History: 1971, Act 140, Imd. Eff. Sept. 30, 1971;—Am. 1998, Act 532, Imd. Eff. Jan. 12, 1999.

Constitutionality: Revenue-sharing payments to local units of government are expenditures authorized by appropriations, and are subject to reduction by the Governor where necessary because of a decline in estimated revenue, notwithstanding the balance in actual payments which the decline will occasion, because the constitution does not require that the reductions be proportionate to the decline. *Michigan Association of Counties v Department of Management and Budget*, 418 Mich 667; 345 NW2d 584 (1984).

(2) For state fiscal years beginning after September 30, 1992 and ending before October 1, 1996, the collections from the state income tax otherwise available for distribution to counties in November for the quarter period ending the prior September 30 shall be increased by \$35,900,000.00 and the collections from the state income tax otherwise available for distribution to counties in August for the quarter period ending the prior June 30 shall be decreased by \$35,900,000.00.

(3) For the 1996-1997 and 1997-1998 state fiscal years, the department of treasury shall cause to be paid to counties on a per capita basis an amount equal to 24.5% of the difference between 21.3% of the sales tax

collections at a rate of 4% in the 12-month period ending June 30 of the state fiscal year in which the payments are made and the total distribution for the state fiscal year under section 12a. Subject to section 13d, for the 1998-1999 through 2005-2006 state fiscal years and for the period of October 1, 2006 through September 30, 2007, the department of treasury shall cause to be paid to counties all of the following:

(b) Except as provided in subdivision (c) and subsection (6), an amount equal to 25.06% of 21.3% of the sales tax collections at a rate of 4% in the 12-month period ending June 30 of the state fiscal year in which the payments are made minus the amount determined under subdivision (a) which shall be distributed on a per capita basis. If the amount appropriated under this section to counties is less than 25.06% of 21.3% of the sales tax rate of 4%, any reduction made necessary by this appropriation in distributions to counties shall first be applied to the distribution under this subdivision.

(c) For the 2002-2003 state fiscal year only, each county shall receive the lesser of 96.5%, or the percentage determined under this subdivision, of the amount that the county would have received if the total available for distribution under subdivisions (a) and (b) were \$211,549,002.00. The total amount available for distribution to all counties under this subdivision shall not exceed \$204,144,787.00. For the 2002-2003 state fiscal year, the percentage under this subdivision shall be determined by dividing the sum of all payments under section 10 of article IX of the state constitution of 1963 and \$791,070,000.00 by \$1,515,644,218.00. For the 2003-2004 state fiscal year only, each county shall receive the lesser of 92%, or the percentage determined under this subdivision, of the amount distributed to the county under this subsection for the 2002-2003 state fiscal year. For the 2003-2004 state fiscal year, the percentage under this subdivision shall be determined by dividing the sum of all payments under section 10 of article IX of the state constitution of 1963 and \$724,800,000.00 by \$1,407,850,000.00 and then subtracting 0.08.

(5) The payments under subsection (3) shall be made from revenues collected during the state fiscal year in which the payments are made and shall be made during each October, December, February, April, June, and August. Payments shall be based on collections from the sales tax at a rate of 4% in the 2-month period ending the prior August 31, October 31, December 31, February 28, April 30, and June 30, and for the 1996-1997 and 1997-1998 state fiscal years only the payments shall be reduced by 1/6 of the total distribution for the state fiscal year under section 12a. For state fiscal years after the 1995-1996 state fiscal year, the collections from the sales tax otherwise available for distribution to counties under subsection (3) in December shall be increased by \$17,000,000.00 and the collections from the sales tax otherwise available for distribution to counties under subsection (3) in April shall be decreased by \$17,000,000.00.

(6) For state fiscal years beginning after September 30, 2004, the total amount distributed to each county under this section shall equal the amount by which the balance in its revenue sharing reserve fund under section 44a of the general property tax act, 1893 PA 206, MCL 211.44a, for the county's most recent fiscal year that ends prior to the January 1 of the state's fiscal year is less than the amount calculated under section 44a(13) of the general property tax act, 1893 PA 206, MCL 211.44a, for the county fiscal year that begins in the state's fiscal year. Payments under this subsection shall be adjusted as necessary to reflect partial county fiscal years and prorated based on the total amount appropriated for distribution to all counties. Upon the exhaustion of each county's revenue sharing reserve fund, state revenue sharing within that county will be fully and permanently restored in an amount equal to the total payments made to that county under this act in the state fiscal year ending September 30, 2004, adjusted annually through the date of restoration by the inflation rate, without regard to an executive order issued after May 17, 2004, and prorated based on the amount of the reserve fund used by the county in the fiscal year during which payments are required to resume under this subsection. As used in this subsection, "inflation rate" means that term as defined in section 34d of the general property tax act, 1893 PA 206, MCL 211.34d.

(7) The department of treasury may withhold all or a portion of payments under this section to a county that has not timely furnished the statement required under section 151(1) of the state school aid act of 1979, 1979 PA 94, MCL 388.1751, or distributed an industrial facilities tax as required under 1974 PA 198, MCL 207.551 to 207.572, or the specific tax as required under section 21b of the enterprise zone act, 1985 PA 224, MCL 125.2121b. This subsection does not apply to the 2002-2003 through 2006-2007 state fiscal years.

(16) Notwithstanding any other provision of this section for the 1998-1999 state fiscal year, the total combined amount received by each city, village, and township under this section and section 10 of article IX

The increase, if any, for each city, village, and township from the 1997-1998 state fiscal year, other than a city that receives a distribution under subsection (6), shall be reduced by a uniform percentage to the extent necessary to fund distributions under this subsection.

(17) The payments under subsections (3), (4), and (5) shall be made during each October, December, February, April, June, and August. Payments under subsections (3), (4), and (5) shall be based on collections from the sales tax at the rate of 4% in the 2-month period ending the prior August 31, October 31, December 31, February 28, April 30, and June 30, and for the 1996-1997 and 1997-1998 state fiscal years only, the payments shall be reduced by 1/6 of the total distribution for the state fiscal year under section 12a.

(18) Payments under this section shall be made from revenues collected during the state fiscal year in which the payments are made.

(19) Distributions provided for by this act are subject to an annual appropriation by the legislature.

(20) After the department has informed a city, village, or township in writing of the intent to withhold all or a portion of payments under this section and offered the affected city, village, or township an opportunity for an informal conference on the matter, the department of treasury may withhold all or a portion of payments under this section to a city, village, or township that has not distributed 1 or more of the following:

141.913a Census delay adjustment payments; eligibility of city, village, or township; calculation; reservation of additional sum; appropriation; reduction of amounts reserved.

Sec. 13a. (1) Following the official certification and publication of the 1980 federal decennial census, the department of management and budget shall calculate for each city, village, and township:

(a) The payment of revenues a city, village, or township would have received under sections 12 and 13 between April 1, 1980 and October 1, 1980 if those payments had been distributed according to the 1980 census.

(b) The difference in payments determined by subtracting the payment of revenues which were made to a city, village, or township between April 1, 1980 and October 1, 1980 under sections 12, 13, and 14a from the calculation made for the city, village, or township in subdivision (a).

(c) The sum of all the differences in payments determined by subdivision (b) that are greater than zero. This sum shall be known as “the census delay adjustment”.

(2) A city, village, or township which has a population according to the 1980 census greater than the population used in computing the August, 1979 distributions to the city, village, or township under this act shall be eligible for census delay adjustment payments. The department of management and budget shall calculate the census delay adjustment payment to be made to each eligible city, village, or township pursuant to the following:

(a) Dividing the census delay adjustment determined in subsection (1)(c) by 4.

(b) Subtracting the population used in computing the August, 1979 distributions under this act for each eligible city, village, and township from the population according to the 1980 census of each eligible city, village, or township. The differences obtained shall be known as “the growth population”.

(c) Summing the differences obtained in subdivision (b).

(d) Dividing the quotient determined in subdivision (a) by the sum determined in subdivision (c). The per capita amount determined pursuant to this calculation shall be distributed in May, 1982; May, 1983; May, 1984; and May, 1985 to each eligible city, village, and township according to its growth population.

(3) The additional sum necessary to provide the distribution required by this section shall be reserved, in amounts determined pursuant to section 13(a), from the collection of state income tax available for distribution to cities, villages, and townships before payments are made under section 13.

(4) All or part of the census delay adjustment payments required in any or all payment years may be appropriated by the legislature from the state general fund and, if such an appropriation is made, the reserve provided in subsection (3), and the amounts reserved pursuant to section 13(a) from distribution in each payment period for the year shall be reduced by the amount of the general fund appropriation.

History: Add. 1980, Act 275, Imd. Eff. Oct. 8, 1980.

141.913b Payments to include interest; delay in payments; gubernatorial directive; unavoidable delay or set off; disbursement by state treasurer.

Sec. 13b. (1) In addition to the amounts required to be paid pursuant to sections 11, 12, and 13, these payments and the respective appropriations from the undedicated proceeds of the tax from which the payment is made shall include interest, which interest shall accrue on the unpaid balance of a distribution installment from the last date the respective installment is required to be paid, at the average rate of interest earned on state common cash fund investments during the calendar quarter ending immediately prior to the date the interest under this subsection on a distribution installment begins to accrue.

(2) A payment required to be made pursuant to section 11, 12, or 13 shall not be delayed so as to cause interest to accrue pursuant to subsection (1) unless the delay in any payment is authorized by a written directive issued and signed by the governor to the director of the department of management and budget and the state treasurer, containing an identification of the specific payment and amount of the payment to be delayed, the period of the delay, the reason for the delay, and the date the delayed payment is expected to be paid.

(3) The governor's authorization under subsection (2) shall be signed and issued as soon as the governor determines that the payment will be delayed, which determination shall be made as far in advance of the scheduled payment date as is reasonably possible under the circumstances. The state treasurer immediately shall take such steps as are reasonably necessary to assure that the local units for which a directive applies are notified of that gubernatorial directive.

(4) Amounts required to be paid pursuant to section 11, 12, or 13 that are subject to an unavoidable delay of a de minimis period, or that are withheld or set off pursuant to law in the settlement or adjustment or an obligation or debt due to this state, or that are withheld from payment pursuant to section 17a or 21, shall not be subject to subsections (1) to (3).

(5) The state treasurer may make a disbursement for a payment under section 11, 12, or 13 which has been delayed in advance of the date the delayed payment is expected to be paid.

For state fiscal years after the 1998-1999 state fiscal year, a reduction in the rate of or collections from a local unit of government's property, income, or utility tax shall not be used as a basis for a reduction of the amount distributed under this act to that local unit of government.

Sec. 14a. If a special census of a city, village or township that levied at least 1 mill local property tax in the preceding calendar year is determined to meet the requirements of section 7, the department of management and budget, during July, 1976 and each July thereafter, shall cause to be paid as a supplemental payment to the city, village or township its proportionate share of the amount available for this purpose, the share to be

determined by multiplying the aggregate per capita amount of payments it received under sections 12, 13, 14 and 15 for the preceding July 1 to June 30 payment period by its excess increase in population determined under section 7. The amount necessary to provide the distribution required by this section is appropriated each fiscal year from the state general fund.

Sec. 17. Unless otherwise assigned, pledged, or required to be withheld, the payments made under this act to a city, village, township, or county shall be paid directly to the treasurer of the city, village, township, or county, shall be credited to the general fund of the city, village, township, or county, and shall be available for city, village, township, or county purposes.

History: 1971, Act 140, Imd. Eff. Sept. 30, 1971;—Am. 1987, Act 283, Eff. Apr. 11, 1988.

141.917a Withholding amount equivalent to delinquent payments due on emergency municipal loan; withholding payment under act; extent; plan for financing outstanding obligations upon which municipality defaulted; use of amounts withheld; payment of debt service on bonds or notes; agreement assigning or pledging payment; statement; withholding payment to satisfy payment due and owing to state.

Sec. 17a. (1) To the extent required by the emergency municipal loan act, 1980 PA 243, MCL 141.931 to 141.942, a municipality granted a loan pursuant to the emergency municipal loan act, 1980 PA 243, MCL 141.931 to 141.942, shall have withheld from any payment the city, village, township, or county is eligible to receive, an amount equivalent to any delinquent payments due on the loan.

(2) The state treasurer may withhold all or part of any payment that a city, village, township, or county is eligible to receive under this act to the extent the withholdings are a component part of a plan, developed and implemented under the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, for financing an outstanding obligation upon which the municipality defaulted. Amounts withheld shall be used to pay, on behalf of the city, village, township, or county, unpaid amounts or subsequently due amounts, or both, of principal and interest on the outstanding obligation upon which the city, village, township, or county defaulted.

(3) The state treasurer may withhold all or part of any payment that a city or village is eligible to receive under this act, after payment of all money owing to the city or village under this act that, prior to the date of a withholding under this subsection, has been pledged for the payment of debt service on bonds or notes or for the payment of contractual obligations pledged for the payment of debt service on bonds or notes, in an amount necessary to repay loans made to the city or village under section 11(6) of 1951 PA 51, MCL 247.661, after any deduction authorized by section 11(8) of 1951 PA 51, MCL 247.661, has been applied for the repayment of the loan.

(4) Under an agreement entered into by a city, village, township, or county assigning all or a portion of the payment that it is eligible to receive under this act to the Michigan municipal bond authority or pledging that amount for payment of an obligation it incurred with the Michigan municipal bond authority, the state treasurer shall transmit to the Michigan municipal bond authority or a trustee designated by the authority the amount of the payment that is assigned or pledged under the agreement. Notwithstanding the payment dates prescribed by this act for distributions under this act, the state treasurer may advance all or part of a payment that is dedicated for distribution or for which the appropriation authorizing the payment has been made if and to the extent, under the terms of an agreement entered into by a city, village, township, or county and the Michigan municipal bond authority, the payment that the city, village, township, or county is eligible to receive has been assigned to or pledged for payment of an obligation it incurred with the Michigan municipal bond authority. This subsection does not require the state to make an appropriation to any city, village, county, or township and shall not be construed as creating an indebtedness of the state. Any agreement made pursuant to this subsection shall contain a statement to that effect.

(5) The state treasurer shall withhold all or part of a payment that a city, village, township, or county is eligible to receive under this act to satisfy a payment due and owing to the state or to a state department or agency from the city, village, township, or county unless and to the extent subsection (4) requires otherwise or

unless the city, village, township, or county has pledged payments under this act for payment on an obligation issued by the municipality.

141.918 Report on local taxes, special assessments, overlapping taxes, and taxable value; report on levied millage rate; effect of failure to report; prorating and allocating overlapping taxes; report on local revenues; summary and analysis of reports; recommendations; report on tax collections available for distribution; distribution in single warrant; reduced millage rate considered to be 1 mill.

Sec. 18. (1) Each city, village, or township shall report its local taxes and special assessments and cities and townships shall report their overlapping taxes to the department of treasury by March 1. A city, village, or township that levied less than 1 mill in the immediately preceding calendar year, when it reports its local taxes, shall also report whether its levied millage rate would have been at least 1 mill except for the millage reductions pursuant to section 31 of article IX of the state constitution of 1963; except for a millage reduction pursuant to section 34 of the general property tax act, Act No. 206 of the Public Acts of 1893, being section 211.34 of the Michigan Compiled Laws; or except for the fact that the city, village, or township did not elect to increase the millage rate permitted by operation of section 24e(2) of Act No. 206 of the Public Acts of 1893, being section 211.24e of the Michigan Compiled Laws, or for any combination of these exceptions. If a city, village, or township fails to report as provided in this section, the department of treasury shall give notice of the failure to the assessor and the chief executive officer of the city, village, or township. After the department of treasury gives notice, payments under this act shall be withheld. The withheld payments may later be issued if the city, village, or township reports before the end of the revenue sharing year. Not later than May 15, the department of treasury shall report to the department of management and budget the local taxes, special assessments, overlapping taxes, and taxable value, and whether the levied millage rate would have been at least 1 mill if the required millage reductions or limitations had not been applied, for each city, village, and township for the immediately preceding calendar year. In determining and reporting the overlapping taxes for a township and the villages within the township, the department of treasury shall prorate and allocate the overlapping taxes levied in the township to the township and each village in the same ratio that the taxable value of the unincorporated area of the township and of each village bears to the total taxable value of the township.

(2) Before December 2 of each year, each city, village, and township shall report to the department of treasury, on a form prepared by the department of treasury in consultation with the department of management and budget, all local revenues collected by the city, village, or township in the local unit's fiscal year that ends during the immediately preceding July 1 to June 30 period. The department of treasury shall accumulate the reports and submit a summary to the department of management and budget by February 1. The department of management and budget shall analyze the reports and shall make recommendations to the legislature regarding other local fund revenues that the department considers reflective of or equivalent to local tax effort. Other local revenues do not include state or federal shared revenues, block grants, or categorical grants, or grants or gifts from other sources, but do include fees or charges imposed by the city, village, or township for municipal purposes.

(3) The department of treasury shall report to the department of management and budget the tax collections available for distribution. The department of management and budget may make the distribution in a single warrant. A millage rate certified to be levied for a city, village, or township of 1 mill or more that is reduced below 1 mill pursuant to section 31 of article IX of the state constitution of 1963, pursuant to section 34 of Act No. 206 of the Public Acts of 1893, or because the city, village, or township did not elect to increase the millage rate permitted by operation of section 24e(2) of Act No. 206 of the Public Acts of 1893, or due to any combination of these factors, shall be considered by the department of management and budget to be 1 mill for all of the following purposes:

(a) Payments under sections 12(2) and 15, which payments shall be calculated using the actual local property taxes.

(b) Determining whether the city, village, or township is eligible under section 14 for payments based upon the tax burden formula, which formula shall be calculated using the actual local property taxes.

(c) Determining whether the city, village, or township is eligible under section 14a for payments based upon the special census formula, which formula shall be calculated using the actual local property taxes.

141.920 Receipts of cities, villages, or townships maintaining local tax efforts.

Sec. 20. A city, village, or township which maintains its local tax effort rate shall not receive less in the fiscal year ending June 30, 1976, than it received in the fiscal year ending June 30, 1975.

History: Add. 1975, Act 245, Imd. Eff. Sept. 4, 1975.

141.921 Withholding payments until submission of financial report or audit; filing, evaluation, certification, and institution of financial plan to correct deficit condition; noncompliance; notification of legislature; “deficit condition” defined.

Sec. 21. (1) If a city, village, township or county fails to provide an annual financial report or audit which conforms with the minimum procedures and standards prescribed by the state treasurer and is required under Act No. 2 of the Public Acts of 1968, as amended, being sections 141.421 to 141.440a of the Michigan Compiled Laws, or Act No. 71 of the Public Acts of 1919, being sections 21.41 to 21.53 of the Michigan Compiled Laws, the payments required under this act may be withheld until the financial report or audit is submitted as required by law.

(2) For a fiscal year of a unit of local government ending on or after October 1, 1980 or any year thereafter, if a local unit of government ends its fiscal year in a deficit condition, the local unit of government shall formulate and file a financial plan within 90 days after the beginning of the fiscal year to correct this condition. Upon request of a local unit of government the department of treasury may assist that local unit in the formulation of the financial plan to correct the deficit condition. The local unit of government shall file the financial plan with the department of treasury for evaluation and certification that the plan ensures that the deficit condition is corrected. Upon certification by the department of treasury, the local unit of government shall institute the plan. An amount equal to 25% of each payment to a local unit of government entitled to payments under this act may be withheld until requirements of this subsection are met.

(3) The department of treasury shall notify each house of the legislature of any local unit of government that fails to provide a financial report or an audit required by subsection (1) and of any local unit of government required to file a financial plan under subsection (2).

(4) As used in this section, “deficit condition” means a situation where, at the end of a fiscal year, total expenditures, including an accrued deficit, exceeded total revenues for that fiscal year, including any surplus carried forward.
