(11) As used in this section:

(a) "Great Lakes and their connecting waterways" means Lakes Superior, Michigan, Huron, Erie, and Ontario and their connecting waterways including the St. Marys river, Lake St. Clair, the St. Clair river, and the Detroit river. For purposes of this section, Lakes Huron and Michigan shall be considered a single Great Lake.

(b) "Source watershed" means the watershed from which a withdrawal originates. If water is withdrawn directly from a Great Lake, then the source watershed shall be considered to be the watershed of that Great Lake and its connecting waterways. If water is withdrawn from the watershed of a stream that is a direct tributary to a Great Lake, then the source watershed shall be considered to be the watershed of that Great Lake, with a preference for returning water to the direct tributary stream watershed from which it was withdrawn.

324.32724 Persons exempt from permit requirements; petition.

Sec. 32724. (1) A person who intends to make a new or increased large quantity withdrawal for which a permit is not required under section 32723 may petition the department for a determination that the new or increased withdrawal is not likely to cause an adverse resource impact.

(2) A petition under subsection (1) shall be submitted on a form provided by the department. A report shall be submitted with the petition containing the information described in section 32706 and an evaluation of environmental, hydrological, and hydrogeological conditions that exist and the predicted effects of the intended withdrawal that provides a reasonable basis for the determination to be made. The petitioner shall also include with the petition a fee of $5,000.00. The department shall transmit water use reporting fees collected under this section to the state treasurer to be credited to the water use protection fund created in section 32714.

(3) A petition is considered to be administratively complete effective 30 days after it is received by the department unless the department notifies the petitioner, in writing, during this 30-day period that the petition is not administratively complete or that the fee required to be accompanied with the petition has not been paid. If the department determines that the petition is not administratively complete, the notification shall specify the information necessary to make the petition administratively complete. If the department notifies the petitioner as provided in this subsection, the 30-day period is tolled until the petitioner submits to the department the appropriate information or fee.

(4) Within 120 days after receipt of an administratively complete petition, the department shall issue a written determination to the petitioner that does either of the following:

(a) Affirms that the proposed withdrawal is not likely to cause an adverse resource impact.

(b) Specifies the reasons that an affirmative determination under subdivision (a) cannot be made and states how the petitioner can meet the criteria to obtain an affirmative determination.

(5) In making a determination under subsection (4) with regard to a community supply owned by a political subdivision, the department shall consider the factors provided in section 4(4)(a) and (b) of the safe drinking water act, 1976 PA 399, MCL 325.1004.

(6) A water withdrawal with regard to which an affirmative determination is issued under this section shall be presumed not to create an adverse resource impact. A presumption

under this subsection may be rebutted by a preponderance of evidence that the withdrawal has caused or is likely to cause an adverse resource impact.

(7) The department shall submit a report every 2 years to the senate and house appropriations committees and to the standing committees of the senate and house of representatives with jurisdiction primarily related to natural resources and the environment that identifies the costs to the department in reviewing petitions under this section and in reviewing applications for permits under section 32723. Additionally, the report shall detail the revenues generated from petitions under this section, permit applicants under section 32723, and reporting fees under section 32707.

324.32726 Local ordinance.

Sec. 32726. Except as authorized by the public health code, 1978 PA 368, MCL 333.1101 to 333.25211, a local unit of government shall not enact or enforce an ordinance that regulates a large quantity withdrawal. This section is not intended to diminish or create any existing authority of municipalities to require persons to connect to municipal water supply systems as authorized by law.

324.32727 Exemption.

Sec. 32727. A withdrawal pursuant to part 111, 115, 201, or 213 is exempt from the requirements of this part.

324.32728 Other laws; effect.

Sec. 32728. This part shall not be construed as affecting, intending to affect, or in any way altering or interfering with common law water rights or the applicability of other laws providing for the protection of natural resources or the environment.

Repeal of MCL 324.32711 and 324.32712.

Enacting section 1. Sections 32711 and 32712 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.32711 and 324.32712, are repealed.

AN ACT to amend 1994 PA 451, entitled "An act to protect the environment and natural resources of the state; to codify, revise, consolidate, and classify laws relating to the environment and natural resources of the state; to regulate the discharge of certain substances into the environment; to regulate the use of certain lands, waters, and other natural resources of the state; to prescribe the powers and duties of certain state and local agencies and officials; to provide for certain charges, fees, assessments, and donations; to provide certain appropriations; to prescribe penalties and provide remedies; and to repeal acts and parts of acts," by amending sections 32705 and 32708 (MCL 324.32705 and 324.32708), as amended by 2003 PA 148, and by adding section 32708a.

The People of the State of Michigan enact:

324.32705 Registration; exception; agricultural purpose; form; calculating total amount of existing or proposed withdrawal; aggregate information.

Sec. 32705. (1) Except as otherwise provided in this section, the owner of real property who has the capacity on that property to make a large quantity withdrawal from the waters of this state shall register with the department prior to beginning that withdrawal.

(2) The following persons are not required to register under this section:

(a) A person who has previously registered for that property under this part, unless that registrant develops new or increased withdrawal capacity on the property of an additional 100,000 gallons of water per day from the waters of the state.

(b) A community supply owned by a political subdivision that holds a permit under the safe drinking water act, 1976 PA 399, MCL 325.1001 to 325.1023.

(c) A person holding a permit under section 32723.

(d) The owner of a noncommercial well on residential property.

(3) The following persons shall register under this section but may register after beginning the withdrawal but before 90 days after the effective date of the amendatory act that added this section:

(a) A person who was developing new or increased withdrawal capacity on the effective date of the amendatory act that added this section.

(b) A person who was not required to register under this part prior to the effective date of the amendatory act that added this section.

(4) Subsection (1) does not limit a property owner's ability to withdraw water from a test well prior to registration if the test well is constructed in association with the development of new or increased withdrawal capacity and used only to evaluate the development of new or increased withdrawal capacity.

(5) A registration under this section by the owner of a farm in which the withdrawal is intended for an agricultural purpose, including irrigation for an agricultural purpose, shall be submitted to the department of agriculture instead of the department.

(6) A registration submitted under this section shall be on a form provided by the department or the department of agriculture, as appropriate.

(7) In calculating the total amount of an existing or proposed withdrawal for the purpose of this section, a person shall combine all separate withdrawals that the person makes or proposes to make, whether or not these withdrawals are for a single purpose or are for related but separate purposes.

(8) The department shall aggregate information received by the state related to large quantity withdrawal capacities within the state and reported large quantity withdrawals in the state.

324.32708 Water use conservation plan; formula or model to estimate consumptive use of withdrawals for agricultural purposes; inclusion of information in statewide groundwater inventory and map; disclosure.

Sec. 32708. (1) The owner of a farm that is registered under this part who makes a withdrawal for an agricultural purpose, including irrigation for an agricultural purpose, may report the water use on the farm by annually submitting to the department of agriculture a water use conservation plan. Conservation plans shall be submitted by April 1 of each year. The water use conservation plan shall include, but need not be limited to, all of the following information:

(a) The amount and rate of water withdrawn on an annual and monthly basis in either gallons or acre inches.

(b) The type of crop irrigated, if applicable.

(c) The acreage of each irrigated crop, if applicable.

(d) The source or sources of the water supply.

(e) If the source of the water withdrawn is groundwater, the location of the well or wells in latitude and longitude, with the accuracy of the reported location data to within 25 feet.

(f) If the water withdrawn is not used entirely for irrigation, the use or uses of the water withdrawn.

(g) If the source of water withdrawn is groundwater, the static water level of the aquifer or aquifers, if practicable.

(h) Applicable water conservation practices and an implementation plan for those practices.

(i) At the discretion of the registrant, the baseline capacity of the withdrawal based upon system capacity and a description of the system capacity. If the registrant chooses to report the baseline capacity under this subdivision, that information shall be included in the next report submitted by the registrant after the effective date of the amendatory act that added this subdivision. Information reported under this subdivision needs only to be reported to the department of agriculture on 1 occasion.

(2) The department and the department of agriculture in consultation with Michigan state university shall validate and use a formula or model to estimate the consumptive use of withdrawals made for agricultural purposes consistent with the objectives of section 32707.

(3) Subject to subsection (4), information provided to the department of agriculture under subsection (1)(a), (d), and (e) shall be forwarded to the department for inclusion in the statewide groundwater inventory and map prepared under section 32802.

(4) Information provided under subsection (1)(a), (e), and (i) is exempt from disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246, and shall not be disclosed by the department, the department of agriculture, or the department of natural resources unless the department determines that the withdrawal is causing an adverse resource impact.

324.32708a Water management practices or water conservation measures; guidelines.

Sec. 32708a. (1) Within 12 months after the effective date of the amendatory act that added this section, each water user's sector shall begin designing guidelines for generally accepted water management practices or environmentally sound and economically feasible water conservation measures within that sector. Within 24 months after the effective date of the amendatory act that added this section, the department shall review and report to the appropriate standing committees of the legislature on whether or not there are reasonably detailed criteria for assisting a facility in determining whether water is being used in an efficient manner. Such guidelines may be adopted by an established statewide professional or trade association representing that sector.

(2) Compliance with generally accepted water management practices or environmentally sound and economically feasible water conservation measures does not authorize a water withdrawal that is otherwise prohibited by law.

Conditional effective date.

Enacting section 1. This amendatory act does not take effect unless all of the following bills of the 93rd Legislature are enacted into law:

(a) Senate Bill No. 850.

(b) Senate Bill No. 851.

AN ACT to amend 1994 PA 451, entitled "An act to protect the environment and natural resources of the state; to codify, revise, consolidate, and classify laws relating to the environment and natural resources of the state; to regulate the discharge of certain substances into the environment; to regulate the use of certain lands, waters, and other natural resources of the state; to prescribe the powers and duties of certain state and local agencies and officials; to provide for certain charges, fees, assessments, and donations; to provide certain appropriations; to prescribe penalties and provide remedies; and to repeal acts and parts of acts," (MCL 324.101 to 324.90106) by adding section 32725.

The People of the State of Michigan enact:

324.32725 Water users committee; establishment; purpose; composition; occurrence of adverse resource impacts; recommended solution proposed by department; order by director; petition; "unverified petition" defined.

Sec. 32725. (1) All persons making large quantity withdrawals within a watershed are encouraged to establish a water users committee to evaluate the status of current water resources, water use, and trends in water use within the watershed and to assist in long-term water resources planning. A water users committee may be composed of all registrants, water withdrawal permit holders, and local government officials within the watershed.

(2) If the department determines by reasonable scientifically-based evidence that adverse resource impacts are occurring or are likely to occur from 1 or more large quantity withdrawals, the department shall notify the water users committee in the watershed or shall convene a meeting of all registrants and water withdrawal permit holders within the watershed and shall attempt to facilitate an agreement on voluntary measures that would prevent adverse resource impacts.

(3) If, within 30 days after the department has notified the water users committee or convened the meeting under subsection (2), the registrants and water withdrawal permit holders are not able to voluntarily agree to measures that would prevent adverse resource impacts, the department may propose a solution that the department believes would equitably resolve the situation and prevent adverse resource impacts. The recommended solution is not binding on any of the parties.

(4) The director may, without a prior hearing, order a person holding a water withdrawal permit to immediately restrict a withdrawal if the director determines by clear and convincing scientific evidence that there is a substantial and imminent threat that the withdrawal is causing or is likely to cause an adverse resource impact. The order shall specify the date on which the withdrawal must be restricted and the date on which it may be resumed. An order issued under this section shall remain in force and effect for not more than 30 days and may be renewed for an additional 30 days if the director determines by clear and convincing scientific evidence that conditions continue to pose a substantial and imminent threat that the withdrawal is causing or is likely to cause an adverse resource impact. The order shall notify the person that the person may request a contested case hearing under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. The hearing shall be held within 10 business days following the request, unless the permittee requests a later date. As an alternative to requesting a contested case hearing, a person subject to

an order under this section may seek judicial review of the order as provided in the revised judicature act of 1961, 1961 PA 236, MCL 600.101 to 600.9947.

(5) A registrant or water withdrawal permit holder may submit a petition to the director alleging that adverse resource impacts are occurring or are likely to occur from 1 or more water withdrawals. The director shall either investigate the petition or forward the petition to the director of the department of agriculture if the water withdrawals are from an agricultural well. The petition shall be in writing and shall include all the information requested by the director or the director of the department of agriculture, as appropriate.

(6) A person who submits more than 2 unverified petitions under this section within 1 year may be ordered by the director to pay for the full costs of investigating any third or subsequent unverified petition. As used in this subsection, "unverified petition" means a petition in response to which the director determines that there is not reasonable evidence to suspect adverse resource impacts.

Conditional effective date.

Enacting section 1. This amendatory act does not take effect unless all of the following bills of the 93rd Legislature are enacted into law:

(a) Senate Bill No. 850.

(b) Senate Bill No. 851.

(c) Senate Bill No. 852.

(d) Senate Bill No. 857.

This act is ordered to take immediate effect.

[No. 37]

(SB 857)

AN ACT to amend 1976 PA 399, entitled "An act to protect the public health; to provide for supervision and control over public water supplies; to prescribe the powers and duties of the department of environmental quality; to provide for the submission of plans and specifications for waterworks systems and the issuance of construction permits therefor; to provide for capacity assessments and source water assessments of public water supplies; to provide for the classification of public water supplies and the examination, certification and regulation of persons operating those systems; to provide for continuous, adequate operation of privately owned, public water supplies; to authorize the promulgation of rules to carry out the intent of the act; to create the water supply fund; to provide for the administration of the water supply fund; and to provide penalties," by amending sections 4 and 17 (MCL 325.1004 and 325.1017), section 4 as amended by 1998 PA 56 and section 17 as amended by 1993 PA 165.

The People of the State of Michigan enact:

325.1004 Filing plans and specifications of waterworks system; general plan of waterworks system; evaluation of proposed system; capacity assessment; return or rejection of plans and specifications; plans and specifications for improvements; permit for construction; violation; permit as condition to expenditures; conditions for denial of permit.

Sec. 4. (1) A supplier of water shall file with the department the plans and specifications of the entire waterworks system owned or operated by the supplier, unless the department determines that its existing records are adequate. A general plan of the waterworks system for each public water supply shall be provided to the department by a supplier of water and shall be updated as determined necessary by the department.

(2) Upon receipt of the plans and specifications for a proposed waterworks system, the department shall evaluate the adequacy of the proposed system to protect the public health by supplying water meeting the state drinking water standards and, if applicable, shall evaluate the impact of the proposed system as provided in subsections (3) and (4). The department shall also conduct a capacity assessment for a proposed community supply or nontransient noncommunity water supply and determine if the system has the technical, financial, and managerial capacity to meet all requirements of this act and the rules promulgated under this act, on the date of commencement of operations. If upon evaluation the department determines the plans and specifications to be inadequate or the capacity assessment shows the system to be inadequate, the department may return the plans and specifications to the applicant and require additions or modifications as may be appropriate. The department may reject plans and specifications for a waterworks system that will not satisfactorily provide for the protection of the public health or, if applicable, will not meet the standards provided in subsections (3) and (4). The department may deny a permit for construction of a proposed community supply or a nontransient noncommunity water supply if the capacity assessment shows that the proposed system does not have adequate technical, financial, or managerial capacity to meet the requirements of this act and the rules promulgated under this act.

(3) The department may evaluate the impact of a proposed waterworks system for a community supply owned by a political subdivision that will do any of the following:

(a) Provide new total designed withdrawal capacity of more than 2,000,000 gallons of water per day from a source of water other than the Great Lakes and their connecting waterways.

(b) Provide an increased total designed withdrawal capacity of more than 2,000,000 gallons of water per day from a source of water other than the Great Lakes and their connecting waterways beyond the system's total designed withdrawal capacity.

(c) Provide new total designed withdrawal capacity of more than 5,000,000 gallons of water per day from the Great Lakes and their connecting waterways.

(d) Provide an increased total designed withdrawal capacity of more than 5,000,000 gallons of water per day from the Great Lakes and their connecting waterways beyond the system's total designed withdrawal capacity.

(4) The department shall reject the plans and specifications for a proposed waterworks system evaluated under subsection (3) if it determines that the proposed system will not meet the applicable standard provided in section 32723(5) or (6) of the natural resources and environmental protection act, 1994 PA 451, MCL 324.32723, unless both of the following conditions are met:

(a) The department determines that there is no feasible and prudent alternative location for the withdrawal.

(b) The department includes in the approval conditions related to depth, pumping capacity, rate of flow, and ultimate use that ensure that the environmental impact of the withdrawal is balanced by the public benefit of the withdrawal related to public health, safety, and welfare.

(5) Before commencing the construction of a waterworks system or an alteration, addition, or improvement to a system, a supplier of water shall submit the plans and specifications for the improvements to the department and secure from the department a permit for construction as provided by rule. Plans and specifications submitted to the department shall be prepared by a professional engineer licensed under article 20 of the occupational code, 1980 PA 299, MCL 339.2001 to 339.2014. A contractor, builder, or supplier of water shall not engage in or begin the construction of a waterworks system or an alteration, addition, or improvement to a waterworks system until a valid permit for the construction has been secured from the department. A contractor, builder, or supplier of water who permits or allows construction to proceed without a valid permit, or in a manner not in accordance with the plans and specifications approved by the department, violates this act. A supplier of water shall not issue a voucher or check or in any other way expend money or provide consideration for construction of a waterworks system unless a valid permit issued by the department is in effect.

(6) The department may deny a permit for construction of a waterworks system or an alteration, addition, or improvement to a waterworks system if the most recent capacity assessment shows that the waterworks system does not have adequate technical, financial, or managerial capacity to meet the requirements of this act and the rules promulgated under this act, and the deficiencies identified in that capacity assessment remain uncorrected, unless the proposed construction will remedy the deficiencies.

325.1017 Bottled drinking water.

Sec. 17. (1) A person engaged in producing bottled drinking water shall utilize a water source meeting the requirements of this section and the requirements otherwise provided in this act. (2) A person producing bottled drinking water from an out-of-state source shall submit proof to the director that the source and bottling facilities were approved by the agency having jurisdiction. The director may withhold approval of the bottled water if the other agency's inspection, surveillance, and approval procedures and techniques are determined to be inadequate.

(7) A person seeking a departmental determination under subsection (3) shall submit an application fee of $5,000.00 to the department. The department shall transmit application fees received under this section to the state treasurer to be credited to the water use protection fund created in section 32714.

(9) As used in this section, "adverse resource impact" and "new or increased large quantity withdrawal" mean those terms as they are defined in section 32701 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.32701.

The People of the State of Michigan enact:

333.20201 Policy describing rights and responsibilities of patients or residents; adoption; posting and distribution; contents; additional requirements; discharging, harassing, retaliating, or discriminating against patient exercising protected right; exercise of rights by patient's representative; informing patient or resident of policy; designation of person to exercise rights and responsibilities; additional patients' rights; definitions.

Sec. 20201. (1) A health facility or agency that provides services directly to patients or residents and is licensed under this article shall adopt a policy describing the rights and responsibilities of patients or residents admitted to the health facility or agency. Except for a licensed health maintenance organization which shall comply with chapter 35 of the insurance code of 1956, 1956 PA 218, MCL 500.3501 to 500.3580, the policy shall be posted at a public place in the health facility or agency and shall be provided to each member of the health facility or agency staff. Patients or residents shall be treated in accordance with the policy.

(2) The policy describing the rights and responsibilities of patients or residents required under subsection (1) shall include, as a minimum, all of the following:

(a) A patient or resident shall not be denied appropriate care on the basis of race, religion, color, national origin, sex, age, disability, marital status, sexual preference, or source of payment.

(b) An individual who is or has been a patient or resident is entitled to inspect, or receive for a reasonable fee, a copy of his or her medical record upon request in accordance with the medical records access act, 2004 PA 47, MCL 333.26261 to 333.26271. Except as otherwise permitted or required under the health insurance portability and accountability act of 1996, Public Law 104-191, or regulations promulgated under that act, 45 CFR parts 160 and 164, a third party shall not be given a copy of the patient's or resident's medical record without prior authorization of the patient or resident.

(c) A patient or resident is entitled to confidential treatment of personal and medical records, and may refuse their release to a person outside the health facility or agency except as required because of a transfer to another health care facility, as required by law or third party payment contract, or as permitted or required under the health insurance

portability and accountability act of 1996, Public Law 104-191, or regulations promulgated under that act, 45 CFR parts 160 and 164.

(d) A patient or resident is entitled to privacy, to the extent feasible, in treatment and in caring for personal needs with consideration, respect, and full recognition of his or her dignity and individuality.

(e) A patient or resident is entitled to receive adequate and appropriate care, and to receive, from the appropriate individual within the health facility or agency, information about his or her medical condition, proposed course of treatment, and prospects for recovery, in terms that the patient or resident can understand, unless medically contraindicated as documented by the attending physician in the medical record.

(f) A patient or resident is entitled to refuse treatment to the extent provided by law and to be informed of the consequences of that refusal. If a refusal of treatment prevents a health facility or agency or its staff from providing appropriate care according to ethical and professional standards, the relationship with the patient or resident may be terminated upon reasonable notice.

(g) A patient or resident is entitled to exercise his or her rights as a patient or resident and as a citizen, and to this end may present grievances or recommend changes in policies and services on behalf of himself or herself or others to the health facility or agency staff, to governmental officials, or to another person of his or her choice within or outside the health facility or agency, free from restraint, interference, coercion, discrimination, or reprisal. A patient or resident is entitled to information about the health facility's or agency's policies and procedures for initiation, review, and resolution of patient or resident complaints.

(h) A patient or resident is entitled to information concerning an experimental procedure proposed as a part of his or her care and has the right to refuse to participate in the experimental procedure without jeopardizing his or her continuing care.

(i) A patient or resident is entitled to receive and examine an explanation of his or her bill regardless of the source of payment and to receive, upon request, information relating to financial assistance available through the health facility or agency.

(j) A patient or resident is entitled to know who is responsible for and who is providing his or her direct care, is entitled to receive information concerning his or her continuing health needs and alternatives for meeting those needs, and to be involved in his or her discharge planning, if appropriate.

(k) A patient or resident is entitled to associate and have private communications and consultations with his or her physician, attorney, or any other person of his or her choice and to send and receive personal mail unopened on the same day it is received at the health facility or agency, unless medically contraindicated as documented by the attending physician in the medical record. A patient's or resident's civil and religious liberties, including the right to independent personal decisions and the right to knowledge of available choices, shall not be infringed and the health facility or agency shall encourage and assist in the fullest possible exercise of these rights. A patient or resident may meet with, and participate in, the activities of social, religious, and community groups at his or her discretion, unless medically contraindicated as documented by the attending physician in the medical record.

(*l*) A patient or resident is entitled to be free from mental and physical abuse and from physical and chemical restraints, except those restraints authorized in writing by the attending physician for a specified and limited time or as are necessitated by an emergency to protect the patient or resident from injury to self or others, in which case the restraint may

only be applied by a qualified professional who shall set forth in writing the circumstances requiring the use of restraints and who shall promptly report the action to the attending physician. In case of a chemical restraint, a physician shall be consulted within 24 hours after the commencement of the chemical restraint.

(m) A patient or resident is entitled to be free from performing services for the health facility or agency that are not included for therapeutic purposes in the plan of care.

(n) A patient or resident is entitled to information about the health facility or agency rules and regulations affecting patient or resident care and conduct.

(o) A patient or resident is entitled to adequate and appropriate pain and symptom management as a basic and essential element of his or her medical treatment.

(3) The following additional requirements for the policy described in subsection (2) apply to licensees under parts 213 and 217:

(a) The policy shall be provided to each nursing home patient or home for the aged resident upon admission, and the staff of the facility shall be trained and involved in the implementation of the policy.

(b) Each nursing home patient may associate and communicate privately with persons of his or her choice. Reasonable, regular visiting hours, which shall be not less than 8 hours per day, and which shall take into consideration the special circumstances of each visitor, shall be established for patients to receive visitors. A patient may be visited by the patient's attorney or by representatives of the departments named in section 20156, during other than established visiting hours. Reasonable privacy shall be afforded for visitation of a patient who shares a room with another patient. Each patient shall have reasonable access to a telephone. A married nursing home patient or home for the aged resident is entitled to meet privately with his or her spouse in a room that assures privacy. If both spouses are residents in the same facility, they are entitled to share a room unless medically contraindicated and documented by the attending physician in the medical record.

(c) A nursing home patient or home for the aged resident is entitled to retain and use personal clothing and possessions as space permits, unless to do so would infringe upon the rights of other patients or residents, or unless medically contraindicated as documented by the attending physician in the medical record. Each nursing home patient or home for the aged resident shall be provided with reasonable space. At the request of a patient, a nursing home shall provide for the safekeeping of personal effects, funds, and other property of a patient in accordance with section 21767, except that a nursing home is not required to provide for the safekeeping of a property that would impose an unreasonable burden on the nursing home.

(d) A nursing home patient or home for the aged resident is entitled to the opportunity to participate in the planning of his or her medical treatment. A nursing home patient shall be fully informed by the attending physician of the patient's medical condition unless medically contraindicated as documented by a physician in the medical record. Each nursing home patient shall be afforded the opportunity to discharge himself or herself from the nursing home.

(e) A home for the aged resident may be transferred or discharged only for medical reasons, for his or her welfare or that of other residents, or for nonpayment of his or her stay, except as provided by title XVIII or title XIX. A nursing home patient may be transferred or discharged only as provided in sections 21773 to 21777. A nursing home patient or home for the aged resident is entitled to be given reasonable advance notice to ensure orderly transfer or discharge. Those actions shall be documented in the medical record.

(f) A nursing home patient or home for the aged resident is entitled to be fully informed before or at the time of admission and during stay of services available in the facility, and of the related charges including any charges for services not covered under title XVIII, or not covered by the facility's basic per diem rate. The statement of services provided by the facility shall be in writing and shall include those required to be offered on an as-needed basis.

(g) A nursing home patient or home for the aged resident is entitled to manage his or her own financial affairs, or to have at least a quarterly accounting of personal financial transactions undertaken in his or her behalf by the facility during a period of time the patient or resident has delegated those responsibilities to the facility. In addition, a patient or resident is entitled to receive each month from the facility an itemized statement setting forth the services paid for by or on behalf of the patient and the services rendered by the facility. The admission of a patient to a nursing home does not confer on the nursing home or its owner, administrator, employees, or representatives the authority to manage, use, or dispose of a patient's property.

(h) A nursing home patient or a person authorized by the patient in writing may inspect and copy the patient's personal and medical records. The records shall be made available for inspection and copying by the nursing home within a reasonable time, not exceeding 1 week, after the receipt of a written request.

(i) If a nursing home patient desires treatment by a licensed member of the healing arts, the treatment shall be made available unless it is medically contraindicated, and the medical contraindication is justified in the patient's medical record by the attending physician.

(j) A nursing home patient has the right to have his or her parents, if a minor, or his or her spouse, next of kin, or patient's representative, if an adult, stay at the facility 24 hours a day if the patient is considered terminally ill by the physician responsible for the patient's care.

(k) Each nursing home patient shall be provided with meals that meet the recommended dietary allowances for that patient's age and sex and that may be modified according to special dietary needs or ability to chew.

(*l*) Each nursing home patient has the right to receive representatives of approved organizations as provided in section 21763.

(4) A nursing home, its owner, administrator, employee, or representative shall not discharge, harass, or retaliate or discriminate against a patient because the patient has exercised a right protected under this section.

(5) In the case of a nursing home patient, the rights enumerated in subsection (2)(c), (g), and (k) and subsection (3)(d), (g), and (h) may be exercised by the patient's representative.

(6) A nursing home patient or home for the aged resident is entitled to be fully informed, as evidenced by the patient's or resident's written acknowledgment, before or at the time of admission and during stay, of the policy required by this section. The policy shall provide that if a patient or resident is adjudicated incompetent and not restored to legal capacity, the rights and responsibilities set forth in this section shall be exercised by a person designated by the patient or resident. The health facility or agency shall provide proper forms for the patient or resident to provide for the designation of this person at the time of admission.

(7) This section does not prohibit a health facility or agency from establishing and recognizing additional patients' rights.

(8) As used in this section:

(a) "Patient's representative" means that term as defined in section 21703.

(b) "Title XVIII" means title XVIII of the social security act, 42 USC 1395 to 1395hhh.

(c) "Title XIX" means title XIX of the social security act, 42 USC 1396 to 1396v.

AN ACT to amend 1939 PA 288, entitled "An act to revise and consolidate the statutes relating to certain aspects of the family division of circuit court, to the jurisdiction, powers, and duties of the family division of circuit court and its judges and other officers, to the change of name of adults and children, and to the adoption of adults and children; to prescribe certain jurisdiction, powers, and duties of the family division of circuit court and its judges and other officers; to prescribe the manner and time within which certain actions and proceedings may be brought in the family division of the circuit court; to prescribe pleading, evidence, practice, and procedure in certain actions and proceedings in the family division of circuit court; to provide for appeals from certain actions in the family division of circuit court; to prescribe the powers and duties of certain state departments, agencies, and officers; to provide for certain immunity from liability; and to provide remedies and penalties," by amending section 23f of chapter X (MCL 710.23f), as amended by 1994 PA 373.

The People of the State of Michigan enact:

CHAPTER X

710.23f Preplacement assessment.

Sec. 23f. (1) In a direct placement, an individual seeking to adopt may request, at any time, that a preplacement assessment be prepared by a child placing agency.

(2) An individual requesting a preplacement assessment does not need to have located a prospective adoptee when the request is made or when the assessment is completed.

(3) An individual may request more than 1 preplacement assessment or may request that an assessment, once initiated, not be completed.

(4) If an individual is seeking to adopt a child from a particular child placing agency, the agency may require the individual to be assessed by its own employee, even if the individual has already had a favorable preplacement assessment completed by another child placing agency.

(5) A preplacement assessment is based upon personal interviews and visits at the residence of the individual being assessed, interviews of others who know the individual, and reports received under this subsection. The assessment shall contain all of the following information about the individual being assessed:

(a) Age, nationality, race or ethnicity, and any religious preference.

(b) Marital and family status and history, including the presence of other children or adults in the household and the relationship of those individuals to the adoptive parent.

(c) Physical and mental health, including any history of substance abuse.

(d) Educational and employment history and any special skills and interests.

(e) Property and income, including outstanding financial obligations as indicated in a current financial report provided by the individual.

(f) Reason for wanting to adopt.

(g) Any previous request for an assessment or involvement in an adoptive placement and the outcome of the assessment or placement.

(h) Whether the individual has ever been the respondent in a domestic violence proceeding or a proceeding concerning a child who was allegedly abused, dependent, deprived, neglected, abandoned, or delinquent, and the outcome of the proceeding.

(i) Whether the individual has ever been convicted of a crime.

(j) Whether the individual has located a parent interested in placing a child with the individual for adoption and a brief description of the parent and the child.

(k) Any fact or circumstance that raises a specific concern about the suitability of the individual as an adoptive parent, including the quality of the environment in the home, the functioning of other children in the household, and any aspect of the individual's familial, social, psychological, or financial circumstances that may be relevant to a determination that the individual is not suitable. A specific concern is one that suggests that placement of any child, or a particular child, in the home of the individual would pose a risk of harm to the physical or psychological well-being of the child.

(6) A child placing agency shall request an individual seeking a preplacement assessment to provide a document from the Michigan state police and the federal bureau of investigation describing all of the individual's criminal convictions as shown by that agency's records, or stating that the agency's records indicate that the individual has not been convicted of a crime. Upon request of the individual and receipt of a signed authorization, the child placing agency shall obtain the criminal record from the law enforcement agency on the individual's behalf.

(7) A child placing agency shall request an individual seeking a preplacement assessment to undergo a physical examination conducted by a licensed physician, a licensed physician's assistant, or a certified nurse practitioner to determine that the individual is free from any known condition that would affect his or her ability to care for an adoptee. If an individual has had a physical examination within the 12 months immediately preceding his or her request for a preplacement assessment, he or she may submit a medical statement that is signed and dated by the licensed physician, licensed physician's assistant, or certified nurse practitioner verifying that he or she has had a physical examination within the previous 12-month period and is free from any known condition that would affect his or her ability to care for an adoptee. This subsection does not require new or additional third party reimbursement or worker's compensation benefits for services rendered.

(8) A preplacement assessment shall contain a list of the sources of information on which it is based. If the child placing agency determines that the information assessed does not raise a specific concern, the child placing agency shall find that the individual is suited to be an adoptive parent. If the child placing agency determines that the information assessed does raise a specific concern, the child placing agency shall find that the individual is not suitable to be an adoptive parent. The conclusion shall be supported by a written account of how 1 or more specific concerns pose a risk to the physical or psychological well-being of any child or a particular child. If the conclusion of a preplacement assessment regarding the suitability of the individual differs from the conclusion in a prior assessment, the child placing agency shall explain and justify the difference.

The People of the State of Michigan enact:

722.115 License or certificate of registration required; application; forms; investigations; on-site visit; issuance or renewal of license; issuance of certificate of registration; certifying compliance, services, and facilities; conditions; orientation session; limitations on certificate; investigation and certification of foster family home or group home; placement of children in foster family home, family group home, unlicensed residence, adult foster care family home, or adult foster care small group home; certification; supervisory responsibility; records; exceptions; receipt of completed application; issuance of license within certain period of time; inspections; report; criminal history check or criminal records check; definitions.

Sec. 5. (1) A person, partnership, firm, corporation, association, or nongovernmental organization shall not establish or maintain a child care organization unless licensed or registered by the department. Application for a license or certificate of registration shall be made on forms provided, and in the manner prescribed, by the department. Before issuing or renewing a license, the department shall investigate the applicant's activities and proposed standards of care and shall make an on-site visit of the proposed or established organization. If the department is satisfied as to the need for a child care organization, its financial stability, the applicant's good moral character, and that the services and facilities are conducive to the welfare of the children, the department shall issue or renew the license.

If a county juvenile agency as defined in section 2 of the county juvenile agency act, 1998 PA 518, MCL 45.622, certifies to the department that it intends to contract with an applicant for a new license, the department shall issue or deny the license within 60 days after it receives a complete application as provided in section 5b.

(2) The department shall issue a certificate of registration to a person who has successfully completed an orientation session offered by the department and who certifies to the department that the family day care home has complied with and will continue to comply with the rules promulgated under this act and will provide services and facilities, as determined by the department, conducive to the welfare of children. The department shall make available to applicants for registration an orientation session to applicants for registration regarding this act, the rules promulgated under this act, and the needs of children in family day care before issuing a certificate of registration. The department shall issue a certificate of registration to a specific person at a specific location. A certificate of registration is nontransferable and remains the property of the department. Within 90 days after initial registration, the department shall make an on-site visit of the family day care home.

(3) The department may authorize a licensed child placing agency or an approved governmental unit to investigate a foster family home or a foster family group home according to subsection (1) and to certify that the foster family home or foster family group home meets the licensing requirements prescribed by this act. Before certifying to the department that a foster family home or foster family group home meets the licensing requirements prescribed by this act, the licensed child placing agency or approved governmental unit shall receive and review a medical statement for each member of the household indicating that he or she does not have a known condition that would affect the care of a foster child. The medical statement required under this section shall be signed and dated by a physician licensed under article 15 of the public health code, 1978 PA 368, MCL 333.16101 to 333.18838, a physician's assistant licensed under article 15 of the public health code, 1978 PA 368, MCL 333.16101 to 333.18838, or a certified nurse practitioner licensed as a registered professional nurse under part 172 of the public health code, 1978 PA 368, MCL 333.17201 to 333.17242, who has been issued a specialty certification as a nurse practitioner by the board of nursing under section 17210 of the public health code, 1978 PA 368, MCL 333.17210, within the 12 months immediately preceding the date of the initial evaluation. This subsection does not require new or additional third party reimbursement or worker's compensation benefits for services rendered. A foster family home or a foster family group home shall be certified for licensing by the department by only 1 child placing agency or approved governmental unit. Other child placing agencies may place children in a foster family home or foster family group home only upon the approval of the certifying agency or governmental unit.

(4) The department may authorize a licensed child placing agency or an approved governmental unit to place a child who is 16 or 17 years of age in his or her own unlicensed residence, or in the unlicensed residence of an adult who has no supervisory responsibility for the child, if a child placing agency or governmental unit retains supervisory responsibility for the child.

(5) A licensed child placing agency, child caring institution, and an approved governmental unit shall provide the state court administrative office and a local foster care review board established under 1984 PA 422, MCL 722.131 to 722.139a, those records requested pertaining to children in foster care placement for more than 6 months.

(6) The department may authorize a licensed child placing agency or an approved governmental unit to place a child who is 16 or 17 years old in an adult foster care family home or an adult foster care small group home licensed under the adult foster care facility

licensing act, 1979 PA 218, MCL 400.701 to 400.737, if a licensed child placing agency or approved governmental unit retains supervisory responsibility for the child and certifies to the department all of the following:

(a) The placement is in the best interests of the child.

(b) The child's needs can be adequately met by the adult foster care family home or small group home.

(c) The child will be compatible with other residents of the adult foster care family home or small group home.

(d) The child placing agency or approved governmental unit will periodically reevaluate the placement of a child under this subsection to determine that the criteria for placement in subdivisions (a) through (c) continue to be met.

(7) On an exception basis, the director of the department, or his or her designee, may authorize a licensed child placing agency or an approved governmental unit to place an adult in a foster family home if a licensed child placing agency or approved governmental unit certifies to the department all of the following:

(a) The adult is a person with a developmental disability as defined by section 100a of the mental health code, 1974 PA 258, MCL 330.1100a, or a person who is otherwise neurologically disabled and is also physically limited to a degree that requires complete physical assistance with mobility and activities of daily living.

(b) The placement is in the best interests of the adult and will not adversely affect the interests of the foster child or children residing in the foster family home.

(c) The identified needs of the adult can be met by the foster family home.

(d) The adult will be compatible with other residents of the foster family home.

(e) The child placing agency or approved governmental unit will periodically reevaluate the placement of an adult under this subsection to determine that the criteria for placement in subdivisions (a) through (d) continue to be met and document that the adult is receiving care consistent with the administrative rules for a child placing agency.

(8) On an exception basis, the director of the department, or his or her designee, may authorize a licensed child placing agency or an approved governmental unit to place a child in an adult foster care family home or an adult foster care small group home licensed under the adult foster care licensing act, 1979 PA 218, MCL 400.701 to 400.737, if the licensed child placing agency or approved governmental unit certifies to the department all of the following:

(a) The placement is in the best interests of the child.

(b) The placement has the concurrence of the parent or guardian of the child.

(c) The identified needs of the child can be met adequately by the adult foster care family home or small group home.

(d) The child's psychosocial and clinical needs are compatible with those of other residents of the adult foster care family home or small group home.

(e) The clinical treatment of the child's condition is similar to that of the other residents of the adult foster care family home or small group home.

(f) The child's cognitive level is consistent with the cognitive level of the other residents of the adult foster care family home or small group home.

(g) The child is neurologically disabled and is also physically limited to such a degree as to require complete physical assistance with mobility and activities of daily living.

(h) The child placing agency or approved governmental unit will periodically reevaluate the placement of a child under this subsection to determine that the criteria for placement in subdivisions (a) to (g) continue to be met.

(9) Beginning October 1, 2007, except as provided in subsection (1) and section 5b, the department shall issue an initial or renewal license or registration under this act for child care centers, group day care homes, and family day care homes not later than 6 months after the applicant files a completed application. Receipt of the application is considered the date the application is received by any agency or department of this state. If the application is considered incomplete by the department, the department shall notify the applicant in writing or make notice electronically available within 30 days after receipt of the incomplete application, describing the deficiency and requesting additional information. This subsection does not affect the time period within which an on-site visit to a family day care home shall be made. If the department identifies a deficiency or requires the fulfillment of a corrective action plan, the 6-month period is tolled until either of the following occurs:

(a) Upon notification by the department of a deficiency, until the date the requested information is received by the department.

(b) Upon notification by the department that a corrective action plan is required, until the date the department determines the requirements of the corrective action plan have been met.

(10) The determination of the completeness of an application is not an approval of the application for the license and does not confer eligibility on an applicant determined otherwise ineligible for issuance of a license.

(11) Except as provided in subsection (1) and section 5b, if the department fails to issue or deny a license or registration to a child care center, group day care home, or family day care home within the time required by this section, the department shall return the license or registration fee and shall reduce the license or registration fee for the applicant's next renewal application, if any, by 15%. Failure to issue or deny a license to a child care center, group day care home, or family day care home within the time period required under this section does not allow the department to otherwise delay the processing of the application. A completed application shall be placed in sequence with other completed applications received at that same time. The department shall not discriminate against an applicant in the processing of an application based on the fact that the application fee was refunded or discounted under this subsection.

(12) If, on a continual basis, inspections performed by a local health department delay the department in issuing or denying licenses or registrations for child care centers, group day care homes, and family day care homes under this act within the 6-month period, the department may use department staff to complete the inspections instead of the local health department causing the delays.

(13) Beginning October 1, 2008, the director of the department shall submit a report by December 1 of each year to the standing committees and appropriations subcommittees of the senate and house of representatives concerned with human services and children's issues. The director shall include all of the following information regarding applications for licenses and registrations only for child care centers, group day care homes, and family day care homes filed under this act in the report concerning the preceding fiscal year:

(a) The number of initial and renewal applications the department received and completed within the 6-month time period described in subsection (9).

(b) The number of applications requiring a request for additional information.

(c) The number of applications rejected.

(d) The number of licenses and registrations not issued within the 6-month period.

(e) The average processing time for initial and renewal licenses and registrations granted after the 6-month period.

(14) The department shall not issue to or renew the license of a child care center or day care center under this act without requesting a criminal history check and criminal records check as required by section 5c. If a criminal history check or criminal records check performed under section 5c reveals that an applicant for a license under this act has been convicted of a listed offense, the department shall not issue a license to that applicant. If a criminal history check or criminal records check performed under section 5c reveals that an applicant for renewal of a license under this act has been convicted of a listed offense, the department shall not renew that license. If a criminal history check or criminal records check performed under section 5c reveals that a current licensee has been convicted of a listed offense, the department shall revoke the license of that licensee.

(15) The department shall not issue or renew a certificate of registration to a family day care home or a license to a group day care home under this act without requesting a criminal history check and criminal records check as required by section 5f and a department of state police ICHAT check required by section 5g. If a criminal history check or criminal records check performed under section 5f or an ICHAT check performed under section 5g reveals that an applicant for a certificate of registration or license under this act or a person over 18 years of age residing in that applicant's home has been convicted of a listed offense, the department shall not issue a certificate of registration or license to that applicant. If a criminal history check or criminal records check performed under section 5f or an ICHAT check performed under section 5g reveals that an applicant for renewal of a certificate of registration or license under this act or a person over 18 years of age residing in that applicant's home has been convicted of a listed offense, the department shall not renew a certificate of registration or license to that applicant. If a criminal history check or criminal records check performed under section 5f or an ICHAT check performed under section 5g reveals that a current registrant or licensee under this act or a person over 18 years of age residing in that registrant's or licensee's home has been convicted of a listed offense, the department shall revoke that registrant's certificate of registration or licensee's license.

(16) As used in this section:

(a) "Completed application" means an application complete on its face and submitted with any applicable licensing or registration fees as well as any other information, records, approval, security, or similar item required by law or rule from a local unit of government, a federal agency, or a private entity but not from another department or agency of this state. A completed application does not include a health inspection performed by a local health department.

(b) "Good moral character" means that term as defined in and determined under 1974 PA 381, MCL 338.41 to 338.47.

(c) "Member of the household" means any individual, other than a foster child, who resides in a foster family home or foster family group home on an ongoing or recurrent basis.

This act is ordered to take immediate effect.

Sec. 266. (1) A qualified taxpayer with a rehabilitation plan certified after December 31, 1998 may credit against the tax imposed by this act the amount determined pursuant to subsection (2) for the qualified expenditures for the rehabilitation of a historic resource pursuant to the rehabilitation plan in the year in which the certification of completed rehabilitation of the historic resource is issued provided that the certification of completed rehabilitation was issued not more than 5 years after the rehabilitation plan was certified by the Michigan historical center.

(2) The credit allowed under this section shall be 25% of the qualified expenditures that are eligible for the credit under section 47(a)(2) of the internal revenue code if the taxpayer is eligible for the credit under section 47(a)(2) of the internal revenue code or, if the taxpayer is not eligible for the credit under section 47(a)(2) of the internal revenue code, 25% of the qualified expenditures that would qualify under section 47(a)(2) of the internal revenue code except that the expenditures are made to a historic resource that is not eligible for the credit under section 47(a)(2) of the internal revenue code, subject to both of the following:

(a) A taxpayer with qualified expenditures that are eligible for the credit under section 47(a)(2) of the internal revenue code may not claim a credit under this section for those qualified expenditures unless the taxpayer has claimed and received a credit for those qualified expenditures under section 47(a)(2) of the internal revenue code.

(3) To be eligible for the credit under this section, the taxpayer shall apply to and receive from the Michigan historical center certification that the historic significance, the rehabilitation plan, and the completed rehabilitation of the historic resource meet the criteria under subsection (6) and either of the following:

(a) All of the following criteria:

(*i*) The historic resource contributes to the significance of the historic district in which it is located.

(*iii*) All rehabilitation work has been done to or within the walls, boundaries, or structures of the historic resource or to historic resources located within the property boundaries of the resource.

(b) The taxpayer has received certification from the national park service that the historic resource's significance, the rehabilitation plan, and the completed rehabilitation qualify for the credit allowed under section 47(a)(2) of the internal revenue code.

(4) If a qualified taxpayer is eligible for the credit allowed under section 47(a)(2) of the internal revenue code, the qualified taxpayer shall file for certification with the center to qualify for the credit allowed under section 47(a)(2) of the internal revenue code. If the qualified taxpayer has previously filed for certification with the center to qualify for the credit allowed under section 47(a)(2) of the internal revenue code, additional filing for the credit allowed under this section is not required.

(5) The center may inspect a historic resource at any time during the rehabilitation process and may revoke certification of completed rehabilitation if the rehabilitation was not undertaken as represented in the rehabilitation plan or if unapproved alterations to the completed rehabilitation are made during the 5 years after the tax year in which the credit was claimed. The center shall promptly notify the department of a revocation.

(6) Qualified expenditures for the rehabilitation of a historic resource may be used to calculate the credit under this section if the historic resource meets 1 of the criteria listed in subdivision (a) and 1 of the criteria listed in subdivision (b):

Sec. 39c. (1) A qualified taxpayer with a rehabilitation plan certified after December 31, 1998 may credit against the tax imposed by this act the amount determined pursuant to subsection (2) for the qualified expenditures for the rehabilitation of a historic resource pursuant to the rehabilitation plan in the year in which the certification of completed rehabilitation of the historic resource is issued provided that the certification of completed rehabilitation was issued not more than 5 years after the rehabilitation plan was certified by the Michigan historical center.

(2) The credit allowed under this section shall be 25% of the qualified expenditures that are eligible for the credit under section 47(a)(2) of the internal revenue code if the taxpayer is eligible for the credit under section 47(a)(2) of the internal revenue code or, if the taxpayer is not eligible for the credit under section 47(a)(2) of the internal revenue code, 25% of the qualified expenditures that would qualify under section 47(a)(2) of the internal revenue code except that the expenditures are made to a historic resource that is not eligible for the credit under section 47(a)(2) of the internal revenue code, subject to both of the following:

(a) A taxpayer with qualified expenditures that are eligible for the credit under section 47(a)(2) of the internal revenue code may not claim a credit under this section for those qualified expenditures unless the taxpayer has claimed and received a credit for those qualified expenditures under section 47(a)(2) of the internal revenue code.

(b) A credit under this section shall be reduced by the amount of a credit received by the taxpayer for the same qualified expenditures under section 47(a)(2) of the internal revenue code.

(3) To be eligible for the credit under this section, the taxpayer shall apply to and receive from the Michigan historical center certification that the historic significance, the rehabilitation plan, and the completed rehabilitation of the historic resource meet the criteria under subsection (6) and either of the following:

(a) All of the following criteria:

(*i*) The historic resource contributes to the significance of the historic district in which it is located.

(*ii*) Both the rehabilitation plan and completed rehabilitation of the historic resource meet the federal secretary of the interior's standards for rehabilitation and guidelines for rehabilitating historic buildings, 36 CFR part 67.

(*iii*) All rehabilitation work has been done to or within the walls, boundaries, or structures of the historic resource or to historic resources located within the property boundaries of the property.

(b) The taxpayer has received certification from the national park service that the historic resource's significance, the rehabilitation plan, and the completed rehabilitation qualify for the credit allowed under section 47(a)(2) of the internal revenue code.

(4) If a qualified taxpayer is eligible for the credit allowed under section 47(a)(2) of the internal revenue code, the qualified taxpayer shall file for certification with the center to qualify for the credit allowed under section 47(a)(2) of the internal revenue code. If the qualified taxpayer has previously filed for certification with the center to qualify for the credit allowed under section 47(a)(2) of the internal revenue code, additional filing for the credit allowed under this section is not required.

(5) The center may inspect a historic resource at any time during the rehabilitation process and may revoke certification of completed rehabilitation if the rehabilitation was not undertaken as represented in the rehabilitation plan or if unapproved alterations to the completed rehabilitation are made during the 5 years after the tax year in which the credit was claimed. The center shall promptly notify the department of a revocation.

(6) Qualified expenditures for the rehabilitation of a historic resource may be used to calculate the credit under this section if the historic resource meets 1 of the criteria listed in subdivision (a) and 1 of the criteria listed in subdivision (b):

(a) The resource is 1 of the following during the tax year in which a credit under this section is claimed for those qualified expenditures:

A credit assignment under this subsection is irrevocable and shall be made in the tax year in which a certificate of completed rehabilitation is issued. A qualified taxpayer may claim a portion of a credit and assign the remaining credit amount. A partner,

(9) If the taxpayer sells a historic resource for which a credit under this section was claimed less than 5 years after the year in which the credit was claimed, the following percentage of the credit amount previously claimed relative to that historic resource shall be added back to the tax liability of the taxpayer in the year of the sale:

(11) The department of history, arts, and libraries through the Michigan historical center may impose a fee to cover the administrative cost of implementing the program under this section.

(12) The qualified taxpayer shall attach all of the following to the qualified taxpayer's annual return required under this act or under the income tax act of 1967, 1967 PA 281, MCL 206.1 to 206.532, if applicable, on which the credit is claimed:
