The Rev. Faith Offman, Pastoral Associate from St. Roberts Bellamine Church, Redford, offered the following invocation:

“God in Heaven, I ask that You enter this arena and help those assembled here to discern through the lenses of justice the right thing to do. Help them to remember that people, not just finances, will be impacted by their decisions. This is especially important with the implementation of the welfare laws. Guide these legislators with the courage to collaborate and design a realistic plan—perhaps encouraging waivers that could provide the much needed time to affect a true partnership—which could improve the lives of our most vulnerable citizens. We ask this in Your name. Amen.”

Rep. Hammerstrom moved that Rep. Dalman be excused from today’s session.
The motion prevailed.

Second Reading of Bills

House Bill No. 4219, entitled

A bill to amend 1980 PA 299, entitled “Occupational code,” by amending sections 1201, 1204, 1205, 1206, 1207, 1208, 1209, 1210, 1211, 1214, 1217, and 1218 (MCL 339.1201, 339.1204, 339.1205, 339.1206, 339.1207, 339.1208, 339.1209, 339.1210, 339.1211, 339.1214, 339.1217, and 339.1218), sections 1204, 1205, 1207, 1208, 1209, 1211, and 1214 as amended by 1988 PA 463, and by adding sections 1203a and 1203b; and to repeal acts and parts of acts.

Was read a second time, and the question being on the adoption of the proposed substitute (H-1) previously recommended by the Committee on Regulatory Affairs,

The substitute (H-1) was adopted, a majority of the members serving voting therefor.

Rep. Varga moved that the bill be placed on the order of Third Reading of Bills.

The motion prevailed, a majority of the members voting therefor.

House Bill No. 4220, entitled

A bill to amend 1979 PA 152, entitled “State license fee act,” by amending section 25 (MCL 338.2225), as amended by 1988 PA 461.

Was read a second time, and the question being on the adoption of the proposed substitute (H-1) previously recommended by the Committee on Regulatory Affairs,

The substitute (H-1) was adopted, a majority of the members serving voting therefor.

Rep. Varga moved that the bill be placed on the order of Third Reading of Bills.

The motion prevailed, a majority of the members voting therefor.

By unanimous consent the House returned to the order of

Motions and Resolutions

Reps. Alley, Middaugh, Agee, Owen, Mans, Palamara, DeHart, Kelly, Scott, Sikkema, Goschka, Bodem and Callahan offered the following resolution:

House Resolution No. 13.

A resolution to urge the United States Environmental Protection Agency to reaffirm certain standards of ozone and particulate levels.

Whereas, The United States Environmental Protection Agency (EPA) has a responsibility to review periodically the National Ambient Air Quality Standards (NAAQS) for ozone and particulate matter (PM); and

Whereas, The EPA is considering establishing a more stringent ozone standard and a new, more stringent standard for particulate matter at or below 2.5 microns (PM_{2.5}); and

Whereas, Michigan, through its local jurisdictions, businesses, and citizens, has supported health-based National Ambient Air Quality Standards (NAAQS) that are premised on sound science; and

Whereas, Michigan has made significant progress in meeting current NAAQS for both ozone and particulate matter (PM) under the Clean Air Act amendments of 1990, although there are some areas that have not yet come into compliance with the current standard(s); and

Whereas, Michigan, through its local jurisdictions, businesses, consumers, and taxpayers, has borne considerable cost to come into compliance with the current NAAQS for ozone and particulate matter; and

Whereas, The proposed new standards will significantly expand the number of nonattainment areas for both ozone and particulate matter. This may result in additional emission controls in all areas, thus imposing significant economic, administrative, and regulatory burdens on Michigan, its citizens, businesses, and local governments; and

Whereas, EPA's own Clean Air Science Advisory Committee (CASAC) was unable to find any "bright line" that would distinguish any public health benefit among any of the proposed new standards for ozone, including the current standard; and

Whereas, There is very little existing PM_{2.5} monitoring data; and

Whereas, There are many unanswered questions and scientific uncertainties regarding the health effects of particulate matter, in particular PM_{2.5}, including:

- Divergent opinions among scientists who have investigated the issue;
- Exposure misclassification;
- Measurement errors;
- Lack of supporting toxicological data;
- Lack of a plausible toxicological mechanism;
- Lack of correlation between recorded PM levels and public health effects;
- Influence of other variables; and
- The existence of possible alternative explanations

; and

Whereas, No scientific proof exists that establishing a more stringent ozone standard or a new, more stringent PM_{2.5} standard would avoid alleged adverse health, but it would assuredly impose significantly higher costs; now, therefore, be it

Resolved by the House of Representatives, That we advise and strongly urge the EPA to reaffirm the existing NAAQS for ozone; and be it further

Resolved, That we advise and strongly urge the EPA to reaffirm the existing NAAQS for PM₁₀; and be it further

Resolved, That we advise and strongly urge the EPA to refrain from establishing a new NAAQS for PM_{2.5} at this time and to gather the necessary PM_{2.5} monitoring data and conduct all necessary research needed to address the issue of causality and other critical and important unanswered scientific questions concerning PM_{2.5}; and be it further

Resolved, That we advise and strongly urge the EPA to identify any unfunded mandates or other administrative and economic burdens for state or local governments or agencies that would result from the proposed changes to the NAAQS for ozone and particulate matter; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, the members of the Michigan congressional delegation, the administrator of the United States Environmental Protection Agency, and other appropriate administration officials.

The resolution was referred to the Committee on Conservation, Environment and Recreation.

Reps. Alley, Middaugh, Agee, Owen, Palamara, DeHart, Kelly, Scott, Mans, Sikkema, Goschka, Bodem and Callahan offered the following concurrent resolution:

House Concurrent Resolution No. 11.
