(c) Project costs and expenditures, including the total of all lease payments over the duration of the lease-purchase agreement.

(d) Estimated annual energy savings, including projected savings over the duration of the installment contract.

(4) If energy conservation improvements are made as provided in this section, the legislative body of a local unit shall report to the Michigan public service commission, by July 1 of each of the 5 years after the improvements are completed, only the actual annual energy consumption of each facility to which improvements are made. The forms for the reports required by this section shall be furnished by the Michigan public service commission.

(5) An installment contract described in this section may include a lease-purchase agreement, which may

be a multiyear contractual obligation that provides for automatic renewal unless positive action is taken by the legislative body to terminate that contract. Payments under a lease-purchase agreement shall be a current operating expense subject to annual appropriations of funds by the legislative body and shall obligate the legislative body only for those sums payable during the fiscal year of contract execution or any renewal year thereafter. The legislative body may make payments under a lease-purchase agreement from any legally available funds or from a combination of energy or operational savings, capital contributions, future replacement costs avoided, or billable revenue enhancements that result from energy conservation improvements, provided that the legislative body has determined that those funds are sufficient to cover, in aggregate over the full term of the contractual agreement, the cost of the energy conservation improvements. The lease-purchase agreement will terminate immediately and absolutely and without further obligation on the part of the legislative body at the close of the fiscal year in which it was executed or renewed or at such time as appropriated and otherwise unobligated funds are no longer available to satisfy the obligations of the legislative body under the lease-purchase agreement. During the term of the lease-purchase agreement, the legislative body shall be the vested owner of the energy conservation improvements and may grant a security interest in the energy conservation improvements to the provider of the lease-purchase agreement. Upon the termination of the lease-purchase agreement and the satisfaction of the obligations of the legislative body, the provider of the lease-purchase agreement shall release its security interest in the energy conservation improvements.

141.434 Budget; preparation, presentation, and control of expenditures; information; transmitting recommended budget to legislative body; suggested general appropriations act; consideration of recommended budget; furnishing information to legislative body; public hearing.

Sec. 14. (1) Unless otherwise provided by law, charter, resolution, or ordinance, the chief administrative officer shall have final responsibility for budget preparation, presentation of the budget to the legislative body, and the control of expenditures under the budget and the general appropriations act.

(2) Unless another person is designated by charter, the chief administrative officer in each local unit shall prepare the recommended annual budget for the ensuing fiscal year in the manner provided in sections 15 to 20a. The budgetary centers of the local unit shall provide to the chief administrative officer information which the chief administrative officer considers necessary and essential to the preparation of a budget for the ensuing fiscal period for presentation to the local unit's legislative body. Each administrative officer or employee of a budgetary center shall comply promptly with a request for information which the chief administrative officer makes.

(3) The chief administrative officer shall transmit the recommended budget to the legislative body according to an appropriate time schedule developed by the local unit. The schedule shall allow adequate time for review and adoption by the legislative body before commencement of the budget year. The recommended budget, when transmitted by the chief administrative officer, shall be accompanied by a suggested general appropriations act to implement the budget. The suggested general appropriations act shall fulfill the requirements of section 16.

(4) The recommended budget transmitted by the chief administrative officer shall be considered by the legislative body.

(5) The chief administrative officer shall furnish to the legislative body information the legislative body requires for proper consideration of the recommended budget. Before final passage of a general appropriations act by the legislative body, a public hearing shall be held as required by 1963 (2nd Ex Sess) PA 43, MCL 141.411 to 141.415, and the open meetings act, 1976 PA 267, MCL 15.261 to 15.275.

History: Add. 1978, Act 621, Eff. Apr. 1, 1980;—Am. 2000, Act 493, Imd. Eff. Jan. 11, 2001.

141.435 Recommended budget; contents; limitation on total estimated expenditures.

Sec. 15. (1) The recommended budget shall include at least the following:

(a) Expenditure data for the most recently completed fiscal year and estimated expenditures for the current fiscal year.

(b) An estimate of the expenditure amounts required to conduct, in the ensuing fiscal year, the government of the local unit, including its budgetary centers.

(d) An estimate of the revenues, by source of revenue, to be raised or received by the local unit in the ensuing fiscal year.

(e) The amount of surplus or deficit that has accumulated from prior fiscal years, together with an estimate of the amount of surplus or deficit expected in the current fiscal year. The inclusion of the amount of an authorized debt obligation to fund a deficit shall be sufficient to satisfy the requirement of funding the amount of a deficit estimated under this subdivision.

(f) An estimate of the amounts needed for deficiency, contingent, or emergency purposes.

(g) Other data relating to fiscal conditions that the chief administrative officer considers to be useful in considering the financial needs of the local unit.

(2) The total estimated expenditures, including an accrued deficit, in the budget shall not exceed the total estimated revenues, including an available unappropriated surplus and the proceeds from bonds or other obligations issued under the fiscal stabilization act or the balance of the principal of these bonds or other obligations.

History: Add. 1978, Act 621, Eff. Apr. 1, 1980;—Am. 1981, Act 77, Imd. Eff. June 30, 1981;—Am. 2000, Act 493, Imd. Eff. Jan. 11, 2001.

141.436 General appropriations act; requirements; line items not mandated; taxation; limitation on estimated total expenditure; presumption; suit against county legislative body; standing; mediation; severability.

Sec. 16. (1) Unless another method for adopting a budget is provided by a charter provision in effect on April 1, 1980, the legislative body of each local unit shall pass a general appropriations act for all funds except trust or agency, internal service, enterprise, debt service or capital project funds for which the legislative body may pass a special appropriation act.

(2) The general appropriations act shall set forth the total number of mills of ad valorem property taxes to be levied and the purposes for which that millage is to be levied. The amendatory act that added this subsection shall be known and may be cited as "the truth in budgeting act".

(3) The general appropriations act shall set forth the amounts appropriated by the legislative body to defray the expenditures and meet the liabilities of the local unit for the ensuing fiscal year, and shall set forth a statement of estimated revenues, by source, in each fund for the ensuing fiscal year.

(4) The general appropriations act shall be consistent with uniform charts of accounts prescribed by the state treasurer or, for local school districts and intermediate school districts, by the state board of education.

(5) This act shall not be interpreted to mandate the development or adoption by a local unit of a line-item budget or line-item general appropriations act.

(6) The legislative body shall determine the amount of money to be raised by taxation necessary to defray the expenditures and meet the liabilities of the local unit for the ensuing fiscal year, shall order that money to be raised by taxation, within statutory and charter limitations, and shall cause the money raised by taxation to be paid into the funds of the local unit.

(7) Except as otherwise permitted by section 102 of the state school aid act of 1979, 1979 PA 94, MCL 388.1702, or by other law, the legislative body shall not adopt a general appropriations act or an amendment to that act which causes estimated total expenditures, including an accrued deficit, to exceed total estimated revenues, including an available surplus and the proceeds from bonds or other obligations issued under the fiscal stabilization act, 1981 PA 80, MCL 141.1001 to 141.1011, or the balance of the principal of these bonds or other obligations.

(8) A general appropriations act, including any amendment to that general appropriations act, is presumed to fund those activities of a county mandated by law at a serviceable level.

(9) An elected official who heads a branch of county government or the chief judge of a court funded by a county has standing to bring a suit against the legislative body of that county concerning a general appropriations act, including any challenge as to serviceable levels of funding for that branch of county government or that court. If a court and the legislative body of a county are involved in mediation, before the chief judge of that court brings a suit on the court's own behalf against the legislative body of the county under this subsection, a mediator shall certify in writing that the parties are unable to resolve the issues by mediation. The court hearing a suit shall consider the financial ability of the county to pay when considering any challenge as to serviceable levels of funding.

(10) If any portion of this section or the application of this section to any circumstance is found to be invalid by a court, the invalidity shall not affect the remaining portions or application of this section that can be given effect without the invalid portion or application. The provisions of this section are severable.

History: Add. 1978, Act 621, Eff. Apr. 1, 1980;—Am. 1981, Act 77, Imd. Eff. June 30, 1981;—Am. 1981, Act 78, Imd. Eff. June 30, 1981;—Am. 1995, Act 41, Imd. Eff. May 22, 1995;—Am. 2000, Act 493, Imd. Eff. Jan. 11, 2001;—Am. 2013, Act 172, Imd. Eff. Nov. 18, 2013.

141.437 General appropriations act; amendment; reports; recommendations.

Sec. 17. (1) Except as otherwise provided in section 19, a deviation from the original general appropriations act shall not be made without amending the general appropriations act. Subject to section 16(2), the legislative body of the local unit shall amend the general appropriations act as soon as it becomes apparent that a deviation from the original general appropriations act is necessary and the amount of the deviation can be determined. An amendment shall indicate each intended alteration in the purpose of each appropriation item affected by the amendment. The legislative body may require that the chief administrative officer or fiscal officer provide it with periodic reports on the financial condition of the local unit.

(2) If, during a fiscal year, it appears to the chief administrative officer or to the legislative body that the actual and probable revenues from taxes and other sources in a fund are less than the estimated revenues, including an available surplus upon which appropriations from the fund were based and the proceeds from bonds or other obligations issued under the fiscal stabilization act, 1981 PA 80, MCL 141.1001 to 141.1011, or the balance of the principal of these bonds or other obligations, the chief administrative officer or fiscal officer shall present to the legislative body recommendations which, if adopted, would prevent expenditures from exceeding available revenues for that current fiscal year. The recommendations shall include proposals for reducing appropriations from the fund for budgetary centers in a manner that would cause the total of appropriations to not be greater than the total of revised estimated revenues of the fund, or proposals for measures necessary to provide revenues sufficient to meet expenditures of the fund, or both. The recommendations shall recognize the requirements of state law and the provisions of collective bargaining agreements.

History: Add. 1978, Act 621, Eff. Apr. 1, 1980;—Am. 1981, Act 77, Imd. Eff. June 30, 1981;—Am. 1995, Act 41, Imd. Eff. May 22, 1995;—Am. 2000, Act 493, Imd. Eff. Jan. 11, 2001.

141.438 Incurring debts or obligations; dividing appropriations into allotments; expenditures; application or diversion of money; restrictions on delegation of duties; enforcement power; suit against chief administrative officer of county; standing; mediation; 60-day period to bring suit in Michigan court of appeals; court jurisdiction; limitation; certain actions barred; expenditure of funds; severability.

Sec. 18. (1) A member of the legislative body, chief administrative officer, administrative officer, or employee of the local unit shall not create a debt or incur a financial obligation on behalf of the local unit unless the debt or obligation is permitted by law.

(2) The chief administrative officer may cause the appropriations made by the legislative body for the local unit and its budgetary centers to be divided into allotments if the allotments are based upon the periodic requirements of the local unit and its budgetary centers.

(3) Except as otherwise provided in section 19, an administrative officer of the local unit shall not incur expenditures against an appropriation account in excess of the amount appropriated by the legislative body. The chief administrative officer, an administrative officer, or an employee of the local unit shall not apply or divert money of the local unit for purposes inconsistent with those specified in the appropriations of the legislative body.

(4) No duties shall be delegated to the chief administrative officer that diminish any charter or statutory responsibilities of an elected or appointed official, including, but not limited to, the charter responsibility of a legislative body to approve the making of contracts by the local unit.

(5) The enforcement of a general appropriations act approved by the legislative body of a county is a power vested in the chief administrative officer of that county.

(6) An elected official who heads a branch of county government or the chief judge of a court funded by a county has standing to bring suit against the chief administrative officer of that county concerning an action relating to the enforcement of a general appropriations act for that branch of county government or that court. If a court and the chief administrative officer of a county are involved in mediation, before the chief judge of that court brings a suit on the court's own behalf against the chief administrative officer of the county under this subsection, a mediator shall certify in writing that the parties are unable to resolve the issues by mediation.

(7) Except as otherwise provided in subsection (8) and notwithstanding any provision of law to the contrary, any suit brought under subsection (6) or section 16(9) shall only be brought in the Michigan court of appeals within 60 days after 1 of the following:

(a) The adoption of a general appropriations act.

(b) An amendment to a general appropriations act or an action relating to the enforcement of that general appropriations act, if the amendment or action constitutes a basis for the suit.

(8) If a court is involved in mediation under subsection (6) or section 16(9) during the 60-day period to bring a suit in the Michigan court of appeals provided for in subsection (7), any suit brought on the court's behalf under subsection (6) or section 16(9) shall only be brought in the Michigan court of appeals within 90 days after 1 of the following:

(a) The adoption of a general appropriations act.

(b) An amendment to a general appropriations act or an action relating to the enforcement of that general appropriations act, if the amendment or action constitutes a basis for the suit.

(9) The court's jurisdiction over and review of the issues raised in a suit brought under subsection (7)(b) or (8)(b) is limited to that portion of the general appropriations act that is directly affected by the amendment or action.

(10) The jurisdiction of the court of appeals over a suit brought under subsection (6) or section 16(9) is exclusive and that jurisdiction or any judicial duties inherent in that jurisdiction shall not be transferred to any other court. However, the court of appeals may request the supreme court to assign a retired judge under section 226 of the revised judiciary act of 1961, 1961 PA 236, MCL 600.226, to assist the court of appeals by resolving discovery issues, reviewing the evidence, making proposed findings of fact and conclusions of law, and performing any other necessary related judicial duties.

(11) Unless an action brought under subsection (7) or (8) is timely preserved for review by the Michigan court of appeals, litigation of any issue as to a general appropriations act or any amendment to that general appropriations act, or an action relating to the enforcement of that general appropriations act, is barred.

(12) The pendency of a claim in a suit under this section shall not constitute a basis for expenditure of funds by any department or branch of, or court funded by, the county in excess of that authorized by a general appropriations act, including an amendment to that general appropriations act.

(13) If any portion of this section or the application of this section to any circumstance is found to be invalid by a court, the invalidity shall not affect the remaining portions or application of this section that can be given effect without the invalid portion or application. The provisions of this section are severable.

141.439 Expenditure of funds; transfers within appropriations.

Sec. 19. (1) A member of the legislative body, the chief administrative officer, an administrative officer, or an employee of a local unit shall not authorize or participate in the expenditure of funds except as authorized by a general appropriations act. An expenditure shall not be incurred except in pursuance of the authority and appropriations of the legislative body of the local unit.

Sec. 20. A violation of sections 17 to 19 by the chief administrative officer, an administrative officer, employee, or member of the legislative body of the local unit disclosed in an audit of the financial records and accounts of the local unit in the absence of reasonable procedures in use by the local unit to detect such violations shall be filed with the state treasurer and reported by the state treasurer to the attorney general. For local and intermediate school districts, the report of a violation shall be filed with the state superintendent of public instruction instead of the state treasurer. The attorney general shall review the report and initiate appropriate action against the chief administrative officer, fiscal officer, administrative officer, employee, or member of the legislative body. For the use and benefit of the local unit, the attorney general or prosecuting attorney may institute a civil action in a court of competent jurisdiction for the recovery of funds of a local unit, disclosed by an examination to have been illegally expended or collected as a result of malfeasance and not accounted for as provided in sections 17 to 19, and for the recovery of public property disclosed to have been converted or misappropriated.

Sec. 20a. (1) The department of treasury shall publish suggested manuals, forms, and operating procedures which may be used by local units in complying with this act. These manuals, forms, and procedures shall be designed to account for the various kinds and sizes of local units, except that the suggested manuals, forms,
