Overview
The Michigan Department of Corrections (MDOC) is responsible for operation and maintenance of the state’s 28 correctional facilities that house felony offenders sentenced to prison. This includes provision of physical and mental health care, education, food service, transportation, and reintegration programming. The department is also responsible for supervision of all parolees and probationers under the department’s jurisdiction and has oversight over community corrections programs and other programs designed to encourage alternatives to prison placement for appropriate offenders. As of May 1, 2021, the department was responsible for 77,808 Michigan offenders: 32,841 prisoners, 32,565 probationers, and 12,402 parolees. From 1 year ago, the total number of offenders decreased by 12,652, or by 14.0%. The number of prisoners decreased by 4,144, or 11.2%, the number of probationers decreased by 8,010, or 19.7%, and the number of parolees decreased by 498, or 3.9%.

Major Budget Changes from FY 2020-21 YTD Appropriations

1. Restore GF for Payroll for Frontline Workers – Fund Shift
   Executive restores $191.0 million GF/GP that was reduced from the FY 2020-21 budget and replaced with federal Coronavirus Relief Fund revenue. Federal funding was allocated to support payroll costs for frontline workers throughout the department, but primarily at correctional facilities. Federal funding has been exhausted and GF/GP needs to be restored for ongoing departmental payroll costs. House concurs.

2. John and Jane Does v Department of Corrections Settlement
   Executive includes $40.0 million GF/GP to support the final 2 payments of the John and Jane Does v Department of Corrections settlement agreement. The remaining payments will be made on October 15, 2021 ($25.0 million) and on October 15, 2022 ($15.0 million). The case involved approximately 1,300 members that were incarcerated October 2010 through the date of the settlement, March 2020. The lawsuits claimed a variety of injuries including sexual assault and harassment, inappropriate use of segregation, and deprivation of educational and rehabilitative experiences due to the young age of the members. The case settled for $80.0 million total inclusive of attorney fees and costs. House does not include funding in the FY 2021-22 appropriations bill for the department. Instead, House proposes to include funding in a supplemental appropriations bill.

House Fiscal Agency 1 5/14/2021
3. Savings from Closure of the Detroit Reentry Center
Executive reflects a net reduction of $10.5 million GF/GP and 202.4 FTE positions resulting from closure of the Detroit Reentry Center on January 9, 2021. The savings amount is the net amount that results from reduced costs for operations and administration at the center, a shift of funding for the prisoner dialysis unit that was transferred to the Woodland Correctional Facility, and a shift of funding for the parole violators who were transferred to the Macomb Correctional Facility. House concurs.

4. Training for New Custody Staff
Executive includes $7.4 million GF/GP to train additional corrections officers in an effort to reduce the number of vacant positions and meet projected attrition needs. Funding supports salary and payroll costs of new officers while they participate in training, as well as costs for uniforms, training materials, certifications, food, travel, and lodging. In FY 2019-20, an average of 52 custody staff left the department each month. With $7.4 million added to the FY 2020-21 base of $13.9 million, and with expenditure of carried forward work project account funding from prior years, the department will be able to train an estimated 800 new officers in FY 2021-22. House concurs.

5. Employee Wellness Programming
Executive includes $809,400 GF/GP to support additional employee wellness resources and support services for department employees. House includes $930,300 GF/GP and authorization for 1.0 additional FTE position to support expanded employee wellness resources and support services.

6. Administrative Hearing Caseload Increase
Executive restores $204,000 of GF/GP that was reduced from the FY 2020-21 budget as part of statewide budget reductions. Funding would be used to support departmental billings for administrative hearings through the LARA Michigan Office of Administrative Hearings and Rules. The number of hearings increased by over 9% from 2019 to 2020. House does not restore funding.

7. Transportation Costs for Prison Industries
Executive includes an additional $72,000 in state restricted funding authorization for Prison Industries Operations to cover increased transportation costs resulting from moving more of MSI-made goods sold to correctional facilities. House concurs.

8. Economic Adjustments
Executive reflects a net reduction of $4.7 million Gross ($4.6 million GF/GP) for negotiated salary and wage increases (2.0% on October 1, 2021 and 1.0% on April 1, 2022), actuarially required retirement contributions, worker’s compensation, building occupancy charges, and other economic adjustments. House concurs.

9. Eliminate Current Year One-Time Funding
Executive reduces the budget by $15.0 million GF/GP to reflect elimination of one-time funding included in the FY 2020-21 budget. Eliminated funding was for the third payment of the John and Jane Does v Department of Corrections settlement agreement. House concurs.

10. Technical Adjustments
Executive makes internal FTE adjustments, funding adjustments, and transfers throughout the budget, which have no overall Gross or GF/GP impact. Adjustments are made to more accurately reflect employee counts and where expenditures occur. House concurs.
