county department shall commence an investigation to determine whether the person suspected of being or believed to be abused, neglected, or exploited is an adult in need of protective services. The licensee shall have the opportunity to respond to the allegations, and the response shall be included in the record.

The county department also shall collaborate with law enforcement officers, courts of competent jurisdiction, and appropriate state and community agencies providing human services, which services are provided in relation to preventing, identifying, and treating adult abuse, neglect, or exploitation. If the abuse, neglect, or exploitation involves substance abuse, the county department shall collaborate with the local substance abuse coordinating agency as designated by the office of substance abuse services in the department of community health for a referral for substance abuse services. The county department may petition for a finding of incapacity and appointment of a guardian or temporary guardian as provided in section 5303 or 5312 of the estates and protected individuals code, 1998 PA 386, MCL 700.5303 and 700.5312, and may petition for the appointment of a conservator as provided in section 5401 of the estates and protected individuals code, 1998 PA 386, MCL 700.5401, for a vulnerable adult.

Sec. 14. (1) The state department has all of the following additional powers and duties:

(a) To allocate and distribute to the county and district departments of social services, as provided in section 18, and in accordance with the rules promulgated by the director, money appropriated by the legislature or received from the federal government for the relief of destitution or unemployment within the state, or a political subdivision of the state.

(b) To distribute, as provided in this act, subject to federal rules and regulations, and in accordance with the rules promulgated by the director, money appropriated by the legislature or received from the federal government for the granting of aid to dependent children and supplemental security income; for medical, dental, optometric, nursing, pharmaceutical, and burial relief; for services furnished by professions under the public health code, Act No. 368 of the Public Acts of 1978, as amended, being sections 333.1101 to 333.25211 of the Michigan Compiled Laws; and for other relief or welfare services provided by law.

(c) To operate a day care program in rural and urban areas and assist in the development of sound programs and standards for day care by public organizations throughout the state. If the director, commissioner, or those officials responsible for enforcing a state or local building code determine that a dwelling unit fails to meet the standards of that code through fault of the landlord, the department may refuse to pay public assistance grants authorized under this act for payment of rent on the dwelling unit. A written notice of the refusal, stating the grounds for the refusal and listing the defects to be corrected, shall be mailed immediately to the landlord by certified mail. During the period of refusal, the landlord may bring an action against the department in the nature of quo warranto, but may not maintain an action for the rent or possession of the premises. If the defects have been corrected or if the department's refusal to pay is determined by a court of competent jurisdiction to be wrongful, the department shall pay the rent that is owed, but not more than the amount of the grants withheld.

(g) To assist other departments, agencies, and institutions of the federal and state governments, when so requested, in performing services in conformity with the purposes of this act. The director shall act as certifying agent for federal departments or agencies in determining eligibility of applicants for aid or service rendered by those departments or agencies. The rules of the state departments under this subsection shall be binding upon the county departments of social services.

(h) To collect and compile statistics, make special fact-finding studies, and publish reports in reference to the field of welfare, including a biennial report as provided in section 17.

(i) To arbitrate and decide disputed or contested claims between 2 or more counties relative to the settlement or domicile of a person or family given or in need of any form of public aid or relief, and to determine and declare the county of settlement or domicile in any instance when so requested or on the department's own volition. All decisions and determinations made under this subdivision shall be binding upon the county departments of social services.

(j) To administer or supervise relief or welfare functions vested in the department by law, and to provide for the progressive codification of the laws governing relief and welfare problems.

(k) To inspect county infirmaries and places of detention for juveniles for the purpose of obtaining facts pertaining to the usefulness and proper management of the infirmaries and places of detention, and of promoting proper, efficient, and humane administration of those infirmaries and places of detention. A reasonable order of the department fixing minimum standards of sanitation, fire protection, food, and comfortable lodging may be enforced, through mandamus or injunction in the circuit court for the county where the county infirmary or place of detention for the juveniles is located, through proper proceedings instituted by the attorney general on behalf of the department. The burden of proof shall be on the department to establish the reasonableness of the order.

(l) To promulgate by rules a recommended schedule of payment for care and maintenance, pursuant to the administrative procedures act of 1969, Act No. 306 of the Public Acts of 1969, as amended, being sections 24.201 to 24.328 of the Michigan Compiled Laws, to be used, as provided by law, in determining the amount of payment to be made by patients, their guardians, or relatives who are liable for the care and maintenance of persons entitled to treatment under the mental health code, Act No. 258 of the Public Acts of 1974, as amended, being sections 330.1001 to 330.2106 of the Michigan Compiled Laws. 400.57b Family independence program assistance; eligibility requirements generally; requirements applicable to minor parent and minor parent's child; recipient applying for supplemental security income and seeking exemption from PATH program; evaluation and assessment process; contracts; audit; member of family independence program assistance group not meeting attendance requirements of MCL 380.1561; implementation of policy.

Sec. 57b. (1) An individual who meets all of the following requirements is eligible for family independence program assistance:

(a) Is a member of a family or a family independence program assistance group.

(b) Is a member of a program group whose income and assets are less than the income and asset limits set

by the department.

(c) In the case of a minor parent, meets the requirements of subsection (2).

(d) Is a United States citizen, a permanent resident alien, or a refugee. If the applicant indicates that he or she is not a United States citizen, the department shall verify the applicant's immigration status using the federal systematic alien verification for entitlements (SAVE) program.

(e) Is a resident of this state as described in section 32.

(f) Meets any other eligibility criteria required for the receipt of federal or state funds or determined by the department to be necessary for the accomplishment of the goals of the family independence program.

(g) Is a member of a program group that meets the requirements of subsection (6).

(2) A minor parent and the minor parent's child shall not receive family independence program assistance unless they live in an adult-supervised household. The family independence program assistance shall be paid on behalf of the minor parent and child to an adult in the adult-supervised household. Child care in conjunction with participation in education, employment readiness, training, or employment programs, that have been approved by the department, shall be provided for the minor parent's child. The minor parent and child shall live with the minor parent's parent, stepparent, or legal guardian unless the department determines that there is good cause for not requiring the minor parent and child to live with a parent, stepparent, or legal guardian. The department shall determine the circumstances that constitute good cause, based on a parent's, stepparent's, or guardian's unavailability or unwillingness or based on a reasonable belief that there is physical, sexual, or substance abuse, or domestic violence, occurring in the household, or that there is other risk to the physical or emotional health or safety of the minor parent or child. If the department determines that there is good cause for not requiring a minor parent to live with a parent, stepparent, or legal guardian, the minor parent and child shall live in another adult-supervised household. A local office director may waive the requirement set forth in this subsection with respect to a minor parent who is at least 17 years of age, attending secondary school full-time, and participating in a department service plan or a teen parenting program, if moving would require the minor parent to change schools.

(3) If a recipient who is otherwise eligible for family independence program assistance under this section is currently applying for supplemental security income and seeking exemption from the PATH program, the recipient shall be evaluated and assessed as provided in this section before a family self-sufficiency plan is developed under section 57e. Based on a report resulting from the evaluation and assessment, the caseworker shall make a determination and referral as follows:

(a) A determination that the recipient is eligible to participate in the PATH program and a referral to the PATH program.

(b) A determination that the recipient is exempt from PATH program participation under section 57f and a referral to a sheltered work environment or subsidized employment.

(c) A determination that the recipient is exempt from PATH program participation under section 57f and a referral for supplemental security income advocacy.

(4) The department may contract with a legal services organization to assist recipients with the process for applying for supplemental security income. The department may also contract with a nonprofit rehabilitation organization to perform the evaluation and assessment described under subsection (3). If the department contracts with either a nonprofit legal or rehabilitation services organization, uniform contracts shall be used statewide that include, but are not limited to, uniform rates and performance measures.

(5) The auditor general shall conduct an annual audit of the evaluation and assessment process required under this section and submit a report of his or her findings to the legislature.

(6) Except as provided in subsection (7) and beginning after the date on which the department implements the policy described in subsection (7), a family independence program assistance group shall not receive family independence program assistance if a member of the program group does not meet the attendance requirements of section 1561 of the revised school code, 1976 PA 451, MCL 380.1561, with respect to a child under the age of 16. Except as provided in subsection (7) and beginning after the date on which the department implements the policy described in subsection (7), if a member of the program group does not meet the attendance requirements of section 1561 of the revised school code, 1976 PA 451, MCL 380.1561, with respect to a child age 16 and above, the child shall be removed from the program group. The department shall implement policies in accordance with this subsection that are effective and binding on all program groups and are exempt from the rule promulgation requirements of the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(7) Not later than 1 year after the effective date of the amendatory act that added this subsection, the department shall implement a policy that it must follow before terminating a family independence program assistance group from receiving family independence program assistance as provided in subsection (6) or before removing a child from the program group as provided in subsection (6). The department shall apply the

policy described in this subsection before removing a family independence program assistance group from receiving family independence program assistance as described in subsection (6) and before removing a child from a family independence program assistance group as described in subsection (6).

Sec. 57d. (1) The department and the Michigan economic development corporation or a successor entity shall conduct weekly orientation sessions for family independence program assistance applicants. After the department makes an initial determination that an adult or a child aged 16 or older who is not attending elementary or secondary school full-time may be eligible for family independence program assistance and is not exempt from JET program participation under section 57f, that individual shall participate in assigned work-related activities. The individual, the department, and a JET program representative shall develop the family's family self-sufficiency plan in accordance with section 57e.

(4) If the individual is complying with the family self-sufficiency plan, the department, a JET program representative, and the recipient may revise the family self-sufficiency plan if necessary and the family independence program assistance group shall continue to receive family independence program assistance so long as the recipients meet family independence program assistance requirements.

(5) The department shall reassess the recipient's eligibility for family independence program assistance every 12 months after the date the application for family independence program assistance was approved. 400.57e Family self-sufficiency plan; execution; development; contents; identification of goals; monitoring compliance with plan.

Sec. 57e. (1) Each family receiving family independence program assistance shall execute a family self-sufficiency plan outlining the responsibilities of members of the family independence program assistance group, the contractual nature of family independence program assistance, and the focus on the goal of attaining self-sufficiency. The family self-sufficiency plan shall be developed by the department and the adult family members of the family independence program assistance group with the details of JET program participation to be included in the family self-sufficiency plan being developed by the department, the Michigan economic development corporation or a successor entity, and the adult family members of the family independence program assistance group. Except as described in section 57b, the department shall complete a thorough assessment to facilitate development of the family self-sufficiency plan, including consideration of referral to a life skills program, and determination as to whether the family independence

program assistance group's adult members are eligible to participate in the JET program or are exempt from JET program participation under section 57f. The family self-sufficiency plan shall identify compliance goals that are to be met by members of the family independence program assistance group and goals and responsibilities of the members of the family independence program assistance group, the department, and the JET program. The family self-sufficiency plan shall reflect the individual needs and abilities of the particular family, and shall include at least all of the following:

(a) The obligation of each adult and each child aged 16 or older who is not attending elementary or secondary school full-time to participate in the JET program unless exempt under section 57f.

(b) The obligation of each minor parent who has not completed secondary school to attend school.

(c) Except as provided in section 57f(3) and (4), the obligation of each adult to engage in employment, JET program activities, education or training, community service activities, or self-improvement activities, as determined appropriate by the department.

(d) The obligation to cooperate in the establishment of paternity and to assign child and spousal support to the department as required by federal law and to cooperate in the procurement of child support, if applicable.

(e) The obligation of a recipient who fails to comply with compliance goals due to substance abuse to participate in substance abuse treatment and submit to any periodic drug testing required by the treatment program.

(f) If the recipient is determined to be eligible to participate in the JET program, the obligation that the requirements of the family self-sufficiency plan must, at a minimum, meet federal guidelines for work participation. Exceptions may be granted if it is determined that the recipient or a family member in the recipient's household has a disability that needs reasonable accommodation as required by section 504 of title V of the rehabilitation act of 1973, 29 USC 794, subtitle A of title II of the Americans with disabilities act of 1990, 42 USC 12131 to 12134, or another identified barrier that interferes with the recipient's ability to participate in required activities. Reasonable accommodation must be made to adjust the number of required hours or the types of activities required to take the identified limitations into account.

(g) The obligation that the recipient must enroll in a GED preparation program, a high school completion program, or a literacy training program, if the department determines the resources are available and the assessment and plan demonstrate that these issues present a barrier to the recipient meeting the requirements in his or her family self-sufficiency plan. This basic educational skills training shall be combined with other occupational skills training, whenever possible, to assure that it can be counted toward federal work participation requirements.

(h) Notification to the recipient of the 48-month lifetime cumulative total for collecting family independence program assistance.

(i) A prohibition on using family independence program assistance to purchase lottery tickets, alcohol, or tobacco, for gambling, or for illegal activities or any other nonessential items.

(2) The department shall monitor each family's compliance with the family self-sufficiency plan.

(c) For the third instance of noncompliance, the family is permanently ineligible to receive family independence program assistance.

(2) For the purposes of subsections (1) to (4), "noncompliance" means 1 or more of the following:

If the recipient demonstrates good cause for the noncompliance during this period and if the family independence specialist caseworker and the PATH program caseworker agree that good cause exists for the recipient's noncompliance, a penalty shall not be imposed. For the purpose of this subsection, good cause is 1 or more of the following:

(a) The recipient suffers from a temporary debilitating illness or injury or an immediate family member has a debilitating illness or injury and the recipient is needed in the home to care for the family member.

(5) Family independence program assistance benefits shall be denied or terminated if a recipient fails, without good cause, to comply with applicable child support requirements including efforts to establish paternity, and assign or obtain child support. The family independence program assistance group is ineligible for family independence program assistance for not less than 1 calendar month. After family independence program assistance has been terminated for not less than 1 calendar month, family independence program assistance may be restored if the noncompliant recipient complies with child support requirements including

As used in this subsection, "good cause" includes an instance in which efforts to establish paternity or assign or obtain child support would harm the child or in which there is danger of physical or emotional harm to the child or the recipient.

400.58 County medical care facility; program of care and treatment; medical treatment and nursing care; special treatment; building; review of proposals and plans; inspection; enforcement.

Sec. 58. (1) A county board may, with the approval of the county board of commissioners, supervise and be responsible for the operation of a county medical care facility in, auxiliary to, or independent of the county infirmary. If a county has a board of county institutions, a county medical care facility shall be supervised and operated by the board of county institutions, and all references in this section to the county board means, for that county, the board of county institutions. The county board in a county that has established a county medical care facility may collect from any available source for the cost of care given in the facility and the collections shall be deposited in the social welfare fund created under section 73a. The facility shall provide a program of planned and continuing medical treatment and nursing care under the general direction and supervision of a licensed physician employed full or part-time who shall be known as the medical director.

(2) Medical treatment and nursing care provided in a county medical care facility shall consist of services given to persons suffering from prolonged illness, defect, infirmity, or senility, or recovering from injury or illness. The services provided shall include some or all of the procedures commonly employed, such as physical examination, diagnosis, minor surgical treatment, administration of medicines, providing special diets, giving bedside care, and carrying out any required treatment prescribed by a licensed physician that are within the ability of the facility to provide.

(3) Services provided in a county medical care facility shall be consistent with the needs of the type of patient admitted and cared for, professionally supervised and planned, and provided on a continuing basis. A person shall not be admitted or retained for care if he or she requires special medical or surgical treatment or treatment for a psychosis, tuberculosis, or contagious disease, except that the facility may contain a supervised psychiatric ward for the temporary detention of mentally ill patients if the ward has been inspected and approved by the department of community health and certified by the department of community health to the county board, and if no other facility for temporary detention of mentally ill patients exists in the county. A county department may provide for the support of poor persons who may be feeble-minded or mentally ill at some other place or places and in a manner that best promotes the interests of the county and the comfort and recovery of such persons, at the expense of the county.

(4) A county board, in seeking approval to establish, extend, and operate a county medical care facility in an existing building, shall apply in writing to the department. The county board shall include with the application a proposed plan with specifications, including standards of operation, for the examination and recommendations of the department.

(5) A county board of commissioners may determine to erect a county infirmary or county medical care facilities for the reception and care of the poor and unfortunate of the county. The county medical care facilities may be on different sites than the county infirmary. On filing the determination with the county clerk, the county board of commissioners may direct the county board to purchase 1 or more tracts of land, not exceeding 320 acres, and to erect on the land 1 or more suitable buildings for the county infirmary or county medical care facilities. Before any county infirmary or county medical care facility is erected or any existing buildings are remodeled, added to, or substantially altered under this section, before plans for the county infirmary or county medical care facilities are finally accepted, and before any contract is entered into for construction, the plans shall be submitted to the department for examination and approval. The determination reached shall be certified to the county clerk and presented to the county board of commissioners at the next regular meeting of the county board of commissioners. A county infirmary or county medical care facility shall not be constructed unless the plans have been certified under this subsection. A contract for the erection of a county infirmary or county medical care facility is not valid or binding unless the plans referred to in the contract and actually followed in the construction have been approved. Money shall not be paid from county funds for construction until the plans have been approved and the determination filed.

(6) The department shall review the proposals and plans of a county board submitted in connection with an application for the establishment, extension, and operation of a county medical care facility or county infirmary and shall consult with and give advice to the county department as to plans, procedures, and programs required for the proper establishment, extension, and operation of the county medical care facility or county infirmary.

(7) The department shall approve the county medical care facilities by proper notice to the county

department. After approval, the department shall inspect the facility as frequently as it considers necessary, but at least once each year. A county department shall comply with any reasonable order issued by the department. The county department may appeal an order in writing, within 30 days of receiving the order, to the director of the department.

(8) Any reasonable order of the department for the establishment, extension, operation, or closing of a county infirmary or county medical care facility may be enforced by mandamus or injunction in the circuit court for the county where the facility is located in proceedings instituted by the attorney general on behalf of the department.

(9) A county medical care facility shall not be opened for operation until it has been inspected and approved in writing to the department by the bureau of fire services created in section 1b of the fire protection code, 1941 PA 207, MCL 29.1b, and the department of community health. The county department shall comply with any reasonable directive issued by the bureau of fire services or the department of community health with regard to the fire safety and sanitation of the county infirmary or county medical care facility. A directive may be enforced by the department in the same manner as are orders of the department. After receiving the approval of the department, the county department shall represent the facility to the public as the county medical care facility and shall make reasonable and continuing effort to divorce the facility from an association in the public mind with the words "poor house" or "poor farm".

Sec. 58b. The state department in accordance with its rules and regulations may pay for medical care that a recipient of aid to the blind, aid to disabled, aid to dependent children, or old age assistance, receives in the county medical care facility. Other persons admitted to care in the facility shall be charged for the cost of their care to the extent of their financial ability as determined by the county department and such financial ability shall not preclude their eligibility for such care. Prior consideration shall be given to any person who comes within the definition of a "poor person" set forth in section 1 of chapter 1 of Act No. 146 of the Public Acts of 1925, as amended, being section 401.1 of the Compiled Laws of 1948. Any county department which shall accept state financial aid for capital expenditures related to the establishment, extension or improvement of its facilities shall accept for care any patient eligible for admission as provided in section 58a, and having a domicile in the county and any patient for whom care is requested by the state department because of being found in the county without either a known domicile in the state or a place of residence outside the state to which he may be returned.

Direct state financial aid to meet part of the cost of capital expenditures for the establishment, extension or improvement of a county medical care facility may be provided from the general funds of the state or from such federal funds as may be made available in the following manner: The county social welfare board with the approval of the county board of supervisors will make an application to the state department as otherwise provided in section 58 but shall make in addition, a showing of need, in the same manner as provided in section 18, that it is unable to meet all of the capital expenses of a county medical care facility. The state

department shall determine the percentage of the total capital cost of the facility which the county will be unable to meet and shall request from the legislature an appropriation from the general fund of the state or such federal funds as may be made available for this purpose to meet this amount. Requests of the legislature from the state department for such appropriations shall be separate items for each medical care facility. The amount of state aid actually granted the county by the state department shall not exceed (1) the amount appropriated by the legislature in respect to the amount of the item in the budget, or (2) the percentage of state aid required as previously determined by the state department, whichever is the lesser.

To defray the cost of construction in the establishment or extension of the medical care facility, the board of supervisors may raise in any 1 year a sum not exceeding .1 mill of each dollar of assessed valuation of the county, such tax to be regarded as a special tax collected in the same manner as other county charges, and moneys received therefrom shall be transmitted to the treasurer of the county who shall deposit same in a special fund to be used solely for the purposes for which the tax is spread. Money expended for construction in the establishment or extension of the facility shall be paid out by the county treasurer on the order of the county social welfare board.

(1) Any person who by means of willful false statement or representation, by impersonation or other fraudulent device, or by using an access device obtains or attempts to obtain, or aids or abets any person to obtain or attempt to obtain, (a) assistance or relief to which the person is not entitled; or (b) a larger amount of assistance or relief than that to which the person is justly entitled; or any officer or employee of a county, city, or district family independence agency who authorizes or recommends relief to persons known to the officer or employee to be ineligible or to have fraudulently created their eligibility; or any person who knowingly buys or aids or abets in buying or in disposal of the property of a person receiving assistance or relief without the consent of the director or supervisor of the state department shall, if the amount involved shall be of the value of \$500.00 or less, be deemed guilty of a misdemeanor and shall, if the amount involved shall be of the value of more than \$500.00, be deemed guilty of a felony, and upon conviction shall be punished as provided by the laws of this state. The amount involved as used in this subsection shall be defined as the difference between the lawful amount of assistance or aid and the amount of assistance or aid actually received. If anyone receives assistance or relief through means enumerated in this section, in which prosecution is deemed unnecessary, the state department or county departments may take the necessary steps to recover from the recipient the amount involved, plus interest at 5% per annum. circumstances or whereabouts could affect the amount of assistance available from those relatives or affect their legal liability to furnish support. Any person who shall neglect or refuse to submit to the department issuing relief the information required by this section, if the amount of relief granted as a result of the neglect or refusal is less than \$500.00, is guilty of a misdemeanor, and if the amount of relief granted as a result of the neglect or refusal is \$500.00 or more, is guilty of a felony, and upon conviction shall be punished as provided by the laws of this state.

However, if state law provides for a different level of reimbursement, the state, on behalf of the county, shall reimburse the hospital at that level of reimbursement. Reimbursement will be based on eligibility information provided to the state department by the county department.

(2) Except as provided in subsection (4), a county department of social services shall reimburse the state an amount equal to the sum of the following:

(a) The total amount the state department approves for payment under subsection (1) to a hospital owned by that county.

(b) The total amount the state department approves for payment to all other hospitals, on behalf of the county, less either \$100.00 per day of hospital care or an amount per day established by state law for the county, whichever is higher.

(3) Subsection (2)(b) does not require a county department to reimburse the state under that subdivision

when the amount of payments made to the hospitals described in subsection (2)(b), on behalf of the county, is less than either \$100.00 per day of hospital care or an amount established by state law for the county, whichever is higher. In addition, subsection (2) does not require the county department to reimburse the state for the cost of the hospitalization for nonresidents of this state.

A county department which elects to reimburse hospitals directly shall notify the state department before the beginning of the county's fiscal year in which the election is to become effective. If the county's fiscal year in which the election is to become effective begins in 1983 or a subsequent year, the notice to the state department shall be made at least 60 days before the beginning of the county's fiscal year.

(5) The rules of financial eligibility established pursuant to section 66a in a county on whose behalf the state makes payments to hospitals under subsection (1) shall not be made less restrictive than the rules in effect in the county during the county department's fiscal year ending in 1979.

(2) If a county intending to establish a patient care management system is one in which the total payments to hospitals in the county for the county's resident county hospitalization program was less than \$10,000,000.00 during the county's full fiscal year immediately preceding the effective date of this section, the county shall apply to the state department for certification of its proposed patient care management system, and the state department shall approve or disapprove the application based upon minimum standards that are established by the state department for county patient care management systems and are based upon this section and sections 66k to 66n. The department shall submit recommended procedures to the appropriate standing committees of the legislature for approval in order to allow other counties to adopt a patient care management system pursuant to this act. Such procedures shall be submitted by January 1, 1989. The application for recertification shall be submitted not later than April 1 of each year, and shall be considered automatically approved by the state department unless denied by the state department, based upon the standards established under this section, within 30 days after being received by the state department. An approval or disapproval of a patient care management system by the state department may be reversed by the legislature by subsequent appropriations legislation or other legislation. An original application for certification or an application for recertification shall be in a form as prescribed by the department.

(3) Under a patient care management system, a county shall establish sufficient rates of reimbursement and appropriate length of stay for inpatient treatments for hospitals and other health care providers and shall contract with hospitals and other health care providers for medical care of persons determined to be eligible by the county. The county shall enter into sufficient contracts to assure that persons determined to be eligible by the county have access to hospital services, physician services, and other medical services considered appropriate by the county board of social services.

The report shall be submitted not later than 90 days after the end of the county's fiscal year. A county's expenditures for the operation and administration of a patient care management system are subject to audit by the state.

400.66n Appropriations.

Sec. 66n. (1) If a patient care management system is established in a county in which the total payments to hospitals in the county for the county's resident county hospitalization program exceeded \$10,000,000.00 during the county's full fiscal year immediately before the effective date of this section, the state shall appropriate for fiscal year 1988-89 the aggregate amount to the county which the state had appropriated under this act in fiscal year 1987-88 as separate amounts for programs of resident county hospitalization and medical care for general assistance recipients in the county. Funds appropriated to a county under this section

shall only be used for a patient care management system as prescribed in sections 66j to 66n, and shall only be made available to the county if the county appropriates and expends for its residential county hospitalization program in the county's fiscal year 1988-89 not less than \$15,500,000.00. The ratio of the state's appropriation of \$19,500,000.00 to the county appropriation of \$15,500,000.00 for the resident county hospitalization program of a county described in this subsection shall be maintained for subsequent fiscal year appropriations by the county, unless the state appropriation is less than \$19,500,000.00 in a subsequent year, in which case the county appropriation may decrease in order to maintain the ratio from the base year of \$19,500,000.00 state funds to \$15,500,000.00 county funds.

(2) If a patient care management system is established in any county other than a county described in subsection (1), the state shall appropriate to the county for the state fiscal year following the fiscal year in which the patient care management system is established the aggregate amount which the state had appropriated under this act in the preceding fiscal year as separate amounts for programs of resident county hospitalization and medical care for general assistance recipients in the county. Funds appropriated to a county under this section shall only be used for a patient care management system as prescribed in sections 66j to 66n. Not more than 3% of the funds appropriated to a county under this subsection, and not more than 3% of the county funds appropriated for those same purposes, shall be used for administration of the patient care management system.

(3) For fiscal years following the year in which an aggregate amount is appropriated as prescribed in either subsection (1) or (2), that part of the aggregate amount appropriated that is attributable to former state payments to that county for medical care for general assistance recipients shall be adjusted by any changes in the county's general assistance caseload during the fiscal year immediately preceding the fiscal year in which the appropriation is to be made.

(4) If the cost of medical care in a county under a patient care management system exceeds the amount appropriated to the county under this section in any fiscal year, the county shall be liable for the difference.

(5) Not less than \$5,000,000.00 of the funds appropriated under this section to a county described in subsection (1) shall be set aside annually by the county to meet the inpatient hospitalization expenses of persons who are not general assistance recipients as of the date they are admitted to the hospital. If less than the entire \$5,000,000.00 is spent in any year for the care of those persons, the remainder may be used for other expenses of the patient care management system.

(6) Any state or local appropriations for a patient care management system that are not expended in the year for which they were appropriated shall be placed by the county in a special fund to be used exclusively for the purposes of the patient care management system in subsequent years.

(7) The state treasurer shall not release funds appropriated to a county for a patient care management system unless the county to which the appropriation is to be made certifies annually to the state administrative board that the county meets the requirements established by this act for a patient care management system, and the state administrative board concurs annually with that certification.

The positive health behaviors described in this subsection may include, but are not limited to, participation in health risk assessments and health screenings, compliance with medical treatment, attendance at scheduled medical appointments, participation in smoking cessation treatment, exercise, prenatal visits, immunizations, and attendance at recommended educational health programs.

(2) The department of community health shall create pay-for-performance incentives for contracted medicaid health maintenance organizations. The medicaid health maintenance organization contracts shall include incentives for meeting health outcome targets for chronic disease states, increasing the number of medical assistance recipients who practice positive health behaviors, and meeting patient compliance targets established by the department of community health. Priority shall be given to strategies that prevent and manage the 10 most prevalent and costly ailments affecting medical assistance recipients.

(3) The department of community health shall establish a preferred product and service formulary program for durable medical equipment. 400.105d Medical assistance program; waiver; acceptance of medicare rates by hospital as payments in full; submission of approved waiver provisions to legislature; enrollment plan; pharmaceutical benefit; cost-sharing compliance bonus pool; medicaid hospital cost report; baseline uncompensated care report; insurance rates and insurance rate change filings; evaluation by department of insurance and financial services; reports; financial incentives; performance bonus incentive pool; limitation on administrative costs; uniform procedures and compliance metrics; distribution of funds from performance bonus incentive pool; substance abuse disorders; options after 48 cumulative months of medical assistance coverage; availability of data to vendor; failure to receive waivers; inapplicability of section; offset of state tax refunds; liability; emergency department overutilization and improper usage; symposium and report; review of reports by independent third party vendor; "legislature" defined; definitions.

Sec. 105d. (1) The department of community health shall seek a waiver from the United States department of health and human services to do, without jeopardizing federal match dollars or otherwise incurring federal financial penalties, and upon approval of the waiver shall do, all of the following:

(a) Enroll individuals eligible under section 1396a(a)(10)(A)(i)(VIII) of title XIX who meet the citizenship provisions of 42 CFR 435.406 and who are otherwise eligible for the medical assistance program under this act into a contracted health plan that provides for an account into which money from any source, including, but not limited to, the enrollee, the enrollee's employer, and private or public entities on the enrollee's behalf, can be deposited to pay for incurred health expenses, including, but not limited to, co-pays. The account shall be administered by the department of community health and can be delegated to a contracted health plan or a third party administrator, as considered necessary. The department of community health shall not begin enrollment of individuals eligible under this subdivision until January 1, 2014 or until the waiver requested in this subsection is approved by the United States department of health and human services, whichever is later.

(b) Ensure that contracted health plans track all enrollee co-pays incurred for the first 6 months that an individual is enrolled in the program described in subdivision (a) and calculate the average monthly co-pay

experience for the enrollee. The average co-pay amount shall be adjusted at least annually to reflect changes in the enrollee's co-pay experience. The department of community health shall ensure that each enrollee receives quarterly statements for his or her account that include expenditures from the account, account balance, and the cost-sharing amount due for the following 3 months. The enrollee shall be required to remit each month the average co-pay amount calculated by the contracted health plan into the enrollee's account. The department of community health shall pursue a range of consequences for enrollees who consistently fail to meet their cost-sharing requirements, including, but not limited to, using the MICHild program as a template and closer oversight by health plans in access to providers. The department of community health shall report its plan of action for enrollees who consistently fail to meet their cost-sharing requirements to the legislature by June 1, 2014.

(c) Give enrollees described in subdivision (a) a choice in choosing among contracted health plans.

(d) Ensure that all enrollees described in subdivision (a) have access to a primary care practitioner who is licensed, registered, or otherwise authorized to engage in his or her health care profession in this state and to preventive services. The department of community health shall require that all new enrollees be assigned and have scheduled an initial appointment with their primary care practitioner within 60 days of initial enrollment. The department of community health shall monitor and track contracted health plans for compliance in this area and consider that compliance in any health plan incentive programs. The department of community health shall ensure that the contracted health plans have procedures to ensure that the privacy of the enrollees' personal information is protected in accordance with the health insurance portability and accountability act of 1996, Public Law 104-191.

(e) Require enrollees described in subdivision (a) with annual incomes between 100% and 133% of the federal poverty guidelines to contribute not more than 5% of income annually for cost-sharing requirements. Cost-sharing includes co-pays and required contributions made into the accounts authorized under subdivision (a). Contributions required in this subdivision do not apply for the first 6 months an individual described in subdivision (a) is enrolled. Required contributions to an account used to pay for incurred health expenses shall be 2% of income annually. Notwithstanding this minimum, required contributions may be reduced by the contracting health plan. The reductions may occur only if healthy behaviors are being addressed as attested to by the contracted health plan based on uniform standards developed by the department of community health in consultation with the contracted health plans. The uniform standards shall include healthy behaviors that must include, but are not limited to, completing a department of community health approved annual health risk assessment to identify unhealthy characteristics, including alcohol use, substance use disorders, tobacco use, obesity, and immunization status. Co-pays can be reduced if healthy behaviors are met, but not until annual accumulated co-pays reach 2% of income except co-pays for specific services may be waived by the contracted health plan if the desired outcome is to promote greater access to services that prevent the progression of and complications related to chronic diseases. If the enrollee described in subdivision (a) becomes ineligible for medical assistance under the program described in this section, the remaining balance in the account described in subdivision (a) shall be returned to that enrollee in the form of a voucher for the sole purpose of purchasing and paying for private insurance.

(f) By July 1, 2014, design and implement a co-pay structure that encourages use of high-value services, while discouraging low-value services such as nonurgent emergency department use.

(g) During the enrollment process, inform enrollees described in subdivision (a) about advance directives and require the enrollees to complete a department of community health-approved advance directive on a form that includes an option to decline. The advance directives received from enrollees as provided in this subdivision shall be transmitted to the peace of mind registry organization to be placed on the peace of mind registry.

(h) By April 1, 2015, develop incentives for enrollees and providers who assist the department of community health in detecting fraud and abuse in the medical assistance program. The department of community health shall provide an annual report that includes the type of fraud detected, the amount saved, and the outcome of the investigation to the legislature.

(i) Allow for services provided by telemedicine from a practitioner who is licensed, registered, or otherwise authorized under section 16171 of the public health code, 1978 PA 368, MCL 333.16171, to engage in his or her health care profession in the state where the patient is located.

(2) For services rendered to an uninsured individual, a hospital that participates in the medical assistance program under this act shall accept 115% of medicare rates as payments in full from an uninsured individual with an annual income level up to 250% of the federal poverty guidelines. This subsection applies whether or not either or both of the waivers requested under this section are approved, the patient protection and affordable care act is repealed, or the state terminates or opts out of the program established under this section.

(3) Not more than 7 calendar days after receiving each of the official waiver-related written correspondence from the United States department of health and human services to implement the provisions of this section, the department of community health shall submit a written copy of the approved waiver provisions to the legislature for review.

(4) By September 30, 2015, the department of community health shall develop and implement a plan to enroll all existing fee-for-service enrollees into contracted health plans if allowable by law, if the medical assistance program is the primary payer and if that enrollment is cost-effective. This includes all newly eligible enrollees as described in subsection (1)(a). The department of community health shall include contracted health plans as the mandatory delivery system in its waiver request. The department of community health also shall pursue any and all necessary waivers to enroll persons eligible for both medicaid and medicare into the 4 integrated care demonstration regions beginning July 1, 2014. By September 30, 2015, the department of community health shall identify all remaining populations eligible for managed care, develop plans for their integration into managed care, and provide recommendations for a performance bonus incentive plan mechanism for long-term care managed care providers that are consistent with other managed care performance bonus incentive plans. By September 30, 2015, the department of community health shall make recommendations for a performance bonus incentive plan for long-term care managed care providers of up to 3% of their medicaid capitation payments, consistent with other managed care performance bonus incentive plans. These payments shall comply with federal requirements and shall be based on measures that identify the appropriate use of long-term care services and that focus on consumer satisfaction, consumer choice, and other appropriate quality measures applicable to community-based and nursing home services. Where appropriate, these quality measures shall be consistent with quality measures used for similar services implemented by the integrated care for duals demonstration project. This subsection applies whether or not either or both of the waivers requested under this section are approved, the patient protection and affordable care act is repealed, or the state terminates or opts out of the program established under this section.

(5) By September 30, 2016, the department of community health shall implement a pharmaceutical benefit that utilizes co-pays at appropriate levels allowable by the centers for medicare and medicaid services to encourage the use of high-value, low-cost prescriptions, such as generic prescriptions when such an alternative exists for a branded product and 90-day prescription supplies, as recommended by the enrollee's prescribing provider and as is consistent with section 109h and sections 9701 to 9709 of the public health code, 1978 PA 368, MCL 333.9701 to 333.9709. This subsection applies whether or not either or both of the waivers requested under this section are approved, the patient protection and affordable care act is repealed, or the state terminates or opts out of the program established under this section.

(6) The department of community health shall work with providers, contracted health plans, and other departments as necessary to create processes that reduce the amount of uncollected cost-sharing and reduce the administrative cost of collecting cost-sharing. To this end, a minimum 0.25% of payments to contracted health plans shall be withheld for the purpose of establishing a cost-sharing compliance bonus pool beginning October 1, 2015. The distribution of funds from the cost-sharing compliance pool shall be based on the contracted health plans' success in collecting cost-sharing payments. The department of community health shall develop the methodology for distribution of these funds. This subsection applies whether or not either or both of the waivers requested under this section are approved, the patient protection and affordable care act is repealed, or the state terminates or opts out of the program established under this section.

(7) By June 1, 2014, the department of community health shall develop a methodology that decreases the amount an enrollee's required contribution may be reduced as described in subsection (1)(e) based on, but not limited to, factors such as an enrollee's failure to pay cost-sharing requirements and the enrollee's inappropriate utilization of emergency departments.

(8) The program described in this section is created in part to extend health coverage to the state's low-income citizens and to provide health insurance cost relief to individuals and to the business community by reducing the cost shift attendant to uncompensated care. Uncompensated care does not include courtesy allowances or discounts given to patients. The medicaid hospital cost report shall be part of the uncompensated care definition and calculation. In addition to the medicaid hospital cost report, the department of community health shall collect and examine other relevant financial data for all hospitals and evaluate the impact that providing medical coverage to the expanded population of enrollees described in subsection (1)(a) has had on the actual cost of uncompensated care. This shall be reported for all hospitals in the state. By December 31, 2014, the department of community health shall make an initial baseline uncompensated care report containing at least the data described in this subsection to the legislature and each December 31 after that shall make a report regarding the preceding fiscal year's evidence of the reduction in the amount of the actual cost of uncompensated care compared to the initial baseline report. The baseline report shall use fiscal year 2012-2013 data. Based on the evidence of the reduction in the amount of the actual

cost of uncompensated care borne by the hospitals in this state, beginning April 1, 2015, the department of community health shall proportionally reduce the disproportionate share payments to all hospitals and hospital systems for the purpose of producing general fund savings. The department of community health shall recognize any savings from this reduction by September 30, 2016. All the reports required under this subsection shall be made available to the legislature and shall be easily accessible on the department of community health's website.

(9) The department of insurance and financial services shall examine the financial reports of health insurers and evaluate the impact that providing medical coverage to the expanded population of enrollees described in subsection (1)(a) has had on the cost of uncompensated care as it relates to insurance rates and insurance rate change filings, as well as its resulting net effect on rates overall. The department of insurance and financial services shall consider the evaluation described in this subsection in the annual approval of rates. By December 31, 2014, the department of insurance and financial services shall make an initial baseline report to the legislature regarding rates and each December 31 after that shall make a report regarding the evidence of the change in rates compared to the initial baseline report. All the reports required under this subsection shall be made available to the legislature and shall be made available and easily accessible on the department of community health's website.

(10) The department of community health shall explore and develop a range of innovations and initiatives to improve the effectiveness and performance of the medical assistance program and to lower overall health care costs in this state. The department of community health shall report the results of the efforts described in this subsection to the legislature and to the house and senate fiscal agencies by September 30, 2015. The report required under this subsection shall also be made available and easily accessible on the department of community health's website. The department of community health shall pursue a broad range of innovations and initiatives as time and resources allow that shall include, at a minimum, all of the following:

(a) The value and cost-effectiveness of optional medicaid benefits as described in federal statute.

(b) The identification of private sector, primarily small business, health coverage benefit differences compared to the medical assistance program services and justification for the differences.

(c) The minimum measures and data sets required to effectively measure the medical assistance program's return on investment for taxpayers.

(d) Review and evaluation of the effectiveness of current incentives for contracted health plans, providers, and beneficiaries with recommendations for expanding and refining incentives to accelerate improvement in health outcomes, healthy behaviors, and cost-effectiveness and review of the compliance of required contributions and co-pays.

(e) Review and evaluation of the current design principles that serve as the foundation for the state's medical assistance program to ensure the program is cost-effective and that appropriate incentive measures are utilized. The review shall include, at a minimum, the auto-assignment algorithm and performance bonus incentive pool. This subsection applies whether or not either or both of the waivers requested under this section are approved, the patient protection and affordable care act is repealed, or the state terminates or opts out of the program established under this section.

(f) The identification of private sector initiatives used to incent individuals to comply with medical advice.

(11) By December 31, 2015, the department of community health shall review and report to the legislature the feasibility of programs recommended by multiple national organizations that include, but are not limited to, the council of state governments, the national conference of state legislatures, and the American legislative exchange council, on improving the cost-effectiveness of the medical assistance program.

(12) By January 1, 2014, the department of community health in collaboration with the contracted health plans and providers shall create financial incentives for all of the following:

(a) Contracted health plans that meet specified population improvement goals.

(b) Providers who meet specified quality, cost, and utilization targets.

(c) Enrollees who demonstrate improved health outcomes or maintain healthy behaviors as identified in a health risk assessment as identified by their primary care practitioner who is licensed, registered, or otherwise authorized to engage in his or her health care profession in this state. This subsection applies whether or not either or both of the waivers requested under this section are approved, the patient protection and affordable care act is repealed, or the state terminates or opts out of the program established under this section.

(13) By October 1, 2015, the performance bonus incentive pool for contracted health plans that are not specialty prepaid health plans shall include inappropriate utilization of emergency departments, ambulatory care, contracted health plan all-cause acute 30-day readmission rates, and generic drug utilization when such an alternative exists for a branded product and consistent with section 109h and sections 9701 to 9709 of the public health code, 1978 PA 368, MCL 333.9701 to 333.9709, as a percentage of total. These measurement tools shall be considered and weighed within the 6 highest factors used in the formula. This subsection applies

whether or not either or both of the waivers requested under this section are approved, the patient protection and affordable care act is repealed, or the state terminates or opts out of the program established under this section.

(14) The department of community health shall ensure that all capitated payments made to contracted health plans are actuarially sound. This subsection applies whether or not either or both of the waivers requested under this section are approved, the patient protection and affordable care act is repealed, or the state terminates or opts out of the program established under this section.

(15) The department of community health shall maintain administrative costs at a level of not more than 1% of the department of community health's appropriation of the state medical assistance program. These administrative costs shall be capped at the total administrative costs for the fiscal year ending September 30, 2016, except for inflation and project-related costs required to achieve medical assistance net general fund savings. This subsection applies whether or not either or both of the waivers requested under this section are approved, the patient protection and affordable care act is repealed, or the state terminates or opts out of the program established under this section.

(16) By October 1, 2015, the department of community health shall establish uniform procedures and compliance metrics for utilization by the contracted health plans to ensure that cost-sharing requirements are being met. This shall include ramifications for the contracted health plans' failure to comply with performance or compliance metrics. This subsection applies whether or not either or both of the waivers requested under this section are approved, the patient protection and affordable care act is repealed, or the state terminates or opts out of the program established under this section.

(17) Beginning October 1, 2015, the department of community health shall withhold, at a minimum, 0.75% of payments to contracted health plans, except for specialty prepaid health plans, for the purpose of expanding the existing performance bonus incentive pool. Distribution of funds from the performance bonus incentive pool is contingent on the contracted health plan's completion of the required performance or compliance metrics. This subsection applies whether or not either or both of the waivers requested under this section are approved, the patient protection and affordable care act is repealed, or the state terminates or opts out of the program established under this section.

(18) By October 1, 2015, the department of community health shall withhold, at a minimum, 0.75% of payments to specialty prepaid health plans for the purpose of establishing a performance bonus incentive pool. Distribution of funds from the performance bonus incentive pool is contingent on the specialty prepaid health plan's completion of the required performance or compliance metrics, which shall include, at a minimum, partnering with other contracted health plans to reduce nonemergent emergency department utilization, increased participation in patient-centered medical homes, increased use of electronic health records and data sharing with other providers, and identification of enrollees who may be eligible for services through the veterans administration. This subsection applies whether or not either or both of the waivers requested under this section are approved, the patient protection and affordable care act is repealed, or the state terminates or opts out of the program established under this section.

(19) The department of community health shall measure contracted health plan or specialty prepaid health plan performance metrics, as applicable, on application of standards of care as that relates to appropriate treatment of substance use disorders and efforts to reduce substance use disorders. This subsection applies whether or not either or both of the waivers requested under this section are approved, the patient protection and affordable care act is repealed, or the state terminates or opts out of the program established under this section.

(20) By September 1, 2015, in addition to the waiver requested in subsection (1), the department of community health shall seek an additional waiver from the United States department of health and human services that requires individuals who are between 100% and 133% of the federal poverty guidelines and who have had medical assistance coverage for 48 cumulative months beginning on the date of their enrollment into the program described in subsection (1) to choose 1 of the following options:

(a) Change their medical assistance program eligibility status, in accordance with federal law, to be considered eligible for federal advance premium tax credit and cost-sharing subsidies from the federal government to purchase private insurance coverage through an American health benefit exchange without financial penalty to the state.

(b) Remain in the medical assistance program but increase cost-sharing requirements up to 7% of income. Required contributions shall be deposited into an account used to pay for incurred health expenses for covered benefits and shall be 3.5% of income but may be reduced as provided in subsection (1)(e). The department of community health may reduce co-pays as provided in subsection (1)(e), but not until annual accumulated co-pays reach 3% of income.

(21) The department of community health shall notify enrollees 60 days before the end of the enrollee's

forty-eighth month that coverage under the current program is no longer available to them and that, in order to continue coverage, the enrollee must choose between the options described in subsection (20)(a) or (b).

(22) The department of community health shall implement a system for individuals who fail to choose an option described under subsection (20)(a) or (b) within a specified time determined by the department of community health that enrolls those individuals into the option described in subsection (20)(b).

(23) If the waiver requested under subsection (20) is not approved by the United States department of health and human services by December 31, 2015, medical coverage for individuals described in subsection (1)(a) shall no longer be provided. If the waiver is not approved by December 31, 2015, then by January 31, 2016, the department of community health shall notify enrollees that the program described in subsection (1) shall be terminated on April 30, 2016. If a waiver requested under subsection (1) or (20) is approved and is required to be renewed at any time after approval, medical coverage for individuals described in subsection (1)(a) shall no longer be provided if either renewal request is not approved by the United States department of health and human services or if a waiver is canceled after approval. The department of community health shall give enrollees 4 months' advance notice before termination of coverage based on a renewal request not being approved as described in this subsection. A notification described in this subsection shall state that the enrollment was terminated due to the failure of the United States department of health and human services to approve the waiver requested under subsection (20) or renewal of a waiver described in this subsection.

(24) Individuals described in 42 CFR 440.315 are not subject to the provisions of the waiver described in subsection (20).

(25) The department of community health shall make available at least 3 years of state medical assistance program data, without charge, to any vendor considered qualified by the department of community health who indicates interest in submitting proposals to contracted health plans in order to implement cost savings and population health improvement opportunities through the use of innovative information and data management technologies. Any program or proposal to the contracted health plans must be consistent with the state's goals of improving health, increasing the quality, reliability, availability, and continuity of care, and reducing the cost of care of the eligible population of enrollees described in subsection (1)(a). The use of the data described in this subsection for the purpose of assessing the potential opportunity and subsequent development and submission of formal proposals to contracted health plans is not a cost or contractual obligation to the department of community health or the state.

(26) If the department of community health does not receive approval for both of the waivers required under this section before December 31, 2015, the program described in this section is terminated. The department of community health shall request written documentation from the United States department of health and human services that if the waivers described in this section are rejected causing the medical assistance program to revert back to the eligibility requirements in effect on the effective date of the amendatory act that added this section, excluding any waivers that have not been renewed, there shall be no financial federal funding penalty to the state associated with the implementation and subsequent cancellation of the program created in this section. If the department of community health does not receive this documentation by December 31, 2013, the department of community health shall not implement the program described in this section.

(27) This section does not apply if either of the following occurs:

(a) If the department of community health is unable to obtain either of the federal waivers requested in subsection (1) or (20).

(b) If federal government matching funds for the program described in this section are reduced below 100% and annual state savings and other nonfederal net savings associated with the implementation of that program are not sufficient to cover the reduced federal match. The department of community health shall determine and the state budget office shall approve how annual state savings and other nonfederal net savings shall be calculated by June 1, 2014. By September 1, 2014, the calculations and methodology used to determine the state and other nonfederal net savings shall be submitted to the legislature.

(28) The department of community health shall develop, administer, and coordinate with the department of treasury a procedure for offsetting the state tax refunds of an enrollee who owes a liability to the state of past due uncollected cost-sharing, as allowable by the federal government. The procedure shall include a guideline that the department of community health submit to the department of treasury, not later than November 1 of each year, all requests for the offset of state tax refunds claimed on returns filed or to be filed for that tax year. For the purpose of this subsection, any nonpayment of the cost-sharing required under this section owed by the enrollee is considered a liability to the state under section 30a(2)(b) of 1941 PA 122, MCL 205.30a.

(29) For the purpose of this subsection, any nonpayment of the cost-sharing required under this section owed by the enrollee is considered a current liability to the state under section 32 of the McCauley-Traxler-Law-Bowman-McNeely lottery act, 1972 PA 239, MCL 432.32, and shall be handled in

accordance with the procedures for handling a liability to the state under that section, as allowed by the federal government.

(30) By November 30, 2013, the department of community health shall convene a symposium to examine the issues of emergency department overutilization and improper usage. By December 31, 2014, the department of community health shall submit a report to the legislature that identifies the causes of overutilization and improper emergency service usage that includes specific best practice recommendations for decreasing overutilization of emergency departments and improper emergency service usage, as well as how those best practices are being implemented. Both broad recommendations and specific recommendations related to the medicaid program, enrollee behavior, and health plan access issues shall be included.

(31) The department of community health shall contract with an independent third party vendor to review the reports required in subsections (8) and (9) and other data as necessary, in order to develop a methodology for measuring, tracking, and reporting medical cost and uncompensated care cost reduction or rate of increase reduction and their effect on health insurance rates along with recommendations for ongoing annual review. The final report and recommendations shall be submitted to the legislature by September 30, 2015.

(32) For the purposes of submitting reports and other information or data required under this section only, "legislature" means the senate majority leader, the speaker of the house of representatives, the chairs of the senate and house of representatives appropriations committees, the chairs of the senate and house of representatives appropriations subcommittees on the department of community health budget, and the chairs of the senate and house of representatives standing committees on health policy.

(33) As used in this section:

(a) "Patient protection and affordable care act" means the patient protection and affordable care act, Public Law 111-148, as amended by the federal health care and education reconciliation act of 2010, Public Law 111-152.

(b) "Peace of mind registry" and "peace of mind registry organization" mean those terms as defined in section 10301 of the public health code, 1978 PA 368, MCL 333.10301.

(c) "State savings" means any state fund net savings, calculated as of the closing of the financial books for the department of community health at the end of each fiscal year, that result from the program described in this section. The savings shall result in a reduction in spending from the following state fund accounts: adult benefit waiver, non-medicaid community mental health, and prisoner health care. Any identified savings from other state fund accounts shall be proposed to the house of representatives and senate appropriations committees for approval to include in that year's state savings calculation. It is the intent of the legislature that for fiscal year ending September 30, 2014 only, \$193,000,000.00 of the state savings shall be deposited in the roads and risks reserve fund created in section 211b of article VIII of 2013 PA 59.

(d) "Telemedicine" means that term as defined in section 3476 of the insurance code of 1956, 1956 PA 218, MCL 500.3476.

Popular name: Act 280

400.106 Medically indigent individual; definitions; notice of legal action; recovery of expenses by state department, department of community health, or contracted health plan; priority against proceeds.

Sec. 106. (1) A medically indigent individual is defined as:

(a) An individual receiving family independence program benefits or an individual receiving supplemental security income under title XVI or state supplementation under title XVI subject to limitations imposed by the director according to title XIX.

(b) Except as provided in sections 106a and 106b, an individual who meets all of the following conditions:

(i) The individual has applied in the manner the department of community health prescribes.

(ii) The individual's need for the type of medical assistance available under this act for which the individual applied has been professionally established and payment for it is not available through the legal obligation of a public or private contractor to pay or provide for the care without regard to the income or resources of the patient. The state department and the department of community health are subrogated to any right of recovery that a patient may have for the cost of hospitalization, pharmaceutical services, physician services, nursing services, and other medical services not to exceed the amount of funds expended by the state department or the department of community health for the care and treatment of the patient. The patient or other person acting in the patient's behalf shall execute and deliver an assignment of claim or other authorizations as necessary to secure the right of recovery to the department or the department of community health. A payment may be withheld under this act for medical assistance for an injury or disability for which the individual is entitled to medical care or reimbursement for the cost of medical care under sections 3101 to 3179 of the insurance code of 1956, 1956 PA 218, MCL 500.3101 to 500.3179, or under another policy of insurance providing medical or hospital benefits, or both, for the individual unless the individual's entitlement to that medical care or reimbursement is at issue. If a payment is made, the state department or the department of community health, to enforce its subrogation right, may do either of the following: (a) intervene or join in an action or proceeding brought by the injured, diseased, or disabled individual, the individual's guardian, personal representative, estate, dependents, or survivors, against the third person who may be liable for the injury, disease, or disability, or against contractors, public or private, who may be liable to pay or provide medical care and services rendered to an injured, diseased, or disabled individual; (b) institute and prosecute a legal proceeding against a third person who may be liable for the injury, disease, or disability, or against contractors, public or private, who may be liable to pay or provide medical care and services rendered to an injured, diseased, or disabled individual, in state or federal court, either alone or in conjunction with the injured, diseased, or disabled individual, the individual's guardian, personal representative, estate, dependents, or survivors. The state department may institute the proceedings in its own name or in the name of the injured, diseased, or disabled individual, the individual's guardian, personal representative, estate, dependents, or survivors. As provided in section 6023 of the revised judicature act of 1961, 1961 PA 236, MCL 600.6023, the state department or the department of community health, in enforcing its subrogation right, shall not satisfy a judgment against the third person's property that is exempt from levy and sale. The injured, diseased, or disabled individual may proceed in his or her own name, collecting the costs without the necessity of joining the state department, the department of community health, or the state as a named party. The injured, diseased, or disabled individual shall notify the state department or the department of community health of the action or proceeding entered into upon commencement of the action or proceeding. An action taken by the state, the state department, or the department of community health in connection with the right of recovery afforded by this section does not deny the injured, diseased, or disabled individual any part of the recovery beyond the costs expended on the individual's behalf by the state department or the department of community health. The costs of legal action initiated by the state shall be paid by the state. A payment shall not be made under this act for medical assistance for an injury, disease, or disability for which the individual is entitled to medical care or the cost of medical care under the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.101 to 418.941; except that payment may be made if an appropriate application for medical care or the cost of the medical care has been made under the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.101 to 418.941, entitlement has not been finally determined, and an arrangement satisfactory to the state department or the department of community health has been made for reimbursement if the claim under the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.101 to 418.941, is finally sustained.

(iii) The individual has an annual income that is below, or subject to limitations imposed by the director and because of medical expenses falls below, the protected basic maintenance level. The protected basic

maintenance level for 1-person and 2-person families shall be at least 100% of the payment standards generally used to determine eligibility in the family independence program. For families of 3 or more persons, the protected basic maintenance level shall be at least 100% of the payment standard generally used to determine eligibility in the family independence program. These levels shall recognize regional variations and shall not exceed 133-1/3% of the payment standard generally used to determine eligibility in the family independence program.

(iv) The individual, if a family independence program related individual and living alone, has liquid or marketable assets of not more than \$2,000.00 in value, or, if a 2-person family, the family has liquid or marketable assets of not more than \$3,000.00 in value. The department of community health shall establish comparable liquid or marketable asset amounts for larger family groups. Excluded in making the determination of the value of liquid or marketable assets are the values of: the homestead; clothing; household effects; \$1,000.00 of cash surrender value of life insurance, except that if the health of the insured makes continuance of the insurance desirable, the entire cash surrender value of life insurance is excluded from consideration, up to the maximum provided or allowed by federal regulations and in accordance with department of community health rules; the fair market value of tangible personal property used in earning income; an amount paid as judgment or settlement for damages suffered as a result of exposure to agent orange, as defined in section 5701 of the public health code, 1978 PA 368, MCL 333.5701; and a space or plot purchased for the purposes of burial for the person. For individuals related to the title XVI program, the appropriate resource levels and property exemptions specified in title XVI shall be used.

(v) Except as provided in section 106b, the individual is not an inmate of a public institution except as a patient in a medical institution.

(vi) The individual meets the eligibility standards for supplemental security income under title XVI or for state supplementation under the act, subject to limitations imposed by the director of the department of community health according to title XIX; or meets the eligibility standards for family independence program benefits; or meets the eligibility standards for optional eligibility groups under title XIX, subject to limitations imposed by the director of the department of community health according to title XIX.

(c) An individual is eligible under section 1396a(a)(10)(A)(i)(VIII) of title XIX. This subdivision does not apply if either of the following occurs:

(i) If the department of community health is unable to obtain a federal waiver as provided in section 105d(1) or (20).

(ii) If federal government matching funds for the program described in section 105d are reduced below 100% and annual state savings and other nonfederal net savings associated with the implementation of that program are not sufficient to cover the reduced federal match. The department of community health shall determine and the state budget office shall approve how annual state savings and other nonfederal net savings shall be calculated by June 1, 2014. By September 1, 2014, the calculations and methodology used to determine the state and other nonfederal net savings shall be submitted to the legislature.

(2) As used in this act:

(a) "Contracted health plan" means a managed care organization with whom the state department or the department of community health contracts to provide or arrange for the delivery of comprehensive health care services as authorized under this act.

(b) "Federal poverty guidelines" means the poverty guidelines published annually in the federal register by the United States department of health and human services under its authority to revise the poverty line under section 673(2) of subtitle B of title VI of the omnibus budget reconciliation act of 1981, 42 USC 9902.

(c) "Medical institution" means a state licensed or approved hospital, nursing home, medical care facility, psychiatric hospital, or other facility or identifiable unit of a listed institution certified as meeting established standards for a nursing home or hospital in accordance with the laws of this state.

(d) "Title XVI" means title XVI of the social security act, 42 USC 1381 to 1383f.

(3) An individual receiving medical assistance under this act or his or her legal counsel shall notify the state department or the department of community health when filing an action in which the state department or the department of community health may have a right to recover expenses paid under this act. If the individual is enrolled in a contracted health plan, the individual or his or her legal counsel shall provide notice to the contracted health plan in addition to providing notice to the state department.

(4) If a legal action in which the state department, the department of community health, a contracted health plan, or all 3 have a right to recover expenses paid under this act is filed and settled after November 29, 2004 without notice to the state department, the department of community health, or the contracted health plan, the state department, the department of community health, or the contracted health plan may file a legal action against the individual or his or her legal counsel, or both, to recover expenses paid under this act. The attorney general shall recover any cost or attorney fees associated with a recovery under this subsection.

(5) The state department or the department of community health has first priority against the proceeds of the net recovery from the settlement or judgment in an action settled in which notice has been provided under subsection (3). A contracted health plan has priority immediately after the state department or the department of community health in an action settled in which notice has been provided under subsection (3). The state department, the department of community health, and a contracted health plan shall recover the full cost of expenses paid under this act unless the state department, the department of community health, or the contracted health plan agrees to accept an amount less than the full amount. If the individual would recover less against the proceeds of the net recovery than the expenses paid under this act, the state department, the department of community health, or contracted health plan, and the individual shall share equally in the proceeds of the net recovery. As used in this subsection, "net recovery" means the total settlement or judgment less the costs and fees incurred by or on behalf of the individual who obtains the settlement or judgment.

The premium shall be adjusted during the year when a change in an enrolled individual's rate of annual income changes.

(6) Revenue received from premiums collected under this section shall not exceed \$3,000,000.00 per year.

400.109 Medical services provided under act; notice and approval of proposed change in method or level of reimbursement; definitions.

Sec. 109. (1) The following medical services may be provided under this act:

(a) Hospital services that an eligible individual may receive consist of medical, surgical, or obstetrical care, together with necessary drugs, X-rays, physical therapy, prosthesis, transportation, and nursing care incident to the medical, surgical, or obstetrical care. The period of inpatient hospital service shall be the minimum period necessary in this type of facility for the proper care and treatment of the individual. Necessary hospitalization to provide dental care shall be provided if certified by the attending dentist with the approval of the department of community health. An individual who is receiving medical treatment as an inpatient because of a diagnosis of tuberculosis or mental disease may receive service under this section, notwithstanding the mental health code, 1974 PA 258, MCL 330.1001 to 330.2106, and 1925 PA 177, MCL 332.151 to 332.164. The department of community health shall pay for hospital services according to the state plan for medical assistance adopted under section 10 and approved by the United States department of health and human services.

(b) An eligible individual may receive physician services authorized by the department of community health. The service may be furnished in the physician's office, the eligible individual's home, a medical institution, or elsewhere in case of emergency. A physician shall be paid a reasonable charge for the service rendered. Reasonable charges shall be determined by the department of community health and shall not be more than those paid in this state for services rendered under title XVIII.

(c) An eligible individual may receive nursing home services in a state licensed nursing home, a medical care facility, or other facility or identifiable unit of that facility, certified by the appropriate authority as meeting established standards for a nursing home under the laws and rules of this state and the United States department of health and human services, to the extent found necessary by the attending physician, dentist, or certified Christian Science practitioner. An eligible individual may receive nursing services in an extended care services program established under section 22210 of the public health code, 1978 PA 368, MCL 333.22210, to the extent found necessary by the attending physician when the combined length of stay in the acute care bed and short-term nursing care bed exceeds the average length of stay for medicaid hospital diagnostic related group reimbursement. The department of community health shall not make a final payment under title XIX for benefits available under title XVIII without documentation that title XVIII claims have been filed and denied. The department of community health shall pay for nursing home services according to the state plan for medical assistance adopted according to section 10 and approved by the United States department of health and human services. A county shall reimburse a county maintenance of effort rate determined on an annual basis for each patient day of medicaid nursing home services provided to eligible individuals in long-term care facilities owned by the county and licensed to provide nursing home services. For purposes of determining rates and costs described in this subdivision, all of the following apply:

(i) For county owned facilities with per patient day updated variable costs exceeding the variable cost limit for the county facility, county maintenance of effort rate means 45% of the difference between per patient day updated variable cost and the concomitant nursing home-class variable cost limit, the quantity offset by the difference between per patient day updated variable cost and the concomitant variable cost limit for the county facility. The county rate shall not be less than zero.

(ii) For county owned facilities with per patient day updated variable costs not exceeding the variable cost limit for the county facility, county maintenance of effort rate means 45% of the difference between per patient day updated variable cost and the concomitant nursing home class variable cost limit.

(iii) For county owned facilities with per patient day updated variable costs not exceeding the concomitant nursing home class variable cost limit, the county maintenance of effort rate shall equal zero.

(iv) For the purposes of this section: "per patient day updated variable costs and the variable cost limit for the county facility" shall be determined according to the state plan for medical assistance; for freestanding county facilities the "nursing home class variable cost limit" shall be determined according to the state plan for medical assistance and for hospital attached county facilities the "nursing class variable cost limit" shall be determined pursuant to the state plan for medical assistance plus \$5.00 per patient day; and "freestanding" and "hospital attached" shall be determined according to the federal regulations.

(v) If the county maintenance of effort rate computed under this section exceeds the county maintenance of effort rate in effect as of September 30, 1984, the rate in effect as of September 30, 1984 shall remain in effect until a time that the rate computed under this section is less than the September 30, 1984 rate. This limitation remains in effect until December 31, 2017. For each subsequent county fiscal year the maintenance of effort may not increase by more than \$1.00 per patient day each year.

(vi) For county owned facilities, reimbursement for plant costs will continue to be based on interest expense and depreciation allowance unless otherwise provided by law.

(d) An eligible individual may receive pharmaceutical services from a licensed pharmacist of the person's choice as prescribed by a licensed physician or dentist and approved by the department of community health. In an emergency, but not routinely, the individual may receive pharmaceutical services rendered personally

by a licensed physician or dentist on the same basis as approved for pharmacists.

(e) An eligible individual may receive other medical and health services as authorized by the department of community health.

(f) Psychiatric care may also be provided according to the guidelines established by the department of community health to the extent of appropriations made available by the legislature for the fiscal year.

(g) An eligible individual may receive screening, laboratory services, diagnostic services, early intervention services, and treatment for chronic kidney disease under guidelines established by the department of community health. A clinical laboratory performing a creatinine test on an eligible individual under this subdivision shall include in the lab report the glomerular filtration rate (eGFR) of the individual and shall report it as a percent of kidney function remaining.

(2) The director shall provide notice to the public, according to applicable federal regulations, and shall obtain the approval of the committees on appropriations of the house of representatives and senate of the legislature of this state, of a proposed change in the statewide method or level of reimbursement for a service, if the proposed change is expected to increase or decrease payments for that service by 1% or more during the 12 months after the effective date of the change.

400.109a Abortion as service provided with public funds to welfare recipient; prohibition; exception; policy.

Sec. 109a. Notwithstanding any other provision of this act, an abortion shall not be a service provided with public funds to a recipient of welfare benefits, whether through a program of medical assistance, general assistance, or categorical assistance or through any other type of public aid or assistance program, unless the abortion is necessary to save the life of the mother. It is the policy of this state to prohibit the appropriation of public funds for the purpose of providing an abortion to a person who receives welfare benefits unless the abortion is necessary to save the life of the mother.

History: Add. 1987, Act 59, Eff. Dec. 12, 1988.

Constitutionality: The Michigan Supreme Court considered an argument by plaintiffs in *Doe v Department of Social Services*, 439 Mich 650 (1992), that the state's refusal to pay for a therapeutic abortion violates the equal protection guarantee of the Michigan Constitution. Plaintiffs argued that S 400.109a provides unequal treatment to two classes of indigent, pregnant women — those who choose childbirth and those who chose abortion. The trial court in the case granted defendant's motion for summary disposition and dismissed the suit. The court of appeals reversed, 187 Mich App 493 (1991), concluding that (1) the equal protection guarantee in the Michigan Constitution provided greater protection than the corresponding guarantee in the federal constitution and (2) that the statute directly interferes with the women's right to an abortion. The Michigan Supreme Court reversed the court of appeals, holding that (1) there is no evidence of an intent in the Michigan Constitution to provide broader protection than its federal counterpart and (2) the state's decision to fund childbirth, but not abortion, does not impinge upon the exercise of a fundamental right. The Michigan Supreme Court, in upholding the validity of the statute under rational basis test, concluded that Michigan's Constitution permits the state to fund childbirth expenses even though it does not fund abortions.

Compiler's note: This added section was proposed by initiative petition pursuant to Const 1963, art 2, § 9. On June 17, 1987, the initiative petition was approved by an affirmative vote of the majority of the Senators elect and filed with the Secretary of State. On June 23, 1987, the initiative petition was approved by an affirmative vote of the majority of the Members elect of the House of Representatives and filed with the Secretary of State. The Legislature did not vote pursuant to Const 1963, art 4, § 27, to give immediate effect to this enactment.

In *Frey v Director, Department of Social Services*, 162 Mich App 586; 413 NW2d 54 (1987), the Michigan Court of Appeals held that Const 1963, art 4, § 27, applies to initiative laws and that without the required two-thirds vote of each house of the Legislature, as provided by Const 1963, art 4, § 27, Act 59 of 1987 could not take effect until the expiration of 90 days from the end of the session at which it was passed.

In affirming the decision of the Court of Appeals in *Frey*, the Michigan Supreme Court held that when a law is proposed by initiative and enacted by the Legislature without change or amendment within forty days as required by Const 1963, art 2, § 9, it takes effect ninety

days after the end of the session in which it was passed unless two-thirds of the members of each house of the Legislature, as provided by art 4, § 27, vote to give the law immediate effect. Act 59 of 1987, not having received votes in favor of immediate effect by two-thirds of the elected members of each house, may not take effect until ninety days after the end of the session in which it was enacted. Frey v. Director, Department of Social Services, 429 Mich 315; 414 NW2d 873 (1987).

On March 1, 1988, petitions to invoke the power of referendum with regard to Act 59 of 1987 were filed with the Secretary of State. On April 13, 1988, the Board of State Canvassers certified the validity of a sufficient number of petition signatures to invoke the referendum. In a letter opinion to C. Patrick Babcock, Director, Department of Social Services, dated March 28, 1988, the Attorney General addressed the following question: "[I]f the filing of petitions, which include, if they are valid, a sufficient number of signatures to properly invoke a referendum, stays the effective date of Act 59 of 1987, which will otherwise become effective on March 30, 1988?" The Attorney General concluded that "when a petition seeking referendum, which on its face meets legal requirements, is filed the signatures appearing on that petition are presumed valid and the statute at issue is stayed or suspended until either the petitions are found to be invalid or a vote of the people occurs."

Act 59 of 1987, as enacted by the Legislature, was submitted to the people by referendum petition and approved by a majority of the votes cast at the general election held November 8, 1988. The Board of State Canvassers officially declared the vote to be 1,959,727 (for) and 1,486,371 (against) on December 2, 1988.

Sec. 109c. (1) The department of community health shall include, as part of its program of medical services under this act, home- or community-based services to eligible persons whom the department of community health determines would otherwise require nursing home services or similar institutional care services under section 109. The home- or community-based services shall be offered to qualified eligible persons who are receiving inpatient hospital or nursing home services as an alternative to those forms of care.

(2) The home- or community-based services shall include safeguards adequate to protect the health and welfare of participating eligible persons, and shall be provided according to a written plan of care for each person. The services available under the home- or community-based services program shall include, at a minimum, all of the following:

- (a) Home delivered meals.
- (b) Chore services.
- (c) Homemaker services.
- (d) Respite care.
- (e) Personal care.
- (f) Adult day care.
- (g) Private duty nursing.
- (h) Mental health counseling.
- (i) Caregiver training.
- (j) Emergency response systems.
- (k) Home modification.
- (l) Transportation.
- (m) Medical equipment and supply services.

(3) This section shall be implemented so that the average per capita expenditure for home- or community-based services for eligible persons receiving those services does not exceed the estimated average per capita expenditure that would have been made for those persons had they been receiving nursing home services, inpatient hospital or similar institutional care services instead.

(4) The department of community health shall seek a waiver necessary to implement this program from the federal department of health and human services, as provided in section 1915 of title XIX, 42 USC 1396n. The department of community health shall request any modifications of the waiver that are necessary in order to expand the program in accordance with subsection (9).

(5) The department of community health shall establish policy for identifying the rules for persons receiving inpatient hospital or nursing home services who may qualify for home- or community-based

services. The rules shall contain, at a minimum, a listing of diagnoses and patient conditions to which the option of home- or community-based services may apply, and a procedure to determine if the person qualifies for home- or community-based services.

(6) The department of community health shall provide to the legislature and the governor an annual report showing the detail of its home- and community-based case finding and placement activities. At a minimum, the report shall contain each of the following:

(a) The number of persons provided home- or community-based services who would otherwise require inpatient hospital services. This shall include a description of medical conditions, services provided, and projected cost savings for these persons.

(b) The number of persons provided home- or community-based services who would otherwise require nursing home services. This shall include a description of medical conditions, services provided, and projected cost savings for these persons.

(c) The number of persons and the annual expenditure for personal care services.

(d) The number of hearings requested concerning home- or community-based services and the outcome of each hearing which has been adjudicated during the year.

(7) The written plan of care required under subsection (2) for an eligible person shall not be changed unless the change is prospective only, and the department of community health does both of the following:

(a) Not later than 30 days before making the change, except in the case of emergency, consults with the eligible person or, in the case of a child, with the child's parent or guardian.

(b) Consults with each medical service provider involved in the change. This consultation shall be documented in writing.

(8) An eligible person who is receiving home- or community-based services under this section, and who is dissatisfied with a change in his or her plan of care or a denial of any home- or community-based service, may demand a hearing as provided in section 9, and subsequently may appeal the hearing decision to circuit court as provided in section 37.

(9) The department of community health shall expand the home- and community-based services program by increasing the number of counties in which it is available, in conformance with this subsection. The program may be limited in total cost and in the number of recipients per county who may receive services at 1 time. 400.109d Services relating to performing abortions; prohibitions.

Sec. 109d. (1) The legislature finds that the use of medicaid funds for elective abortions has been clearly rejected by the people of Michigan through Act No. 59 of the Public Acts of 1987, initiated by the citizens under the rights of the people reserved in the Michigan constitution, approved by a majority of this legislature, Rendered Friday, February 3, 2017

affirmed by the citizens at large through a statewide referendum, and sustained by the Michigan supreme court.

(2) In light of evidence that abortion providers, in conjunction with third party payors, may have devised and implemented plans for reimbursing services in violation of the intent of Act No. 59 of the Public Acts of 1987, the legislature finds the enactment of section 109e a necessary clarification of, and enforcement mechanism for, Act No. 59 of the Public Acts of 1987.

(3) The legislature finds that any practice of separating or unbundling services directly related to the performance of an abortion for the purposes of seeking medicaid reimbursement, with those funds thereby subsidizing in whole or in part the cost of performing an abortion, is an inappropriate use of taxpayer funds in light of Act No. 59 of the Public Acts of 1987.

(4) Recognizing that certain services related to performing an abortion can also be part of legitimate and routine obstetric care, section 109e should not be construed to affect diagnostic testing or other nonabortion procedures. Only physicians who actually perform abortions, and particularly those who perform abortions but do not provide prenatal care or obstetric services, should view themselves as potentially affected by section 109e. Unacceptable requests for reimbursement include those services which would not have been performed, but for the preparation and performance of a planned or requested abortion.

Administrative rules: R 330.11001 et seq. of the Michigan Administrative Code.

400.111a Policy and procedures for implementation and enforcement of state and federal laws; consultation; guidelines; forms and instructions; “prudent buyer” defined; criteria for selection of providers; notice of change in policy, procedure, form, or instruction; power of director; informal conference; imposition of specific conditions and controls; notice; hearings; examination of claims; imposition of claims review process; books and records of provider; confidentiality; immunity from liability; prohibited payments or recovery for payments; making payments and collecting overpayments; development of specifications; estimated cost and charge information; notice to provider of incorrect payment.

Sec. 111a. (1) The director of the department of community health, after appropriate consultation with affected providers and the medical care advisory council established according to federal regulations, may establish policies and procedures that he or she considers appropriate, relating to the conditions of participation and requirements for providers established by section 111b and to applicable federal law and regulations, to assure that the implementation and enforcement of state and federal laws are all of the following:

(a) Reasonable, fair, effective, and efficient.

(b) In conformance with law.

(c) In conformance with the state plan for medical assistance adopted under section 10 and approved by the United States department of health and human services.

(2) The consultation required by this section shall be conducted in accordance with guidelines adopted by the state department of community health according to section 24 of the administrative procedures act of 1969, 1969 PA 306, MCL 24.224.

(3) Except as otherwise provided in section 111i, the director of the department of community health shall develop, after appropriate consultation with affected providers in accordance with guidelines, forms and instructions to be used in administering the program. Forms developed by the director of the department of community health shall be, to the extent administratively feasible, compatible with forms providers are required to file with 1 or more other third party payers or with 1 or more regulatory agencies and, to the extent administratively feasible, shall be designed to facilitate use of a single form to satisfy requirements imposed on providers by more than 1 payer, agency, or other entity. The forms and instructions shall relate, at a minimum, to standards of performance by providers, conditions of participation, methods of review of claims, and administrative requirements and procedures that the director of the department of community health considers reasonable and proper to assure all of the following:

(a) That claims against the program are timely, substantiated, and not false, misleading, or deceptive.

(b) That reimbursement is made for only medically appropriate services.

(c) That reimbursement is made for only covered services.

(d) That reimbursement is not made to those providers whose services, supplies, or equipment cost the program in excess of the reasonable value received.

(e) That the state is a prudent buyer.

(f) That access and availability of services to the medically indigent are reasonable.

(4) As used in subsection (3), "prudent buyer" means a purchaser who does 1 or more of the following:

(a) Buys from only those providers of services, supplies, or equipment to medically indigent individuals whose performance, in terms of quality, quantity, cost, setting, and location is appropriate to the specific needs of those individuals, and who, in the case of providers who receive payment on the basis of costs, comply with the prudent buyer concept of titles XVIII and XIX.

(b) Pays for only those services, supplies, or equipment that are needed or appropriate.

(c) Seeks to economize by minimizing cost.

(5) The director of the department of community health shall select providers to participate in arrangements such as case management, in supervision of services for recipients who misutilize or abuse the medical services program, and in special projects for the delivery of medical services to eligible recipients. Providers shall be selected based upon criteria that may include a comparison of services and related costs with those of the provider's peers and a review of previous participation warnings or sanctions undertaken against the provider or the provider's employer, employees, related business entities, or others who have a relationship to the provider, by the medicaid, medicare, or other health-related programs. The director of the

department of community health may consult with the appropriate peer review advisory committees as appointed by the department of community health.

(6) The director of the department of community health shall give notice to each provider of a change in a policy, procedure, form, or instruction established or developed under this section that affects the provider. For a change that affects 1 or more types of providers, a departmental bulletin or updating insert to a departmental manual mailed 30 days before the effective date of the change shall constitute sufficient notice. The department of community health may provide notice required under this subsection via United States mail or electronic mail.

(7) The director of the department of community health may do all of the following:

(a) Enroll in the program for medical assistance only a provider who has entered into an agreement of enrollment required by section 111b(4), and enter into an agreement only with a provider who satisfies the conditions of participation and requirements for a provider established by sections 111b and 111i and the administrative requirements established or developed under subsections (1), (2), and (3) with the appropriate consultation required by this section.

(b) Enforce the requirements established under this act by applying the procedures of sections 111c to 111f. If in these procedures the director of the department of community health is required to consult with professionals or experts before first utilizing these individuals in the program, the director of the department of community health shall have given the opportunity to review their professional credentials to the appropriate medicaid peer review advisory committee.

(c) Except as otherwise provided in section 111i, develop with the appropriate consultation required by this section and require the form or format for claims, applications, certifications, or recertifications and recertifications of medical necessity required by section 108, and develop specifications for and require supporting documentation that is compatible with the approved state medical assistance plan under title XIX.

(d) Recover payments to a provider in excess of the reimbursement to which the provider is entitled. The department of community health shall have a priority lien on any assets of a provider for any overpayment, as a consequence of fraud or abuse, that is not reimbursed to the department of community health.

(e) Notwithstanding any other provisions of this act, before payment of claims, identify for examination for compliance with the program of medical assistance, including but not limited to medical necessity, the claims submitted by a particular provider based upon a determination that the provider's claims for disputed services exceed the average program dollar amount or volume of the same type of services, submitted by the same type of provider, performed in the same setting, and submitted during the same period. In order to carry out the authority conferred by this subdivision, the director of the department of community health shall notify the provider in the form of registered mail, receipted by the addressee, or by proof of service to the provider, or representative of the provider, of the state department of community health's intent to impose specific conditions and controls before authorizing payment for specific claims for services. The notice shall contain all of the following:

(i) A list of the particular practice or practices disputed by the state department of community health and a factual description of the nature of the dispute.

(ii) A request for specific medical records and any other relevant supporting information that fully discloses the basis and extent to which the disputed practice or practices were rendered.

(iii) A date certain for an informal conference between the provider or representative of the provider and the state department of community health to resolve the differences surrounding the disputed practice or practices.

(iv) A statement that unless the provider or representative of the provider demonstrates at the informal conference that the disputed practice or practices are medically necessary, or are in compliance with other program coverages, specific conditions and controls may be imposed on future payments for the disputed practice or practices, and claims may be rejected, beginning on the sixteenth day after delivery of this notice.

(8) For any provider who is subject to a notice of intent to impose specific conditions and controls before authorizing payment for specific claims for services, as specified in subsection (7)(e), the state department of community health shall afford that provider an opportunity for an informal conference before the sixteenth day after delivery of the notice under subsection (7)(e). If the provider fails to appear at the conference, or fails to demonstrate that the disputed practice or practices are medically necessary or are in compliance with program coverages, the state department of community health beginning on the sixteenth day following receipt of notice by the provider, is authorized to impose specific conditions and controls before payment for the disputed practice or practices and may reject claims for payments for the practice or practices. The state department of community health, within 5 days following the informal conference, shall notify the provider of its decision regarding the imposition of special conditions and controls before payment for the disputed practice or practices. Upon the imposition of specific conditions and controls before payment, the provider

upon request shall be entitled to an immediate hearing held in conformity with chapter 4 and chapter 6 of the administrative procedures act of 1969, 1969 PA 306, MCL 24.271 to 24.287 and 24.301 to 24.306, if any of the following occurs:

(a) The claim for services rendered is not paid within 30 days of the provider's compliance with the conditions imposed.

(b) The claim is rejected.

(c) The provider notifies the state department of community health by registered mail that the provider does not intend to comply with the specific conditions and controls imposed, and the claim for services rendered is not paid within 30 days after delivery of this notice.

(9) The hearing provided for under subsection (8) shall be conducted in a prompt and expeditious manner. At the hearing, the provider may contest the state department of community health's decision to impose specific conditions and controls before payment. Subsequent hearings may be conducted at the provider's request only if the claims have not been considered at a prior hearing and reflect issues that also have not been considered at a prior hearing, or if a claim for services rendered is not paid within 60 days after the provider's compliance with the conditions imposed.

(10) The authority conferred in subsection (8) with respect to the claims submitted by a particular provider does not prohibit the state department of community health from examining claims or portions of claims before payment of the claims to determine their compliance with the program of medical assistance, in compliance with law. The director of the department of community health may take additional action under subsection (8) during the pendency of an appeal taken under subsection (8).

(11) If in the department of community health's opinion, the provider shifts his or her claims from the disputed services addressed under subsection (7)(e) to other claims that fall under the purview of subsection (7)(e), the director of the department of community health may impose the claims review process of this section immediately upon delivery of the notice of that imposition to the provider as provided in subsection (7)(e).

(12) If in the department of community health's opinion, claims similar to the disputed services addressed under subsection (7)(e) are shifted to another provider in the same corporation, partnership, clinic, provider group, or to another provider in the employ of the same employer or contractor, the director of the department of community health may impose the claims review process of this section immediately upon delivery of notice of that imposition to the new provider as provided in subsection (7)(e). The department of community health shall afford the new provider an opportunity for an immediate informal conference within 7 days under subsection (8) after the initiation of the claims process.

(13) The director of the department of community health may request a provider to open books and records in accordance with section 111b(7) and may photocopy, at the state department of community health's expense, the records of a medically indigent individual. The records shall be confidential, and the state department shall use the records only for purposes directly and specifically related to the administration of the program. The immunity from liability of a provider subject to the director of the department of community health's authority under this subsection is governed by section 111b(7).

(14) The director of the department of community health shall not pay for services, supplies, or equipment furnished by a provider, or shall recover for payment made, during a period in which the provider does not have on file with the state department of community health disclosure forms as required by section 111b(19).

(15) The director of the department of community health shall make payments to, and collect overpayments from, the provider, unless the provider and the provider's employer satisfy the conditions prescribed in section 111b(25), (26), and (27), in which case the director of the department of community health may make payments directly to, and collect overpayments from, the provider's employer.

(16) The director of the department of community health, with the appropriate consultation required by this section, may develop specifications for and require estimated cost and charge information to be submitted by a provider under section 111b(13) and the form or format for submission of the information.

(17) If the director of the department of community health decides that a payment under the program has been made to which a provider is not or may not be entitled, or that the amount of a payment is or may be greater or less than the amount to which the provider is entitled, the director of the department of community health, except as otherwise provided in this subsection or under other applicable law or regulation, shall promptly notify the provider of this decision. The director of the department of community health shall withhold notification to the provider of the decision upon advice from the department of attorney general or other state or federal enforcement agency in a case where action by the department of attorney general or other state or federal enforcement agency may be compromised by the notification. If the director of the department of community health notifies a provider of a decision that the provider has received an underpayment, the state department of community health shall reimburse the provider, either directly or

through an adjustment of payments, in the amount found to be due.

400.111b Requirements as condition of participation by provider.

Sec. 111b. (1) As a condition of participation, a provider shall meet all of the requirements specified in this section except as provided in subsections (25), (26), and (27).

(2) A provider shall comply with all licensing and registration laws of this state applicable to the provider's practice or business. For a facility that is periodically inspected by a licensing authority, maintenance of licensure constitutes compliance.

(3) A provider shall be certified, if the provider is of the type for which certification is required by title XVIII or XIX.

(4) A provider shall enter into an agreement of enrollment specified by the director.

(5) A provider who renders a reimbursable service described in section 109 to a medically indigent individual shall provide the individual with service of the same scope and quality as would be provided to the general public.

(6) A provider shall maintain records necessary to document fully the extent and cost of services, supplies, or equipment provided to a medically indigent individual and to substantiate each claim and, in accordance with professionally accepted standards, the medical necessity, appropriateness, and quality of service rendered for which a claim is made.

(7) Upon request and at a reasonable time and place, a provider shall make available any record required to be maintained by subsection (6) for examination and photocopying by authorized agents of the director, the department of attorney general, or federal authorities whose duties and functions are related to state programs of medical assistance under title XIX. If a provider releases records in response to a request by the director made under section 111a(13) or in compliance with this subsection, that provider is not civilly liable in damages to a patient or to another provider to whom, respectively, the records relate solely, on account of the response or compliance.

(8) A provider shall retain each record required to be maintained by subsection (6) for a period of 7 years after the date of service. A provider who no longer personally retains the records due to death, retirement, change in ownership, or other reason, shall ensure that a suitable person retains the records and provides access to the records as required in subsection (7).

(9) A provider shall require, as a condition of a contract with a person, sole proprietorship, clinic, group, partnership, corporation, association, or other entity, for the purpose of generating billings in the name of the provider or on behalf of the provider to the department, that the person, partnership, corporation, or other entity, its representative, successor, or assignee, retain for not less than 7 years, copies of all documents used in the generation of billings, including the certifications required by subsection (17), and, if applicable, computer billing tapes if returned by the department.

(10) A provider shall submit all claims for services rendered under the program on a form or in a format and with the supporting documentation specified and required by the director under section 111a(7)(c) and by the commissioner of insurance under section 111i. Submission of a claim or claims for services rendered under the program does not establish in the provider a right to receive payment from the program.

(11) A provider shall submit initial claims for services rendered within 12 months after the date of service, or within a shorter period that the director may establish or that the commissioner of insurance may establish under section 111i. The director shall not delegate the authority to establish a time period for submission of claims under this subsection. Except as otherwise provided in section 111i, the director, with the consultation required by section 111a, may prescribe the conditions under which a provider may qualify for a waiver of the time period established under this subsection with respect to a particular submission of a claim. Neither this state nor the medically indigent individual is liable for payment of claims submitted after the period established under this subsection.

(12) A provider shall not charge the state more for a service rendered to a medically indigent individual than the provider's customary charge to the general public or another third party payer for the same or similar service.

(13) A provider shall submit information on estimated costs and charges on a form or in a format and at times that the director may specify and require according to section 111a(16).

(14) Except for copayment authorized by the department and in conformance with applicable state and federal law, a provider shall accept payment from the state as payment in full by the medically indigent individual for services received. A provider shall not seek payment from the medically indigent individual,

the family, or representative of the individual for either of the following:

(a) Authorized services provided and reimbursed under the program.

(b) Services determined to be medically unnecessary in accordance with professionally accepted standards.

(15) A provider may seek payment from a medically indigent individual for services not covered nor reimbursed by the program if the individual elected to receive the services with the knowledge that the services would not be covered nor reimbursed under the program.

(16) A provider promptly shall notify the director of a payment received by the provider to which the provider is not entitled or that exceeds the amount to which the provider is entitled. If the provider makes or should have made notification under this subsection or receives notification of overpayment under section 111a(17), the provider shall repay, return, restore, or reimburse, either directly or through adjustment of payments, the overpayment in the manner required by the director. Failure to repay, return, restore, or reimburse the overpayment or a consistent pattern of failure to notify the director shall constitute a conversion of the money by the provider.

(17) As a condition of payment for services rendered to a medically indigent individual, a provider shall certify that a claim for payment is true, accurate, prepared with the knowledge and consent of the provider, and does not contain untrue, misleading, or deceptive information. A provider is responsible for the ongoing supervision of an agent, officer, or employee who prepares or submits the provider's claims. A provider's certification required under this subsection shall be prima facie evidence that the provider knows that the claim or claims are true, accurate, prepared with his or her knowledge and consent, do not contain misleading or deceptive information, and are filed in compliance with the policies, procedures, and instructions, and on the forms established or developed under this act. Certification shall be made in the following manner:

(a) For an invoice or other prescribed form submitted directly to the department by the provider in claim for payment for the provision of services, by an indelible mark made by hand, mechanical or electronic device, stamp, or other means by the provider, or an agent, officer, or employee of the provider.

(b) For an invoice or other form submitted in claim for payment for the provision of services submitted indirectly by the provider to the department through a person, sole proprietorship, clinic, group, partnership, corporation, association, or other entity that generates and files claims on a provider's behalf, by the indelible written name of the provider on a certification form developed by the director for submission to the department with each group of invoices or forms in claim for payment. The certification form shall indicate the name of the person, if other than the provider, who signed the provider's name.

(c) For a warrant issued in payment of a claim submitted by a provider, by the handwritten indelible signature of the payee, if the payee is a natural person; by the handwritten indelible signature of an officer, if the payee is a corporation; or by handwritten indelible signature of a partner, if the payee is a partnership.

(18) A provider shall comply with all requirements established under section 111a(1), (2), and (3).

(19) A provider shall file with the department, on disclosure forms provided by the director, a complete and truthful statement of all of the following:

(a) The identity of each individual having, directly or indirectly, an ownership or beneficial interest in a partnership, corporation, organization, or other legal entity, except a company registered according to the securities exchange act of 1934, 15 USC 78a to 78nn, through which the provider engages in practice or does business related to claims or charges against the program. This subdivision does not apply to a health facility or agency that is required to comply with and has complied with the disclosure requirements of section 20142(3) of the public health code, 1978 PA 368, MCL 333.20142. With respect to a company registered under the securities exchange act of 1934, 15 USC 78a to 78nn, a provider shall disclose the identity of each individual having, directly or indirectly, separately or in combination, a 5% or greater ownership or beneficial interest.

(b) The identity of each partnership, corporation, organization, legal entity, or other affiliate whose practice or business is related to a claim or charge against the program in which the provider has, directly or indirectly, an ownership or beneficial interest, trust agreement, or a general or perfected security interest. This subdivision does not apply to a health facility or agency that is required to comply with and has complied with the disclosure requirements of section 20142(4) of the public health code, 1978 PA 368, MCL 333.20142.

(c) If applicable to the provider, a copy of a disclosure form identifying ownership and controlling interests submitted to the United States department of health and human services in fulfillment of a condition of participation in programs established according to title V, XVIII, XIX, and XX. To the extent that information disclosed on this form duplicates information required to be filed under subdivision (a) or (b), filing a copy of the form shall satisfy the requirements under those subdivisions.

(20) If requested by the director, a provider shall supply complete and truthful information as to his or her professional qualifications and training, and his or her licensure in each jurisdiction in which the provider is licensed or authorized to practice.

(21) In the interest of review and control of utilization of services, a provider shall identify each attending, referring, or prescribing physician, dentist, or other practitioner by means of a program identification number on each claim or adjustment of a claim submitted to the department.

(22) It is the obligation of a provider to assure that services, supplies, or equipment provided to, ordered, or prescribed on behalf of a medically indigent individual by that provider will meet professionally accepted standards for the medical necessity, appropriateness, and quality of health care.

(23) If any service, supply, or equipment provided directly by a provider, or any service, supply, or equipment prescribed or ordered by a provider and delivered by someone other than that provider, is determined not to be medically necessary, not appropriate, or not otherwise in accordance with medical assistance program coverages, the provider who directly provided, ordered, or prescribed the service, supply, or equipment is responsible for direct and complete repayment of any program payment made to the provider or to any other person for that service, supply, or equipment. Services, supplies, or equipment provided by a consulting provider based upon his or her independent evaluation or assessment of the recipient's needs is the responsibility of the consulting provider. This subsection does not apply to repayment by a provider who has ordered a nursing home or hospital admission of the service billed by and reimbursed to a nursing home or hospital. This section also does not apply to a nursing home or hospital unless the nursing home or hospital acted on its own initiative in providing the service, supply, or equipment as opposed to following the order or prescription of another.

(24) A provider shall satisfy or make acceptable arrangement to satisfy all previous adjudicated program liabilities including those adjudicated according to section 111c or established by agreement between the department and the provider, and restitution ordered by a court. As used in this subsection, provider includes, but is not limited to, the provider, the provider's corporation, partnership, business associates, employees, clinic, laboratory, provider group, or successors and assignees. For a nursing home or hospital, "business associates", as used in this subsection, means those persons whose identity is required to be disclosed under section 20142(3) of the public health code, 1978 PA 368, MCL 333.20142.

(25) A provider who is a physician, dentist, or other individual practitioner shall file with the department a complete and factual disclosure of the identity of each employer or contractor to whom the provider is required to submit, in whole or in part, payment for services provided to a medically indigent individual as a condition of the provider's agreement of employment or other agreement. A provider who has properly disclosed the required information by filing a form or forms has 30 business days in which to report changes in the list of identified individuals and entities. The disclosure required by this subsection may serve as the provider's authorization for the department to make direct payments to the employer.

(26) As a condition of receiving payment for services rendered to a medically indigent individual, a provider may enter, as an employee, into agreements of employment of the type described in subsection (25) only with an employer who has entered into an agreement as described in subsection (27).

(27) An employer described in subsection (25) shall enter into an agreement on a form prescribed by the department, in which, as a condition of directly receiving payment for services provided by its employee provider to a medically indigent individual, the employer agrees to all of the following:

(a) To require as a condition of employment that the employee provider submit, in whole or in part, payments received for services provided to medically indigent individuals.

(b) To advise the department within 30 days after any changes in the employment relationship.

(c) To comply with the conditions of participation established by this subsection and subsections (6) to (19) and (21).

(d) To agree to be jointly and severally responsible with the employee provider for any overpayments resulting from the department's direct payment under this section.

(e) To agree that disputed claims relative to overpayments shall be adjudicated in administrative proceedings convened under section 111c.

(28) If a provider who is a nursing home intends to withdraw from participation in the title XIX program, the provider shall notify the department in writing. The provider shall continue to participate in the title XIX program for each patient who was admitted to the nursing home before the date notice is given under this subsection and who is or may become eligible to receive medical assistance under this act.

(29) A provider shall protect, maintain, retain, and dispose of patient medical records and other individually identifying information in accordance with subsection (6), any other applicable state or federal law, and the most recent provider agreement.

(30) At a minimum, if a provider is authorized to dispose of patient records or other patient identifying information, including records required by subsection (6), the provider shall ensure that medical records that identify a patient and other individually identifying information are sufficiently deleted, shredded, incinerated, or disposed of in a fashion that will protect the confidentiality of the patient's health care information and

personal information. The department may take action to enforce this subsection. If the department cannot enforce compliance with this subsection, the department may enter into a contract or make other arrangements to ensure that patient records and other individually identifying information are disposed of in a fashion that will protect the confidentiality of the patient's health care information and personal information and assess costs associated with that disposal against the provider. The provider's responsibilities with regard to maintenance, retention, and disposal of patient medical records and other individually identifying information continue after the provider ceases to participate in the medical assistance program for the time period specified under this section.

400.111c Duties of director in carrying out authority conferred by MCL 400.111a(7)(d).

Sec. 111c. (1) To carry out the authority conferred by section 111a(7)(d), the director shall do 1 or more of the following:

(a) Accept an assurance of repayment of amounts alleged to be due to the state department. The assurance shall not constitute an admission of guilt nor be introduced in any other civil or criminal proceeding. The assurance may include a stipulation for either of the following:

(i) The voluntary payment to the state department by the provider of the amount alleged to be due to the state department.

(ii) The voluntary payment, to an aggrieved medically indigent individual specified by the director, by the provider of the amount alleged to be due to the medically indigent individual.

(b) Hold or institute a hearing in conformity with chapter 4 and chapter 6 of the administrative procedures act of 1969, Act No. 306 of the Public Acts of 1969, as amended, being sections 24.271 to 24.287 and 24.301 to 24.306 of the Michigan Compiled Laws. The presiding officer at a hearing shall determine if an amount is due the state and shall include the determination in his or her proposal for decision. Except as provided in section 111f(4), the director shall not delegate the authority to make a final decision in a contested case under this subdivision. A hearing shall be concluded not later than 90 days after being commenced, unless otherwise agreed upon by the department and the provider or providers. The proposal for decision shall be rendered not later than 45 days after the hearing is concluded. Exceptions may be filed not later than 10 days after the date of mailing the proposal for decision. The director shall render a final decision not later than 15 days after the date of closure for the filing of exceptions. The final decision in a contested case under this subdivision may contain an order directing payment of an amount found to be due the state. The final decision may order immediate payment of the entire amount or may allow the provider a period of time which is reasonable under the circumstances to pay the state. The order shall specify the period of time allowed and a rate of interest, equal to the current rate being earned by the state treasurer's common cash fund, to be paid by the provider during that time regardless of the method of payment. The interest shall be computed from the date of the overpayment notice, but shall not be applied to medicaid interim payment overpayments. Upon the provider's failure to comply with the order in a timely manner, the director shall request the department of attorney general to petition a court of competent jurisdiction to enforce the order. Failure to appeal the final order within 30 days after receipt of a copy of the order shall foreclose the provider from collateral attack against the order or any underlying determination.

(c) Hold an informal meeting, as provided in this section, with the provider or authorized representative of the provider, after giving written notice to the provider. The purpose of an informal meeting is to offer the provider the opportunity to be heard and to negotiate a withholding of an amount, pending an administrative hearing and final decision on the merits pursuant to chapters 4 and 6 of the administrative procedures act of 1969, Act No. 306 of the Public Acts of 1969, being sections 24.271 to 24.287 and 24.301 to 24.306 of the Michigan Compiled Laws. The amount withheld shall not be more than the ratio of overpayment to the total paid volume from present and future medical assistance payments based on billings submitted by the provider, and shall be deposited into an interest-bearing escrow account. If the provider and the state department are unable to reach a negotiated withheld amount by the commencement of the hearing on the merits pursuant to subsection (1)(a)(i), the state department shall withhold an amount equal to not more than 25% of the present and future payments. This subdivision shall not be applied with respect to a nursing home or a hospital. The agreement shall not constitute an admission of guilt nor be introduced in any other civil or criminal proceeding. If both parties agree as to a disposition of the state department's claim, the state department shall cancel the scheduled administrative hearing. The following procedure shall be complied with regardless of any agreement on the amount to be withheld pending the outcome of the hearing:

(i) The dates of an informal meeting and of the administrative hearing shall be set forth in the notification to the provider that alleges excess payments have been received. That notification shall be in the form of registered mail, receipted by the addressee, or by proof of service to the provider or representative of the provider.

(ii) An informal meeting shall be concluded not later than 35 calendar days after the date of notification to the provider, and the administrative hearing shall be scheduled for the forty-fifth calendar day from the date of notification. The director shall have the administrative hearing convened on the forty-fifth day regardless of the cause on the part of either party for delay in concluding the informal meeting within 36 calendar days.

(iii) If the withholding of an amount has not been agreed upon by the time of the start of an administrative hearing on the merits, the state department may seek a withholding from present and future payment from billings submitted by the provider of not more than 25% of such payments. The withholding shall be in effect for the pendency of the hearing on the merits and until a decision on the merits. The provider shall have the opportunity to respond to the state department's withholding request. The state department's showing and the decision of the administrative law judge shall be based on all of the following criteria, with each reason stated individually in the opinion:

(A) A showing based upon specific stated facts that probable cause exists that reimbursement in excess of the reimbursement to which provider is entitled has occurred.

(B) A showing that the reimbursement cited in subparagraph (iii)(A) amounts to a specific percentage of payments made, as characterized by a statistically valid audit.

(C) A showing that 1 or more services of the same type included in the case, for which the state department is seeking a withholding of funds, has occurred at least once during the most recent 2 calendar quarters prior to the date of notice to the provider.

(iv) Any finding of an administrative law judge providing for withholding shall be in effect unless modified by the administrative law judge until the director's final decision on the case. If the administrative law judge rules that an amount shall be withheld from the provider, those funds shall be placed in an interest bearing escrow account. If the final ruling by the administrative law judge determines an amount is due to the state department, and that amount is less than the amount withheld, the provider shall be awarded the difference and proportionate interest of the funds held in escrow.

(v) The hearing shall be on the merits of the claim of the state department or provider, or both, and shall be concluded not later than 90 days after being commenced unless otherwise agreed upon by the department and the provider or providers. The administrative law judge shall render a proposal for decision on the merits of the department's claim not later than 90 days after conclusion of the hearing, and shall advise both parties that exceptions may be filed with the administrative law judge not later than 15 days after the date of mailing the proposal for decision.

(vi) The director shall make a final decision not later than 15 days after the date of closure for the filing of exceptions, and shall not delegate authority to make a final decision in a contested case under this section. The final decision in a contested case under this section shall contain an order directing payment of an amount found to be due to the state or the provider. The final decision may order immediate payment of the entire amount or may allow the provider a period of time which is reasonable under the circumstances to pay the state. The order shall specify the manner of payment, including the period of time allowed and a rate of interest equal to the current rate being earned by the state treasurer's common cash fund to be paid by the provider on all repayments other than the interest bearing withheld amount, to be computed from the date of the notification issued pursuant to this section. Upon the provider's failure to timely comply with the order, the director shall request the attorney general to petition a court of competent jurisdiction to enforce the order. Failure to appeal the final order within 30 days after receipt of a copy of the order shall foreclose the provider from collateral attack against the order or any underlying determination.

(vii) If the foregoing means are not adequate to secure recovery of payments, the director shall do 1 or more of the following:

(A) File as a creditor in insolvency proceedings.

(B) Initiate emergency action pursuant to section 111f.

(C) Bring an action for other legal or equitable relief in a court of competent jurisdiction, including, but not limited to, an order to increase, for cause, the 25% withholding limit, an injunction to prevent the removal of attachable assets, an order to sequester assets, or an order for the appointment of a receiver to take possession of attachable assets.

(2) For purposes of this section, "provider" includes an employer who has executed an agreement conforming to section 111(b)(27).

Sec. 111d. (1) Participation as a provider in the program is subject to denial, suspension, termination, or probation on the grounds specified by section 111e. The director may take 1 or more of the following actions:

- (a) Refuse to enroll an applicant.
- (b) Suspend a provider indefinitely or for a term certain.
- (c) Terminate the agreement with and the participation of a provider.
- (d) Place a provider on probation. At the director's discretion, the probation may have conditions reasonably related to the grounds for probation.
- (e) Impose specific limits, conditions, or controls on a provider's provision of services to medically indigent individuals, including specific reviews, documentation, or prior approval of a treatment plan which shall be accomplished before the designated services are rendered.
- (f) Selectively suspend a provider's participation at 1 or more practice locations where that provider has no direct, indirect, or close family ownership interest in the practice.

(2) Suspension or termination of a provider shall preclude that provider from submitting a claim, either personally or by a sole proprietorship, clinic, group, partnership, corporation, association, or other entity to the program for any services, supplies, or equipment provided under the program, except for services, supplies, or equipment actually provided and received by a medically indigent individual before the effective date of the suspension or termination.

(3) In reaching a decision whether to exercise authority conferred by this section whenever questions of medical necessity or appropriateness of treatment are involved, the director shall consult, in order to formulate an appropriate action or to evaluate the professional performance of a provider, with peer review advisory committees, professionals, or experts who are individuals of the same licensed profession as the provider subject to the action, as selected by the director.

(4) The affected provider shall be entitled to a hearing held in conformity with chapter 4 and chapter 6 of the administrative procedures act of 1969, Act No. 306 of the Public Acts of 1969, as amended, being sections 24.271 to 24.287 and 24.301 to 24.306 of the Michigan Compiled Laws, on an action proposed to be taken pursuant to this section.

400.111e Grounds for action by director.

Sec. 111e. (1) The grounds for action by the director under section 111d(1) and the actions to which they may be applied shall be as follows:

- (a) The director may take action under section 111d(1)(a), (b), (c), (d), or (f) for a provider's failure to disclose the information required by section 111b(7), (19), or (25).
- (b) The director may take action under section 111d(1)(a) for a provider's failure to properly apply for enrollment and to submit documentation specified by the director under section 111a(7)(c).
- (c) The director may take action under section 111d(1)(b), (c), or (f) for a provider's failure to furnish proper certification to the director pursuant to section 111b(17), or for a provider's failure to comply with section 111b(26), or for a provider's failure to comply with, or attempt to circumvent, section 111a(7)(e).
- (d) The director may take action under section 111d(1)(a), (b), (c), (d), (e), or (f) for a provider's failure to conform to professionally accepted standards of medical practice.
- (e) The director may take action under section 111d(1)(a), (b), (c), (d), or (f) for an employer's failure to comply with section 111b(27).
- (f) The director may take action under section 111d(1)(a), (b), (c), or (f) for a provider's failure to comply with section 111b(1), (2), (3), or (4).

(2) The director shall take action under section 111d(1)(a) or (c) if any of the following occurs:

(a) The provider is convicted of violating the medicaid false claims act, Act No. 72 of the Public Acts of 1977, being sections 400.601 to 400.613 of the Michigan Compiled Laws, the health care false claims act, Act No. 323 of the Public Acts of 1984, being sections 752.1001 to 752.1011 of the Michigan Compiled Laws, or a substantially similar statute of another state or the federal government.

(b) The provider is convicted of, or pleads guilty to, a criminal offense or attempted criminal offense relating to the provider's practice of health care in any jurisdiction.

(c) The provider continues, or reinitiates, a pattern of practice for which the provider was sanctioned

previously under this act. For purposes of this subdivision, “sanction” means those actions prescribed in sections 111a(7)(d) and 111d(1)(a) to (f).

(d) The provider dispenses, renders, or provides services, supplies, or equipment without a practitioner's prescription or order.

(e) The provider attempts to circumvent or fails to comply with section 111b(7).

(f) The provider is suspended or terminated as a provider from participation in the medicaid or medicare program, or other governmentally supported program in any jurisdiction.

(3) The director shall take action under section 111d(1)(a), (b), (c),(d), or (f) if any of the following occurs:

(a) The provider continues to submit duplicate claims for services, supplies, or equipment for which the provider has already received reimbursement from any source after receiving notice from the department to stop submitting duplicate claims; or the provider receives reimbursement from any other source after receiving medicaid payment and does not refund the appropriate portion of the medicaid payment to the department.

(b) The provider submits a claim for services, supplies, or equipment that was not provided to a recipient.

(c) The provider submits a claim for services, supplies, or equipment that includes costs or charges not related to those services, supplies, or equipment actually provided to the recipient.

(d) The provider continues to submit claims for services, supplies, or equipment, or continues to refer recipients to another provider by referral, order, or prescription for services, supplies, or equipment, which are not documented in the record in the prescribed manner, are medically inappropriate or medically unnecessary, or are below the acceptable medical treatment standards, after receiving notice from the department to cease that practice. This subdivision does not apply to a nursing home or hospital unless the nursing home or hospital acted on its own initiative in providing the service, supply, or equipment as opposed to following the order or prescription of another.

(e) The provider continues to submit claims that misrepresent the description of services, supplies, or equipment dispensed or provided; the dates of services; the identity of the recipient; the identity of the attending, prescribing, or referring practitioner; or the identity of the actual provider, after receiving notice from the state department to cease the practice. As used in this subdivision, “misrepresentation” does not include the submission of a claim in compliance with specific written policies and procedures issued by the state department and approved by the director or the director's designee.

(f) The provider submits a claim for which the documentation in a patient's medical record or chart contains misleading or inaccurate information regarding the diagnosis, treatment, or cause of a patient's condition; or the documentation in a patient's medical record or chart has been altered or destroyed so that an ongoing audit or overpayment action cannot adequately be pursued by the department.

(g) The provider fails to complete the required fields on the claim form or fails to provide required information related to the claim after receiving notice from the department to complete the required fields or to provide the required information.

(h) The provider submits a claim for reimbursement for services, or equipment for a fee or charge that is higher than the provider's usual, customary charge to the general public for the same services, supplies, or equipment.

(i) The provider submits a claim for services, supplies, or equipment that was not rendered by the provider.

(j) The provider is serving a sentence in a correctional facility.

(4) A provider subject to an action or proposed action by the director under this section shall be entitled to a hearing held in conformity with chapter 4 and chapter 6 of the administrative procedures act of 1969, Act No. 306 of the Public Acts of 1969, being sections 24.271 to 24.287 and 24.301 to 24.306 of the Michigan Compiled Laws.

(5) In addition to or in place of the grounds specified in subsection (1), (2), or (3), the director may base an action provided for in section 111d(1)(a), (b), (c), (d), (e), or (f) on his or her judgment that the action is necessary to protect the health of medically indigent individuals, the welfare of the public, and the funds appropriated for the program.

(6) Any individual against whom an enrollment sanction has been levied under this section shall not participate directly or indirectly in the medicaid program during the pendency of the enrollment sanction.

(7) The director may reinstate the participation in the medical services program of an individual against whom an enrollment sanction has been levied under this section if the director makes a determination that the reinstatement is in the best interests of the medical services program and the medical care of recipients.

400.111f Emergency action; order; circumstances; extension of emergency action; “most

recent 12-month period” defined; consultation with peer review advisory committees, professionals, or experts; order for summary suspension of payments; hearings; decision; meeting not required.

Sec. 111f. (1) The director may issue an order incorporating a finding that emergency action is required to protect the state's interest, as the state's interest is described in this subsection by the statement of circumstances warranting emergency action, in any of the following: the public health, welfare, or safety; medically indigent individuals; or public funds of the program of medical assistance. Circumstances that warrant emergency action include, but are not limited to, any of the following:

(a) A reasonable belief, determined in accordance with professionally accepted standards, that rendered services for which a provider has submitted claims were medically unnecessary, inappropriate, or of inferior quality, and therefore that the continued participation in the program by the provider or payments to the provider for services constitutes a threat to the public health, safety, or welfare or to the health, safety, or welfare of recipient medically indigent individuals.

(b) A reasonable belief that the provider has violated the medicaid false claims act, Act No. 72 of the Public Acts of 1977, being sections 400.601 to 400.613 of the Michigan Compiled Laws, the health care false claims act, Act No. 323 of the Public Acts of 1984, being sections 752.1001 to 752.1011 of the Michigan Compiled Laws, or a substantially similar statute of another state or the federal government.

(c) A reasonable belief that the overpayment sought to be recovered pursuant to this section, or pursuant to any other section of this act, is in jeopardy of not being recovered.

(d) A reasonable belief that 10% or \$10,000.00, whichever is less, for a noninstitutional provider, or 10% or \$50,000.00, whichever is less, for an institutional provider, of the provider's total program dollar amount for claims submitted at any time during the most recent 12-month period was unsubstantiated or was for services that were noncovered.

(e) A reasonable belief that 10% or \$10,000.00, whichever is less, for a noninstitutional provider, or 10% or \$50,000.00, whichever is less, for an institutional provider, of the provider's total program dollar amount for claims submitted at any time during the most recent 12-month period were medically unnecessary, inappropriate, or of inferior quality.

(f) A reasonable belief that 15% or \$15,000.00, whichever is less, for a noninstitutional provider, or 15% or \$75,000.00, whichever is less, for an institutional provider, of the provider's total program dollar amount for claims submitted at any time during a consecutive 12-month period, and that 5% or \$5,000.00, whichever is less, for a noninstitutional provider, or 5% or \$25,000.00, whichever is less, for an institutional provider, of the provider's total program dollar amount for claims submitted during the most recent 12-month period, was for services that were noncovered.

(g) A reasonable belief that 15% or \$15,000.00, whichever is less, for a noninstitutional provider, or 15% or \$75,000.00, whichever is less, for an institutional provider, of the provider's claims submitted at any time during a consecutive 12-month period, and that 5% or \$5,000.00, whichever is less, for a noninstitutional provider, or 5% or \$25,000.00, whichever is less, for an institutional provider, of the provider's total program dollar amount for claims submitted during the most recent 12-month period, was for services that were medically unnecessary, inappropriate, or of inferior quality.

(h) A reasonable belief that the provider is refusing to comply with section 111b(7), (19), or (25).

(2) If the director finds that emergency action is required under subsection (1) in a clinic, corporation, partnership, or other entity with multiple providers or locations, the director may extend any emergency action to the entire legal entity and its providers.

(3) As used in subsection (1), “most recent 12-month period” means a period of not more than 12 consecutive months within the 15 consecutive months immediately preceding the notice to the provider that an emergency action has been taken.

(4) In order to determine whether the conditions described in subsection (1)(a), (d), (e), (f), or (g) exist, the director shall consult with peer review advisory committees, professionals, or experts who are individuals of the same licensed profession as the provider subject to the action, as selected by the director.

(5) Upon a determination that circumstances described in subsection (1) exist, the director may issue an order for the summary suspension of payments on pending or subsequent claims, in whole or in part, or for the summary suspension of a provider from participation in the program of medical assistance. The summary suspension shall be effective on the date specified in the order or on service of a certified copy of the order on the provider, whichever occurs later, and shall remain in effect during administrative or judicial proceedings on the suspension. Upon request of a provider, a contested case hearing pursuant to chapter 4 and chapter 6 of the administrative procedures act of 1969, Act No. 306 of the Public Acts of 1969, being sections 24.271 to 24.287 and 24.301 to 24.306 of the Michigan Compiled Laws, shall be commenced not later than 15 days

after the summary suspension. If a contested case hearing is requested by a provider relative to an emergency suspension under this section, a hearing shall be held to determine whether the emergency suspension is supported by competent, material, and substantial evidence on the whole record. Under appropriate circumstances, the state department may hold or institute a hearing under section 111c(1), or take an action under section 111d at the same time an action is taken under this section, while an action under this section is pending, or after a decision on an action is made. The presiding officer may consolidate the 2 hearings into a single proceeding in the interest of economy. However, the director shall not make a final decision in a contested case under section 111c(1) or 111d arising from or related to an emergency action or the circumstances upon which an emergency action was taken.

(6) A hearing, conference, or similar meeting between a provider or representative of a provider and the state department shall not be required to be held or conducted before the emergency suspension of payment to the provider or the emergency suspension of participation of the provider in the program of medical assistance under this section.

400.111i Timely claims processing and payment procedure; external review; report; definitions.

Sec. 111i. (1) The commissioner of office of financial and insurance services shall establish a timely claims processing and payment procedure to be used by health professionals and facilities in billing for, and qualified health plans in processing and paying claims for, medicaid services rendered. The commissioner shall consult with the department of community health, health professionals and facilities, and qualified health plans in establishing this timely payment procedure.

(2) The timely claims processing and payment procedure established by the commissioner under subsection (1) shall provide for all of the following:

(a) That a “clean claim”, for the purposes of this section, means a claim that does at a minimum all of the following:

(i) Identifies the health professional or health facility that provided treatment or service, including a matching identifying number.

(ii) Identifies the patient and plan.

(iii) Lists the date and place of service.

(iv) Is for covered services.

(v) Is certified pursuant to section 111b(17) and has the identifying information required under section 111b(21).

(vi) If necessary, substantiates the medical necessity and appropriateness of the care or service provided.

(vii) If prior authorization is required for certain patient care or services, includes any applicable authorization number, as appropriate.

(viii) Includes additional documentation based upon services rendered as reasonably required by the payer.

(b) A universal system of coding to be used on all medicaid claims submitted to qualified health plans.

(c) That a claim must be transmitted electronically or as otherwise specified by the commissioner and a qualified health plan must be able to receive a claim transmitted electronically.

(d) That a health professional and facility must bill a qualified health plan within 1 year after the date of service or date of discharge from the health facility.

(e) That after a health professional or facility has submitted a claim to a qualified health plan, the health professional or facility shall not resubmit the same claim to the qualified health plan unless the time frame in subdivision (f) has passed or as provided in subdivision (h).

(f) Except as otherwise provided in this subdivision, that a clean claim must be paid within 45 days after receipt of the claim by the qualified health plan. For a pharmaceutical clean claim, the clean claim must be paid within the industry standard time frame for paying the claim as of the effective date of this subdivision or within 45 days after receipt of the claim by the qualified health plan, whichever is sooner. A clean claim that is not paid within this time frame shall bear simple interest at a rate of 12% per annum.

(g) That a qualified health plan must state in writing to the health professional or facility any defect in the claim within 30 days after receipt of the claim.

(h) That a health professional and a health facility have 30 days after receipt of a notice that a claim or a portion of a claim is defective within which to correct the defect. The qualified health plan shall pay the claim within 30 days after the defect is corrected.

(i) That a qualified health plan must notify the health professional or facility and the commissioner of the defect if a claim or a portion of a claim is returned from a health professional or facility under subdivision (h) and remains defective for the original reason or a new reason.

(j) An external review procedure for adverse determinations of payment as provided in subsections (4) and (5). The costs for the external review procedure shall be assessed as determined by the commissioner.

(k) Penalties to be applied to health professionals, health facilities, and qualified health plans for failing to adhere to the timely claims processing and payment procedure established under this section.

(l) A system for notifying the licensing entity for health maintenance organizations, qualified health plans, and other health care insurers if a penalty is incurred under subdivision (k).

(3) If a qualified health plan determines that 1 or more covered services listed on a claim are payable, the qualified health plan shall pay for those services and shall not deny the entire claim because 1 or more other covered services listed on the claim are defective or because 1 or more other services listed on the claim are not covered services.

(4) The commissioner shall establish an external review procedure as provided in this subsection and subsection (5). A health professional or facility may request an external review by the commissioner of a qualified health plan's adverse determination if the health professional or facility makes the request not later than 30 days after receipt of a notice under subsection (2)(i). Within 10 days after a request for an external review, the commissioner shall complete a preliminary review to determine whether the external review may proceed or request more information from the health professional, facility, or the qualified health plan. The health professional, facility, or the qualified health plan shall supply the commissioner with the requested information not later than 10 business days after receipt of the request for information from the commissioner. Not later than 5 business days after receipt of any information requested by the commissioner, the commissioner shall complete a preliminary review to determine whether the external review may proceed. 400.115g Support subsidy; payment; requirements; determination of amount; maximum amount; form to be signed by adoptive parent; presentment of first offer by adoptive parent; acceptance or counteroffer by department; completion of certification process.

Sec. 115g. (1) The department may pay a support subsidy to an adoptive parent of an adoptee who is placed in the home of the adoptive parent under the adoption code or under the adoption laws of another state or a tribal government, if all of the following requirements are met:

(a) The department has certified that the adoptee is a child with special needs.

(b) Certification is made before the adoptee's eighteenth birthday.

(c) Certification is made and the adoption assistance agreement is signed by the adoptive parent and the department before the adoption is finalized.

(2) The department shall determine eligibility for the support subsidy without regard to the income of the adoptive parent. The maximum amount shall be equal to the rate that the child received in the family foster care placement or the rate the child would have received if he or she had been in a family foster care placement at the time of adoption. This rate includes the determination of care rate that was paid or would have been paid for the adoptee in a family foster care placement, except that the amount shall be increased to reflect increases made in the standard age appropriate foster care rate paid by the department. The department shall not implement policy to limit the maximum amount at an amount less than the family foster care rate,

including the determination of care rate, that was paid for the adoptee while the adoptee was in family foster care.

(3) The department shall, on a separate form, require an adoptive parent to sign that he or she either requests or does not request a support subsidy.

(4) The adoptive parent shall present to the department the first offer of the amount requested for the support subsidy. The department may accept the adoptive parent's offer or present a counteroffer to the adoptive parent for the support subsidy. The department shall consider the prospective adoptive parent's requested rate if that requested rate is consistent with the needs of the child being adopted and the prospective adoptive family's circumstances, unless the requested rate exceeds the maximum foster care rate the child is receiving or would receive if placed in a licensed family foster home.

(5) The department shall complete the certification process within 30 days after it receives a request for a support subsidy.

Sec. 115h. (1) Except as provided in subsection (2), the department may pay a medical subsidy as reimbursement for services either to a service provider or to the adoptive parent of an adoptee who is placed for adoption in the home of the adoptive parent under the adoption code or the laws of any other state or a tribal government, if all of the following requirements are met:

(b) The adoptee was in foster care at the time the petition for adoption was filed.

(c) Certification was made before the adoptee's eighteenth birthday.

(2) The department shall not pay a medical subsidy to an adoptive parent for providing treatment or services to his or her own adopted child.

(3) The department shall determine the amount of the medical subsidy without respect to the income of the adoptive parent or parents. The department shall not pay a medical subsidy until all other available public money and third party payments have been exhausted. For purposes of this subsection, third party payment is available if an adoptive parent has an option, at or after the time of certification, to obtain from the parent's employer health coverage for the child, with or without cost to the adoptive parent. The department may waive this subsection in cases of undue hardship.

(4) The adoptive parent may request a medical subsidy before or after the adoption is finalized. A medical subsidy requested after the adoptee is placed in adoption is effective the date the application request is received by the department if the necessary required documentation is received within 90 calendar days after the date the application is received. In allocating available funding for medical subsidies, the department shall not give preferential treatment to requests that are made before the adoption is finalized, but shall allocate funds based on a child's need for the subsidy.

(a) Certification for the medical subsidy was made before the date the adoption was finalized.

(a) "County juvenile agency" means that term as defined in section 2 of the county juvenile agency act, 1998 PA 518, MCL 45.622.

(b) "County juvenile agency services" means all juvenile justice services for a juvenile who is within the court's jurisdiction under section 2(a) or (d) of chapter XIIA of the probate code of 1939, 1939 PA 288, MCL 712A.2, or within the jurisdiction of the court of general jurisdiction under section 606 of the revised

judicature act of 1961, 1961 PA 236, MCL 600.606, if that court commits the juvenile to a county or court juvenile facility under section 27a of chapter IV of the code of criminal procedure, 1927 PA 175, MCL 764.27a. If a juvenile who comes within the court's jurisdiction under section 2(a) or (d) of chapter XIIA of the probate code of 1939, 1939 PA 288, MCL 712A.2, is at that time subject to a court order in connection with a proceeding for which the court acquired jurisdiction under section 2(b) or (c) of chapter XIIA of the probate code of 1939, 1939 PA 288, MCL 712A.2, juvenile justice services provided to the juvenile before the court enters an order in the subsequent proceeding are not county juvenile agency services, except for juvenile justice services related to detention.

(c) "Juvenile justice service" means a service, exclusive of judicial functions, provided by a county for juveniles who are within or likely to come within the court's jurisdiction under section 2 of chapter XIIA of the probate code of 1939, 1939 PA 288, MCL 712A.2, or within the jurisdiction of the court of general criminal jurisdiction under section 606 of the revised judicature act of 1961, 1961 PA 236, MCL 600.606, if that court commits the juvenile to a county or court juvenile facility under section 27a of chapter IV of the code of criminal procedure, 1927 PA 175, MCL 764.27a. A service includes intake, detention, detention alternatives, probation, foster care, diagnostic evaluation and treatment, shelter care, or any other service approved by the office or county juvenile agency, as applicable, including preventive, diversionary, or protective care services. A juvenile justice service approved by the office or county juvenile agency must meet all applicable state and local government licensing standards.

(2) A juvenile justice funding system for counties that are not county juvenile agencies, including a child care fund, is established and shall be administered under the department's superintending control.

(3) The department shall promulgate rules under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, to monitor juvenile justice services money and to prescribe child care fund accounting, reporting, and authorization controls and procedures and child care fund expenditure classifications. For counties required to have a child care fund, the department shall fund services that conform to the child care rules promulgated under this act.

(4) The department shall provide for the distribution of money appropriated by the legislature to counties for the cost of juvenile justice services as follows:

(a) For a county that is not a county juvenile agency, the amount distributed shall equal 50% of the annual expenditures from the child care fund of the county established under section 117c, except that expenditures under section 117c(3) and expenditures that exceed the amount of a budget approved under section 117c shall not be included. A distribution under this subdivision shall not be made to a county that does not comply with the requirements of this act. The department may reduce the amount distributed to a county by the amount owed to the state for care received in a state operated facility or for care received under 1935 PA 220, MCL 400.201 to 400.214, or under the youth rehabilitation services act, 1974 PA 150, MCL 803.301 to 803.309. (c) Notwithstanding the provisions in subdivision (a), subject to appropriations, until September 30, 2017, the department shall pay 100% of the costs of the \$8.00 increase to the administrative rate for providers of foster care services provided in the annual appropriation for the department budget. For the purposes of this subdivision only, "foster care" means 24-hour substitute care for children placed away from their parents or guardians, as a result of a court order under section 2(b) of chapter XIIA of the probate code of 1939, 1939 PA 288, MCL 712A.2, in placements supervised by the department or a private child placing agency under contract with the department for foster care services. Foster care services include supervision of placements in foster family homes, foster family group homes, and preadoptive placements.

Sec. 117g. (1) The base amount of the block grant for a county that is a county juvenile agency equals the amount determined under subdivision (a) minus the amount determined under subdivision (b):

(a) The total of all distributions or expenditures from state or federal funds for the state fiscal year beginning October 1, 1997 for that county related to county juvenile agency services, including the following:

(i) That portion of the distribution to the county under section 117a for county juvenile agency services calculated without regard to any exclusion of expenditure on the basis that the expenditure exceeded the amount of a budget approved under section 117c.

(ii) Detention and assessment costs.

(iii) Community-based programs, including halfway house or day treatment.

(iv) Staff costs, including salaries and fringe benefits, for all employees employed to administer or deliver programs providing county juvenile agency services, including county juvenile officers, delinquency or service workers, and related supervisory, clerical, and administrative staff support. The staff costs of state employees shall be calculated using staff levels on March 30, 1997 as the staff levels for the entire state fiscal year.

(v) Operational expenses related to programs providing county juvenile agency services, including supplies, equipment, buildings, rent, training costs, and costs of the management information system.

(vi) The total cost of care for public wards under the youth rehabilitation services act, 1974 PA 150, MCL 803.301 to 803.309.

(b) One-half of the amount of state and county expenditures charged to the county's child care fund for juvenile justice services provided in the state fiscal year beginning October 1, 1997 that were not county juvenile agency services, without regard to any exclusion of expenditure on the basis that the expenditure exceeded the amount of a budget approved under section 117c.

(2) For the state fiscal year beginning October 1, 1999, the base amount for a county shall be adjusted by both of the multipliers calculated under subsection (3) to determine the block grant amount for that state fiscal year. The block grant amount for each subsequent state fiscal year is calculated by adjusting the block grant amount for the previous state fiscal year by the multipliers calculated under subsection (3).

(3) For each state fiscal year, the following multipliers shall be calculated:

(a) The percentage change appropriated in that state fiscal year to change the rate of payments to vendors providing placements for juveniles for that state fiscal year from the previous state fiscal year.

(b) The percentage change in the county's juvenile population from the county's juvenile population for the previous fiscal year as determined from the United States decennial census or projections by the United States census bureau. As used in this subdivision, "county's juvenile population" means the number of individuals residing in the county who are 10 or more years of age but less than 18 years of age.

(4) The calculations under subsections (2) and (3) apply regardless of the state fiscal year in which a county becomes a county juvenile agency.

(5) A block grant for a county determined under subsections (1) to (4) for a state fiscal year shall be reduced by the amount calculated by subtracting the amount determined under subdivision (a) from the amount determined under subdivision (b) and multiplying that difference by 50% of the per-child cost for educational services to state wards in state operated training schools and treatment and detention facilities during the state fiscal year beginning October 1, 1998:

(a) The average daily population of public wards in state operated training schools and treatment and detention facilities for whom the county has assumed responsibility as a county juvenile agency.

(b) The average daily population of public wards for the county.

(6) Fifty percent of the amount of block grant funds expended during the state fiscal year for educational services to public wards for whom the county has assumed responsibility as a county juvenile agency shall be deducted from the amount calculated under subsection (5).

Sec. 3. (1) A child under 17 years of age, provision for whose support and education has been made under regulations of the department, may be admitted to the Michigan children's institute by commitment to the department. All children committed to the Michigan children's institute shall be considered committed to the department and shall be subject to review by the juvenile division of the probate court under chapter XIIIA of the probate code of 1939, 1939 PA 288, MCL 712A.1 to 712A.32. The superintendent of the institute shall represent the state as guardian of each child committed beginning with the day the child is admitted and continuing until the child is 19, unless the superintendent or the department discharges the child sooner as provided in section 8 or 9 or if the child is at least 18 years of age but less than 21 years of age and is participating in extended foster care services as described in section 11 of the young adult voluntary foster care act. Wherever commitment to the Michigan children's institute is mentioned in any law of this state, it shall be construed to mean commitment to the department. A child may be committed to the department by either of the following:

(a) By the juvenile division of the probate court, if the child is within the court's jurisdiction under section 2(b) of chapter XIIIA of the probate code of 1939, 1939 PA 288, MCL 712A.2.

(b) By the probate court, if the child is a ward of the court and the court has denied an order of adoption for the child.

(c) By observation order. If a child has been decreed to be a ward of the probate court or the juvenile division of the probate court has acquired formal jurisdiction of a child, and it appears to the probate court that, because of the circumstances of the case or because the child's condition might be benefited, the court may make a temporary commitment to the department and direct that the child be taken to a facility of the Michigan children's institute for observation for a period not to exceed 90 days. Before the expiration of this order of observation, the superintendent of the institute shall report to the probate court the results of the observation of the child. If the superintendent reports to the probate court that the order of observation should be extended or that the child is in need of treatment for emotional disturbance that does not require hospital care and for which the institute has facilities, then the court may extend the temporary commitment and

continue the observation order or establish a treatment period for the child to any date prior to the nineteenth birthday of the child. If the child has ceased to be a ward of the court, written consent of the person or persons lawfully having custody of the child shall be secured. Before the expiration of this extended order of observation or treatment, the superintendent shall report to the probate court the results of the observation or treatment of the child and an opinion stating what disposition can be made of the child. Before any child is sent to a facility of the institute for observation, the superintendent of the institute shall notify the probate court that there is room to receive the child and shall designate the facility of the institute for the reception of the child. The commission may by regulation establish conditions for the reimbursement of the expense of caring for the child while under the supervision of the institute if the parents or other persons responsible for the child's support are financially able to pay reasonable costs of the child's care.

(2) The superintendent of the institute has the power to make decisions on behalf of a child committed to the institute. The attorney general or his or her representative shall represent the Michigan children's institute superintendent in any court proceeding in which the superintendent considers such representation necessary to carry out his or her duties under this act.

(3) As used in this act, "department" means the department of human services.

(1) Within 30 days after an order is made committing a child to the superintendent of the Michigan children's institute, the court shall send to the superintendent a certified copy of the petition, the order of disposition in the case, and the report of the physician who examined the child. Upon receipt of the order the superintendent of the Michigan children's institute shall notify the court of the child's placement so that the court may cause the child to be transported to that placement. The expense of the child's transportation shall be audited by the auditor general or a certified public accountant appointed by the auditor general and paid from the general fund in the same manner as the expense of conveying children to other institutions of the state.

(2) During the time a child is committed to the superintendent of the Michigan children's institute, the superintendent and the child's attorney may communicate with each other regarding issues of commitment, placement, and permanency planning; and if the child's attorney has an objection or concern regarding such an issue, the superintendent and the child's attorney shall consult with each other regarding that issue.

400.205 Committed children; placement in private home, investigation, court order.

Sec. 5. In case a child has been committed to said institute, and a person in the same county has been found who is willing to take said child into his home under the same conditions as children placed out on agreement, or for adoption from the said institute, the court, county agent, probation officer or any other person representing the court or state in the placement of children may notify the superintendent of said institute, giving the name and the address of the party interested in taking the child into his home; whereupon the superintendent shall order an investigation be made, and if it appears that the home is a suitable one for said child, the child shall be placed and the order of the court entered on the records of the said institute. Upon entering the order of the court on the records of the said institute, the child shall be considered a ward of said institute and may be supervised, or adopted as are other wards of the said institute: Provided, In case the investigation indicates that the child is not eligible for admission to the said institute because of some mental or physical defect, or should not be offered for adoption because of a mental defect in its forbears, or being of unknown parentage and too young to determine its mental and physical development, the superintendent shall so notify the court with reasons thereof and further disposition shall be made by said court.

400.234a Reports or information provided by financial institution.

Sec. 4a. (1) The office shall enter into an agreement with financial institutions doing business in this state to collect the name, address, social security number, and account numbers for each parent who maintains an account at the financial institution and who owes past due child support as identified by the state.

(2) Not more than once each calendar quarter, the office may request from each financial institution the name, address, social security number, and account number for each person listed in the request who maintains an account at the financial institution.

(3) The office's request under subsection (2) shall contain the name and only 1 social security number for

each person listed in the request.

(4) Except as otherwise provided in this subsection, the office shall remove an individual's name and social security number from a request to a financial institution under subsection (2) if the individual's name or social security number was on the requests to the financial institution in the 2 immediately preceding quarters and the financial institution did not find a match for that name or social security number for either of those requests. The office may include the individual's name and social security number on a request to the financial institution under subsection (2) in the succeeding quarter, if the office believes that the individual has opened an account subsequent to the 2 successive quarters in which a match was not found.

(5) All requests made by the office under subsection (2) shall be in machine readable form unless the financial institution expressly asks the office to submit the request in writing in which case the office shall submit the request and all subsequent requests to the financial institution in writing until the financial institution asks the office to submit the request in machine readable form after which time the office shall submit the request in machine readable form.

(6) Except as provided in subsection (10) or (12), the financial institution shall furnish the information in a machine readable form to the office unless the financial institution asked the office to submit the request in writing, in which case the financial institution may furnish the information in writing or in machine readable form. The financial institution shall furnish the information to the office within 45 days after receipt of the request from the office. A financial institution that files reports under this subsection is not required to comply with subsection (10).

(8) A financial institution may respond to the office that the name or the social security number, or both, that were contained in the office's request do not correspond to the records of the financial institution.

(9) A financial institution may choose only to furnish information on an account that has a balance of more than \$500.00 at the time the request is processed by the financial institution.

(10) As an alternative to subsection (6), within 45 days of the end of the first calendar quarter of every year, a financial institution may submit to the office, or to the federal government or its designee, a report of the name, address, social security number, and account number of each person who maintains an account at the financial institution on the last day of the first calendar quarter. A financial institution that files reports under this subsection is not required to comply with subsection (6).

(11) Unless otherwise required by law, a financial institution that furnishes a report or provides information to the office under subsection (6) or (10), or to the federal government or its designee under subsection (12), shall not disclose to a depositor or an account holder that the name of the depositor or account holder has been received from or furnished to the office, or to the federal government or its designee. However, a financial institution may disclose to its depositors and account holders and others that the office, or the federal government or its designee, has the authority to request information on depositors or account holders and that the financial institution may provide that information to the office.

(12) To the extent permitted by federal law or policy, a financial institution may furnish information to the federal government or its designee in accordance with data matching processes the federal government establishes under part D of title IV of the social security act, chapter 531, 49 Stat. 620, 42 U.S.C. 651 to 660 and 663 to 669b.

400.236 State disbursement unit; establishment; processes and procedures; collection; electronic disbursement.

Sec. 6. (1) The state disbursement unit is established as the direct responsibility of the office. The SDU shall use automated procedures, electronic processes, and computer-driven technology to the maximum extent feasible, efficient, and economical to receive and disburse support and fees.

(2) The SDU is the single location to which a payer or source of income subject to this section shall send a support or fee payment. The SDU shall disburse a support payment to the recipient of support within 2 business days after the SDU receives the support payment. Not less than twice each calendar month, the SDU shall disburse fees that it receives to the appropriate county treasurer or office of the friend of the court.

(3) If a payer or source of income attempts to make a support or fee payment to the SDU and the payment transaction fails due to nonsufficient funds, the SDU may take actions to collect from the payer or source of income the support or fee payment amount, plus an amount for the expense of those actions.

(4) By not later than 1 year after the effective date of the amendatory act that added this subsection, the

400.237 Transition schedule.

Sec. 7. (1) The department shall develop a schedule for the transition from receipt and disbursement of support and fees by offices of the friend of the court to centralized receipt and disbursement by the state disbursement unit. The schedule may provide for the transition to take place in stages so that, during the transition period, the SDU is responsible for the receipt and disbursement of the support and fee payments of less than all the payers and recipients of support whose cases are administered by a particular office of the friend of the court. In developing the schedule, the department shall consult with other state agencies and with local agencies.

(2) In accordance with section 9 of the friend of the court act, 1982 PA 294, MCL 552.509, and the transition schedule developed under subsection (1), SDU receipt and disbursement applies to the case of a payer or recipient of support starting on the date specified in a notification to the office of the friend of the court, which administers the case, that the SDU is prepared to receive and disburse support and fees for the case or for a class of cases to which the case belongs. As of the date that SDU receipt and disbursement of support and fees applies to a particular support order, a provision in the order directing support and fees to be paid to an office of the friend of the court shall be considered to direct the payments to the SDU.

History: Add. 1999, Act 161, Imd. Eff. Nov. 3, 1999.

400.238 Disposition of money received as support payment; interest; duties of contractor; audit; disclosure of information.

Sec. 8. (1) While held by the state disbursement unit, money the SDU receives as a support payment is the money of the recipient of support, is not public revenue, and shall not be deposited in the state treasury. While held by the state disbursement unit, money the SDU receives as a support payment is not subject to levy, execution, garnishment, or offset.

(2) Interest that accrues on a payment after its receipt and before its disbursement is payable to the state general fund to offset program costs.

(3) If a contractor operates the state disbursement unit, the contractor is directly responsible to the office. The office shall not enter a contract for operation of the SDU until the state budget director approves each contract provision that governs the accounting system to be used by the contractor. In addition to auditing by a private sector accounting firm, the contractor operating the SDU is subject to audit by the state executive branch and by the auditor general or an independent public accounting firm appointed by the auditor general. The auditor general or an independent public accounting firm appointed by the auditor general shall conduct an audit of the SDU not less than 1 year, but within 2 years, after the effective date of the amendatory act that added this section and not less than every 2 years after that initial audit. The department shall cooperate with the auditor general.

(4) Except for disclosure in a manner authorized by law, rule, or regulation, a person shall not disclose information regarding a payer or recipient of support that is provided to the SDU for the purpose of receipt or

disbursement of support or fees. A person that violates this subsection is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than \$500.00, or both.

(5) A contractor or subcontractor, or an officer or employee of a contractor or subcontractor, that operates the SDU who negligently discloses information regarding a payer or recipient of support is liable for actual damages or \$1,000.00, whichever is greater, plus costs and attorney fees. A contractor or subcontractor, or an officer or employee of a contractor or subcontractor, that operates the SDU who intentionally discloses information regarding a payer or recipient of support is liable for 3 times actual damages or \$3,000.00, whichever is greater, plus costs and attorney fees. Each negligent or intentional disclosure that gives rise to liability under this section is a separate cause of action for which separate damages may be awarded.

History: Add. 1999, Act 161, Imd. Eff. Nov. 3, 1999.

400.239 Transition to centralized receipt and disbursement of support and fees.

Sec. 9. The department, the SDU, and each office of the friend of the court shall cooperate in the transition to the centralized receipt and disbursement of support and fees. An office of the friend of the court shall continue to receive and disburse support and fees through the transition, based on the schedule developed as required by section 7, and modifications to that schedule as the department considers necessary.

History: Add. 1999, Act 161, Imd. Eff. Nov. 3, 1999;—Am. 2002, Act 564, Eff. Mar. 31, 2003.

400.240 Centralized enforcement.

Sec. 10. (1) Based on criteria established by the office and the state court administrative office, the office may centralize administrative enforcement procedures for services provided under title IV-D. The office may also centralize enforcement activities for friend of the court cases based on criteria established by the office and the state court administrative office. The criteria for centralizing enforcement activities for a friend of the court case shall require, at a minimum, both of the following:

(a) That support enforcement measures undertaken by the office of the friend of the court have been unsuccessful, including, but not limited to, a lack of regular and substantial payments against the arrearage.

(b) That the arrearage is equal to or greater than the amount of support payable either for 12 months or, if the recipient of support requests centralization of enforcement activities, for 6 months.

(2) Each office of the friend of the court shall provide the office with information necessary for the office to identify cases eligible for centralized enforcement, as well as case information necessary for the office to pursue enforcement remedies.

(3) The office's centralized enforcement may include, but is not limited to, 1 or more of the following:

(a) An enforcement remedy available under the support and parenting time enforcement act, 1982 PA 295, MCL 552.601 to 552.650.

(b) Contracting with a public or private collection agency. Except upon the request of the recipient of support, an additional fee shall not be charged to the recipient of support for collection services by any public or private collection agency contracting under this subdivision.

(c) Contracting with a public or private locator service.

(d) Publishing a delinquent payer's name.

(e) A local or regional agreement with a law enforcement agency or prosecutor.

(4) The office shall notify the custodial parent in each friend of the court case that the office selects for centralized enforcement that the parent's case has been selected.

(5) The office shall develop a system to track each friend of the court case selected for centralized enforcement so that the office of the friend of the court from which the case is selected can be identified. The office shall process collections resulting from centralized enforcement through the SDU and, for the purpose of child support incentive calculations, shall credit those collections to the office of the friend of the court identified with the case. In consultation with the state court administrative office, the office shall establish policies and procedures for expenses related to enforcement activities under this act.

(6) This section does not limit the office's ability to enter into agreements for child support enforcement with an office of the friend of the court, law enforcement agency, prosecutor, government unit, or private entity as that ability existed on the effective date of this section.

(7) Within 1 year after the effective date of this section and within 1 year after the deadline for the previous report, the office shall submit an annual report to the legislature regarding friend of the court cases assigned to a private collection agency for support collection under a contract with the office. The report shall include at least all of the following for each private collection agency that was assigned friend of the court cases for support collection:

(a) Total number of friend of the court cases assigned.

(b) Total number of those friend of the court cases in which a support payment was received.

- (c) Total support collected for those friend of the court cases.
- (d) Total support due for those friend of the court cases.

Sec. 20. (1) In addition to any other action authorized by law, the attorney general may bring an action to enjoin an act or practice prohibited under this act. After finding that a person has engaged in or is engaging in a prohibited act or practice, a court may enter any appropriate order or judgment, including, but not limited to, an injunction, an order of restitution, or an award of reasonable attorney fees and costs. A court may award to this state a civil fine of not more than \$10,000.00 for each violation of this act against a person that is subject to this act; against an officer, director, shareholder, or controlling member of a person subject to this act; against any other person that directly engaged in, authorized, or was otherwise legally responsible for the prohibited act or practice; or against any combination of those persons. (4) In addition to any other action authorized by law, the attorney general may issue a cease and desist order, issue a notice of intended action, or take other action in the public interest. The attorney general may accept an assurance of discontinuance of any method, act, or practice that violates this act from any person alleged to be engaged in or to have been engaged in that method, act, or practice. An assurance of discontinuance may include a stipulation for the voluntary payment of the costs of investigation, for an amount to be held in escrow pending the outcome of an action or as restitution to an aggrieved person, or for the voluntary payment to another person if in the public interest. An action resolved by an assurance of discontinuance may be reopened by the attorney general at any time for enforcement by a court or for further proceedings in the public interest. Notice of hearing the action and a copy of all pleadings shall be served upon the person, who may appear in opposition. If the court finds that the demand is proper, that there is reasonable cause to believe that there may have been or is presently occurring a violation of this act, and that the information sought or document or object demanded is relevant to the investigation, the court shall order the person to comply with

the demand, subject to modification the court may prescribe. Upon motion by the person and for good cause shown, the court may make any further order in the proceedings that justice requires to protect the person from unreasonable annoyance, embarrassment, oppression, burden, or expense.

(6) Except as required by federal law, any procedure, testimony taken, or material produced shall be kept confidential by the attorney general before bringing an action against a person under this act for the violation under investigation, unless confidentiality is waived by the person being investigated and the person who has testified, answered interrogatories, or produced material, or disclosure is authorized by the court.

400.610a Civil action in name of state; initiation; complaint; intervention; pleadings; discovery; stay; alternative remedy; award; share of proceeds; court finding of frivolous claim; civil fine.

Sec. 10a. (1) Any person may bring a civil action in the name of this state under this section to recover losses that this state suffers from a violation of this act. A suit filed under this section shall not be dismissed unless the attorney general has been notified and had an opportunity to appear and oppose the dismissal. The attorney general waives the opportunity to oppose the dismissal if it is not exercised within 28 days of receiving notice.

(2) If a person other than the attorney general initiates an action under this section, the complaint shall remain under seal and the clerk shall not issue the summons for service on the defendant until after the time for the attorney general's election under subsection (3) expires. At the time of filing the complaint, the person shall serve a copy of the complaint on the attorney general and shall disclose, in writing, substantially all material evidence and information in the person's possession supporting the complaint to the attorney general.

(3) The attorney general may elect to intervene in an action under this section. Before the expiration of the later of 90 days after service of the complaint and related materials or any extension of the 90 days that is requested by the attorney general and granted by the court, the attorney general shall notify the court and the person initiating the action of 1 of the following:

(a) That the attorney general will proceed with the action for this state and have primary responsibility for proceeding with the action.

(b) That the attorney general declines to take over the action and the person initiating the action has the right to proceed with the action.

(4) If an action is filed under this section, a person other than the attorney general shall not intervene in the action or bring another action on behalf of this state based on the facts underlying the action.

(5) If the attorney general elects to proceed with the action under subsection (3) or (6), the attorney general has primary responsibility for prosecuting the action and may do all of the following:

(a) Agree to dismiss the action, notwithstanding the objection of the person initiating the action, but only if that person has been notified of and offered the opportunity to participate in a hearing on the motion to dismiss.

(b) Settle the action, notwithstanding the objection of the person initiating the action, but only if that person has been notified of and offered the opportunity to participate in a hearing on the settlement and if the court determines that the settlement is fair, adequate, and reasonable under the circumstances. Upon a showing of good cause, the settlement hearing may be held in camera.

(c) Request the court to limit the participation of the person initiating the action. If the attorney general demonstrates that unrestricted participation by the person initiating the action during the litigation would interfere with or unduly delay the attorney general's prosecution of the case or would be repetitious, irrelevant, or unduly harassing, the court may do any of the following:

(i) Limit the number of the person's witnesses.

(ii) Limit the length of the testimony of the person's witnesses.

(iii) Limit the person's cross-examination of witnesses.

(iv) Otherwise limit the person's participation in the litigation.

(6) If the attorney general notifies the court that he or she declines to take over the action under subsection (3), the person who initiated the action may proceed with the action. At the attorney general's request and expense, the attorney general shall be provided with copies of all pleadings filed in the action and copies of all deposition transcripts. Notwithstanding the attorney general's election not to take over the action, the court may permit the attorney general to intervene in the action at any time upon a showing of good cause and, subject to subsection (7), without affecting the rights or status of the person initiating the action.

(7) Upon a showing, conducted in camera, that actions of the person initiating the action during discovery would interfere with the attorney general's investigation or prosecution of a criminal or civil matter, the court

may stay the discovery for not more than 90 days. The court may extend the stay upon a further showing that the attorney general is pursuing the investigation or proceeding with reasonable diligence and the discovery would interfere with the ongoing investigation or proceeding.

(8) As an alternative to an action permitted under this section, the attorney general may pursue a violation of this act through any alternate remedy available to this state, including an administrative proceeding. If the attorney general pursues an alternate remedy, a person who initiated an action under this section shall have equivalent rights in that proceeding to the rights that the person would have had if the action had continued under this section to the extent consistent with the law governing that proceeding. Findings of fact and conclusions of law that become final in an alternative proceeding shall be conclusive on the parties to an action under this section. For purposes of this subsection, a finding or conclusion is final if it has been finally determined on appeal to the appropriate court, if the time for filing an appeal with respect to the finding or conclusion has expired, or if the finding or conclusion is not subject to judicial review.

(9) Subject to subsections (10) and (11), if a person other than the attorney general or the attorney general prevails in an action that the person initiates under this section, the court shall award the person necessary expenses, costs, reasonable attorney fees, and, based on the amount of effort involved, the following percentage of the monetary proceeds resulting from the action or any settlement of the claim:

(a) If the attorney general intervenes, 15% to 25%.

(b) If the attorney general does not intervene, 25% to 30%.

(10) If the court finds an action under this section to be based primarily on disclosure of specific information that was not provided by the person bringing the action, such as information from a criminal, civil, or administrative hearing in a state or federal department or agency, a legislative report, hearing, audit, or investigation, or the news media, and the attorney general proceeds with the action, the court may award the person bringing the action no more than 10% of the monetary recovery in addition to reasonable attorney fees, necessary expenses, and costs.

(11) If the court finds that the person bringing an action under this section planned and initiated the conduct upon which the action is brought, then the court may reduce or eliminate, as it considers appropriate, the share of the proceeds of the action that the person would otherwise be entitled to receive. A person who is convicted of criminal conduct arising from a violation of this act shall not initiate or remain a party to an action under this section and is not entitled to share in the monetary proceeds resulting from the action or any settlement under this section.

(12) A person other than the attorney general shall not bring an action under this section that is based on allegations or transactions that are the subject of a civil suit or an administrative civil money penalty proceeding to which this state or the federal government is already a party. The court shall dismiss an action brought in violation of this section.

(13) Unless the person is the original source of the information, a person, other than the attorney general, shall not initiate an action under this section based upon the public disclosure of allegations or transactions in a criminal, civil, or administrative hearing, in a state or federal legislative, investigative, or administrative report, hearing, audit, or investigation, or from the news media. The person is the original source if he or she had direct and independent knowledge of the information on which the allegations are based and voluntarily provided the information to the attorney general before filing an action based on that information under this section.

(14) This state and the attorney general are not liable for any expenses, costs, or attorney fees that a person incurs in bringing an action under this section. Any amount awarded to a person initiating an action to enforce this act is payable solely from the proceeds of the action or settlement.

(15) If a person proceeds with an action under this section after being notified that the attorney general has declined to intervene and the court finds that the claim was frivolous, as defined in section 2591 of the revised judiciary act of 1961, 1961 PA 236, MCL 600.2591, the court shall award the prevailing defendant actual and reasonable attorney fees and expenses and, in addition, shall impose a civil fine of not more than \$10,000.00. The civil fine shall be deposited into the Michigan medicaid benefits trust fund established in section 5 of the Michigan trust fund act, 2000 PA 489, MCL 12.255.

Sec. 10b. (1) The attorney general may recover all costs this state incurs in the litigation and recovery of medicaid restitution under this act, including the cost of investigation and attorney fees. The attorney general shall retain the amount received for activities under this act, excluding amounts for restitution, court costs, and fines, not to exceed the amount of this state's funding match for the medicaid fraud control unit.

(2) The attorney general shall not retain amounts under this section until all the restitution awarded in the

proceeding has been paid.

(3) Costs that the attorney general recovers in excess of the state's funding match for the medicaid fraud control unit shall be deposited in the Michigan medicaid benefits trust fund established in section 5 of the Michigan trust fund act, 2000 PA 489, MCL 12.255.

Sec. 13. (1) A person, partnership, corporation, association, or a department or agency of the state, county, city, or other political subdivision shall not establish or maintain an adult foster care facility unless licensed by the department.

(2) Application for a license shall be made on forms provided and in the manner prescribed by the department. The application shall be accompanied by the fee prescribed in section 13a.

(3) Before issuing or renewing a license, the department shall investigate the activities and standards of care of the applicant and shall make an on-site evaluation of the facility. On-site inspections conducted in response to the application may be conducted without prior notice to the applicant. Subject to subsections (9), (10), and (11), the department shall issue or renew a license if satisfied as to all of the following:

(a) The financial stability of the facility.

(b) The applicant's compliance with this act and rules promulgated under this act.

(c) The good moral character of the applicant, or owners, partners, or directors of the facility, if other than an individual. Each of these persons shall be not less than 18 years of age.

(d) The physical and emotional ability of the applicant, and the person responsible for the daily operation of the facility to operate an adult foster care facility.

(e) The good moral character of the person responsible for the daily operations of the facility and all employees of the facility. The applicant shall be responsible for assessing the good moral character of the employees of the facility. The person responsible for the daily operation of the facility shall be not less than 18 years of age.

(4) The department shall require an applicant or a licensee to disclose the names, addresses, and official positions of all persons who have an ownership interest in the adult foster care facility. If the adult foster care facility is located on or in real estate that is leased, the applicant or licensee shall disclose the name of the lessor of the real estate and any direct or indirect interest that the applicant or licensee has in the lease other than as lessee.

(5) Each license shall state the maximum number of persons to be received for foster care at 1 time.

(6) If applicable, a license shall state the type of specialized program for which certification has been received from the department.

(7) A license shall be issued to a specific person for a facility at a specific location, is nontransferable, and remains the property of the department. The prohibition against transfer of a license to another location does not apply if a licensee's adult foster care facility or home is closed as a result of eminent domain proceedings, if the facility or home, as relocated, otherwise meets the requirements of this act and the rules promulgated under this act.

(8) An applicant or licensee proposing a sale of an adult foster care facility or home to another owner shall provide the department with advance notice of the proposed sale in writing. The applicant or licensee and other parties to the sale shall arrange to meet with specified department representatives and shall obtain before the sale a determination of the items of noncompliance with applicable law and rules that shall be corrected. The department shall notify the respective parties of the items of noncompliance before the change of ownership, shall indicate that the items of noncompliance shall be corrected as a condition of issuance of a license to the new owner, and shall notify the prospective purchaser of all licensure requirements.

(9) The department shall not issue a license to or renew the license of an owner, partner, or director of the applicant, who has regular direct access to residents or who has on-site facility operational responsibilities, or an applicant or the licensee designee, if any of those individuals have been convicted of 1 or more of the following:

(a) A felony under this act or under chapter XXA of the Michigan penal code, 1931 PA 328, MCL 750.145m to 750.145r.

(b) A misdemeanor under this act or under chapter XXA of the Michigan penal code, 1931 PA 328, MCL 750.145m to 750.145r, within the 10 years immediately preceding the application.

(c) A misdemeanor involving abuse, neglect, assault, battery, or criminal sexual conduct or involving fraud or theft against a vulnerable adult as that term is defined in section 145m of the Michigan penal code, 1931 PA 328, MCL 750.145m, or a state or federal crime that is substantially similar to a misdemeanor described in this subdivision within the 10 years immediately preceding the application.

(10) If the department has revoked, suspended, or refused to renew a person's license for an adult foster care facility according to section 22, the department may refuse to issue a license to or renew a license of that person for a period of 5 years after the suspension, revocation, or nonrenewal of the license.

(11) The department may refuse to issue a license to or renew the license of an applicant if the department determines that the applicant has a relationship with a former licensee whose license under this act has been suspended, revoked, or nonrenewed under subsection (9) or section 22 or a convicted person to whom a license has been denied under subsection (9). This subsection applies for 5 years after the suspension, revocation, or nonrenewal of the former licensee's license or the denial of the convicted person's license. For purposes of this subsection, an applicant has a relationship with a former licensee or convicted person if the former licensee or convicted person is involved with the facility in 1 or more of the following ways:

- (a) Participates in the administration or operation of the facility.
- (b) Has a financial interest in the operation of the facility.
- (c) Provides care to residents of the facility.
- (d) Has contact with residents or staff on the premises of the facility.
- (e) Is employed by the facility.
- (f) Resides in the facility.

(12) If the department determines that an unlicensed facility is an adult foster care facility, the department shall notify the owner or operator of the facility that it is required to be licensed under this act. A person receiving the notification required under this section who does not apply for a license within 30 days is subject to the penalties described in subsection (13).

(13) Subject to subsection (12), a person who violates subsection (1) is guilty of a misdemeanor, punishable by imprisonment for not more than 2 years or a fine of not more than \$50,000.00, or both. A person who has been convicted of a violation of subsection (1) who commits a second or subsequent violation is guilty of a felony, punishable by imprisonment for not more than 5 years or a fine of not more than \$75,000.00, or both.

(14) The department shall issue an initial or renewal license not later than 6 months after the applicant files a completed application. Receipt of the application is considered the date the application is received by any agency or department of this state. If the application is considered incomplete by the department, the department shall notify the applicant in writing or make notice electronically available within 30 days after receipt of the incomplete application, describing the deficiency and requesting additional information. If the department identifies a deficiency or requires the fulfillment of a corrective action plan, the 6-month period is tolled until either of the following occurs:

- (a) Upon notification by the department of a deficiency, until the date the requested information is received by the department.
- (b) Upon notification by the department that a corrective action plan is required, until the date the department determines the requirements of the corrective action plan have been met.

(15) The determination of the completeness of an application does not operate as an approval of the application for the license and does not confer eligibility of an applicant determined otherwise ineligible for issuance of a license.

(16) If the department fails to issue or deny a license within the time required by this section, the department shall return the license fee and shall reduce the license fee for the applicant's next renewal application, if any, by 15%. Failure to issue or deny a license within the time period required under this section does not allow the department to otherwise delay processing an application. The completed application shall be placed in sequence with other completed applications received at that same time. The department shall not discriminate against an applicant in the processing of an application based on the fact that the application fee was refunded or discounted under this subsection.

(17) If, on a continual basis, inspections performed by a local health department delay the department in issuing or denying licenses under this act within the 6-month period, the department may use department staff to complete the inspections instead of the local health department causing the delays.

(18) The department director shall submit a report by December 1 of each year to the standing committees and appropriations subcommittees of the senate and house of representatives concerned with human services issues. The department director shall include all of the following information in the report concerning the

preceding fiscal year:

(a) The number of initial and renewal applications the department received and completed within the 6-month time period described in subsection (14).

(b) The number of applications requiring a request for additional information.

(c) The number of applications rejected.

(d) The number of licenses not issued within the 6-month period.

(e) The average processing time for initial and renewal licenses granted after the 6-month period.

(19) An applicant, if an individual, shall give written consent at the time of original license application and a licensee designee shall give written consent at the time of appointment for the department of state police to conduct both of the following:

(a) A criminal history check.

(b) A criminal records check through the federal bureau of investigation.

(20) Unless already submitted under subsection (19), an owner, partner, or director of the applicant who has regular direct access to residents or who has on-site facility operational responsibilities shall give written consent at the time of original license application for the department of state police to conduct both of the following:

(a) A criminal history check.

(b) A criminal records check through the federal bureau of investigation.

(21) The department shall require the applicant, if an individual, the licensee designee, owner, partner, or director of the applicant who has regular direct access to residents or who has on-site facility operational responsibilities to submit his or her fingerprints to the department of state police for the criminal history check and criminal records check described in subsections (19) and (20).

(22) The department shall request a criminal history check and criminal records check required under this section in the manner prescribed by the department of state police. The department of state police shall conduct the criminal history check and provide a report of the results to the licensing or regulatory bureau of the department. The report shall contain any criminal history information on the person maintained by the department of state police and the results of the criminal records check from the federal bureau of investigation. The department of state police may charge the person on whom the criminal history check and criminal records check are performed under this section a fee that does not exceed the actual and reasonable cost of conducting the checks.

(23) Not later than 1 year after the effective date of the 2012 amendatory act that amended this subsection, all licensees and licensee designees of facilities licensed on the effective date of the 2012 amendatory act that amended this subsection and all persons described in subsection (20) shall comply with the requirements of this section.

(24) Beginning the effective date of the 2012 amendatory act that amended this subsection, if an applicant or licensee designee or person described in subsection (20) applies for a license or to renew a license to operate an adult foster care facility and he or she or the licensee designee previously underwent a criminal history check and criminal records check required under subsection (19) or (20) or under section 134a of the mental health code, 1974 PA 258, MCL 330.1134a, and has remained continuously licensed or continuously employed under section 34b or under section 20173a of the public health code, 1978 PA 368, MCL 333.20173a, after the criminal history check and criminal records check have been performed, that person is not required to submit to another criminal history check or criminal records check upon renewal of the license obtained under subsection (3).

(25) The department of state police shall store and maintain all fingerprints submitted under this act in an automated fingerprint identification system database that provides for an automatic notification at the time of a subsequent criminal arrest fingerprint card submitted into the system that matches a set of fingerprints previously submitted in accordance with this act. Upon notification, the department of state police shall immediately notify the department and the department shall take the appropriate action.

(26) A licensee, licensee designee, owner, partner, or director of the licensee shall not be permitted on the premises of an adult foster care facility if he or she has been convicted of any of the following: adult abuse, neglect, or financial exploitation; or listed offenses as defined in section 2 of the sex offenders registration act, 1994 PA 295, MCL 28.722.

(27) As used in this section, "completed application" means an application complete on its face and submitted with any applicable licensing fees as well as any other information, records, approval, security, or similar item required by law or rule from a local unit of government, a federal agency, or a private entity but not from another department or agency of this state. A completed application does not include a health inspection performed by a local health department.

If the licensee or applicant appeals the denial, revocation, refusal to renew, or modification by filing a written appeal with the director within 30 days after receipt of the written notice, the director or the director's designated representative shall conduct a hearing at which the licensee or applicant may present testimony and confront witnesses. Notice of the hearing shall be given to the licensee or applicant by personal service or delivery to the proper address by registered mail not less than 2 weeks before the date of the hearing. The decision of the director shall be made and forwarded to the protesting party by registered mail not more than 30 days after the hearing. If the proposed denial, revocation, refusal to renew, or modification is not protested within 30 days, the license shall be denied, revoked, refused, or modified.

(4) If the department has revoked, suspended, or refused to renew a license, the former licensee shall not receive or maintain in that facility an adult who requires foster care. A person who violates this subsection is guilty of a felony, punishable by imprisonment for not more than 5 years or a fine of not more than \$75,000.00, or both.

The complaint shall specify those provisions of this act or the rules promulgated under this act with which the facility is not in compliance.

(2) The department shall resolve the issues of a complaint filed pursuant to subsection (1) within 45 days after receipt of the complaint. Notice of the resolution of the issues shall be mailed by registered mail to the complainant and the licensee. Failure of the department to resolve the issues of the complaint within 45 days after receipt of the complaint shall serve as a decision by the department to deny or revoke the facility's license, and the licensee shall be notified pursuant to section 22.

(3) If the decision to deny or revoke the license or the resolution of the issues is protested by written objection of the complainant or licensee to the department within 30 days after the denial or revocation of the license or the receipt of the notice pertaining to the denial or revocation, the director or the director's designated representative shall conduct a hearing pursuant to chapter 4 of Act No. 306 of the Public Acts of 1969, as amended. This subsection and subsection (1) do not apply to an individual who is employed by or under contract to an adult foster care facility before April 1, 2006. On or before April 1, 2011, an individual who is exempt under this subsection and who has not been the subject of a criminal history check conducted in compliance with this section shall provide the department of state police a set of fingerprints and the department of state police shall input those fingerprints into the automated fingerprint identification system database established under subsection (14). An individual who is exempt under this subsection is not limited to working within the adult foster care facility with which he or she is employed by or under independent contract with on April 1, 2006 but may transfer to another adult foster care facility, mental health facility, or covered health facility. If an individual who is exempt under this subsection is subsequently convicted of a crime or offense described under subsection (1)(a) to (g) or found to be the subject of a substantiated finding described under subsection (1)(i) or an order or disposition described under subsection (1)(h), or is found to have been convicted of a relevant crime described under 42 USC 1320a-7(a), he or she is no longer exempt and shall be terminated from employment or denied employment.

(3) An individual who applies for employment either as an employee or as an independent contractor with an adult foster care facility or staffing agency and who has not been the subject of a criminal history check conducted in compliance with this section shall give written consent at the time of application for the department of state police to conduct a criminal history check under this section, along with identification acceptable to the department of state police. If the individual has been the subject of a criminal history check conducted in compliance with this section, the individual shall give written consent at the time of application for the adult foster care facility or staffing agency to obtain the criminal history record information as prescribed in subsection (4) or (5) from the relevant licensing or regulatory department and for the department of state police to conduct a criminal history check under this section if the requirements of subsection (11) are not met and a request to the federal bureau of investigation to make a determination of the existence of any national criminal history pertaining to the individual is necessary, along with identification acceptable to the department of state police. Upon receipt of the written consent to obtain the criminal history record information and identification required under this subsection, the adult foster care facility or staffing agency that has made a good faith offer of employment or an independent contract to the individual shall request the

criminal history record information from the relevant licensing or regulatory department and shall make a request regarding that individual to the relevant licensing or regulatory department to conduct a check of all relevant registries in the manner required in subsection (4). If the requirements of subsection (11) are not met and a request to the federal bureau of investigation to make a subsequent determination of the existence of any national criminal history pertaining to the individual is necessary, the adult foster care facility or staffing agency shall proceed in the manner required in subsection (5). A staffing agency that employs an individual who regularly has direct access to or provides direct services to residents under an independent contract with an adult foster care facility shall submit information regarding the criminal history check conducted by the staffing agency to the adult foster care facility that has made a good faith offer of independent contract to that applicant.

(4) Upon receipt of the written consent to conduct a criminal history check and identification required under subsection (3), the adult foster care facility or staffing agency that has made a good faith offer of employment or independent contract to the individual shall make a request to the department of state police to conduct a criminal history check on the individual and input the individual's fingerprints into the automated fingerprint identification system database, and shall make a request to the relevant licensing or regulatory department to perform a check of all relevant registries established according to federal and state law and regulations for any substantiated findings of abuse, neglect, or misappropriation of property. The request shall be made in a manner prescribed by the department of state police and the relevant licensing or regulatory department or agency. The adult foster care facility or staffing agency shall make the written consent and identification available to the department of state police and the relevant licensing or regulatory department or agency. If the department of state police or the federal bureau of investigation charges a fee for conducting the criminal history check, the charge shall be paid by or reimbursed by the department. The adult foster care facility or staffing agency shall not seek reimbursement for a charge imposed by the department of state police or the federal bureau of investigation from the individual who is the subject of the criminal history check. The department of state police shall conduct a criminal history check on the individual named in the request. The department of state police shall provide the department with a written report of the criminal history check conducted under this subsection. The report shall contain any criminal history record information on the individual maintained by the department of state police.

(5) Upon receipt of the written consent to conduct a criminal history check and identification required under subsection (3), if the individual has applied for employment either as an employee or as an independent contractor with an adult foster care facility or staffing agency, the adult foster care facility or staffing agency that has made a good faith offer of employment or independent contract shall comply with subsection (4) and shall make a request to the department of state police to forward the individual's fingerprints to the federal bureau of investigation. The department of state police shall request the federal bureau of investigation to make a determination of the existence of any national criminal history pertaining to the individual. An individual described in this subsection shall provide the department of state police with a set of fingerprints. The department of state police shall complete the criminal history check under subsection (4) and, except as otherwise provided in this subsection, provide the results of its determination under subsection (4) and the results of the federal bureau of investigation determination to the department within 30 days after the request is made. If the requesting adult foster care facility or staffing agency is not a state department or agency and if criminal history record information is disclosed on the written report of the criminal history check or the federal bureau of investigation determination that resulted in a conviction, the department shall notify the adult foster care facility or staffing agency and the individual in writing of the type of crime disclosed on the written report of the criminal history check or the federal bureau of investigation determination without disclosing the details of the crime. The notification shall inform the adult foster care facility or staffing agency and the applicant regarding the appeal process in section 34c and shall include a statement that the individual has a right to appeal the information relied upon by the adult foster care facility or staffing agency in making its decision regarding his or her employment eligibility based on the criminal history check. Any charges imposed by the department of state police or the federal bureau of investigation for conducting a criminal history check or making a determination under this subsection shall be paid in the manner required under subsection (4).

(6) If an adult foster care facility determines it necessary to employ or independently contract with an individual before receiving the results of the individual's criminal history check or criminal history record information required under this section, the adult foster care facility may conditionally employ the individual if all of the following apply:

(a) The adult foster care facility requests the criminal history check or criminal history record information required under this section, upon conditionally employing the individual.

(b) The individual signs a written statement indicating all of the following:

(i) That he or she has not been convicted of 1 or more of the crimes that are described in subsection (1)(a) to (g) within the applicable time period prescribed by subsection (1)(a) to (g).

(ii) That he or she is not the subject of an order or disposition described in subsection (1)(h).

(iii) That he or she has not been the subject of a substantiated finding as described in subsection (1)(i).

(iv) The individual agrees that, if the information in the criminal history check conducted under this section does not confirm the individual's statement under subparagraphs (i) to (iii), his or her employment will be terminated by the adult foster care facility as required under subsection (1) unless and until the individual can prove that the information is incorrect.

(v) That he or she understands the conditions described in subparagraphs (i) to (iv) that result in the termination of his or her employment and that those conditions are good cause for termination.

(c) Except as otherwise provided in this subdivision, the adult foster care facility does not permit the individual to have regular direct access to or provide direct services to residents in the adult foster care facility without supervision until the criminal history check or criminal history record information is obtained and the individual is eligible for that employment. If required under this subdivision, the adult foster care facility shall provide on-site supervision of an individual in the facility on a conditional basis under this subsection by an individual who has undergone a criminal history check conducted in compliance with this section. An adult foster care facility may permit an individual in the facility on a conditional basis under this subsection to have regular direct access to or provide direct services to residents in the adult foster care facility without supervision if all of the following conditions are met:

(i) The adult foster care facility, at its own expense and before the individual has direct access to or provides direct services to residents of the facility, conducts a search of public records on that individual through the internet criminal history access tool maintained by the department of state police and the results of that search do not uncover any information that would indicate that the individual is not eligible to have regular direct access to or provide direct services to residents under this section.

(ii) Before the individual has direct access to or provides direct services to residents of the adult foster care facility, the individual signs a statement in writing that he or she has resided in this state without interruption for at least the immediately preceding 12-month period.

(iii) If applicable, the individual provides to the department of state police a set of fingerprints on or before the expiration of 10 business days following the date the individual was conditionally employed under this subsection.

(7) The department shall develop and distribute the model form for the statements required under subsection (6)(b) and (c). The department shall make the model form available to adult foster care facilities upon request at no charge.

(8) If an individual is conditionally employed under subsection (6), and the information under subsection (3) or report under subsection (4) or (5), if applicable, does not confirm the individual's statement under subsection (6)(b)(i) to (iii), the adult foster care facility shall terminate the individual's employment as required by subsection (1).

(9) An individual who knowingly provides false information regarding his or her identity, criminal convictions, or substantiated findings on a statement described in subsection (6)(b)(i) to (iii) is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than \$500.00, or both.

(10) An adult foster care facility or staffing agency shall use criminal history record information obtained under subsection (3), (4), or (5) only for the purpose of evaluating an individual's qualifications for employment in the position for which he or she has applied and for the purposes of subsections (6) and (8). An adult foster care facility or staffing agency or an employee of the adult foster care facility or staffing agency shall not disclose criminal history record information obtained under this section to a person who is not directly involved in evaluating the individual's qualifications for employment or independent contract. An individual who knowingly uses or disseminates the criminal history record information obtained under subsection (3), (4), or (5) in violation of this subsection is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than \$1,000.00, or both. Except for a knowing or intentional release of false information, an adult foster care facility or staffing agency has no liability in connection with a criminal history check conducted in compliance with this section or the release of criminal history record information under this subsection.

(11) Upon consent of an individual as required in subsection (3) and upon request from an adult foster care facility or staffing agency that has made a good faith offer of employment or an independent contract to the individual, the relevant licensing or regulatory department shall review the criminal history record information, if any, and notify the requesting adult foster care facility or staffing agency of the information in the manner prescribed in subsection (4) or (5). Until the federal bureau of investigation implements an

automatic notification system similar to the system required of the state police under subsection (14) and federal regulations allow the federal criminal record to be used for subsequent authorized uses, as determined in an order issued by the department, an adult foster care facility or staffing agency may rely on the criminal history record information provided by the relevant licensing or regulatory department under this subsection and a request to the federal bureau of investigation to make a subsequent determination of the existence of any national criminal history pertaining to the individual is not necessary if all of the following requirements are met:

(a) The criminal history check was conducted during the immediately preceding 12-month period.

(b) The individual has been continuously employed by an adult foster care facility, mental health facility, or covered health facility, or the staffing agency since the criminal history check was conducted in compliance with this section or meets the continuous employment requirement of this subdivision other than being on layoff status for less than 1 year from an adult foster care facility, mental health facility, or covered health facility.

(c) The individual can provide evidence acceptable to the relevant licensing or regulatory department that he or she has been a resident of this state for the immediately preceding 12-month period.

(12) As a condition of continued employment, each employee or independent contractor shall do both of the following:

(a) Agree in writing to report to the adult foster care facility or staffing agency immediately upon being arraigned on 1 or more of the criminal offenses listed in subsection (1)(a) to (g), upon being convicted of 1 or more of the criminal offenses listed in subsection (1)(a) to (g), upon becoming the subject of an order or disposition described under subsection (1)(h), and upon becoming the subject of a substantiated finding described under subsection (1)(i). Reporting of an arraignment under this subdivision is not cause for termination or denial of employment.

(b) If a set of fingerprints is not already on file with the department of state police, provide the department of state police with a set of fingerprints.

(13) In addition to sanctions set forth in this act, a licensee, owner, administrator, or operator of an adult foster care facility or staffing agency who knowingly and willfully fails to conduct the criminal history checks as required under this section is guilty of a misdemeanor punishable by imprisonment for not more than 1 year or a fine of not more than \$5,000.00, or both.

(14) In collaboration with the department of state police, the department of technology, management, and budget shall establish and maintain an automated fingerprint identification system database that would allow the department of state police to store and maintain all fingerprints submitted under this section and would provide for an automatic notification at the time a subsequent criminal arrest fingerprint card submitted into the system matches a set of fingerprints previously submitted under this section. Upon such notification, the department of state police shall immediately notify the department and the department shall immediately contact each respective adult foster care facility or staffing agency with which that individual is associated. Information in the database established under this subsection is confidential, is not subject to disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246, and shall not be disclosed to any person except for purposes of this act or for law enforcement purposes.

(15) If an individual independently contracts with an adult foster care facility, subsections (1) and (2) do not apply if the individual is not under the adult foster care facility's control and the contractual work performed by the individual is not directly related to the clinical, health care, or personal services delivered by the adult foster care facility or if the individual's duties are not performed on an ongoing basis with direct access to residents. This exception includes, but is not limited to, an individual who independently contracts with the adult foster care facility to provide utility, maintenance, construction, or communication services.

(16) The department shall maintain an electronic web-based system to assist the adult foster care facilities and staffing agencies required to check relevant registries and conduct criminal history checks of its employees and independent contractors and to provide for an automated notice to the adult foster care facilities and staffing agencies for the individuals entered in the system who, since the initial criminal history check, have been convicted of a disqualifying offense or have been the subject of a substantiated finding of abuse, neglect, or misappropriation of property. The department may charge a staffing agency a 1-time set-up fee of up to \$100.00 for access to the electronic web-based system under this section.

(17) An adult foster care facility, staffing agency, or a prospective employee covered under this section may not be charged for the cost of a criminal history check required under this act.

Assisted households which annually consume in excess of 200,000 cubic feet of natural gas or an equivalent dollar value of other heating fuels shall be selected by the department for installation of home repair and weatherization measures. Assisted households shall be selected in the order of greatest to least consumption of natural gas or other heating fuels, except that all assisted households whose annual consumption exceeds

Sec. 6. (1) The department of social services shall request that a program utility perform a home energy analysis for each assisted household the department selects under section 5.

(2) The program utility shall conduct the home energy analysis and shall forward a report to the department of social services which includes a designation of which home repairs and weatherization measures, if any, are cost effective for the assisted household. Home repairs and weatherization measures may include the installation of thermostats where none exist or where existing thermostats do not operate properly.

(3) The utility surcharges for the Michigan residential conservation services programs which exist on the effective date of this act shall not be increased as a result of the program utility performing the home energy analysis described in this section. The home energy analysis shall be performed instead of residential conservation service audits so that there is no increase in utility rates because of the home energy analysis program. The costs incurred by a program utility in performing the home energy analyses requested by the department shall be reviewed by the Michigan public service commission in its annual reconciliation proceedings associated with the Michigan residential conservation program. The Michigan public service commission shall authorize the program utility to recover the reasonable costs of the home energy analyses as part of the residential conservation program. The allowable costs for the Michigan residential conservation services program, including costs incurred for performing home energy analyses, shall not exceed the level of costs currently authorized by the Michigan public service commission on the effective date of this act.

(2) After the completion of home repairs and weatherization services authorized for a dwelling under this act, the department of social services shall inspect home repair work and the department of labor shall inspect the weatherization measures performed pursuant to this act.

Sec. 8. (1) The department may authorize home repairs and weatherization measures for rental premises occupied by an assisted household only if the owner of the premises agrees in writing, on a form prescribed by the department of social services, to all of the following conditions:

(a) That the rent paid by the assisted household will not be increased for a period of 12 consecutive calendar months after completion of all home repairs and weatherization measures for the rental premises. The restriction described in this subdivision shall apply so long as the premises are rented to an assisted household.

(b) That during the 24 consecutive calendar months which begin at the end of the period described in subdivision (a), any percentage of increase in the rent charged to the assisted household will be not greater than the percentage increase for the same period in the rate of inflation as measured by the all urban Detroit consumer price index for all items except for increased costs which can be documented, such as increases in taxes, special assessments or increases brought about due to variable rate mortgages. The restriction in this subdivision shall apply so long as the premises are rented to an assisted household.

(c) That if, during a 5-year period beginning when the home repairs and weatherization measures are completed, the rental premises are rented to a person or persons other than an assisted household, the owner

shall immediately pay to the department of social services an amount equal to 1/60 of the total expenditures for weatherization measures and home repairs for the rental premises, multiplied by the number of months left in the 5-year period.

(2) The restrictions and duties described in this section shall bind any successor in ownership of the rental premises to the extent of the time periods described in this section.

(3) If an owner of rental premises fails to agree to the conditions in subsection (1), the department of social services shall assist the assisted household in relocating to another dwelling. The department of social services shall discontinue payments for rent for a dwelling 12 months from the date it determines that the owner has failed to agree to the conditions under subsection (1), until the owner agrees to those conditions.

400.1160 Competitive bids or contractual arrangements for home repairs performed pursuant to MCL 339.2403; time limitation; installation of weatherization by private for-profit companies; completion date; rules; supervision; applicability of subsection (3).

Sec. 10. (1) The department of social services may provide for home repairs to be performed either by seeking competitive bids on individual dwellings or by entering into contractual arrangements involving more than 1 dwelling. Home repairs shall be performed in accordance with section 2403 of the occupational code, Act No. 299 of the Public Acts of 1980, being section 339.2403 of the Michigan Compiled Laws. (2) When the department of social services authorizes the department of labor to perform the installation of weatherization measures as provided under this act, the department of labor shall ensure that private for-profit companies are offered the opportunity to perform the installation of weatherization measures. The percentage of work to be offered to private for-profit companies pursuant to this subsection shall be not less than 50% for the state fiscal year ending September 30, 1984; not less than 60% for the state fiscal year ending September 30, 1985; not less than 70% for the state fiscal year ending September 30, 1986; and not less than 75% for the state fiscal year ending September 30, 1987 and each state fiscal year thereafter. 400.1161 Shutoff protection; duration; report; review and investigation of excess energy consumption; reduction of excess consumption; vacating dwelling; emergency needs recipient as resident.

Sec. 11. (1) Program utilities shall provide shutoff protection to all dwellings occupied by assisted households which receive weatherization measures in accordance with this act. The shutoff protection shall begin with the department of social services' authorization, pursuant to section 7, of weatherization measures, and will continue in accordance with this section unless the department of social services notifies the program utility that it will not authorize the necessary work because the weatherization would not be cost effective. Shutoff protection for dwellings which receive weatherization measures in accordance with this act shall continue at least until the end of the first full fiscal year following the fiscal year during which the weatherization measures were completed. If an assisted household whose annual consumption exceeds 130% of the annual consumption caps specified in section 8 of the Michigan low income heating assistance and shut-off protection act, or the dollar equivalent in other heating fuels, has not been weatherized within the period required by section 5, the department of social services and the department of labor shall report to the legislative oversight committee created in section 13 on the reasons for such failure.

(2) If the dwelling is weatherized in accordance with this act and the consumption of the dwelling remains at the level projected in the home energy analysis, the dwelling will continue to receive shutoff protection for as long as an assisted household resides in the dwelling provided an assisted household continues to pay to the program utility the amount available for heat through the appropriate public assistance program, and the department of social services guarantees payment to the program utility for the difference between the level projected in the home energy analysis and the amounts available in the appropriate public assistance program.

(3) The department of social services shall, after the first full fiscal year following the completion of the authorized services, or sooner, if, in the department's estimation, the consumption of a dwelling remains at unexpectedly high levels, review and investigate the case of any assisted household consumption which exceeds the calculated consumption level. The department of social services shall determine the cause of the excess energy consumption.

(4) If, after review and investigation conducted pursuant to subsection (3), the department of social services concludes that reasonable and prudent action by the assisted household will eliminate the excess energy consumption, the department of social services shall advise the assisted household of measures to be taken to reduce excess consumption. If the assisted household does not comply with the department of social services' suggested corrections, and the household's actual consumption exceeds the calculated consumption level, the household shall not be entitled to shutoff protection for the remainder of the state fiscal year and for any subsequent state fiscal year until the assisted household complies with the suggested corrections.

(5) If, after a review and investigation conducted pursuant to subsection (3), the department of social services concludes that the excess consumption cannot be remedied by the assisted household, the department of social services shall use available resources and means to reduce the excess consumption.

(6) If an assisted household which is receiving shutoff protection vacates the dwelling which was weatherized in accordance with this act, the shutoff protection shall cease for that dwelling unless the new occupants are general assistance or aid to families with dependent children recipients who qualify for payments in accordance with subsection (2).

(7) If an emergency needs program recipient, other than a recipient of general assistance or aid to families with dependent children administered under the social welfare act, Act No. 280 of the Public Acts of 1939, being sections 400.1 to 400.121 of the Michigan Compiled Laws, takes up residence in a dwelling that has been weatherized under this program and the occupancy was within 2 years of the date of weatherization, and was immediately after an aid to dependent children or general assistance recipient moved out, the emergency needs recipient will, for purposes of this act, be treated in the same manner as an aid to dependent children or general assistance recipient in all respects by both the department of social services and the program utility.

(6) If an assisted household which is receiving shut-off protection vacates the dwelling in which the household resided while receiving the shut-off protection, the shut-off protection shall cease as to that dwelling unless the subsequent occupants qualify for shut-off protection under the program.

(7) If a recipient of assistance under the emergency needs program takes up residence in a dwelling which had been weatherized pursuant to this act and the occupancy was within 2 years after the date of the weatherization, and was immediately after an AFDC or GA recipient moved out of the dwelling, the emergency needs recipient shall, for purposes of this act, be treated in the same manner as an AFDC or GA recipient in all respects by both the department and the provider utility or the heating fuel provider participating in the program.

(8) If an assisted household is relocated from a dwelling pursuant to section 7 and subsequently another assisted household occupies the dwelling, provider utility service shall not be supplied to that dwelling unless 1 of the following occurs:

(a) A deposit is posted with the provider utility in an amount equal to the dwelling's average annual heating costs during the preceding 5 years.

(b) At the owner's expense, all home repairs and weatherization measures designated in a residential conservation services audit as being necessary to reduce consumption below the annual consumption cap are performed.

(10) A person who violates the confidentiality provisions of this section is guilty of a misdemeanor.

(11) A fatality review team, any member of a fatality review team, any individual providing information to

a fatality review team, or any other person or agency acting within the scope of this section is immune from all civil liability resulting from an act or omission arising out of and in the course of the team's, member's, individual's, person's, or agency's performance of that activity, unless the act or omission was the result of gross negligence or willful misconduct.
