Compiler's note: Enacting section 1 of Act 267 of 2011 provides:
"Enacting section 1. The legislature finds and declares all of the following:
(a) It is an essential governmental function to maintain funds in an amount sufficient to pay unemployment benefits when due.
(b) At the time of the enactment of this act, unemployment benefits payments are made from Michigan's account in the unemployment trust fund of the United States treasury and are funded by employer contributions.
(c) At the time of the enactment of this act, borrowing from the federal government through loans from the federal unemployment trust fund is the only option available to obtain sufficient funds to pay benefits when the balance in Michigan's account in the unemployment trust fund of the United States treasury is insufficient to make necessary payments.
(d) Alternative methods of replenishing this state's account in the unemployment trust fund of the United States treasury may reduce the costs of providing unemployment benefits and employers' cost of doing business in the state.
(e) It is in this state's best interests to authorize the issuance of bonds when appropriate for the purpose of continuing the unemployment insurance program at the lowest possible cost to this state and employers in this state and to avoid reductions in the employer unemployment tax credit.

Enacting section 2 of Act 267 of 2011 provides:
"Enacting section 2. The legislature determines that the creation of the authority by Executive Reorganization Order No. 2010-2, MCL 12.194, and the carrying out of its authorized purposes under this act are in all respects public and governmental purposes for the benefit of the people of this state and for the improvement of their health, safety, welfare, comfort, and security, and that these purposes are public purposes and that the authority will be performing an essential governmental function in the exercise of the powers conferred upon it by this act."
