Sec. 2. (1) A dealer within this state shall not sell, offer for sale, or give to a consumer a nonreturnable container or a beverage in a nonreturnable container.

(2) A dealer who regularly sells beverages for consumption off the dealer's premises shall provide on the premises, or within 100 yards of the premises on which the dealer sells or offers for sale a beverage in a returnable container, a convenient means whereby the containers of any kind, size, and brand sold or offered for sale by the dealer may be returned by, and the deposit refunded in cash to, a person whether or not the person is the original customer of that dealer, and whether or not the container was sold by that dealer.

(3) Regional centers for the redemption of returnable containers may be established, in addition to but not as substitutes for, the means established for refunds of deposits prescribed in subsection (2).

(4) Except as provided in subsections (5) and (7), a dealer shall accept from a person an empty returnable container of any kind, size, and brand sold or offered for sale by that dealer and pay to that person its full refund value in cash.

(5) A dealer who does not require a deposit on a returnable container when the contents are consumed in the dealer's sale or consumption area is not required to pay a refund for accepting that empty container.

(6) Except as provided in subsection (7), a distributor shall accept from a dealer an empty returnable container of any kind, size, and brand sold or offered for sale by that distributor and pay to the dealer its full refund value in cash.

This subsection does not prohibit a dealer from refunding the deposit on an empty returnable container each time the returnable container is sanitized by the manufacturer and reused as a beverage container.

(10) A dealer may accept, but is not required to accept, from a person, empty returnable containers for a refund in excess of \$25.00 on any given day.

(11) A manufacturer licensed by the commission shall not require a distributor licensed by the commission to pay a deposit to the manufacturer on a nonrefillable container. However, a manufacturer licensed by the commission and a distributor licensed by the commission may enter into an agreement providing that either or both may originate a deposit or any portion of a deposit on a nonrefillable container if the agreement is entered into freely and without coercion.

(12) A manufacturer shall refund the deposit paid on any container returned by a distributor for which a deposit has been paid by a distributor to the manufacturer.
