324.60303 Soil and economic survey; completion; report; copies; printing.

Sec. 60303. Upon completion of the soil and economic survey in any county, the department shall cause a full and detailed report of the soil and economic survey to be made. The department shall cause as many copies of the report to be printed as the department determines are necessary. The expense of the printing shall be paid out of the general fund in the same way that other state printing is, by law, required to be paid for.
