TALL STRUCTURE ACT (EXCERPT)
Act 259 of 1959

***** 259.482d.amended THIS AMENDED SECTION IS EFFECTIVE MAY 30, 2016 *****

259.482d.amended Extension of transitional surface.

Sec. 2d. (1) Except as provided in subsection (2), a runway's transitional surface extends to the intersection of the transitional surface with the horizontal surface.

(2) For a runway that has a precision instrument approach, the transitional surface beginning at the side of a runway's approach surface extends for 5,000 feet measured horizontally from the side of the approach surface.
