be provided for in the state forest management plan for the state forest in which the concession is proposed to
be located.
(iv) That all buildings and equipment shall be removed from the state forest property at the end of the
concession term, unless the department authorizes otherwise.
(v) That no concession or concession operator is granted the authority to charge a fee for access to public

deposited into the forest recreation account.
(3) Not less than 3 months before granting a concession for more than $500,000.00 or that will require a
capital expenditure of more than $500,000.00, the department shall notify each member of the house of the
representatives and senate with primary responsibility for natural resources issues of its intention to grant the
concession and of specific details on the nature of the concession.
(4) By December 31 of each year, the department shall submit to the legislature a report that provides
details on all concessions awarded during the previous year under subsection (1).
