324.79108 Solicitation and evaluation of proposals.

Sec. 79108. (1) If the department determines that real property acquired by it under this part is suitable for use as a marina, the department shall publicly solicit proposals for the development of the marina and the lease of the real property. The solicitation of proposals shall include published notices in at least 1 local news publication of general circulation in the area in which the marina will be located and in at least 2 journals related to the marina, watercraft, or harbor industries, which journals have statewide circulation. A reasonable time shall be allowed for bidders to respond, and all proposals shall be publicly opened and read. A proposal received by the department in response to the solicitation may be rejected by the department for any reason or without cause if the department believes such action to be appropriate. The department may waive any defects in any proposals received, at its discretion, but is not required to do so.

(2) In evaluating proposals for the construction of revenue-producing harbor facilities and the operation of a marina, the department shall take into consideration, among other things, the technical qualifications of the applicants; the financial responsibility of the applicants; the ability of the applicants to perform efficiently the services necessary to maintain a sound facility, including the prior experience, if any, of the applicants in operating a marina; the proposed lease payments; the nature and scope of each applicant's plans for the marina; and the timetables for development of the proposed marina.
