10. Severability.

Sec. 10. Any section of this act being held invalid as to any person or circumstances shall not affect the application of any other

section of this act that can be given full effect without the invalid section or application.

Enacting section 2 of Act 283 of 2016 provides:

“(b) Data from the Federal Bureau of Investigation Uniform Crime Reports and the Compendium of Federal Justice Statistics show

that approximately 99 out of every 100 marihuana arrests in the United States are made under state law, rather than under federal law.

Rendered Tuesday, June 23, 2020
Consequently, changing state law will have the practical effect of protecting from arrest the vast majority of seriously ill people who have a medical need to use marijuana.” [Emphasis added.]

This amendatory act is curative and applies retroactively as to the following: clarifying the quantities and forms of marijuana for which a person is protected from arrest, precluding an interpretation of “weight” as aggregate weight, and excluding an added inactive substrate component of a preparation in determining the amount of marijuana, medical marijuana, or usable marijuana that constitutes an offense. Retroactive application of this amendatory act does not create a cause of action against a law enforcement officer or any other state or local governmental officer, employee, department, or agency that enforced this act under a good-faith interpretation of its provisions at the time of enforcement.”
