The People of the State of Michigan enact:

CHAPTER 1

125.2001 Legislative finding and declaration.

Sec. 1. The legislature hereby finds and declares the following problems and objectives:

(a) The economy of the state of Michigan is at present recovering from a recession and action is needed to encourage increased employment and business expansion in this state.

(b) The economy of the state of Michigan is undergoing a long-term transition requiring new and innovative policies from state government and greater coordination of existing policies and programs related to jobs and economic development.

(c) It is necessary to provide a mechanism to foster greater coordination of state policies and to make available public and private development finance opportunities to agriculture, forestry, business, and industry, and to communities within the state, in order to expand the number of jobs in the state and to help agriculture, forestry, business, and industry prosper in the state.

(d) There exists a need to leverage private sector investment in new and innovative products, in entrepreneurial activity, and in economic development finance; therefore, state assistance for development finance should reflect a leveraging investment strategy.

(e) There is a statewide pressing need for programs to alleviate and prevent conditions of unemployment; to preserve existing jobs and create new jobs to meet the employment demands of population growth and population shifts; to promote the development of existing business enterprises and to meet the growing competition among states and nations for business enterprises; to revitalize and diversify the Michigan economy in general to achieve the goals of long-term economic growth and full employment, and to provide a solid tax base for the state and its local units of government to provide funds for needed public services.

(f) The goals of long-term economic growth and full employment can best be provided by the promotion, attraction, stimulation, retention, rehabilitation, and revitalization of business enterprises and worker-owned enterprises and by actions to lower the costs of business and production.

(g) The retention, promotion, diversification, and development of business enterprises and the lowering of costs of business and production require additional means of financing, including economic development finance mechanisms that support private capital resources, to help existing business enterprises expand more rapidly, and to promote the location of additional business enterprises in Michigan.

(h) It is necessary to provide means and methods for the encouragement and assistance of industrial and commercial development projects, including but not limited to providing aid to development enterprises utilizing new or experimental technologies in locating, purchasing, constructing, reconstructing, modernizing, improving, maintaining, repairing, furnishing, equipping, and expanding in this state and its local units of government.

(i) The retention and expansion of existing business enterprise and the acquiring of new business enterprises to Michigan requires the availability of energy supplies and that, to this end, known sources of energy in Michigan should be developed to the fullest extent possible consistent with environmental protection and ecological preservation.

(j) To conserve the public benefits of nonrenewable oil, gas, and mineral resources which are now subject to increasing development and depletion it is necessary to apply the proceeds of such resources to the encouragement of capital growth and the financing of self-sustaining sources of economic activity.

(k) It is necessary to promote economic activity in the forestry and agricultural sectors by providing incentives to reduce energy consumption, to retain agricultural and forestry enterprises, to reduce the rate at which urban sprawl has been devouring productive farm and forestry lands, and to provide our farmers and foresters with a more favorable export market. It is also necessary to encourage the development of facilities designed to produce energy from renewable resources.

(l) For the preservation and betterment of the health, safety, and general welfare of the people of Michigan, it is necessary to promote and develop new and adequate water and air pollution control and solid waste disposal facilities for business enterprises and public utilities located in this state, which equipment or facilities need not be incidental to an industrial building, but may serve the general public.

(m) It is necessary for a sound economy of the state for the local units of government of the state to provide quality services and this requires an adequate and modern infrastructure in the local units of government which makes it necessary for such units to finance local improvements in an economical manner which in many cases can be best done through assistance by the state.

(n) The lending and investment of funds to develop and improve the economy of the state requires specialized and unique knowledge, skills, and experience.

125.2004 Definitions.

Sec. 4. As used in this act:

(a) "Board" means the board of directors of the Michigan strategic fund, except where the context clearly requires a different definition.

(b) "Economic development project" means an endeavor related to industrial, commercial, or agricultural enterprise. Economic development project includes, but is not limited to, a theme or recreation park; agricultural or forestry production, harvesting, storage, or processing facilities or equipment; port facilities; and the use of equipment or facilities designed to produce energy from renewable resources. Economic development project does not include that portion of an endeavor devoted to the sale of goods at retail, except that, as used in relation to the fund insuring a transaction entered into by a depository institution, and as used in relation to a loan by the fund to a minority owned business, an economic development project may include that portion of an endeavor devoted to the sale of goods at retail. Economic development project does not include that portion of an endeavor devoted to housing or a program or activity authorized under chapter 8A.

(c) "Financial institution" means a state or nationally chartered bank or a state or federally chartered savings and loan association, savings bank, or credit union whose deposits are insured by an agency of the United States government and that maintains a principal office or branch office in this state under the laws of this state or the United States.

(d) "Fund" means the Michigan strategic fund created under section 5, except where the context clearly requires a different definition.

(e) "FWC Qualified Settlement Fund" means the FWC Qualified Settlement Fund described in the settlement agreement approved by the court in *In re Flint Water Cases*, No. 5:16-cv-10444-JEL-MKM (ED Mich).

(f) "Green chemistry" means chemistry and chemical engineering to design chemical products or processes that reduce or eliminate the use or generation of hazardous substances, while producing high-quality products through safe and efficient manufacturing processes. Green chemistry is guided by the following 12 principles:

(i) Prevent waste: Design chemical syntheses to prevent waste, leaving no waste to treat or clean up.

(ii) Design safer chemicals and products: Design chemical products to be fully effective, yet have little or no toxicity.

(iii) Design less hazardous chemical syntheses: Design syntheses to use and generate substances with little or no toxicity to humans and the environment.

(iv) Use renewable feedstocks: Use raw materials and feedstocks that are renewable rather than depleting. Renewable feedstocks are often made from agricultural products or are the wastes of other processes; depleting feedstocks are made from fossil fuels, including petroleum, natural gas, or coal, or are mined.

(v) Use catalysts, not stoichiometric reagents: Minimize waste by using catalytic reactions. Catalysts are used in small amounts and can carry out a single reaction many times. They are preferable to stoichiometric reagents, which are used in excess and work only once.

(vi) Avoid chemical derivatives: Avoid using blocking or protecting groups or any temporary modifications if possible. Derivatives use additional reagents and generate waste.

(vii) Maximize atom economy: Design syntheses so that the final product contains the maximum proportion of the starting materials. There should be few, if any, wasted atoms.

(viii) Use safer solvents and reaction conditions: Avoid using solvents, separation agents, or other auxiliary chemicals. If these chemicals are necessary, use innocuous chemicals.

(ix) Increase energy efficiency: Run chemical reactions at ambient temperature and pressure whenever possible.

(x) Design chemicals and products to degrade after use: Design chemical products to break down to innocuous substances after use so that they do not accumulate in the environment.

(xi) Analyze in real-time to prevent pollution: Include in-process real-time monitoring and control during syntheses to minimize or eliminate the formation of by-products.

(xii) Minimize the potential for accidents: Design chemicals and their forms, including solid, liquid, or gas, to minimize the potential for chemical accidents, including explosions, fires, and releases to the environment.

(g) "Michigan economic development corporation" or "MEDC" means the Michigan economic development corporation, the public body corporate created under section 28 of article VII of the state constitution of 1963 and the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512, by a contractual interlocal agreement effective April 5, 1999, and subsequently amended, between local participating economic development corporations formed under the economic development corporations act, 1974 PA 338, MCL 125.1601 to 125.1636, and the fund.

(h) "Municipality" means a county, city, village, township, port district, development organization, institution of higher education, community or junior college, or subdivision or instrumentality of any of the legal entities listed in this subdivision.

(i) "Person" means an individual, sole proprietorship, partnership, limited partnership, limited liability partnership, limited liability company, joint venture, profit or nonprofit corporation including a public or private college or university, public utility, municipality, local industrial development corporation, economic development corporation, other association of persons organized for agricultural, commercial, or industrial purposes, a lender, or any other entity approved by the board.

(j) "Port facilities" means seawall jetties; piers; wharves; docks; boat landings; marinas; warehouses; storehouses; elevators; grain bins; cold storage plants; bunkers; oil tanks; ferries; canals; locks; bridges; tunnels; seaways; conveyors; modern appliances for the economical handling, storage, and transportation of freight and handling of passenger traffic; transfer and terminal facilities required for the efficient operation and development of ports and harbors; other harbor improvements; or improvements, enlargements, remodeling, or extensions of any of these buildings or structures. Port facilities do not include an international bridge or international tunnel.

(k) "Project" means an economic development project and, in addition, means the acquisition, construction, reconstruction, conversion, or leasing of an industrial, commercial, retail, agricultural, or forestry enterprise, or any part of these, to carry out the purposes and objectives of this act and of the fund, including, but not limited to, acquisition of land or interest in land, buildings, structures, or other planned or existing planned improvements to land including leasehold improvements, machinery, equipment, or furnishings which include, but are not limited to, the following: research parks; office facilities; engineering facilities; research and development laboratories; warehousing facilities; parts distribution facilities; depots or storage facilities; port facilities; railroad facilities, including trackage, right of way, and appurtenances; airports; bridges and bridge facilities; water and air pollution control equipment or waste disposal facilities; theme or recreational parks; equipment or facilities designed to produce energy from renewable resources; farms, ranches, forests, and other agricultural or forestry commodity producers; agricultural harvesting, storage, transportation, or processing facilities or equipment; grain elevators; shipping heads and livestock pens; livestock; warehouses; wharves and dock facilities; dredging of recreational or commercial harbors; water, electricity, hydro electric, coal, petroleum, or natural gas provision facilities; dams and irrigation facilities; sewage, liquid, and solid waste collection, disposal treatment, and drainage services and facilities. (12) The legislature finds and declares that funding authorized under this section to encourage diversification of the economy, to encourage film production, to encourage investment, and to encourage the creation of jobs in this state is a public purpose and of paramount concern in the interest of the health, safety, and general welfare of the citizens of this state. It is the intent of the legislature that the economic benefits, film production, investment, and the creation of jobs resulting from this section shall accrue substantially within this state.

(8) Not more than 4% of the annual appropriation as provided by law from the 21st century jobs trust fund established in the Michigan trust fund act, 2000 PA 489, MCL 12.251 to 12.262, may be used for the purposes of administering the programs and activities authorized under this chapter. However, the fund and the fund board shall not use more than 3% of the annual appropriation for administering the programs and activities authorized under this chapter unless the fund board by a 2/3 vote authorizes the additional 1% for administration. The MEDC may charge actual and reasonable fees for costs associated with the community revitalization incentive authorized under this chapter. These fees are in addition to an amount of the appropriation used for administering the programs and activities authorized under this chapter.

(9) The application process for community revitalization incentives for neighborhood and commercial corridor food initiatives must provide that applications for neighborhood and commercial corridor food initiatives must be received on or before June 1 for that fiscal year. If there are insufficient approved applications in a fiscal year for community revitalization incentives for neighborhood and commercial

corridor food initiatives, then the remaining allocated funds may be used for community revitalization incentives that are not for neighborhood and commercial corridor food initiatives as determined by the board. In addition, a new neighborhood and commercial corridor food initiative, as determined by the board, is not eligible for a community revitalization incentive if it is located within 1 mile of an existing retail supermarket, grocery store, or produce market, as determined by the board, that offers unprocessed USDA-inspected meat and poultry products or meat products that carry the USDA organic seal, fresh fruits and vegetables, and dairy products for sale to the public.

(10) The legislature finds and declares that funding authorized under this section is intended to encourage diversification of the economy, to encourage capital investment in this state, to promote the creation of qualified new jobs in this state, and to promote the investment in brownfield and historic preservation projects that reclaim previously used property that is less likely to be revitalized without the investment.

Sec. 90h. (1) The fund shall create and operate the good jobs for Michigan program to authorize the transfer of the dedicated portion of withholding tax capture revenues to authorized businesses that provide certified new jobs in this state. The fund shall develop and use a detailed application, approval, and compliance process published and available on the fund's website.

(2) An eligible business may apply to the fund to enter into a written agreement which authorizes the payment of withholding tax capture revenues under this chapter.

(3) The fund may request information, in addition to that contained in an application, as may be needed to permit the fund to discharge its responsibilities under this chapter.

(4) After receipt of an application, the fund may enter into an agreement with an eligible business for withholding tax capture revenues under this chapter if the fund determines that all of the following are met:

(a) The eligible business proposes to create and maintain the minimum number of certified new jobs at a facility in this state and to pay an average annual wage that is described in section 90g(d).

(b) In addition to the jobs specified in subdivision (a), the eligible business, if already located within this state, agrees to maintain a number of full-time jobs equal to or greater than the number of full-time jobs it maintained in this state prior to the expansion, as determined by the fund.

(c) The plans for the expansion or location are economically sound.

(d) The expansion or location of the eligible business will benefit the people of this state by increasing opportunities for employment and by strengthening the economy of this state.

(f) An industry-recognized regional economic model cost-benefit analysis reveals that the payment of withholding tax capture revenues under this chapter to an eligible business will result in an overall positive fiscal impact to the state.

(g) The eligible business will create the requisite number of certified new jobs within not more than 5 years after entering into the written agreement as determined by the fund.

(h) The eligible business will maintain the number of certified new jobs throughout the duration of the period of time that the authorized business receives withholding tax capture revenues paid from the good jobs for Michigan fund. However, if the authorized business fails to maintain the requisite number of certified new jobs as provided in the written agreement, the authorized business will forfeit the withholding tax capture revenues for that calendar year.

(i) That the local governing body of the municipality in which the facility is located approves the expansion or new location by resolution.

(5) If the fund determines that the eligible business satisfies all of the requirements of subsection (4), subject to subsection (6), the fund shall determine the amount and duration of the withholding tax capture revenues to be authorized under this chapter and shall enter into a written agreement as provided in this section. The duration of the withholding tax capture revenues must not exceed 5 or 10 years, whichever is applicable based on the average annual wage of the certified new jobs, from the date the authorized business creates the certified new jobs as provided in the written agreement. Subject to subsection (6), in determining the maximum amount and maximum duration of the withholding tax capture revenues authorized, the fund

shall consider the following factors, if applicable:

- (a) The number of certified new jobs to be created.
- (b) The degree to which the average annual wage of the certified new jobs exceeds the prosperity region average wage.
- (c) Whether there is a disadvantage to the eligible business if it were to expand or locate in this state versus a site outside this state.
- (d) The potential impact of the expansion or location on the economy of this state.
- (e) The estimated cost of the reimbursement of withholding tax capture revenues under this chapter, the staff, financial, or economic assistance provided by the municipality, or local economic development corporation or similar entity, and the value of assistance otherwise provided by this state.
- (f) Whether the expansion or location will occur in this state without the payment of withholding tax capture revenues offered under this chapter.
- (g) Whether the eligible business has made a written commitment to fund some portion of costs for applicable training of the individuals who will perform the full-time jobs that leads to a professional or technical certification for these individuals.
- (h) That the eligible business will make a good-faith effort to employ, if qualified, Michigan residents at the facility.

(6) The fund shall determine the duration and amount of the withholding tax capture revenues. In determining the duration of the withholding tax capture revenues, the fund shall provide a duration of up to 5 years for eligible businesses described in section 90g(d)(ii) and up to a duration of 10 years for eligible businesses described in section 90g(d)(i) or (iii). In determining the amount of the withholding tax capture revenue payments, the fund may approve a payment of not more than 50% of the withholding tax capture revenues for an eligible business described in section 90g(d)(ii) and a payment of up to 100% of the withholding tax capture revenues for an eligible business described in section 90g(d)(i) or (iii). The amount of withholding tax capture revenues certified to be paid to an authorized business shall be reduced by 5%, which shall be retained by the fund for additional administrative expenses under this chapter as provided under section 90i.

(7) A written agreement between an eligible business and the fund must include, but need not be limited to, all of the following:

- (a) A description of the business expansion or location that is the subject of the written agreement.
- (b) Conditions upon which the authorized business designation is made.
- (c) A statement from the eligible business that the eligible business would not have added certified new jobs without the withholding tax capture revenue payments authorized under this chapter.
- (d) An estimate of the amount of withholding tax capture revenues expected to be generated for each calendar year of the duration of the written agreement.
- (e) A statement by the eligible business that a violation of the written agreement may result in the revocation of the designation as an authorized business, the loss or reduction of future withholding tax capture revenue payments under this chapter, or a repayment of withholding tax capture revenues received pursuant to this chapter.
- (f) A statement by the eligible business that a misrepresentation in the application may result in the revocation of the designation as an authorized business and the repayment of withholding tax capture revenues received under this chapter plus a penalty equal to 10% of the withholding tax capture revenue payments received pursuant to this chapter.
- (g) A method for measuring and verifying full-time jobs before and after an expansion or location of an authorized business in this state.

(h) A provision that the authorized business that is certified under section 90i(2) for a payment from the good jobs for Michigan fund shall file the required returns and reports under this chapter and part 3 of the income tax act of 1967, 1967 PA 281, MCL 206.701 to 206.713, with the department of treasury, and shall provide any other information reasonably requested by the fund or the department of treasury.

(i) A maximum amount of withholding tax capture revenues that the authorized business may claim before reduction of the 5% payment described in section 90i for administrative expenses.

(8) Upon execution of a written agreement as provided in this chapter, an eligible business is an authorized business. The fund shall provide a copy of each written agreement to the department of treasury. Upon execution of the written agreement, the transfer and payment of withholding tax capture revenues as specified in this chapter and in the written agreement is binding on this state. The state treasurer shall calculate, based on the written agreements received pursuant to this subsection, the amount of withholding tax capture revenues collected as a result of the certified new jobs created pursuant to those written agreements for each calendar year and the percentage of that amount that needs to be transferred from the general fund and

deposited, in accordance with section 51f of the income tax act of 1967, 1967 PA 281, MCL 206.51f, into the good jobs for Michigan fund, where the fund shall issue payments to the authorized business in the manner provided in section 90i.

(9) The fund shall not commit, and the department of treasury shall not disburse, an amount of total withholding tax capture revenues that exceeds \$200,000,000.00, which includes the 5% payment for administrative expenses as provided in section 90i. The fund shall not execute more than 15 new written agreements each calendar year for authorized businesses. If the fund approves fewer than 15 written agreements in a calendar year, then any unused written agreements shall carry forward into future calendar years, and shall be in addition to the annual limit that is otherwise applicable. For purposes of this subsection, "total withholding tax capture revenues" means the aggregate amount of withholding tax capture revenues that may be distributed to authorized businesses under all written agreements.

(10) The fund shall not designate an authorized business or enter into a new written agreement on or after December 31, 2019.

The forfeiture of a withholding tax capture revenue payment under this subsection does not extend the duration of the original written agreement. Accordingly, if the duration of the written agreement has not expired, an authorized business that satisfies all of the terms of the written agreement after a forfeiture under this subsection is entitled to certification for withholding tax capture revenue payments for those subsequent calendar years.

(5) In the event of a proposed reorganization, merger, or other change of ownership of the authorized business for which reimbursement will continue pursuant to a written agreement, the approval of the fund is required prior to the assignment or transfer of the written agreement.

(6) The fund shall retain an amount equal to 5% of the withholding tax capture revenue payments authorized for that year for the fund. The board shall use the amount described in this subsection to pay for the additional administration expenses under this chapter.

(7) As a condition of being an authorized business, an authorized business authorizes the fund to identify the authorized business and disclose the amount and duration of the withholding tax capture revenue payments. The fund shall publish the information described in this subsection on the fund's website and include this information in the report required under section 9.

(2) The fund shall make application determinations within 60 business days from the receipt of an administratively complete application as determined by the fund, in the order in which the applications are received. The fund shall consider applications received on the same day to have been received simultaneously. The fund shall not approve more than \$30,000,000.00 in investment authority in a calendar year, through 2029. If requests for investment authority received simultaneously would result in the limitation provided in this subsection being exceeded, the fund shall proportionally allot the investment authority and grants, loans, or other types of economic assistance among the approved applications. Upon approval of an application, the fund and the rural jobs and capital investment fund shall execute a written agreement setting forth the terms and conditions of the grants, loans, or other types of economic assistance.

(3) The fund may deny an application submitted under this section only for the following reasons:

(a) The applicant does not satisfy all the criteria described in this section.

(b) The fund has already approved the maximum amount of investment authority allowed under this section.

(4) If the fund denies an application, the applicant may provide additional information to the fund within 5 days of the notice of denial. The fund shall review and reconsider the application and additional information within 30 days. A reconsidered application shall retain the original date of receipt provided under this section for purposes of priority.

(5) A rural jobs and capital investment fund shall do all of the following:

(a) Within 60 days after receiving the approval issued under this section, collect private contributions equal to 50% of the rural jobs and capital investment fund's investment authority.

(b) Within 65 days after receiving the approval issued under this section, send to the fund documentation sufficient to prove that the amounts described in subdivision (a) have been collected.

(6) If the rural jobs and capital investment fund fails to fully comply with subsection (5), the rural jobs and capital investment fund's approval is forfeited, and the fund shall first award the corresponding investment authority to existing applicants who received investment authority lower than the amount requested under this section and then to new applicants.

(7) The fund shall disperse the grants, loans, or other types of economic assistance to the rural jobs and capital investment fund upon receipt and approval of the documentation described in subsection (5)(b) within 21 business days.

125.2090o Demand for repayment; conditions; growth investments; notification.

Sec. 90o. (1) The fund shall demand immediate repayment of the grants, loans, or other types of economic assistance issued under this chapter if any of the following occurs with respect to the rural jobs and capital investment fund before it is certified to exit the program as provided in this chapter:

(a) The rural jobs and capital investment fund does not invest all its investment authority in growth investments in this state within 3 years of the closing date with 100% of its investment authority invested in growth investments in qualified businesses with principal business operations located in qualified rural local governmental units.

(b) The rural jobs and capital investment fund, after satisfying subdivision (a), fails to maintain growth investments at the levels required by subdivision (a) until the sixth anniversary of the closing date. For the purposes of this subdivision, an investment is maintained even if the investment is sold or repaid so long as the rural jobs and capital investment fund reinvests an amount equal to the capital returned or recovered by the rural jobs and capital investment fund from the original investment, exclusive of any profits realized, in other growth investments in this state within 12 months of the receipt of that capital. Amounts received by a rural jobs and capital investment fund pursuant to periodic repayments shall be treated as continually invested in growth investments if the amounts are reinvested in 1 or more growth investments by the end of the following calendar year. A rural jobs and capital investment fund is not required to reinvest capital returned from growth investments after the fifth anniversary of the closing date, and those growth investments shall be

considered held continuously by the rural jobs and capital investment fund through the sixth anniversary of the closing date.

(c) The rural jobs and capital investment fund, before exiting the program in accordance with this chapter, makes a distribution or payment that results in the rural jobs and capital investment fund having less than 100% of its investment authority invested in growth investments in this state or available for investment in growth investments and held in cash and other marketable securities.

This section does not apply to investments in public-traded securities. For purposes of this subdivision, a rural jobs and capital investment fund will not be considered an affiliate of a business solely because of its growth investment.

(e) The rural jobs and capital investment fund invests in any industry assigned a North American Industry Classification System code within sector 51.

(2) No more than \$5,000,000.00 in growth investments in a qualified business, including growth investments in affiliates of the qualified business, shall count toward the requirements of subsection (1)(a) and (b).

(3) Before demanding repayment under this section, the fund shall notify the rural jobs and capital investment fund of the reasons for the pending repayment. The rural jobs and capital investment fund shall have 90 days from the date the notice was dispatched to correct any violation outlined in the notice to the satisfaction of the fund and avoid repayment of the grants, loans, or other types of economic assistance.
