(j) Evaluate, in cooperation with appropriate state departments and agencies, the effectiveness of public and private policies that affect older persons in the state and that are funded by federal, state, local, and private resources, including services that provide a comprehensive and integrated system of health and social services that respond to individual needs.

(n) Develop a comprehensive triennial state plan on aging with yearly updates regarding the priority needs of aging and older persons, as well as recommendations for future action. The office shall prepare an annual report to be submitted to the governor and the legislature by January 31 of each year. The annual report shall detail the progress of the office and the commission in implementing the triennial plan.
(o) Establish an appeals procedure, subject to approval by the commission, the applicability of which shall not be limited to denials of funding.
(p) Serve as a clearinghouse for the collection and distribution of information on aging and older persons.

This subparagraph does not prohibit the termination of a

Other state and local governmental agencies serving children, youth, and developmentally disabled persons in need of protective care and treatment in institutional and community settings shall cooperate with the office in the development and administration of voluntary services for, and provided by, aging and older persons.
