257.2135.new Electronic receipt; information.

Sec. 35. Within a reasonable period of time after a transportation network company prearranged ride is completed, a transportation network company shall transmit an electronic receipt to the transportation network company rider listing all of the following information:

(a) The origin and destination of the trip.
(b) The total time and distance of the trip.
(c) An itemization of the total fee paid, if any.
