Sec. 25e. (1) The pupil membership transfer application and pupil transfer process administered by the center under this section shall be used for processing pupil transfers associated with strict discipline academies.

(2) If a pupil counted in membership for the pupil membership count day transfers from a district or intermediate district to enroll in a strict discipline academy after the pupil membership count day and before the supplemental count day and, due to the pupil's enrollment and attendance status as of the pupil membership count day, the pupil was not counted in membership in the educating strict discipline academy, the educating strict discipline academy may report the enrollment and attendance information to the center through the pupil transfer process within 30 days after the transfer or within 30 days after the pupil membership count certification date, whichever is later. Pupil transfers may be submitted no earlier than the first day after the certification deadline for the pupil membership count day and before the supplemental count day. Upon receipt of the transfer information under this subsection indicating that a pupil has enrolled and is in attendance in an educating strict discipline academy as described in this subsection, the pupil transfer process shall do the following:

(a) Notify the district in which the pupil was previously enrolled.

(b) Notify both the pupil auditing staff of the intermediate district in which the educating strict discipline academy is located and the pupil auditing staff of the intermediate district in which the district that previously enrolled the pupil is located. The pupil auditing staff shall investigate a representative sample based on required audit sample sizes in the pupil auditing manual and may deny the pupil membership transfer.

(c) Aggregate the districtwide changes and notify the department for use in adjusting the state aid payment system.

(3) The department shall do all of the following:

(a) Adjust the membership calculation for each district or intermediate district in which the pupil was previously counted in membership or that previously received an adjustment in its membership calculation under this section due to a change in the pupil's enrollment and attendance so that the district's or intermediate district's membership is prorated to allow the district or intermediate district to receive for each school day, as determined by the financial calendar furnished by the center, in which the pupil was enrolled and in attendance in the district or intermediate district an amount equal to 1/105 of a full-time equated membership claimed in the fall pupil membership count. The district or intermediate district shall receive a prorated foundation allowance in an amount equal to the product of the adjustment under this subdivision for the district or intermediate district multiplied by the foundation allowance or per-pupil payment as calculated under section 20 for the district or intermediate district. The foundation allowance or per-pupil payment shall be adjusted by the pupil's full-time equated status as affected by the membership definition under section 6(4).

(b) Adjust the membership calculation for the educating strict discipline academy in which the pupil is enrolled and is in attendance so that the strict discipline academy's membership is increased to allow the strict discipline academy to receive an amount equal to the difference between the full-time equated membership claimed in the fall pupil membership count and the sum of the adjustments calculated under subdivision (a) for each district or intermediate district in which the pupil was previously enrolled and in attendance. The educating strict discipline academy shall receive a prorated foundation allowance in an amount equal to the product of the adjustment under this subdivision for the educating strict discipline academy multiplied by the per-pupil payment as calculated under section 20 for the educating strict discipline academy. The per-pupil payment shall be adjusted by the pupil's full-time equated status as affected by the membership definition under section 6(4).

(4) The changes in calculation of state school aid required under subsection (3) shall take effect as of the date that the pupil becomes enrolled and in attendance in the educating strict discipline academy, and the department shall base all subsequent payments under this article for the fiscal year to the affected districts or intermediate districts on this recalculation of state school aid.

(5) If a pupil enrolls in an educating strict discipline academy as described in subsection (2), the district or

intermediate district in which the pupil is counted in membership or another educating strict discipline academy that received an adjustment in its membership calculation under subsection (3), if any, and the educating strict discipline academy shall provide to the center and the department all information they require to comply with this section.

(6) The portion of the full-time equated pupil membership for which a pupil is enrolled in 1 or more online courses under section 21f shall not be counted or transferred under the pupil transfer process under this section.

(7) It is the intent of the legislature that the center determine the number of pupils who did not reside in this state as of the 2018-2019 pupil membership count day but who newly enrolled in a district or intermediate district after that pupil membership count day and before the 2018-2019 supplemental count day. It is the intent of the legislature that the center further determine the number of pupils who were counted in membership for the 2018-2019 pupil membership count day but who left this state before the 2018-2019 supplemental count day. In 2019-2020, the center shall provide a report to the senate and house appropriations subcommittees on state school aid, and to the senate and house fiscal agencies, detailing the number of pupils transferring in from another state or transferring out from this state between the pupil membership count day and supplemental count day as described in this subsection. The center shall include in the report a discussion of benefits and obstacles to developing a pupil enrollment process for pupils who newly enroll in a district or intermediate district after the pupil membership count day and before the supplemental count day, and developing a process for deducting pupils who were counted on the pupil membership count day and transfer out of this state before the supplemental count day.
