THE PEOPLE OF THE STATE OF MICHIGAN ENACT:

1 Sec. 1278a. (1) Except as otherwise provided in this section
2 or section 1278b, beginning with pupils entering grade 8 in 2006,
3 the board of a school district or board of directors of a public
4 school academy shall not award a high school diploma to a pupil
5 unless the pupil meets all of the following:

6 (a) Has successfully completed all of the following credit
7 requirements of the Michigan merit standard before graduating from
8 high school:

1 (i) At least 4 credits in mathematics that are aligned with
2 subject area content expectations developed by the department and

4 completion of at least algebra I, geometry, and algebra II, or an
5 integrated sequence of this course content that consists of 3
6 credits, and an additional mathematics credit, such as
7 trigonometry, statistics, precalculus, calculus, applied math,
8 accounting, business math, a retake of algebra II, or a course in
9 financial literacy as described in section 1165. A pupil may
10 complete algebra II over 2 years with 2 credits awarded or over 1.5
11 years with 1.5 credits awarded for the purposes of this section and
12 section 1278b. A pupil also may partially or fully fulfill the
13 algebra II requirement by completing a department-approved formal
14 career and technical education program or curriculum, such as a
15 program or curriculum in electronics, machining, construction,
16 welding, engineering, computer science, or renewable energy, and in
17 that program or curriculum successfully completing the same content
18 as the algebra II benchmarks assessed on the department-prescribed
19 state high school assessment, as determined by the department. The
20 department shall post on its website guidelines for implementation
21 of the immediately preceding sentence. Each pupil must successfully
22 complete at least 1 mathematics course during his or her final year

26 with subject area content expectations developed by the department
27 and approved by the state board under section 1278b, including

1 completion of at least 1 credit in United States history and

4 1/2-credit economics requirement may be satisfied by completion of
5 at least a 1/2-credit course in personal economics that includes a
6 financial literacy component as described in section 1165, if that
7 course covers the subject area content expectations for economics
8 developed by the department and approved by the state board under

16 public school academy for approved participation in extracurricular
17 athletics or other extracurricular activities involving physical
18 activity.

19 (iv) At least 1 credit in visual arts, performing arts, or

9 integrated an online experience throughout the high school
10 curriculum by ensuring that each teacher of each course that
11 provides the required credits of the Michigan merit curriculum has
12 integrated an online experience into the course.

13 (2) In addition to the requirements under subsection (1),
14 beginning with pupils entering grade 3 in 2006, the board of a
15 school district or board of directors of a public school academy

18 that are grade-appropriate in a language other than English or
19 course work or other learning experiences that are substantially
20 equivalent to 2 credits in a language other than English, based on
21 guidelines developed by the department. ~~For pupils who graduate~~
22 ~~from high school in 2016, 2017, 2018, 2019, 2020, or 2021 only, a~~ **A**

2 encouraged to ensure that all pupils complete at least 1 credit in
3 a language other than English in grades K to 6. For the purposes of
4 this subsection, all of the following apply:

6 other than English.

7 (b) The pupil may meet all or part of this requirement with
8 online course work.

9 (3) The requirements under this section and section 1278b for
10 a high school diploma are in addition to any local requirements
11 imposed by the board of a school district or board of directors of
12 a public school academy. The board of a school district or board of
13 directors of a public school academy, as a local requirement for a
14 high school diploma, may require a pupil to complete the Michigan
15 merit examination under section 1279g or may require a pupil to
16 participate in the MIAccess assessments if appropriate for the
17 pupil.

18 (4) For the purposes of this section and section 1278b, all of
19 the following apply:

20 (a) A pupil is considered to have completed a credit if the
21 pupil successfully completes the subject area content expectations
22 or guidelines developed by the department that apply to the credit.
23 For a career and technical education credit, a school district or
24 public school academy may supplement those content expectations and
25 guidelines with additional guidelines developed by the school
26 district or public school academy.

27 (b) A school district or public school academy shall base its

1 determination of whether a pupil has successfully completed the
2 subject area content expectations or guidelines developed by the
3 department that apply to a credit at least in part on the pupil's
4 performance on the assessments developed or selected by the
5 department under section 1278b or on 1 or more assessments
6 developed or selected by the school district or public school
7 academy that measure a pupil's understanding of the subject area
8 content expectations or guidelines that apply to the credit.

9 (c) A school district or public school academy shall also
10 grant a pupil a credit if the pupil earns a qualifying score, as
11 determined by the department, on the assessments developed or
12 selected for the subject area by the department under section 1278b
13 or the pupil earns a qualifying score, as determined by the school
14 district or public school academy, on 1 or more assessments
15 developed or selected by the school district or public school
16 academy that measure a pupil's understanding of the subject area
17 content expectations or guidelines that apply to the credit.

18 (5) If a high school is designated by the superintendent of
19 public instruction as a specialty school and the high school meets
20 the requirements of subsection (6), then the pupils of the high
21 school are not required to successfully complete the 4 credits in
22 English language arts required under section 1278b(1)(a) or the 3
23 credits in social science required under subsection (1)(a)(ii) and
24 the school district or public school academy is not required to
25 ensure that each pupil is offered the curriculum necessary for
26 meeting those English language arts or social science credit
27 requirements. The superintendent of public instruction may

1 designate up to 15 high schools that meet the requirements of this
2 subsection as specialty schools. Subject to this maximum number,
3 the superintendent of public instruction shall designate a high
4 school as a specialty school if the superintendent of public
5 instruction finds that the high school meets all of the following
6 criteria:

7 (a) The high school incorporates a significant reading and
8 writing component throughout its curriculum.

9 (b) The high school uses a specialized, innovative, and
10 rigorous curriculum in such areas as performing arts, foreign
11 language, extensive use of internships, or other learning
12 innovations that conform to pioneering innovations among other
13 leading national or international high schools.

14 (6) A high school that is designated by the superintendent of
15 public instruction as a specialty school under subsection (5) is
16 only exempt from requirements as described under subsection (5) as
17 long as the superintendent of public instruction finds that the
18 high school continues to meet all of the following requirements:

19 (a) The high school clearly states to prospective pupils and
20 their parents that it does not meet the requirements of the
21 Michigan merit standard under this section and section 1278b but is
22 a designated specialty school that is exempt from some of those
23 requirements and that a pupil who enrolls in the high school and
24 subsequently transfers to a high school that is not a specialty
25 school meeting the requirements of this subsection will be required
26 to comply with the requirements of the Michigan merit standard
27 under this section and section 1278b.

1 (b) For the most recent year for which the data are available,
2 the mean scores on both the mathematics and science portions of the
3 ACT examination for the pupils of the high school exceed by at
4 least 10% the mean scores on the mathematics and science portions
5 of the ACT examination for the pupils of the school district in
6 which the greatest number of the pupils of the high school reside.

7 (c) For the most recent year for which the data are available,
8 the high school had a graduation rate of at least 85%, as
9 determined by the department.

10 (d) For the most recent year for which the data are available,
11 at least 75% of the pupils who graduated from the high school the
12 preceding year are enrolled in a postsecondary institution.

13 (e) All pupils of the high school are required to meet the
14 mathematics credit requirements of subsection (1)(a)(i), with no
15 modification of these requirements under section 1278b(5), and each
16 pupil is offered the curriculum necessary to meet this requirement.

17 (f) All pupils of the high school are required to meet the
18 science credit requirements of section 1278b(1)(b) and are also
19 required to successfully complete at least 1 additional science
20 credit, for a total of at least 4 science credits, with no
21 modification of these requirements under section 1278b(5), and each
22 pupil is offered the curriculum necessary to meet this requirement.

23 Enacting section 1. This amendatory act takes effect 90 days
24 after the date it is enacted into law.
