(a) An application in a form and manner prescribed by the director that is signed by an officer or individual responsible for the conduct or affairs of the pharmacy benefit manager verifying that the contents of the application form and any attachments are correct. The application form must include, but is not limited to, all of the following:

(ii) A copy of a power of attorney duly executed by the pharmacy benefit manager if not domiciled in this state, appointing the director, the director's successors in office, and the director's authorized deputies as the attorney of the pharmacy benefit manager in and for this state, on whom process in any legal action or proceeding against the pharmacy benefit manager on a cause of action arising in this state may be served.

(iii) The names, addresses, official positions, and professional qualifications of each individual who is responsible for the conduct of the affairs of the pharmacy benefit manager.

(iv) A copy of recent financial statements showing the pharmacy benefit manager's assets, liabilities, and sources of financial support that the director determines are sufficient to show that the pharmacy benefit manager is financially viable. If the pharmacy benefit manager's financial statements are prepared by an independent public accountant, a copy of the most recent regular financial statement satisfies the requirement to show financial viability unless the director determines that additional or more recent financial information is required for the proper administration of this act.

(v) A description of the pharmacy benefit manager, its services, facilities, and personnel.

(vi) A document in which the pharmacy benefit manager confirms that its business practices and each ongoing contract comply with this act.

(b) An application fee as provided by the director by rule.

(3) Within 30 days after any significant modification of information submitted with the application for a license under subsection (2), a pharmacy benefit manager shall file a notice of the modification with the director.

(4) The director may refuse to issue a license under this act if the director determines that the pharmacy benefit manager is not financially viable or that the pharmacy benefit manager or any individual responsible for the conduct of the affairs of the pharmacy benefit manager has had a pharmacy benefit manager certificate of authority or license denied or revoked for cause in another state.

(5) The director may deny, suspend, or revoke the license of a pharmacy benefit manager, or may issue a cease and desist order if the pharmacy benefit manager is not licensed, if the director finds, after notice and opportunity for hearing, any of the following:

(a) That the pharmacy benefit manager has violated any lawful rule or order of the director or any law of this state applicable to the pharmacy benefit manager.

(b) That the pharmacy benefit manager has refused to be examined or to produce its accounts, records, and files for examination, or if any individual responsible for the conduct of affairs of the pharmacy benefit manager has refused to give information with respect to its affairs or has refused to perform any other legal obligation as to an examination when required by the director.

(c) That the pharmacy benefit manager has, without just cause, refused to pay proper claims or perform services arising under its contracts or has, without just cause, caused covered persons or enrollees to accept less than the amount due them or caused covered persons or enrollees to employ attorneys or bring suit against the pharmacy benefit manager or a payor that it represents to secure full payment or settlement of the claims.

(d) That the pharmacy benefit manager is required under this act to have a license and fails at any time to meet any qualification for which issuance of a license could have been refused had the failure then existed and been known to the director, unless the director issued a license with knowledge of the ground for disqualification and had the authority to waive it.

(e) That any individual responsible for the conduct of affairs of the pharmacy benefit manager has been convicted of, or has entered a plea of guilty or nolo contendere to, a felony without regard to whether adjudication was withheld.

(f) That the pharmacy benefit manager's license has been suspended or revoked in another state.

(6) If a pharmacy benefit manager's license is suspended or restricted, the director may permit the operation of the pharmacy benefit manager for a limited time not to exceed 60 days. However, the director may permit a pharmacy benefit manager whose license has been suspended or restricted to operate for a period that exceeds 60 days if the director determines that the continued operation of the pharmacy benefit manager is in the

beneficial interests of covered persons by ensuring minimal disruptions to the continuity of care. A pharmacy benefit manager whose license has been suspended or restricted is subject to a fine each month, as determined by the director, not to exceed \$20,000.00 per month, until the pharmacy benefit manager has remedied the violation leading to the suspension or restriction.

(7) The director may revoke the license of a pharmacy benefit manager if the pharmacy benefit manager has been operating under a suspended license for a period of more than 60 days.

(8) For purposes of this section, a pharmacy benefit manager has the same rights to notice and hearings that are provided to an insurer under the insurance code of 1956, 1956 PA 218, MCL 500.100 to 500.8302.

(9) The director may investigate officers, directors, and owners of a pharmacy benefit manager in the same manner as officers, directors, and owners of a business entity licensed under the insurance code of 1956, 1956 PA 218, MCL 500.100 to 500.8302.

(10) To renew a license as a pharmacy benefit manager, an applicant shall submit to the director all of the following:

Sec. 13. (1) The director shall promulgate rules that are necessary or required to implement this act.

(2) The rules promulgated by the director under subsection (1) must include fines, suspension of licensure, restriction of licensure, and revocation of licensure in accordance with this act.

Sec. 15. (1) A pharmacy benefit manager shall exercise good faith and fair dealing in the performance of its contractual duties to a health plan or network pharmacy. A provision in a contract that attempts to waive or limit the obligation under this subsection is void.

(2) A pharmacy benefit manager shall notify a health plan in writing of any activity, policy, or practice of the pharmacy benefit manager that directly or indirectly presents a conflict of interest with the duties imposed in this section.

(3) A pharmacy benefit manager shall not directly or indirectly, including indirectly through a pharmacy services administrative organization, charge or hold a pharmacist or pharmacy responsible for a fee related to a claim or reduce the amount of the claim at the time of the claim's adjudication or after the claim is adjudicated.

(4) This section does not apply to an audit under section 28 of a pharmacy's records if either of the following applies:

(a) The review of claims data or statements indicates fraud, abuse, other intentional misconduct, or waste.

(b) An investigative method, other than a review described in subdivision (a), indicates that the pharmacy is or has committed fraud or other intentional misrepresentation.

(5) Except for the recoupment of money under an audit conducted under section 28, a pharmacy benefit manager shall not recoup money from a pharmacist or pharmacy in connection with a claim for which the pharmacist or pharmacy has been paid unless the recoupment is required by law.

Sec. 17. (1) A pharmacy benefit manager shall provide a reasonably adequate and accessible retail pharmacy benefit manager network for the provision of drugs for a health plan that must provide for convenient enrollee access to pharmacies within a reasonable distance from an enrollee's residence, as determined by the director. For purposes of this subsection, retail pharmacy benefit manager network does not include a mail-order pharmacy or specialty pharmacy.

(2) A pharmacy benefit manager shall submit to the director a retail pharmacy benefit manager network adequacy report that describes the retail pharmacy benefit manager network and the retail pharmacy benefit manager network's accessibility in this state. The report must categorize the network by urban, suburban, and rural geography and must include the applicable zip codes.

(3) A pharmacy benefit manager may apply for a waiver from the director if the pharmacy benefit manager is unable to meet the network adequacy requirements under subsection (1).

(4) To apply for a waiver under subsection (3), a pharmacy benefit manager must submit to the director an application in a form and manner prescribed by the director that does both of the following:

(a) Demonstrates with specific data why the pharmacy benefit manager is not able to meet the network adequacy requirements under subsection (1).

(b) Includes information as to the steps that the pharmacy benefit manager has taken and will take to address network adequacy.

(5) If the director grants a waiver under subsection (3), the waiver expires after 2 years. If a pharmacy benefit manager seeks a renewal of the waiver, the director must consider the steps that the pharmacy benefit manager has taken over the 2-year period covered by the waiver to address network adequacy.

(6) A pharmacy benefit manager shall not conduct spread pricing in this state. However, if a contract between a plan sponsor and a health plan is in effect on the effective date of this act and the contract conflicts with this subsection, for that contract, this subsection applies to the pharmacy benefit manager beginning on the date the contract is amended, extended, or renewed, or before January 1, 2028, whichever is earlier.

(7) A pharmacy benefit manager shall not charge a pharmacy or pharmacist a fee to process a claim electronically.

Sec. 19. (1) A pharmacy benefit manager shall not discriminate against a nonaffiliated pharmacy that is a retail pharmacy.

(2) A pharmacy benefit manager shall not impose limits, including quantity limits or refill frequency limits, on an enrollee's access to retail prescription drugs that differ based solely on whether the pharmacy benefit manager has an ownership interest in a pharmacy or the pharmacy has an ownership interest in the pharmacy benefit manager.

(3) A pharmacy benefit manager or carrier shall not prohibit a 340B Program entity or a pharmacy that has a license in good standing in this state under contract with a 340B Program entity from participating in the pharmacy benefit manager's or carrier's provider network solely because it is a 340B Program entity or a pharmacy under contract with a 340B Program entity. A pharmacy benefit manager or carrier shall not reimburse a 340B Program entity or a pharmacy under contract with a 340B Program entity differently than other similarly situated pharmacies. As used in this subsection, "340B Program entity" means an entity authorized to participate in the federal 340B Program under section 340B of the public health service act, 42 USC 256b.

(7) A pharmacy benefit manager shall not unreasonably restrict an enrollee or covered person from using a particular network retail pharmacy for the purposes of receiving pharmacist services covered by the enrollee's or covered person's health plan.

(8) Before a prescription is dispensed, an affiliated pharmacy shall disclose to an enrollee or covered person that the affiliated pharmacy is an affiliated pharmacy and that the enrollee or covered person is not obligated to use the affiliated pharmacy.

(9) This section does not prohibit a health plan or carrier from doing any of the following:

(a) Offering customized pharmacy network options to its clients.

(b) Offering mail order of specialty treatments.

(c) Establishing a tiered network.

Sec. 21. (1) A contract between a pharmacy benefit manager and a pharmacist or a pharmacy that provides drug coverage for health plans must not prohibit or restrict a pharmacy or pharmacist from, or penalize a pharmacy or pharmacist for, disclosing to a covered person or enrollee health care information that the pharmacy or pharmacist considers appropriate regarding any of the following:

(a) The nature of the treatment or the risks or the alternatives to the treatment.

(b) The availability of alternate therapies, consultations, or tests.

(2) A pharmacy benefit manager shall not prohibit a pharmacy or pharmacist from discussing information regarding the total cost for pharmacist services for a drug or from selling a more affordable alternative to the covered person or enrollee if a more affordable alternative is available.

(3) A carrier, health plan, or pharmacy benefit manager shall not require a covered person or enrollee to make a payment for a prescription drug at the point of sale in an amount greater than the lesser of the following:

- (a) The applicable copayment, coinsurance, and deductible.
- (b) The final reimbursement amount to the network pharmacy.

Sec. 23. (1) Unless otherwise required more frequently by the director, by April 1, 2025 and each April 1 after that date, except as otherwise provided in subsection (5), a pharmacy benefit manager shall file a transparency report with the director that contains the information required under subsection (2) from the preceding calendar year. The report must contain aggregate data and must not contain any information that the director determines would cause financial, competitive, or proprietary harm to a pharmacy benefit manager or carrier that the pharmacy benefit manager services. The department shall post the report required under this subsection on the department's website.

(5) This section does not apply to a contract between a pharmacy benefit manager and the department of health and human services under Medicaid. (e) Investigate and resolve an appeal under this subsection within 14 calendar days after the pharmacy benefit manager receives the appeal. An appeal under this subsection must be submitted to the pharmacy benefit manager not later than 45 calendar days after the date the pharmacy's claim for reimbursement has been adjudicated.

 - (iv) The prescription was a medication error by the pharmacy.
 - (v) The overpayment is solely based on an extra dispensing fee.
- (m) Establish a written appeals process that includes a process to appeal preliminary audit reports and final audit reports prepared under this section. A pharmacy has 30 days after the pharmacy receives the final audit report to file an appeal under this section.
- (n) Not limit the days’ supply for unit-of-use items, such as topicals, drops, vials, and inhalants, beyond manufacturer recommendations.
 - (o) If the only commercially available package size exceeds the maximum days’ supply, not use the dispensing of the package size as the basis for recoupment.
 - (p) If the only commercially available package size exceeds the maximum days’ supply and the claim was affirmatively adjudicated, not recoup the claim as an early refill.
 - (q) In conducting an audit of wholesale invoices, all of the following:
 - (i) Not audit the claims of another carrier or pharmacy benefit manager.
 - (ii) Within 5 business days after a request by the audited pharmacy, provide supporting documentation provided to the carrier or pharmacy benefit manager by the audited pharmacy’s suppliers.
 - (iii) Not utilize any of the following as a basis for recoupment:
 - (A) The national drug code for the dispensed drug is in a quantity that is a subunit or multiple of the purchased drug as reflected on a supporting wholesale invoice.
 - (B) The correct quantity dispensed is reflected on the audited pharmacy claim.
 - (C) The drug dispensed by the pharmacy on an audited pharmacy claim is identical to the labeler and product code section under the national drug code. A difference in the package code under the national drug code is not subject to recoupment.
 - (iv) Accept as evidence each of the following:
 - (A) Supplier invoices issued to the audited pharmacy before the date of dispensing the drug underlying the audited claim.
 - (B) Invoices issued to the audited pharmacy from any supplier permitted by law to transfer ownership of the drug acquired by the audited pharmacy, subject to validation by the supplier.
 - (C) Copies of supplier invoices in the possession of the audited pharmacy.
- (2) Upon completion of an audit of a pharmacy, the carrier or pharmacy benefit manager shall do all of the following:
 - (a) Deliver a preliminary written audit report to the pharmacy not later than 60 days after the completion of the audit. The preliminary written audit report must include contact information for the person performing the audit and a description of the appeals process established under subsection (1)(m).
 - (b) Allow the pharmacy at least 30 days after its receipt of the preliminary written audit report under subdivision (a) to produce documentation to address any discrepancy found during the audit.
 - (c) If an appeal is not filed, deliver a final written audit report to the pharmacy within 90 days after the time described in subdivision (b) has elapsed. If an appeal is filed, deliver a final written audit report to the pharmacy within 90 days after the conclusion of the appeal.
 - (d) Except as otherwise provided in this section, recoup disputed money or overpayments or restore underpayments only after the final written audit report is delivered to the pharmacy under subdivision (c).
- (3) Except as required by federal law, a carrier or pharmacy benefit manager shall not conduct an extrapolation audit in calculating recoupments, restoration, or penalties for an audit under this section. For the purposes of this subsection, “extrapolation audit” means an audit of a sample of prescription drug benefit claims submitted by a pharmacy to the carrier that is then used to estimate audit results for a larger batch or group of claims not

reviewed during the audit.

(4) Any clerical or record-keeping error, including a typographical error, a scrivener's error, or a computer error, regarding a required document or record that is found during an audit under this section does not, on its face, constitute fraud. An error described in this subsection does not subject the individual involved to criminal penalties without proof of intent to commit fraud. To the extent that an audit results in the identification of a clerical or record-keeping error, including a typographical error, a scrivener's error, or a computer error, in a required document or record, the pharmacy is not subject to recoupment of money by the carrier or pharmacy benefit manager unless clerical error or record-keeping error surpasses the statistical threshold established by the Centers for Medicare and Medicaid Services or the carrier can provide proof of intent to commit fraud or the error results in actual financial harm to the carrier, pharmacy benefit manager, or a covered person or enrollee.

(5) This section does not apply to any of the following:

(a) An audit conducted to investigate fraud, willful misrepresentation, or abuse, including, but not limited to, investigative audits or audits conducted under any other statute that authorizes investigation relating to insurance fraud.

(b) An audit based on a criminal investigation.

(6) This section does not impair or supersede a provision regarding carrier pharmacy audits in the insurance code of 1956, 1956 PA 218, MCL 500.100 to 500.8302. If any provision of this section conflicts with a provision of the insurance code of 1956, 1956 PA 218, MCL 500.100 to 500.8302, with regard to carrier pharmacy audits, the provision in the insurance code of 1956, 1956 PA 218, MCL 500.100 to 500.8302, controls.

(a) The delivery of a prescription drug by mail or common carrier to a patient or personal representative on request of the patient or personal representative if the request is made before the drug is delivered.

(b) The delivery of a prescription to a patient or personal representative by an employee or contractor of the retail pharmacy.

(2) Except as otherwise provided in a contract described in subsection (1), the retail pharmacy shall not charge a plan sponsor or pharmacy benefit manager for the delivery service described in subsection (1).

(4) Except as otherwise provided in a contract between a mail-order pharmacy or specialty pharmacy and a carrier, health plan, or pharmacy benefit manager, the carrier, health plan, or pharmacy benefit manager shall not require pharmacist or pharmacy accreditation standards or recertification requirements inconsistent with, more stringent than, or in addition to federal and state requirements to obtain reimbursement for a covered drug.

(6) A pharmacy benefit manager shall not reverse and resubmit the claim of a network pharmacy:

(a) Without prior and proper notification to the network pharmacy.

(b) Without just cause or attempt to first reconcile the claim with the pharmacy.

(c) More than 90 days after the claim was first affirmatively adjudicated.

(7) The termination of a pharmacy from a pharmacy benefit manager network must not release the retail pharmacy benefit manager from the obligation to make any payment due to the pharmacy for an affirmatively adjudicated claim unless payments are withheld because of an investigation relating to insurance fraud.

(8) A carrier, health plan, or pharmacy benefit manager shall not retaliate against a pharmacist or pharmacy based on the pharmacist's or pharmacy's exercise of any right or remedy under this act. Retaliation prohibited by this subsection includes any of the following:

(a) Terminating or refusing to renew a contract with the pharmacist or pharmacy.

(b) Subjecting the pharmacist or pharmacy to increased audits.

(c) Failing to promptly pay the pharmacist or pharmacy any money owed by the pharmacy benefit manager to the pharmacist or pharmacy.

(9) This section does not prohibit the use of remote pharmacies, secure locker systems, or other types of pickup stations if such services are otherwise permitted by law.

(10) The provisions of this act may not be waived, voided, or nullified by contract.

(11) As used in this section, "personal representative" means an individual who has authority to act on behalf of another individual in making decisions related to health care as described in 45 CFR 164.502(g).

(2) The director may examine or audit the relevant books and records of a pharmacy benefit manager providing claims processing services or other drug or device services for a health plan to determine if the pharmacy benefit manager is in compliance with this act.

(3) All of the following apply to information or data acquired during an examination under subsection (2), or otherwise acquired under this act:

(a) The information or data is considered proprietary and confidential.

(b) The information or data is not subject to the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(c) The information or data is only to be used for purposes of ensuring a pharmacy benefit manager's compliance with this act.

Sec. 31. A contract between a pharmacy benefit manager and an insurer that exists on the date of licensure of the pharmacy benefit manager must comply with the requirements of this act as a condition of licensure for the pharmacy benefit manager.

Sec. 33. (1) The director shall establish a retention schedule for all records, books, papers, and other data on file with the department related to the enforcement of this act.

(2) The director shall not order the destruction or other disposal of a record, book, paper, or other data that is any of the following:

(a) Required by law to be filed or kept on file with the department until 10 years have passed.

(b) Filed during the director's administration or administrations.

Sec. 35. This act does not apply with respect to a claim that is entirely preempted by federal law, including Medicare Part D or the employee retirement income security act of 1974, Public Law 93-406.
