SENATE BILL NO. 726

November 10, 2021, Introduced by Senator ZORN and referred to the Committee on Education and Career Readiness.

THE PEOPLE OF THE STATE OF MICHIGAN ENACT:

Sec. 61. (1) Except as otherwise provided in this section, if a retirant is receiving a retirement allowance other than a disability allowance payable under this act or under former 1945 PA 136, on account of either age or years of personal service performed, or both, and becomes employed by a reporting unit, the
following must occur:

(a) The retirant is not entitled to a new final average compensation or additional service credit under this retirement system unless additional service is performed equivalent to 5 or more years of service credit or, if the retirant has contributed to the member investment plan, the equivalent of 3 or more years of service credit. The retirant may elect to have the retirement allowance recomputed based on the added credit or the final average compensation resulting from the added service, or both. A retirement allowance must not be recomputed until the retirant pays into the retirement system an amount equal to the retirant's new final average compensation multiplied by the percentage determined under section 41(2) for normal cost and unfunded actuarial accrued liabilities, not including the percentage required for the funding of health benefits, multiplied by the total service credit in the period in which the retirant's additional service was performed.

(b) The retirant's retirement allowance must be reduced by the lesser of the amount that the earnings in a calendar year exceed the amount permitted without a reduction of benefits under the social security act, chapter 531, 49 Stat 620, or 1/3 of the retirant's final average compensation. For purposes of computing allowable earnings under this subdivision, the final average compensation must be increased by 5% for each full year of retirement.

(2) The retirement system may offset retirement benefits payable under this act against amounts owed to the retirement system by a retirant or retirement allowance beneficiary.

(3) Subsection (1) does not apply to a retirant if all of the following circumstances exist:
(a) The retirant is a former teacher or administrator employed in a teaching or research capacity by a university that is considered a reporting unit for the limited purpose described in section 7(3). A university that employs a retirant under this subsection shall report that employment to the retirement system by July 1 of each year. The university shall include in the report the name of the retirant, the capacity in which the retirant is employed, and the total annual compensation paid to the retirant.

(b) The retirant is not eligible to use any service or compensation attributable to the employment described in subdivision (a) for a recomputation of his or her retirement allowance.

(4) Not later than April 1 of each year, the superintendent of public instruction shall compile a listing of critical shortage disciplines based on evidence of a shortage for each discipline. The department of education shall post the listing and the accompanying evidence on its website. If a discipline is not included in the listing of critical shortage disciplines, 2 or more contiguous reporting units may submit a written request to the superintendent of public instruction to add a discipline to the listing. The request must include evidence of a shortage of the discipline in those contiguous reporting units. If the superintendent of public instruction determines that there is a shortage of the discipline in those contiguous reporting units, the superintendent of public instruction shall add the discipline to the listing. A discipline added under a request under this subsection applies only to those contiguous reporting units. For purposes of this subsection, a reporting unit that is a public school academy is considered contiguous to any other reporting unit.
in which the public school academy is located.

(5) Until July 1, 2025, subsection (1) does not apply to a retirant if all of the following circumstances exist:

(b) The retirant is not eligible to use any service or compensation attributable to the employment described in subdivision (a) for a recomputation of his or her retirement allowance.
