1 of the following applies:

(b) The person that provides room and the person that provides supervised personal care are not related and residents at the facility have the option to select any supervised personal care from a person of their choice.

(3) The department shall make a determination that a facility is exempt from licensure as a home for the aged under this article if the owner, operator, or governing body of the facility submits an attestation to the department that certifies that all of the requirements under subsection (1)(a) or (b) or (2)(a) or (b) are met, is signed by the owner, operator, or governing body for the facility, and includes an acknowledgment that the penalty for submitting a false or inaccurate attestation is an administrative fine of \$5,000.00.

(4) An exemption granted under this section continues to exist for a successor owner, operator, or governing body if the successor files the attestation required under subsection (3). An exemption under subsection (1)(a) or (b) shall not

An exemption under subsection (2)(a) or (b) is not limited to an existing facility or a facility under construction on or before the effective date of the amendatory act that added this section as long as the requirements of this section are met.

(5) The department shall act on an application for exemption requested under this section as soon as practicable but no later than 60 days after receipt of the application for the exemption.

(6) A denial of an application for exemption, an issuance of a fine, or a revocation of an exemption is, upon the applicant providing further information, subject to a review by the department or an appeal as provided in section 1205, or both.

(7) An exemption granted under this section may be revoked if the department determines 1 of the following:

(a) That the false or inaccurate information provided in the attestation was material to granting the exemption.

(b) The person receiving the exemption is found to be negligent, which negligence results in serious physical injury, death of a resident, or serious mental anguish, and there continues to be a risk to the health and safety of the residents at that facility.
